Buckbee's Wonder Trio

Three Wonderful New Vegetables
Which Should Be In Every Garden

See Catalog For Further Description

PEAS—Buckbee's New Progress—Dwarf, early, large and delicious; the finest pea ever grown. Pkt. 15c postpaid.

PEPPER—Buckbee's World Beater—The Newest pepper, beautiful scarlet, large and mild flavored. Pkt. 15c postpaid.

SWEET CORN—Buckbee's Golden Sunshine—A 12 rowed Golden Bantam and ten days earlier. Pkt. 15c postpaid.

SPECIAL OFFER—Send 35 cents and receive 1 packet each of the three wonderful vegetables, postpaid.

D. N. Shoemaker

BUCKBEE'S Peerless Dozen

*The Most Delicious Vegetables and
The Most Neglected*

These most appetizing and nutritious vegetables the most up-to-date Buckbee's varieties are too often left out of our gardens. They are all easily grown and furnish a variety for the table which will be welcomed by all.

BRUSSELS SPROUTS—A favorite in the South, but can be grown anywhere. They are really miniature cabbages on each leaf joint.

CELERIAC—A turnip rooted celery, the bulb being used instead of the stalk. Excellent for soups, stews and salads.

CHINESE CELERY CABBAGE—A wonderful combination vegetable. Tender as lettuce—delicate as celery—hardy as cabbage.

KALE OR BORECOLE—Hardier than cabbage, and make excellent greens for winter. Leaves curly and tender.

KOHL RABI—A combination of turnip and cabbage. The edible part is the turnip shaped bulb.

LEEK—Belongs to the Onion family. Fine for early spring use and keeps well.

MARTYNIA—Ornamental in growth and bears hairy seed pods which are used for pickling.

NEW ZEALAND SPINACH—Differs from other Spinach, being of branching habit. Available during the hottest months.

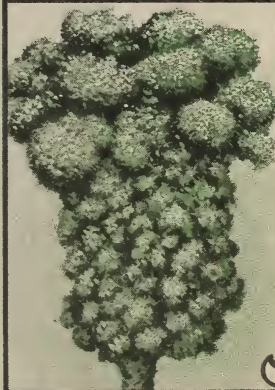

OKRA—Pods are used for soups, etc., when still green and one or two inches long.

SALSIFY—Known as Oyster Plant. Surpasses both Parsnips and Carrots for the table.

SUGAR PODDED PEAS—A novel variety in which the pod as well as the peas are eaten.

SWISS CHARD—The summer spinach, a good hot weather plant requiring very little care or attention.

One full sized packet each of the above 12
delicious vegetables for only 90c, postpaid

DO NOT order Plants and Bulbs on this Page. Use other order sheet.

NAMES	POST OFFICE	STATE

\$1.49 **Gets This Complete Collection** **Delivered FREE**
at Your Door
Comprising 56 Sterling Varieties of Vegetable and Flower Seeds
and Bulbs, including 6 1/4-lb. packages of Beans, Peas, etc.

MRS. ALVIN RHOADS
Moody, Texas.

Please order nothing but Plants and Bulbs on this sheet.

Order Sheet for Plants and Bulbs

We always recommend having plants sent by express, at purchaser's expense, when there is an express office near, as we can usually send somewhat larger plants, and do not have to wash the soil off the roots (as in the case when sent by mail). We always try to add enough extra plants of our own selection to help pay the charges. Kindly write your list of plants all together on this page (not mixed up with the seeds) so as to prevent any mistake upon the part of our clerks in copying the order. We do not ship plants to Canada, Mexico and Foreign Countries. Be sure to read paragraph marked "Plant Shipments" on Page 1 of Catalog.

[illegible]

A VALUABLE NEW BOOK HOW TO GROW
of Practical Information **SEEDS and FLOWERS**

A complete guide for the house and garden. An up-to-date text book of concise and reliable instructions for the Amateur Gardener. Useful tables. How to make cold frames, hot beds, etc. **PRICE 50c Postpaid** or we will send you a copy **FREE** with an order amounting to \$1.50 or upwards if requested on this order.

United States Food Administration License Number G-43107

DIRECT FROM THE GROWER TO THE PLANTER

They are Tested, Reliable Seeds for all Soils and all Climates

They Have Satisfied Every Buyer for 57 Years

TERMS CASH WITH ORDER

USE ORDER BLANK AND ENVELOPE WHICH YOU WILL FIND INCLOSED WITH THIS CATALOGUE IN MAKING OUT YOUR ORDER

Customers from Canada and Foreign Countries

Must Remit at Postpaid Price as All Shipments Must Go Prepaid. In Addition Canadian and Foreign Customers Must Send Twenty-Five Cents Additional for Postage and Packing on Each Dollar's Worth of Seeds Ordered. We Do Not Ship Plants and Bulbs to Canada and Foreign Countries.

REMEMBER—We cannot accept Canadian and Foreign Postage Stamps

We Do Not Employ Agents to Sell Our Seeds or Plants

Plant Shipments We always recommend having plants shipped by express when there is an express office near. We guarantee the safe arrival of all plants and roots by Express or Parcels Post to all points in the United States. When plants or roots arrive in good condition our responsibility ceases and we cannot consider plant complaints unless made immediately upon receipt of your order. We do not ship plants and bulbs to Canada, Mexico or foreign countries owing to Custom House delays.

READ THESE FEW WORDS ABOUT RELIABLE SEEDS

From good seeds only can good crops be grown

Yet a great many contingencies may arise to prevent the best seeds from giving satisfaction, and for all these reasons we cannot, of course, guarantee or be responsible for a crop, as success is dependent upon natural causes, which are beyond human control. Therefore, we do not warrant in any way, express or implied, the contents, or the description, quality, productiveness, or any other matter of any seeds, bulbs, or plants sold by us, and we will not be in any way responsible for the crop. If the purchaser does not accept these goods on above terms, no sale is made thereof, and he must return them at once, and money will be refunded. Subject to above conditions we make this sale, at the moderate prices at which we sell our goods.

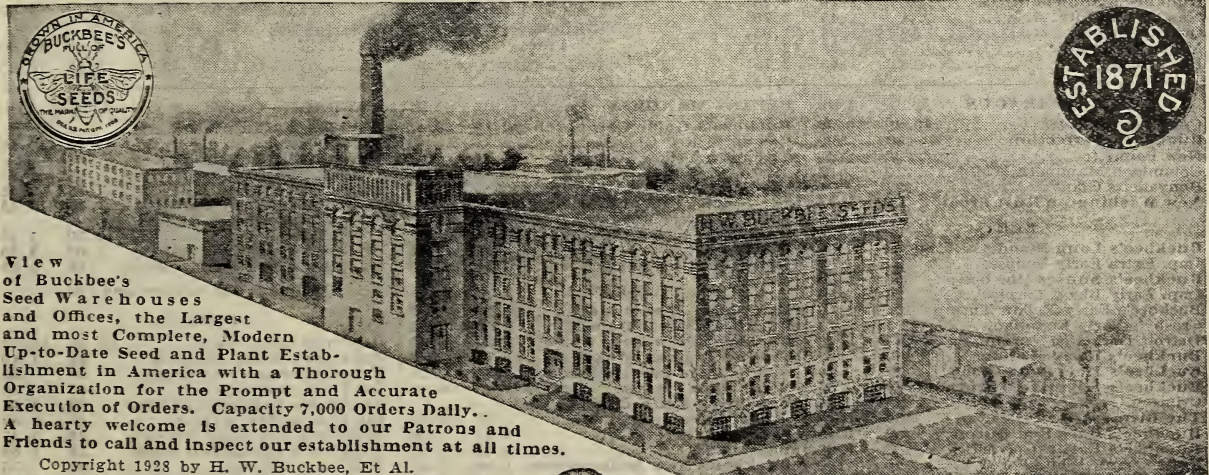

FAIR PLAY GUARANTEE

First—We guarantee that all seeds sold shall reach customers in good condition.

Second—We guarantee to hold ourselves responsible for the safe arrival of all remittances sent us by P. O. Order, Bank Draft, Express Order, or Registered Letter.

Third—We guarantee to deliver free of charge in the United States all garden and flower seeds listed in this catalogue, except those quoted at wholesale prices on pages 2 and 3, and Field Seeds, Grass Seeds, Potatoes and such other items that are plainly marked to be shipped by Express or Freight at purchaser's expense.

Fourth—We guarantee Buckbee's "Full of Life" Seeds to be just as represented—if they prove otherwise, notify us immediately upon receipt of seeds, sending us the numbered shipping tag which was on the shipment and we will refill the order free of charge, or refund the money paid us for same

View of Buckbee's Seed Warehouses and Offices, the Largest and most Complete, Modern Up-to-Date Seed and Plant Establishment in America with a Thorough Organization for the Prompt and Accurate Execution of Orders. Capacity 7,000 Orders Daily. A hearty welcome is extended to our Patrons and Friends to call and inspect our establishment at all times.

ROCKFORD SEED FARMS, H. W. BUCKBEE, ROCKFORD, ILLINOIS, FOREST CITY GREENHOUSES

THIS CATALOGUE CANCELS ALL FORMER PRICES

SPECIAL WHOLESALE BULK PRICE LIST OF BUCKBEE'S "FULL OF LIFE" SEEDS

NOTICE—All Seeds listed on Pages 2 and 3 of this Catalogue are shipped by Express or Freight at purchaser's expense. No extra charge is made for packing, boxes or bags.

SEEDS BY PARCEL POST—If any items are wanted BY PARCEL POST add additional for postage and packing at the rate of 10 CENTS PER POUND to Wholesale Prices quoted on Pages 2 and 3 of this Catalogue.

IMPORTANT NOTICE—Reliable "Full of Life" seeds of most all varieties were very short crop the past season, and we reserve the right to decline orders for scarce items unless included along with a good general order for Vegetable Seeds, as it is our purpose to protect, as usual, our thousands of customers who annually look to us for a general supply of Buckbee's "Full of Life" seeds.

KEN-L-RATION

Manufactured in Our Own City and Shipped to Every Country in the World. Rin-Tin-Tin, the World Famous Movie Dog, Is Fed on Ken-L-Ration Products, the Dog Foods Supreme.

For many years dog owners have been talking about a "balanced meat food" for dogs—a food which would supply every nutritive element requisite for the best health, growth and development of the dog from puppyhood to maturity. The ideal food must be appetizing, convenient to feed, not too bulky, and it must be sold at a price which makes it possible to use throughout the entire country. With the aid of a force of chemists and bacteriologists, together with the co-operation of one of the great Veterinary Colleges, this Ideal Dog Food has been perfected. Eighty per cent of all dog ailments are attributable to improper feeding. Meat must form the basis of any satisfactory food for dogs and other carnivora. There is no substitute for meat as an essential food for dogs.

KEN-L-RATION is a complete food requiring no preparation whatever. It is a balanced food. You cannot improve it by adding thereto. Open a can and serve on clean paper or dish. It is rich in meat, cereal, ground bone and cod liver oil. It is not a fattening food but will keep your dog in perfect health and condition if fed regularly.

Keep a supply on hand. Purchased by the case, you have an unequalled balanced ration on hand at all times at an exceptionally low price.

Original cases Ken-L-Ration (48 1-lb cans) for \$6.48 shipped by express or freight at buyer's expense.

Sample 1-lb. cans Ken-L-Ration 15 cents by express or 22 cents postpaid.

When to Feed

An acknowledged authority on dogs says "Feed your dog always at the same time and in one particular place and dish. If this is done, he is not so much inclined to eat in other places, and to beg food in the kitchen. He knows the world of eating for him is limited to his one dish. Give them plenty of water, although it is better after meals than before. Keep the water fresh and clean at all times."

Buckbee's Incomparable Plant Food

Odorless, Soluble, Harmless, Efficient, Easy to Apply. Comes in Tins with Removable Tops for Convenient Use.

All plants need a tonic occasionally to keep them in best condition. There are many plant foods on the market but most of them have so strong an odor as to make them very objectionable. In our new Incomparable Plant Food this fault has been entirely overcome without sacrificing its efficiency in the least. Ammonia, Potash, Bone, Blood and Nitrate are all carefully blended in just the right proportions. Absolutely harmless to plant or to animals, is clean and effective. Sprinkle on the soil in the pot just enough at a time to color the surface. When you water the plant the tonic will be gradually carried to the roots.

Try it. It is just what you have been looking for.

Large can 40 cents, postpaid.

The New Rockford Two in One Bird and Fish Food

Most everyone has a few Gold Fish or a Canary in the home and need a well-balanced, palatable, clean and economical food. This new Two in One food is made right here in Rockford and is highly recommended and largely used by many of the largest growers of Birds and Fish. Try a box and you will never again be without it.

Sample box 20 cents, postpaid.

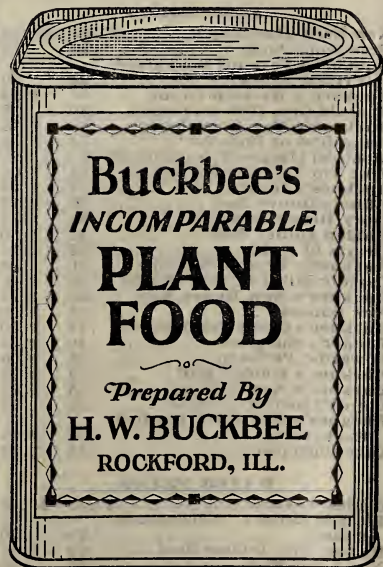

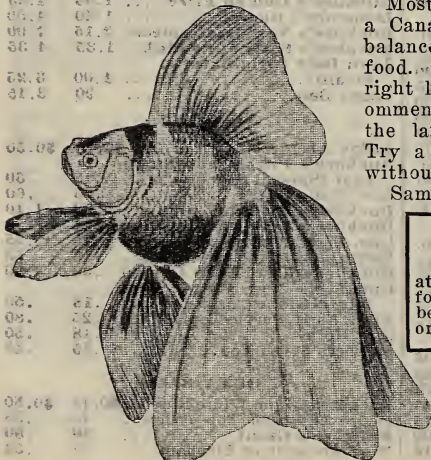

When to Feed

Give the fish all they will clean up at a time, but no more. An excess of food will soon sour in the water and be apt to cause sickness. Feed two or three times a week.

All who own Gold Fish should keep them outside in a Water Lily Pool during the summer. See Page 165 of this book for a Selected Assortment of the World's Best Water Lilies.

Ken-L-Ration.

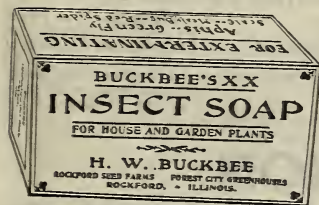

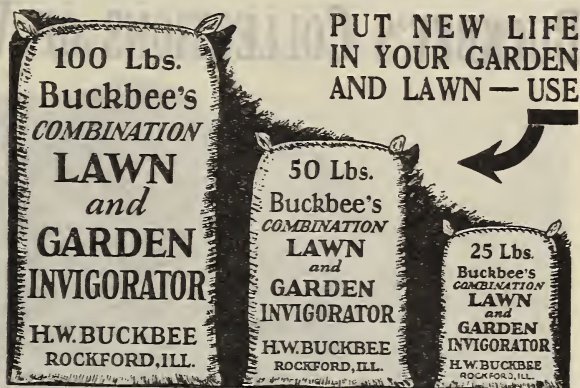

Buckbee's Combination Lawn and Garden Invigorator

The Wonder Fertilizer—The Marvelous Lawn Tonic—The Unequalled Garden Medicine.

Made in Rockford—This Is Not an Experiment But Has Been Used for Years with Excellent Results.

Extensive experiments have convinced us that this unequalled Fertilizer or Garden Invigorator is the most wonderful product of its kind ever offered. This last season we have given it final and exhaustive tests, which have proven beyond a doubt that it should be used in every State in the Union. No matter for what purpose, or under what conditions it was used, the results were always the same—simply marvelous.

A Petunia Bed, with our combination Invigorator sprinkled lightly on the soil, showed an increase in size of the flower, and more brilliant colorings. Vegetables planted in poor soil in July when others were well started towards bearing, not only made heavier yields, but matured almost as soon as the earlier planted garden. Lawns with an application of 25 pounds to 1000 square feet grew heavier seed of a richer color, and were still as green on December 1st as in the Summer time. Keep a bag on hand always. You will need it almost the year around. For sale only by H. W. BUCKBEE so send to us for BUCKBEE'S COMBINATION LAWN AND GARDEN INVIGORATOR. Packed in 3 size bags to meet all requirements. Shipped by Express or Freight at buyer's expense. 25 lbs. \$1.65; 50 lbs. \$2.60; 100 lbs. \$4.25.

Buckbee's XX Insect and Plant Soap

A Pure, Clean, Harmless, Odorless Soap for Washing House Plants and Palms.

Although a plant may appear perfectly healthy and clean, it is surprising what a difference it will make when washed with Buckbee's XX Plant Soap. A small piece dissolved in lukewarm water and stirred well until it suds, then applied to the plant either as a spray or washed well with a soft sponge, is all that is necessary.

Price per cake, sufficient for 2 gallons prepared solution, 25 cents, postpaid.

Buckbee's Dead Shot— The Magic Bug Destroyer

Insures Your Crops from Striped Bugs, Cabbage Worms, Etc.

Bugs Are the Farmers' Greatest Menace. Use Buckbee's Dead Shot This Year and Be Protected.

The World's Greatest Remedy. Take No Substitute. The Remedy That Will Save Planters Millions of Dollars Every Year.

To destroy Striped Bugs and Cabbage Worms and Pests on all varieties of plants, Currant Worms, Rose Bugs, and all Lice, Worms, Fleas, Beetles, Bugs and Caterpillars upon Tobacco, Cauliflower and Cabbage Plants, Melon, Cucumber, Squash and Tomato Vines, Currant, Fruit and Ornamental Trees, Shrubs, Grape Vines and Flowering Plants.

GENERAL DIRECTIONS: Sift a small quantity of "DEAD SHOT" Powder upon the leaves of Plants and the effect is instantaneous. The bugs disappear as if by magic! It also acts as a tonic to all plant life. It is perfectly safe for man or beast. Postpaid, lb. 25c. By express or freight, not prepaid, 5 lb. 70c; 10 lbs. \$1.35; 25 lbs. \$3.25; 50 lbs. \$5.75; 100 lbs. \$10.75.

Hammond's Slug Shot

This Insecticide Is Known and Used the World Over. Very Effective. Easy to Handle and Non-Poisonous.

Guaranteed to destroy Potato Bugs and those on Tomatoes and Egg Plants, Currant Worms, Cabbage Lice and Worms, Fleas, Beetles and Striped Bugs on Melons, Turnips, Onions, etc. Also preventative of the Rose Bug and Cut Worm. Use in the morning while the dew is on. Postpaid, lb. 25c. By express or freight, not prepaid, 5 lbs. 60c; 10 lbs. \$1.15; 25 lbs. \$2.75; 50 lbs. \$5.25; 100 lbs. \$9.95.

THE ORIGINAL SOIL INOCULATOR

Alfalfa, clover, soy beans, vetches, peas, beans, cow peas, peanuts and other legumes should always be inoculated with Nitragin. The lack of necessary bacteria in the soils often the cause of poor legume crop—a weak start—or a total failure.

The reasons for inoculation are that plants so treated take nitragin from the air to supply the plant, hastens the growth, increases the crop, improves its quality and enriches the soil.

PRICES FOR FIELD NITRAGIN

1/4 bu. size inoculates 15 lbs. seed. By express 40c; by mail 45c.

EVERY GARDEN NEEDS NITRAGIN

Garden size is for Peas, Sweet Peas, and Beans only, including Lima (3 in 1). Price, by express 20c; by mail 22c.

WM. H. WADE, Oak Park, Ill.

Buckbee's World's Fair Lawn Grass.

Buckbee's Famous "Full of Life" Lawn Grass Seed

Produces a perfect and enduring lawn of luxuriant richness, with closely interwoven, firm, deep and elastic turf, is generally ready for mowing in six weeks from time of sowing and is composed of a thoroughly balanced combination of native and foreign fine-leaved, deep-rooting grasses of interweaving habit, that flourish under varied conditions, soils and climates, growing during different seasons of the year, so that a deep green, smooth and velvety sward free from clumps is maintained from snow to snow without burning brown in the hot months of summer. A lawn may be established either by "sodding" or "seeding." The latter is not only much less expensive but much more satisfactory, as better grasses can thus be obtained, and the quality and variety of the grasses have a great deal to do with appearance and the permanency of the lawn.

Buckbee's World's Fair Lawn Grass Seed

THE VERY BEST LAWN SEED EVER OFFERED
HAVE A GOOD LAWN THIS YEAR. NOTHING IMPROVES
A HOME AS MUCH AS A WELL KEPT YARD

This famous Prize-Winning Lawn Grass is made up of a most evenly balanced combination of native and foreign fine-leaved, deep-rooting grasses that interweave and flourish in different soils and climates, each showing its best strength at seasons different from the others, and thus keeping the lawn vigorous and green from winter's end to winter's next advent. It is unrivaled for purity and luxuriance in growth and will give complete satisfaction wherever sown. With ordinary care, anyone can, by using this mixture, secure a beautiful lawn. Complete and explicit directions on "How to Make a Lawn" accompany every package of this seed. The quantity table on this page shows the amount of seed to plant in a given area.

Price, postpaid, ½ lb. 30c; 1 lb. 50c; 3 lbs. \$1.35. Large quantities by express or freight, not prepaid, 5 lbs. \$2.25; 10 lbs. \$4.40; 15 lbs. \$6.45; 25 lbs. \$10.50.

Buckbee's Shady Place Lawn Grass.

Buckbee's Rockford Parks Lawn Grass Seed

Quick Growing—Always Green—Hardy, and Makes a Permanent High Grade Lawn.

The most beautiful feature of the home grounds is the lawn. Nothing else can give that finished appearance, so you should be careful to secure a mixture that will make a permanent lawn. The Rockford Parks is a choice combination of dwarf fine-leaved grasses—varieties that never fail to produce the finest results. Our seed is pure and clean, free from weeds and coarse grasses and grows rapidly at all times. Price, postpaid, ½ lb. 25c; 1 lb. 45c; 3 lbs. \$1.30. By express or freight, not prepaid, 5 lbs. \$2.00; 10 lbs. \$3.95; 25 lbs. \$9.65.

Velvet Green Lawn Grass Seed

A SPLENDID STANDARD MIXTURE

This special mixture does not include so great a number of expensive grasses as our "World's Fair Mixture," but full provision is made for a succession of growth and a careful blending in proper proportion and thoroughly mixed for quickly producing a permanent, thick and velvety sward of uniform growth and rich green grass free from coarseness.

Price, postpaid, ½ lb. 20c; 1 lb. 35c; 3 lbs. 90c. By express or freight, not prepaid, 5 lbs. \$1.40; 10 lbs. \$2.70; 25 lbs. \$6.50.

White Clover for Lawns

A low growing clover, spreads rapidly and is very hardy; round, white, fragrant heads, which make excellent pasturage for bees. It grows on most any kind of soil, but succeeds best on moist ones.

Price, postpaid, 1 lb. 60c; 3 lbs. \$1.65.

Shady Place Lawn Grass Seed

THE VERY BEST OBTAINABLE—CAREFULLY BLENDED—
YOU CAN HAVE A BEAUTIFUL LAWN WITH VERY
LITTLE WORK, BY USING OUR WELL
BALANCED MIXTURE

On nearly all lawns there are unsightly bare spots under the shade of trees, which have baffled all efforts to get into grass, but with this mixture there need be no further difficulty. It is a combination of fine dwarf-growing, evergreen varieties which in their wild or natural state are to be found growing in the woods or other sheltered and shaded spots. Ground that has been densely shaded by trees is frequently "sour" and if the drainage is defective it is apt to be covered with moss and coarse bog grasses. In such cases an application of slake lime, at the rate of one bushel to each thousand square feet, or 40 bushels to the acre, is an excellent corrective and sweetener, but the moss should be first removed.

Price, postpaid, ½ lb. 35c; 1 lb. 55c; 3 lbs. \$1.45. By express or freight, not prepaid, 5 lbs. \$2.75; 10 lbs. \$5.40; 15 lbs. \$7.95; 25 lbs. \$13.00.

BUCKBEE'S "FULL OF LIFE" VEGETABLE SEEDS.

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

ASPARAGUS

Every home and kitchen garden should have a bed of Asparagus, one of the most profitable garden crops.

BUCKBEE'S PERFECTION—This is unquestionably the most popular variety and one of the most satisfactory introductions of recent years. At three years old this variety has yielded at the rate of \$500.00 per acre. In short, it has all the qualities demanded for the market and will prove itself to everyone who grows it to be true to its name, Perfection. It is deliciously tender, extra large, early, uniform, prolific, crisp and white. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 65c; lb. \$1.00.

BONVALLET'S GIANT—This grand variety usually produces a crop a year in advance of other sorts. Moreover, the cutting period is longer than other sorts, as stalk crowns do not divide until quite tall. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 55c; lb. 90c.

COLUMBIAN MAMMOTH WHITE—Furnishes white shoots which stay white as long as fit for use without earthing up. Pkt. 6c; oz. 12c; 2 oz. 18c; ¼ lb. 28c; ½ lb. 45c; lb. 80c.

CONOVER'S COLOSSAL—A standard variety of large size and delicious quality. Pkt. 5c; oz. 8c; 2 oz. 12c; ¼ lb. 20c; ½ lb. 35c; lb. 65c.

NEW PALMETTO—Extensively grown by Southern gardeners for Northern markets, where it sells at very high prices owing to its mammoth size and regularity. Equally well adapted to the North. Pkt. 6c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 40c; lb. 70c.

NEW WASHINGTON RUST PROOF—The New Giant Rust-proof Variety. Plants grow rapidly and produce uniformly long shoots of superior table qualities. An asparagus bed is a permanent investment, therefore plant the best obtainable. Pkt. 10c; oz. 20c; 2 oz. 35c; ¼ lb. 60c; ½ lb. \$1.10; lb. \$2.00.

Washington Rust Proof Asparagus.

Buckbee's "Full of Life" Asparagus Roots.

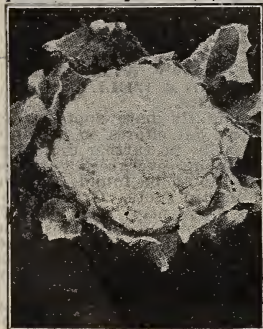

ASPARAGUS ROOTS

Two Year Old Roots	Postpaid		Not Prepaid	
	Per Doz.	Per 100	Per 100	Per 1000
Washington Rust Proof.....	\$0.50	\$2.25	\$1.95	\$17.50
Buckbee's Perfection.....	.40	1.95	1.60	12.50
Bonvallet's Giant.....	.35	1.90	1.50	11.75
Columbian Mammoth White.....	.35	1.75	1.35	11.00
New Palmetto.....	.30	1.75	1.40	10.50
Conover's Colossal.....	.30	1.50	1.25	9.85

For success and immediate results we recommend planting the 3 and 4 year old roots.

Owing to the many and numerous requests of our customers for the largest sized roots we have especially grown a fair supply of selected 3 and 4 year roots to meet this demand. Our price, as long as the supply lasts, on any of the varieties listed above except Washington Rust Proof only 65c per doz.; \$3.50 per 100, postpaid. By express or freight, at buyer's expense, \$2.50 per 100; \$18.50 per 1000.

We also have a limited quantity of extra large 4-year-old roots of Washington Rust Proof at 90c per doz.; \$4.95 per 100, postpaid. By express or freight at buyer's expense: \$3.85 per 100; \$27.50 per 1000.

Broccoli.

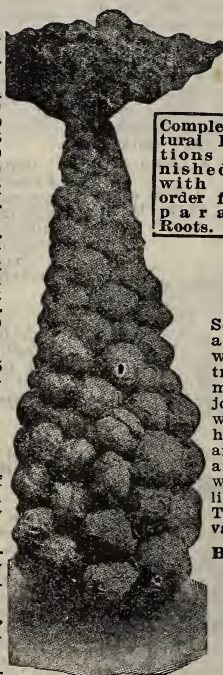

BROCCOLI

or Winter Cauliflower.

Similar to Cauliflower; of great value in the Northern States as they are very hardy.

EARLY PURPLE CAPE—This is the best variety for our climate. It produces large heads of a purple-brownish color, very close and compact. Pkt. 10c; oz. 65c.

NEW WHITE CAPE—Medium sized heads, close and compact, of creamy-white color. A sure header. Pkt. 10c; oz. 55c.

Brussels Sprouts Buckbee's Matchless

Complete Cultural Directions furnished free with every order for Asparagus Roots.

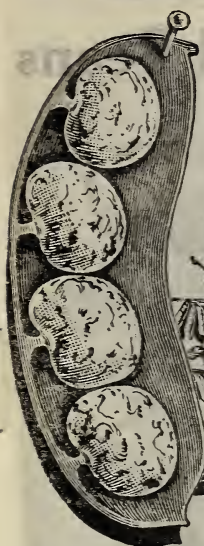

BRUSSELS SPROUTS

Brussels Sprouts are very largely grown in the South, as high as 250,000 barrels being shipped in a single season from Norfolk, Va. They are well worthy of extensive culture anywhere in this country. The plants resemble Cabbage in growth, but make small, compact, round heads at each leaf joint on the stalk. These heads are cut off when well formed and marketed in Strawberry Boxes holding one quart. The plants are quite hardy, are not injured by improved by hard frosts and are left in the garden or field during winter until wanted. These miniature Cabbages may be boiled like cabbages or cooked in cream like Cauliflower. They are the most delicious and delicately flavored variety of the Cabbage family.

BUCKBEE'S MATCHLESS—The finest strain of sprouts. The plants are of strong, vigorous growth, closely jointed and are covered the entire height with very large solid, tightly folded sprouts of exquisite quality. Buckbee's Matchless is an early variety; frost will find the sprouts fully developed and the stems thickly set. Pkt. 10c; oz. 28c; 2 oz. 50c; ¼ lb. 90c.

IMPROVED PARIS MARKET—On this variety the heads grow very closely arranged on a stalk 20 in. to 2 ft. in height. Quality is very fine. Pkt. 7c; oz. 20c; 2 oz. 35c; ¼ lb. 65c.

New Jackson Wonder Bush Lima

Buckbee's "Full of Life"
Seeds Are Bred for Disease
Resistant Qualities

BUCKBEE'S IMPROVED BUSH LIMA

Superior Quality, Exquisite Flavor, Fine Color,
Good Shipper, Hardy Grower, Enormously
Productive, Matures Early, Excellent
Keeper.

This is the very "newest" in the Bush Lima Bean. It greatly excels all other Bush Limas in productiveness, being practically loaded down with pods continuously from early Summer till frost. It matures extremely early. Is suitable, therefore, for all sections North and South, and is a continuous bearer until frost. In size the Beans are what might be termed intermediate, not so large as the Burpee Bush Lima, but considerably larger than the Henderson's Bush Lima, making it, in our estimation, the finest size for all purposes. The bush is sturdy in habit and about 24 inches high, having good large leaves. It bears its fruit on long spikes in heavy clusters well out from the plant. There are several pods in each cluster, as many as ten having been counted. Each pod contains on an average of four Beans, though there are more containing five than three, so you see that it is a great improvement over the old-fashioned Bush Limas which oftentimes have only one or two in a pod. Considering the large number of pods on a bush, the yield is amazingly enormous. In quality the Bean is par excellence, flavor unsurpassed, and color the very best, both before and after cooking. Valuable also as a shell bean for winter use.

It has become very popular and our sales of it are enormous, far exceeding those of any other Bush Lima variety. Send to BUCKBEE for originator's stock seed. Postpaid, pkt. 10c; ½ lb. 30c; lb. 50c.

NEW JACKSON WONDER BUSH LIMA

Medium Size, Beautifully Colored Speckled Beans.

This is the most productive and very earliest of the Bush Limas. It is of true bush form, about 2 feet high, bearing in greatest profusion, broad, flat pods, each having from three to five medium-sized, handsomely speckled Beans, which cook quickly and are of superior quality. Good for Summer use, and as Winter shell Bean. A splendid Bean for the home garden. Postpaid, pkt. 10c; ½ lb. 25c; lb. 42c.

BURPEE'S IMPROVED BUSH LIMA

The Earliest Large Seeded Bush Lima. One of the Best for Market as Well as the Home Garden.

This is the earliest of the large seeded Bush Lima Beans. The first pickings fit for the table may often be taken in July and from that time until frost a continuous supply may be gathered. It is fully 8 days earlier than the old Burpee's Bush Lima and produces larger pods and more and larger Beans in the pod than this variety; the seed is also considerably thicker. The plants grow upright about 30 inches in height and often measure 24 inches across the top. They are very productive, producing immense crops of showy pods which are from 5 to 6 inches in length. The Beans are of enormous size and of most luscious flavor. Postpaid, pkt. 10c; ½ lb. 25c; lb. 45c.

FORDHOOK BUSH LIMA

Exceptionally Fine Quality. The Leading Bush Lima in the East.

An improved Dreer's Bush Lima. The plant is vigorous and erect growing, bearing the pods well above the ground. The pods, which are produced in large clusters, are medium green, about 4 ¼ inches long, and each contains three to five large Beans of exceptionally fine quality. Both pods and Beans are twice the size of Dreer's Bush Lima; in season it is two weeks earlier. Seed large, irregularly oval in shape, very thick, white with greenish tinge. We consider this a decided acquisition to the Dwarf Limas and one of the very best. Postpaid, pkt. 10c; ½ lb. 28c; lb. 47c.

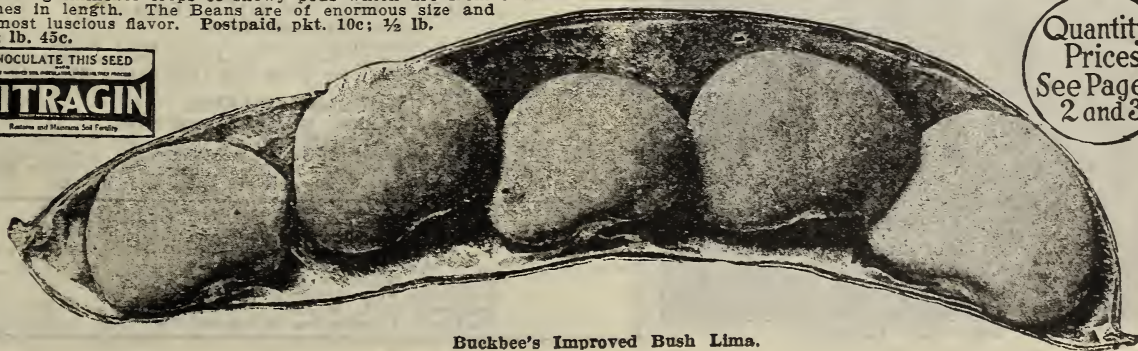

BURPEE'S BUSH LIMA

Erect, stout bushes, 18 inches high, and with a diameter of 2 to 3 feet. Very productive. Large pods filled with large beans of luscious quality. Postpaid, pkt. 10c; ½ lb. 22c; lb. 40c.

HENDERSON'S BUSH LIMA

Compact bushes one foot high. Valuable on account of its earliness and productiveness. Pods are medium dark green, about 2 ¾ inches long and contain from 2 to 4 Beans, which are of excellent flavor, either green, shelled or dry. Quality is always delicious. Pkt. 8c; ½ lb. 20c; lb. 35c.

Green Podded Beans

Are Bred for Disease Resistant Qualities

Buckbee's Improved Extra Early Valentine.

BUCKBEE'S IMPROVED EXTRA EARLY VALENTINE

Standard Round Pod Snap Bean.

Buckbee's Improved Valentine is the earliest, hardiest and finest strain of this popular variety in the country; it is a heavy cropper; true round podded; the pods are very uniform in size and of excellent quality. This strain produces edible pods in less than five weeks from sowing. For snaps there is nothing superior to this variety among the green podded sorts. Vines erect, with coarse dark green leaves and large white blossoms. Pods medium length, curved, cylindrical, with crease in back; very fleshy, crisp and tender. Beans medium size, long, irregular, pink marbled with red. Largely grown by market gardeners for an early crop. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 22c; lb. 40c.

BUCKBEE'S EXTRA EARLY BOUNTIFUL

Stringless, Tender, Continuous Bearer.

One of the very earliest and largest podded green bush Beans. Pods handsome, long and straight, of very fine quality. The plants are quite large, grow erect, commence to bear very early and continue for a long time. They are very productive. The pods are from 7 to 7 $\frac{1}{2}$ inches long, are flat, of light green color, solid, meaty, brittle, tender, stringless at all stages of growth, and of delicious flavor. They are also of very uniform size and shape. The dried seeds resemble those of the Yellow Six Weeks, but Bountiful is much superior in quality, entirely stringless; also earlier and more productive. A splendid variety for the home garden. Pkt. 10c; $\frac{1}{2}$ lb. 22c; lb. 40c.

NEW EXTRA EARLY REFUGEE

Splendid Pods of Excellent Quality.

A very early green-podded Bean, furnishing fleshy pods of fine quality. About two weeks earlier than the Late Refugee, with pods of same size and shape, except slightly flatter. Postpaid, pkt. 8c; $\frac{1}{2}$ lb. 20c; lb. 35c.

NEW DWARF CRANBERRY OR WREN'S EGG

Excellent for Soup or Baking.

Vines compact, upright and very productive. Pods medium length, cylindrical and curved, with splashes of bright red on a yellowish ground. The ripe Beans are large, plump, oval and nearly covered with splashes of bright red. Equal to Lima Beans in quality. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 22c; lb. 40c.

EARLY YELLOW SIX WEEKS

Standard Reliable Variety.

Vines large, vigorous, branching, productive, with large leaves and lilac blossoms; pods long, straight, narrow, handsome; Beans long kidney-shaped, color yellowish-drab. Very hardy and extra early. Postpaid, pkt. 8c; $\frac{1}{2}$ lb. 19c; lb. 32c.

THOUSAND TO ONE

Splendid Quality. Extremely Productive.

Highly esteemed for late planting and for canning and pickling. Pods long, cylindrical, green becoming white, streaked with purple as they mature; of good quality as snaps. Seed long, light drab, thickly dotted and splashed with purple. Postpaid, pkt. 8c; $\frac{1}{2}$ lb. 21c; lb. 38c.

BUCKBEE'S ALL SEASON BEAN COLLECTION

Four $\frac{1}{2}$ -lb. Packages for 92 cents, Postpaid.

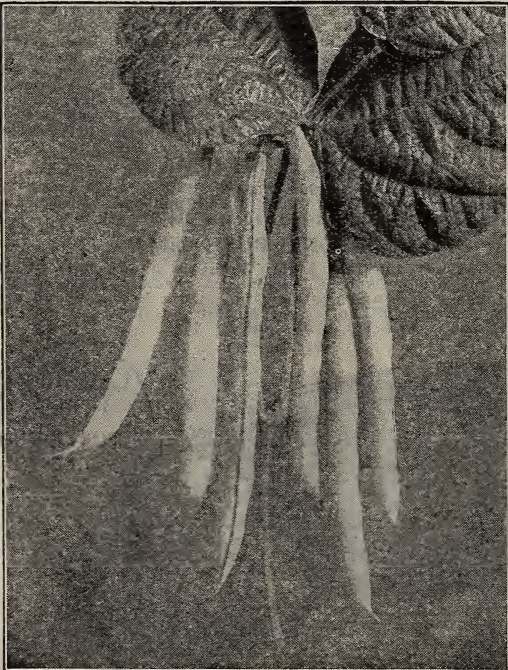

Plant every two weeks from June 1st to August 1st and supply your table with Beans of the best quality until frosts.

Buckbee's Improved Bush Lima

Buckbee's New Monarch Wax

Buckbee's Early Wonder Green Pod Bush

Buckbee's Everbearing Stringless Pole

Extra Early Bountiful.

I just want to tell you how fine my Early Wonder Beans are. I planted them the 4th of April and had Beans to sell June 4th. I had Beans continuously until frost.

MRS. FANNIE ELROD, Cleveland, Tenn.

BEST DWARF GREEN PODDED BEANS

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

BUCKBEE'S EARLY WONDER

The Earliest Bean, an Ideal Snap Bean.

The plants are quite large, grow erect and carry their crop well above the foliage. The pods average about 5 inches in length, usually containing about six seeds, and are round, broad, of a dark green color, solidly meaty, extremely brittle and entirely stringless. They are almost free from disease. Flavor is most delicious. It has the peculiarity of preserving its delicate color almost intact when prepared for the table. Its bearing qualities are unexcelled and it matures its crop very regularly, even under adverse conditions. Buckbee's Early Wonder is one of the most popular Beans grown, on account of its extreme earliness, hardness, great productiveness, freedom from stringiness, and splendid quality. Postpaid, pkt. 10c; ½ lb. 25c; lb. 45c.

BLACK VALENTINE

Matures Early, Very Hardy.

Productive green-podded sort with strong, vigorous vines. The pods are handsome, nearly round, one-third longer and straighter than the Red Valentine; the plant is a little more spreading and in season a little later. The pods are of dark green color. Postpaid, pkt. 8c; ½ lb. 20c; lb. 35c.

NEW LONGFELLOW OR FRENCH STRINGLESS

Long Round Pod; Dark Green Color; Stringless and of Fine Flavor.

The pods are very attractive, long, straight and round. They are very fleshy, of dark green color, measuring from 7 to 8 inches in length, and usually contain about six seeds. The quality is of the finest, wonderfully tender, brittle, and there are no strings except when pods are quite old. A very early variety and exceedingly prolific. Postpaid, pkt. 8c; ½ lb. 21c; lb. 38c.

BUCKBEE'S FULL MEASURE

A Wonderful Yields, Bearing for a Long Season.

In great demand in the eastern states. Fine stringless medium green pod of high quality. The pods are straight, 6 inches long, very fleshy, almost round, crease-backed, and are tender. It is a prolific sort, the heavy pods producing throughout a long season. Postpaid, pkt. 10c; ½ lb. 22c; lb. 40c.

NEW STRINGLESS GREEN POD

Absolutely Stringless; Beans Very Attractive; Long, Round and Straight.

Early and very prolific; long, round, straight, thick, meaty pods, entirely free from strings or fibre, of rich, deep green color. Their great attractiveness, productiveness and excellent quality is giving them a growing popularity. In the garden where green pod beans are desired this sort is quite indispensable. Plant every two weeks for succession until September. Postpaid, pkt. 10c; ½ lb. 24c; lb. 44c.

TENNESSEE GREEN POD

An Early Intermediate Snap Bean.

This is a very popular Bean wherever known. The plants are large, somewhat spreading and prolific. The pods are very long, often 6 to 7 inches, flat, irregular in shape, bright but rather dark green and of exceptionally fine flavor. Postpaid, pkt. 10c; ½ lb. 20c; lb. 38c.

New Stringless Green Pod.

Buckbee's New Wonder Wax.

Buckbee's New Wonder Wax

Extra Early—Rust Proof—Heavy Yields.

This variety is a flat podded sort. Plant is a strong, sturdy grower, 18 inches high and 2 feet across. Well loaded with pods 5 to 7 inches long, slim, flat, plump and handsome. Quality tender, brittle and of fine texture of a clean waxy-yellow color. Very early, coming into edible condition much sooner than any other wax podded sort. Rust-proof. You will make no mistake by planting this new sort. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 25c; lb. 45c.

New Early Prolific or Improved Black Wax

The Earliest Wax Bean and One of the Best for the Market and Home Gardener.

You will be thoroughly satisfied with this greatly improved strain of Black Wax, which is more vigorous and by far more productive and much earlier than any other strain. The pods are fleshy, of medium length, borne up well among the foliage, and are curved, cylindrical, of a clear waxy-white color, with long, slightly curved points. Vines of medium size, vigorous and hardy. Beans small, oblong and jet black. Postpaid, pkt. 8c; $\frac{1}{2}$ lb. 21c; lb. 38c.

Davis Kidney Wax

Long Straight Pods; Tender, Crisp and Brittle.

The vine is rustless and very vigorous, bearing its pods near the center in clusters. When young, the pods are brittle, crisp and tender. Seed kidney shaped, clear white and excellent for baking. A vigorous, hardy, very productive variety, ripening medium early; pods 7 inches long, straight, very showy. The length, uniformly straight, perfect shape, fine color of the pods and the enormous productiveness make this one of the best Beans for the market gardener as well as the canner. Postpaid, pkt., 10c; $\frac{1}{2}$ lb. 23c; lb. 42c.

Wardwell's Kidney Wax

Wonderfully Heavy Yields; Extremely Early; Pods Long and of Fine Color.

The Bean is entirely distinct from that of all other wax varieties. It is a very early variety, ripening only a little later than Golden Wax and yields a larger crop. Pods $6\frac{1}{2}$ to 7 inches long, straight, flat, waxy-yellow, brittle and stringless. Desirable for every climate. Can be grown with great profit in the South for early shipment North. They always command a ready sale in every market. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 25c; lb. 45c.

Buckbee's New Brittle Wax

Extreme Earliness—Great Productiveness—Superb Quality—The Best Wax Bean for the Home Garden.

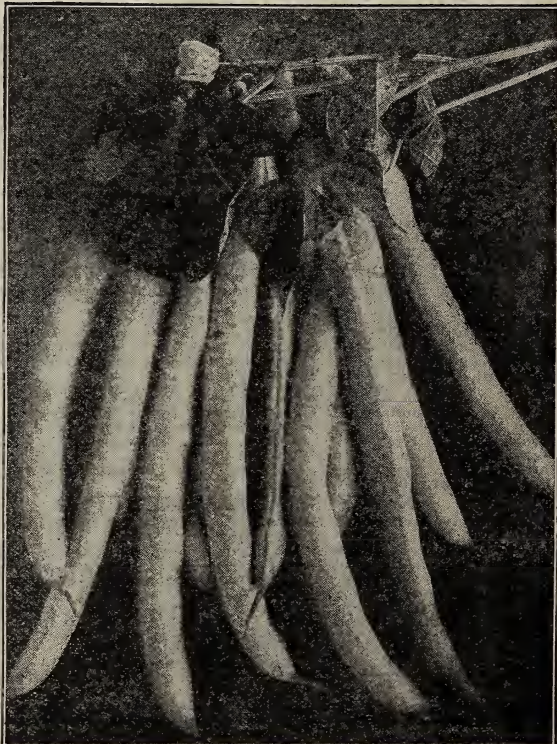

An extremely early Wax Bean, exceedingly handsome and very desirable, especially for snaps for the home garden. The vines are dwarf, spreading and enormously productive. The leaves are roughened. The pods are round, $5\frac{1}{2}$ to 6 inches long, slightly curved, wax-like, light, yellow, solidly fleshy, tender, brittle and entirely stringless at all stages of growth. They are uniformly perfect, an ill-shaped one being rarely seen. The best of the new round podded sorts and excellent for all purposes. Seed long, medium sized, nearly white, with a little dark marking about the eye. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 28c; lb. 48c.

BUCKBEE'S WAX BEAN COLLECTION

Four $\frac{1}{2}$ -lb Packages for 87c, Postpaid.

The four Wax Beans illustrated on Pages 12 and 13 are the very best varieties grown. For 87 cents we will send $\frac{1}{2}$ lb. each of Buckbee's Wonder Wax, New Brittle Wax, Jones Stringless White Wax and Buckbee's Rust Proof Golden Wax.

New Brittle Wax.

Best Dwarf Wax Yellow Pod Beans—Continued

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

Jones New Stringless White Wax

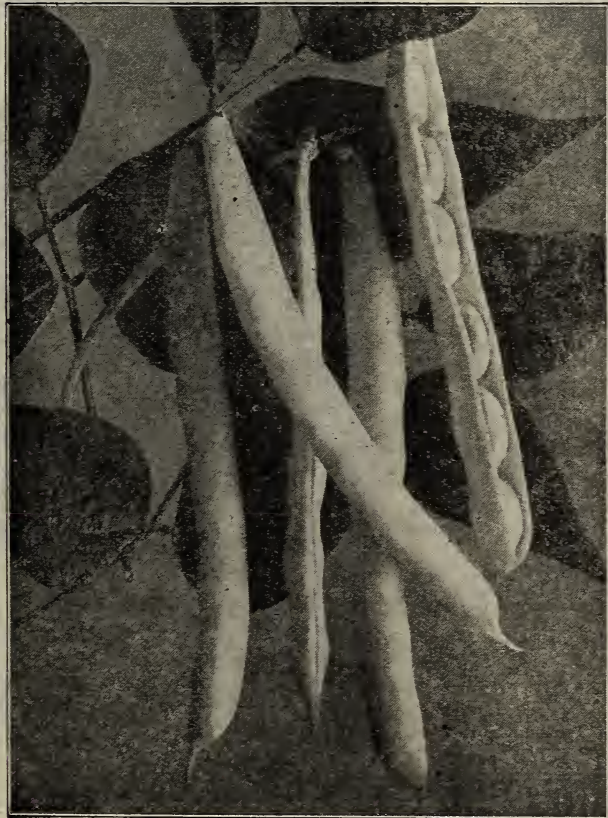

An Exceptionally Valuable New Early Bean.

This Bean has often been called the White Seeded Golden Wax. It resembles this old and popular variety very much, but it is superior to it in being of more robust and vigorous growth and more productive. Furthermore, the seed is pure white. This feature gives it a decided advantage over all colored Beans, as used as snap Beans they cook without discoloring, and are, therefore, more attractive at the table; besides that, the dry Beans can be used the same as any other staple white Beans. Pods $4\frac{1}{2}$ to 5 inches long, golden yellow, broad, very meaty and of the finest quality. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 25c; lb. 45c.

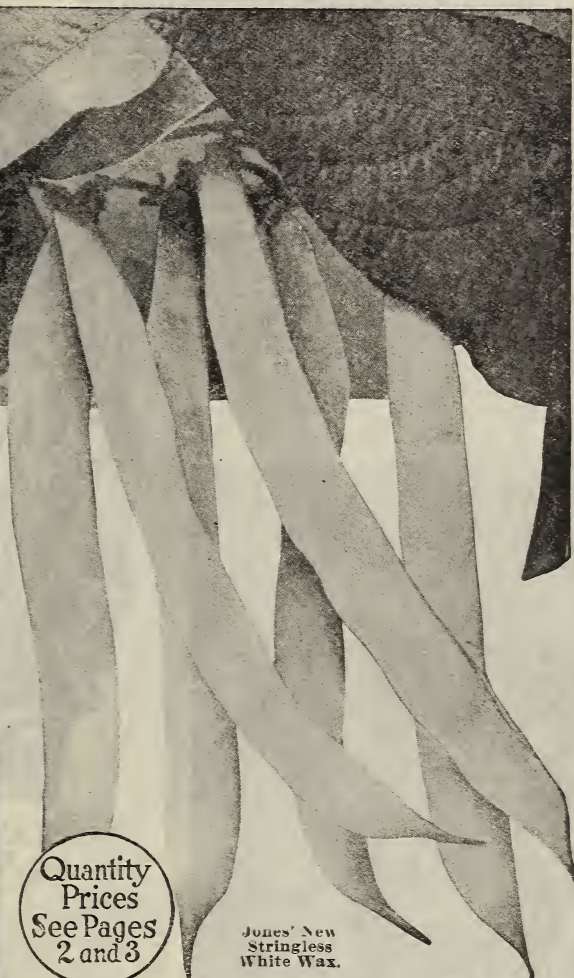

Hodson Wax The Most Productive Garden Bean.

Plants of vigorous growth, late maturing, hardy, very productive and free of blight and rust. Pods seven inches long, straight, flat, but thick, of cream-yellow color. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 22c; lb. 40c.

Jones' New
Stringless
White Wax.

New Yosemite Mammoth Wax

High Quality Monster Podded Wax Bean.

The pods frequently attain a length of 10 to 14 inches, with the thickness of a man's finger, and are nearly all solid pulp, the seeds being very small when fit for use. They are of rich golden color and are absolutely stringless, cooking tender and delicious. A popular wax Bean for family or market purposes. It is enormously productive, as many as fifty of its monster pods having been counted on one bush. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 25c; lb. 45c.

Improved Golden Wax

The well known "good old-fashioned" sort, very popular for all purposes. Postpaid, pkt. 8c; $\frac{1}{2}$ lb. 21c; lb. 38c.

Currie's Rust-Proof Black Wax

Great Rust Resistant Market Gardener's Bean.

Early and enormously productive, with large golden-yellow pods and in many localities extensively grown for both market and shipping. One of its chief features is its freedom from blight and rust. Postpaid, pkt. 8c; $\frac{1}{2}$ lb. 21c; lb. 38c.

Buckbee's Rust-Proof Golden Wax

The Standard Wax Variety for General Use.

One of the most reliable early sorts. Our own original stock, unequalled in size, color and quality of pods. In this variety we have a Bean that possesses all the good points of the old favorite—Golden Wax—but is larger in pods, much more prolific and handsomer in appearance, being of a dark, rich yellow color and of perfect shape. Of grand quality, showing no string or coarseness, even when past its best, but is of tender and melting flavor at all stages of its growth. Being so exceedingly prolific it is not injured by rust. Dwarf, thick-stemmed plants with oval, straight pods which are brittle and entirely stringless. For market gardeners or private families no better variety can be planted. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 22c; lb. 40c.

BUCKBEE'S BEST POLE OR CLIMBING BEANS

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

BUCKBEE'S LAZY WIFE POLE

Enormously Productive. Splendid Quality.

Pods wonderfully broad, thick, entirely stringless; when fully grown from 4 to 6 inches long and exceedingly rich, buttery and fine flavored when cooked. Fine for snap sorts; also as dry shell or Winter Bean. The seed is medium sized, nearly round and pure white. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 24c; lb. 44c.

BURGER'S GREEN POD STRINGLESS

This variety is also called White Seeded Kentucky Wonder; it resembles this variety in form of pods, but is earlier, and covers a longer period of productiveness. The pods are straight, long, of a rich dark green, very meaty, of fine quality and entirely stringless. Seed small and pure white. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 22c; lb. 40c.

BUCKBEE'S GOLDEN HARVEST CLUSTER WAX

The New World-Beating Wax Pole Bean.

A magnificent variety that bears very early and continually the entire season, producing clusters of 3 to 6 pods of fine light yellow color. Pods average about 3 inches in length, exceedingly tender and entirely stringless. Owing to its earliness and hardness this magnificent Pole Bean is well adapted even to very Northern latitudes. Its very large Pods are beautiful in appearance and are unexcelled in quality by any Wax Bean. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 25c; lb. 45c.

Buckbee's Lazy Wife Pole Bean.

Single Mature
Plant of
McCaslan
Pole Bean.

MCCASLAN NEW POLE

The Best Pole Bean in Existence. A White Seeded Green Pod Snap or Shell Bean.

Although only of recent introduction, the McCaslan Bean is already very popular and in many localities has displaced the older pole varieties. It is earlier and more productive than Kentucky Wonder and Burger's Stringless and is fully equal to them in quality.

It is the earliest Pole Bean in cultivation, maturing about 10 days earlier than Burger's Stringless and White Creaseback, which were the earliest Pole Beans known so far. The illustration on this page is taken from a photograph of a single matured plant and shows its immense prolificness. The pods are of dark green color, 10 to 11 inches long, and fill perfectly, containing ten and more seeds. They are fine for use as snap sorts, being entirely stringless, meaty and of the finest flavor and quality. When allowed to mature the shelled beans are of pure white color, good sized and most excellent for Winter use.

The vines begin to bear pods quite early and continue to produce enormous quantities until frost.

This is the one Pole Bean for every garden north and south; it stays with you all season, furnishing delicious Beans in Summer and Fall when this vegetable is always scarce.

Pkt. 10c; $\frac{1}{2}$ lb. 25c; lb. 45c.

Red Speckled Cut Short or Corn Hill

A popular variety for planting among the corn and thus furnishing a good crop without the use of poles. Medium early, very productive, pods about 4 inches long.

Postpaid, pkt. 8c; $\frac{1}{2}$ lb. 20c; lb. 35c.

BUCKBEE'S EVERBEARING STRINGLESS

Wonderfully prolific. Continuous bearer. Absolutely stringless. White seeded. Green podded. Rustless. Extremely early.

This splendid Pole Bean originated on Rockford Seed Farms, and has been bred up to the highest degree of perfection by years of careful work and selection. An excellent heavy yielding Pole Bean for the home garden and for the market garden and trucker. Robust, hardy and one of the very earliest.

The enormous rich dark green pods which are produced in immense clusters often measure from 7 to 9 inches long and contain from 5 to 7 Beans. They are of admirable form, free from coarseness, exceedingly tender and of delicious mild and sweet flavor. The dry Beans are white.

We own the entire stock of Buckbee's Everbearing, and this variety can only be had from us. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 25c; lb. 45c.

Buckbee's Everbearing Stringless Pole Bean.

BEST POLE OR CLIMBING BEANS—Cont'd

Famous Kentucky Wonder or Old Homestead

The Old Reliable Standard Green Pod Pole Beans.

Very early and enormously productive, single vines often yielding as much as a peck; entirely stringless. Pods of a silvery green color. Postpaid, pkt. 10c; ½ lb. 22c; lb. 40c.

Mammoth Podd'd Horticultural

The New Speckled, Stringless Lima. Quality Rich and Delicious.

The mammoth pods are striped and splashed with brilliant crimson. The Beans are of immense size and of the finest quality, used either green or dry. Many people prefer them to Limas. Best suited for cool climate. Postpaid, pkt. 8c; ½ lb. 21c; lb. 38c.

Early Golden Cluster Wax

A most productive main crop variety of the Wax Podd'd Pole Beans. It is medium early, and of excellent quality if used either as snap or green and dried shell Beans. The vines are large, vigorous. The pods average 8 to 9 inches in length, are very attractive and much used for exhibition purposes; they are flat, straight, very broad, thick and fleshy, entirely stringless. The dry seed is medium sized, oval and pure white. A splendid variety for the home garden and for market. Postpaid, pkt. 10c; ½ lb. 22c; lb. 40c.

White Dutch Caseknife

A medium late variety, very productive, with pods 8 inches long, containing 7 to 8 pure white seeds. This variety is very largely planted all over the country and is mostly used for green or dried shell Beans which are of splendid quality. Postpaid, pkt. 8c; ½ lb. 21c; lb. 38c.

Scarlet Runner

Good for snaps and for green shelled Beans, often used in place of Limas. Mostly used, however, as an ornamental climber, the plants bearing large sprays of brilliant scarlet flowers which are twice the size of common Bean blossoms. Postpaid, pkt. 8c; ½ lb. 21c; lb. 38c.

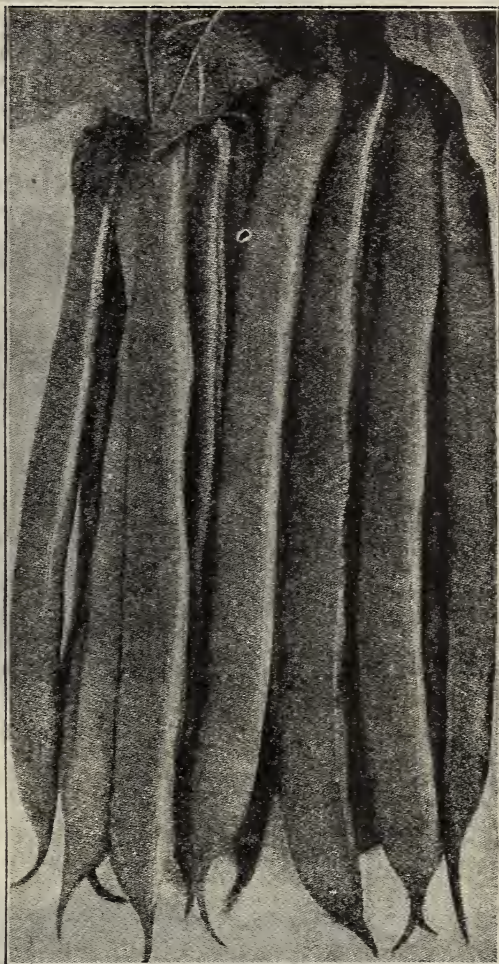

White Creaseback

Valuable for its extreme earliness and its habit of ripening all of its pods within a short time. Very prolific, bearing round, fleshy pods in clusters of 4 to 12. Best quality as snaps. Seed small, oval, white, much used for baked beans. Postpaid, pkt. 8c; ½ lb. 21c; lb. 38c.

New Striped Creaseback

An extremely early variety with medium sized vigorous vines which are wonderfully productive and bear round, fleshy pods, about 5 inches long, of light green color which are of best quality as snaps. Much used as baked beans. Postpaid, pkt. 10c; ½ lb. 25c; lb. 40c.

Famous Kentucky Wonder.

BEST POLE OR CLIMBING LIMA BEANS

Buckbee's Ideal Pole Lima

The Largest Podd'd and Most Prolific Pole Lima Yet Introduced.

Vines unusually vigorous, bearing large clusters of broad pods from 7 to 8 inches in length and containing 4 to 6 large Beans of superb quality and rich flavor. This is a medium late variety, a little later than Seibert's Early, but earlier than King of the Garden and with much larger pods and more productive than either of them. In quality it is unsurpassed and ought to have a place in every garden. It also is the best main crop variety for market gardeners in the Central States. Postpaid, pkt. 10c; ½ lb. 25c; lb. 45c.

Buckbee's New King of the Garden

This Old Standard Market Sort Is One of the Best for Main Crop.

It is vigorous in growth and immensely productive. The vine begins to produce pods near the foot of the pole and the bearing season continues without interruption until frost. The pods are large, numerous and well filled and the Beans are of mammoth size. The handsome pods often attain a length of 5 to 7 or even 8 inches, with five or six perfectly formed Beans in each pod. Postpaid, pkt. 10c; ½ lb. 22c; lb. 40c.

Seibert's Early Lima

The vine is exceptionally hardy, vigorous and produces pods very early and continues bearing for a long time. In earliness, ease of shelling, size, beauty and quality of green Beans, this variety takes front rank with the best early sorts. Postpaid, pkt. 8c; ½ lb. 21c; lb. 38c.

Large White Lima

Regular strain; pods and Beans of large size. Too late for the North. Postpaid, pkt. 8c; ½ lb. 21c; lb. 37c.

Early Leviathan

This Is the Earliest Variety of the Large Seeded Pole Limas.

It is a most productive sort and produces pods which are from 5 to 5½ inches long and contain four to six very large seeds, which are quite white, with a slightly greenish tinge, and are of the finest quality. It is excellent for either home or the market. We especially recommend this variety for the Northern States, where, on account of the short season, it has been hitherto impossible to grow this luscious vegetable. Postpaid, pkt. 10c; ½ lb. 22c; lb. 40c.

BUCKBEE'S NEW FRENCH ASPARAGUS BEAN

Long Tender Green Pods for the Home Garden.

A green podded snap pole bean. Vines are rampant growers producing an enormous crop of tender and palatable snap pods in 80 days which grow 2 feet or more in length. Very productive and of excellent quality for snap-shorts. Seed light brown. Pkt. 10c; ½ lb. 40c; lb. 75c, postpaid.

Buckbee's French Asparagus Bean.

Buckbee's Ideal.

TABLE BUCKBEE'S BEETS

"Full of Life"

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

Buckbee's Earliest of All

Extremely Early

As early as the earliest; makes good crops in less than seven weeks from sowing.

Of Beautiful Appearance

Perfect globe shape, smooth, free from side roots; of rich red color.

Of Superlative Quality

The quality is the finest, and most delicious of all extra early Beets. It has no superior, and in some respects no equal.

The Standard of Excellence of an Extra Early Beet

Buckbee's Earliest of All—The Best Extra Early Red Turnip Beet, not only for market gardeners, but for canning, and especially for the home garden, making a strikingly handsome product, much superior to that obtained from any other variety equally as early. Its small top, early maturing and the splendid shape and color of the root make it popular with everyone who plants it. Top

small, upright growing, so that the rows may be close together. Leaves are rich bronze-purple borne on slender stems, growing quite compactly. Root globular or ovoid and very smooth. Color of skin dark blood red; flesh deep vermilion red zoned with a darker shade. Very crisp, tender and sweet and remaining so for a long time. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

Crosby's Egyptian Extra Early

Buckbee's Selected Pedigreed Seed

One of the Earliest Beets in the Market.

Deep red, almost black in color; an improvement over the old Egyptian, being sweeter, more tender, smoother, and also more round in form and larger, although equally as early. The most desirable sort for small Beets for early market, as it is in presentable market shape quicker than any other sort. It is a very rapid grower and can be sown outside as late as July. Crosby's Egyptian is one of the best Beets and a sure money maker for the market gardener. Our strain is exceptionally fine, extremely early, and very uniform in shape and color. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

Detroit Dark Red Turnip.

Detroit Dark Red Turnip

Buckbee's Selected Pedigreed Seed

A most excellent medium early turnip-rooted sort. It grows to a large size, is of most handsome appearance, and is very productive in all soils and locations and in all seasons. The tops are small, upright growing, so that the rows may be planted close together. Leaf stems and veins are dark red, blade green, roots globular, perfectly smooth, dark blood red. Flesh bright red, zoned with a darker shade; very crisp, tender and sweet, remaining so a long time. Our stock is very uniform in size, shape and color. One of the best Beets for gardeners or canner. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

BUCKBEE'S NEW SUNSET BEET

See painting from nature on page 41 of this book

Crosby's Egyptian.

BUCKBEE'S "FULL OF LIFE" GARDEN BEETS FOR TABLE USE

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

Buckbee's Extra Early Egyptian

Large, Early, Prolific, Attractive and Palatable.

One of the very earliest and best varieties for forcing; also excellent for first early crops out of doors. Leaves are dark green, veined with dark red; roots dark red; rounded on top, but flat beneath with very small tap roots; flesh dark red zoned with lighter shades; hard, crisp and tender at all times. A steady demand from the same people year after year for this variety should be sufficient endorsement for all gardeners to know that in planting Buckbee's Extra Early Egyptian they are planting as good a Beet as can be found the world over, and a variety that, owing to its small size, makes it especially desirable for bunching. Buckbee's Extra Early Egyptian Beet is very early, being ready for table in about 50 days. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.00.

Buckbee's Improved Extra Early Eclipse

The Popular Beet for Early Use. Uniform Shape, Size

and Color. Sweet, Crisp and Tender.

Tops small, dark purplish green. Roots nearly globular, with a small tap root and collar. A splendid variety. Flesh dark red, zoned with lighter red; sweet, crisp and tender. We believe that is the best Beet for the

market and home garden and on account of its uniformly deep rich color the most desirable for canning. The variety is also very desirable for bunching. Careful comparisons with all prominent varieties on the market prove that our Improved Extra Early Eclipse is the most uniform in shape and size and the most attractive in color. It is unsurpassed in quality. Pkt. 5c; oz. 10c; 2 oz.

15c; ¼ lb. 25c; ½ lb. 45c; lb. 85c.

Established 1871

57 Years of
Continuous
Service

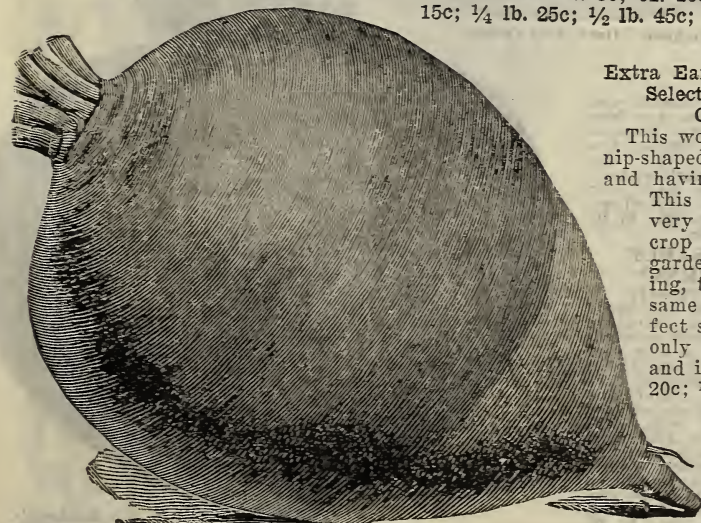

Buckbee's
Extra Early
Egyptian.

Buckbee's Early Wonder

Extra Early Eclipse

Buckbee's New Half Long Blood

Buckbee's Early Wonder

Extra Early, Tender and Sweet. This Wonder Beet is a Selection from Crosby's Egyptian; of Turnip or Globe Shape, and Fine Rich Red Color.

This wonderful Beet is one of the earliest and best turnip-shaped Beets grown. Ripens very early and uniformly and having a very small tap root are easily harvested. This type is practically true turnip or globe shape, very few of the flattened fruits showing. The entire crop matures at one time which is a great boon to gardeners. On account of its extremely early maturing, two crops can be harvested in one season on the same piece of land. The Beets themselves are of perfect shape, and beautiful deep red color. The tops are only medium size which will admit of close planting and is excellent for bunching. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

Buckbee's New Half Long Blood

The Very Best for Winter Use.

Roots half as long as Long Blood, but on account of their thickness weigh just as much. Always smooth, sweet, crisp, tender and never woody. Both flesh and leaves are intensely dark crimson in color. One of the best late sorts. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.35.

BUCKBEE'S "Full of Life" GARDEN BEETS FOR TABLE USE

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

BUCKBEE'S BISMARCK BLOOD TURNIP

Smooth and Handsome; Dark Red Flesh; Tender and Sugary.

Of fine turnip shape, very smooth, free of all side roots; about 4 inches in diameter. The tops are small, of dark bronze-red color; the flesh deep blood-red, exceedingly tender, entirely free of fibre and of rich sugary flavor. Medium early; very handsome. A splendid variety for the home and market gardener. This Beet excels in handsome form, a good size, small tops, very small tap-root, fine quality and above all, quick rapid growth. Takes on its turnip shape very early, a decided advantage for forcing for early market, and especially for a market where Beets are sold in bunches. A favorite sort in all sections of the country. We control the entire supply of seed of this variety. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25.

EARLY BLOOD TURNIP

An Old Reliable Favorite Sort.

Roots nearly round, flesh deep red with lighter zones; sweet and tender; medium early; later than Detroit and has larger tops. Pkt. 5c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 45c; lb. 85c.

BUCKBEE'S IMPROVED LONG DARK SMOOTH BLOOD

The Standard Long Blood Beet, Excellent for Greens.

Without question the finest long beet grown for Fall and Winter use. Of deep red color, almost black, rich, excellent flavor; is an enormous cropper, and keeps solid and fresh throughout the long Winter. Cooks sweet, tender and crisp; is very desirable for pickles.

It must not be compared with the common Long Smooth Blood offered by many seedsmen at a less price, as its high grade was attained by long years of care and selection. The roots are thick shouldered, grow largely under ground, are about 2 inches in diameter and 10 inches long when mature. They are ready for the table in about 60 days. They are very prolific, as much as 10 to 12 tons having been grown per acre. Foliage dark crimson. Pkt. 5c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 40c; lb. 75c.

Just a word about your "FULL OF LIFE" Seeds. Buckbee's seeds are all you claim them to be, and the best seeds I have ever planted.

CHARLIE BREEDLOVE,
Dye, Va.

Buckbee's Bismarck.

BUCKBEE'S NEW DARK RED QUEEN

Darkest of All Blood Red Beets—Medium Size, Uniform Shape, Good Keeper, Excellent Quality.

Buckbee's Dark Red Queen is particularly valuable where a late Summer variety is wanted. The roots are pear-shaped, of medium size and fine form. Flesh deep blood-red color, almost black. Exceedingly tender and never woody. It is a large cropper; a good keeper till spring. Its nicely crumpled leaves are of a beautiful dark red color, giving it a striking appearance on the market. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25.

Buckbee's Dark Red Queen.

BUCKBEE'S CRIMSON GLOBE

Splendid Cropper—Good Keeper.

A splendid, very handsome extra early Beet. Skin smooth and firm, almost globe shaped, of quite large size. The flesh is a deep purplish crimson, slightly "zoned"; this is a finely bred Beet, of exquisite quality, sweet and tender. The foliage is small, of a rich bronze-purple. In the home garden it is a most excellent sort; for market use as a main crop variety it is a favorite everywhere. Pkt. 7c; oz. 12c; 2 oz. 18c; ¼ lb. 30c; ½ lb. 50c; lb. 90c.

BUCKBEE'S EARLY YELLOW TURNIP

A Very Popular Variety.

Similar to the Blood Turnip Beet, except in color, which is a bright yellow. It is of a very sweet, fine flavor and is deservedly popular. The roots are round and smooth and are of good marketable size. The shape is the kind most desired. As a matter of fact, the Early Yellow has much to recommend it and should please you. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25.

MANGEL WURTZELS

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities
Any land that will grow a good crop of Corn will
produce a good crop of Mangels or Sugar Beets,
which are surer crops than any other root.

Mangels give one-third greater increase of milk in feeding cows than does the same weight of Potatoes. Forty tons Mangels (a crop of an acre) have as much nutritive matter as 130 bu. of corn and are more digestible. Send to Secretary of Agriculture Washington, D. C., for Special Bulletin on Mangels and Beets.

Plant five pounds of Seed per acre.

BUCKBEE'S MASTODON

The Heaviest Cropping and Largest of All Mangels.

It is truly a Mammoth, a single root often weighing 75 pounds and over; in yield it is enormously productive—1,500 to 1,800 bushels per acre is nothing uncommon on good soil. It grows well above ground and on account of its shape is easily harvested. In length is about the same as Buckbee's Mammoth Long Red, but is more remarkable for its handsome shape and broad shoulders, the diameter being greater, and in weight much heavier; flesh deep red, fine texture, roots solid, tops small. In fact it combines all the fine points possible to condense in a Mangel of the highest nutritive value, and is without question the best and most profitable Mangel for dairy farmers. This is our pedigree stock—especially selected, and can be relied upon as the best money can buy and our moderate prices place it within the reach of all. Oz. 10c; 2 oz. 15c; $\frac{1}{4}$ lb. 25c; $\frac{1}{2}$ lb. 40c; 1 lb. 75c, postpaid.

BUCKBEE'S MAMMOTH LONG RED

A Wonderful Yielder.

A standard and favorite Mangel, producing a very large root uniformly straight and well formed, weighing from 30 to 40 pounds each, of a beautiful dark red color, wonderfully productive, average 1,000 to 1,500 bushels per acre. Keeping qualities not excelled. Our stock is a great improvement over the old variety. Oz. 8c; 2 oz. 12c; $\frac{1}{4}$ lb. 20c; $\frac{1}{2}$ lb. 35c; 1 lb. 60c, postpaid.

GOLDEN TANKARD

The Great Milk Producer.

This distinct variety is a most important addition to our list of roots for stock feeding, as it contains less water and more sugar than most Mangels. Sheep and all other stock thrive wonderfully on it; its great milk-producing qualities and richly colored yellow flesh have made it a favorite with every dairy farmer.

It is an immense yielder and 60 to 75 tons per acre have often been grown on good ground and under good cultivation. The roots are handsome, of an ideal, cylindrical form, with small neck, clean, generally with only one tap-root, and can easily be lifted, and are excellent keepers. The skin is light gray above and deep orange below the ground, the flesh is bright golden yellow, differing from all other varieties, which cut white. Oz. 8c; 2 oz. 12c; $\frac{1}{4}$ lb. 20c; $\frac{1}{2}$ lb. 35c; 1 lb. 65c, postpaid.

BUCKBEE'S GOLDEN MONARCH

This entirely new and distinct Mangel grows to the largest size and is of a beautiful russet yellow color. The flesh is white, firm and sweet, greatly relished by cattle and other stock. The roots are large, ovoid shaped with small tops admitting close planting. Easily lifted, growing more than half above ground, producing enormous crops, and is an excellent keeper. Oz. 8c; 2 oz. 12c; $\frac{1}{4}$ lb. 20c; $\frac{1}{2}$ lb. 35c; 1 lb. 60c, postpaid.

CHAMPION YELLOW GLOBE

One of the best for stock feeding. The roots grow almost entirely above ground and are therefore best adapted for shallow soils and are easily harvested. It produces as much per acre as most of the longer growing Mangels. It is a good keeper. Oz. 8c; 2 oz. 12c; $\frac{1}{4}$ lb. 20c; $\frac{1}{2}$ lb. 35c; 1 lb. 60c, postpaid.

CHAMPION RED GLOBE

Similar to above except in color, which is a light red or pink. Oz. 7c; 2 oz. 12c; $\frac{1}{4}$ lb. 20c; $\frac{1}{2}$ lb. 30c; 1 lb. 55c, postpaid.

MIXED MANGEL SEED

Choicest sorts mixed. Oz. 8c; 2 oz. 12c; $\frac{1}{4}$ lb. 20c; $\frac{1}{2}$ lb. 35c; 1 lb. 60c, postpaid.

NOTE—For special prices on larger quantities see page 2.

My Mangel Wurtzels took first prize at the County Fair last year. I bought the seeds of Buckbee.

MRS. CHAS. O. JACKSON, Springfield, Colo.

The Roses I ordered from you last fall were the largest and most reasonable I have ever bought.

MRS. J. E. VALERINS, San Bernardino, Calif.

You picked a most suitable time for sending my Strawberry Plants. I certainly think your "Full of Life" Seeds and Plants are fine. I have been using them for 26 years and have always found them extra good.

MRS. SARAH L. HERRIN, Eldorado Springs, Mo.

SUGAR BEETS FOR STOCK FEEDING

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

BUCKBEE'S GIANT FEEDING SUGAR

The Greatest Beet for Feeding Stock

This magnificent Sugar Beet, while giving nearly as large a yield of easily grown and harvested roots as a crop of Mangels, supplies a food of very much higher nutritive value, being much richer in sugar. They yield, under equally favorable conditions, more than double that of sugar beets and, not being so sweet, are less liable to injure the kidneys when fed in large quantities. The roots grow about two-thirds out of the ground and because of this and their shape the crop can be harvested and stored at less expense than any other root crop. Roots very large, smooth, clean and of oval shape; white skin, white flesh. Every farmer should try it. Oz. 8c; 2 oz. 12c; ¼ lb. 20c; ½ lb. 35c; lb. 65c, postpaid.

BUCKBEE'S NEW IMPERIAL SUGAR

This Beet is the result of years of methodical and persevering selection. It gives better results than any other variety. It is extremely rich in sugar, thousands of analyses showing that the average percentage of sugar obtained from this variety is about eighteen and its average yield may be stated as from 15 to 16 tons an acre, but crops of 25 to 40 tons per acre have been obtained off it. Flesh finely grained and very sweet. We sell thousands of pounds each year to the large growers and Beet sugar factories through the country, always with the most satisfactory results. Postpaid, oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 40c; lb. 70c.

KLEIN WANZLEBEN SUGAR BEET

This variety at the present time has probably a wider cultivation than any other Sugar Beet. While not, as a rule, equal to BUCKBEE'S NEW IMPERIAL SUGAR in saccharine richness, it is considerably more productive. We offer seed the second year from polarized roots. Postpaid, oz. 8c; 2 oz. 12c; ¼ lb. 20c; ½ lb. 35c; lb. 55c.

Buckbee's
Imperial
Sugar
Beet.

THE BEST STOCK CARROTS

Every farmer should plant a few acres of Carrots for stock food; they are very productive, less liable to disease than many other root crops, and being sown earlier do not interfere so much with the labor in the busy time. They can be stored over Winter like Potatoes. Make excellent nutritive feed for all stock. Horses are very fond of them and they increase the flow of milk in cows, improve the quality of butter and give it a beautiful golden color.

BUCKBEE'S CHAMPION

The World-Beating Stock Carrot

Buckbee's Champion is not, properly speaking, a table Carrot, although the flesh is remarkably firm and sweet. But it is most emphatically a Stock Carrot for the farmer and stock raiser, and once used nothing will take its place. It is the heaviest cropping variety grown, yielding more tons to the acre than any other sort. The flesh is white, crisp, solid and very sweet in flavor. The roots are of medium size, very broad and heavy at the shoulder and are therefore easily harvested. They frequently measure 15 to 20 inches in circumference and 25 to 50 tons per acre is not an extravagant statement as to yield. Our own growth, choicest Northern home-grown pedigreed stock seed. Oz. 12c; 2 oz. 18c; ¼ lb. 30c; ½ lb. 50c; lb. 90c.

BUCKBEE'S IMPROVED SHORT WHITE

Roots 7 to 9 inches long, smooth, very heavy at the shoulder, having a diameter of 3 to 4 inches, but taper regularly to a point growing almost entirely in the ground. Flesh rich, white, solid, crisp and of excellent flavor. Oz. 8c; 2 oz. 12c; ¼ lb. 20c; ½ lb. 35c; lb. 60c.

BUCKBEE'S MAJESTIC

The largest, heaviest cropping and most nutritious yellow variety. The roots are of excellent quality, possessing high feeding qualities. Oz. 10c; 2 oz. 15c; ¼ lb. 28c; ½ lb. 40c; lb. 70c.

BUCKBEE'S IMPROVED LONG ORANGE

The roots of the improved strain of this variety we offer are very deep orange, long and comparatively thick, often 12 inches in length and 3 inches in diameter. This intermediate to late maturing sort is suitable for table use as well as stock feeding, combining great productiveness with uniform shape where grown in light, deep, rich soil. When of size suitable for the table, the roots are tender and of good quality. Oz. 12c; 2 oz. 18c; ¼ lb. 28c; ½ lb. 45c; lb. 80c.

MAMMOTH WHITE BELGIAN

Splendid variety for table and stock. The roots are mammoth in size and very productive, often yields ten tons roots per acre. Oz. 8c; 2 oz. 12c; ¼ lb. 20c; ½ lb. 35c; lb. 60c.

MAMMOTH YELLOW BELGIAN

Identical to the White Belgian, except in color. Oz. 8c; 2 oz. 12c; ¼ lb. 20c; ½ lb. 35c; lb. 65c.

**BUCKBEE
SEEDS**

have been used by
Four Generations
on the same soil.

Buckbee's Champion Stock Carrot.

BUCKBEE'S "Full of Life" CARROTS

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities.

The best soil for the Carrot is a sandy loam made rich by manuring the previous year; any good land if thoroughly and deeply worked will produce satisfactory crops. It is advisable to sow as early in the Spring as the ground is fit to work, though good crops may be grown from sowings as late as June 15. For table use sow the smaller kinds early in rows 16 to 18 inches apart. For field culture sow in drills 18 to 24 inches apart, using from 1½ to 3 pounds of seed to the acre. Cover ½ to 1 inch deep and see to it that the soil is pressed firmly above the seed. As soon as the plants appear, use the cultivator or wheel hoe. Thin 2 to 6 inches apart in the row, according to the size of the variety.

BUCKBEE'S SELECT DANVERS

The Best Carrot for Every Purpose.

In this selected strain of Danvers Carrot, we not only have a splendid appearing Carrot, which always sells readily, but a variety which is an extra heavy yielder in any soil. We have spared no labor nor expense in perfecting this variety, and confidently claim and believe that it is now the leading Carrot. Adapted to all soils and enormously productive, yielding more than any other table Carrot, and often more than the large field Carrots, and is much easier harvested than these. The flesh is very tender and sweet; it is a valuable Carrot for both table use and for stock. We have an extra fine strain of this favorite sort, which is of very fine bright color, and exceptionally uniform in shape, size and color. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25.

BUCKBEE'S EARLIEST GARDEN

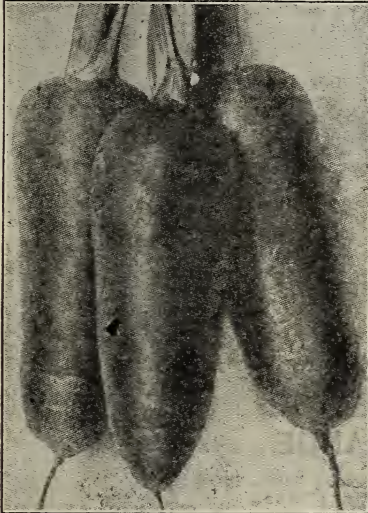

The Earliest Variety in Cultivation and Best for the Table.

Tops small. The reddish orange colored roots are nearly round with a groove about the crown and when fully matured they are about 2 inches in diameter but they should be used before they are full grown when they are tender and delicious. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25.

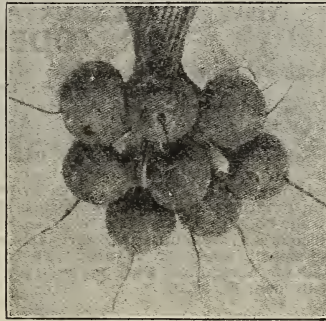

BUCKBEE'S CHAMPION HORN

Extra Early—Good Size—Splendid Keeper.

A splendid new Carrot from Holland where it is very largely grown for the market and considered the finest of all table Carrots. It is an extremely early variety and will be ready for the market in about 45 days from sowing and is about 6 to 7 inches long. It is the sweetest of all Carrots and without any yellow core. The roots are cylindrical, blunt at the end and having a fine neck and small top can be planted close together. The color is very attractive bright red. They are entirely free from any stringy, coarse heart which is found in most other Carrots; are of fine texture and most delicious quality. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.35.

Buckbee's Champion Horn.

Buckbee's Earliest Garden.

BUCKBEE'S NEW EARLY CORELESS

Rich Solid Flesh of Finest Quality—The Roots Are Very Uniform in Shape, Size and Color. An early variety of superior flavor and without any core, highly recommended for market and home use as it is the best Carrot for general crop; it is of a rich orange color, a very heavy yielder and splendid keeper. The roots grow about 8 inches long, taper uniformly to a blunt point. The flesh is deep-orange red, tender and of good quality. It is a first class Carrot for all kinds of soil, valuable for both table use and stock. Grown extensively by market gardeners for bunching and makes a handsome appearance on the market. We have an extra fine strain of this favorite sort which gives the greatest satisfaction to our customers. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

Buckbee's New Early Coreless.

BUCKBEE'S "Full of Life" CARROTS

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

BUCKBEE'S PRIDE OF THE MARKET

Early, Long, Rich Golden Yellow, Splendid Quality, Fine Yields.

A large, handsome, main crop variety. The roots are of large size and very smooth, fine grained and of superior quality. They often grow 10 to 12 inches in length, very broad at the neck, tapering evenly to the small tap root. This beautiful carrot is well formed, grows smoothly and uniformly and is of rich golden orange color. The flesh is tender, sweet and entirely free from woody coarseness. The tops are rather large. Rather late maturing and is equally desirable for table use and for stock feeding. When of a size for the table, the roots are very tender and of good quality. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25.

HALF LONG DANVERS

A Splendid Half Long Carrot, Tender, Sweet and Very Productive.

This variety is well adapted to all soils and sections, and some years it leads our whole list as the best seller. It is half long in shape, almost cylindrical, somewhat stump rooted, and of rich, dark orange color. We claim that it will yield greater bulk and weight for a given length of root than any other Carrot now grown. Over 40 tons per acre of fine Danvers have been grown, and a yield of 25 to 30 tons per acre is not uncommon. Matures its crop of beautiful shaped roots in 70 days. Grown extensively by market gardeners for bunching and makes a handsome appearance on the market stalls; of the finest quality and one of the most popular sorts for home use. Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 55c; lb. 95c.

NEW EARLY CHANTENAY OR MODEL

Buckbee's Private Stock. Crisp and Tender, Half Long, Golden Yellow Flesh.

A most excellent, medium early, half long variety. It is one of the best in quality for the market and home garden, while its great productiveness and the ease with which it can be harvested makes it desirable as a field sort. The tops are medium sized with small neck. The mature roots are thick, 5½ to 6 inches in length, uniformly half long or stump rooted but tapering slightly, smooth, deep orange-red in color. The flesh is very crisp and tender. Although a medium early sort, the roots are suitable for use nearly as early as any. The variety is extensively used for bunching. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.10.

BUCKBEE'S OX HEART OR GUERANDE

Early; Handsome; Splendid Quality; Good Yields and a Fine Keeper.

Tops small for the size of the roots, which are comparatively short, about 5 inches long, but thick and often weighing a pound apiece; they terminate abruptly in a small tap root. Flesh bright orange, fine grained and sweet. About 10 days earlier than Danvers. A splendid variety. This is a desirable variety for soil so hard and stiff that longer growing sorts would not thrive in it. When young, excellent for table use, and when matured, equally good for stock. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.15.

Half Long Danvers.

Buckbee's Ox Heart or Guerande.

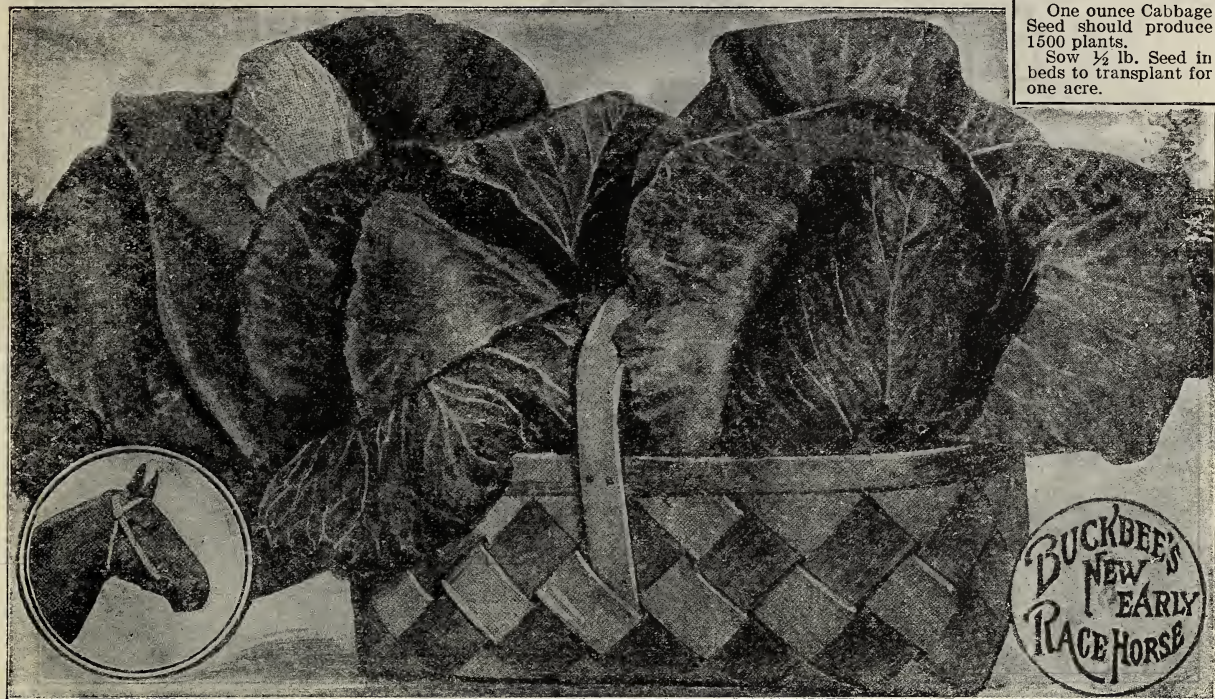

New Early Chantenay or Model.

BUCKBEE'S NEW BUTTER CARROT

Rich golden color; unequalled flavor; just the right size; sweet, tender and spicy. See painting from nature on page 42.

BUCKBEE'S RELIABLE CABBAGE SEED

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

One ounce Cabbage Seed should produce 1500 plants.
Sow $\frac{1}{2}$ lb. Seed in beds to transplant for one acre.

Buckbee's New Race Horse Cabbage—Named in Honor of Red Lancelot, the Famous 2-Minute Pacer,
Owned by Buckbee's Rockford Seed Farms

BUCKBEE'S NEW RACE HORSE

Absolutely the Earliest Cabbage in Cultivation—Indispensable to the Market Gardener for His Very Earliest Crop.

Buckbee's Race Horse is ready for use in sixty days from sowing—ten days earlier than Jersey Wakefield. The plants are very hardy and can be set out very early; they are always sure to head, making good sized, solid and firm pointed heads, which, though a little smaller than Jersey Wakefield, are always marketable, and being the first in the market bring high prices. There are but few outer leaves and the plants may therefore be set closely together, they will then yield large crops, and as many as 14,000 heads have been grown of this variety on one acre, which brought a larger profit per acre than later and heavier varieties. The heads are very attractive in appearance, of splendid quality, tender, fine grained and of sweet, delicious flavor. Some space should be given in every garden to this variety, as coming ahead of every other kind, it is bound to make money for the grower. We control the entire stock of this earliest of all Cabbage. Pkt. 10c; oz. 30c; 2 oz. 55c; $\frac{1}{4}$ lb. \$1.05; $\frac{1}{2}$ lb. \$1.90; lb. \$3.50.

BUCKBEE'S SELECTED TRUE EARLY JERSEY WAKEFIELD

The Standard Extra Early Cabbage.

Buckbee's stock of Jersey Wakefield is grown from selected heads only and is the earliest and finest strain of this variety in the market. It forms fine solid heads of good size, conical in shape, with very few outside leaves, and of the best quality. Buckbee's Jersey Wakefield is about ten days later than Buckbee's Race Horse, but has larger heads and is much more productive. Pkt. 8c; oz. 25c; 2 oz. 45c; $\frac{1}{4}$ lb. 80c; $\frac{1}{2}$ lb. \$1.45; lb. \$2.75.

CHARLESTON OR LARGE WAKEFIELD

A splendid strain of Jersey Wakefield, about a week later, with heads twice as large, weighing from 8 to 12 pounds each and more, and not so pointed as the original Charleston Wakefield; is a good keeper and may be planted as a second crop, to mature in Autumn, if desired. It is much used by market gardeners to follow Jersey Wakefield, a first rate shipper, and in great favor with everybody who knows it. Pkt. 7c; oz. 25c; 2 oz. 40c; $\frac{1}{4}$ lb. 75c; $\frac{1}{2}$ lb. \$1.40; lb. \$2.70.

ALL-HEAD EARLY

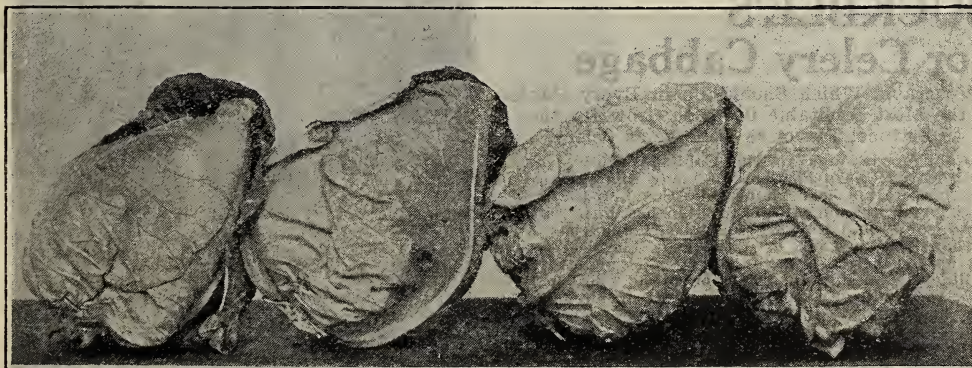

A sure header. Matures at the same time as Glory of Holland. The plant is compact, with few outer leaves, stem short. Head very large for so early a variety, very solid and flat, but very deep and uniform in size and shape. Well adapted for kraut. By planting late it can be used as a Winter Cabbage. Our strain is the finest. Pkt. 8c; oz. 25c; 2 oz. 40c; $\frac{1}{4}$ lb. 65c; $\frac{1}{2}$ lb. \$1.20; lb. \$2.25.

EXTRA EARLY WINNINGSTADT

A very fine header and will grow a hard head under circumstances where most sorts would fail. It will stand more frost, drought, wet, insects and diseases than any other early Cabbage. Plants very compact, with short thick leaves. Heads regular, conical and very hard. It is the latest of the pointed varieties. Pkt. 7c; oz. 25c; 2 oz. 40c; $\frac{1}{4}$ lb. 65c; $\frac{1}{2}$ lb. \$1.20; lb. \$2.25.

We have used your seeds for many years in Illinois and Wisconsin with the best of satisfaction. We have moved to Florida and we are now planting them down here. Mother Bernard used your seeds for forty-eight years and would use no other, as she said she always had the finest results.

MRS. FRED BERNARD,
Crescent City, Fla.

Buckbee's Selected True Early Jersey Wakefield.

BUCKBEE'S
Extra Early
LARGE

New **QUEEN**
CABBAGE

BUCKBEE'S EXTRA EARLY LARGE NEW QUEEN CABBAGE

The Best and Largest Early Flat Cabbage Ever Grown.

The Finest Cabbage for General Use.

Make Money Growing Cabbage This Year.

Buckbee's Extra Early Large New Queen is unquestionably the finest bred and earliest of the very large (weighs from 17 to 25 pounds) Cabbages and the most solid headed of this class. It is a dwarf, compact grower, allowing close planting, a sure header, most uniform in growth, beautiful in appearance, free from coarse veining of the leaves, of much better quality than the big ribbed Winter sorts; in fact, it possesses all the fine qualities of the best early varieties, it is unexcelled in flavor and always the leader in every market. Practically every plant will form a very large, solid head and will mature earlier than any variety of equal size. It is suitable for every growing season; remarkable hardiness and vigor make it the safest Cabbage to plant. The heads become solid and eatable long before they are fully grown and they will stand well without splitting long after they are fully developed. If you want the best early Cabbage, plant Buckbee's New Extra Early Large Queen and you will not be disappointed. We control the entire seed supply and offer the choicest "FULL OF LIFE" Seed of our own growing at the following reasonable prices. Send to Buckbee for the true "Queen." Order early. Our New Queen Cabbage is bred for disease resistant qualities. Pkt. 10c; oz. 40c; 2 oz. 75c; ¼ lb. \$1.25; ½ lb. \$2.00; lb. \$3.75.

I can't get along without Buckbee's Extra Early Large New Queen Cabbage. They sure do head. We have used them for many years.

MRS. E. GALLAGHER, Omaha, Nebr.

BUCKBEE'S Chinese or Celery Cabbage

A New, Most Delicious Vegetable Which Should Be in Every Garden and Which Is One of the Most Profitable Crops to Grow for the Market. As Tender as Lettuce; Flavor as Delicate as Celery.

The Chinese or Celery Cabbage belongs to the Cabbage family; when young, it resembles a smooth-leaved Chard-Beet, leaves being light green and crimped; the plant as it matures forms heads much like Cos Lettuce, which are about 15 inches high, have a diameter of 6 to 8 inches, often weigh 4 lbs., and are as firm and solid as Cabbage; their heart blanches to a crystalline white, whiter than any Lettuce or Cabbage. The leaf is as tender as Lettuce and has as distinctive a flavor, being very delicate and pleasant; every leaf, including the outside ones, is tender and edible. It is served on the table like Lettuce with French dressing; or if cut up like Cabbage and served with mayonnaise or French dressing, it makes a splendid cold slaw. It can also be cooked like Cabbage, but it is without the strong Cabbage flavor and tastes more like Cauliflower. Our seed is Chinese grown, which is the only reliable stock for good solid heads. Prices, post-paid, pkt. 10c; oz. 30c; 2 oz. 50c; ¼ lb. 95c.

Buckbee's Chinese or Celery Cabbage.

SECOND EARLY CABBAGES

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

BUCKBEE'S DISEASE RESISTANT ALL SEASONS

Sure Cropper. Long Keeper.

Nearly as early as Early Summer, but considerably larger in size and one of the largest and most desirable of the second early varieties. The heads are large, nearly round, extremely hard and solid, with finely ribbed leaves; the eating quality is not excelled by any other Cabbage and is far better than that of the big-ribbed Winter sorts, and considered one of the best for kraut. It is suited to all growing seasons, is a sure header under most adverse conditions, and keeps well even if planted very late. Remarkable for its ability to stand the hot sun and dry weather, remaining an exceptionally long time in condition for use. Our strain is the finest on the market. Pkt. 15c; ½ oz. 60c; oz. \$1.00; 2 oz. \$1.85; ¼ lb. \$3.50.

STANDARD ALL SEASONS

The Stock Usually Sold.

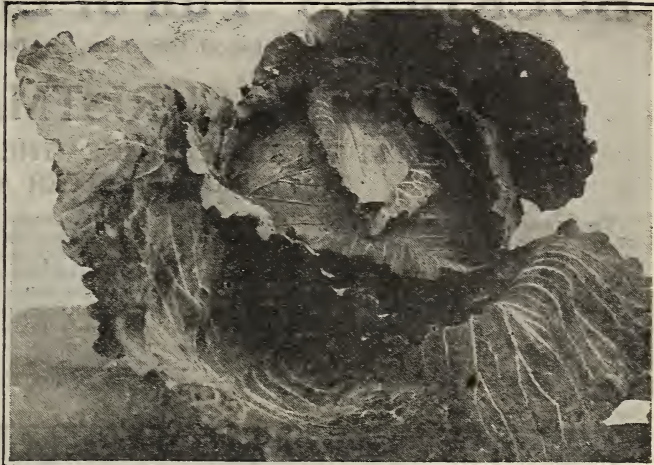

Pkt. 7c; oz. 25c; 2 oz. 40c; ¼ lb. 65c; ½ lb. \$1.20; lb. \$2.25.

GLORY OF ENKHUIZEN

This Cabbage is only 10 days later than Jersey Wakefield but heads twice as heavy, ball-shaped, thin ribbed, very firm, splendid keepers and of excellent quality. The color is a pale green. In appearance the heads are those of a small Danish Ballhead. Plants grow very uniform in size and shape and always head. Pkt. 8c; oz. 25c; 2 oz. 40c; ¼ lb. 75c; ½ lb. \$1.30; lb. \$2.50.

COPENHAGEN MARKET

The earliest large roundheaded cabbage yet introduced. The heads are exceptionally large for so early a variety, very solid and of most excellent quality. The plants are vigorous but compact, with short stem and few outer leaves which are of rather upright growth. The leaves are medium light green, nearly round, comparatively thick and smooth. This is a most excellent sort, both for the home garden and market gardening trade. Our strain produces the characteristic large, round heads that for solidity and excellent quality make this variety so valuable. Pkt. 8c; oz. 30c; 2 oz. 55c; ¼ lb. \$1.00; ½ lb. \$1.80; lb. \$3.25.

Buckbee's Achievement. BUCKBEE'S ACHIEVEMENT

First Offered in 1936 Under the Name of Radio.

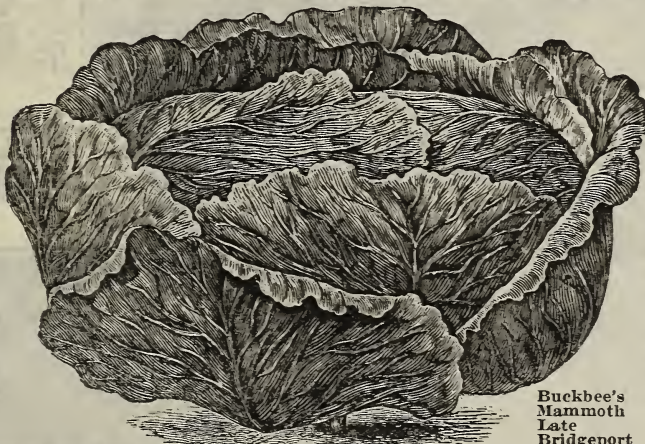

We dislike to change a name after it has once been offered, but this new Cabbage has proven such a wonder that we had to re-name it Buckbee's Achievement. This Cabbage is unusually disease resistant, medium or second early, of perfect shape and good size and a solid header. The yield is surprisingly large, and all heads keep unusually well. Fully equal in keeping qualities to our late winter varieties. Pkt. 10c; oz. 30c; 2 oz. 55c; ¼ lb. \$1.05; ½ lb. \$1.90; lb. \$3.50.

LATE OR WINTER CABBAGE

BUCKBEE'S MAMMOTH LATE BRIDGEPORT DRUMHEAD

A Standard Fall Shipping Sort.

It makes a large, round, firm head, uniform in shape and color, which seldom bursts or rots. With good cultivation heads attain a weight of 20 to 30 pounds, and are of the finest quality. The quality, either for slicing, for kraut and for general table use is unsurpassed. It is as natural for this Cabbage to form heads as leaves. This variety is much used by market gardeners in northern Illinois and has proven a great money-maker for them. Pkt. 8c; oz. 25c; 2 oz. 45c; ¼ lb. 80c; ½ lb. \$1.40; lb. \$2.50.

BUCKBEE'S NEW IMPROVED SUREHEAD

A Famous Main Crop Cabbage.

Of the "Flat Dutch" type. Heads uniform in size and color, round, flattened on top, extra hard, firm and fine in texture, weighing under average cultivation from 10 to 15 lbs., sweet flavored; has scarcely any loose leaves. One of the most reliable main-crop Cabbages. A sure header. Its great solidity makes it an excellent shipping as well as keeping variety. Pkt. 8c; oz. 25c; 2 oz. 40c; ¼ lb. 65c; ½ lb. \$1.20; lb. \$2.25.

BUCKBEE'S MAMMOTH LATE FLAT DUTCH

A Favorite Market Variety. Always Sure to Head.

This is a money-maker among late Cabbages for gardeners, and for family use it ranks the highest. No variety of late Flat Dutch surpasses it for fine quality and uniform reliability to produce solid, firm heads. Even during the most unfavorable weather the heads are large. They are usually very heavy and solid, in form are round, flat on top and of a bluish-green color with but few outer leaves. The quality is fine and flavor excellent, heads being crisp, tender and white, and they keep in good condition until Spring. Outside of Buckbee's Christmas King this is the variety planted by more gardeners than any other late sort, and one of the best to grow for the family table. Always sure to make a crop where other sorts fail, and sure to please everybody on all soils North, South, East or West. If you grow late Cabbage, do not fail to plant some of our selected and famous "Full of Life" strain of this variety. Pkt. 8c; oz. 28c; 2 oz. 50c; ¼ lb. 85c; ½ lb. \$1.50; lb. \$2.75.

BUCKBEE'S NEW GOLDEN ACRE— The Early Danish Cabbage

This Is a Genuine Early Round Head Danish. See Painting from Nature on Page 42.

We believe this to be the earliest solid, roundheaded cabbage grown. Hard heads 10 inches through have been matured in 30 days from seed. Can be left in the field for three weeks after fully matured without bursting. Head is always round and solid; leaves medium light green; flesh crisp, white and tender. Stem short and strong. Our seed is genuine Danish grown. Pkt. 10c; ½ oz. 90c; oz. \$1.50; 2 oz. \$2.75; ¼ lb. \$5.00.

Buckbee's Mammoth Late Flat Dutch.

BUCKBEE'S "Full of Life" CABBAGE SEED

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

BUCKBEE'S CHRISTMAS KING CABBAGE

THE GRANDEST WINTER CABBAGE—THE LARGEST CABBAGE IN THE WORLD
THE LONGEST KEEPER AND SUREST HEADER

The grandest late Cabbage ever introduced. This truly wonderful late variety of our own introduction gives the greatest yields of any Cabbage grown. Thousands of acres are annually sown with this one kind; it is a favorite among the largest and most discriminating growers everywhere and none of them have ever been disappointed in the results. Nine hundred and ninety-nine out of every thousand plants will produce marketable heads, which are of mammoth size, on good, rich soil, reaching the sensational weight of 60 pounds each. The leaves are deep blue, very wide and overlapping each other, forming tight, compact heads, which are all very uniform in size and in time of maturity, and are of the most delicious flavor, crisp and sweet. It never bursts, has but few outside leaves and can be planted closer than most sorts and will then produce a larger crop per acre than any other variety. It is the best Winter keeper; there is no other variety which maintains its fresh appearance so long after it has matured. It is also the best for kraut. Buckbee's Christmas King is the finest late Cabbage known today; for the market, for shipping and for the home garden it has no superior. We have grown this variety for many years, but improved it continuously

and it is today better than ever.

There is big money in Cabbage, but your harvest depends on the seed you sow. Always remember that the seed is the cheapest thing about your entire crop, therefore buy the best regardless of price, buy the right varieties, and varieties that have been tried out and yield bumper crops in the North, South, East and West. These are Buckbee's Early Queen and Buckbee's Christmas King. We control the complete stock of Christmas King and offer the choicest "FULL OF LIFE" Seed of our own growing at the following prices. Send to Buckbee's for the true "Christmas King." Pkt. 10c; oz. 40c; 2 oz. 75c; ¼ lb. \$1.25; ½ lb. \$2.00; lb. \$3.75.

Buckbee's "FULL OF LIFE" Seeds are the best that money can buy. Last year nearly all the Cabbage that people planted here made nothing on account of the dry hot weather, but Buckbee's Christmas King Cabbage made fine heads.

MR. W. FORBUS, Bingham, Ill.

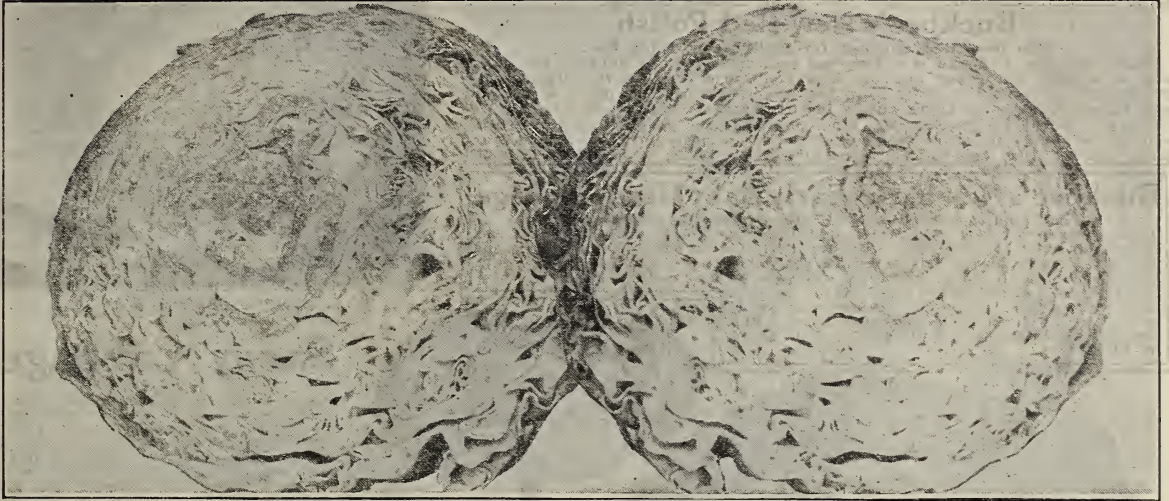

Buckbee's Christmas King Cabbage.

BUCKBEE'S "Full of Life" CABBAGE SEED

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

Danish Grown Cabbages—Round Headed Varieties—Wonderful Keepers

Buckbee's Great Dane—The Finest Late Cabbage Ever Grown.

Buckbee's Famous Great Dane

The Hardest Headed Late Cabbage. The Gardener's Favorite, the Best Shipping and Longest Keeping Cabbage.

For years large quantities of Danish Cabbage have been imported to our leading markets, the heads being of such solidity that the demand has been far in excess of the supply, and always at a price far above the ruling market rate. To get to the source of this supply we sent an expert to Denmark, who after careful inspection of the Cabbage-growing localities found at the Island of Amagar the GREAT DANE Cabbage, which he considered by far the finest and most productive of all the types and strains of the Ball Head Winter Cabbage grown in Denmark, and he contracted with its originator for all the seed he could supply.

We give herewith the description of this great Cabbage—by the originator, Mr. Torgeson: "For more than twenty years I have worked in perfecting this variety. The stem is medium sized, heads are almost as round as a ball, of good size, perfectly solid, very fine grained, of the best quality. They average larger and heavier, also mature earlier than the other strains of Hollander or Ball Head grown here. Because of the larger size, heavier weight, greater solidity of its heads, its unequalled keeping and shipping properties and its more tender quality, it will supplant all other varieties for Winter use. I cannot too highly recommend it to gardeners in your land (America)."

We control the entire seed supply and offer the choicest "FULL OF LIFE" Seed (grown by the originator in Denmark), at the following reasonable prices. Send to Buckbee for the true "Great Dane." Pkt. 10c; oz. 30c; 2 oz. 55c; ¼ lb. \$1.05; ½ lb. \$1.90; lb. \$3.50.

Danish Ball Head

Extra Selected Danish Grown Seed.

The heads, which are of medium size, average a weight of about eight pounds, and are very solid and deep, and of a fine white color. Their quality is excellent, and the heads being just as solid and perfect when taken up in the Spring as when they are put away in the Fall. Stem about 5 inches high. Pkt. 8c; oz. 25c; 2 oz. 45c; ¼ lb. 80c; ½ lb. \$1.45; lb. \$2.75.

New Round Head Danish

A New Short-Stemmed Type.

Two weeks earlier than Ball Head, heads rounder, unusually solid, average larger, with less outer foliage, of more robust growth, and is better able to resist blight. The heads are beautifully white when trimmed. Is especially recommended for high and light soils and are splendid keepers. Short stems about 2½ inches high. The Round Head requires less space; can therefore be set closer together than Ball Head. Pkt. 8c; oz. 30c; 2 oz. 50c; ¼ lb. 90c; ½ lb. \$1.65; lb. \$3.00.

Wisconsin Hollander

Acknowledged the Best Disease Resistant Variety.

Introduced and recommended by the Wisconsin Experiment Station. A strain of the Hollander grown in Wisconsin, resistant against the Yellow Rot disease. Has been grown successfully on the sickest old cabbage fields. Heads are round and somewhat flattened, and are remarkably solid. Pkt. 15c; oz. 60c; 2 oz. \$1.10; ¼ lb. \$2.05; ½ lb. \$3.90; lb. \$7.50.

New Wisconsin No. 8 "Hollander"—Disease Resistant.

RED CABBAGES

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities. Every home garden should contain at least a few plants of Red Cabbage. The housewife prizes them for pickling, salads and slaw; boiled down with a juicy apple, Red Cabbage makes one of the most delicious dishes. Red Cabbage for market is a profitable crop to grow. For early crop start seed in hotbed. For later crop start in seed bed. When young plants are large enough, transplant to open field same as late cabbage.

Buckbee's New Red Polish

The Best Red Cabbage for Pickling or Table Use.

This New Red Cabbage is a vigorous grower and quite hardy. The heads are of a dark red color, and are extremely firm and heavy. The outside leaves are somewhat crumpled at the edges, giving the plant a pleasing and rather ornamental appearance. It is the largest and surest heading Red Cabbage. New Red Polish is the most profitable red sort with which we are acquainted, and will prove satisfactory in all respects to growers, cook and pickle-maker. Pkt. 10c; oz. 35c; 2 oz. 60c; ¼ lb. \$1.15; ½ lb. \$2.00; lb. \$3.50.

Buckbee's New Extra Early Baby Head Cabbage

Very Small; Solid Heads; Extra Early; Heavy Cropper.

This wonderful new cabbage was sent out for trial last season and our customers reported splendid results from it. On account of the short stem and a few outer leaves can be grown very close together, ten inches apart being about right. Heads are firm, well shaped and round. Flesh is white and crisp and are usually ready for the table in about six weeks. This is the best variety to grow where your garden space is limited. Pkt. 10c; oz. 35c; 2 oz. 65c; ¼ lb. \$1.25; ½ lb. \$2.30; lb. \$4.00.

Buckbee's New Red Polish.

Savoy Cabbages

Savoy Cabbages have crimped leaves and are more tender, of milder and sweeter flavor than the smooth-leaved varieties; their flavor will improve after being frosted. They are equal in quality to Cauliflower and make a good substitute for it where this vegetable cannot be grown. They should be in every private garden and when once used they will always be planted.

Buckbee's Sugar Loaf Savoy

The Best—Noted for Fine and Delicate Flavor.

This improved variety is the very best of the Savoys for home use or the market. Most attractive, matures early, hardest headed. Plants vigorous, densely crumpled and very sure heading. Branches beautifully. Pkt. 10c; oz. 25c; 2 oz. 45c; ¼ lb. 80c; ½ lb. \$1.45; lb. \$2.75.

Baby Head Cabbage.

Buckbee's Sugar Loaf Savoy.

NO MORE CABBAGE WORMS IF YOU USE HAMMOND'S SLUG SHOT

This is a wonderfully effective non-poisonous insecticide which comes in dry powdered form. For best results use in the morning while the dew is on the Cabbages. Sprinkle enough dry powder on the heads so that they look white and dusty. Slug Shot is also guaranteed to destroy Potato Bugs and those on Tomatoes and Egg Plants, Currant Worms, Fleas, Beetles and Striped Bugs on Melons, Turnips, Beets, Onions. Postpaid, lb. 25c. By express or freight, not prepaid, 5 lbs. 60c; 10 lbs. \$1.15; 25 lbs. \$2.75; 50 lbs. \$5.25; 100 lbs. \$9.95.

BUCKBEE'S FROST PROOF CABBAGE PLANTS

To get the advantage of these Frost Proof Cabbage Plants they must be planted a month or six weeks earlier than you would plant home grown plants.

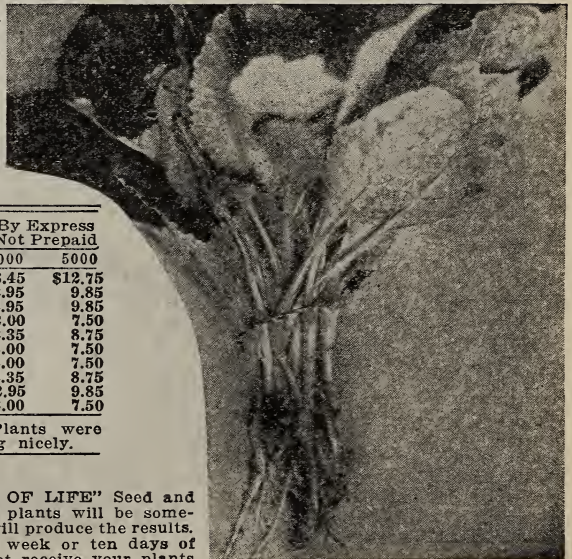

Following the variety name in each column below are complete scales of prices of 100 to 5000 plants. The prices which appear opposite each variety apply to that sort only and not to a combination of varieties. For example you can order 500 plants of any one variety at the 500 price but if you wish 500 plants of five different varieties you should remit for them at the 100 prices on each sort. Regardless of how many varieties you may order, figure the price of each separately, the same as though you were ordering that variety only.

Mrs. L. Jackam, Peel, Ark., writes: The Frost-proof Cabbage Plants were received in splendid condition. They were fine plants and are doing nicely.

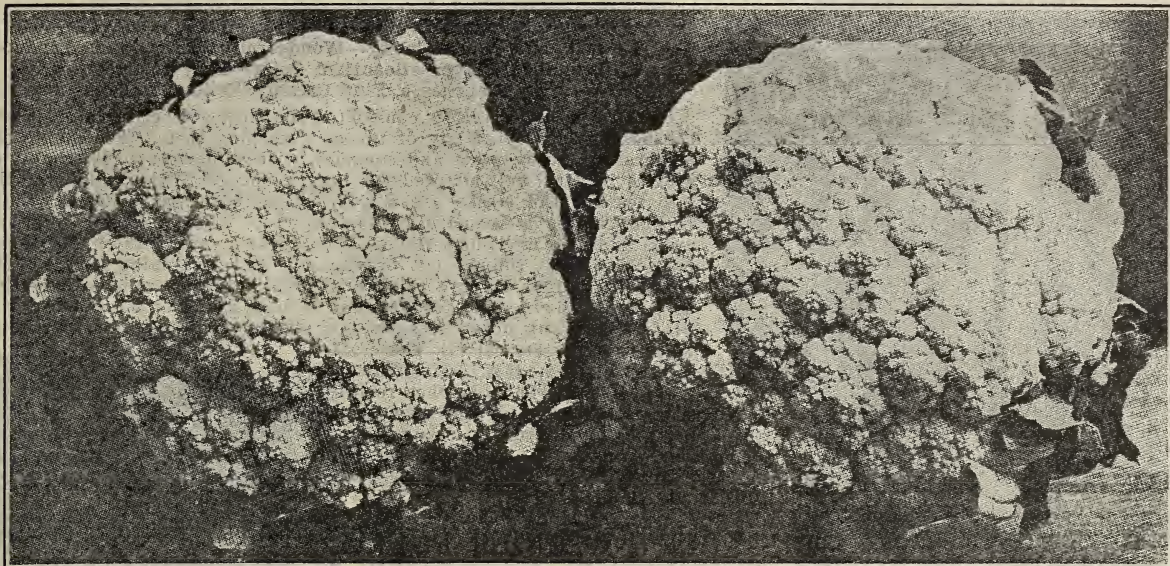

We Fill Orders Until April 15th Only

Our Cabbage plants are grown in the South from the best "FULL OF LIFE" Seed and are shipped direct from our growing station by mail or express. The plants will be somewhat wilted and have a hard, stunted appearance when received but will produce the results. Plants cannot be pulled or shipped when beds are wet. At times a week or ten days of continued wet weather will prevent shipment of plants. If you do not receive your plants as soon as you expect them, you will know that weather prevents shipment. Be sure to state date you want your plants shipped.

BUCKBEE'S "FULL OF LIFE" CAULIFLOWER

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

Buckbee's Extra Early Chief.

BUCKBEE'S EXTRA EARLY CHIEF CAULIFLOWER

The Earliest Grown—A Sure Header—Drought Resister—Large Solid Heads of Snowy Whiteness
The best variety for either market or family purposes, by far the earliest and surest large header and the most profitable grown. The greater part of Cauliflower seed offered is of European growth, but after years of careful study and perseverance we are able to offer this thoroughbred American variety—"CHIEF." It is of very compact growth, with very short stalks. The plants can be set very close together, and the leaves growing upward naturally protect the heads, which are handsome beyond description, measuring fully 12 to 15 inches across, and even more under careful cultivation; they are pure snow-white, very close, compact and of the most superior quality. The heads being so extremely solid and deep, weigh heavier than any other early variety. It can be used for early or late planting, for forcing or the open ground; used any way, we recommend it with the full assurance that it will give entire satisfaction and that it is not surpassed by any other variety in earliness and sure heading. In no vegetable is there so vital a relationship between seed and crops as in the Cauliflower. We make Cauliflower a specialty and we know Extra Early Chief will never fail to please the most exacting; it is a thoroughbred, pedigree-strain, the grandest, large-heading, early Cauliflower ever grown. We have sold it for years, supplying the largest Cauliflower growers with it in every part of this country and have received nothing but praise from everybody. Comparative tests have proved conclusively that Buckbee's Chief matures earlier, is a surer and heavier cropper and produces more marketable heads per acre than any other Cauliflower of equal size. No grower of Cauliflower need fear the outcome of the crop if he is relying on this superb, world-beating variety.

Prices of Buckbee's Extra Early Chief, pkt. 15c; ¼ oz. 90c; ½ oz. \$1.60; oz. \$3.00; 2 oz. \$5.50; ¼ lb. \$10.00, postpaid.

HENDERSON'S FINE EARLY SNOWBALL Pedigree Seed, Large Solid White Heads. A Sure Cropper.

Certainly a fine variety, a great favorite with market gardeners and a standard throughout the country; very early, close growing, of compact habit; is well adapted for forcing under glass during the winter and spring. The heads are large. For early or late planting, for the family or the market garden this variety can be depended upon for excellent results. We have the finest strain of the Snowball in the country; this can be attested to by our many market gardener customers who used it for many years with great success. Pkt. 10c; ½ oz. \$1.25; oz. \$2.25; 2 oz. \$4.00; ¼ lb. \$7.50.

BUCKBEE'S EARLY FAVORITE

Very Popular, Very Large, Easily Grown.

A second early, sure heading and reliable variety. Larger and later than Snowball. Will stand heat and drought exceptionally well, which is a great point in its favor and makes it most highly desirable in regions where other varieties of Cauliflower have failed to thrive. Of dwarf growth, with short outer leaves. Early Favorite has never yet failed to please the most exacting grower and its rapidly increasing popularity is due entirely to its real merit and not to any special effort in its behalf. Give it a trial and we are sure you will never have reason to complain of the results. Pkt. 8c; ½ oz. 55c; oz. \$1.00; 2 oz. \$1.85; ¼ lb. \$3.50.

EXTRA EARLY DWARF ERFURT SELECTED

This Is a Fine Old Sort and a Favorite with All.

Remarkable for reliability of heading; dwarf, solid, pure white heads of most superior quality. If planted in first of March, heads 8 to 10 inches in diameter will be ready early in June. Snowball and Buckbee's Chief are highly developed strains of this variety and produce somewhat larger heads earlier in the season. Pkt. 10c; ½ oz. \$1.00; oz. \$1.85; 2 oz. \$3.50; ¼ lb. \$6.75.

EXTRA EARLY PARIS

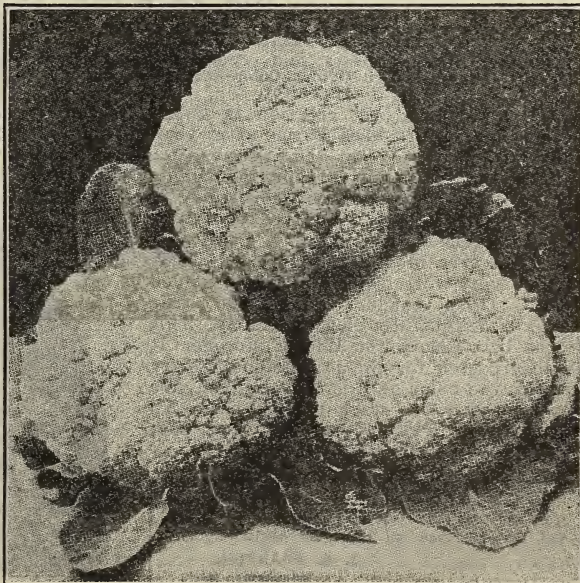

Pure White Early Variety of Medium Size.

An extra early variety, useful for Spring planting. Heads of medium size, with narrow and straight leaves; they are snow white and of fine quality, but not as large nor as firm as the Erfurt type of Cauliflower. Dwarf habit. Pkt. 7c; ½ oz. 45c; oz. 75c; 2 oz. \$1.40; ¼ lb. \$2.50.

LE NORMAND'S SHORT STEM

Sure Heading Standard Late Variety.

The very best large late variety grown. Sure to please. Curd is well protected by broad, short leaves of deep green color; the stems are extremely short and stout. Head very large, solid, pure white and of superb quality. It is very hardy, stands drought very well, and also frost. It is a sure header. Fine in every way. Very popular with market gardeners. Will be ready for use in about 120 days from sowing. Pkt. 7c; ½ oz. 45c; oz. 80c; 2 oz. \$1.45; ¼ lb. \$2.65.

Henderson's Fine Early Snowball.

BUCKBEE'S "Full of Life" CELERY

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

Buckbee's Silver Acre.

BUCKBEE'S NEW SILVER ACRE

The Newest and Best Celery—Wonderfully Crisp and Tender—
Unequalled Flavor—Beautiful Color—Easy to Grow—
Blanches a Fine Creamy Yellow.

Buckbee's Silver Acre is considered the most attractive in color and the best in quality of any of the good-keeping sorts. The plants are moderately dwarf, erect and compact, with solid heart. The habit of growth is very well adapted for long keeping. When ready for the late market the stalks are a very attractive light creamy yellow. It blanches to a beautiful yellowish white color, is very solid and crisp, and of a fine nutty flavor. The stalks are very thick, the upper portion nearly round but broadening and flattening toward the base. With high culture this variety will give splendid satisfaction as a large-growing sort for Fall and Winter use. For market use it is preferred to any other because it is slow to wilt and its rich yellow color is very attractive. The stalks are unusually heavy. It is of dwarf, compact habit and blanches readily.

The very handsome color of the crisp, heavy stalks, their freedom from stringiness and excellent flavor make this a market favorite.
Pkt. 10c; oz. 50c; 2 oz. 95c; ¼ lb. \$1.75;
½ lb. \$3.25; 1b. \$6.00.

BUCKBEE'S WONDER PLUME

Better Than Golden Self Blanching—Easier to Handle
Than Easy Blanching—Disease Resistant.

Buckbee's Wonder Plume Celery is the height of perfection in the Celery family—combining the cardinal features of its parentage; the earliness, attractive appearance, superior quality and delightful nutty flavor of the Golden Self Blanching, and the splendid, vigorous growth of Easy Blanching, producing beautiful full hearts which blanch quickly to the center, of a rich golden yellow color. Buckbee's Wonder Plume is especially recommended as a disease resistant Celery, a wonderful cropper, and a most profitable variety to grow for the home garden, for market gardeners, and for long distance Celery shippers. Send to H. W. Buckbee's Rockford Seed Farms for genuine stock seed grown from originator's seed.
Pkt. 15c; 2 pkts. 25c; ½ oz. 55c; oz. 95c; 2 oz. \$1.75;
¼ lb. \$3.25.

PERFECTED WHITE PLUME

Buckbee's Private Stock.

Is too widely known to require extended description. We will only say that we have not yet found a strain that is as early and of as good a flavor, crisp and tender, as our selection of this sort. It is unsurpassed for Fall and early Winter use. Pkt. 7c; oz. 25c; 2 oz. 45c; ¼ lb. 80c;
½ lb. \$1.45; 1b. \$2.75.

Buckbee's Wonder Plume.

BUCKBEE'S ALL HEART

Crisp and Brittle—Dwarf and Compact—Absolutely
Stringless—Rich Golden Color—Exquisite
Nutty Flavor.

The latest and best creation in Celery. Originated on Rockford Seed Farms after years of careful trial and experiment and has given unparalleled satisfaction in every part of the country. It is the earliest of the Winter Celeries—ready for use about 14 days later than the early self-blanching sorts. It is a very showy Celery, with very broad, medium sized stalks of fine ivory-white color and a rich golden heart. Crisp, tender and brittle. The flavor is delightfully rich and nutty. This is the best Celery for Winter storage. It is unsurpassed for the professional Celery grower, the home and market garden. We control the entire stock of Buckbee's All Heart Celery. Pkt. 10c; oz. 30c; 2 oz. 55c;
¼ lb. \$1.05; ½ lb. \$1.90; 1b. \$3.50.

We have used your "Full of Life" Celery for many years and have never been disappointed. Your Golden Self Blanching and All Heart are particularly fine.

J. G. FRANKLIN,
Kalamazoo, Mich.

Buckbee's All Heart Celery.

BUCKBEE'S "Full of Life" CELERY

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

BUCKBEE'S GOLDEN YELLOW SELF-BLANCHING

Originators French Grown Seed; Delicious Quality; Dwarf; Large Bunches; Broad, Heavy Stalks; Rich, Golden Yellow Color.

This is the strain used by gardeners and extensive growers in every large Celery district in the United States. No other strain of seed gives such universal satisfaction, and it is without question the most popular and dependable early strain of Celery grown. The plants are medium sized, stocky, and the stalks crisp, solid, heavy and of a yellowish-green color when young, but as they mature the inner stems and leaves turn a beautiful golden yellow, which adds much to their attractiveness and makes the work of blanching much easier. The handsome color, crispness, tenderness, freedom from stringiness and fine nutty flavor of this variety make it only necessary to be tried in order to establish it as the standard of excellence as an early sort. Pkt. 10c; oz. 95c; 2 oz. \$1.75; ¼ lb. \$3.25; ½ lb. \$6.25; lb. \$12.00.

Select American grown seed. Pkt. 8c; oz. 40c; 2 oz. 75c; ¼ lb. \$1.45; ½ lb. \$2.60; lb. \$4.75.

BUCKBEE'S GENUINE GOLDEN HEART

Original Private Stock. This variety is of a short, stocky growth with a large heart which blanches a beautiful golden yellow, and is crisp, brittle, tender and of fine flavor. An old, very popular, long-keeping sort. Pkt. 7c; oz. 20c; 2 oz. 35c; ¼ lb. 65c; ½ lb. \$1.10; lb. \$2.00.

WINTER QUEEN

A very popular sort, and an excellent Winter keeper, with short, broad and extra heavy stalks; of compact growth, with very large heart. Blanches easily and quickly. Crisp and delicious nutty flavor. As a late Winter keeper it is unsurpassed. It is worthy of a place in every garden and is a money-maker for the market grower. Pkt. 7c; oz. 25c; 2 oz. 40c; ¼ lb. 70c; ½ lb. \$1.30; lb. \$2.50.

GIANT PASCAL OR WINTER KING RE-SELECTED STOCK SEED

A selection from the Golden Self-Blanching and adds to the general good qualities of its parent, superior keeping qualities. The stalks are short, broad, heavy, thick, solid, crisp and of a rich nutty flavor, free from any trace of bitterness. They blanch to a paper whiteness. One of the very finest of our Winter Celeries. Pkt. 7c; oz. 25c; 2 oz. 45c; ¼ lb. 80c; ½ lb. \$1.45; lb. \$2.75.

BUCKBEE'S EASY BLANCHING

The Easiest Blanching and Longest Keeping Celery Ever Grown.

A most valuable Celery of recent introduction. An entirely new and distinct variety, and the only easily blanched green or long-keeping sort known. Its remarkable combination of easy blanching and long-keeping qualities—not found in any other variety—make it at once the most valuable of all Celeries for those who grow for market as well as for all private gardeners, both for an early crop and for Winter use. The plants are of strong and stocky growth with green foliage, showing a slight tinge of yellow in the inner leaves. The stalks are very large, heavy, thick and solid with shallow ribs and with extra large and firm hearts.

Easy Blanching is of most attractive appearance, largely on account of its large, finely colored heart, and the quality is superb, tender and brittle, with an excellent nutlike aromatic flavor. Prices of Buckbee's Easy Blanching Celery Pedigreed Seed. Pkt. 10c; oz. 50c; 2 oz. 95c; ¼ lb. \$1.75; ½ lb. \$3.25; lb. \$6.00.

CELERY SEED FOR FLAVORING

Oz. 8c; 2 oz. 12c; ¼ lb. 20c; ½ lb. 35c; lb. 60c.

CELERIAC, OR TURNIP ROOTED CELERY

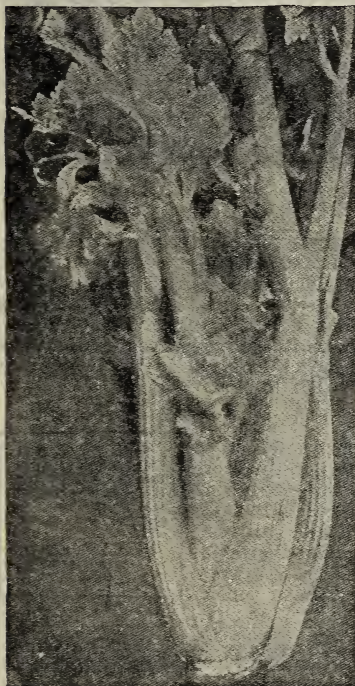

In this kind of Celery, the roots have been developed by cultivation and not the leaf-stalks. The roots, which are edible portion, keep well for winter use and are excellent for soups and stews. They are also cooked and sliced as a salad. Sow seed at the same season and give the same treatment as common Celery. Transplant to moist, rich soil, in rows two feet apart and six inches apart in row. Give thorough culture. It is not necessary to earth up or "handle" the plants. After the roots have attained a diameter of two inches, they are fit for use.

Buckbee's New Delicatess—Root turnip-shaped; much larger, smoother and of more tender, sweeter taste, stronger flavor than other varieties. Pkt. 10; oz. 35c.

Large Rooted Giant Prague—Improved form of turnip-rooted Celery, producing large and smooth roots, almost round; few side roots. Large green foliage. Pkt. 6c; oz. 25c.

Golden Yellow Self-Blanching.

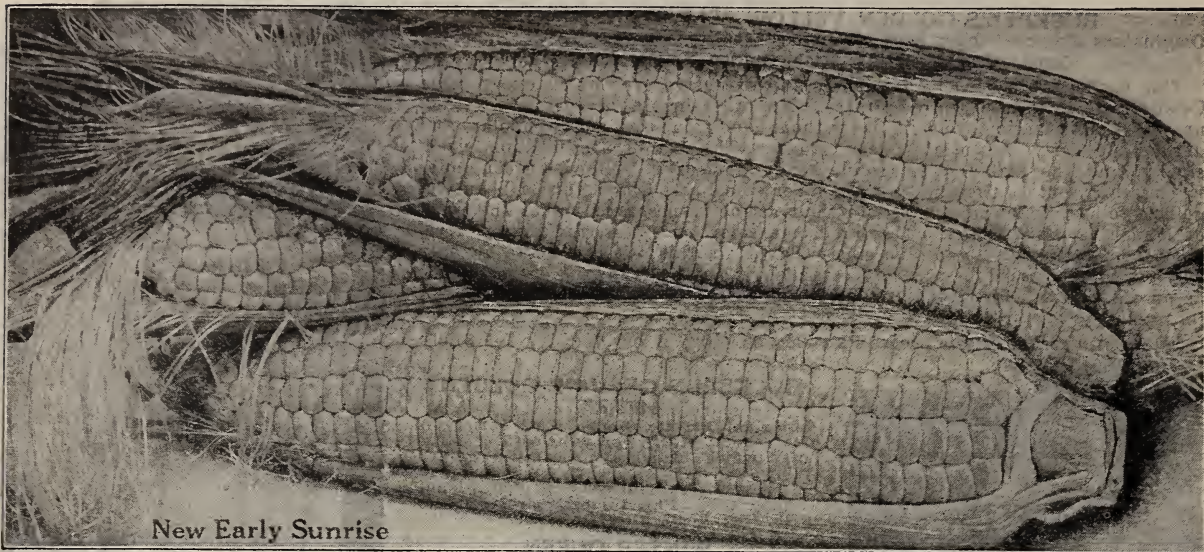

Buckbee's Easy Blanching.

Buckbee's New Delicatess Celeriac.

THE BEST FIRST EARLY SWEET CORNS

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

New Early Sunrise

Buckbee's New Early Sunrise

Absolutely the Earliest Good Sweet Corn

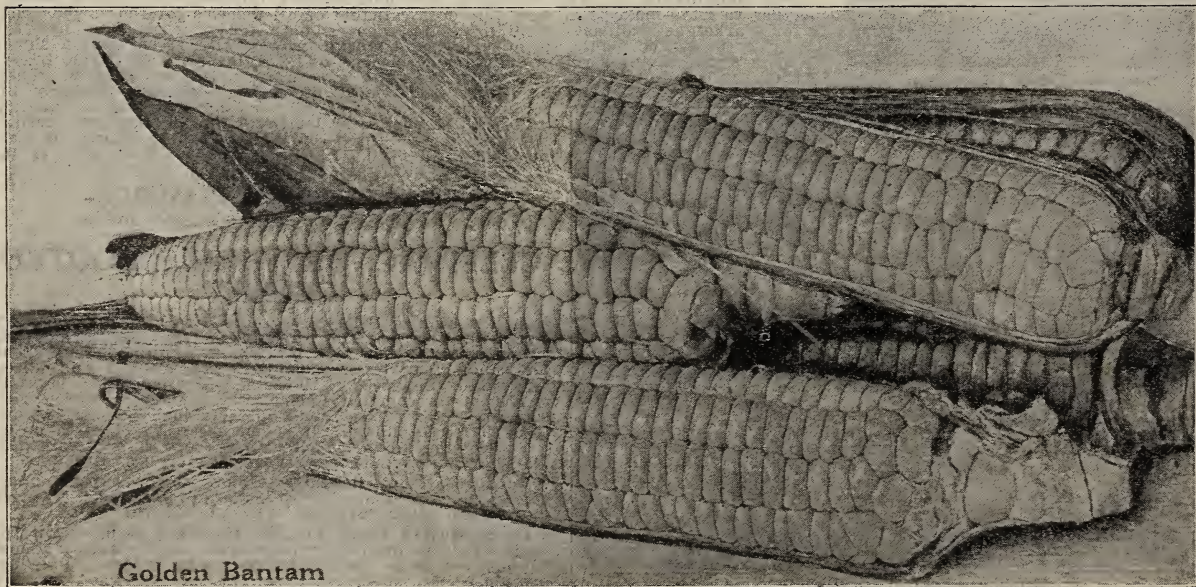

The beauty and quality of this remarkable variety give it prominence over all others for family, market, canning, shipping, and, in fact, all purposes. Ears large (the fat kind), grains of great depth, exceedingly tender and sweet, the sort that fairly melts in the mouth. Something in Sweet Corn that makes everybody talk Early Sunrise as the very best introduction to present date. Our seed stock is carefully grown and selected with the sole object of keeping it up to the highest standard of excellence as the earliest, largest and best on record. This is a very distinct variety, which was originated many years ago by a market gardener in northern Iowa. With us it always proved earlier than any other so-called extra early variety of other seedsmen. The ears are about 6 inches long, 10 to 12-rowed; they are very uniform and handsome and have a small white cob. Postpaid, pkt. 10; ½ lb. 25; lb. 40c.

Buckbee's Golden Bantam

A very early Sweet Corn, about ten days later than Sunrise; more hardy and can therefore be planted earlier than most other sweet corn. It grows 3½ to 4 feet high, produces two or more ears to the stalk; the ears, which are 6 to 7 inches long and covered with eight rows of golden yellow grain, are very tender and of exceptionally rich and delicious flavor. Golden Bantam has a distinct taste and many people prefer it to all other varieties. Market gardeners will find it a well-paying crop wherever it has been tried. Our stock has been carefully grown and selected. Mrs. L. T. Loveless, Seattle, Wash., writes: "The Golden Bantam Corn I bought from you grew fine and the ears averaged 6 to 9 inches long." Postpaid, pkt. 10c; ½ lb. 20c; lb. 35c.

Buckbee's New Early Sunshine Sweet Corn is a wonder. It is very early and so sweet that we couldn't get enough of it.

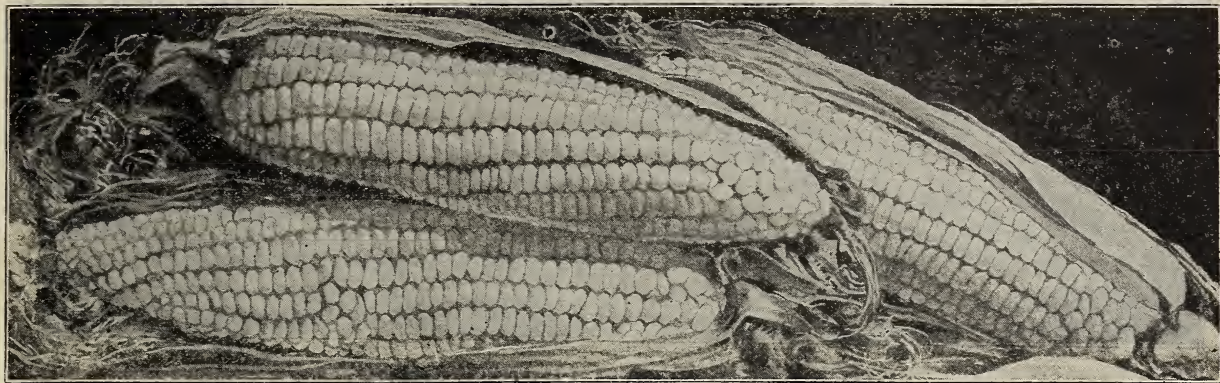

I. L. JACOBS,
Indianapolis,
Ind.

Golden Bantam

THE FIRST BEST EARLY SWEET CORNS

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

Buckbee's Selected Mammoth Early White Cob Cory.

Buckbee's Everbearing

If You Want Delicious Corn on Your Table the Fourth of July Plant This Extremely Hardy, Early Maturing, Large Eared Sort.

We have produced in this early corn a variety which stands alone as a money maker. It is in the same class as the Earliest of All Sugar Corns, considerably larger and, best of all, contains a sweetness equal to most true sugar varieties. It has the power of germination under conditions where all others have failed and can safely be planted much earlier than any true sugar corn on account of its extreme hardiness. It adapts itself to any kind of soil, either sand or heavy clay.

It is as large as Stowell's Evergreen. The fodder grows 6 feet high; no small item to a gardener; and, as a proof of its quality and sweetness, we have a continuous call for "Everbearing" from our customers year after year. The ears are of good size and covered with kernels clear to the end of the cob. Each stalk will produce one to two well developed ears. Now, if these are picked when mature, one or two and even four more ears will set and develop on the same stalk during the next two to four weeks. Three or four dozen hills will supply a good-sized family for weeks. Postpaid, pkt. 10c; ½ lb. 22c; lb. 40c.

Improved Adams Early

A Popular Sort for Roasting Ears.

While not a sweet corn, this is a tender corn often used for the table, particularly in the South. The ears are about 8 inches long, 12 to 14-rowed, and the kernels are white, somewhat deeper than broad and indented at the outer end. The stalks are about 6 feet high. Can be planted earlier than any Sweet Corn. Postpaid, pkt. 7c; ½ lb. 17c; lb. 28c.

Kendall's Early Giant

Valuable for the Home Garden.

The ears measure 8 to 10 inches long and have 10 to 18 rows of grain. The majority of the ears are 12 rowed. The kernels are pure white and are very sweet, tender and palatable. Kendall's Early Giant is a prolific variety, and matures its large ears in about 60 days, depending on location and character of soil. The large, well filled and highly palatable ears command a quick sale in any market where there is a demand for really choice early sweet corn. Valuable for the home garden. Postpaid, pkt. 8c; ½ lb. 19c; lb. 34c.

Buckbee's Selected Mammoth Early White Cob Cory

Famous for Earliness, Size and Sweetness.

A very fine early variety but somewhat later than Buckbee's Early Sunrise, and is very largely planted by market gardeners to follow this variety; it has proven a well-paying crop for them. Mammoth Cory is a selection from the old White Cob Cory, but its ears are 12-rowed and the kernels set very closely together so that there is no lost space on the cob. The grain is large, broad, very white and of sweet, delicious quality. The plants are vigorous growers of medium height and are very prolific. This is a finely bred Sweet Corn with handsome symmetrical ears and is worthy a place in every garden. Postpaid, pkt. 8c; ½ lb. 20c; lb. 35c.

Black Mexican

Delicious Sweetness. Cooks Clear White.

This corn, when very young, cooks remarkably white, but the ripe grain is bluish black. For home use we consider it the best second early sort where tenderness and sweetness are the qualities most desired. It does especially well as a second early variety in the South. The stalks are about 6½ feet high. The ears are about 8 inches long and are usually eight rowed. Postpaid, pkt. 8c; ½ lb. 20c; lb. 35c.

Extra Early Cory

A Fine Table Variety. Early and Sweet.

One of the most popular varieties and extra early. Ears of good size, well filled to the very tip with eight rows of broad kernels of excellent quality; vigorous grower; about 4 feet high. Postpaid, pkt. 8c; ½ lb. 19c; lb. 34c.

Early Minnesota

Sweet and Tender. Deservedly Popular.

This popular variety is one of the best early sorts for the market and the private garden. By careful selection we have developed a stock which is remarkably uniform, and in which all the good qualities are intensified. The stalks are about 6 feet high, bearing one or two ears which are about 8 inches long, 8-rowed and have very broad, white, sweet and tender kernels. Postpaid, pkt. 8c; ½ lb. 17c; lb. 30c.

Buckbee's Golden Sunshine

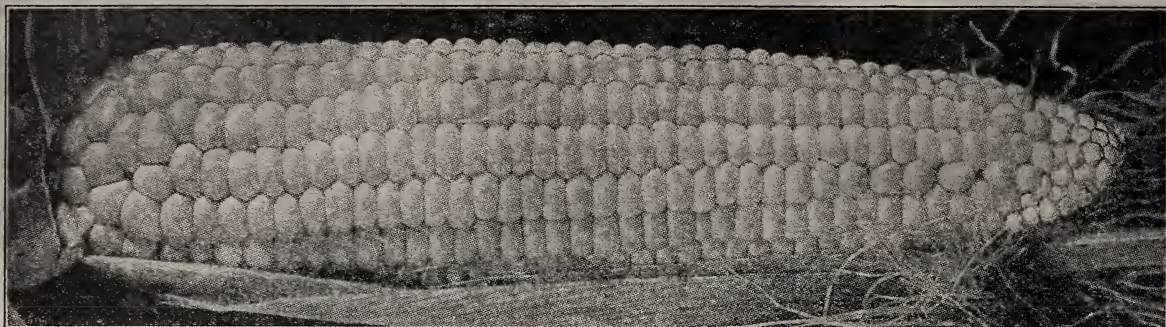

The 12-Rowed, Golden Bantam and 10 Day Earlier. See painting from nature on front cover. Pkt. 15c; ½ lb. 40c; lb. 75c. Postpaid.

Buckbee's Everbearing Sweet Corn.

THREE WONDERFUL NEW SWEET CORNS

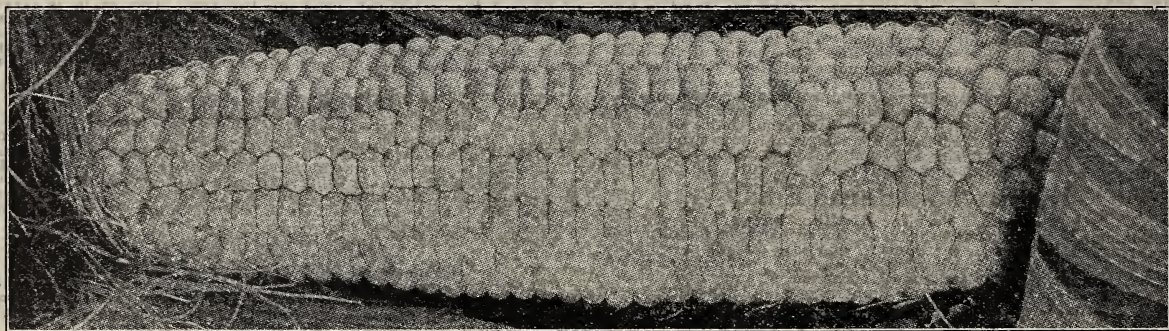

Early and Sweet—Tender and Juicy—Buckbee's "Full of Life" Seeds are Bred for Disease Resistant Qualities

BUCKBEE'S NEW GOLDEN GIANT

Extremely Early and Sweet. The Best of the Golden Grained Sweet Corns.

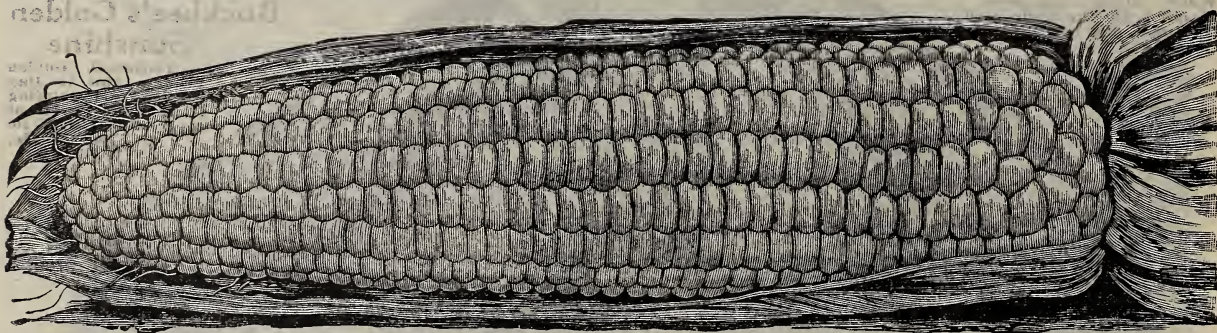

This sterling new Sweet Corn, Golden Giant, is a cross between Golden Bantam and Howling Mob, combining the distinct buttery flavor of its most delicious yellow parent with the size of its white parent, making it the sweetest, most tender and juicy of all Sweet Corns. The stalks grow $4\frac{1}{2}$ to 6 feet high, producing in 62 days two to three good ears 7 to 9 inches long with 12 to 20 rows of long, deep kernels of deep orange color. The husk is very heavy, affording the end protection from worm and bird. It excels all other varieties in size, productiveness and quality. It is an excellent yellow grained corn for the home or market garden. We believe it is the best all-around Corn and the most desirable one for the family garden; it is also particularly well adapted for market gardeners having a discriminating trade and has always been sold at a premium, there never having been enough to supply the demand. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 21c; lb. 38c.

BUCKBEE'S NEW GOLDEN EVERGREEN

Heavy Yields; Good Size; Fine Appearance and the Sweetest Corn Ever Eaten.

New Golden Evergreen is the result of a cross between white Evergreen and Golden Bantam, and proved to be a happy and complete blending of each kind, combining the deliciously sweet flavor of Golden Bantam and the evergreen habit of the White Evergreen. The stalks are 6 to 7 feet high, bears two or more ears to the stalk, with 12 to 14 rows of deep, sugary grains with a tender skin, which is light yellow in the green state, but cooks to bright, golden yellow. Buckbee's Golden Evergreen is of the right size, nice appearance and considered by all who tried it the sweetest Corn ever eaten. It is fast becoming one of the most popular varieties of Sweet Corn. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 21c; lb. 38c.

BUCKBEE'S NEW HONEY SWEET

A most desirable Second Early Variety

With the possible exception of Buckbee's New Golden Evergreen described above, New Honey Sweet is the sweetest flavored corn grown. Of beautiful pearly white color, and only a week or two later than the Extra Earlies, this meets with ready sale wherever offered. Ears 12 rowed, medium size. Grains deep and cob small. Quality excellent, and stays fit for the table longer than most sorts. Add to all this the extraordinary sweetness, and you have a corn that is practically without a rival. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 21c; lb. 38c.

For prices of Sweet Corn in quantities see Page 2.

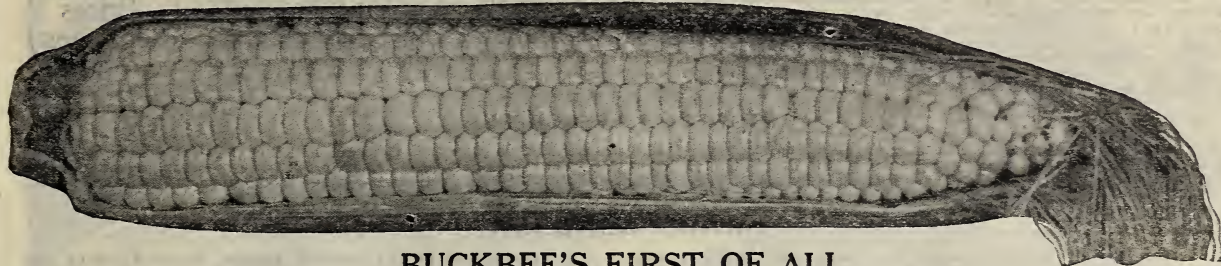

THE THREE BEST SWEET CORNS

The Best Early

The Best Mid-Season

The Best Late

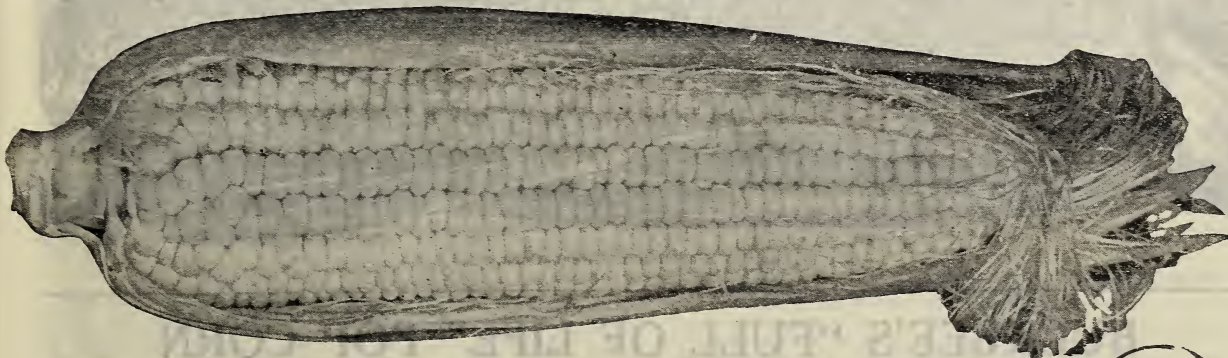

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

BUCKBEE'S FIRST OF ALL

A World Beating First Early Sweet Corn

Extra Early Large Size, Heavy Cropper, Sweet and Tender. Comparative tests made by Sweet Corn experts throughout the country as well as at Rockford Seed Farms have proven it to be from three days to a week earlier than Cory, making it very desirable, not only for family gardens, but an especial boon to market gardeners who desire to have the first Sweet Corn in market. Ears are of good size, well filled with large grains to the very tip. Many of the ears contain from ten to twelve rows while the Cory generally has only eight rows. In habit of growth it excels all other early varieties, being stocky and exceptionally vigorous. The quality is excellent and surpassing sweet. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 21c; lb. 38c.

BUCKBEE'S BEST OF ALL

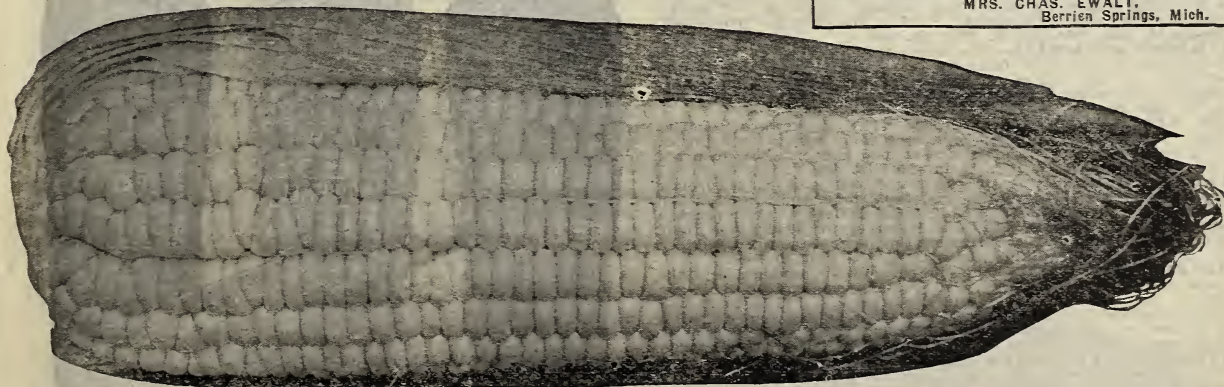

Sweetest and Most Delicious Medium Season Sweet Corn.

Early, prolific, sweet, tender, large, handsome. "Best of All" is of exceptionally stocky growth and an abundant and satisfactory yield; ears of large size; kernels very broad and especially sweet, rich, white and tender. Not only is it valuable for family use, but for early market and shipping purposes it is also in the lead. Mr. Crane, one of the most prominent Sweet Corn specialists, writes: "Gave Buckbee's 'Best of All' a fair trial, and will say that it surpasses every claim that you make for it, and more, too. I can highly recommend it for all general purposes." Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 21c; lb. 38c.

I have bought Buckbee's Seeds for a great many years and have always found them true to name and 'Full of Life.'

MRS. CHAS. EWALT,
Berrien Springs, Mich.

BUCKBEE'S PRIVATE STOCK EVERGREEN

Acknowledged the Best Standard Late Sweet Corn.

This Sweet Corn as now improved is the best for main crop. The illustration distinctly shows the formation and size of grains and the manner in which they are set on the cob, which is small in comparison to the size of the ears, making this strain of Evergreen Sweet Corn the most preferable variety ever offered for main crop. For table use the quality of Buckbee's Private Stock Evergreen Sweet Corn cannot be excelled. It is very tender, sugary, and remains a long time in condition suitable for cooking; coming into the market at a time when the main crops are being sold, these are very important conditions. For canning purposes Buckbee's Private Stock Evergreen Sweet Corn will prove most satisfactory; its large ears, with long, slender grains, make by far the most salable canned corn, and it out-yields all other varieties. Many of our customers who made trials of this splendid Sweet Corn the past year, report yields of over 200 bushels of ears per acre. You cannot possibly be disappointed by planting Buckbee's Private Stock Evergreen. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 21c; lb. 38c.

BUCKBEE'S PEDIGREED SWEET CORN LATE OR MAIN CROP VARIETIES

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

BUCKBEE'S MAMMOTH LATE OR SUGAR

The Largest Eared Sugar Corn.

Mammoth Late or Sugar is the largest and best Sweet Corn grown, and any one desiring sugar corn producing ears of immense size which are at the same time of delicious flavor, will do well by planting Mammoth Late or Sugar. Matures in 90 days. The stalks are comparatively short, and so thick and strong they stand up well against storms and rains. The ears are frequently 12 inches or more in length, well formed and exceedingly handsome. In sweetness, succulence, depth of grain and fine table quality Mammoth Late or Sugar will be found hard to beat. We recommend it to private or market gardeners as well as canners. Postpaid, pkt. 8c; $\frac{1}{2}$ lb. 20c; lb. 35c.

STOWELL'S EVERGREEN

The best known and most largely planted of all the late varieties. This Corn is distinguished by the large ear, the long, deep kernels, its rich, sugary flavor and its long keeping qualities. Our seed has been selected for its sweetness, productiveness and large size. No better can be obtained. It is Northern grown. Our strain is particularly fine and our price is very reasonable. Postpaid, pkt. 8c; $\frac{1}{2}$ lb. 18c; lb. 32c.

COUNTRY GENTLEMAN

This variety is often called the "Shoe Peg" Corn, owing to the arrangement of the crowded kernels, which are long and very sweet. Our seed of this variety has been carefully selected and is true to name. It is considered by many the best of the late varieties. It remains tender and fit for use longer than most sorts, as the ear is enclosed in a thick husk, which keeps it "in the milk." Slender, very deep, white, very tender and lusciously sweet. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 21c; lb. 38c.

Country Gentleman Sweet Corn.

BUCKBEE'S "FULL OF LIFE" POP CORN

Pop Corn should be found in every garden, especially if there are children to enjoy it during the long Winter evenings which bring young people together for social amusement. Pop Corn pops best when more than one year old, and when well popped it becomes twenty times its natural size; thus a quart and a half will make nearly a bushel of popped Corn. Pop Corn is a money-making crop. It always brings a very much higher price than any other Corn and usually a ready market is easily found for any quantity, while in the event of an inactive market it can always be fed and a farmer cannot raise better feed.

NEW TOM THUMB—The newest and best. Dwarf growing, heavy cropping, sure popper. Beautiful creamy color, making a beautiful appearing dish when popped. Nothing ever grown can compare with this strain. Send to Buckbee for true stock. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 22c; lb. 40c.

BUCKBEE'S SNOWBALL—The finest white variety in existence, belonging to the rice family. The best yielder and far in advance of any other variety, ears averaging 6 inches in length. Beautiful shape; the best popper. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 22c; lb. 40c.

NEW RED BEAUTY—Fine variety. The stalks grow 6 feet high, and average three to four ears each from 5 to 6 inches long and covered with large rice-shaped kernels of a deep red color. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 22c; lb. 40c.

QUEEN'S GOLDEN—One of the very best and most prolific varieties grown. Its quality and handsome appearance when popped are very noticeable. It pops perfectly white, and a single kernel will expand to a diameter of nearly one inch. The stalks grow 6 feet high and the large ears are produced in abundance. Postpaid, pkt. 8c; $\frac{1}{2}$ lb. 18c; lb. 30c.

MAPLEDALE PROLIFIC—The stalks grow 6 feet high, and the ears are all large in size, with grains nearly clear white in color. An average ear measured six inches and a half long and contained 585 perfect kernels. Pops pure paper white, of fine quality. Be sure to include this remarkable variety in your order for Pop Corn. Postpaid, pkt. 8c; $\frac{1}{2}$ lb. 18c; lb. 30c.

BUCKBEE'S NEW BLACK BEAUTY POP CORN—The Most Delicious of All—An extra early variety which pops very large and is the most tender and crisp of all. Although the kernels are black, this color does not seem to show at all when popped, being then a pearly white. This new variety has been bred in Wisconsin and is extremely early, ripening so early it may be popped the same season as grown, without kiln drying. Ears about 6 inches long, twelve-rowed; kernels smooth, shallow, nearly square. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 22c; lb. 40c.

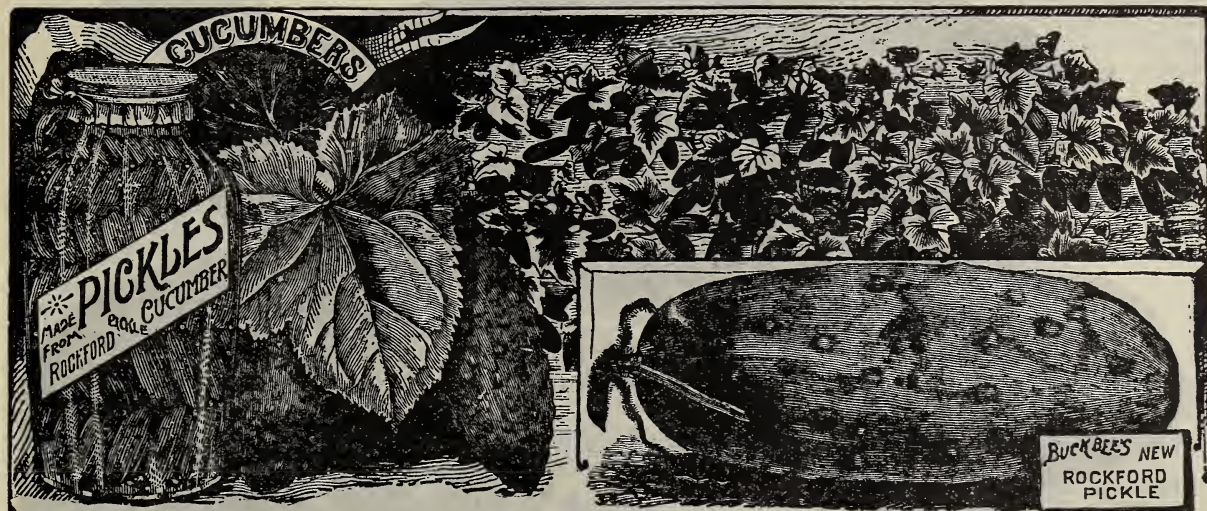

Have grown your Black Beauty Pop Corn for 8 or 9 seasons from seed purchased of you. It will grow 100 per cent every time.

JOHN G. MADDEN, Long Lake, Minn.

Special Offer FOR ONLY 49c we will send postpaid ONE LIBERAL PACKET EACH OF THE 6 GRAND VARIETIES OF POP CORN listed on this page.

BUCKBEE'S "FULL OF LIFE" PICKLING CUCUMBERS

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

BUCKBEE'S NEW ROCKFORD PICKLE

Without question the finest variety for pickling, possessing every qualification required of a perfect pickling Cucumber and is four-to-one in productiveness compared with other standard sorts.

It has become a general favorite everywhere and is used exclusively by many pickle factories throughout the country. The fruit is of medium size, slender, cylindrical, with large spines and of dark green color. It is wonderfully even in growth and the whole crop can be depended upon to make fine shaped pickles. The vines begin to set the fruit when quite young and continue to bear longer than any other variety, yielding many hundred bushels per acre. You will find this variety valuable for slicing also, being of fine flavor, crisp and delicious. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25.

EARLY GREEN CLUSTER

Fruit is of the form desirable for pickling. Extraordinarily prolific, growing in clusters of 2 to 3 Cucumbers. Nothing more desirable for small pickles. If the fruit is kept closely gathered the vines will continue bearing all summer. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 55c; lb. 95c.

SNOW'S PICKLING

An early maturing, very small, dark green Cucumber, cylindrical, square ended and very popular with growers for small pickles. We have been growing this variety ourselves for several years, giving special attention to purity and uniformity of type, and we believe the seed we offer meets the requirements of those who want an ideal bottle pickle. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.10.

EARLY PROLIFIC SHORT GREEN, or EARLY FRAME

A most excellent sort for pickling as well as for slicing. Vigorous, productive plants. Fruit straight, handsome, crisp and tender. Keeps green a long while. Our stock is A1. Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 55c; lb. 95c.

BUCKBEE'S NEW EVERBEARING CUCUMBER

Beautiful Fruits All Through the Season.

Our Everbearing Cucumber is not only extremely prolific, but will continue in bearing throughout the season. The fruits are of medium size and rich, dark green color, average from 4 to 5 inches in length. Owing to the great productiveness it is an excellent variety to plant for producing small pickles.

The merit of this variety is in the fact that the vines produce fruit continuously until killed by frosts. They exhibit at the same time Cucumbers in every stage of growth, but invariably of perfect form, even when quite small. The fruit is of fine green color and very desirable for pickling. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.00.

WESTERFIELD'S CHICAGO PICKLE

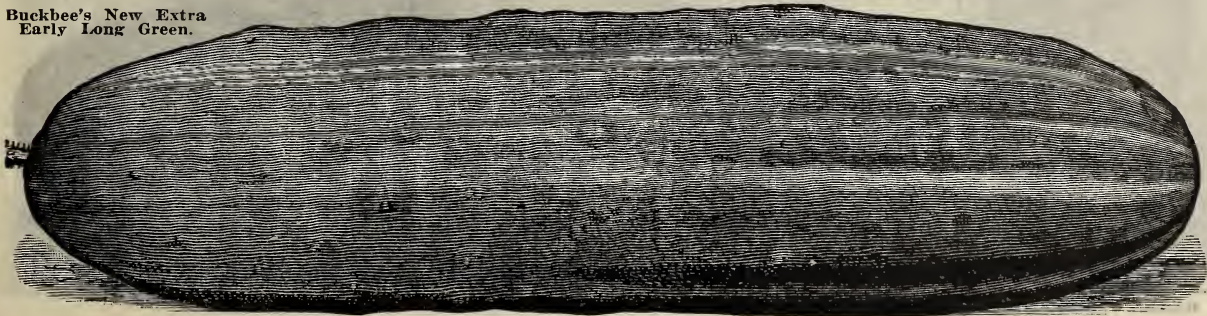

A very desirable sort; fruits of medium length, tapering at each end, with very large and prominent spines. The color is deep green. This is a most prolific variety and is very largely grown for pickle factories. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.00.

BUCKBEE'S NEW EXTRA EARLY LONG GREEN

The Ideal Variety to Plant for General Crop.

Produced by selection from Long Green. Vines vigorous and productive, forming fruit fit for the table nearly as early as the shorter sorts. Fruits often measure 15 to 20 inches when fully matured. They are of fine quality, firm and crisp. Highly valued for slicing. The young fruits make the best pickles, and when ripe are preferable to any for sweet pickles. Our strain is the finest in the market, producing fruits uniformly long, slender, of fine dark green color and of good form, with the large warts and spines well distributed over the surface. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

Buckbee's New Extra
Early Long Green.

BUCKBEE'S "FULL OF LIFE" CUCUMBERS WHITE SPINE SORTS

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

Buckbee's Monarch White Spine.

BUCKBEE'S MONARCH WHITE SPINE

The Most Profitable Cucumber for Truckers' Cultivation. Extremely Early. A True Green Color. The Greatest Yields. The Best for Shipping, the Ideal for the Home Garden.

An extra early White Spine Cucumber; fruits are ready to gather only 5 or 6 days later than Buckbee's First Crop, which is the earliest Cucumber grown. But they are much larger, growing usually from 8 to 10 inches in length. They are nearly cylindrical in form, slightly pointed at the ends; very smooth, straight and of intensely rich dark green color; are very uniform in shape, size, color, always retaining their beautiful color until fully ripe, and presenting the finest appearance on the market. The flesh is white, fine grained, solid and of excellent flavor. The vines are robust, free of disease, setting on fruit quite early and bearing continuously until frost. They produce the largest crop of any known variety. We recommend it as the best strain of Extra Early White Spine for the market and for the home garden. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

BUCKBEE'S FIRST CROP

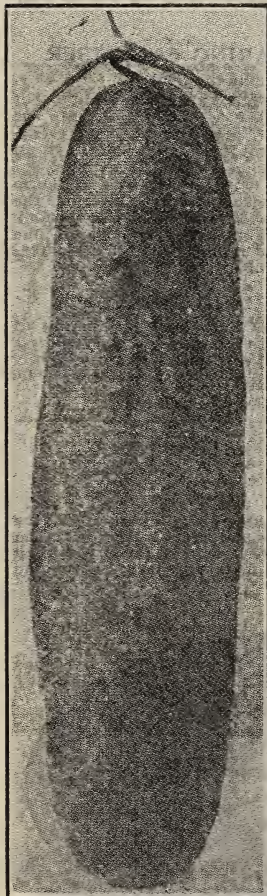

Always the First in Market.

This is the earliest of all cucumbers, producing marketable fruits of good size; the fruits are 6 to 7 inches long, straight, cylindrical, blunt at the ends and of very dark green color, which they retain a long time after picking. They grow very uniform in shape, size and color. The flesh is firm, crisp and of the finest flavor. The vines are healthy, very vigorous and produce a good crop much before any other variety, and continue bearing for an unusually long time. Owing to its extreme earliness, good size, and its beautiful dark green color, it is of great value for the market gardener and is grown on a large scale in many localities of the South to ship North, having proven a big money maker for the Southern shippers. As a pickle for bottle goods, they are also much used, being of ideal size and shape. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25.

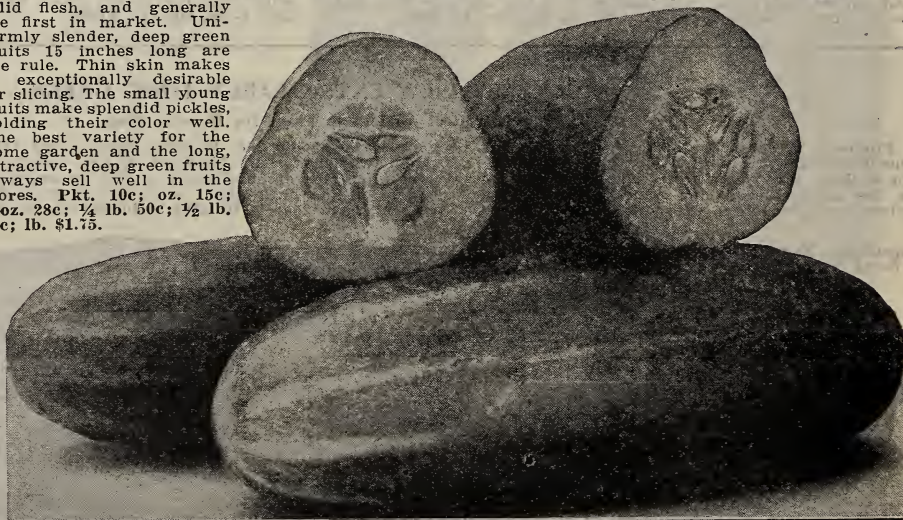

BUCKBEE'S INCOMPARABLE—THE EARLIEST LONG CUCUMBER

Wonderful Green Color; Extra Long; Very Early; Good Keeper.

The finest cucumber of recent introduction. One of the best of the long greens. The longest, most solid flesh, and generally the first in market. Uniformly slender, deep green fruits 15 inches long are the rule. Thin skin makes it exceptionally desirable for slicing. The small young fruits make splendid pickles, holding their color well. The best variety for the home garden and the long, attractive, deep green fruits always sell well in the stores. Pkt. 10c; oz. 15c; 2 oz. 28c; ¼ lb. 50c; ½ lb. 95c; lb. \$1.75.

Buckbee's Incomparable.

Buckbee's First Crop.

BUCKBEE'S "Full of Life" CUCUMBERS

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

BUCKBEE'S ALWAYS GREEN

The Wonder Cucumber. Holds Its Deep Green Color Longer Than Any Other. Early and Delicious.

This wonderful cucumber has met with instant favor, thousands of our customers writing us of the wonderful results they had. Besides being early, Buckbee's Always Green is a heavy yielder of fancy fruits 8 inches long, slightly tapering at each end. Flesh clear white, crisp and solid, and contains few seeds. Color of darkest green which is retained until the end of the season. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

DAVIS PERFECT—BUCKBEE'S PRIVATE STOCK

The Most Popular of Extra Long White Spine Cucumbers, Both for Indoor and Outdoor Planting.

Its beautiful color and quality attracts the buyers. Unequaled for market gardens and greenhouses. Gardeners will be pleased to find that our Perfected Davis Perfect has entirely overcome any fault that the original strain of Davis Perfect had in being too necky. Every fruit is shapely and holds its fine cylindrical shape clear to the stem end. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25.

BUCKBEE'S NEW IVORY KING

The Only Pure White Cucumber.

During the whole period of growth, from the time they first set until full grown, the form is exceptionally straight and symmetrical, making them as choice for a slicing variety as for pickles. The flesh is firm, very crisp and tender at all stages. Fruit large with clear white skin, tender and excellent in flavor. Splendid for home garden. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25.

THE NEW PARISIAN PROLIFIC PICKLING

Decidedly the best of all in quality for pickling. The fruit is of an unusually dark green color, so deep that no coloring matter is necessary in preparing them for pickling. Very crisp and tender. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

BUCKBEE'S NEW SNAKE

(See illustration.) More of a curiosity than anything else, as it has little value as food. Grows in many interesting shapes and forms, often growing 2½ inches in length. Pkt. 15c; oz. 50c.

Buckbee's Always Green.

Davis Perfect.

Snake.

Parisian Pickling Cucumber.

ODD CUCUMBERS WILD CUCUMBER

This well known variety of Cucumber has no great value as a vegetable, but is extensively grown throughout the entire country for its beauty. It is undoubtedly the best climber for covering verandas, trellises, etc., and never suffers from the heat, nor do insects trouble it. Pkt. 8c; oz. 30c.

LEMON CUCUMBER

A real Cucumber, not to be confounded with the Garden

Lemon. An entirely distinct variety, similar in shape to that of a lemon and when ripe of same color. Skin smooth, flesh white, tender, crisp, and of a sweet and luscious flavor. Pkt. 8c; oz. 20c; 2 oz. 35c.

WEST INDIA GHERKINS

Used exclusively for pickling. Small oval-shaped, prickly fruit. Pkt. 7c; oz. 20c; 2 oz. 35c; ¼ lb. 60c.

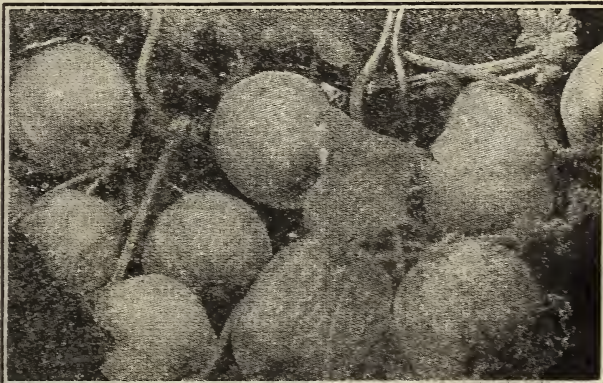

Gherkin.

Japanese Climbing.

NEW JAPANESE CLIMBING CUCUMBER

The vines are of vigorous growth, with dark green foliage and have strong tendrils, enabling them to climb trellises, brush, etc. Comes into bearing quickly and continues abundantly through the season, while the climbing habit enables the fruit to grow perfectly straight—from 12 to 13 inches in length. Flesh pure white, thick, tender and of delicate flavor. When young makes attractive pickles. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

New Lemon Cucumber.

BUCKBEE'S NEW CHESTNUT BEAN

A Real Bean with a True Chestnut Flavor. A Practical, Useful, and Ornamental Novelty. The illustration on this page shows a bush of our New Chestnut Bean; the most curious Bean ever grown. The plant grows in the form of a tall bush, completely covered with pods of the most delicious Beans which when cooked have the true chestnut flavor, which all claim is most delicious. Originated in Spain, where it is frequently used for soups. All who tried this Bean last season were delighted with them, and we have grown a splendid crop this year. Pkt. 15c; ½ lb. 40c; lb. 75c, postpaid.

BUCKBEE'S CHRISTMAS SALAD

The Very Choicest of All Winter Salads.

This is the new salad which is sold at such high prices by dealers of fancy fruit during winter and is so much relished by epicures at the leading hotels. The blanched heads are the edible portion of the plant and they are ready to use as soon as they show above the sand, which should be in two or three weeks. The heads are oblong and very solid, they blanch ivory white and are often quite large, equal to a compact Cos Lettuce. When lifting cut whole head with small portion of the roots attached to it to hold the leaves together. They are generally eaten raw with French dressing and are the tenderest and most delicately flavored of all salads. Pkt. 10c; oz. 30c; 2 oz. 50c; ¼ lb. 90c.

WITLOOF CHICORY OR FRENCH ENDIVE

A delicious winter vegetable which is really a variety of chicory, but is sometimes called French Endive and can be eaten raw as salad or boiled. Being available in winter, will make a profitable crop. It can be easily grown by anyone. The seed should be sown in the open ground not later than June, in drills 12 to 18 inches apart, thinning out the plants so that they will stand not closer than 3 inches. Pkt. 7c; oz. 25c; 2 oz. 40c; ¼ lb. 70c.

CHICORY—LARGE ROOTED OR COFFEE

Dried and prepared roots are used quite extensively as a substitute for and an adulterant of Coffee. Pkt. 5c; oz. 15c; 2 oz. 25c; ¼ lb. 45c.

CHIVES

Useful and Ornamental. Mild Onion Flavor.

Chives are perfectly hardy perennial plants of the Onion type. They are grown for their small leaves which are produced very early in the spring and are used for giving a mild onion flavor to various dishes. Easily raised from seed. Pkt. 10c; 3 pkts. 25c; Selected clumps or plants by mail, 20c; 3 for 50c; \$1.75 per doz., postpaid.

Christmas Salau.

Chestnut Bean.

**CHIVES—SCHNITTLAUCH****ASPARAGUS CHICORY**

A good healthy and tasty substitute for the well known "Asparagus" and can be produced from seed the first year in abundance. The sprouts of this plant, when cut fresh, boiled in salt water, and served either warm, or as a salad, make a most excellent substitute for the genuine article. It can be blanched and eaten raw the same as celery and is preferred by many to that delicious vegetable. Pkt. 10c; oz. 45c.

Asparagus Chicory.

BUCKBEE'S CURLED CHERVIL

Hardy annual, worthy of more general use for flavoring and garnishing. More beautiful than Parsley. Greatly superior to the old, plain variety, earlier, more handsome, having fully as fine perfume and flavor. Pkt. 10c; oz. 25c.

Buckbee's Corn Salad.

Buckbee's Chufas.

CHUFAS OR EARTH ALMOND

An Easily Grown Root of Fine Flavor.

In sweetness and flavor very much resembles a cocoanut or almond and greatly liked by all children. Vary in size from a large pea to a hazelnut. The nuts grow under and very near the surface of the ground, easily reached and relished by pigs and poultry. As soon as the crop is grown, turn these animals into the field, thus saving the labor of harvesting and feeding. Pull up a few plants by the roots and leave them on the ground, and when either hogs or chickens get a taste of them they will go over the whole field in search for them. Very prolific, nutritious and fattening. Pkt. 8c; ¼ lb. 15c; ½ lb. 25c; lb. 40c.

BUCKBEE'S CORN SALAD

A most refreshing salad, especially for winter use; can also be cooked and used like spinach. Plant is of quick growth and hardy. For spring crop sow seed ½ inch deep in rows 1 foot apart and thin to 6 inches in row. For extra early crop, sow seed in September and cover with straw or leaves in Northern States. For fall use a sowing should be made in July or August. One ounce will plant a row 50 feet long. Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c.

BUCKBEE'S CRESS—UNEQUALED FOR SALADS

NEW UPLAND CRESS—Has the highly prized flavor of Water Cress. Its usage should be more general, as it is of as easy culture as Spinach. It is a perennial plant and can be grown for several years without renewal. Pkt. 8c; oz. 25c.

CURLED OR PEPPER GRASS—Much used with Lettuce, to the flavor of which its warm, pungent taste makes a most agreeable addition. Pkt. 5c; oz. 10c; 2 oz. 18c; ¼ lb. 35c.

TREE WATER CRESS—Distinct from the last; thrives only when its roots and stems are submerged in water. Grown best along moist banks of small, rapid streams, or in a tub, in water-covered soil. The plants will increase rapidly by self-sown seed and extension of the roots. One of the most delicious of small salads. Pkt. 8c; oz. 40c.

BEAN**Buckbee's New Monarch Wax Bean**

The Only "Sure Crop" Wax Bean Ever Grown.
Heavy Yields. Entirely Stringless. Large Pods. Beautiful
Color. Sure Cropper. Crisp and Tender.

Our New Monarch Wax Bean is a very sturdy and vigorous grower and as near rust proof and disease resistant as it is possible for a bean to be. One of the earliest wax beans ever grown, starting to bear within 60 days after planting and continues its bearing season longer than most others. Pods are of splendid quality, fleshy, and are stringless at practically all stages of their growth. From 6 to 7 inches long by $\frac{1}{2}$ inch through and almost round, they make a wonderfully heavy yield, and the beautiful golden yellow color sells them easily. Seed is long, oval, medium size and purplish black color. In common with other black-seeded varieties, this bean may be planted quite early in the season. Practically rust proof, owing to the habit of the plant which branches freely but is perfectly sturdy and upright, every branch carrying a head of magnificent pods. As nearly all of the pods are produced underneath the foliage, excessive heat does not affect it in the least, a very valuable feature whether grown for home, the market garden or for shipping long distances. As a canning bean Buckbee's New Monarch is without an equal, as the pods are long enough to fill the jar and the beautiful color is retained after cooking. We control the entire stock of Buckbee's New Monarch Wax Bean. Send to Buckbee's for choicest stock seed of our own growing; especially selected for disease resistant qualities. Pkt. 10c; $\frac{1}{2}$ lb. 35c; 1 lb. 55c; 3 lbs. \$1.50. Postpaid.

Buckbee's New Monarch Wax Bean.

Sutton's New Masterpiece Bean

The Best of the Green Podded Varieties. Large Green Pods. Extra Early. Good for Forcing Under Glass. Unequaled Out of Doors. This desirable, new extra early bean is the best of all for forcing, and to plant for early market as well as for succession. Wonderfully prolific, with flat pods of very dark green color, entirely stringless when young. In productiveness it is unbeatable while the pods are of fine appearance, and the flavor very superior. All who grow flat pod green beans for market are missing a good bean if you do not plant Masterpiece. We recommend this bean as absolutely the finest in quality and yield in the flat pod class, to grow for market early and late plantings. The home gardener will find Masterpiece to be just right in every way for family use as the pods, besides being very large and numerous, are borne continuously for a long time. The color is a beautiful green. Pods are of highest quality, tender and delicious flavor. Send to Buckbee's for choicest stock seed of our own growing; especially selected for disease resistant qualities. Pkt. 10c; $\frac{1}{2}$ lb. 30c; 1 lb. 50c; 3 lbs. \$1.40. Postpaid.

Buckbee's Sunset Blood Turnip Beet.

BEE**Buckbee's Sunset Blood Turnip Beet**

Without Exception the Best Second Early and
Main Crop Variety.

Round as a Ball. Dark Red Color. Tender,
Fine Grained and Sweet.

An improvement in turnip-shaped beets for table use, and by far the best early, dark red turnip beet in cultivation. Roots are globular and smooth, with flesh deep vermillion red, crisp and sweet. Tops small, upright growing, which allows close planting, making possible the biggest yield per acre of any turnip-shaped variety. The stock which we offer will produce a crop more uniform in shape, color and quality than any other beet. This beet excels in handsome form, good size, small tops, very small tap root, fine quality, and, above all, quick rapid growth. Takes on its turnip shape very early, a decided advantage for forcing for early market and especially for a market where beets are sold in bunches. A favorite sort in all sections of the country. Send to Buckbee's for choicest stock seed of our own growing; especially selected for disease resistant qualities. Pkt. 10c; oz. 20c; 2 oz. 35c; $\frac{1}{4}$ lb. 60c; $\frac{1}{2}$ lb. 95c; 1 lb. \$1.75. Postpaid.

W. E. Vail, Yorktown Heights, N. Y.—"Buckbee's Sunset Beet is a splendid sort, and positively cannot be beaten. We prefer it to all others."

Buckbee's New Golden Acre Cabbage.

CABBAGE**Buckbee's New Golden Acre**

The Right-up-to-the-Minute Early Cabbage.

An Unequaled Early Long Keeping

Cabbage

Very Early. Round Solid Head. Vigorous Grower. Wonderful Keeper.

This excellent cabbage is our newest introduction and heads our list, being the most desirable variety for the market gardener or for home uses. Our strain of seed is the very best obtainable and is grown for us by one of the most careful and experienced growers in Denmark. We have found it to be the earliest round headed cabbage grown and so very solid that it seldom bursts. The plants are very compact with a short stem and very few outside leaves which admits of close planting. Head is firm, crisp and solid with center of clear white. Outside color medium light green. An average weight of 8 lbs. is the record of this cabbage, which matures round, smooth heads of the finest quality for the table or market in about 75 days after setting out plants. Buckbee's Golden Acre is not only a valuable early sort but it grows so large and is such a splendid keeper that it can profitably be raised for fall and early winter use. Pkt. 10c; $\frac{1}{2}$ oz. 90c; oz. \$1.50; 2 oz. \$2.75; $\frac{1}{4}$ lb. \$5.00 . Postpaid.

"I am more than satisfied with Buckbee's 'Full of Life' Seeds. My garden is the wonder of the neighborhood. I had 10 pound heads of cabbage. Our school held an exhibition last week and I am proud to inform you I was the winner."—C. S. Hurd, Industrial School, Stann Creek, British Honduras, C. A.

CARROT—Buckbee's New Butter

The Sweetest Flavored Carrot Ever Grown. Smooth Shape. Sweet Flavor. Fine Grain. Uniform Size. Heavy Yielder. Wonderful Keeper.

Buckbee's New Butter Carrot, we believe, is the best all around variety that can be grown. Whether you want a few for the home, a quantity for local market or a large supply for shipping, this is the one you have been looking for. It is the first carrot of any size ready for use, 65 days being about the average time from planting to harvesting. They are of ideal size, 5 to 6 inches long, stump rooted and broad shouldered. The flesh is of the finest quality and of a beautiful rich orange brown color. When bunched for the market they will sell readily as nothing will compare with them in uniform shape, size, color and general excellent appearance. In quality Buckbee's New Butter Carrot surpasses all others. Rich, buttery, spicy flavor, crisp and sweet, absolutely no stringiness, and tender to the very center, as there is no hard core. Adapted to all soils and climates and makes a good crop when others fail. Plant Buckbee's New Butter this year if you want the best carrot you have ever eaten. Send to Buckbee's for choicest stock seed of our own growing; especially selected for disease resistant qualities. Pkt. 10c; oz. 20c; 2 oz. 35c; $\frac{1}{4}$ lb. 60c; $\frac{1}{2}$ lb. 95c; lb. \$1.75. Postpaid.

Buckbee's New Butter Carrot.

Buckbee's New Extra Early Klondyke Lettuce.

LETTUCE

Buckbee's New Extra Early Klondyke

The Crisp as Ice Lettuce. Extra Early. Sure Heading. Long Keeping. Finest Flavor. Crisp, Tender and Delicious.

Besides being one of the most popular vegetables, the heading varieties of lettuce are used every day in the year. Our New Klondyke is distinct, having thick, dented outside leaves, with a beautiful creamy white or buttery center. Makes an extremely early, very solid head of good size and excellent quality. The outside color is a very desirable shade of green and the head is very compact for so large a variety, desirable shape and easily grown. Very fine and solid with incurving leaves, blanching the center quickly and satisfactorily. The quality is extra good, sweet and exceedingly crisp even in the hottest and driest weather. Can be grown with equally good results in the open ground for summer and fall use, or in frames or in the greenhouse for fall and winter use. Our New Klondyke, we believe, is the most dependable variety of lettuce that can be grown. Every one can be sure of head lettuce with this new variety. Can be used in every way that a leaf or head lettuce can be used and is superior to all on account of its many desirable features. Send to Buckbee's for choicest stock seed of our own growing; especially selected for disease resistant qualities. Pkt. 10c; oz. 30c; 2 oz. 55c; ¼ lb. 95c; ½ lb. \$1.75; lb. \$3.00. Postpaid.

ONION—Buckbee's New Sweet Spanish

The World-Beater Onion. The Largest, Sweetest, Best All Around Onion Ever Grown. Light, Yellow Color. Good Shipper. Large Globe Shaped

Color is a light yellow or straw color, the flesh pure white, of very fine grain and exceptionally sweet. As Denia is nearly twice the size of Prize-taker, so is our new Sweet Spanish twice the size of Denia.

We have seen 7 Sweet Spanish Onions set side by side on a yardstick and reach from end to end. These same 7 Onions weighed over 16 pounds. An exceptionally good keeper, and if allowed to dry thoroughly, will stand shipping long distances. The size, however, is not the best feature—it is its sweet mild flavor. Send to H. W. Buckbee for genuine stock grown from originator's seed. Pkt. 10c; oz. 30c; 2 oz. 55c; ¼ lb. \$1.05; ½ lb. \$1.90; lb. \$3.50. Postpaid.

Mrs. S. S. Platt, Cottage Grove, Oregon.—Your New Onions are the finest I ever raised. Also the Abraham Lincoln Tomatoes beat all others.

Buckbee's New Sweet Spanish Onion.

Buckbee's New Masterpiece Tomato.

TOMATO

Buckbee's New Masterpiece

Vigorous Upright Growing or Tree Tomato. Wonderful, Firm and Solid. Beautiful Purplish Crimson Color. Rich Red Flesh.

Buckbee's Tomatoes have been the Acknowledged Leaders for over 50 years and our varieties are planted by hundreds of thousands each year. In Buckbee's New Masterpiece we have the acme of perfection—not the largest grown but one of the best. In size it is just right for any purpose for which tomatoes are used, cooking, canning, shipping or slicing for the table. The tomatoes have thick solid flesh, there being no pulp or core, and thus cook without waste. The deep color is retained after cooking, making it especially desirable for canning. The skin is thin but strong, making an ideal shipper. Flesh is solid and of a beautiful dark red color. It has few seeds, making it a tomato that can be eaten entirely without waste. The habit of growth is exceptional in that it grows upright, throwing out branches from the main stalk and holds the fruit off the ground. Tomatoes grow mostly in clusters weighing from 10 to 20 ounces each. Strong and vigorous grower, bearing uniform sized fruits continuously until frost. Send to Buckbee's for choicest stock seed of our own growing; especially selected for disease resistant qualities. Pkt, 15c; ½ oz. 40c; oz. 75c; 2 oz. \$1.25; ¼ lb. \$2.25. Postpaid.

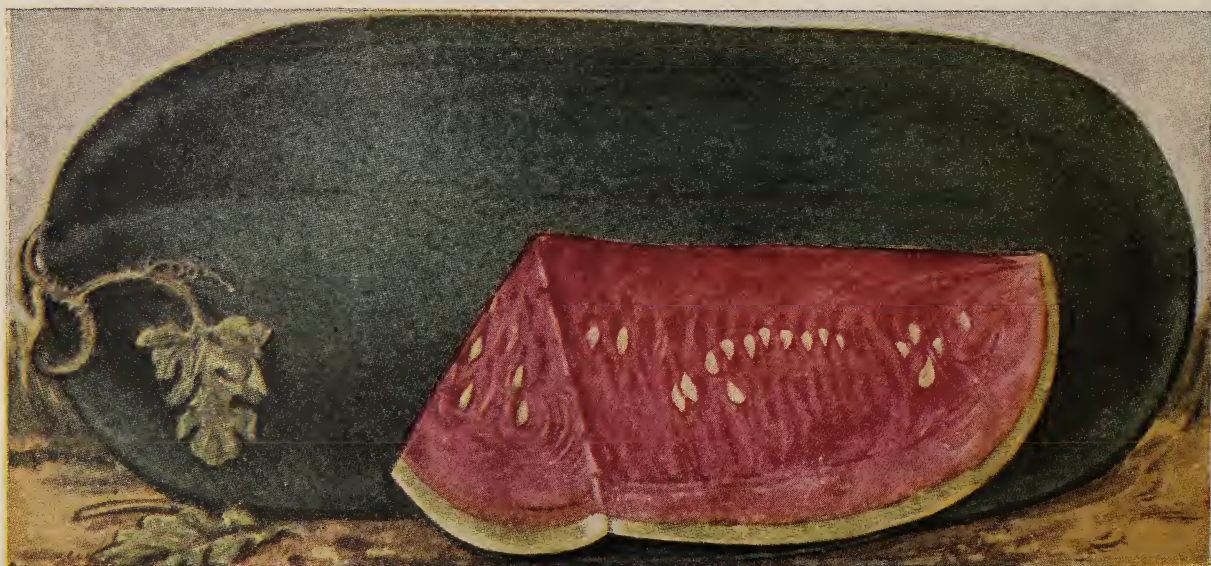

WATER MELON—Buckbee's Everbearing Always Sweet

The Greatest Yields and Sweetest Flavored Melon Grown. Good Shipper. Fine Keeper. Heavy Yields. Large Size. Sweetest Flavor. Finest Quality.

This new melon has made a sensation wherever it has been grown. Its surpassing merits are its large size, enormous yield and its splendid shipping and keeping qualities. It will produce more large, marketable melons under the same conditions than any other long variety and where hauling and shipping to distant markets is done, this melon never fails to give satisfaction.

It is adapted for either shipping or home use. It is medium early, beautiful, very long and quite thick, often producing melons weighing 75 lbs. each, and the average weight is about 40 lbs. The rind is firm and leathery, rather thick, standing rough treatment in transit, and is a splendid shipper. It has a deep green skin with dark irregular stripes and on close inspection very fine, veinlike, crisscross markings may be observed. The flesh is solid, is intensely red to the rind and is of superb quality. This is the sweetest, crispiest, most juicy and at the same time most solid melon ever introduced, never having a hollow or pithy center when ripe. Everbearing Always Sweet is an excellent keeper. It may be left in the field three weeks when ripe and then be shipped to a distant market and keep well. It has been grown the past few years in different places in the South for shipping North and the commission merchants of New York, Chicago, etc., claim that it will outsell any other variety on the market time and again.

Our seed is the best and the purest and is secured from Melons weighing not less than 40 pounds and is absolutely dependable. Send to Buckbee's for choicest stock seed of our own growing; especially selected for disease resistant qualities. Pkt. 10c; oz. 25c; 2 oz. 40c; ¼ lb. 75c; ½ lb. \$1.25; lb. \$2.00. Postpaid.

Buckbee's Everbearing Always Sweet Watermelon.

ENDIVE OR WINTER LETTUCE

BUCKBEE'S GIANT FRINGED OR OYSTER

When fully grown, the center portion can be blanched to a creamy white by tying up, and contrasts finely with the deep green tips of the outer leaves. It is of excellent flavor served as salad. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25.

GREEN CURLED

A very attractive sort. Dense heads with divided leaves of bright green color, blanching readily to creamy white. Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.10.

NEW MOSS CURLED

A dense cluster of finely cut-in green leaves, resembling a tuft of moss. When properly blanched they are crisp and tender. Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.15.

BATAVIAN OR ESCAROLE

Large, solid heads, thick leaves which can be blanched a fine white and are unsurpassed for salad or make excellent cooked greens. Probably used more than any other variety. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.20.

Endive—Giant Fringed or Oyster.

Collards.

Collards

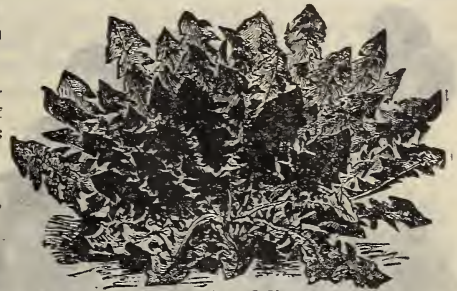

Georgia, Southern or Creole.

A variety of Cabbage known in different sections as "Cole," "Colewort," or simple "Greens." It is extensively used in the South. We offer the true white or green stemmed sort so popular in the South. Forms a large, loose, open head, on tall stems. Freezing does not injure but rather improves their quality. Pkt. 5c; oz. 10c; 2 oz. 18c; ¼ lb. 28c; ½ lb. 45c; lb. 85c.

The Wonderful Coffee Berry

The Greatest Health Drink—Once Tried, Always Used.

All pronounce it better than the genuine. It is certainly the best berry to mix with other coffee. Half and half will produce a drink claimed by many to be equal to a good cup of Rio. You can raise your own coffee for one cent a pound. Large pkt. 7c; ¼ lb. 15c; lb. 35c.

Dandelion.

Dandelions

Improved Large Leaf.

An improved variety of Dandelion, very early. Leaves fully double the size of the common Dandelion. Sow in May or June and cultivate during the Summer, and the following Spring the leaves will be fit to cut. Cultivated Dandelions are fast becoming favorite Spring Greens. If blanched like celery they make a fine and delicious salad. The roots when dried and roasted are often employed as a substitute for coffee. Pkt. 10c; oz. 65c.

Your seeds certainly are "Full of Life." They come up as soon as they touch the ground.

J. H. HOOFFER, Leonard, Mo.

Egg Plant,
Extra Early Long Purple.

BUCKBEE'S "FULL OF LIFE" EGG PLANT

Buckbee's New Early Large Purple

Better variety than New York Purple. Its earliness, large size, high quality of fruit, and its extreme productiveness make it the most profitable to grow. Plants large, spreading; foliage light green. Fruit very large, oval or short, pear-shaped; skin smooth, deep purple; flesh nearly white. Plants ripen two to six large fruits, entirely free from spines. Pkt. 10c; oz. 45c; 2 oz. 80c; ¼ lb. \$1.50.

New Black Beauty

This recently introduced Egg Plant is from 10 days to 2 weeks earlier than the old New York Purple varieties, and of rich, lustrous, purplish black color, and is a most distinct sort and a favorite where known. The plants are remarkably healthy in their growth, and yield an abundance of large fruits, which are very attractive in appearance. This variety is entirely spineless. The fruits are of the very finest possible quality. Pkt. 8c; oz. 45c; 2 oz. 80c; ¼ lb. \$1.40.

Buckbee's New White

Produces large fruits, and is very productive. The flesh is more tender and flavor more delicate than that of many purple varieties. Pkt. 8c; oz. 40c; 2 oz. 75c; ¼ lb. \$1.35.

Improved New York Purple

Large, round or oval, of excellent quality; highly esteemed in market. Pkt. 7c; oz. 35c; 2 oz. 65c; ¼ lb. \$1.25.

Extra Early Long Purple

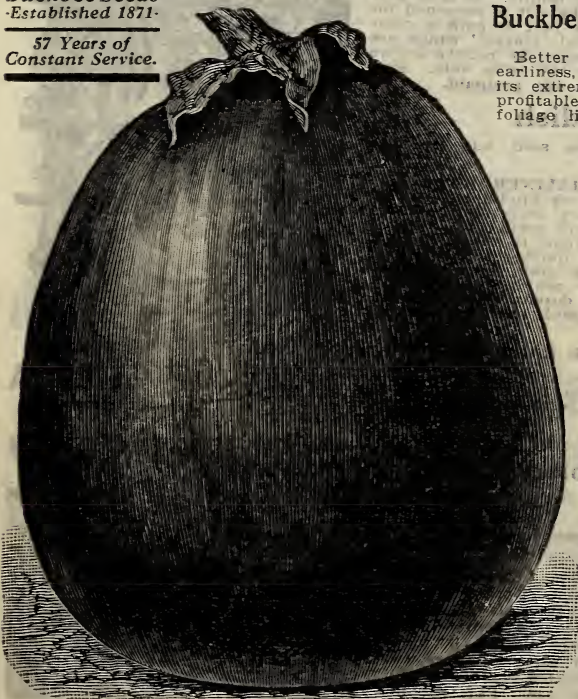

One of the earliest and most productive varieties. Fruit long, dark, rich purple, and of fine quality; earlier but smaller than New York Purple. Pkt. 7c; oz. 35c.

New White.

Buckbee Seeds
Established 1871-

57 Years of
Constant Service.

Buckbee's New Early Large Purple.

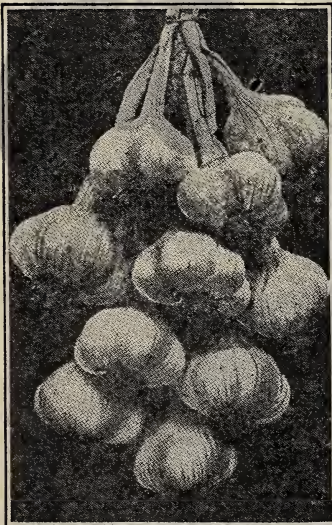

Garden Huckleberry.

Garden Huckleberry

An Easy Growing Fruit of Wonderful Flavor

A wonderful, prolific plant needing the same culture as Tomatoes. When ripe, the berries are about one inch in diameter, of shining black color. They make delicious pies, preserves and jam. Fruit should not be used until fully ripened. The flavor is delicious, and after once you have tried the Garden Huckleberry, you will never want to be without. Plant seed direct to the open ground. Pkt. 10c; oz. 50c.

For Wonderberry and Sunberry, two of Burbank's wonderful creations, see page 98.

Garlic.

Horse Radish, New Bohemian.

BUCKBEE'S "FULL OF LIFE" GOURDS

BUCKBEE'S NEW CALABASH PIPE GOURD—Light and attractive pipes can be made from the fruits of this Gourd by any one at a nominal cost. They are the lightest pipes made for their size, are graceful in shape, color like meerschaum, and are delightful smokers. Pipes made from the imported gourds are very expensive. American dealers usually charging \$8.00 to \$12.00 apiece for them. The plant thrives and grows luxuriantly in all parts of the United States, from New England to the Gulf, and from the Atlantic to the Pacific, producing in great abundance the fruits or gourds from which the pipes are made. The Vine is also very ornamental and useful for covering fences, unsightly places, etc. Pkt. 10c; oz. 25c.

NEW JAPANESE DISH CLOTH, OR LUFFA—Ornamental enough for a house vine and fruit is very useful. Fruit enormous, two feet in length, and borne in great profusion. The lining of mature fruit, when washed and bleached, is porous, tough, elastic, sponge-like, making the nicest, cleanest substitute for dish cloths and bath sponges imaginable, besides being useful for various articles of fancy work. Pkt. 10c; oz. 25c.

SUGAR TROUGH—Enormous, hard-shelled fruit, holding from 8 to 10 gallons each, and as they never rust nor rot, and are very light and strong, are just right to use as receptacles for lard, salt, seed corn, soap, etc., or to use as nesting boxes, etc. They last for years. Pkt. 8c; oz. 25c.

TRUE NEST EGG—Resembling in color, shape and size the eggs of hens. Do not crack, last for years, and make the best of nest eggs. Rapid grower, and good climber, extremely ornamental and useful for covering screens, etc. Pkt. 8c; oz. 25c.

HERCULES CLUB—Enormous, long club-shaped fruit, curious and at the same time exceedingly useful to use in storing various articles, as the fruit is hard shelled and lasts for years in perfect condition. Pkt. 6c; oz. 20c.

DIPPER—Another useful gourd that, as its fruit is light and strong and does not rust, rot or heat easily, is just right to use in dipping hot liquids, soap, etc., besides being useful for birds' nests, fancy hanging baskets, etc. They hold from a pint to a quart and a half each. Pkt. 8c; oz. 25c.

NEW SPOON—Small fruits with slender neck four to five inches long, brilliantly marked in green and orange with white or light green stripes. By slicing off a portion on the side of the bowl and drying the shell, a spoon may be made. They will be found quite useful also in darning stockings and glove-fingers, while the dry fruits with the seeds left in make fine rattles for the baby. Pkt. 10c.

FINEST MIXED—Combining in the largest mixture the most curious, interesting and useful of the entire Gourd family. Pkt. 7c; oz. 18c.

Garlic

Buckbee's Improved.

The Garlic is the most pungent in taste and has the strongest odor of all the Onion family. It is largely used in the South of Europe, where it is esteemed for flavoring soups, stews, etc. The root or bulb is composed of many small bulbs called "cloves," which are planted in the Spring. We frequently receive orders for Garlic seed, but can supply the bulbs only. Fine bulbs— $\frac{1}{4}$ lb. 15c; $\frac{1}{2}$ lb., 25c; lb. 40c, postpaid.

Horse Radish

Horse Radish rarely produces seed, but is grown from pieces of the roots.

NEW BOHEMIAN OR MALINER KREN.

Ordinary Horse Radish is a very profitable crop, but with this magnificent new sort from Bohemia the possibilities are wonderful. The roots are so much larger and heavier that the yield is about doubled. Then, too, it matures so much quicker that the crop can be sold in October. The flesh is pure white. Three and four tons per acre can be grown easily. Fine Sets, postpaid, 30c per dozen; \$1.75 per 100. By express or freight, not prepaid, 100 for \$1.55; 500 for \$7.50; 1,000 for \$14.00.

STANDARD HORSE RADISH.

The old-fashioned standard variety. Sets or Roots, postpaid, 25c per doz.; \$1.50 per 100. By express or freight, not prepaid, 100 for \$1.30; 500 for \$6.25; 1,000 for \$12.00.

Honey Plant Seed

Special Mixture

Everyone who has the room should keep a few Bees, and what is better than to have your own Honey Plants for the Bees to work in? Our mixture is made up from various flowers and sweet-scented plants and will surely please. Pkt. 8c; oz. 12c; 2 oz. 20c; $\frac{1}{4}$ lb. 35c; $\frac{1}{2}$ lb. 60c; lb. \$1.00.

Honey Plants.

HERBS

Pot, Sweet and
Medicinal

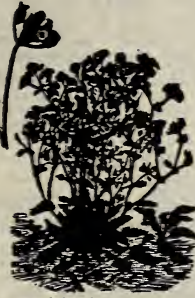

Save a corner of the garden for a few Pot and Sweet Herbs (for flavoring soups, meats, etc.); they are indispensable to every garden, while some of the Medicinal Herbs will be found very useful. They thrive nicely along the sunny side of the fence, in a deep and fairly rich soil.

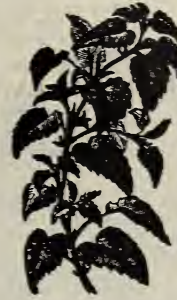

BALM

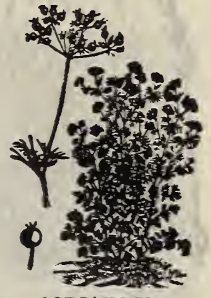

BASIL, SWEET

CARAWAY

CATNIP, or CATMINT

CORIANDER

BUCKBEE'S HERB SEEDS

Desirable Varieties Which Should Be in Every Garden.

ANISE—Leaves are used for garnishing and flavoring, and the seeds are used for dyspepsia, colic, and in cordials. Pkt. 8c; oz. 20c.

BALM—The leaves of this perennial have a fragrant, lemon-like odor, and are used in making Balm Tea and Balm Wine. Pkt. 8c; oz. 30c.

BASIL—SWEET—Leaves have a strong aromatic flavor, resembling cloves, and are used in flavoring stews and highly seasoned dishes. Pkt. 8c; oz. 25c.

BORAGE—Easily grown annual, and the flowers furnish excellent Bee pasture. Leaves are sometimes used in salads and have a cucumber-like taste. Pkt. 7c; oz. 15c.

CARAWAY—Seeds are used for flavoring bread, meats, pastry, etc. The leaves and young shoots are sometimes used in soups, as well as for flavoring liquors. Pkt. 7c; oz. 15c.

CATNIP or CATMINT—Hardy perennial. Leaves and young shoots are used for seasoning, and also a mild nerve for infants. Pkt. 10c.

CHAMOMILE—Mostly used for diseases of the stomach as well as for making excellent poultices. Pkt. 10c.

CORIANDER—A hardy annual cultivated for its seeds which have a strong aromatic flavor and are used in confectionary and other culinary preparations. Pkt. 7c; oz. 10c.

DANDELION—Large thick leaves which are used very extensively for greens. Pkt. 10c; oz. 65c.

DILL—Fruit is warming, stimulating and quiets nervousness. The tea is good for colic and prevents hiccough. Used largely for pickling with cucumbers. Pkt. 7c; oz. 10c; 2 oz. 18c; ¼ lb. 30c; ½ lb. 50c; lb. 90c.

FENNEL—SWEET—Leaves are used in salads, soups and fish sauces. Seeds have a pleasant taste and are often used in confectionary. Pkt. 7c; oz. 15c.

HOARHOUND—A hardy perennial with an aromatic odor, and a bitter, pungent taste. Used for seasoning and for use in cough medicine. Pkt. 10c; oz. 35c.

HYSSOP—Perennial. The flowering summits and leaves are used in domestic medicine as a stimulant and mild tonic. Pkt. 7c; oz. 25c.

LAVENDER—An aromatic medicinal herb. The leaves are used for seasoning and the flowers for perfume. Pkt. 10c; oz. 30c.

MARJORAM—SWEET—The leaves and ends of the shoots are highly esteemed for seasoning. May be used either green or dried. Pkt. 8c; ½ oz. 25c; oz. 40c.

POPPY—OPIUM—Extensively used for seasoning breads and pastry. Flowers are also very ornamental. Pkt. 7c; ¼ oz. 25c; oz. 40c.

ROSEMARY—A perennial, aromatic herb. Leaves used for seasoning, and when used as tea produces sweats. Oil is valuable for neuralgia, rheumatism and lumbago. Pkt. 10c; ½ oz. 25c; oz. 40c.

RUE—Hardy perennial. Leaves have a strong odor and a disagreeable, acid taste. Is used in medicine both for the house and for poultry. Pkt. 10c.

SAFFRON—Sometimes used for coloring certain dishes, but mostly used for flavoring. Pkt. 8c; oz. 25c.

SAGE—The most extensively used of any herb for seasoning and dressing. Easily grown from seed, and the plants will last indefinitely. Pkt. 8c; oz. 35c; 2 oz. 55c; ¼ lb. 90c.

SUMMER SAVORY—The young shoots and leaves are largely used in dressings for both fish and fowl. Also used for flavoring soups and stews. Pkt. 8c; oz. 30c.

THYME—The leaves and young shoots are used for seasoning. A tea is also made from the leaves which is an excellent remedy for headache. Pkt. 8c; ½ oz. 30c; oz. 55c.

WORMWOOD—Largely used as a poultry remedy, but is also of value used medicinally. Pkt. 8c; oz. 25c.

BUCKBEE'S "FULL OF LIFE" HERB PLANTS

The following varieties of Herbs are hardy but should be protected if left out of doors over winter.

CHIVES

(For seed see page 40.) Chives are perfectly hardy perennial plants of the Onion type. They are grown for their small leaves, which are produced very early in the Spring for giving a mild Onion flavor to various dishes. Selected clumps or plants, 20c each; 3 for 50c; \$1.75 per dozen, postpaid.

LAVENDER (Old-Fashioned Sweet)

The leaves are sometimes used for seasoning, but the plant is chiefly grown for its fragrant flowers which are used for the distillation of Lavender Water or dried and used to perfume linen. Strong plants, 25c each; 3 for 70c.

PEPPERMINT

From the leaves of this plant is distilled the well-known peppermint of commerce. The green leaves and stems have the same effect as the essential oil, and to most persons the flavor is very pleasant. Strong plants, each, 25c; 3 for 60c.

SPERMINT

The plant which produces the mint of the markets and largely used for culinary purposes. It is also used in concocting the refreshing Mint Julep, so popular in some sections. Strong plants, each 25c; 3 for 60c.

THE TRUE TARRAGON

The leaves and young shoots are much prized by many as an ingredient in soups, salads, stews, pickles, etc. Leaves may be used in a fresh state, or cut in the Autumn and dried. Strong plants, each 25c; 3 for 70c.

SAGE

BUCKBEE'S GIANT—A wonderful new Sage. The leaves are unusually spicy and much larger than other varieties and are borne in great profusion; the best of all the sages. Each 30c; 3 for 75c; doz. \$2.50, postpaid.

HOLT'S MAMMOTH—A fine spicy herb, with long, slender, clean leaves, which are held upright from the ground. Each 25c; 3 for 55c; doz. \$1.75, postpaid.

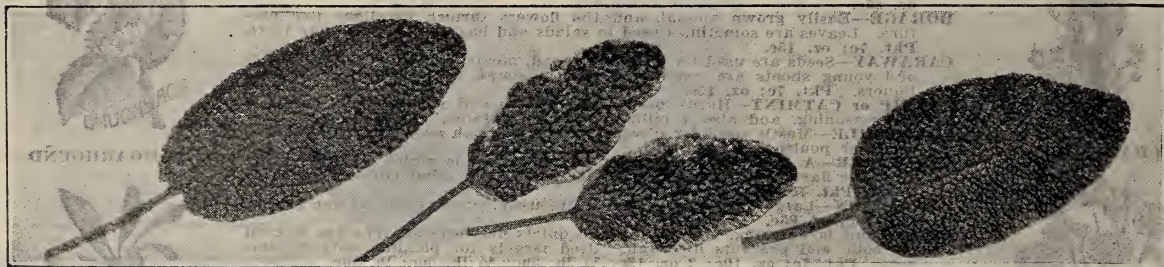

NEW VARIEGATED—Ornamental as well as useful. When crowded for room, a few variegated Sage Plants will not look out of place in your flower garden, and will always be ready for use. Each 25c; 3 for 60c; doz. \$1.95, postpaid.

Lavender.

Tarragon.

Holt's Mammoth Sage.

Variegated Sage.

Buckbee's Giant Sage.

KALE OR BORECOLE

DWARF EXCELSIOR GREEN MOSS CURLED KALE—(Greens or Sprouts.)—

This is harder than Cabbage and makes excellent greens for Winter and Spring use. The leaves are as curly as Parsley, tender, and of very fine flavor. It is improved by frost. Sow the seeds in May or June, transplant in July and treat same as Cabbage. Immense quantities of this are grown in the South and shipped to Northern markets. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

TALL GREEN CURLED SCOTCH—This variety is very hardy and is improved by a moderate frost. About thirty inches tall, with an abundance of green leaves, which are densely curled and crinkled. Stands the Winters in the Middle States without protection. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.00.

SIBERIAN—One of the best known and most largely used varieties of Kale. It is sometimes called Sprouts or Greens. The green leaves are very large, and comparatively plain in the center, but coarsely cut and distinctly frilled on the edges. The plant is low but spreading and very hardy. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 55c; lb. 95c.

KOHL RABI

A vegetable intermediate between the Cabbage and Turnip, combining the flavor of both. Edible part is a turnip-shaped bulb, formed by swelling of stem. When used for the table this should be cut when quite small, as it is then very tender and delicate.

KING OF THE EARLIEST—WHITE—Early and choice. Handsome white bulbs. Pkt. 8c; oz. 25c; 2 oz. 40c; ¼ lb. 70c.

IMPROVED EARLY IMPERIAL—PURPLE—Color bright purple, with leaf stems tinged with purple. Pkt. 7c; oz. 25c; 2 oz. 40c; ¼ lb. 65c.

LEEK

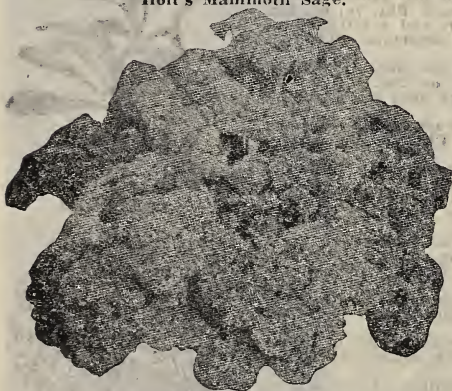

Belongs to the Onion family. Sow the seed and care for the young plants as for Onions.

ROUEN VERY BEST WINTER—The best variety for winter and spring use, being very hardy; it keeps well when earthen up. Splendid for flavoring. Immense stocky stems 3 inches in diameter; 6 to 8 inches long, snow white and of delicious flavor. Pkt. 8c; oz. 25c; 2 oz. 40c; ¼ lb. 65c.

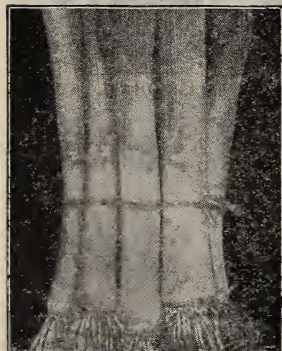

NEW FLAG—We offer a very superior stock of this popular variety so largely grown for Fall and early Winter use. It is of quick strong growth, producing long stems of uniform shape and size, averaging 2 inches through by 10 inches long, blanching beautifully white and fine. Mild flavor. Pkt. 7c; oz. 15c; 2 oz. 25c; ¼ lb. 45c.

BUCKBEE'S "FULL OF LIFE" LETTUCE

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

BUCKBEE'S EARLIEST FORCING

The Earliest Lettuce Grown.

For those who like a large, thin, exceedingly tender leaf, and for those markets which demand a large, loose cluster of leaves rather than a solid head, this is the best variety for forcing and growing in the open ground. The plants form a large, loose head, rich light green in color and blanch nicely. The leaves are very much blistered and crumpled, crisp and are of excellent quality. This is the earliest of all Lettuce; it is a splendid shipper, of beautiful appearance and keeps in good condition better than any other sort. It is a money-maker for the market gardener, either if sown under glass or outdoors, and is very satisfactory for the home garden. Pkt. 10c; oz. 15c; 2 oz. 28c; ¼ lb. 50c; ½ lb. 95c; lb. \$1.75.

NEW ICEBERG—Buckbee's Private Stock

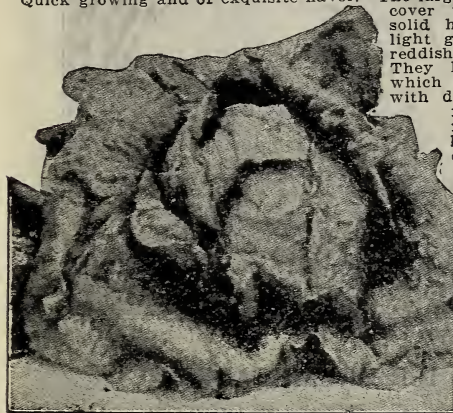

Prize Winner.

Hard Header.

Good Shipper.

Quick growing and of exquisite flavor.

The large curly leaves which cover the outside of the solid head are of bright, light green, with a slight reddish tinge on the edges. They have small indentments which are constantly filled with dewdrops, keeping it fresh and showing a remarkable crystalline appearance. We can confidently recommend New Iceberg as always crisp and tender. Pkt. 8c; oz. 15c; 2 oz. 28c; ¼ lb. 50c; ½ lb. 90c; lb. \$1.70.

BUCKBEE'S MAMMOTH ALL HEAD LETTUCE

THE WORLD'S ONE UNBEATABLE HEAD LETTUCE

Entirely New and Distinct. The Most Wonderful Market Gardeners' and Shippers' Lettuce Known. The Best Smooth-leaved, Firm-heading, All-season Lettuce. Slow to Run to Seed, Unaffected by Hot Weather. A Sure Header and a Large Header.

Mammoth All Head is a great improvement on the well-known Big Boston Lettuce. It forms larger heads, more compact and tightly folded, and is about ten days earlier than either the white or black seeded variety. It is without the reddish brown tinge on the leaves and, furthermore, it can be sown all through the growing season, and stands heat remarkably well. Is slow to run to seed, and will not scald or burn and will make a head when other varieties fail. In our repeated trials we have found it to be the best smooth leaved, firm heading Lettuce to grow through the summer months. Mammoth All Head is one of the earliest, large Cabbage-Lettuces grown, forming heads in six weeks from sowing, and the heads grow to a large size, often more than 12 inches across, are solid and compact with few outer leaves; of an attractive bright light green color, never spotted or reddish in any part. They blanch creamy white, have decidedly buttery flavor and are crisp, tender and sweet. This is the grandest, most valuable Lettuce ever introduced. There is no other variety giving such general satisfaction under so many varying conditions. Grown in the open ground, or forced in cold-frames or cool greenhouses, it produces a perfect head of extra large size, which never fails to please both grower and user. Pkt. 10c; oz. 25c; 2 oz. 40c; ¼ lb. 65c; ½ lb. \$1.20; lb. \$2.25.

We have always had good results from our seeds and think your Earliest Forcing Lettuce is the best ever.

FRED W. MAYO,
Clifton, Ill.

Permit me to congratulate you on the quality as well as uniqueness of some of your novelty seeds last year. I ordered some New French Asparagus Beans and some Lemon Cucumber Seeds which were a novelty in this vicinity. This year I'm adding the Chestnut Bean and Tasmanian Squash.

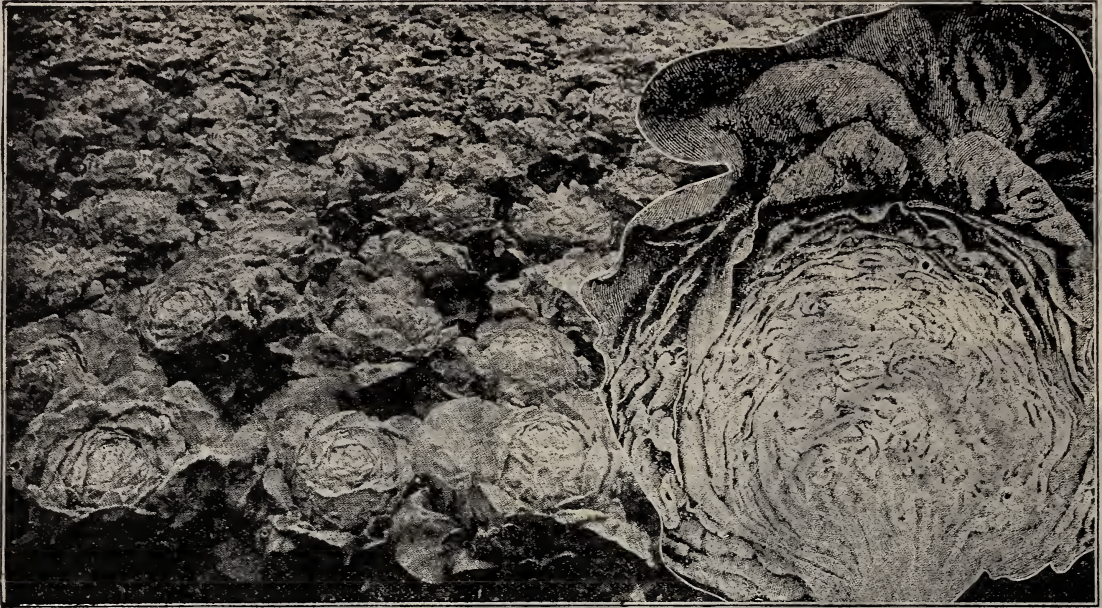

MRS. SHERMAN EVARTS SURDAM,
Schenectady, N. Y. P. O. Box 673.

Buckbee's Mammoth All Head Lettuce.

BUCKBEE'S "FULL OF LIFE" LETTUCE

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

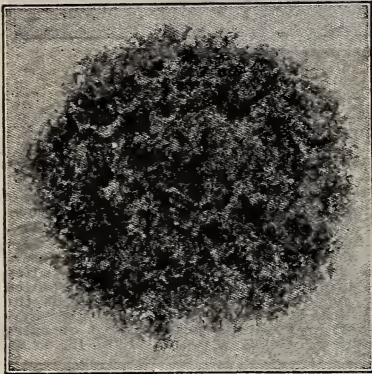

Buckbee's Ice Drumhead—The Longest Keeping Head Lettuce.

BUCKBEE'S ICE DRUMHEAD

A Sure Header, Slow to Run to Seed, Unaffected by Hot Weather. Crisp, Tender and Delicious. Absolutely Free from Bitterness. The Pure White Head Is of Good Size, and the Quality Cannot Be Equaled by Any Other Variety.

It grows rapidly; heads very early, only little later than May King, but the heads are much larger, as large as Summer Cabbage and as solid. The leaves are thick, broad, light green outside, changing toward the center from a golden yellow to a creamy white. The heads are as palatable as beautiful; very tender; never bitter; of deliciously sweet buttery flavor. Buckbee's Ice Drumhead is a sure header and an all header. It stands hot weather better than any other variety of its class. Can be used when quite young and until it runs to seed. It is immensely popular, especially in the Northern and Central States, and justly so, as it is unexcelled in its superb quality, beautiful appearance, heat resistance, keeping and shipping qualities. We control the entire stock of this variety. Pkt. 10c; oz. 20c; 2 oz. 35c; ¼ lb. 55c; ½ lb. \$1.05; 1b. \$1.90.

Buckbee's Improved Tomhannock.

BUCKBEE'S IMPROVED TOMHANNOCK

Handsome Reddish Bronze Lettuce.

Edges of outer leaves are a reddish bronze; within, the leaves are almost white. Very crisp, tender and sweet. Keeps in fine condition for a long time. Excellent for the home garden. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; 1b. \$1.50.

WONDERFUL OR NEW YORK MARKET

BUCKBEE'S PEDIGREED SEED

The Big Money Maker. The Standard Summer Main Crop Hot Weather Head Lettuce.

A grand Head Lettuce sometimes called Los Angeles, furnishes fine, crisp lettuce during the hot summer months. This is one of the largest varieties grown, producing heads more than 15 inches in diameter and weighing more than 2 pounds each. The outer color is rich dark green, but the heart blanches beautifully and is crisp, tender and delicious. It is reliable, a sure header, and is slow to go to seed. Extensively grown in all sections of the country for summer use, but also planted in fall and winter, especially in the Southwest, from which thousands of carloads of it are shipped during the winter to Eastern cities. It stands shipping as well as Cabbage and remains in good condition longer than most heading sorts. Most desirable for the private as well as the market gardener. Not used for forcing. Pkt. 10c; oz. 20c; 2 oz. 35c; ¼ lb. 65c; ½ lb. \$1.20; 1b. \$2.25.

Wonderful or New York Market Lettuce.

BUCKBEE'S "FULL OF LIFE" LETTUCE

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

All Season or Improved Deacon

Solid Heads; Crisp and Tender and of Fine Buttery Flavor.

This magnificent butter lettuce is unsurpassed for family, garden or market use. Light green outside, while the inner blanched portion is a beautiful cream yellow, of delicious, rich, buttery flavor. More heat and drought resistant than most varieties of its class. Pkt. 8c; oz. 12c; 2 oz. 21c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.35.

Buckbee's Mammoth Big Boston

Big, Compact, Tender, Cream White Heads. Quality Is Exceptionally Fine; One of the Best Keepers We Grow.

A very popular variety for Market Gardeners. It heads well in the open ground during cool weather in Spring and Fall and is grown very extensively in the South for shipping North during the Winter. It is also a fine forcing variety for cold-frames during the Winter months. Our strain is very hardy, sure to head and produces solid heads of large size, often 10 to 12 inches across, which are slow to go to seed. The leaves are thin, hard and crisp, comparatively smooth but wavy at the edges and are of bright light green color, slightly tinged with reddish brown. The inner head blanches to an attractive greenish-white. The quality is excellent. Our seed of this famous variety is used by thousands who purchase it year after year, testifying by that to its wonderful quality. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

California Cream Butter

Globular Shaped Solid Heads Which Are Firm and Compact.

Also called Royal Summer Cabbage. Dark green, round thick leaves forming a very solid round head which stands a long time without running to seed. Outer leaves spotted brown, inner ones blanched to a rich yellow. Exceedingly rich, buttery, sweet and nutty in flavor. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

Grand Rapids Forcing

Buckbee's Private Stock

Unusually Rapid Grower, Indoors or Outside. Leaves Grow in Loose Clusters and Are Finely Crimped.

New variety of superior quality and beautiful appearance; a strong grower, free from rot; one of the best for forcing; keeps crisp and tender without wilting when exposed for sale, longer than most other forcing lettuce. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

Improved Black Seeded Simpson

Buckbee's Private Stock

Semi-Compact Head; Very Tender, Crisp and of Fine Quality.

Acknowledged one of the best early forcing varieties. Leaves are a delicate green, almost white, crisp, tender and sweet. Very early, easily grown, very reliable, does well in hot Summers when others fail. Largely grown for the market, but also very popular for the home garden. Pkt. 7c; oz. 12c; 2 oz. 21c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.35.

Improved Hanson

Heat-Resisting. Much Used for Midsummer Planting Outdoors.

Large, firm cabbage-like heads with broad outer leaves frilled at the edge and of light green color. The inner leaves are white and deliciously sweet, crisp and tender. An old, most popular variety grown everywhere and extensively used for the kitchen garden as well as market. Pkt. 8c; oz. 12c; 2 oz. 21c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.35.

Simpson's Early Curled

Loose Head of Broad Leaves, Which Are Very Curled.

A decidedly crisp variety. Color, very light green; never spotted or brownish in any part. Quality excellent; sweet in flavor. Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

Buckbee's Extra Early May King Lettuce.

Dwarf White Heart or Celery.

Early Prize-Head Lettuce.

Early Prize Head

Crisp and Tender. Bright Green Leaves Edged with Brown.

This old standard sort still stands at the head of the thin-leaved clustering sorts for the home garden. Exceedingly tender, crisp and sweet. There is more Prize Head Lettuce grown in this country than any other variety. It is a most reliable variety for all-the-year-round cultivation. Leaves light brown, varying to bright green. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

Buckbee's Extra Early May King

The Earliest Head Lettuce Grown.

An ideal lettuce for planting in the open ground in spring as well as in fall, and also splendid for forcing. Extremely hardy and very quick growing. Plants grow from 7 to 8 inches in diameter with outer leaves so closely folded that the plant is practically all head. Outer leaves are light green, slightly tinged with yellow, of a specially fine rich, buttery flavor. The round, compact heads are very solid, so that they will carry well to market. It attains a size suitable for use before any other large, heading variety. Buckbee's May King is an extra fine strain and is much earlier than that mostly sold by others. Pkt. 10c; oz. 15c; 2 oz. 28c; ¼ lb. 50c; ½ lb. 95c; lb. \$1.75.

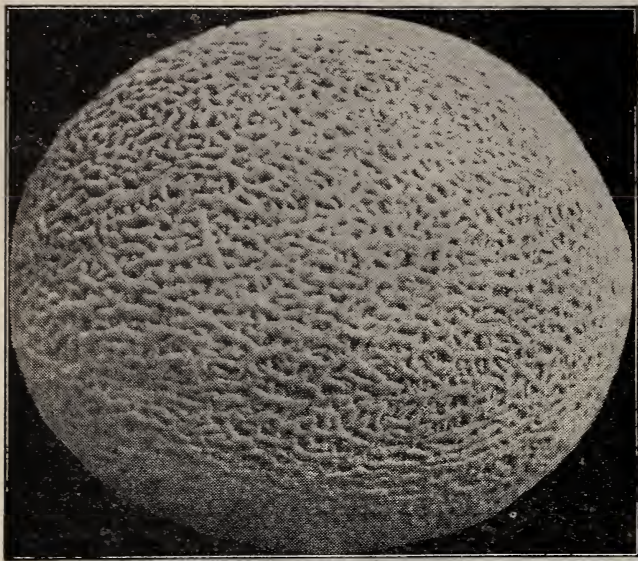

Cos Lettuce

Cos Lettuce is distinct from other varieties, in having long, narrow, spoon-shaped leaves, folding into loose, sugar-loaf shaped heads which blanch better by having the outer leaves drawn about them and tied. The heads are always crisp and mild and considered by many superior to other kinds.

DWARF WHITE HEART OR CELERY—Noted for its most excellent flavor. Earliest in cultivation. The plants grow about 3 inches high and 4 to 5 inches across. Of stiff growth, every plant making a well-developed head of the most excellent flavor, and crisp and tender. Pkt. 8c; oz. 20c; 2 oz. 35c; ¼ lb. 55c; ½ lb. 95c; lb. \$1.75.

PARIS WHITE COS—Grows to very large size, producing long, pointed, compact bunches of light green color and fine flavor. Succeeds well in Summer, grows to immense size. Plants often weigh 5 to 6 pounds each. Pkt. 7c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

BUCKBEE'S "Full of Life" ROCKY FORD MUSK MELONS

Buckbee's New Honey Boy.

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

Buckbee's New Honey Boy

Planted by 50,000 of Our Customers Last Year.

This is the earliest strain of all Rocky Ford Melons. It always brings the highest prices in the market.

Exceedingly early—very prolific—ever-bearing—yielding heavy crops from early Summer until Fall. The fruit is oval, trifle elongated—solid netting—ideal shipper. Flesh is light green, very thick meat, sweet and delicious flavor. These Melons weigh on an average about 1½ lbs. each. They grow very uniform and a large percentage of them are of standard size, forty-five of them filling a crate 12x12x24 inches. You can't go wrong on Buckbee's Honey Boy. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

Buckbee's "Full of Life" Seeds germinate the finest of any I ever had and produce the best results that we have ever had.
Mrs. Tom L. McConnell,
Rogersville, Tenn.

Buckbee's Famous Rocky Ford

Unsurpassed in Luscious Flavor.

This is the most popular of all Melons for shipping in baskets. This pedigreed Melon we have perfected from the famous Netted Gem, producing fruit a trifle more elongated in shape; the skin is green and is covered with a closely interwoven silver-colored netting. Blossom end is well protected by a small button, preventing cracking. Flesh is bright green, only the portion surrounding the seed cavity is slightly tinged with yellow. It is sweet, luscious and melting and may be eaten close to the rind. The melons are very solid, firm and thick meat; small seed cavity. Send to Buckbee's for originator's genuine selected stock seed. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.00.

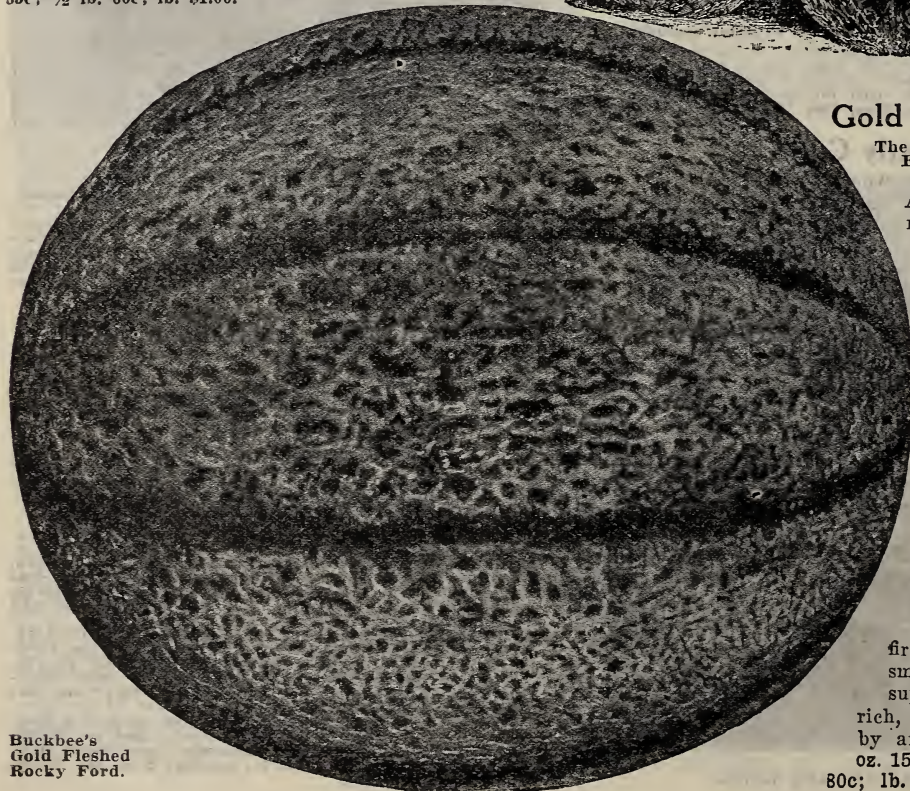

Buckbee's Famous Rocky Ford.

Buckbee's New Gold Fleshed Rocky Ford

The Biggest Cropper of All Rocky Ford Melons. Better Than the Well Known 10-25

A selection from Buckbee's famous Rocky Ford, with salmon (not orange) flesh, maturing about ten days later than Buckbee's Honey Boy. Gold Fleshed Rocky Ford is the biggest cropper and finest flavored Melon grown in Rocky Ford. It is covered with heavy gray netting over the entire surface, grows very uniform, and is more disease-resistant than any other variety; under unfavorable conditions when other strains rust badly, the plants of this variety remain green and thrifty and will produce blossoms and fruit for a long time. The flesh is quite

firm, deep, leaving but a very small seed cavity, and is of superb quality and delightful, rich, aromatic flavor not excelled by any other variety. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

Buckbee's Gold Fleshed Rocky Ford.

BUCKBEE'S "FULL OF LIFE" MUSK MELONS

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

BUCKBEE'S NEW GIANT WONDER GEM

An Entirely New and Distinct Melon, Magnificent in Every Respect, the Largest in Size and Finest in Quality.

Resembling the old Emerald Gem in shape, color and flavor. Buckbee's New Giant Wonder Gem, however, is much larger; in fact, it is the largest good melon growing, weighing under ordinary conditions as much as seventeen and eighteen pounds each and with special care much more, and it is also much more netted and of good shipping quality.

The melons are globular, slightly flattened, deeply but irregularly ribbed, covered more or less with shallow netting; the skin is of rich emerald green color while young, becoming slightly tinged with yellow as the fruit matures. The flesh is of deep, rich salmon color, about 3 inches in thickness, thicker than the flesh of any other sort we know of; the melon is indeed almost all solid meat, the cavity being very small, hardly large enough to accommodate the seeds. Sterling quality and luscious flavor. Vines vigorous, resisting the attacks of insects and blight.

Sells at good prices, as they closely resemble in appearance and flavor the large, greenhouse grown melons sold at fancy prices at the fruit stands. Pkt. 10c; oz. 15c; 2 oz. 28c; ¼ lb. 50c; ½ lb. 95c; lb. \$1.75, postpaid.

Was very much pleased with the garden seed that I bought of you last year
MISS MARIE LOGEMANN, Bennington, Nebr.

HALES BEST OR IMPERIAL

The Melon Marvel of Today. The True Rocky Ford Type Which Is Unequaled for Shipping. Extra Early; Heavy Yielder; Perfect Shape and of the Most Luscious Quality.

This is the melon that made such a sensation in the Imperial Valley the past season, over 75 per cent of the melons being of this wonderful variety.

The flesh is of exceptional thickness, shape, oval with heavy netting. Its greatest value is its extreme earliness and wonderful flavor. Pkt. 10c; oz. 20c; 2 oz. 35c; ¼ lb. 60c; ½ lb. \$1.10; lb. \$2.00.

Golden Lake Champlain.

Buckbee's Giant Wonder Gem.

BENDER'S SURPRISE

Large Size. Deliciously Sweet and Spicy. Heavy Cropper and Good Keeper.

An oval shaped, light green Melon well covered with heavy netting. When ripe, the fruit turns to a golden tint, making a very attractive melon. The flesh is unusually spicy and very sweet. Color deep orange. Good clear to the rind. Keeps well at all times. A large melon of 10 pounds is just as highly flavored as the smaller ones. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

NEW GOLDEN LAKE CHAMPLAIN

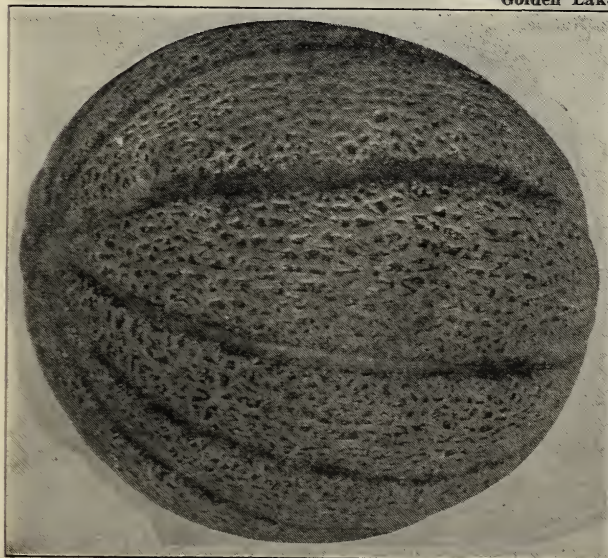

Extra Early Melon—Wonderful Yielder—Splendid Flavor.

A globe shaped melon, nearly round, heavily netted, extra early and of good size. Flesh is temptingly sweet, of rich orange color, firm, melting and delicious. An unusually heavy yielder and a wonderful home garden variety. Truly a wonderful melon, which, on account of its extreme earliness, can be grown anywhere. Pkt. 10c; oz. 25c; 2 oz. 40c; ¼ lb. 65c; ½ lb. \$1.20; lb. \$2.25.

BUCKBEE'S NEW STRAWBERRY

Delicious Quality; Rich and Spicy, with the True Strawberry Flavor.

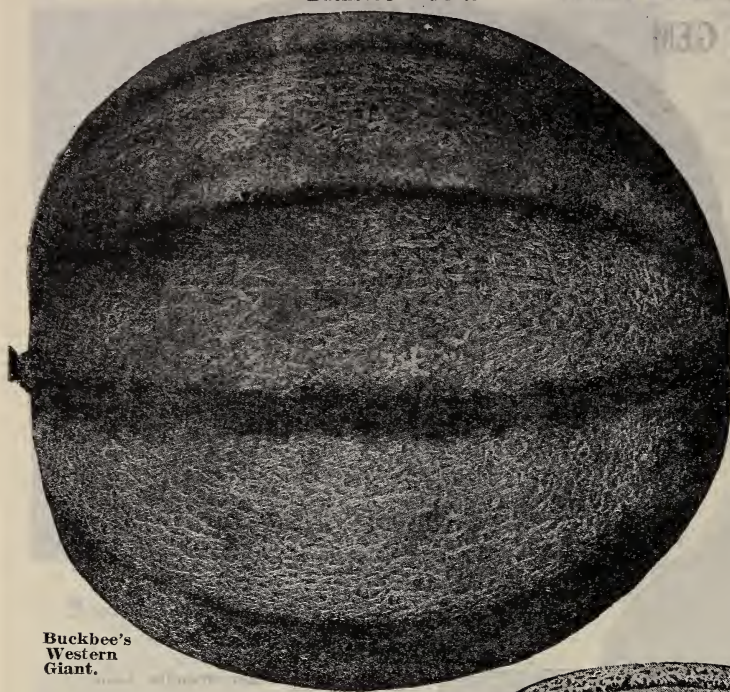

Flavor like that of a strawberry, hence the name. It grows to be a desirable market size; the fruits weigh from 5 to 7 pounds each. Its outside appearance compares favorably with the green nutmeg of old, turning to a yellowish hue, as it were, over night, when fully ripened. Its smooth, deep flesh is of an attractive pinkish-rose color, particularly soft and melting, and with that exceptionally delicious strawberry flavor leaves nothing more to be desired in a musk melon. Mr. Beck, the veteran melon grower, who honored us with the introduction of the Strawberry Musk Melon, writes: "This grand melon was originated by planting the most luscious variety of strawberries between every other row of a New Hybrid Musk Melon that I had previously perfected." While the stock of this new acquisition is but limited, we are going to offer it as follows as long as our seed supply lasts. Price, choicest seed of our own growing. We can heartily recommend Buckbee's Strawberry as having no superior as a home garden and market melon. Pkt. 10c; oz. 20c; 2 oz. 35c; ¼ lb. 60c; ½ lb. \$1.10; lb. \$1.95.

Buckbee's New Strawberry Musk Melon.

BUCKBEE'S "Full of Life" MUSK MELONS—Salmon Fleshed Varieties

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

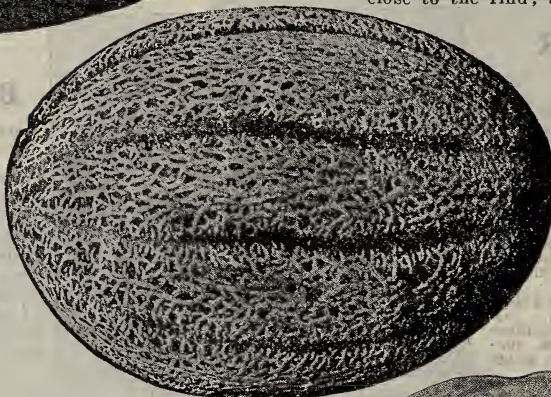

Buckbee's
Western
Giant.

EDWARDS PERFECTO

New Salmon Fleshed Rocky Ford Variety.

Fruit is uniform, nearly round and deeply netted. Flesh thick, salmon color, shading to green near rind. Matures in about 70 days. Edwards Perfecto has the deepest flesh and smallest seed cells of any of this type of Melon. Equally desirable for market or home. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

Buckbee's New Prolific Nutmeg.

BUCKBEE'S OSAGE OR IMPROVED MILLER'S CREAM

The Best Home and Market Melon—Original Stock.

This melon has made its way into public favor from the market rather than the garden, and is highly prized by those who like an exceedingly sweet and highly flavored melon. It is medium to large sized, oval, slightly ribbed, dark green in color, covered more or less with shallow netting. The flesh is deep salmon color, very thick and deliciously rich, sugary, there being but a slight cavity in the center of even the largest fruit. The best general purpose melon yet introduced. The most popular market melon in the Northern States, not more than a week later than the small earliest melons, but producing fruits three times as large. Our stock is unequalled, producing fruits larger, earlier and more netted than seed commonly sold by other dealers. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

We sure like Buckbee's "Full of Life" Seeds. We sold over \$100.00 worth of Peppers from the seed we ordered from you. The Georgia Sweetheart Water Melon was the finest I ever saw. Your Canteloupes were fine, too. D. W. CROW, Greenwood, Ark.

BUCKBEE'S WESTERN GIANT

Noted Not Only for Its Great Size, But for Its Most Magnificent Flavor and General Good Quality.

A large melon ripening about the same time as Osage; the flesh is rich, melting and sugary. As an exhibition and large market variety it is grand. It will astonish every one by its merits, being exceptionally desirable for family and market purposes. For shipping it has no superior. Where size is an object, and there is not a particle of danger of sacrificing quality, Buckbee's Western Giant will always give the most complete satisfaction. Pkt. 10c; oz. 18c; 2 oz. 30c; ¼ lb. 50c; ½ lb. 85c; lb. \$1.50.

BUCKBEE'S New PROLIFIC NUTMEG

Unsurpassed in Luscious Flavor.

This is a very early Melon of great productiveness. Particularly adapted for home garden, but also grown for market. Fruit of medium size, slightly ribbed, globular. Skin dark green, becoming yellow when over ripe and nearly covered with broad, shallow netting; flesh thick, sweet and of light green color. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.00.

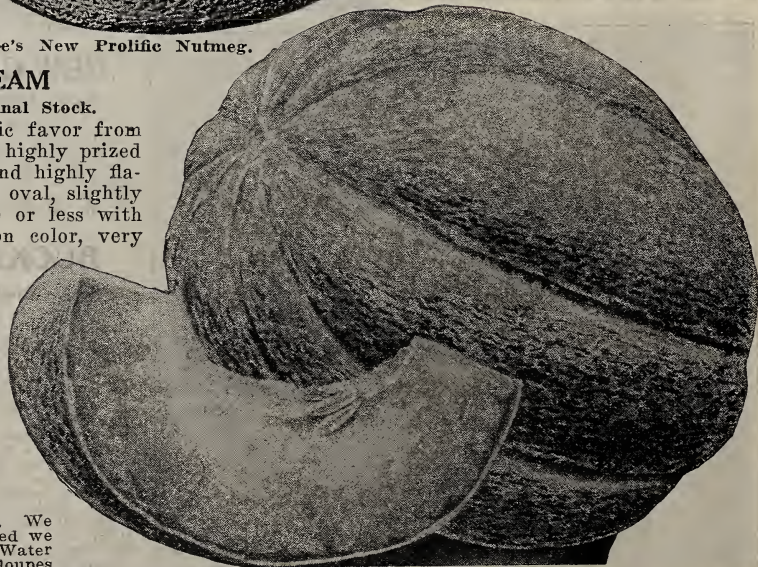

EMERALD GEM

Splendid Size, Color and Flavor. Early and Sweet.

The standard of excellence among the salmon-fleshed varieties. Fruits small to medium size, globular or very slightly flattened at the ends, only slightly netted and ribbed. Skin deep green while young, becoming tinged with yellow as the fruit matures. Flesh deep salmon yellow, thick, ripening close to the rind; sweet, juicy, melting and unsurpassed in flavor. For home use and nearby markets it leads all other kinds on account of its delicious flavor. Choicest stock seed and of our own growing. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.15.

We have bought seeds of you for 22 years and I don't know how many years my parents ordered before that. We have never seen any to equal Buckbee's "Full of Life" Seeds.

MRS. HERMAN GISEL,
Dodge Center, Minn.

Buckbee's Osage or Miller's Cream.

Buckbee's "Full of Life" Musk Melons—Salmon Fleshed Varieties—Cont'd

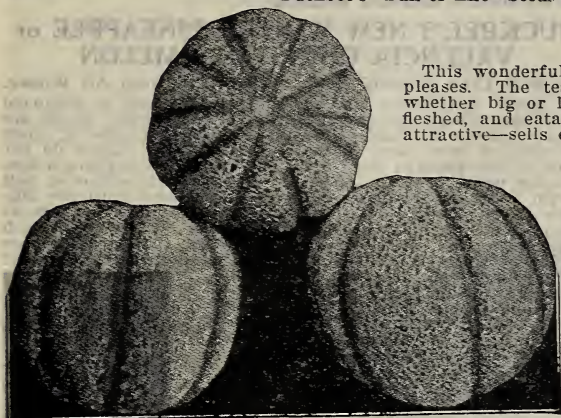

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

TRUE TIP TOP

Early, Attractive, Sweet and Juicy.

This wonderfully fine melon should be planted by all melon growers. It always pleases. The testimony of all who use Tip Top is that every melon produced, whether big or little, early or late, is a good one; sweet, juicy, finest flavor, firm-fleshed, and eatable to the outside coating. Its appearance on the market is very attractive—sells on sight. The fruits are of large size, nearly round, evenly ribbed

and moderately netted. Flesh rich deep salmon, sweet and spicy. Ripe fruits in 90 days. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

Buckbee's Golden Ball.

BUCKBEE'S IDEAL

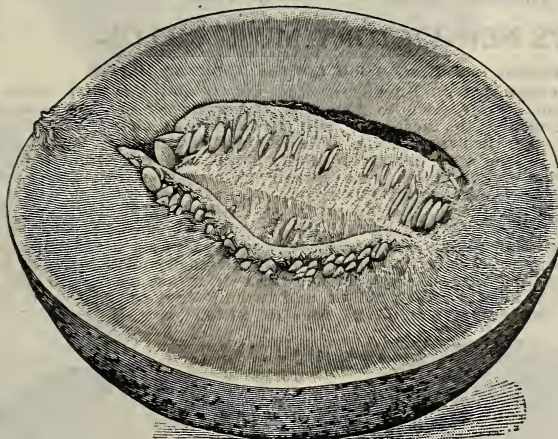

Ideal Shape. Ideal Size. Ideal Flavor.

A most delicious melon. That is the verdict of everyone who has tried this magnificent sort. Weighs from 10 to 15 pounds; exceedingly thin skin. Good keeper and an excellent shipper. The flesh is of a rich salmon color, of a sweet, pleasing and delicious flavor. Pkt. 10c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.55.

MORRILLS HEARTS OF GOLD

Extremely Thick, Sweet Orange Flesh.

(Orange flesh.) An ideal basket and crate melon of medium size, round, heavily netted, flesh very thick, of rich orange color, handsome appearance, and of the sweetest flavor. Average size of melon 6 to 8 inches in diameter. Matures in 75 days. The seed cavity is small and the rind is very tough, making it a good shipper; its vine is a vigorous grower and a heavy cropper. A very convenient sized melon for the table and for packing in shipment. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

Illinois Honey Dew.

True Tip Top.

NEW HONEY DEW MELONS

Wonderful New Melon for Fall and Winter. The Sweetest Melon Ever Grown.

Always in Demand at Fancy Prices.

A new type of melon, a cross between a Cantaloupe and a Cassaba. The fruit is oval-shaped, about 6 inches in diameter and 7 to 8 inches long, weighing from 8 to 10 pounds each. It ripens about two weeks later than Rocky Ford Cantaloupe and in the North it should be started in hot beds to give plenty of time to ripen. The skin is smooth, dull white when ripe. The rind is thin but tough. The flesh is thick, of rich very sweet flavor. This melon has been appropriately named; it is of a distinct honey-like flavor, more luscious and juicy than any other Musk Melon.

It is the best keeper and shipper of all and will stay in good condition from three to five months after it is ripe; melons not ripe when frost comes may be stored in a cellar and will there ripen slowly and can be used all winter.

Illinois Honey Dew—The best of its class. Pkt. 10c; oz. 20c; 2 oz. 35c; ¼ lb. 60c; ½ lb. \$1.10; lb. \$1.95.

Golden Honey Dew (Gold Fleshed)—Pkt. 10c; oz. 15c; 2 oz. 28c; ¼ lb. 50c; ½ lb. 95c; lb. \$1.75.

Ivory Honey Dew (Green Fleshed)—Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

BUCKBEE'S GOLDEN BALL

Or Yellow Meated Japan.

This is by far the finest, most luscious and pleasing Musk Melon ever grown. The vines are hardy, permitting earlier planting, very prolific, and produce very large fruits, nearly as early as the smaller varieties. The melons are nearly round, not deeply ribbed and covered with patches of netting. The skin is yellowish white when ripe. The crowning feature of this melon is found in the thick, melting, delicious, salmon-colored flesh. It is extremely rich, sweet and highly flavored. We know of no other sort which will give as great satisfaction as our Yellow Meated Japan Musk Melon. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

Hearts of Gold.

BUCKBEE'S "FULL-OF-LIFE" MUSK MELONS

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

BUCKBEE'S NEW WINTER PINEAPPLE or VALENCIA CHRISTMAS MELON

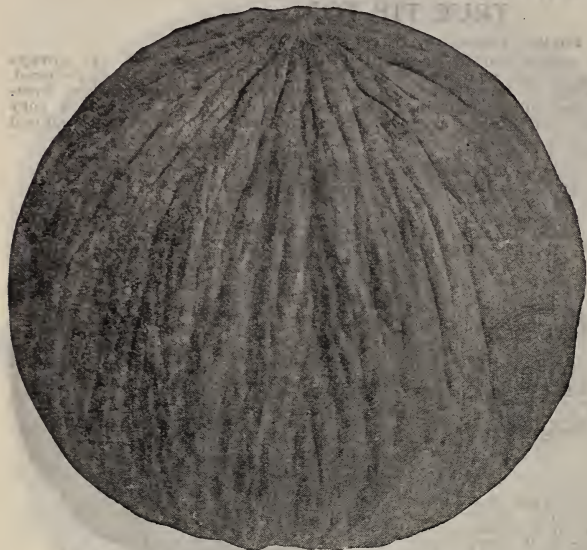

The Best Long Keeping Melon. They Will Keep All Winter.

A great acquisition and destined to become a standard vegetable. These are late maturing Musk Melons, which are largely grown in California, and hundreds of cars of them are shipped from there to the East every year. They do not ripen on the vines in the North, but are gathered there before freezing weather and if properly stored all Melons, even half grown ones, will ripen gradually. Sow and cultivate like other Musk Melons. Do not pick until the light streaks become quite yellow. Stow away so they do not touch each other in a cool, dark, dry place. When the rind becomes slightly softened and moist they are ready to eat. Some of the Melons will actually keep until February. The seed cavity is small and the flesh thick, of fine texture, juicy and palatable to within one-quarter inch of the skin. Pkt. 10c; oz. 25c; 2 oz. 40c; ¼ lb. 75c; ½ lb. \$1.30; 1 lb. \$2.50.

BUCKBEE'S NEW BANANA MELON

True Banana Shape and Flavor.

This most curious and most exquisitely flavored Melon grows to a length of 18 to 30 inches and is 2 to 4 inches in diameter. The flesh is yellow and quite deep. In appearance and odor it greatly resembles a banana. Seed always scarce. Order early. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; 1 lb. \$1.50.

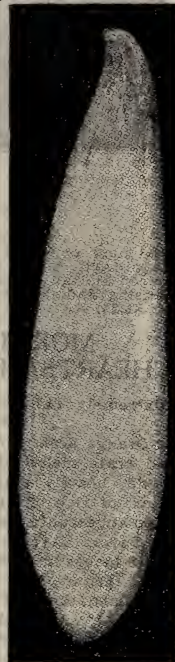

Winter Pineapple or Valencia Christmas Melon.

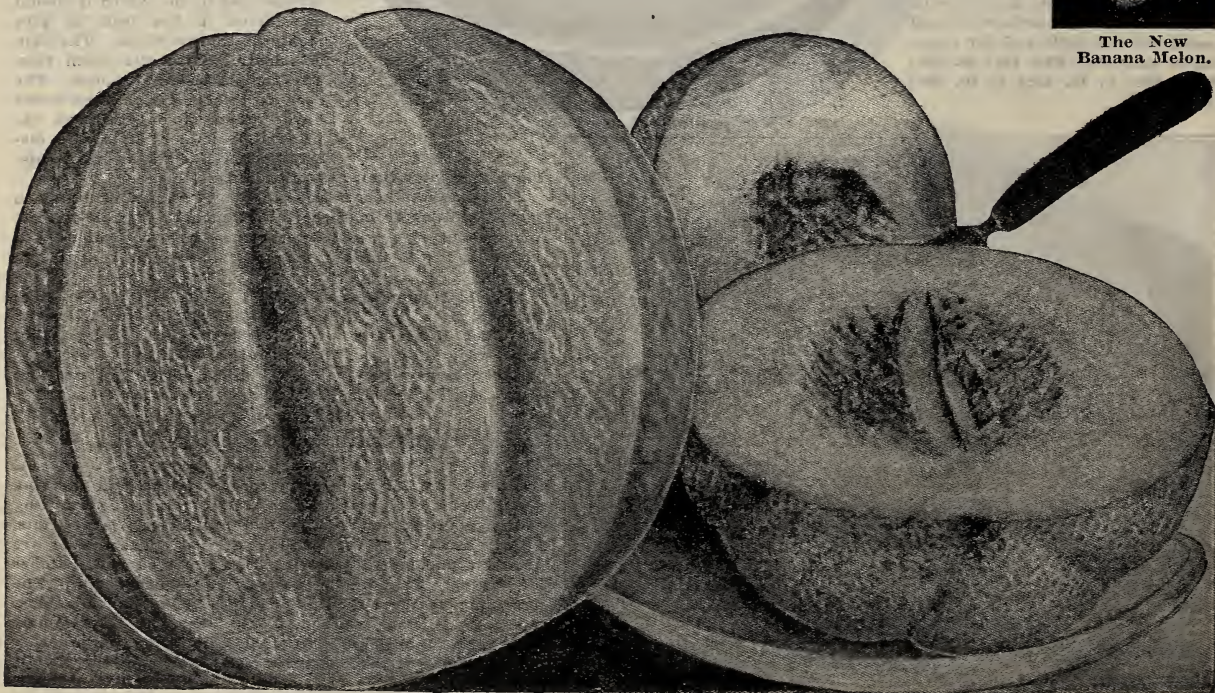

BUCKBEE'S NEW VICTORY MUSK MELON

The Earliest, Sweetest and Best Melon for the Table or Market.

This world-beating Musk Melon originated on Buckbee's Seed Farms and was first offered by us in 1920. Nearly a quarter of a million of our friends tried this wonderful Melon last year and we feel confident that the demand will continue to increase. Medium size, oval shaped, practically disease resistant, heavily covered with grayish brown netting. The color of the flesh is bright salmon; very firm and ripens close to the rind. The seed cavity is usually small, the entire fruit being practically sweet, solid flesh. Flavor is the finest of any Melon ever grown on our Rockford Seed Farms, being sweet and spicy, tender and stringless. The melon is nearly all flesh, the interior being very small, hardly large enough to accommodate the seed. In flavor it is simply unexcelled, and it certainly justifies its name by its past experience and real merit. It is so thick fleshed that one melon is enough for two or three people under ordinary circumstances, and in a patch of an acre or more you can find hundreds of melons that very closely resemble the large French melons sold on fruit stands. Matures in 75 days. For the home garden or near market trade it is unsurpassed. We control the entire seed supply of Buckbee's New Victory Musk Melon and would suggest that you order early. Postpaid, pkt. 10c; oz. 15c; 2 oz. 28c; ¼ lb. 50c; ½ lb. 95c; 1 lb. \$1.75.

The New Banana Melon.

Buckbee's New Victory Musk Melon.

Buckbee's "Full of Life" Musk Melons —Green Fleshed Varieties

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities
Montreal Market

The Famous Forcing Musk Melon.

Giant, showy Melons much used for exhibition purposes, weighing on an average 10 pounds and measuring 8 to 9 inches in diameter. They often, however, weigh 20 to 25 pounds each, and a weight of 44 pounds is on record. Largely grown in the North, especially in Canada, near Montreal, commanding very high prices during the fall months.

It is justly celebrated not only on account of its large size, but also its delicious melting flavor. They are of the green nutmeg type, almost round, heavily netted; deeply and regularly ribbed with thick, luscious flesh; late; especially adapted to cooler climates. Often started under glass. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

New Early Hackensack

The fruit is medium sized, nearly round, evenly and deeply ribbed, with a very close netting. The flesh is green, a little coarse, but very juicy, sweet and well flavored. A very early Melon and wonderful yielder and splendid shipper. Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.00.

True Jenny Lind

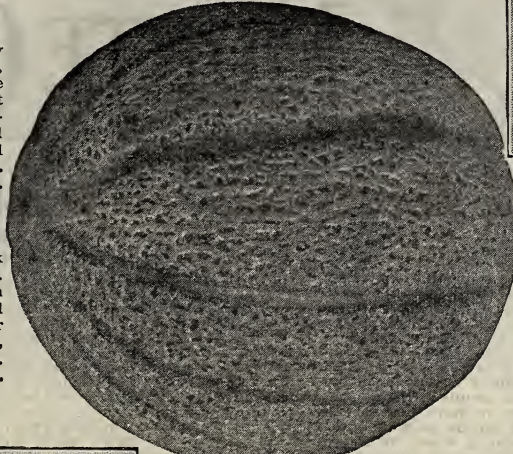

This is the earliest of all Musk Melons, and one of the sweetest. Size small, from 3 to 5 inches in diameter; flattened, deeply ribbed and well netted. Much sold under other names such as Earliest Ripe, etc. Our strain of seed is the best. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.00.

Burrell's Gem or Defender.

Burrell's Gem or Defender

One of the best yellow-fleshed Melons; it is excellent for shipping and a most desirable medium early sort for the home garden. Larger, more elongated, and about a week later than the standard Rocky Ford kinds. It has well-arched ribs, covered with a closely laced and interlaced gray netting. Flesh of a reddish orange color, very thick, fine grained and of rich, spicy flavor. The Melons average 2½ pounds, 6 inches long, 4½ inches thick, and will grate more evenly than any other Melon grown. Vines very vigorous and productive. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 55c; lb. 95c.

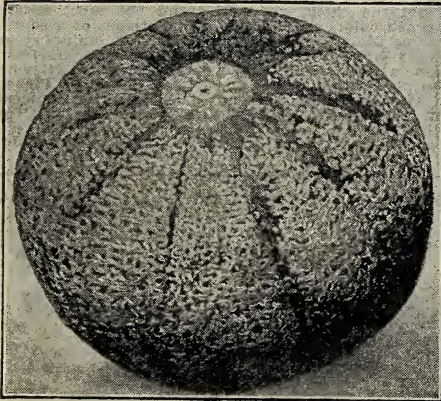

Montreal Market.

New Bush Musk Melon

The Vineless Gem of the Garden.

The bush habit of growth of this new variety enables it to be grown in small gardens, where the vine sorts could not be grown for lack of room, and they yield about twice as much on the same piece of land as the vine sorts. The fruits are of the popular "Jenny Lind" type, but larger, averaging 5 inches in diameter; they vary somewhat in shape from flattened-round to almost spherical; the ribs are shallow, the surface is dark green, but so densely netted that it appears almost russet colored. The flesh is very deep, edible almost to the rind and is colored light green flushed with salmon towards the center. The seed cavity is small. The quality is superb, lusciously sweet and juicy, with a cool, gratifying flavor and a delightful aroma. They ripen a little in advance of "Rocky Ford." The plants grow from 15 to 18 inches in length and two or three plants can be grown in a hill 2½ to 3 feet apart. Pkt. 10c; oz. 25c; 2 oz. 45c; ¼ lb. 85c.

Your promptness cannot be equalled by any seedsman. For value received, good packing, promptness and reliability, your firm will long be remembered.
GEO. M. JOHNSON, Lecompton, Kan.

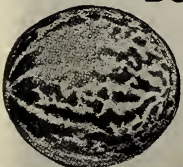

New Bush Musk Melon.

BUCKBEE'S RARE AND DELICIOUS MELON NOVELTIES

Queen Ann's Pocket Melon

Sweet Scented or Melon Pomegranate.

A pretty climbing variety; fruit round, size of an orange, of yellow color, striped and spotted red. Flesh not edible; grown for ornament and its agreeable pungent fragrance, sweetly perfuming the room for days. Trained on trellises or arbors it is very ornamental. It is easy to grow. Cultivate like Musk Melons. Pkt. 10c; oz. 25c.

The Mango Melon or Vegetable Peach

Very striking in color, most wonderful yielder. Vines of Mango Melon are somewhat smaller than the Musk Melon, requiring same cultivation. Fruit about the size, shape and color of an orange, somewhat russeted. For sweet pickles, pies or preserving they are splendid. In the West and Northwest, where fruit is scarce, they are rapidly becoming popular, as they are easily cultivated, enormously productive, and can be used in every way as the Peach, except that they are not quite as sweet and are not used raw. Pkt. 10c; oz. 25c.

Buckbee's New Garden Lemon

Resembles the Mango Melon in manner of growth, but is distinct in that the unripe fruit is striped with very dark green spots, nearly black, and when ripe is not russeted. Fruit a trifle smaller than the Mango Melon. Has a finer flesh and most desirable acid flavor, thus dispensing with sliced lemon, which is so important in putting up the Mango Melon. Unexcelled for general canning purposes. Cultivate similar to Musk Melons. It is an enormous yielder. Pkt. 10c; oz. 35c.

New Garden Lemon, a Single Plant.

BUCKBEE'S GENUINE PERFECTED

MONTE CRISTO

Trade Mark Registered—By H. W. Buckbee, Et Al

The World's One Unbeatable Water Melon

THE SWEETEST FLAVORED MELON KNOWN

The Best Variety for the Table—For Shipping and Long Keeping

IN hundreds of markets every season it finds ready sale at good prices when all other sorts go begging for buyers. This grandest of all varieties has been extensively grown the past few seasons in almost every melon growing locality of the world, and in not one single instance has it failed to meet the expectations of the planter. The reports received from every section, that all are delighted with it, prove that in the hands of our customers Buckbee's Monte Cristo has given the same surpassing results as in our careful trials on Rockford Seed Farms. The greatest yielder. The sweetest, juiciest, crispest and most solid Melon ever produced, never having a hollow or pithy center when ripe. The easiest to sell on the market, for when once tried, people will have no other. Many of our customers have written us, that they have cleared \$100 or more per acre by growing Buckbee's Monte Cristo Melons. Under average cultivation you can do as well or better. Will you not try it this year? This is an early variety, ripening about a week or ten days later than the extra early kinds offered in this book. It is a grand, good shipper, has a firm, solid rind, not too thick, yet will stand the most severe handling. The outside skin is of a rich, dark green color, shaded with faint stripes of a somewhat lighter color. Certainly the finest appearing Melon ever grown for market, shipping or table purposes. While our supply of seed is fairly large, we always have advance orders from our customers, who have planted Monte Cristo in past seasons and we would advise all who care to plant this "King of Melons" in 1928 to place their orders as early as possible. Please remember that we control the entire product of this variety, so send to Buckbee for choicest stock seed of Buckbee's Monte Cristo Melon. Buckbee's "Full of Life" seeds are bred for disease resistant qualities. The price is within the reach of all.

Price of choicest stock seed of our own growing: Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

I have bought Buckbee's Seeds for 5 years and find them the best I ever bought.
M. C. RHOTON, Clinchport, Va.

Buckbee's has long been our favorite seed house.
MRS. REID TRAVIS, Gilbertville, Ky.

MONTE

CRISTO

I ordered Water Melon Seed from you and I found that Buckbee's Monte Cristo was the best I ever raised and sells better than any other.
M. P. EAST, Cambria, Va.

I was certainly glad to get your seed book. I've had some mighty fine gardens from seed I ordered from you and hope this year will prove the same.
MRS. M. J. MOMSEN, Denison, Iowa.

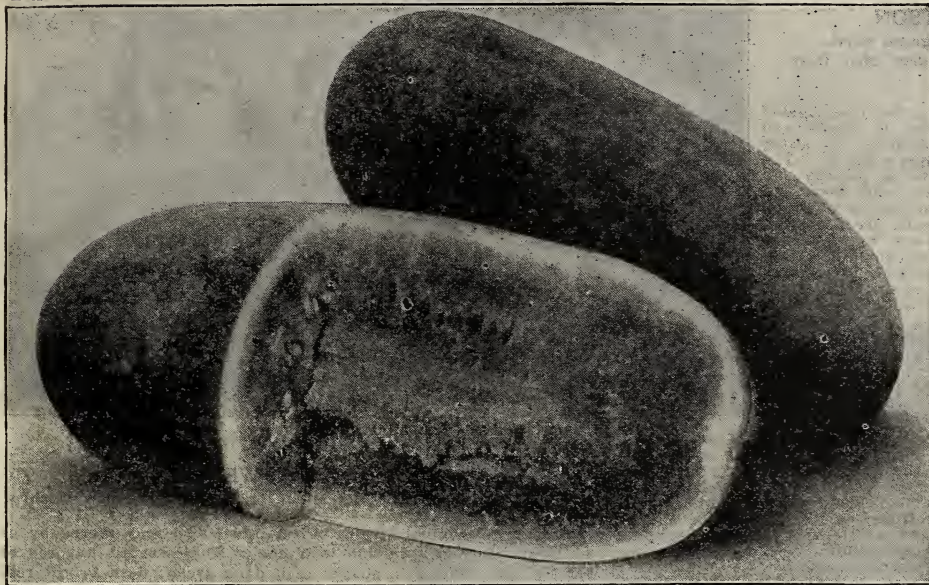

BUCKBEE'S "FULL OF LIFE" WATER MELON SEEDS

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

NEW IRISH GRAY WATER MELON

Splendid Melon for All Purposes—Good Keeper—Strong Shipper.

New and good Water Melons don't come often, but this new South Georgia variety is one that has attracted great popularity on its merits. It's a combination melon equally good for shipping or home use, being equal to or better than the Watson in that respect. It's sweet; the flesh is red, crisp and free from stringiness and in color of rind a mottled greenish gray, entirely distinct. Rind is thin but very tough. Long distance shipments go through perfectly. Vines very vigorous, healthy and hold up and produce fine melons late into summer when other sorts die out. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 65c; 1 lb. \$1.00.

Buckbee's New Georgia Sweetheart Water Melon.

BUCKBEE'S NEW GEORGIA SWEETHEART WATER MELON

Early Maturing—Uniformly Large Size—Rich Sparkling Sugary Red Flesh—Long Keeper—Big Yields—Splendid Shipper—Disease Resistant.

We have no hesitancy in presenting this distinct and valuable new Water Melon to our friends, as it will produce a greater percentage of splendid specimen Melons than any other variety, and the eating quality is unbeatable. The sparkling red flesh is very sweet and entirely free from stringiness. The size is uniformly large and the seeds are of light color. The rind is almost as tough as a Citron Melon and will not sunburn, which accounts for its long-keeping and splendid shipping qualities, the Melons remaining in good condition a long time after picking. Buckbee's Georgia Sweetheart will please you as an all around Melon and has been bred for disease resistance properties; the vines are vigorous, healthy and hold up well, producing wonderful Melons until late into the summer, when most sorts quit bearing. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; 1 lb. \$1.25, postpaid.

BUCKBEE'S NEW LIBERTY WATER MELON

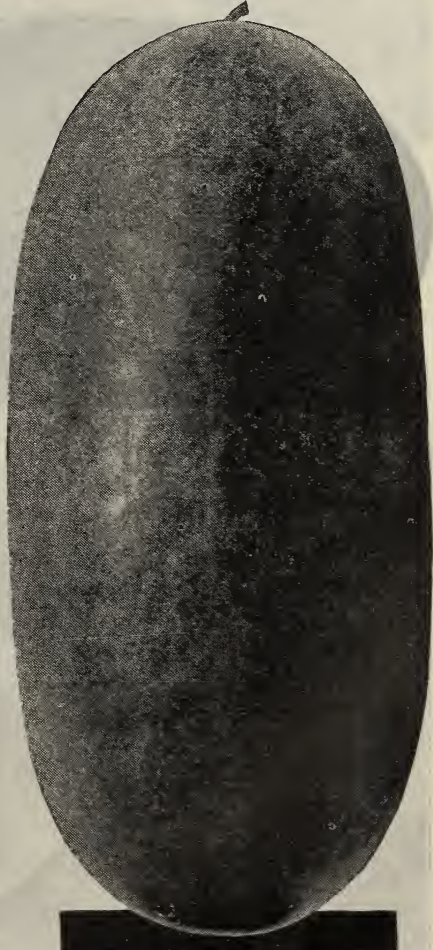

Large Size—Excellent Flavor—Good Shipper—Splendid Keeper.

This wonderful new watermelon combines the qualities of a good shipper with lusciousness and was an instantaneous success in some of the very best watermelon growing sections of the country. The illustration was taken from a large melon sent into our office. It is an average specimen of the stock from which our seed is saved and weighed 36 pounds. Buckbee's New Liberty is a large oblong Melon which is good clear to the rind, even on specimens weighing as much as 50 pounds. Color dark green with faint stripes. Flesh rich red and of exceedingly sweet flavor. Ripens close to the rind, which though thin is exceedingly tough, standing shipment nicely. Too much praise cannot be given this wonderful Melon. Postpaid, pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; 1 lb. \$1.25.

We always have the best of success with seeds bought from you. Have tried other seed companies but have found none so good as the seeds bought from you. MRS. C. W. CLOKEY, Muskogee, Okla.

Buckbee's New Liberty.

Irish Gray.

BUCKBEE'S "Full of Life" WATERMELON SEED

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

THE TOM WATSON

Buckbee's Genuine Pedigreed Seed.
Best Quality, Fine Shape, Large Size, Best Shipper.

The "Tom Watson" is an extra long Melon of attractive appearance, uniform in shape and quality; the luscious crimson flesh is "as sweet as honey," melting and of superb flavor. The average Melon will weigh 50 to 60 pounds and measures about 28 inches long and about 12 inches in diameter. The skin is dark green, with thick netting all over, quite distinct from other varieties. Its appearance and quality strongly recommend it both for home use and for market. Sure to take a leading place with large Melon growers and shippers. Our choice seed was grown from selected stock under our most painstaking care and is a great improvement over the introducer's stocks. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 55c; lb. 95c.

BUCKBEE'S GOLDEN HONEY

Golden Fleshed, Crisp, Tender and Delicious.

Some people are prejudiced against a yellow-fleshed Melon, but this prejudice will quickly disappear once they taste Golden Honey, as this Melon is one of the finest grown, the flesh being very sugary, juicy and of a most delicious flavor, similar to that of the celebrated Monte Cristo, known all over the world for its luscious quality. Golden Honey is early, of oblong shape, medium size. The rind is light green with mottled stripes. The flesh is solid, crisp, of golden yellow color and has a delightful aroma and free from hard centers.

Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25.

Tom Watson Watermelon.

Grown by Mrs. Esnay, Wild Horse, Idaho.

KLECKLEY SWEETS

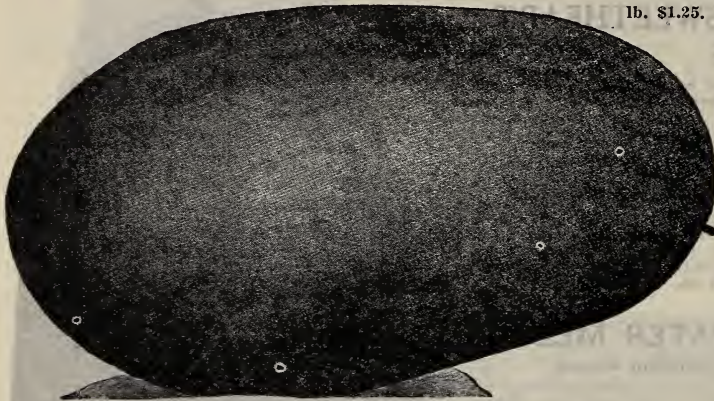

The Sweetest of All. Excellent for Home Use and Nearby Markets.

Kleckley's original strain. First introduced and offered by us in 1895. Without question it is one of the sweetest flavored of all Melons. Oblong in shape; skin dark green; flesh bright red, solid and luscious. Valuable for local and nearby market and family purposes. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25.

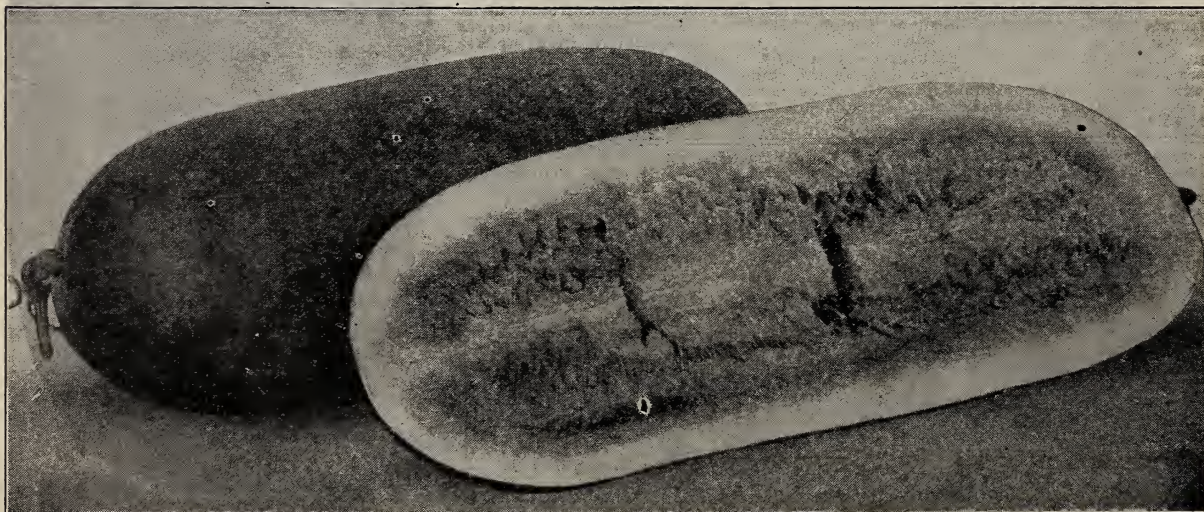

BUCKBEE'S NEW JUMBO KLECKLEY

The Acme of Perfection—Half Again as Large as the Original Kleckley.

For years we have been trying to get a Kleckley Melon of large size without sacrificing quality. In our new Jumbo Kleckley we have a wonderful yielder under almost any conditions of weather and soil. Melons are large and solid, sweet and juicy and can be eaten almost to the rind, which though thin is tough enough to stand handling. This Perfected Melon is the true Kleckley shape and has the same deep green skin which has always made them so attractive. Add to this the extra large size and you have a truly wonderful fruit. Notwithstanding its large size, it is solid and firm and does not crack easily. Flesh is bright red, and of excellent quality. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

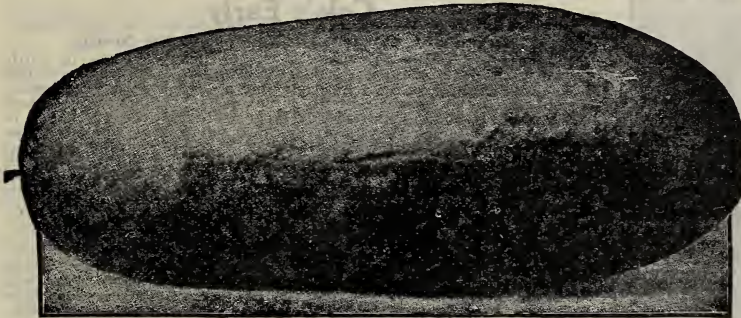

Buckbee's New Golden Honey.

Buckbee's New Jumbo Kleckley Watermelon.

BUCKBEE'S "FULL OF LIFE" WATERMELON SEED

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities.

Buckbee's Ice Cream or Peerless.

BUCKBEE'S ICE CREAM OR PEERLESS

One of the Best for Home Garden.

Splendid in every respect. Has beautiful crimson core, which is always fine grained and cannot be surpassed in flavor. Very prolific, early, magnificent grower. Is one of the best for nearby markets and home purposes. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.00.

HALBERT HONEY

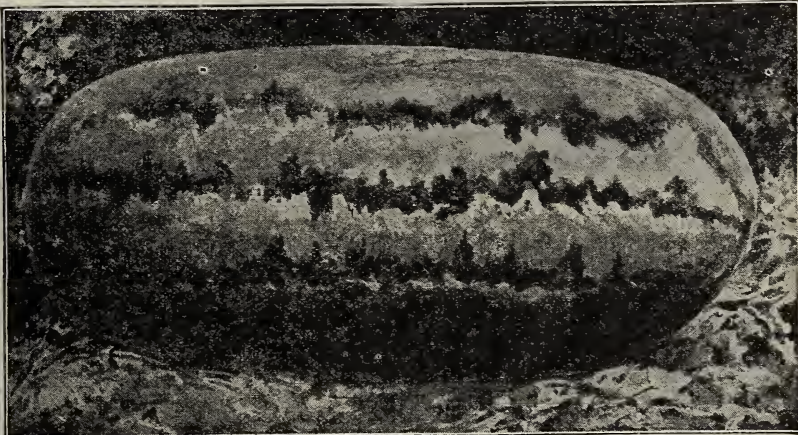

A Most Deliciously Flavored Melon.

As handsome in color as the Kleckley Sweets, but more regular in form, and much more productive. Generally free from any appearance of neck. They average 18 to 20 inches in length; 6 to 8 inches in diameter. Color of rind a clear, glossy deep green. The flesh is a beautiful crimson, extending clear to the rind. Excellent for home garden and local market. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.10.

GEORGIA RATTLESNAKE

Branch's Original and Reliable Augusta Strain.

One of the finest Melons ever grown; a splendid keeper, excellent shipper. Some times called Striped Gypsy. A very large Melon of good shipping qualities. Shape oblong, striped and mottled with various shades of green. Flesh bright red. Flavor sweet and first-class. Rind not thick. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 55c; lb. 90c.

Georgia Rattlesnake.

FORDHOOK EARLY

An extra early large Melon; does well anywhere. One of the largest of the extra early varieties, and claimed to be the earliest of all. Shape nearly round. Color a medium shade of green. Flesh bright red and of deliciously sweet flavor. The rind is sufficiently hard to make it a good shipper. Does well if grown in heavy soil. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 55c; lb. 90c.

NEW SUGAR STICK

Crisp, Sweet and Delicious.

A light green or grayish Melon of oblong form, combining handsome appearance with the finest flavor and excellent shipping qualities. Flesh red, of luscious quality. These Melons measure about 2 feet in length and weigh on an average about 30 pounds. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 55c; lb. 90c.

FLORIDA FAVORITE

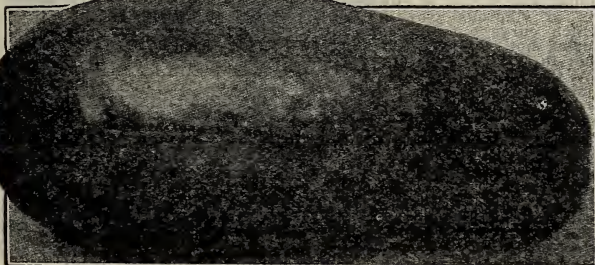

Deliciously Sweet—Second Early Shipper.

A splendid, very popular Melon; in appearance similar to Rattlesnake, but with darker skin. Enormous oblong fruits with dark green skin, faintly striped with a still deeper shade. The rind is thin, but firm; the flesh is of a beautiful clear crimson, extending clear up to the rind, and is very sweet and tender. The vines are very vigorous and productive. Our strain is highly bred and is in great demand. Pkt. 7c; oz. 12c; 2 oz. 18c; ¼ lb. 28c; ½ lb. 45c; lb. 85c.

HALBERT'S NEW RUBBER RIND

One of the Finest Shipping Melons on Earth.

After years of patient labor and careful breeding, Mr. Halbert, of Texas, the well-known Melon breeder, has succeeded in perfecting this grand Melon. Large size, weighing from 50 to 100 pounds. Flesh dark red color, sweet and quite tender. Rind very dark green, almost black; very thin and exceedingly tough, almost as a piece of rubber, hence the name. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

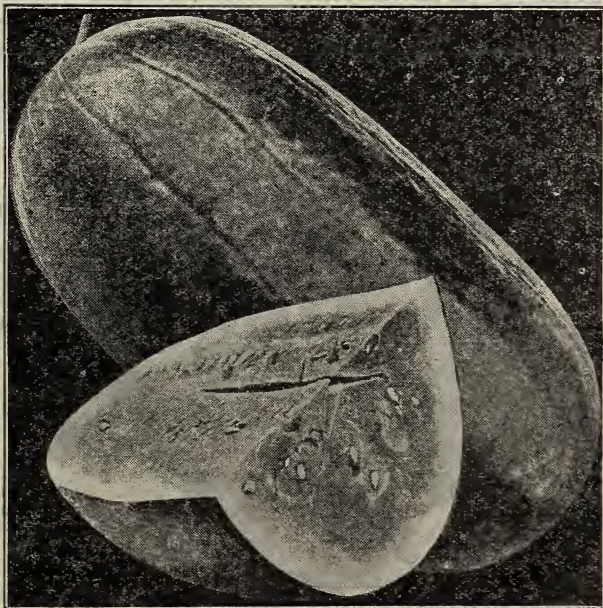

Halbert Rubber Rind.

WONDERMELON—THE NEW WATERMELON

Large Size—Finest Flavor.

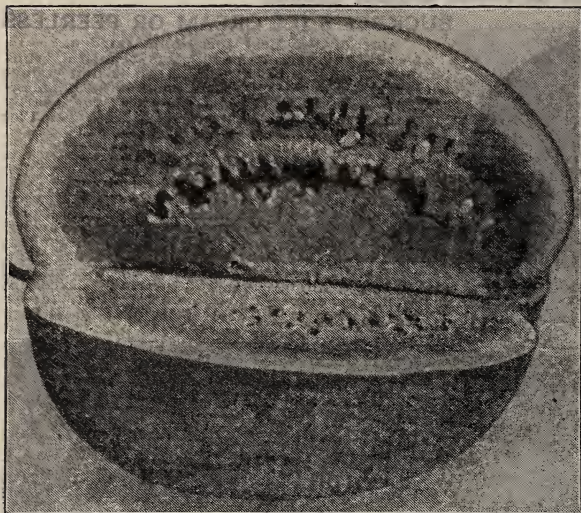

A large melon of handsome appearance, somewhat resembling the Tom Watson, but thicker through. Rind is thin but tough, and the rich, red flesh is good and of splendid quality throughout. Color is dark, almost solid green. Yields are large and melons are very uniform. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

Wondermelon—The New Watermelon.

BUCKBEE'S "Full of Life" WATER MELON SEED

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

Cole's Early Water Melon.

NEW CLIMBING WATER MELON—THE WINTER MELON

Novel and Attractive. Fruit Can Be Gathered and Stored Until Christmas.

The vine may be allowed to trail on the ground or may be trained and tied to trellises, etc. The Melons are about the size of a cocoanut, with seed no larger than apple seed. They are very solid, rich crimson flesh and of the highest quality, perfectly ideal for the home garden. Fruit ripens for a long period, unlike other sorts which ripen mostly at one time. Pkt. 10c; 3 pkts. 25c.

CITRON MELONS

The Best for Preserves

APPLE PIE MELON—A Wonderful Fruit for Pies, Preserves, Etc. The vine and fruit are quite similar to a Watermelon and they are easily grown on any good soil. Each vine produces from five to fifteen fruits and one large fruit will make as many pies as half a bushel of apples. The flesh is white, solid throughout and of excellent quality for making pies, sauce, preserves, etc., and it resembles apples in flavor. They keep nice and fresh all Winter, so that they can be used at any time. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 70c; lb. \$1.25.

BUCKBEE'S IMPROVED CITRON—Very Productive. Rich Quality—Makes beautiful, nearly transparent preserves of unsurpassed flavor. Superior to the ordinary preserving Citron in quality. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.10.

Buckbee's All Season Broad Leaf Mustard.

Cole's Early

Very Early. Particularly Adapted to the North.

Cole's Early is not only one of the earliest varieties in cultivation, but it continues to bear throughout the season. The beautiful bright red flesh is crisp and of delicate texture—granulated, cool and sparkling. In flavor it is lusciously sweet and refreshing. The melons are not large, seldom over 12 inches in length by 9 inches in diameter, but what they lack in size is more than made up in number and solidity. The heart is large, there is little or no cavity and very few seeds—all solid flesh. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. 95c.

Klondike Water Melon

One of the Very Best Early Melons.

There is no question but that this is the sweetest melon grown—clear to the rind. Wonderfully prolific, early, long and continuous bearing and stands droughts without any lessening of its size or flavor. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

Baby Delight

The Baby of the Water Melons.

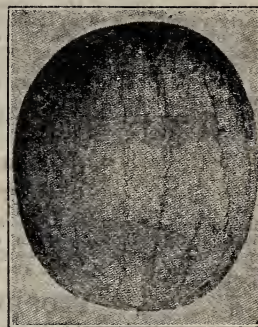

A delight for the grower on account of its extraordinary prolificness, yielding fully as much in weight per acre as any of the larger melons and being earlier than any other, always finds a ready market and brings very high prices; a delight also for the consumer on account of its convenient size and its luscious sweetness. This melon is almost round and measures from 5 to 7 inches each way, and weighs from 3 to 6 lbs. The skin is dark green, the rind is thin but strong. The flesh is of rich carmine color, always solid and of exceptionally sweet flavor. The seeds are very small, resembling apple seed, but of gray color. Pkt. 10c; ½ oz. 18c; oz. 30c.

New Climbing Water Melon.

We are well pleased with the results from the Shady Place Lawn Grass we purchased from you. We get many compliments from the looks of our lawn.

ANTON BAZIA,
Michigan City, Ind.

Baby Delight.

MUSTARD

BUCKBEE'S ALL SEASON BROAD LEAF—This is the very best of all the Mustards. It is distinct from all other varieties, the leaf being larger and broader and of good substance. Leaves are comparatively smooth and remain in condition for a long time. When cooked the quality is excellent. Also fine for salads, being tender, mild and entirely free from the bitter taste so common to some varieties. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25.

NEW CREOLE SOUTHERN CURLED—Very popular in the South. The leaves are large, light green with tinge of yellow, much crimped and frilled at edges. The plant is upright or slightly spreading in growth. This variety is highly esteemed for the market as well as the home garden on account of its vigorous growth, hardness and good quality. Seed small, reddish brown to nearly black. Pkt. 7c; oz. 12c; 2 oz. 18c; ¼ lb. 28c; ½ lb. 45c; lb. 85c.

OSTRICH PLUMED OR FORDHOOK—Leaves exquisitely crimped, ruffled and frilled of superior flavor and very popular. The plants are of vigorous growth, and have beautiful dark green leaves which curve outward like fine ostrich plumes. Does well even during hot weather. Pkt. 7c; oz. 12c; 2 oz. 18c; ¼ lb. 30c; ½ lb. 50c; lb. 90c.

NEW CHINESE—The large leaves have a pleasant, pungent flavor and can be eaten the same as other salads. It is of much larger growth than the Curled, about the same quality for salads or boiling and remains in condition for use a long time. The quick, almost rank growth of the Chinese insures tenderness, mildness and freedom from bitter flavor. Pkt. 6c; oz. 12c; 2 oz. 18c; ¼ lb. 28c; ½ lb. 45c; lb. 80c.

WHITE SEEDED—Useful for salads and greens. The leaves are comparatively small and smooth, deeply cut or divided and of medium dark green color. The plant is upright, of rapid growth and soon bolts to seed. The leaves when young are mild and tender. Seed light yellow and larger than that of other varieties. Pkt. 5c; oz. 8c; 2 oz. 12c; ¼ lb. 20c; ½ lb. 35c; lb. 60c.

BLACK SEEDED—Is sharper and more pungent than any other variety. Pkt. 5c; oz. 8c; 2 oz. 12c; ¼ lb. 20c; ½ lb. 35c; lb. 55c.

Buckbee's Sure Crop Mushrooms

GROWING MUSHROOMS IS NOT DIFFICULT

Get Reliable Spawn. Start Right and the Results Are Certain and Profitable.

We furnish every buyer of Mushroom Spawn with explicit directions for growing. If they are followed, nothing is so certain as big success.

The Mushroom is a delicious, edible fungus. It produces no seed, but instead a white fibrous substance in broken threads called spawn, which is developed and preserved in horse manure and pressed in form of bricks.

No expensive equipment is or ever will be necessary for the propagation. The plain fact is that anyone who starts right can grow Mushrooms successfully. An abandoned outhouse, or waste space in one, a shed, a basement or a cellar can be used for growing Mushrooms and will answer the purpose excellently.

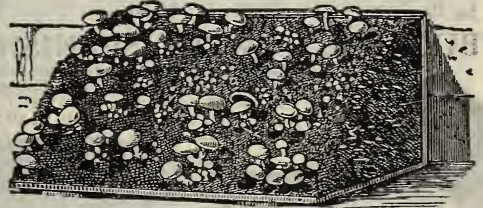

FACTS ABOUT BUCKBEE'S SURE CROP SPAWN

This Spawn is prepared exclusively for us by a specialist in this country who has not only devoted a lifetime to the work, but who is a profound student of the industry. His work has resulted in procuring the best and most reliable Spawn in the world. Under our contract it is impossible for the grower to secure any Sure Crop Mushroom Spawn from anyone except Buckbee.

We can safely assure all Mushroom growers, as well as those who have never grown any, but are on the point of trying it, that they will find Sure Crop Spawn to be all that is claimed for it and more.

It produces Mushrooms true to type, in much greater abundance, of much earlier maturity and of much larger size than those grown by any other method, and these Mushrooms are in great demand at the very highest market prices. In order to meet the demand for Sure Crop Spawn, and to provide against deterioration of its producing qualities, our arrangement with the producer is for frequent shipments which, coupled with the care we give it, renders it absolutely certain that our customers will all be furnished with Spawn that is fresh, of quick vigorous growth and if they handle it properly will bring them big returns.

Mushrooms Growing on Single Shelf.

BUCKBEE'S SURE CROP SPAWN

By mail, postpaid, brick 45c. At buyer's expense: Bricks, 35c; 5 bricks, \$1.35; 10 bricks, \$2.50; 25 bricks, \$5.50; 100 bricks, \$18.75.

Arthur Young, 954 Superior St., Racine, Wis., writes: "You will note this is my second order for Sure Crop Mushroom Spawn. The first order of Spawn has been planted two weeks yesterday, and the last few days I have picked quite a few."

BUCKBEE'S HIGH GRADE ENGLISH SPAWN

Comes in pressed bricks. Price, postpaid, brick, 40c. Not prepaid, brick, 25c; 5 bricks, \$1.05; 25 bricks, \$3.25.

OKRA OR GUMBO

The young seed pods are used in soups, stews, catsups, etc. Highly esteemed in the South. After danger of frost is past, the ground being warm and in good condition, plant in rows about two and one-half feet apart.

KLECKLEY'S IMPROVED—Immense plants, close jointed with ample foliage, bearing smooth white pods at each leaf joint, young pods are exceptionally tender and fleshy. Pkt. 8c; oz. 12c; 2 oz. 18c; ¼ lb. 30c; ½ lb. 50c; 1 lb. 90c.

PERKINS' IMPROVED—Pods 4 inches long, produced in great profusion; of handsome green color and of best quality. Pkt. 5c; oz. 12c; 2 oz. 18c; ¼ lb. 28c; ½ lb. 40c; 1 lb. 75c.

WHITE VELVET—Pods round and smooth, never prickly to the touch. Produced in great abundance. Pkt. 5c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 40c; 1 lb. 70c.

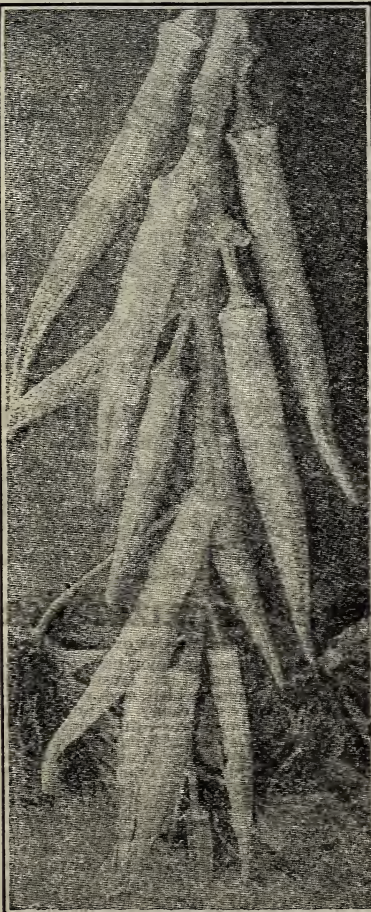

NEW LADY FINGER—Seed pods produced in abundance give a consistency and flavor that is unequalled. Quite prolific, producing long, slender pods of the form of a lady's finger. Pkt. 5c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 40c; 1 lb. 75c.

MARTYNIA (Proboscidea)

A strong growing, hardy annual plant with numerous seed pods, which when young and tender, are highly prized for pickling. Sow in rich, warm soil when danger of frost is over, in rows three feet apart and thin the plants out to two feet apart in the row. (The seed pods will be ready for pickling in 60 to 80 days and are put up in the same way as Cucumbers. The seed is slow to germinate.) Ornamental in growth, bearing large spikes of flowers, followed by hairy seed pods. Pkt. 8c; oz. 35c.

Martynia.

Okra—Kleckley's Improved.

BUCKBEE'S "Full of Life" ONION SEED

ONION — BUCKBEE'S NEW DENIA

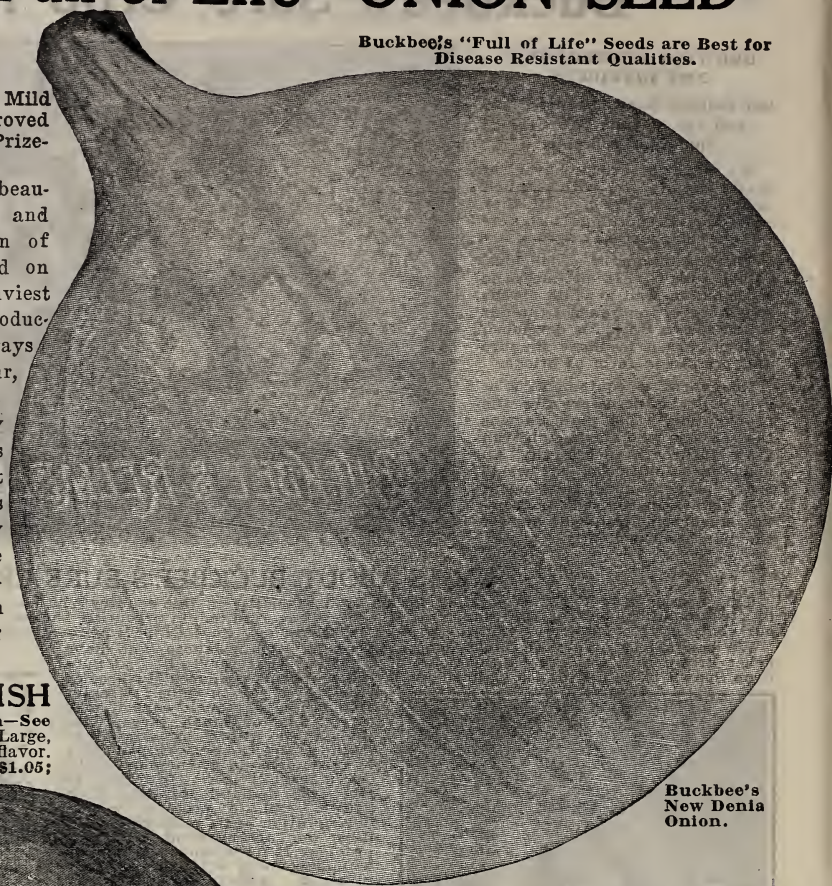

Large, Productive, Sweet, Attractive, Mild Flavor. Sometimes Called an Improved Prizetaker But It Would Take Two Prizetakers to Make One Denia.

The new Denia is a wonderful onion, of beautiful color, uniform shape, heavy weight and sweet, mild flavor. With the exception of Buckbee's New Sweet Spanish described on page 43 of this catalog, this is the heaviest onion ever grown. Very handsome and productive, of perfect globe shape which always comes very uniform. Color bright, clear, straw yellow. Have very little neck, but ripens up firm and solid. A wonderfully good keeper for so early a variety. Flesh is pure white, very fine grain and so sweet that it makes a splendid sort to use in salads and other ways without cooking. Equally desirable for the home garden or for one who grows for the market. Send to Buckbee's for choicest stock seed of our own growing. Pkt. 10c; oz. 25c; 2 oz. 40c; ¼ lb. 75c; ½ lb. \$1.30; lb. \$2.50.

BUCKBEE'S SWEET SPANISH

Another Wonderful New Onion—See Painting from Life on Page 43. Large, productive, sweet, attractive, mild flavor. Pkt. 10c; oz. 30c; 2 oz. 55c; ¼ lb. \$1.05; ½ lb. \$1.90; lb. \$3.50.

Buckbee's "Full of Life" Seeds are Best for Disease Resistant Qualities.

Buckbee's
New Denia
Onion.

BUCKBEE'S RED GIANT

The Mammoth Red Onion.

The largest Onion of this variety reported to us weighs 5 pounds and measures 6 to 7 inches in diameter. Many of our customers have grown specimens weighing 3 to 4 pounds. In shape, Buckbee's Red Giant is round and symmetrical. Skin is thin, of a beautiful reddish hue, while the flesh is delightfully pure and white, very fine grained and of pleasing flavor. Pkt. 10c; oz. 18c; 2 oz. 30c; ¼ lb. 55c; ½ lb. \$1.05; lb. \$1.85.

BUCKBEE'S NEW WAMPUM

Best Globe-Shaped Yellow Onion.

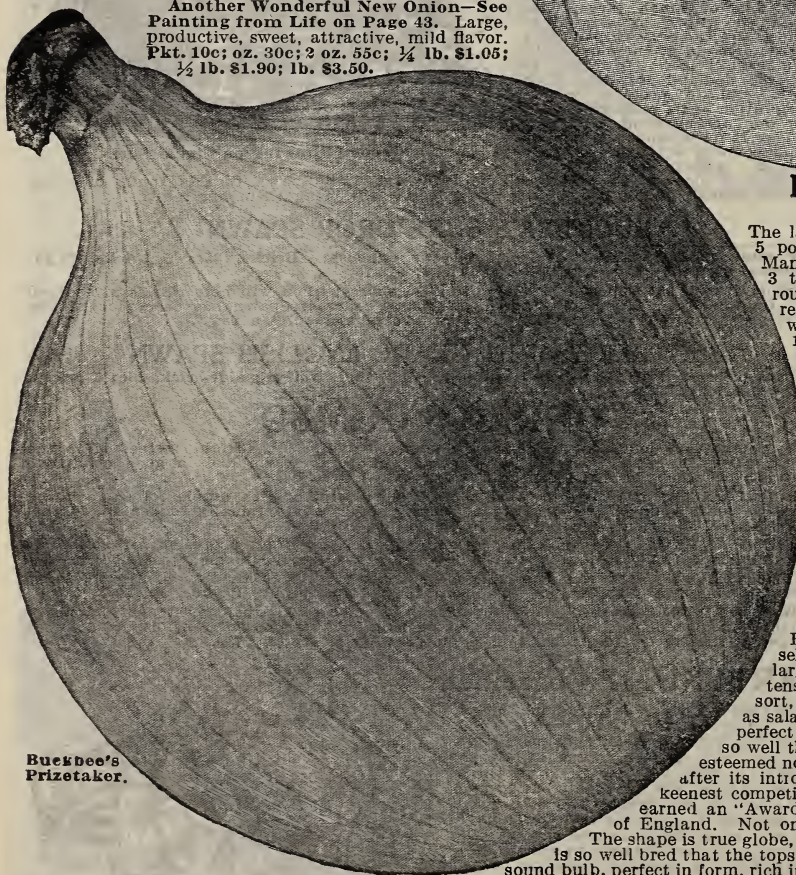

This grand new variety is a beautiful golden yellow, very attractive and striking. It is the most perfect globe-shaped Onion in existence today. The bulbs are firm and solid and excellent keepers. The necks are small and cure down to almost nothing. It is an enormous yielder. Pkt. 10c; oz. 15c; 2 oz. 28c; ¼ lb. 50c; ½ lb. 95c; lb. \$1.75.

BUCKBEE'S PRIZETAKER

Unexcelled for Home Use or Market.

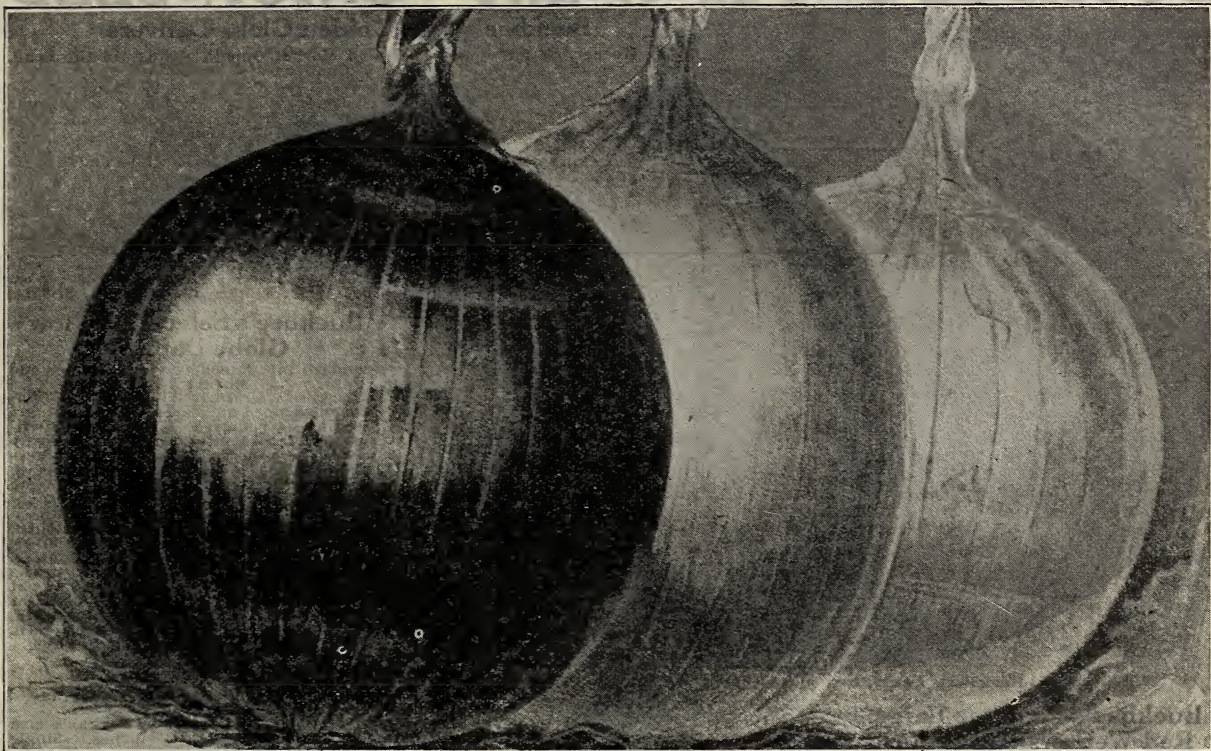

Buckbee's Genuine Prizetaker Onion has proved itself to be one of the handsomest and most productive large Yellow Globe Onions which are grown extensively today. It grows as easily as any other sort, and can be used for all purposes—the young plants as salad, the half-grown bulbs in early summer, and the perfect mature Onion practically at all times, for it keeps so well that it may be used almost the year round. It is esteemed not only in America, but in foreign countries. Soon after its introduction it was exhibited in London, and in the keenest competition with the products of the most skilful growers, earned an "Award of Merit" from the Royal Horticultural Society of England. Not only does it grow to a large size, but uniformly so. The shape is true globe, broad at the base, tapering sharply at the top. It is so well bred that the tops dry down entirely when it ripens, leaving a clean, sound bulb, perfect in form, rich in color, and wonderfully solid. The outer skin is rather pale yellow, the flesh pure white throughout. It is extremely mild in flavor, very much esteemed for slicing, baking and boiling; in fact, in whatever way it is prepared, it is unsurpassed. Pkt. 10c; oz. 18c; 2 oz. 35c; ¼ lb. 55c; ½ lb. \$1.05; lb. \$1.90.

Buckbee's
Prizetaker.

rather pale yellow, the flesh pure white throughout. It is extremely mild in flavor, very much esteemed for slicing, baking and boiling; in fact, in whatever way it is prepared, it is unsurpassed.

BUCKBEE'S "FULL OF LIFE" ONION SEED

Buckbee's Southport Globe Onions.

MONEY MAKING ONIONS QUICK GROWING SURE CROPPERS LONG KEEPERS

Buckbee's World Beating Southport Globe Onions

Southport Globe Onions are most attractive in appearance and most economical in use. They command the highest price in the market. These Onions are big croppers and splendid keepers. Harvested in September, they keep perfectly sound and merchantable until the following June. Our strains of these varieties have been carefully bred and are unequaled by those of any other grower in size, beauty, yielding and keeping qualities.

Buckbee's Peerless Southport Red Globe

Buckbee's Re-Selected Pedigree Seed.

The celebrated Blood-Red Globe Onion. This variety has for many years proved one of the most profitable for the market and shipping trade, commanding uniformly good prices in carload lots. It is of large size and splendid appearance, and frequently yields from 600 to 800 bushels per acre under average culture. It is an Onion of unusual merit. Flesh is firm, finely grained, very rich, yet unusually mild for a red Onion, and is

sure to please the most fastidious. The crop is ready to harvest in early Fall and keeps well until the late Spring months. No one that we have ever known has been disappointed with the results obtained by planting this great Onion.

Our own growth, choicest Northern-grown, high-grade pedigreed stock seed. Pkt. 8c; oz. 18c; 2 oz. 30c; ¼ lb. 55c; ½ lb. \$1.05; 1b. \$1.85.

Buckbee's Peerless Southport Yellow Globe

Buckbee's Re-Selected Pedigree Seed.

Entirely distinct from Onions of the Danvers type, having notable and striking characteristics of its own. Excels in size, excels in yield, excels in keeping qualities, excels in mildness and flavor. Matures in early Fall. It is sure to satisfy the one who buys a packet or the one who sows 50 pounds or more of seed for carload shipments. A truly grand Onion, whose large, golden-yellow spheres make a beautiful appearance, sacked, crated or barreled for the market.

Our own growth, choicest Northern-grown, high-grade, pedigreed stock seed. Pkt. 8c; oz. 16c; 2 oz. 30c; ¼ lb. 50c; ½ lb. 95c; 1b. \$1.80.

Buckbee's Peerless Southport White Globe

Buckbee's Re-Selected Pedigree Seed.

Handsomest of all Onions. It is of true globe form, pure white, hard, small necked, ripening regularly and evenly; a splendid keeper. The flesh is firm and fine grained and mild to taste. Average yields 500 to 700 bushels per acre are of frequent occurrence. No market gardener or Onion grower can afford to plant inferior stock, with only cheapness of price to recommend it, when seed like ours is to be had as reasonable, the results of planting a few ounces often paying many times the first cost of the best seed.

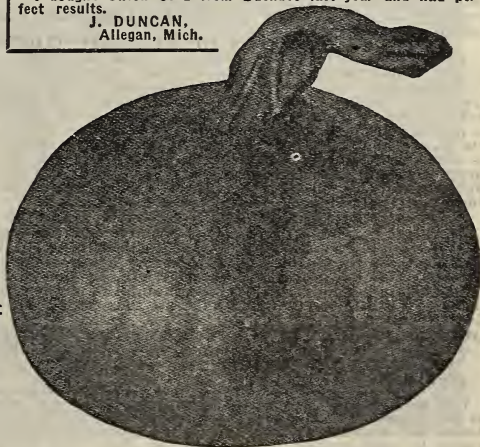

Our own growth, choicest Northern-grown, high-grade pedigreed stock seed. Pkt. 10c; oz. 25c; 2 oz. 45c; ¼ lb. 80c; ½ lb. \$1.45; 1b. \$2.80.

BUCKBEE'S ROUND OR YELLOW DANVERS

A Magnificent Sort in Every Way. The Earliest Yellow Onion.

Very handsome in appearance. Flattened, but thick through, of fine size; in fact, it is ideal in every respect for market and family purposes. Skin is thin, of a rich straw color. Flesh is pearly white, fine grained, firm, mild and of excellent quality. Ripens early, keeps well and sells rapidly. Our own growth, choicest Northern-grown, high-grade pedigreed stock seed. Pkt. 7c; oz. 12c; 2 oz. 22c; ¼ lb. 42c; ½ lb. 80c; 1b. \$1.40.

I have found Buckbee's Southport Globe Onion Seed very satisfactory in the past. H. G. LUTZ, Lafayette, Ind.
I bought Onion Seed from Buckbee last year and had perfect results.

BUCKBEE'S "Full of Life" ONION SEED

Buckbee's "Full of Life"
Seeds Are Bred for
Disease Resistant
Qualities

Buckbee's New Golden Globe Danvers

Long Keeper, Best Shipper, Unrivalled Market Onion. Always in the Lead.
Challenges Competition.

A most perfect type of the globe-shaped Onion and an extra early variety. It has a very small neck, the entire crop drying down at one time. The bulbs are of a beautiful golden yellow color. Trial tests have shown this great variety to yield over 2,000 bushels per acre, while under ordinary cultivation in past seasons several of our customers have reported yields of 1,000 bushels per acre. The bulbs are very hard, solid and are exceptionally good keepers.

Remember that we control the entire supply of this variety. Our own growth, choicest Northern-grown, high-grade pedigreed stock seed. Pkt. 8c; oz. 18c; 2 oz. 30c; ¼ lb. 55c; ½ lb. \$1.05; lb. \$1.85.

Buckbee's Selected Yellow Globe Danvers

Standard of Excellence for Home and Market Use.

Buckbee's strain of Yellow Globe Danvers, developed by careful selection and breeding, is pedigreed stock of the highest type, far superior to the seed mostly offered by others. This stock produces bulbs of fine symmetrical shape, large size, average specimens weighing from 1 to 2 lbs. each. These bulbs have small necks and ripen evenly. The skin is a light golden brown; the flesh is finely grained, pure white, crisp, mild and of excellent flavor. It is a grand, magnificent keeper and shipper. Frequently produces 800 bushels or more to the acre from seed. About a week earlier, but not quite so large nor so perfectly globe-shaped as Southern Yellow Globe. Our own growth, choicest Northern-grown, high-grade, pedigreed stock seed. Pkt. 7c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 85c; lb. \$1.60.

Buckbee's Mammoth Silver King

The King of White Onions—Its Mildness of Flavor and Tenderness Are Unsurpassed.

The largest white Onion. Grows to a remarkable size—average diameter is from 5 to 7½ inches. Single bulbs often attain weights of over 4 pounds each. There is no other white Onion which attains such mammoth size. The shape is flattened, but thick through. The skin is of a beautiful silvery white. The flesh is of a snowy white and is of a particularly mild and pleasant flavor. Being a sure cropper, producing immense Onions and enormous crops which bring the highest prices, this variety has been a great money-maker for the grower; but its fine, mild flavor makes it also most desirable for the private gardener. Send to Buckbee's Rockford Seed Farms for tested pedigreed seed. Pkt. 10c; oz. 20c; 2 oz. 38c; ¼ lb. 75c; ½ lb. \$1.40; lb. \$2.60.

Buckbee's Large Red Wethersfield.

Buckbee's Pedigree Large Red Wethersfield Onion

OUR LEADING SPECIALTY

One of the chief departments of our seed growing business consists of growing Buckbee's Pedigreed Red Wethersfield Onion for seed purposes only. Our stock has reached such a high point of merit that it is a household word everywhere that "Buckbee's Pedigreed Red Wethersfield Onion Seed is the most reliable and produces more good marketable Onions per acre than any other offered." And from the many thousands of unsolicited testimonials which we have received from all over the country, we have every reason to believe that the time which we personally spend in our onion fields is truly appreciated by our many thousands of customers who stand by us and say: "Buckbee's Seeds are Full of Life." There are many strains of this justly celebrated Onion offered, but we venture to say none can surpass Buckbee's Prize Medal Stock of this famous variety. The various strains, good, bad and indifferent that are generally offered to the unwary planter come to maturity all the way from August up until as late as October. This unreliability of cropping is very disastrous to most localities.

Buckbee's Golden Globe Danvers.

THE GREATEST OF ALL RED ONIONS

The seed which we are offering is of the earliest maturity; grown from hand-sorted bulbs that will produce Onions of immense size; 1½ to 2½-pound Onions from our seed are of frequent occurrence. BUCKBEE'S RED WETHERSFIELD grows with unusual regularity, scallions being unknown. It is a magnificent keeper. An enormous cropper—700 to 1,000 bushels have frequently been raised upon a single acre. The shape is accurately shown in our illustration. In color the skin is a deep rich, purplish red, while the flesh is of a beautiful white, finely grained and of good flavor. Our customers throughout the country indorse it as the best Red Onion ever grown.

NEVER HAS BEEN KNOWN TO FAIL

We trust no Onion grower who receives our catalogue will fail to try at least a small quantity of BUCKBEE'S RED WETHERSFIELD ONION, for all ought to know how much superior it is to other strains offered. This seed will produce highly-colored, long-keeping Onions, sure to command the highest price in the market. Will yield double the crop that seed from most other dealers will produce.

BUCKBEE'S PEDIGREE LARGE RED WETHERSFIELD—Our own growth, choicest, northern grown, high-grade, pedigreed "Full of Life" Stock seed. Pkt. 8c; oz. 15c; 2 oz. 28c; ¼ lb. 50c; ½ lb. 95c; lb. \$1.75.

Will be after more Bermuda Onion Seed and other seed of the same kind as we planted last Spring as they sure get there and grow. If a person follows the directions of your little book and don't forget the hoe. Many thanks for your kindness. MR. and MRS. GEO. BROADBENT, Marysville, Idaho.

Buckbee's Mammoth Silver King Onion.

BUCKBEE'S PEDIGREED "Full of Life" ONION SEED FLAT VARIETIES

NEW WHITE PORTUGAL or WHITE SILVERSKIN

The Standard White Onion for Market and Family Use

Medium size bulbs of flat shape, which ripen evenly and quite early—about 10 days earlier than Southport White Globe. They are of handsome appearance, have a clear, white skin as beautiful as glistening silver. The flesh is of mild, delicious flavor. For keeping, this is the best of all white varieties.

A gardener who does not care to plant more than one variety should use this one, and everyone should make a liberal sowing of it for continuous use. These Onions make fine bunching of Green Onions and are also grown for the market as large White Onions. They are also much used for pickling and for Onion Sets. Buy your seeds from first hands. Our own growth, choicest Northern-grown, high-grade pedigree stock seed. Pkt. 7c; oz. 25c; 2 oz. 40c; ¼ lb. 75c; ½ lb. \$1.30; lb. \$2.50.

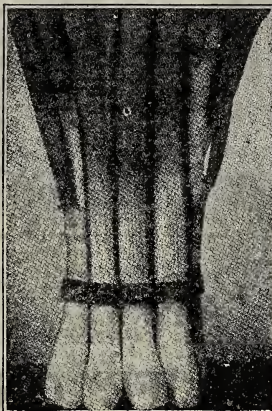

EXTRA EARLY WHITE QUEEN OR WHITE PEARL

A silver-skinned variety of remarkably quick growth. Small bulbs, flat, of mild flavor. Particularly valuable for pickles. Pkt. 7c; oz. 25c; 2 oz. 40c; ¼ lb. 75c; ½ lb. \$1.30; lb. \$2.45.

BUCKBEE'S WHITE PICKLING

Nothing Earlier in Onions.

This distinct variety is the very earliest Onion in cultivation. Of a pure paper-white color, very mild and delicate in flavor; from 1 to 1½ inches in diameter and ¾ of an inch in thickness. Its extreme earliness makes it very valuable for early table use as well as bunch Onions for market. Pedigreed stock seed. Pkt. 10c; oz. 25c; 2 oz. 45c; ¼ lb. 80c; ½ lb. \$1.45; lb. \$2.75.

Early White Welsh.

EXTRA EARLY RED

The Earliest Red Onion in the World.

A favorite early variety of fine shape. Always a good yielder and magnificent keeper, its beautiful shape and rich purplish crimson color making it extremely attractive and desirable. Medium sized, flat bulbs. Adapted for a great variety of soils and succeeds in wet, cold and mucky land. Very desirable for early market use. Selected stock seed. Pkt. 7c; oz. 16c; 2 oz. 30c; ¼ lb. 50c; ½ lb. 95c; lb. \$1.80.

EARLY WHITE WELSH (For Green Onions)

A most desirable green bunch Onion. It does not form bulbs, only scallions or enlargements at the base of each shoot, which are quite attractive and, being extremely early, sell well before Onions grown from sets are brought to the market. We recommend this variety very much and know market gardeners will find it an exceedingly profitable crop. A hardy perennial can remain in the ground for years. Pkt. 10c; oz. 25c; 2 oz. 40c; ¼ lb. 75c.

AUSTRALIAN BROWN

Long Keeping. Fine Quality.

This sort is distinct from all other Onions. Is uniform in size and shape, wonderfully hard, solid and heavy, and will keep almost indefinitely. Ripens extremely early and never makes scallions. It is of medium size, round, with skin of a deep amber-brown; flesh white, mild and agreeable. A sure cropper. Pkt. 7c; oz. 12c; 2 oz. 22c; ¼ lb. 42c; ½ lb. 80c; lb. \$1.40.

SELECTED YELLOW STRASSBURG OR DUTCH

Quite similar to the foregoing, but the bulbs are rather more flattened, of a darker skin, a little larger and mature a few days later. One of the best to grow for sets, and a splendid keeper. High-grade pedigree seed. Pkt. 7c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 85c; lb. \$1.60.

Buckbee's White Pickling Onions.

Buckbee's Genuine Bermuda Onion Seed

Bermuda Onions are largely grown in the South and have proved a most profitable crop. They are planted there in the fall and shipped North in May and are the earliest large new Onions in the market. Growers can do equally well with them in the North. They are the quickest growing Onions known. Sown at the same time as Danvers and White Portugal, they will produce full grown bulbs about 3 inches in diameter when the others are only 1 inch in size.

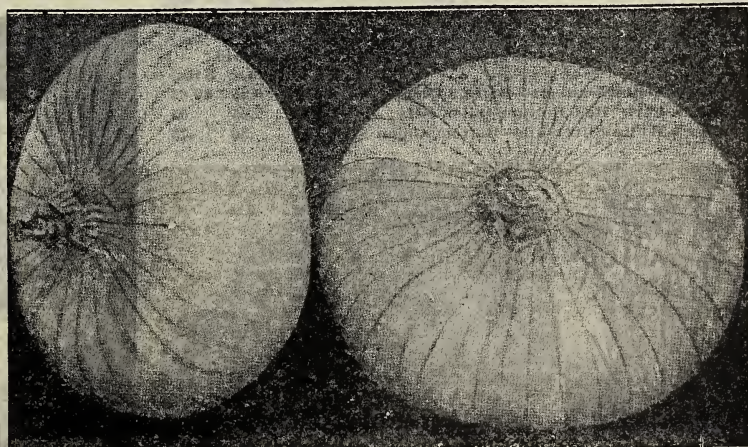

CRYSTAL WHITE WAX—This new variety is a large, pure-white flat Onion. It is the earliest and most popular Onion with the large growers in the South. It produces the mildest and sweetest Onions of them all. It is very fine for slicing, the color being so clear and pure. Our stock seed each year is imported direct from Canary Islands, where the only True Bermuda Seed is grown. We spare no labor or expense to have our stock "Full of Life" and the best that can be obtained. Pkt. 10c; oz. 40c; 2 oz. 75c; ¼ lb. \$1.40.

WHITE OR YELLOW BERMUDA—Bulbs broad and flat in form. The color is not a clear white, but rather a pale straw; flesh crisp, solid and mild, early ripening. Pkt. 10c; oz. 30c; 2 oz. 55c; ¼ lb. 90c.

RED BERMUDA—Similar in form and early ripening to the Bermuda White, but grow larger in size, ranging from 3 to 4 inches in diameter; very flat and of a light pink color. The flesh is white, slightly suffused with pink; very mild. Pkt. 10c; oz. 30c; 2 oz. 55c; ¼ lb. 90c.

We ordered Cabbage and Onion Plants from you last year and had wonderful results. Some of the Cabbage weighed 24 pounds and lots of the Onions measured 15 and 18 inches in circumference.

MRS. GEO. H. GUNN,
Hat Creek, Wyo.

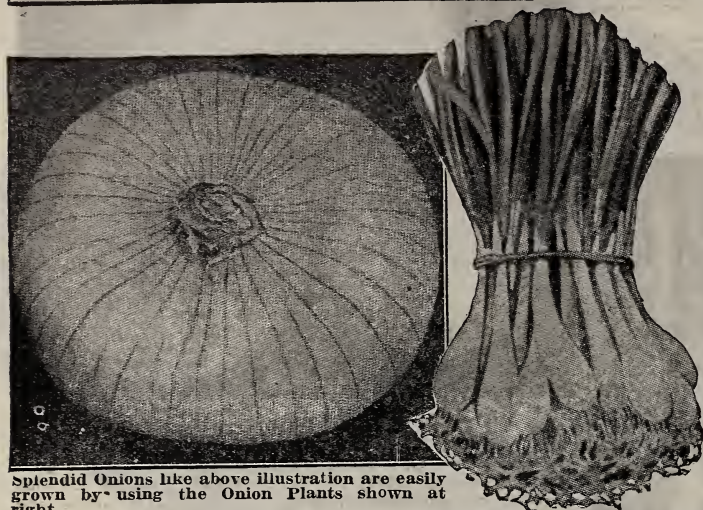

Genuine Bermuda Onions—The Earliest and Mildest Onions in the World.

BUCKBEE'S HARDY "Full of Life" ONION PLANTS

Onion Plants Will Be in Limited Supply This Year and We Would Advise Early Orders

I wanted to write you in regard to the use of Onion Plants in the place of Onion Sets. I for one will never plant another Onion Set as the Onion Plants are far superior to the Onion Sets.
HON. W. L. BRISTOW, De Kalb, Ill.

We cannot fill Onion Plant orders later than April 15th.
PLEASE NOTICE—The prices which appear after each variety apply to that sort only and not to a combination of varieties. Ask for prices on larger quantities.

Splendid Onions like above illustration are easily grown by using the Onion Plants shown at right.

Many thousands of our customers have learned, during the last year, of the great saving in time which results from planting Onion Plants instead of Sets. For those who desire an early crop, either for table use or local marketing, these plants will prove most desirable, and the fact that they are inexpensive and call for the minimum of labor and trouble in producing the crop has created an ever-increasing demand for them. When it is known that the set has to be absorbed by the new growth before it begins to form the new Onion, while the plant begins to grow as soon as it is planted and makes more headway than the set, producing delicious new Onions for table use far more quickly, the time saving can be appreciated. Onions grown from plants are larger and do not run to seed as sets often do. They may be set out at the same time you would Onion Sets or Cabbage Plants. Plant in rows about 15 inches apart, the plants 3 to 4 inches apart in the row. Plants cannot be pulled or shipped when beds are wet. Sometimes a week or ten days of continued wet weather will prevent the shipment of plants so, should your shipment be delayed, you will know what is the cause.

BUCKBEE'S "FULL OF LIFE" ONION SETS

BUCKBEE'S NEW YELLOW POTATO

This New Improved Onion Set Must Not Be Confused with the Old Style Potato Set, as It is a Multiplying Variety and Very Desirable

Of golden yellow color, excellent quality and good keepers. The bulbs produce clusters of small ones often as many as twenty from a single bulb. Onions are ripe much before any other variety. Excellent for Green Onions and also for pickling. This is the Onion to plant for all purposes. We have grown an unusually fine lot of sets this year and although there is a short crop, the quality is the finest we have ever had. Postpaid, ½ lb. 25c; lb. 45c; 3 lbs. \$1.20.

EGYPTIAN OR PERENNIAL TREE WINTER SETS

This variety never forms a large bulb. Its value lies wholly in its special adaptability to produce green Onions for Spring or Fall uses. It is perfectly hardy, and when once set out will come up year after year. Can be planted either in Spring or Fall. We can supply these sets for shipment from September 1 to the following March. This variety increases by producing sets at the top of the stalk and does not produce seed. Postpaid, ½ lb. 18c; lb. 30c; 3 lbs. 80c.

BUCKBEE'S IMPROVED SPRING TOP SETS

These are planted to produce both early Green Onions and large eating Onions. This variety increases by producing sets at the top of the stalk and does not produce seed. They are the best Onions to eat, will yield at least a third more and ripen very early. It is the best keeper that we know of. Our supply is limited and we can only offer at the following prices until our stock is exhausted. Postpaid, ½ lb. 35c; lb. 60c; 3 lbs. \$1.65.

BOTTOM ONION SETS

Bottom Onion sets produce an Onion ready for market or the household from 4 to 6 weeks earlier than can be done by sowing the seed, and the product of the set is identical with that of the seed. This gives the market gardener ample time to sell his entire crop at the early high prices and permits the sowing of another crop on the land the same year. Every private garden should contain a sowing of sets.

BUCKBEE NEW SUGAR PARSNIPS

PARSNIPS

The value of the Parsnip as a table vegetable is well known but is not generally appreciated at its full value for stock feeding. On favorable soil it yields an immense crop of roots, more nutritious than turnips and very valuable for dairy stock.

Parsnips are usually grown on deep, rich, sandy soil, but will make good roots on any soil which is deep, mellow and moderately rich. Fresh manure is apt to make the roots coarse and ill shaped. As the seed is sometimes slow and uneven in growth, it should be sown as early as possible in drills $2\frac{1}{2}$ feet apart; cover $\frac{1}{2}$ inch deep and press the soil firmly over the seed. Give frequent cultivation and thin the plants to 6 inches apart in the row.

BUCKBEE'S NEW SUGAR

Parsnips are one of the few Winter vegetables. The roots are hardy and are improved in flavor by the action of the frost.

After repeated trials at Rockford Seed Farms we have no hesitancy in offering Buckbee's New Sugar as the best Parsnip grown. Roots fine size, of good diameter, enabling them to be easily gathered; are exceedingly smooth; the flesh fine grained and of the most excellent quality. A magnificent cropper, yielding as high as 750 bushels per acre under good cultivation. You will not be disappointed by planting BUCKBEE'S NEW SUGAR PARSNIP. Pkt. 10c; oz. 15c; 2 oz. 25c; $\frac{1}{4}$ lb. 45c; $\frac{1}{2}$ lb. 80c; lb. \$1.50.

NEW MALTESE

A wonderfully fine strain. The roots do not grow as long as the Hollow Crown, but are of greater diameter and more easily gathered. Very heavy cropper. Flesh fine grained and of most excellent quality. Pkt. 6c; oz. 12c; 2 oz. 20c; $\frac{1}{4}$ lb. 35c; $\frac{1}{2}$ lb. 60c; lb. 95c.

IMPROVED HOLLOW CROWN

An excellent variety for the table. The roots grow to a length of about 15 inches with a diameter at the top of 3 inches. Very productive. Pkt. 5c; oz. 12c; 2 oz. 18c; $\frac{1}{4}$ lb. 30c; $\frac{1}{2}$ lb. 50c; lb. 90c.

PARSLEY

Parsley is used for seasoning soups and stews, for salads and for garnishing; also for ornamental borders in the flower garden. The green leaves are used for flavoring as they may be dried crisp, rubbed to powder and kept in bottles until needed.

Parsley succeeds the best on rich, mellow soil. The seed is even slower than parsnip in germinating and should be sown as early as possible in the spring, in drills 1 to 2 feet apart, covering not more than $\frac{1}{2}$ inch with fine soil firmly pressed down. When the plants are well up thin 8 to 12 inches apart in the row. When the plants of the curled varieties are about 3 inches high cut off all the leaves; the plant will then start a new growth of leaves which will be brighter and better curled; later if these turn dull or brown they can be cut in the same way; every cutting will result in improvement.

BUCKBEE'S BEAUTY

Leaves Are Finely Cut, and Heavily Curled. Foliage Is Very Attractive, and Uniformly Emerald Green.

A distinct and handsome variety of quick, robust growth forming compact, ornamental plants, densely furnished with strong-stemmed graceful leaves, finely cut, most beautifully curled, and of that brilliant emerald green color so highly attractive when used for garnishing. The flavor of the leaves is also unusually rich and aromatic, rendering this variety of special value where used for flavoring, in sauces, dressing, etc., either when fresh or dried. Pkt. 10c; oz. 15c; 2 oz. 25c; $\frac{1}{4}$ lb. 40c; $\frac{1}{2}$ lb. 75c; lb. \$1.25.

NEW MOSS CURLED

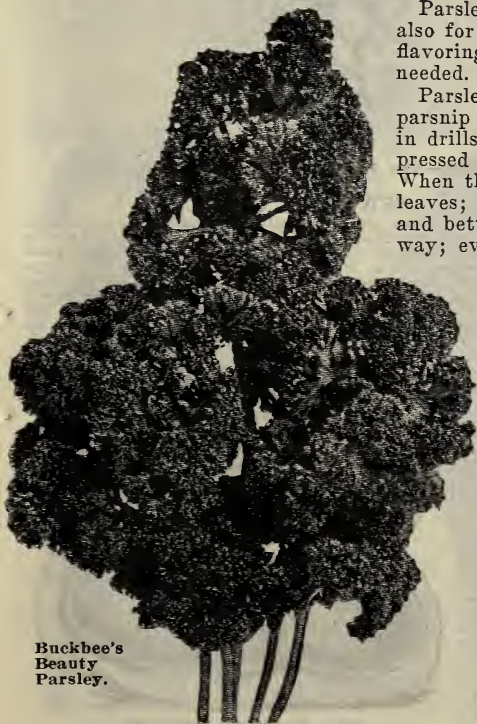

Invaluable as a garnishing plant and suited for mixing with dwarf, ornamental foliage plants in the garden. This is a vigorous, compact growing variety, excellent for garnishing and flavoring, and a handsome decorative plant. The leaves are very finely cut and so closely crisped or curled as to resemble bunches of moss. Owing to its uniformly fine deep green color and very attractive foliage, this is one of the most popular sorts for both market and home garden. Pkt. 7c; oz. 12c; 2 oz. 18c; $\frac{1}{4}$ lb. 30c; $\frac{1}{2}$ lb. 50c; lb. 90c.

PLAIN

Leaves flat and deeply cut but not curled. Unequaled for flavoring soups and stews. Pkt. 6c; oz. 10c; 2 oz. 15c; $\frac{1}{4}$ lb. 25c; $\frac{1}{2}$ lb. 40c; lb. 75c.

HAMBURG TURNIP ROOTED

The edible portion of this variety is the fleshy root which resembles a small parsnip and has a flavor similar to Celeriac; it is extensively used for flavoring soups and stews. Large pkt. 8c; oz. 12c; 2 oz. 20c; $\frac{1}{4}$ lb. 35c; $\frac{1}{2}$ lb. 60c; lb. \$1.00.

BUCKBEE'S "Full of Life" PEANUTS

Our "Full of Life" Peanuts Are Grown for Seed Purposes Only and Are the Finest That Can Be Grown.

Peanuts have always been an important farm crop in this country; millions of acres have been planted with them in the southern states, but now that their great value for producing oil and oil-cake is being better realized, a much larger acreage will be grown with them. Last year about a hundred million bushels of Peanuts have been ground up by oil mills for oil and oil-cake, while a few years ago none had been used. A ton of Peanuts in pods produces 80 gallons of sweet oil and also 750 pounds of feeding cake. This oil and cake are superior to that from cotton seed. Peanut oil is fully equal to olive oil and Peanut meal makes hard hog-flesh. The Peanut Family contain a larger percentage of oil than the other legumes and are wanted by the oil mills who now pay a higher price for a bushel of them than for cotton seed. In the South, especially on a sandy land, Peanuts will supplant cotton as a money crop, being more profitable. The cultivation of this crop is also every year extending farther north, and on suitable soil in the northern states Peanuts will make a profitable crop for stock feed where Indian Corn thrives and with a season of only four months free from frost.

Plant in rows $2\frac{1}{2}$ to 3 feet apart and 6 to 8 inches apart in the rows. The Seed Peanuts are planted either shelled or in pods, using $1\frac{1}{2}$ bushel of shelled or 2 bushels in pods per acre. The pods may also be broken in 2 parts, soaked in water and then planted at once. The larger varieties are mostly planted shelled at the rate of $\frac{1}{2}$ bushel per acre. Planting must not be done until the weather is warm. Cultivate until they begin to form pods. When they mature pull them up, turning the roots to the sun. In bright weather they will be cured in 24 hours. They must be pulled before frost.

NEW MAMMOTH VIRGINIA

This Mammoth Virginia Peanut is more profitable and desirable than the common spreading kind, because more productive, earlier, yields fewer imperfect pods and is more easily cultivated and harvested, having very erect stems and upright foliage. The vines make valuable forage for stock. Will ripen even as far north as Canada. Hundreds of our young friends reported a wonderful crop the past season. The standard variety for roasting. Postpaid, pkt. 8c; $\frac{1}{4}$ lb. 15c; $\frac{1}{2}$ lb. 25c; lb. 40c.

NEW EARLY LONG POD BUSH

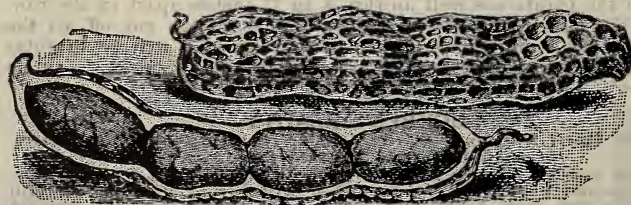

Originated by one of the best Peanut growers in the South and is certainly a distinct improvement in appearance over any Southern variety now in use. Will do well on most all kinds of soil, and fill out better than any other large variety. Can be pulled up with the vine same as the old Spanish Peanuts. The distinct long pods grow close and are well filled, containing 3 to 4 nuts to each pod. Very productive and of a mild, sweet flavor. Well adapted for stock feeding. Postpaid, pkt. 10c; $\frac{1}{4}$ lb. 15c; $\frac{1}{2}$ lb. 25c; lb. 45c.

The Burbank's Giant Avalanch Oats was planted the 4th of June and our yield will be about 60 bushels to the acre or 20 bushels more than any other kind here. The Bermuda Onion Seed produced big fine Onions. They were very mild and sweet. The yield on Mango Melons and Davis Perfect Cucumber was excellent. We clipped the ends of the Cucumber vines and had to pick the fruit every other day. We expect to harvest eight tons of Carrots from your Seed. We are well pleased with your seeds and hope to give you a large order again in the Spring.

MR. and MRS. BROADBENT, Marysville, Idaho.

A Single Plant—New Mammoth Virginia Peanuts.

New Early Long Pod Bush Peanut.

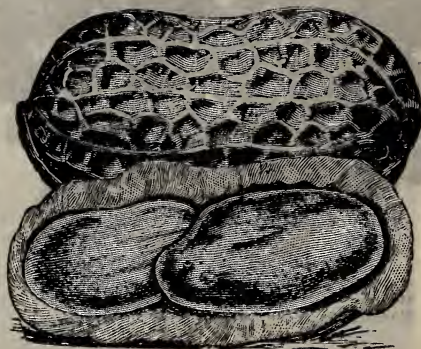

Spanish Peanut.

SPANISH PEANUT

The earliest variety grown; maturing in about 100 days; in some parts of the South two crops are raised in a year. Plants upright, with abundant and heavy foliage; the pods cluster at their base. Pods are small but well filled with nuts of sweeter and finer flavor than the larger sorts. The yield is on an average from 50 to 60 bushels of nuts and a ton of hay per acre, but frequently 100 bushels of nuts have been harvested. Can be cultivated with the plow. Because of its earliness, easy cultivation and great productiveness it is the best variety for farm use, for fattening hogs and other stock. In harvesting, the nuts hang to the vine and tops and nuts are fed together as a complete hay and grain ration. This variety has also a commercial value over that for feeding; it is the kind mostly used for Peanut candy and salted Peanuts and is also the best for oil, containing 10 per cent more oil than others. Postpaid, pkt. 7c; $\frac{1}{4}$ lb. 15c; $\frac{1}{2}$ lb. 22c; lb. 35c.

NEW DIXIE GIANT

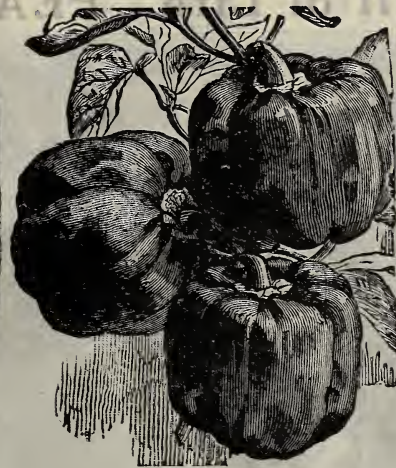

The Jumbo of the Peanut family; owing to its extremely large size and handsome appearance is very desirable in every market, always bringing fancy prices. Plants grow about 18 inches high, with heavy, erect stalks and large leaves, fruits near the tap root. Can be planted close together, thus producing a large yield, and are more easily cultivated than the running varieties. The pods fill out well, forming few, if any, pops. Should yield a gallon of nuts to one kernel planted. Postpaid, pkt. 10c; $\frac{1}{4}$ lb. 18c; $\frac{1}{2}$ lb. 30c; lb. 50c.

GROW PEPPERS, ALWAYS MONEY-MAKERS

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

BUCKBEE'S GREAT WEST—The giant of all. The heaviest cropper; the mildest flavor; the finest appearing; the surest to grow. The one you can't do without. Beautiful red color and of mild flavor. Our stock is limited, so order early. Pkt. 10c; ½ oz. 35c; oz. 65c; 2 oz. \$1.15; ¼ lb. \$2.15.

CHINESE GIANT—Double the size of Ruby King and equally as mild. The compact plants produce four or more extra large Peppers at the base very early in the season, which ripen while a second crop is setting on the branches. Very vigorous, hardy grower. Pkt. 10c; ½ oz. 35c; oz. 60c; 2 oz. \$1.05; ¼ lb. \$1.95.

RED CHILI—Bright red fruits about 2 inches long. Very hot. Plant dwarf and a heavy yielder. Pkt. 7c; ½ oz. 20c; oz. 35c; 2 oz. 65c; ¼ lb. \$1.25.

CORAL GEM BOUQUET—Plant tall, bearing a profusion of round, bright red fruit which is very pungent when ripe. The plant, when in fruit, is very ornamental. Pkt. 8c; oz. 65c.

SWEET MOUNTAIN—Plants very vigorous and productive. Fruit large, long, very smooth and handsome. Flesh very thick, sweet and mild flavored. Well suited to use for stuffed pickles or mangoes. Pkt. 7c; oz. 35c; 2 oz. 65c; ¼ lb. \$1.15.

THE RED HOT PEPPER—(Improved Long Red Cayenne)—A long, slim-pointed pod, and when ripe of a bright red color. Strong and pungent. Pkt. 8c; oz. 35c; 2 oz. 65c; ¼ lb. \$1.25.

NEW PIMENTO—A new variety, absolutely without pungency. Very early. Fruits 4½ inches long by 3 inches across. The green Peppers are excellent stuffed. Pkt. 10c; oz. 35c; 2 oz. 65c; ¼ lb. \$1.25.

NEAPOLITAN—The earliest large, mild Red Pepper. Fruits about 4½ inches long by 2 inches across. Pkt. 8c; oz. 35c; 2 oz. 65c; ¼ lb. \$1.25.

IMPROVED RUBY KING—An improved American sort, reaching the largest size, yet retaining the symmetrical shape of the smallest sorts. It is very bright colored, temptingly sweet, mild flavored, and one of the best for stuffed pickles or mangoes. Pkt. 8c; oz. 35c; 2 oz. 65c; ¼ lb. \$1.25.

LARGE BELL OR BULL NOSE—Fruits of mild flavor, good size and nearly square. Pkt. 6c; ½ oz. 20c; oz. 35c; 2 oz. 65c; ¼ lb. \$1.10.

GOLDEN QUEEN—Dwarf branching plant. Heavy yielder. Yellow fruits of good size and mild flavor. Pkt. 8c; ½ oz. 20c; oz. 35c; 2 oz. 65c; ¼ lb. \$1.25.

SWEET SPANISH—Handsome fruits about 6 inches long and two thick. Quite late. Bright scarlet, mild flavor. Pkt. 8c; ½ oz. 20c; oz. 35c; 2 oz. 60c; ¼ lb. \$1.10.

FINEST MIXED PEPPERS—The above and many other valuable Peppers in choice mixtures. Pkt. 7c; oz. 35c; 2 oz. 60c; ¼ lb. \$1.10.

We bought our seeds of Buckbee's 20 years ago and almost every year since. My father bought from you before that. Your "Full of Life" Seeds never fail of fine results.

Buckbee's Lightning Express Peas.

Buckbee's Lightning Express

Earliest Pea in the World—Ready for Picking in 40 Days.

They are much hardier, more productive and withstand greater changes in the weather than any other variety. They are not only the largest podded white seeded early, but they are entirely free from runners and the entire crop can be taken off in one or two pickings. 10,000 bushels sold annually. Where earliness, productiveness, uniformity of ripening, large-sized pods and sweetness of flavor are desired, this is the variety to grow. It may be truly called the blooded stock of all finest early Peas, and stands at the head for above fine qualities. In favorable season ready for the markets in 40 days. To the market gardener earliness is of the greatest importance, as even a few days make a great difference in price, often a depreciation of from \$2.00 to \$1.00 per barrel. The inexperienced find this out when too late. Therefore the earliest is what is required, and Buckbee's Lightning Express is that variety. Sow them. You will make no mistake. Please observe that the true stock of Buckbee's Lightning Express can be had through our house only. Postpaid, pkt. 10c; ½ lb. 25c; lb. 40c.

Buckbee's Selected First and Best

Vines vigorous and hardy, 2 to 2½ feet high, unbranched, bearing 7 or 8 straight pods having 5 to 7 medium-sized smooth Peas of good quality. A very early and very even strain of White Extra Early Peas, surpassed in productiveness and earliness only by Buckbee's Lightning Express. Postpaid, pkt. 8c; ½ lb. 20c; lb. 35c.

Earliest of All or Alaska

Vines 2 to 2½ feet high are unbranched, bearing 4 to 7 long pods, which are filled with medium-sized dark green or bluish green Peas of excellent flavor. Ripens the crop all at once and is an invaluable variety for market gardeners and canners. Buckbee's "Full of Life" Pedigreed Stock. Postpaid, pkt. 8c; ½ lb. 20c; lb. 35c.

Buckbee's Extra Early Tom Thumb

Extremely early; dwarf vines 9 inches high, completely covered with medium sized pods well filled with smooth white Peas of fine flavor. Postpaid, pkt. 10c; ½ lb. 25c; lb. 45c.

Bountiful or Ameer

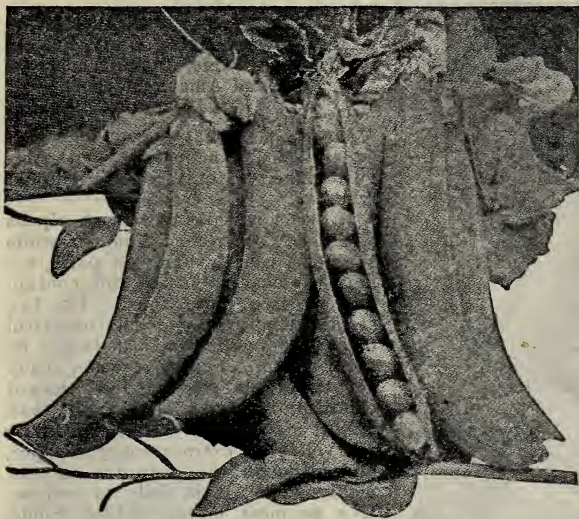

A grand Mammoth Podded Extra Early Pea and a Splendid Market Gardener Sort. The largest podded of all green seeded Extra Early Peas. It is also one of the sweetest and finest flavored of the green round seeded varieties. Grows about 30 inches high and crop can be gathered in one or two pickings. Postpaid, pkt. 8c; ½ lb. 21c; lb. 38c.

Buckbee's New Extra Early Honey Sweet.

BUCKBEE'S NEW EXTRA EARLY HONEY SWEET

The Earliest Wrinkled Sweet-Flavored Pea in Existence.
Ready for Picking in Forty Days.

Buckbee's New Honey Sweet Peas will grow and mature quicker than any other sort in cultivation. This, with the fact that they can be planted as soon as the ground can be worked, makes it possible to get into the market with this Pea sooner than with any other variety known. A wonderful luxuriant grower and a splendid drought resister. The vines attain a height of 24 inches, do not require sticking. Prodiggally prolific, the pods are from 2½ to 3 inches long, nearly round, and are always well filled. The peas are freely borne, and remain in good condition for a number of days. The pods are of a dark green color, well filled with luscious peas. The peas themselves are of first-class table quality, and retain their color and attractive appearance after cooking. It is entirely adapted to the purposes of the market gardener, and does equally as well in the home garden. Honey Sweet has made a splendid record for both quality and quantity. It is as early as Alaska, but far superior to it in quality and yield. Postpaid, pkt. 10c; ½ lb. 25c; lb. 42c.

GIANT LAXTONIAN OR BLUE BANTAM

Very Early—Extra Large Podded—Heavy Yields—Sweet Flavored.

A giant podded, dwarf, extra early pea. The most valuable Pea introduced in many years. This handsome new wrinkled Pea is the largest podded of all the dwarf early Peas. It grows only 16 to 18 inches high, requires no support, and has the same large pods as Gradus, even a few days earlier in season and of little darker green color. The Peas are almost double the size of any other early dwarf Pea, are wrinkled, of bluish-green color, and have the true rich marrow flavor, tenderness and quality of the best main crop varieties. Its great earliness, the very large size and dark green color of the pods commends this variety particularly for market gardeners' use, while the unsurpassed quality makes it especially desirable for the table. Postpaid, pkt. 10c; ½ lb. 25c; lb. 45c.

THOMAS LAXTON

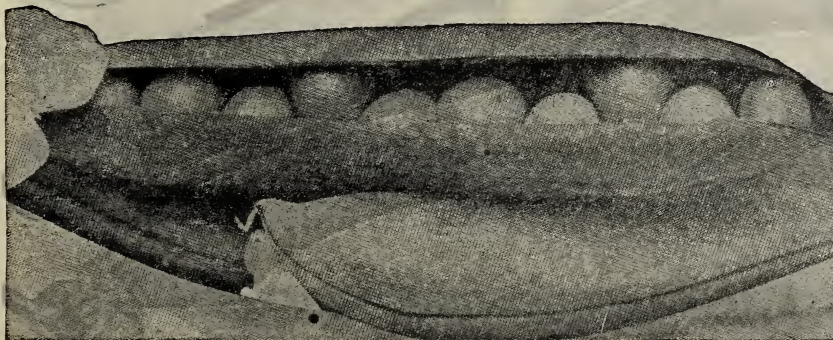

Extra Early Large Podded Sweet Wrinkled Pea.

The rival to the famous Gradus—as a long-podded, extremely early wrinkled Pea. The growth is identical but the pods are deeper, richer green, square at the end and contain more Peas. In the opinion of some experts, Thomas Laxton is even sweeter and finer in flavor, while as the large Peas are of a deeper green, they present a more attractive appearance on the table. The crop ripens only 3 to 4 days after Gradus. A splendid market gardener sort, but especially recommended for the home garden. Postpaid, pkt. 10c; ½ lb. 22c; lb. 40c.

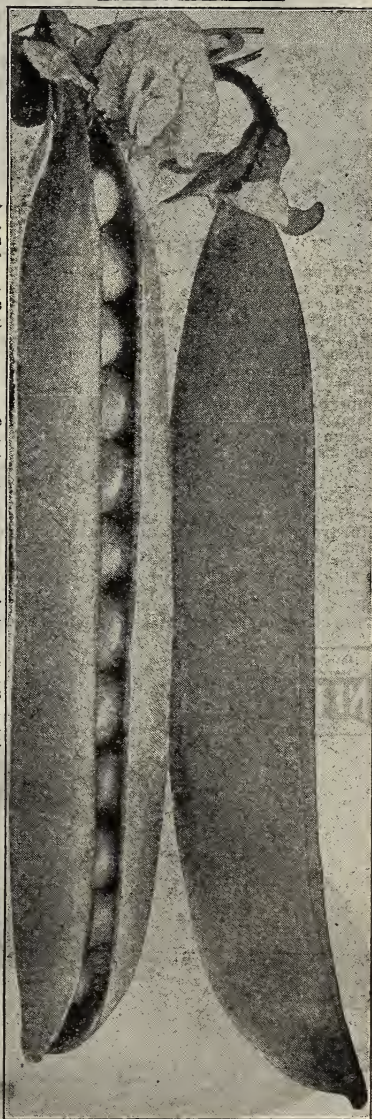

NEW EARLY GRADUS OR PROSPERITY

The Earliest, Largest Podded Wrinkled Pea.

This popular Pea matures only two or three days later than the small-podded, round-seeded Extra Earlies, but has pods as large as those of the Telephone Pea and is fully equal to it in quality. Gradus is probably the most popular of all the extra early wrinkled Peas. It has taken the place of the smooth early Peas to a great extent. It grows from 3 to 3½ feet high, requiring no sticks or brush, but sticks may be used if preferred. The vines are of pale green color and bear in great profusion from top to bottom immense round, dark green pods, 4½ to 5 inches long, well filled with from 8 to 10 or more Peas of delicious quality as large and as rich in flavor as the Telephone Peas, and these Peas can be had only a few days later than the small extra early Peas. These Peas retain their color and attractive appearance after cooking. Gradus is adapted to all purposes of the market gardener and does equally well in the home garden. Postpaid, pkt. 10c; ½ lb. 24c; lb. 44c.

New Early Gradus or Prosperity.

Giant Laxtonian.

BUCKBEE'S "Full of Life" PEAS

CHOICEST EXTRA EARLY SWEET WRINKLED VARIETIES—Continued

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

Little Marvel Peas.

SUTTON'S EXCELSIOR

An extra early dwarf, Wrinkled Pea. A very heavy cropper. Large, massive pods. Rich, delicious flavor.

As early as the Nott's Excelsior, but much more productive, with larger and broader pods. It grows about 15 to 18 inches high, and is an exceedingly heavy bearer. The pods are 4½ inches long, very broad, square at the end, and are packed with 6 to 8 immense wrinkled Peas. It is one of the sweetest Peas grown, and is unexcelled in delicious, melting quality, and superb, rich flavor. The vines and pods are of a light green color. Now often grown for the market in place of Gradus, which matures at the same time. Postpaid, pkt. 8c; ½ lb. 21c; lb. 38c.

BUCKBEE'S POTLATCH OR BIG DINNER

The Best Main Crop Variety
Potlatch is Chinook Indian for Big Dinner. The vines are sturdy and vigorous, growing about 20 inches high, with coarse and unusually dark green foliage which can be distinguished from that of other peas a quarter of a mile away. The pods, which are borne in pairs, are long, often measuring 6 inches or more. They are broad, pointed, rich dark green in color and in size and fullness fully equal to those of the Tall Telephone Pea. They contain 9 to 11 Peas, which are very large and in sweet-

ness and flavor rank with the finest.

Potlatch is a wonder of productiveness and the way the Peas shell out is astonishing. On account of its large, beautiful pods and enormous productiveness, is a great favorite with market gardeners, and owing to delicious quality one of the best for the table. Potlatch is a second early, dwarf, very large podded Pea; it has become the leading and most popular variety of its class. Postpaid, pkt. 10c; ½ lb. 25c; lb. 45c.

BUCKBEE'S LITTLE MARVEL

A New Dwarf Extra Early Pea of Unusual Value, in Enormous Demand Among Market Gardeners.

We are sure that as soon as a gardener becomes acquainted with this variety he will quit growing the old varieties.

In season this new sort ripens with the American Wonder, while the pods, usually borne in pairs, are more numerous, larger and contain one or two more Peas. Its two striking features are: The beautiful dark green color of the pods and its great keeping qualities, when ready for the table staying in excellent condition for a week longer than "Nott's" or "Wonders." Little Marvel is an extraordinary cropper, and although the pods are only of medium size, it is fully as productive as most larger podded kinds. Vines 15 inches high; pods in pairs 2½ to 3 inches long, square at bottom, jammed with 6 to 8 quite large, deep green, wrinkled Peas, which are of luscious, sugary flavor. Postpaid, pkt. 10c; ½ lb. 22c; lb. 40c.

McLEAN'S IMPROVED LITTLE GEM

Vines 18 inches high, covered with long pods, well filled with sweet, tender Peas. Postpaid, pkt. 8c; ½ lb. 20c; lb. 35c.

NOTT'S EXCELSIOR

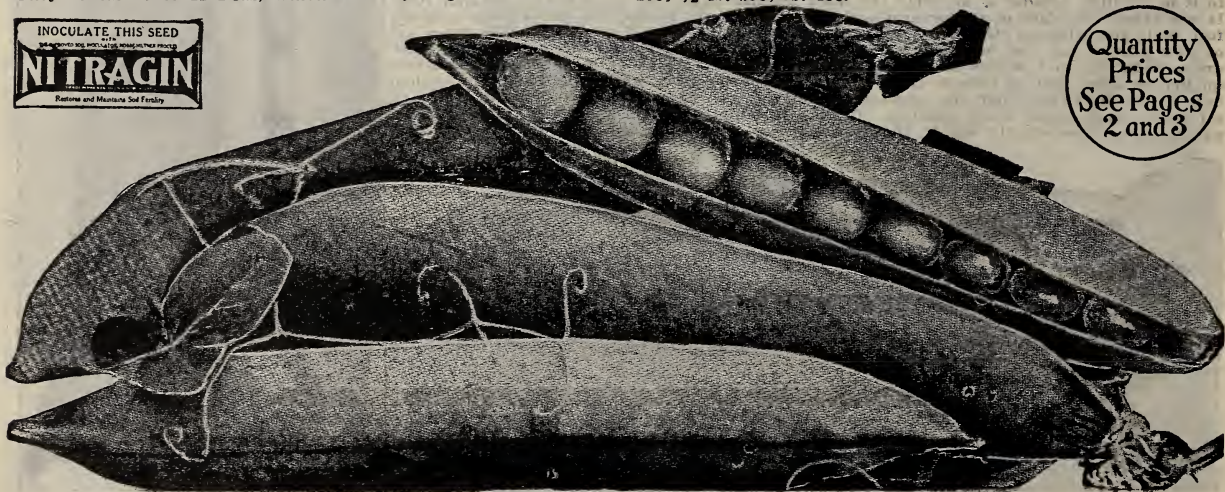

Vines larger, more productive, but a few days later than American Wonder, earlier and more prolific than Little Gem. Unsurpassed in sweetness and quality. Height, 12 to 15 inches. Postpaid, pkt. 8c; ½ lb. 21c; lb. 37c.

TRUE AMERICAN WONDER

Dwarf-wrinkled Pea, esteemed for earliness, productiveness, quality. Strong and robust, about 10 inches high, and produces medium large pods which contain 5 to 6 wrinkled Peas of very sweet flavor. Postpaid, pkt. 8c; ½ lb. 21c; lb. 38c.

Potlatch or Big Dinner Peas.

BUCKBEE'S "FULL OF LIFE" PEAS

Second Early and Main Crop; Sweet, Wrinkled Sorts

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

BUCKBEE'S NEW EVERBEARING

The Great Continuous Everbearing Variety.

Vine stout, about two and one-half feet high, bearing at the top six to ten broad pods. If these are picked as they mature and the season and soil are favorable, the plant will throw out branches bearing pods which will mature in succession, thus prolonging the season. The Peas are very large and wrinkled, cook very quickly, are tender, of superior flavor and preferred by many to any other sort. Postpaid, pkt. 8c; $\frac{1}{2}$ lb. 21c; lb. 38c.

IMPROVED CHAMPION OF ENGLAND

The Standard Sweet Flavored Late Wrinkled Pea.

Very productive and universally admitted to be one of the richest and best flavored Peas. Height four to five feet; seed light green and much shriveled. Very inferior and mixed stocks of this sort are frequently offered, but when the seed is as well grown and selected as that we offer, we consider the variety equal in quality to any in cultivation and one of the best of its season, either for the amateur or market gardener. This is the latest pea we grow; it is about a week later than Telephone. Postpaid, pkt. 7c; $\frac{1}{2}$ lb. 21c; lb. 37c.

GRANT'S FAVORITE

The Ideal Home Garden Pea. Tall Vines, Large Pods; Luscious Peas Which Are Rich and Finely Flavored.

This fine variety of our own introduction is unquestionably the sweetest late Pea ever offered, coming into use just after the early varieties are through bearing. A luxuriant grower from 3 to 4 feet high. The pods are of good size, and always well filled with exceptionally sweet and highly flavored Peas. It is nearly an upright grower, but will do better if staked or planted along a fence. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 22c; lb. 40c.

I received my garden seed and was delighted with them. Have planted some of the seed and I think every seed came up. I am enclosing another order. I have been getting your seed for a long time and have always found them satisfactory.

MRS. MANELLA GRAVES, Aspen Hill, Tenn.

Laxton's New Progress

Dwarf, Early, Large and Delicious. The Finest Pea Ever Grown.

This new Pea is without question the very finest of the large podded, dwarf, early Peas. Of the same type as Giant Laxtonian, this Pea will mature several days earlier and produce a much heavier crop. Vines are dwarf, only 15 to 18 inches high, and the pods, which are rich dark green are $4\frac{1}{2}$ inches long and always crowded with large, dark green Peas of finest quality. We believe this is the earliest large podded dwarf Pea, and just what we have all been waiting for. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 30c; lb. 50c.

Buckbee's New Vigorosa

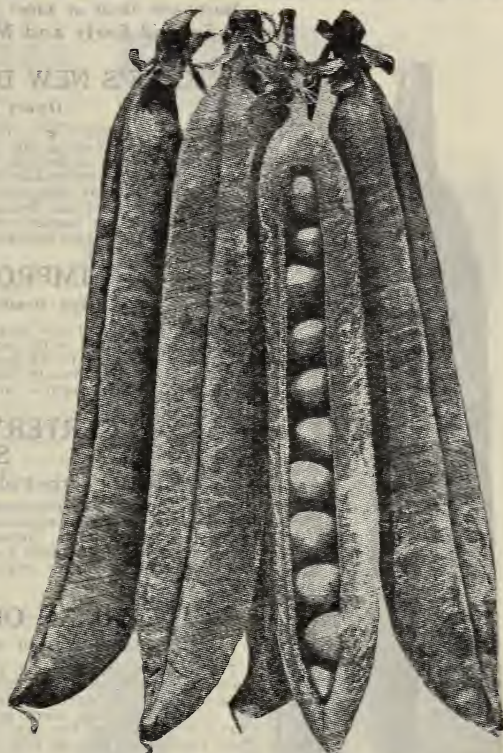

THE MOST MAGNIFICENT OF ALL NEW PRODUCTIONS

Nothing like it for a second early Pea has ever been produced. It requires no support. There is no Pea more prolific. It is a leader in the market and in demand among epicures. To try it is to surely succeed.

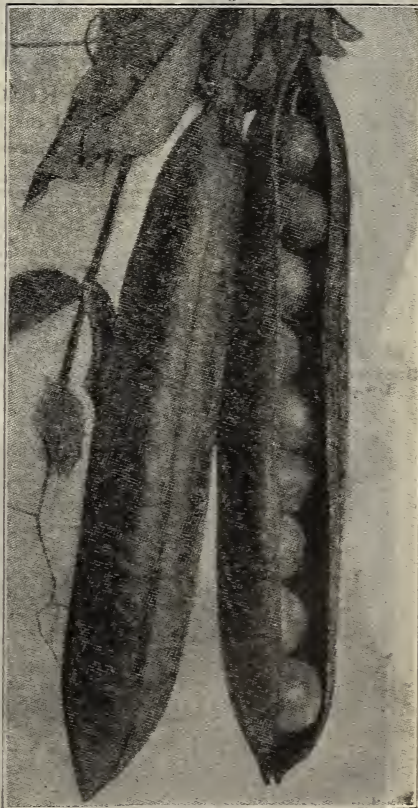

This grand, exceptionally good, new Pea is beyond all reasonable doubt by long odds the very best Second Early variety that has ever been introduced. The extended history of Pea culture gives us no example of a production anything near the equal of Vigorosa. It is absolutely unparalleled.

No bushing at all is required. The vines grow to be but 20 inches tall and are so stout that they bear immense crops without falling. As an enormous yielder the New Vigorosa ranks first and has no close rival. When it comes to quality—well, that is one of its many strong points. No one who knows the merits of real Peas could possibly find fault with it. It pleases critical judges, which means it is all that we claim for it. Those of our customers who have tried it say it is better than we represent it to be. Postpaid, pkt. 10c;

Laxton's New Progress, $\frac{1}{2}$ lb. 24c; lb. 44c.

Buckbee's New Vigorosa.

Grant's Favorite.

BUCKBEE'S "FULL OF LIFE" PEAS

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities
Second Early and Main Crop. Sweet, Wrinkled Varieties

BUCKBEE'S NEW DAISY OR DWARF TELEPHONE

Dwarf Vines; Large Green Pods.

The vines, though growing only about 18 inches in height, are very thick, stout and bear a big crop of large, well-filled pods. The pods average 5 to 6 inches in length, containing 7 to 9 large Peas of a light green color which are tender and sweet. Compared with the tall Carter's Telephone in size, shape and color of pods and exquisite flavor, the two varieties are alike, but the Daisy being dwarf can be grown without support and the rows of it can be made closer together and furthermore it is about ten days earlier than the tall sort. Postpaid, pkt. 10c; ½ lb. 22c; lb. 40c.

IMPROVED STRATAGEM

High Grade Standard Dwarf Late Pea.

One of the best of the large-podded sorts. The pods are of immense size and uniformly filled with very large dark green Peas of the finest quality. The vines grow 15 to 16 inches in height. About 5 to 6 days later than the Daisy. It is vastly superior to the stocks now generally sold as Stratagem. Vines require no support. Postpaid, pkt. 8c; ½ lb. 21c; lb. 37c.

CARTER'S TALL TELEPHONE

Selected Stock

A Standard Large Podded Main Crop Variety in Every Market.

The Telephone has become the leading Pea with market gardeners whose trade appreciates fine appearance and high quality. Vines vigorous, growing about 4 feet high, producing an abundance of very large pods filled with immense Peas, which are tender, sweet and of excellent flavor. Foliage and pods are of light, bright green color. Postpaid, pkt. 7c; ½ lb. 20c; lb. 35c.

ALDERMAN OR IMPROVED TELEPHONE

Highly Bred Main Crop Sweet Wrinkled Peas.

This comparatively new Pea is, in many respects, the very best early main crop variety of the valuable Telephone type. The vines grow nearly 5 feet high, are dark green, vigorous and exceedingly productive. Pods are very large, long, dark green. They appear a little later than those of Carter's Telephone, but are larger, often measuring 6 inches and over. The Peas are of the largest size and of unsurpassed quality. Market gardeners are demanding the large podded, dark-colored sorts, which retain their fine appearance even after shipping a long distance. The Alderman answers these requirements and furthermore is the most productive variety of this class. We recommend it unreservedly as one of the finest and most desirable for the home as well as for the market gardener. Postpaid, pkt. 10c; ½ lb. 22c; lb. 40c.

PRINCE EDWARD OR PRODIGIOUS

The Giant of the Pea Family. Unrivalled in Quality and Productiveness.

This is an English strain of the Telephone type, selected and bred from the Alderman, which also belongs to that type, especially for size of the pods. Prince Edward is considered by all who have tried it the most profitable variety to grow for the trucker, and where it is known there is an enormous demand for it. This is the largest garden Pea we grow. It is truly the giant of the Pea family and is unsurpassed for exhibition purposes. In England, where it has been exhibited in the last few years at the leading shows, it has always taken the first prize. The vines grow about 6 feet in height, are of vigorous and robust habit and have dark green foliage and pods. The pods are produced in pairs and in great profusion. They attain the extraordinary length of 7 inches and upwards and are closely packed with 11 to 13 large, dark green Peas of delicious quality. Postpaid, pkt. 10c; ½ lb. 25c; lb. 44c.

BUCKBEE'S "FULL OF LIFE" PEAS

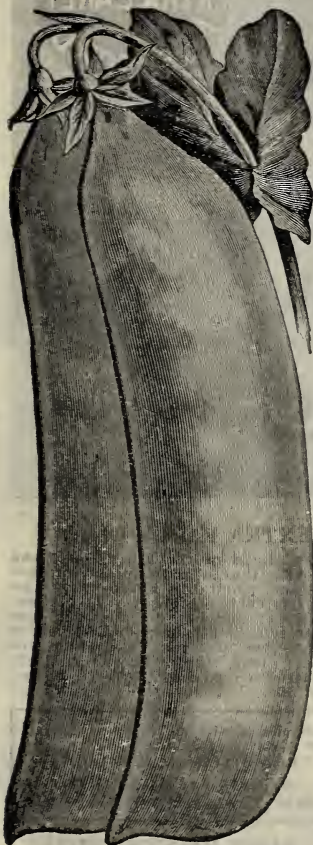

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities.

The Cream of the Best Late Varieties THE ACKNOWLEDGED WORLD BEATERS

Melting Sugar Pea—Edible Pods

Pods as Well as the Peas Are Eaten, Same as Green Beans. Good Size; Fine Yields; Wonderful Quality and Very Sweet and Tender.

An excellent edible podded Pea with large sized pods, of delicious quality. This class of Peas is used in the same way as the Snap or String Beans, not being shelled, but the pod and peas all being eaten; they are picked when the peas in the pods have reached about half their full size. Pods are very large, sweet, smooth, extremely tender, so brittle that they snap, absolutely without any string and of the most delicious flavor. Vines are tall, about five feet high, and do better if supported. Postpaid, pkt. 8c; $\frac{1}{2}$ lb. 21c; lb. 38c.

Mammoth Luscious Sugar.

Buckbee's Mammoth Luscious Sugar

The Finest Edible Podded Pea. Vines Rather Dwarf for This Class of Peas. But Pods Are Larger and Well Filled.

These peas are not shelled, but are eaten like snap beans; the pods are stringless and are unexcelled in flavor, brittleness and sweetness. They may be served with butter or white sauce, and can be made ready in 10 to 15 minutes; they are good when quite old. Excellent also for pickles. The vines grow medium tall, the pods are 5 to 6 inches long and $1\frac{1}{2}$ inches broad and are produced continuously for a long period in the greatest abundance. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 25c; lb. 40c.

Buckbee's Mammoth Podded Sugar Marrowfat

The Largest Podded, Most Productive and Best Flavored of the Marrowfat Peas; a Good Variety for Late Crop.

Here is an excellent Pea for the home gardener—and a profitable shipping variety for the professional Pea Grower. Extremely prolific, outyielding any known sort. Pods are 4 or 5 inches long, completely filled with large peas of good flavor. Vines grow about 4 feet high; should be bushed for best results, although great results are obtained without. The productiveness of this variety, in large pods as well as heavy crop, is a distinctive feature of special interest and importance. Uniformity in type, large pods, and the fine, cool looking, rich, green color of the pods, giving them the highest marketable value in appearance, which is retained several days longer than pods of lighter color could be, are all points for the market gardener to figure on. We have harvested a fine crop of the choicest seed of Buckbee's Mammoth Podded Sugar Marrowfat Peas the past season, and the price is within reach of all. Postpaid, pkt. 10c; $\frac{1}{2}$ lb. 25c; lb. 40c.

My father has used your seeds for 25 years and I have used them about 15 years, and will continue to plant Buckbee's "Full of Life" Seeds, for I always know what I have if I plant Buckbee's seeds for they always grow.
R. L. BALDWIN, Hickory Flat, Miss.

Buckbee's Mammoth Podded Sugar Marrowfat.

Buckbee's "Full of Life" Cow Peas

Cow Peas grow on almost all soils and thrive on land too poor for clover. They are drought-resistant, stand the heat of the southern summer and are largely grown in the South, but the early varieties listed here are also of greatest value for all Northern states.

IMPROVED WHIPPOORWILL—A favorite in the South and Middle West. Very productive. Postpaid, 3 lbs. 55c.

NEW ERA—Upright, remarkably prolific. Yields two crops in the South. Postpaid, 3 lbs. 55c.

PROLIFIC BLACK EYE—One of the earliest; will mature seed in about 60 days. Postpaid, 3 lbs. 60c.

Buckbee's Northern Grown Field Peas

For the Northern states there is no crop of greater value than Field Peas. They yield a profitable crop, no matter for what purpose it is grown—for pasture, soilage, hay, grain or fertilizer.

BUCKBEE'S NEW EARLY SNOWFLAKE—By far the best Field Pea. Immensely productive. Postpaid, 3 lbs. 55c.

BANGALIA—The vines are very heavy and the Peas are somewhat wrinkled, and a beautiful light green color. Postpaid, 3 lbs. 65c.

IMPROVED WHITE CANADA FIELD—A well-known standard variety. Postpaid, 3 lbs. 55c.

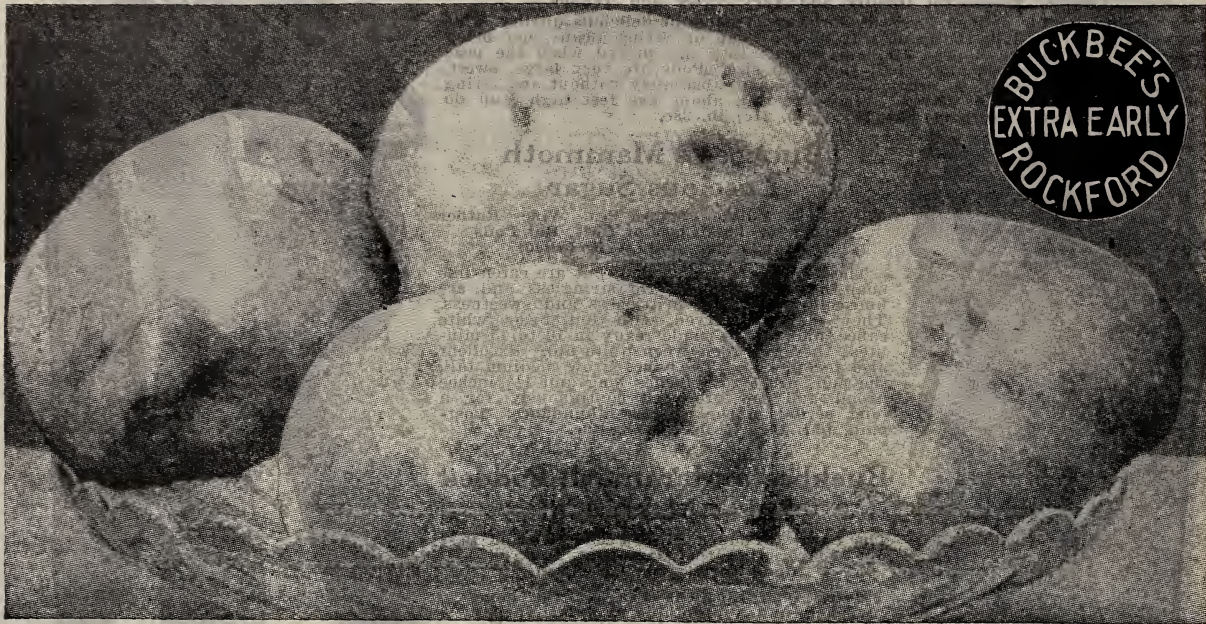

Melting Sugar Peas

BUCKBEE'S "FULL OF LIFE" POTATOES

PEDIGREED STOCK, GROWN EXPRESSLY FOR SEED IN THE FAMOUS RED RIVER VALLEY OF THE NORTH.

No Seed Potatoes can be compared with those produced in the North, either for vigor and freedom from disease, or for producing and long-keeping qualities. Furthermore, our stock is all grown from hill selected Potatoes and only from plants which have produced a large number of market-sized tubers, and it will easily yield a hundred bushels more per acre than common stock. Remember, no matter what fertilizer, cultivation, protection against disease and insects you give the crop, the fact remains that the yield is dependent very largely on the seed you plant.

DATE OF SHIPMENT.—Potatoes will be shipped at any date ordered, at purchaser's risk, but where no special instructions are given to the contrary, we will ship them, when, in our judgment, there will be a minimum danger from freezing. Of the many varieties that claim public favor, we have selected the best in cultivation.

BUCKBEE'S EXTRA EARLY ROCKFORD

Truly a wonderful Potato. Handsome, blight-proof variety. Very heavy yielder. The medium sized, uniform Potatoes grow very closely together in the hill, making this variety easy to harvest. Cooking quality the best. A new Extra Early Variety of great promise. Makes an extremely quick growth and, considering its extra earliness, is a wonderfully heavy yielder. As of very handsome appearance, with pinkish tinged skin and white flesh. Of delightful flavor. Price, postpaid, 3 lbs. 75c.

Express or Freight
see Special Price
List enclosed

IMPROVED EXTRA EARLY OHIO

It is fully two weeks ahead of the Early Rose, and is a general favorite with Potato growers and market men alike, and the most profitable Potato they can possibly grow. Maturing early, it brings the highest prices. The tubers grow compact in the hill, are easily dug, with very few small ones—nearly every Potato is of marketable size; has few eyes which are even with the surface. Our Improved Extra Early Ohio is very fine, pure stock and uniform in shape. Price, postpaid, 3 lbs. 50c.

Your Early Rockford and Green Mountain Potatoes did fine and are just as good as represented.

J. E. WRIGHT, Mountain Ranch, Calif.

I bought some Hybridized Potato Seed from you some time ago and have some fine specimens. In particular a very Red, oblong Potato which is smooth and late. Buckbee's Seeds will grow fine every time.

L. L. BERTRAM, Bradford, Ohio.

Just a few lines. I was very much pleased with my Potatoes, especially the Early Rose, and all of my Peas have also done very well.

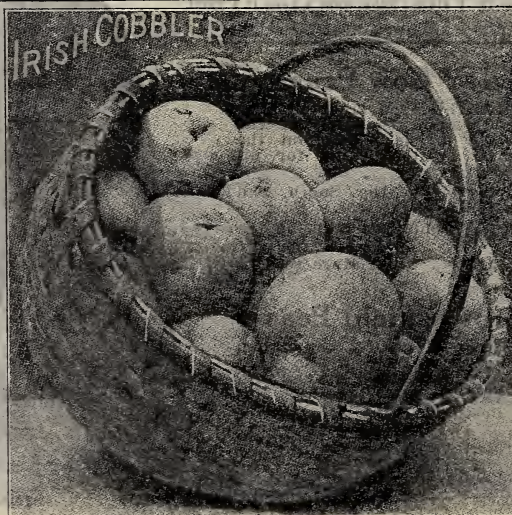

MRS. EMMA STEINMAN, Gordonville, Pa.

The Seed Potatoes we bought from you last Spring are the best we ever had.

ALBERT J. WESSEL, Port Huron, Mich.

IRISH COBBLER

Sometimes called Early Eureka. A most excellent extra early variety, maturing good sized tubers seven weeks from time of planting. It has also the remarkable characteristic of producing nearly all tubers of large size. The vines make short, upright growth, allowing close planting. The tubers are of round shape with few shallow eyes. The flesh is pure white, with a clean, smooth skin, and in quality they are excellent, always cooking dry and mealy. They are splendid keepers and, taking it all in all, are one of the most reliable and satisfactory first early sorts, excelling in productiveness many of the late varieties. Specially suited to dry climates on account of its deep roots and by far the best white Potato for the South. In a comparative test of sixty-seven varieties, reds and whites, made at the Station at Fayetteville, Ark., the Irish Cobbler gave the best yield of all, which was 198.49 bushels per acre. Choicest Pedigreed Stock Seed. Price, postpaid, 3 lbs. 60c.

BLISS RED TRIUMPH

The standard extra early Potato much planted in the South. The tubers are nearly round, are smooth, medium in size, reddish pink in color. Vines are small and compact, with short, thick stalks and broad leaves. This is one of the hardest varieties known, and is not susceptible to rot, scab and other diseases in fact, it can be grown on the most heavily manured land without danger of rot. Price, postpaid, 3 lbs. 65c.

PURE EARLY ROSE

The good old favorite, which continues in great popularity. A prolific yielder, sure cropper and popular market Potato. The seed we offer is the purest and best on the market. Price, postpaid, 3 lbs. 50c.

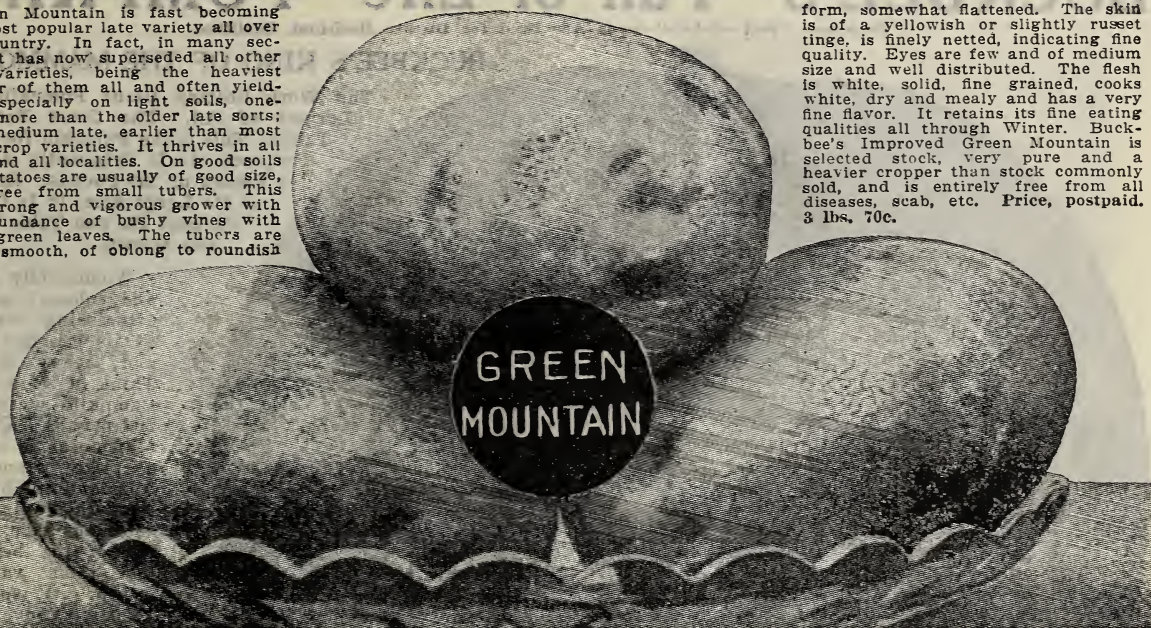

EARLY SIX WEEKS

A fine Potato of the Ohio type and as early as that variety. It is in demand everywhere. As now improved we consider it one of the best extra early market varieties grown. As table Potatoes they are not excelled. Price, postpaid, 3 lbs. 55c.

BUCKBEE'S IMPROVED GREEN MOUNTAIN POTATOES

Green Mountain is fast becoming the most popular late variety all over the country. In fact, in many sections it has now superseded all other late varieties, being the heaviest cropper of them all and often yielding, especially on light soils, one-third more than the older late sorts; it is medium late, earlier than most main crop varieties. It thrives in all soils and all localities. On good soils the potatoes are usually of good size, and free from small tubers. This is a strong and vigorous grower with an abundance of bushy vines with light green leaves. The tubers are large, smooth, of oblong to roundish

form, somewhat flattened. The skin is of a yellowish or slightly russet tinge, is finely netted, indicating fine quality. Eyes are few and of medium size and well distributed. The flesh is white, solid, fine grained, cooks white, dry and mealy and has a very fine flavor. It retains its fine eating qualities all through Winter. Buckbee's Improved Green Mountain is selected stock, very pure and a heavier cropper than stock commonly sold, and is entirely free from all diseases, scab, etc. Price, postpaid, 3 lbs., 70c.

CARMAN No. 3

The Carman No. 3 is one of the greatest yielding Potatoes ever introduced. The tubers are borne very close to the plant, a single turn of the fork turning out every Potato. It is of a large size and of the shapeliest form. Eyes are few and shallow. It is a perfect keeper and is not surpassed as a table variety. Skin and flesh of extreme whiteness. It has no hollow heart or any dark parts. We recommend this Potato to our customers as being unqualifiedly one of the best of all late sorts. Price, postpaid, 3 lbs. 50c.

**For Bulk Prices
by Express or
Freight see
Special Price
List enclosed**

BURBANK

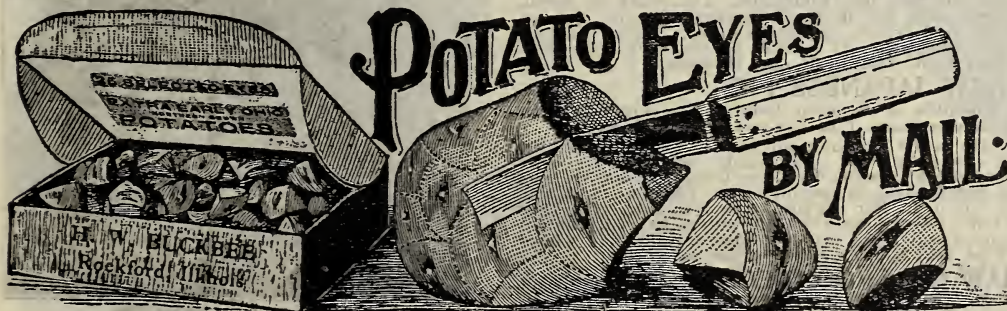

Continues in good demand and is one of the most largely used kinds. It ripens medium late, is of good size, of fine oblong form and an excellent yielder. The flesh is white, very mealy and of fine flavor and quality. The best Potato for baking. This variety is well adapted for heavy soils and is a long keeper. Price, postpaid, 3 lbs. 50c.

SIR WALTER RALEIGH

A white-skin, main crop Potato much resembling Rural New Yorker No. 2, of which it is a seedling. It is decidedly better than its parents; the tubers being quite uniform in size, with but few small ones among them. It is from four to six days later than the parent stock. The color is the same, the skin and flesh being white. It is fine grained. Price, postpaid, 3 lbs. 50c.

RURAL NEW YORKER No. 2

One of the largest yielding varieties in existence. Large, of oval form and rather flat, with few and shallow eyes; the smoothest and cleanest potato grown; skin white, as is also the flesh, which is of best quality; it cooks dry and floury. Medium late and best drought resister. Although it is a large yielder, it grows but few and small vines. It is hardy and will stand the heaviest manuring without getting scabby or spotted. Under ordinary circumstances they will yield from 300 to 400 bushels per acre, but by heavy manuring this yield can be double. Price, postpaid, 3 lbs. 50c.

WE GUARANTEE SAFE ARRIVAL IN GOOD CONDITION FOR PLANTING.

Every farmer knows the heavy expense in sending whole Potatoes long distances by Express or Freight, the charges often costing more than the Potatoes. Then, too, if shipped during the Winter and early Spring they usually freeze, and if not sent until this danger is past, they oftentimes arrive too late for planting. The Eyes as put up by us will keep 30 to 60 days in good condition for growing; as if freshly cut from the Potato, and will produce just as good a crop as if the whole Potato was planted; hence every one who has a garden can order at any time during the Winter or early Spring (no matter how far away) and test the new and choice varieties of Northern-Grown Potatoes we offer, at trifling cost and Save Express or Freight Charges, as we guarantee safe arrival to any post-office in the United States. All orders for the South can be sent at any time during the Winter with perfect safety. Orders for the North and West can be sent at once or later as desired.

Plant eyes in rows 3 feet apart, 12 inches apart in the rows; sixty eyes should produce 3 to 5 bushels.
PRICES OF POTATO EYES OF ANY VARIETY WE OFFER BY MAIL PREPAID: 100 Eyes \$1.00; 200 Eyes \$1.90; 500 Eyes \$4.50; 1,000 Eyes, \$8.50. Positively no less than 100 Eyes of any variety will be put up.

New Hybridized Potato Seed from the Flower Ball: Headquarters Stock

Growing new and distinct Potatoes from the Seed-Ball-Seed is intensely interesting and fascinating. They will produce innumerable kinds, colors, shapes, sizes, forms and qualities. Some may be of immense value. This incomparable mixture contains choice selections from the United States, Italy, Chile, Switzerland, South-America, France, Africa, Mexico and Europe. New creations of merit bring rich returns and your fortune may be in one of these. **POTATO SEED, Postpaid, Pkt. 15c; 2 Pkts. for 25c.**

Potato Seed Balls.
(One-Fourth Life Size.)

BUCKBEE'S "Full of Life" PUMPKINS

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities.

BUCKBEE'S KING OF THE MAMMOTHS

The World-Beating Giant Pumpkin; the Largest of All. The Great Premium Taker. This is the Pumpkin for Show Purposes, As It Frequently Attains a Record of 200 Pounds. In Spite of Its Large Size, It Is One of the Best Pie and Table Varieties Grown.

Wonderfully grand and colossal variety, astonishing everyone by its mammoth size and heavy weight. Think of it—a single Pumpkin weighing 200 pounds! King of Mammoths is always a prize winner at fairs and exhibitions. Notwithstanding its enormous size, it is one of the best pie and table varieties grown. A splendid keeper, and exceptionally valuable for feeding purposes. We control the complete stock of this variety. Send to Buckbee for true stock seed. We do not save seed from specimens weighing less than 200 pounds. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

Buckbee's
King of the
Mammoths.

BUCKBEE'S TRUE SUGAR PIE

The Pumpkin from Which the Celebrated Yankee Pumpkin Pie Is Made. Flesh of Extra Fine Flavor, Maturing in 65 Days. An Excellent Keeper; Prolific and Desirable.

One of the very earliest and very best Pumpkins. The fruits are small, round, with orange-colored skin and flesh. Remarkably prolific and an excellent keeper. The flesh is thick, fine-grained, dry, sweet, sugary, and of the finest quality for pies. It cannot be beat for table use. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.00.

NEW JAPANESE PIE

A Very Valuable New Pumpkin of Japanese Origin. The Flesh Is Very Thick, of a Rich Salmon Color, Fine Grained, Dry and Sweet.

This wonderful Pumpkin is not an unknown novelty but is one of the finest varieties we have ever grown. It is extremely early and the seeds are marked with curious indentations like Japanese letters. Fruits medium size, good keepers and weigh 15 to 20 pounds each. The flesh is a rich salmon, unusually fine grained. For making pies, custards, etc., they certainly have no superior. Containing but little water can easily be cut and dried like dried apples and make excellent pies or sauce for winter use. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

CUSHAW OR CROOKNECK

Creamy White Skin. Flesh Yellow, Solid and Sweet.

A very popular variety. Very large, often two feet long, crookneck shape; creamy-white shell. Flesh yellow, solid, sweet; excellent for pies and also used for stock feeding. Matures in 80 days. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

KENTUCKY FIELD PUMPKIN

Sometimes Called Large Cheese.

Flattened fruit with broad ribs; creamy buff skins; averages 2 feet in diameter. It is an excellent keeping variety, with flesh of exceptionally fine quality. The flesh is very thick and fine grained, of a beautiful golden yellow color, and in texture and flavor peculiarly adapted for pie-making purposes. As a winter keeper it is unexcelled; the pumpkins will remain in perfect condition until spring. Pkt. 5c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 40c; lb. 75c.

MIXED PUMPKINS

All Shapes, Colors and Sizes.

This mixture is especially offered to those who wish to grow a collection of the different kinds of Pumpkins for exhibition at County Fairs, or for home use. All are good keepers. Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.00.

Buckbee's True Sugar Pie.

New Japanese Pie.

BUCKBEE'S "Full of Life" PUMPKINS

Buckbee's Pure Gold Pumpkin.

BUCKBEE'S PURE GOLD—Unsurpassed for All Purposes. Easily Grown; Exceptionally Heavy Yields; Fruits of Good Size and Are Excellent for Pies or for Cooking.

In this new Pumpkin we have an exceptionally fine grained table variety which is such a heavy producer of large, uniform fruits that it is now acknowledged by all to be the Best Field Pumpkin, either for growing with corn, or for planting alone in the field by itself. Excels for feeding stock, as the quality is so sweet and free from coarseness that it is eaten entirely without waste. But, best of all, it makes delicious Pumpkin Pies. Flesh is deep, rich, fine grained and of excellent flavor. Color is a deep creamy yellow. The vines are strong, vigorous and wonderfully prolific. Fruits average 15 to 20 inches in diameter. Smooth, hard, reddish-orange skin, presenting an attractive appearance when offered for sale. Send to Buckbee for Choiceest "FULL OF LIFE" Seed. Postpaid, oz. 10c; 2 oz. 15c; ¼ lb. 30c; ½ lb. 35c; 1 lb. 95c. By express or freight at buyer's expense, 5 lb. \$4.35; 10 lb. \$8.50.

Buckbee's New Pineapple Rhubarb.

WESTERN FIELD

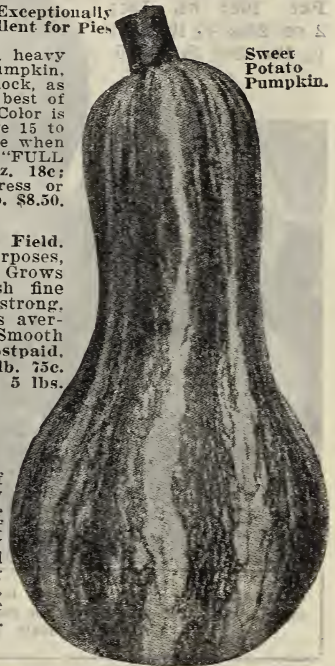

Sometimes Called Big Tom or Connecticut Field.

One of the best varieties for field purposes, particularly desirable for stock feeding. Grows to a fine size. Color rich yellow; flesh fine grained, of good flavor. The vines are strong, vigorous and wonderfully prolific. Fruits average fifteen to twenty inches in diameter. Smooth and hard. Matures in 70 to 75 days. Postpaid, oz. 8c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 40c; 1 lb. 75c. By express or freight at buyer's expense, 5 lbs. \$3.25; 10 lbs. \$6.00.

TENNESSEE SWEET POTATO PUMPKIN

Pear Shaped; of Fine Size and Flavor.

A magnificent pear-shaped variety of medium size; a little ribbed. Color creamy white. When cooked it has somewhat the appearance of sweet potatoes, but is of more delicious taste. Flesh thick, creamy white, remarkably fine grained, dry and brittle. There is no superior for making pies and custards. Hardy and productive, and keeps perfectly sound until late in the Spring. Pkt. 8c; oz. 15c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; 1 lb. \$1.25.

Sweet Potato Pumpkin.

RHUBARB ROOTS

PIE PLANT OR RHUBARB

Pie Plant or Rhubarb Roots

A saving of from two to three years is made by planting the roots.

BUCKBEE'S NEW PINEAPPLE—Price, by mail, postpaid, 25c each; \$2.50 per doz. By express or freight, not prepaid, 20c each; \$2.00 per doz.; \$15.00 per 100.

BUCKBEE'S WESTERN MARKET—Price, by mail, postpaid, 20c each; \$2.00 per doz. By express or freight, not prepaid, 15c each; \$1.50 per doz.; \$10.00 per 100.

SMALL RHUBARB ROOTS—Postpaid, 15c each; \$1.50 per doz.

PIE PLANT OR RHUBARB SEED

BUCKBEE'S NEW PINEAPPLE—Without doubt this is the earliest of all Pie Plant and a variety that can be used not only in the early Spring, but Summer as well. The very best of the Giant Everbearing varieties. Quality simply superb. Stalks of good size, soft and juicy. Skin so thin and tender that it is not necessary to remove it before cooking. Flavor sprightly and refreshing and has the true pineapple flavor. This variety is about two or three times the size of the common Rhubarb. This is the first vegetable of the season and no garden should be without it. Choiceest "Full of Life" Seed. Large pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; 1 lb. \$1.50.

BUCKBEE'S WESTERN MARKET—A very fine variety, very productive, large size, and very early. The stems are numerous, broad, heavy, but very tender. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; 1 lb. \$1.00.

The Cream of the Extra Early Radishes

Buckbee's selected strains of Extra Early Radishes, listed on this page, are grown from transplanted roots, are the earliest and finest known, and are bred for disease resistant qualities. Will invariably produce roots even in size, shape, maturity, with small tops, rich, bright colors and command the highest market prices.

BUCKBEE'S ROCKFORD BEAUTY

A Truly Wonderful Radish.

Very early—only a day or two later than Rapid Forcing. Of bright scarlet color, with a large white tip covering almost one-half of the roots. Flesh crystal white, tender and crisp. This is one of the most popular Radishes grown for the home as well as for the market, being of most beautiful appearance and exquisite flavor. We control the entire stock of this variety. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25.

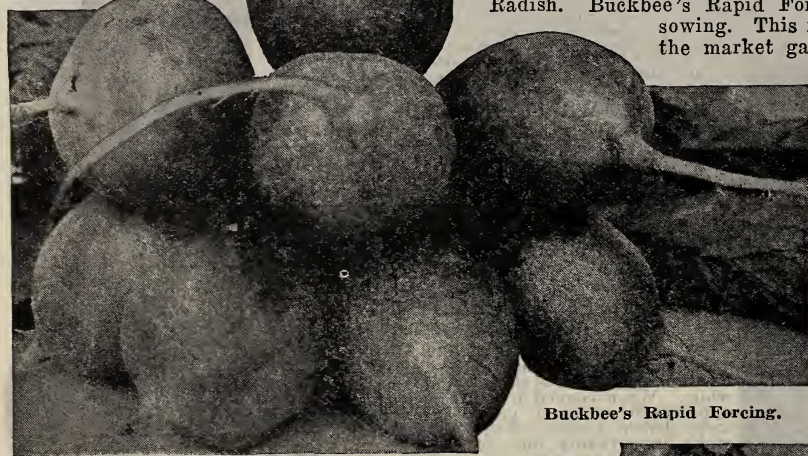

Buckbee's Rockford Beauty.

BUCKBEE'S RAPID FORCING. The Earliest of All Radishes.

Quick growth is one of the main essentials for a crisp and tender Radish. Buckbee's Rapid Forcing matures in about 14 days from sowing. This in itself makes it of especial value for the market garden. This Radish is of a fine turnip shape. It remains in good condition without getting hollow or pithy longer than any other extra early variety. The flesh is pure white, crisp and of very attractive bright scarlet. The leaves are very short, which admits of close sowing. Its extreme earliness—maturing before all other kinds—its beautiful bright scarlet color, and its unusually brittle and delicious quality, make it most desirable for kitchen garden, and a source of great profit for the market gardener. Remember that we control the entire stock of this variety. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25.

Buckbee's Rapid Forcing.

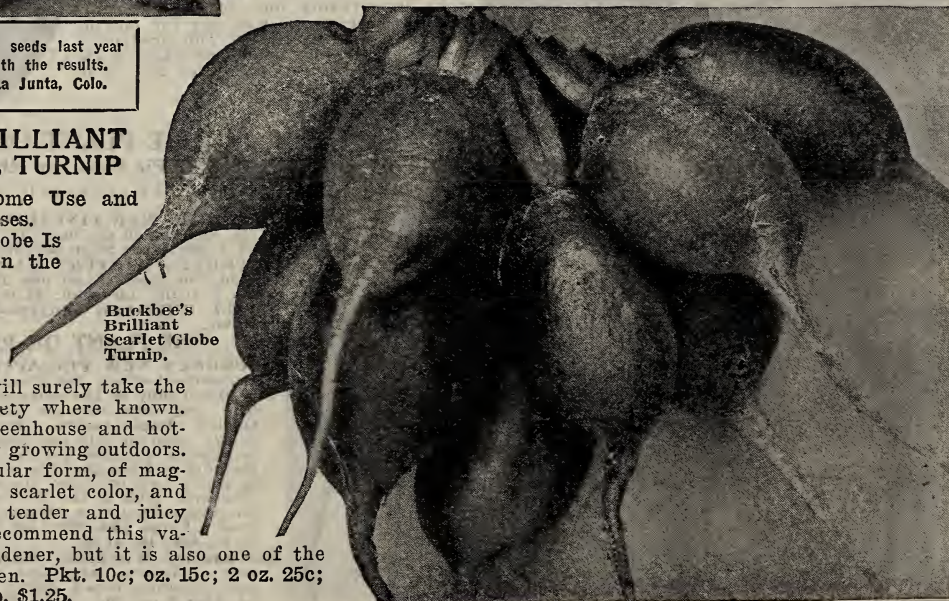

I planted your Full of Life seeds last year and was more than pleased with the results.
I. A. BUTZ, La Junta, Colo.

BUCKBEE'S BRILLIANT SCARLET GLOBE TURNIP

Can't Be Beat for Home Use and Market Purposes.

Buckbee's Brilliant Globe Is a great improvement on the well-known Scarlet Globe, as it runs more even in shape and size, is of a richer and brighter color and is very much earlier. It will surely take the place of the older variety where known. It is well suited for greenhouse and hot-bed forcing, and also for growing outdoors. It is of attractive globular form, of magnificent, glowing, bright scarlet color, and has pure white, crisp, tender and juicy flesh. We especially recommend this variety to the market gardener, but it is also one of the finest for the home garden. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25.

Buckbee's Brilliant Scarlet Globe Turnip.

BUCKBEE'S EXTRA EARLY RADISHES

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

BUCKBEE'S NEW EARLY RED KING

The Earliest and Best; Sweet, Crisp, Juicy, Mild; Wonderful Yields, Beautiful Color, Uniform Size.

This new variety is our own production and is one of the earliest ever grown—fully matured Radish being pulled on our Rockford Trial Grounds in the short space of 14 days from time seed was planted. Won favorable comment and helped to secure First Prize and Diploma at the State Exhibit at the Springfield, Illinois, State Fair. It is of small size; just right for the purpose; beautiful dark red skin; ivory white flesh; extremely mild and sweet flavor; retains its crispness even after quite old and never becomes pithy. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.00.

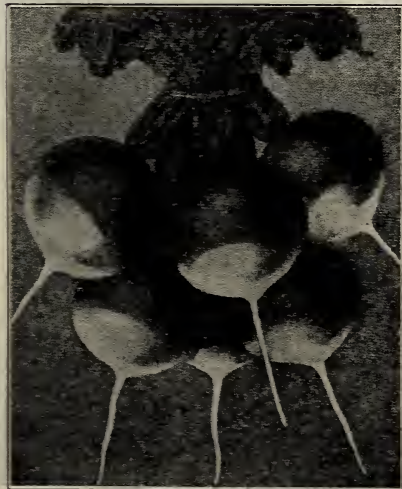

BUCKBEE'S CRIMSON GIANT GLOBE

Sweet, Crisp, Juicy, Mild. Wonderful Yields.
Beautiful Color. Large Size.

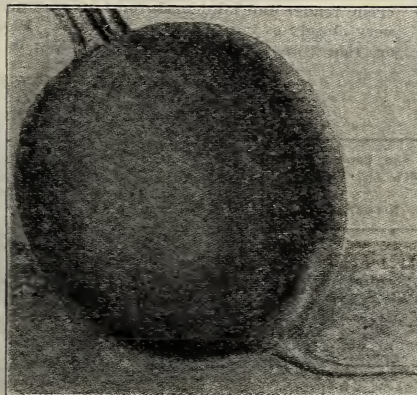

Our Crimson Giant Globe Radish is one of our leading specialties, and many of our gardener friends who grow for market look forward for large quantities every season. See Page 3 of this book for prices in quantity. This Radish is an entirely new type and differs radically from all varieties hitherto in cultivation, insofar as its roots attain more than double the size of other round, early varieties, without getting pithy or hollow. It is very early, notwithstanding its size. Color crimson, flesh pure white, of the best quality. The roots often weigh 1½ ounces each and are crisp and juicy. Fine for outdoors and forcing. The seed should be sown very thinly to permit full development of the roots. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

BUCKBEE'S NEW ROSY GEM

Handsome Turnip Radish, a great favorite in many markets and for early planting outdoors. But little later than Rockford Beauty and will give satisfaction where extreme earliness is not the object. Roots slightly flattened on the underside, color very dark scarlet with a white tip; flesh white and of the best quality. One of the best, either for home or market use. Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 55c; lb. 95c.

Buckbee's New Rosy Gem.

Buckbee's Crimson Giant Globe.

New
Triumph

Buckbee's New Early Red King.

EARLY WHITE TURNIP

Early, Round, Crisp and Tender.
Very handsome; of quick growth; sweet, crisp and tender. Skin ivory white; flesh pure white. Pkt. 5c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 45c; lb. 85c.

EARLY SCARLET TURNIP

The Standard Early Round Red Radish.

The famous standard variety. One of the finest, juiciest, sweetest and best Radishes for early use grown. Rich, red color; flesh white. Pkt. 5c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 45c; lb. 85c.

I planted Buckbee's New Triumph Radish last year, and was much pleased with them. They were very attractive and of good flavor.

H. A. SEYMOUR, Roanoke, Va.

We had splendid luck with all seed bought from you in my last order.

MRS. E. MARTIN,
Kansas City, Mo.

BUCKBEE'S NEW TRIUMPH

The Greatest Radish Novelty.

Both unique and useful. Matures early, generally in about 14 days. Nothing produces a more pleasing effect on the table than this beautiful variety. The roots are of globular form, tops are short and attractive, which make it valuable for cultivation under glass. The flesh is very crisp and solid and of mild, pleasing flavor. Its most attractive and distinctive feature, however, is the unique color of the skin. The ground color is beautiful ivory white, striped horizontally and splashed with bright scarlet. Sure to become popular with market gardeners and private planters. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25.

BUCKBEE'S NEW SAXA

The New Extra Early Red Turnip Radish.

Saxa is a new variety and the earliest of the forcing Radishes. It is round, bright scarlet in color and has a very small top and tap root. The flesh is pure white, crisp, brittle, mild and juicy. The Saxa is one of the slowest to shoot to seed. The seed we offer is grown from carefully selected stock seed. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.00.

EARLY SCARLET TURNIP WHITE-TIPPED

For many years we have found this variety to be the most popular of all among private gardeners, and unsurpassed as a Table Radish, where, by reason of the strong, contrasting colors of the root, it makes a most attractive appearance. The flesh is crisp, white and tender, and extremely mild. Roots smooth, fine bright scarlet, with clear white tips. Very early. Very popular for planting outdoors and a splendid market variety. Pkt. 5c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 45c; lb. 85c.

BUCKBEE'S Long and Half Long EARLY RADISHES

Buckbee's Early White Delicious.

We have had all our seeds, both vegetable and flowers, from you, and have had wonderful results for 9 years, and have also always received A1 service.

BERT TRAHAI, Norway, Mich.

IMPROVED FRENCH BREAKFAST

The Most Popular Radish for the Home Garden. Oblong, Red with White Tip, Crisp, Mild and Tender.

A great favorite. Beautiful bright scarlet, with pure white tip. Oblong in shape, medium size, makes rapid growth. It is a fine table variety on account of its excellent quality and attractive appearance. Fine for open ground or forcing. It matures quickly and is sweet, crisp, solid and tender. When offered for sale it quickly attracts the buyer's attention. Pkt. 7c; oz. 12c; 2 oz. 18c; ¼ lb. 30c; ½ lb. 50c; lb. 90c.

Cardinal or Long Brightest Scarlet.

CARDINAL OR LONG BRIGHTEST SCARLET

The Earliest and Finest of Long Red Radishes.

Of the same size and shape as the old and well-known Long Scarlet, but it is a few days earlier and the color is of a much brighter scarlet, with a distinctly clear-white tip. It has a small top. Pkt. 7c; oz. 12c; 2 oz. 18c; ¼ lb. 30c; ½ lb. 50c; lb. 90c.

LONG SCARLET SHORT TOP

The Very Best Long Red Radish.

Our strain of this very popular long radish is the finest to be had on the market. In it we have, without exception, the very best long, brittle, brightest scarlet radish we are acquainted with. It matures beautiful radishes, which are always brittle and sweet, 80 days from the sowing of the seed. Size and shape cannot be improved. It is undoubtedly the standard long red variety that will withstand the hot dry weather and remain firm and crisp and of fine flavor. Pkt. 5c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 45c; lb. 85c.

BUCKBEE'S NEW WHITE ICICLE

The Finest of All Radishes. The Earliest of the Long White Sorts.

Ready for the table in about three weeks. The roots are perfectly white in color, long, slender and tapering in shape. They quickly grow to market size and remain tender during the entire growing period, and are quite as good when an inch in diameter as when only half an inch. The leaves are short, very few in number, and the roots can, therefore, be grown very close together. The flesh is crisp, tender and mild in flavor. Admirably adapted for growing under glass as well as in the open ground. Excellent for market and private gardeners. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.00.

Buckbee's New White Icicle.

French Breakfast.

BUCKBEE'S "FULL OF LIFE" RADISHES

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

BUCKBEE'S ROCKFORD MARKET

A World Beater Among Radishes—The Best Long Red Radish.

The extraordinary earliness is remarkable in view of the fact that it grows to such a large size and keeps in good condition for such a long time. The shape is regular, smooth and nearly conical; it grows to a very large size, about twice as long as Brightest Scarlet. In brightness of color it is quite unique, being the handsomest scarlet we have yet seen in a Radish and tipped at the end of the roots with just enough white to present an ideal appearance. Crisp, tender and juicy. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 55c; lb. 95c.

IMPROVED CHARTIER

Large, Handsome and Crisp.

A standard variety. The roots come to usable size very early, remaining hard and crisp three times as long as any other sort. Flesh white, crisp and mild-flavored. Pkt. 5c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 45c; lb. 85c.

NEW WHITE LADY FINGER

Snow White, Brittle and Crisp.

Beautiful in shape and the skin and flesh are pure snow white. Crisp, brittle and of rapid growth. Pkt. 6c; oz. 12c; 2 oz. 18c; ¼ lb. 30c; ½ lb. 50c; lb. 90c.

WHITE STRASBURG

The Best for Summer Use.

This grows to the largest size, but is usable when quite small, thus covering a long season. Four to five inches long and about two inches thick. Very white, crisp and tender. One of the finest of the large summer sorts. Pkt. 6c; oz. 12c; 2 oz. 18c; ¼ lb. 30c; ½ lb. 50c; lb. 90c.

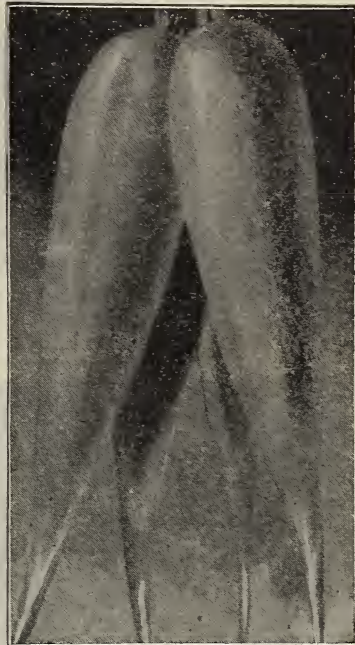

BUCKBEE'S GOLDEN SUMMER TURNIP

Golden Yellow Color—Crisp and Tender.

It has proved a universal favorite everywhere. Matures in less than 30 days. Flesh pure white, crisp, juicy and of the finest flavor. Skin of beautiful golden russet color. Market gardeners can either grow this variety in the open ground or force it, and be sure of an early, perfect and uniform crop. Unexcelled for the home garden. Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.00.

Last year I planted your winter Radish seed. Had very fine Radishes; one weighed 6½ pounds. Put them in a store window for awhile and everyone who saw them marveled at their size. They were delicious to eat.

MRS. W. H. WATTS, Gallitzin, Pa.

Buckbee's Rockford Market.

Lady Finger.

Store Winter Radishes in sand in the cellar. They will stay crisp and firm all Winter.

White Strasburg.

BUCKBEE'S WINTER RADISHES

Winter Radishes Should Not Be Planted Earlier Than June 15.

BUCKBEE'S MAMMOTH CELESTIAL—Edible at all seasons. It can be planted from Spring until late Fall, and keeps in perfect condition all Winter, while the other Winter Radishes are best sown not before June 15th. Roots frequently grow 14 to 18 inches in length and 6 to 8 inches in diameter, growing mostly above the ground. Skin and flesh pure paper white; very tender, crisp, juicy, mild. There is no other Winter Radish equal to it in quality. It is the most juicy and luscious of all and it keeps its solidity, crispness and sweetness when all others have become pithy and worthless. This is a Radish to tie to and plant in every garden. Its beauty and quality will please everyone. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25.

CHINESE ROSE—Chinese Rose requires about fifty days from sowing to be fit for the table. It is a beautiful, showy Radish with a bright scarlet skin, growing 4 to 5 inches in length and from 1 to 3 inches in diameter. The roots are cylindrical, somewhat larger at the bottom than on top, blunt at both ends. Pkt. 6c; oz. 12c; 2 oz. 18c; ¼ lb. 30c; ½ lb. 50c; lb. 90c.

CALIFORNIA MAMMOTH WHITE—Pure white about 1 foot long and 2 or 3 inches through, tapering regularly to the tip. Flesh tender and crisp. Pkt. 6c; oz. 12c; 2 oz. 18c; ¼ lb. 30c; ½ lb. 50c; lb. 90c.

ROUND BLACK SPANISH—The roots are from 3 to 4 inches in diameter, almost round and very black skinned. The flesh is white, very compact, pungent and well flavored. Keeps well all winter. Pkt. 5c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 45c; lb. 85c.

LONG BLACK SPANISH—Later than the Round Black Spanish, growing 10 to 12 inches long, having a diameter of from 2 to 3 inches. The skin is black and the flesh white, firm and pungent. Keeps well throughout the winter. A favorite sort with many people. Pkt. 6c; oz. 12c; 2 oz. 18c; ¼ lb. 30c; ½ lb. 50c; lb. 90c.

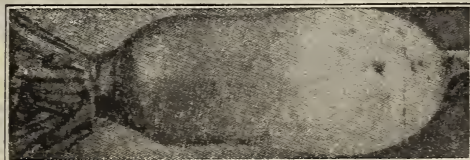

RADISH MIXTURES

Price each of the following varieties. Pkt. 6c; oz. 12c; 2 oz. 18c; ¼ lb. 30c; ½ lb. 50c; lb. 90c.

EARLIEST RADISHES MIXED—For family gardens, earliest varieties.

SUMMER RADISHES MIXED—For family gardens we offer a mixture of all summer varieties.

WINTER RADISHES MIXED—Seed of the best white, black and rose-skinned varieties, which will produce all the best Radishes for Autumn and Winter use.

Chinese Rose.

Buckbee's Mammoth Celestial.

BUCKBEE'S "Full of Life" SQUASH

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

Buckbee's Gigantic Tasmanian Squash

The Wonder of All Vegetables; Very Productive; Easily Raised and of Exceptionally Fine Flavor

The fruits grow to enormous size, often 15 to 20 pounds in weight, but should be eaten when not over 6 pounds. Grow in the same manner as a Squash or may be grown on a trellis if preferred. Wonderful heavy yielder and easy to grow and vines are free from insects. Cook same as Squash, or can be fried like an Egg Plant. Another tasty dish is—cut in small pieces and cook with cream. One enthusiastic grower says that he had 75 fruits on one vine, and the average size was 2½ feet long. Pkt. 15c; 2 pkts. 25c; oz. 50c.

New Giant Summer Crookneck,

SUMMER SQUASHES

BUCKBEE'S NEW GIANT SUMMER CROOKNECK

Standard Early—Splendid Quality.

Twice as large as the ordinary Crookneck, more warty and earlier. This combination makes it the most desirable for the market or private garden. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

BUCKBEE'S NEW MAMMOTH WHITE BUSH

Scalloped or Improved Patty-Pan.

Great improvement over the Early White Bush. Very uniform in shape and wonderfully prolific. Fit to use very early, of a beautiful clear white color, and grows to a large size—12 to 15 inches across. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.00.

MAMMOTH EARLY GOLDEN CUSTARD OR YELLOW BUSH, SCALLOPED

Standard early Summer variety. Nice to use in its green state and valuable for making pies when it has attained full size. Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 55c; lb. 95c.

NEW FORDHOOK

This Squash is very early, but in a cool, dry place it will keep as long as a Winter Squash. The outside color is bright yellow; inside color, straw yellow. The skin is so thin that it need not be removed for cooking. The meat is thick, dry and sweet and can be used at any stage of their growth. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.10.

WINTER SQUASHES

NEW DELICATA

Rind orange-yellow, splashed and striped with dark green. The flesh is rich, dry and particularly fine. A desirable feature is its small size—not too large for an ordinary family; is wonderfully solid and heavy, the seed cavities being very small. It is also extremely early, maturing about the same time as the Summer Squashes, and for early use will doubtless supplant this class on account of its superior dryness and flavor, while its extreme solidity renders it fully as good a keeper as any of the Winter varieties. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

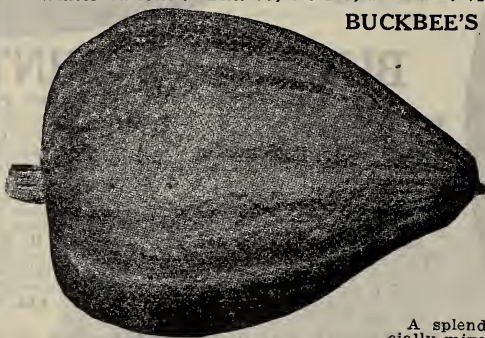

BUCKBEE'S NEW ACORN OR TABLE QUEEN

Cut in Half and Bake

You will be pleased not only with the taste and cooking quality of this Squash, but you get so many from each seed planted, the vines being so vigorous and productive that it pays to plant a few in your garden. The fruits are a nice size to handle, 6-8 inches long and 4-6 inches in diameter. The shell is hard and smooth, so that they keep as well as the Hubbard. The color is dark green with sometimes a blotch of red at pointed end. Table Queen ripens in the fall. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

MIXED SQUASHES

A splendid assortment of all varieties, especially mixed for those who desire a few of each sort. Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.00.

New Delicious.

Tasmanian Squash.

NEW DELICIOUS

For table quality there is no other Squash that can be compared with Delicious in sweetness and richness of flavor. Excellent for Fall as well as for Winter use, keeping well until late in the Spring. The fruits are of medium size, usually weighing from 5 to 10 pounds. The rind is dark green, mottled in lighter shades. The flesh, dark orange, very fine grained and thick. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

BUCKBEE'S NEW GOLDEN WEST HARD SHELL

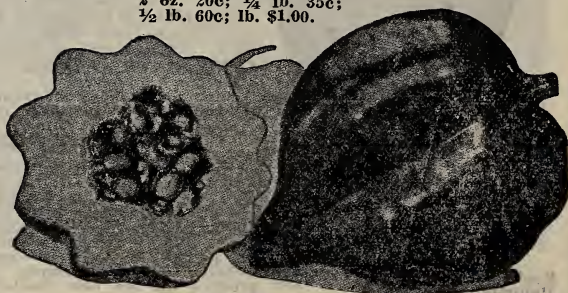

A Splendid Keeper.

This grand Fall and Winter Squash originated by a "cross" in a field of Hubbards and is practically "bug-resistant." Quality is delicious. Skin and flesh beautiful golden orange-red color. Big yielder. Very profitable for home or market purposes. Makes the very best baked Squash and pies. Don't fail to plant this grand variety. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

MAMMOTH WHALE

The Jumbo of the Squash Family.

The Largest of All. Single specimens have grown to the enormous weight of 300 pounds. Outer color a dark olive green with stripes of lighter tinge; flesh very thick and of rich yellow color; quality good, very nutritious, making it exceptionally valuable for all family and market purposes. Profitable also grown for stock feeding. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; lb. \$1.50.

New Acorn or Table Queen.

BUCKBEE'S "FULL OF LIFE" WINTER SQUASH

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities.

NEW BANANA SQUASH

The Best "All Purpose" Squash Grown.

This new Squash is a heavy yielder and the best all-purpose variety ever grown. Can be used when quite young and will keep splendidly for a winter squash. The color is grayish-green, shell soft, so that it can be cut with a knife. It grows from eighteen to thirty inches long and six to nine inches in diameter. It is very prolific but a shy seeder. Flesh is of high color; entirely free from fibre or stringiness. Cooks up perfectly smooth and is of most delicious flavor. Yields well and is of such superb table quality that many growers will have no other for their own use. Matures rather late and should be planted early if very large fruits are desired. Pkt. 8c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; 1 lb. \$1.25.

CHICAGO WARTED HUBBARD

A Standard Variety and a General Favorite.

The leader in many markets. It is shipped thousands of miles in carload lots from west to east every year. With the growing of it in a large way, it was found that the largest, heaviest, dark, rough-skinned specimens are most valuable and most salable. Choicest stock seed of our own growing. Pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; 1 lb. \$1.20.

BLUE HUBBARD or MARBLEHEAD

Good Size, Splendid Keeper, Excellent Shipper.

Without question this is one of the best fall and winter varieties; flesh bright, creamy yellow; fine grained, very dry, sweet and delightfully flavored; keeps splendidly throughout the winter. The shell is hard and heavily warted. Splendid for pies because of its sweetness and dainty flavor. Ripens in the fall and keeps as long as Buckbee's Improved Hubbard. Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; 1 lb. \$1.25.

I have used Buckbee's "FULL OF LIFE" Seeds for the past 21 years and have always been well pleased with them.
J. E. RUSSELL,
Hayward, Okla.

New Banana.

Buckbee's Improved Hubbard.

New Golden Hubbard.

NEW GOLDEN HUBBARD

First Offered by Us as a Novelty. Now Known and Grown in Every State in the Union.

This is a true Hubbard Squash, except in color, which is bright golden. It ripens its crop very early and uniformly, thus making it a certain cropper. The fruits are very uniform in size, weighing from 6 to 8 pounds, and in shape are like the Hubbard. Though maturing early, they are wonderfully long keepers, so they can be held over in good condition for canning use. The shell is warty, hard and strong, and a very beautiful orange red color, except for a bit of olive green on the blossom end. The flesh is deep orange and uniformly so to the rind, never having the green tinge so objectionable in other sorts. It cooks very dry, fine grained and good flavored. Pkt. 6c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; 1 lb. \$1.15.

BUCKBEE'S IMPROVED HUBBARD

The Famous American Standard Winter Squash.

The Grand Old Favorite—This is a superior selection of this famous variety and one of the best winter Squashes; flesh bright orange yellow, fine grained, very dry, sweet and rich flavored; keeps perfectly good throughout the winter; boils or bakes exceedingly dry and is esteemed by many to be as good baked as a sweet potato. Our stock is most carefully selected with regard to quality of the flesh and color and wartiness of the shell, but the latter peculiarities are largely determined by the soils in which the Squashes are raised. Our customers can plant this variety in perfect confidence that every fruit will be a pure Hubbard. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; 1 lb. \$1.25.

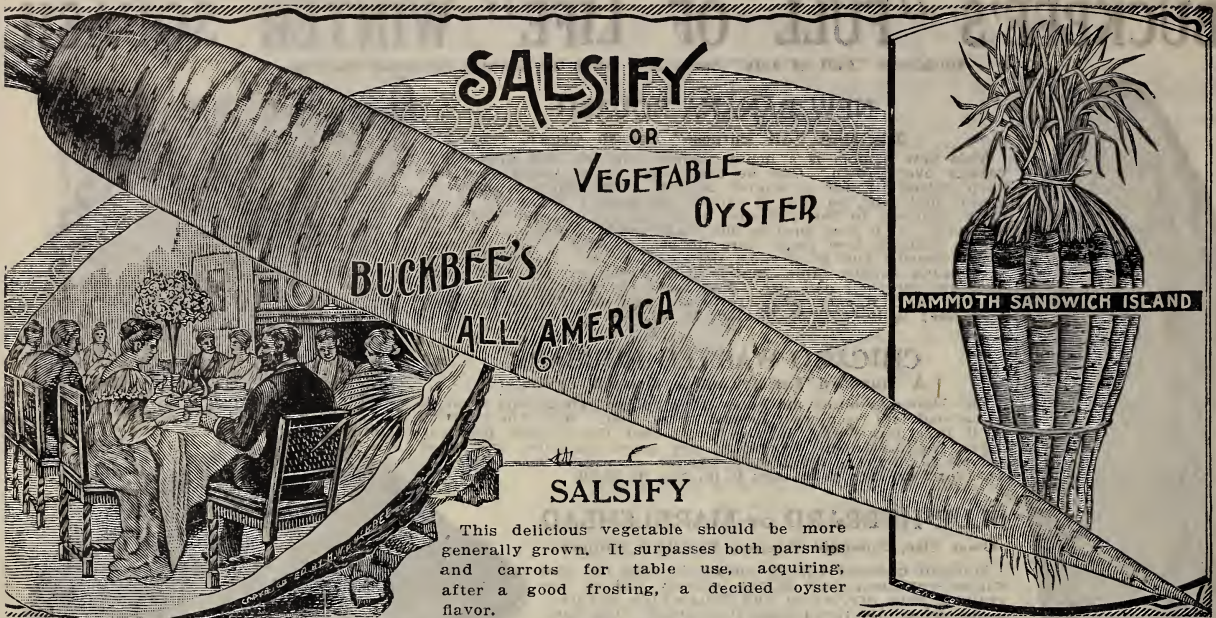

BUCKBEE'S NEW MAMMOTH HUBBARD

The Largest Hubbard Squash Ever Grown. Wonderfully Productive—Splendid Keeper—Beautiful Color—Attractive Appearance—Unequaled Quality

One of our growers has been selecting this Squash for several years, selecting his seed from specimen fruits weighing 60 to 80 pounds each. In addition, nothing but the finest shaped and heaviest warted varieties have been used for seed. The flesh is the true Hubbard quality, clear and bright color, fine grained, free from stringiness, dry and sweet and of the finest flavor. Unequaled for baking and also makes delicious pies. Owing to the hard shell, this new squash will keep perfectly all winter. If you want the best, try Buckbee's New Mammoth Hubbard. Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 45c; ½ lb. 80c; 1 lb. \$1.50.

New Mammoth Hubbard.

BUCKBEE SEEDS
have been used by
Four Generations
on the same soil.

SALSIFY
OR
VEGETABLE OYSTER

BUCKBEE'S ALL AMERICA

SALSIFY

This delicious vegetable should be more generally grown. It surpasses both parsnips and carrots for table use, acquiring, after a good frosting, a decided oyster flavor.

BUCKBEE'S ALL AMERICA—By Far the Very Best Salsify—A truly American variety of the highest merit. The largest and thickest roots of any variety; of most superior quality, excelling by far any variety now on the market. Roots are long, smooth, white and tapering. Pkt. 10c; oz. 25c; 2 oz. 40c; ¼ lb. 70c; ½ lb. \$1.30; lb. \$2.50.

MAMMOTH SANDWICH ISLAND—Of extra large size, in every way preferable to the older varieties, being larger, stronger growing, and less liable to branch. Invaluable to market gardeners. Pkt. 8c; oz. 22c; 2 oz. 40c; ¼ lb. 65c; ½ lb. \$1.20; lb. \$2.25.

LONG WHITE—This is a well-known and standard variety that has stood the test of time. Pkt. 7c; oz. 20c; 2 oz. 35c; ¼ lb. 60c; ½ lb. \$1.10; lb. \$2.00.

SPINACH

BUCKBEE'S NEW LONG SEASON—Also Called Triumph—The best variety to sow in Spring and also continuously all summer, as it remains firm and fresh during the hot summer months. Plants are comparatively small, of compact but prostrate growth. The leaves are thicker and heavier than those of any other sort; they are heavily crumpled and blistered, of dark green color, and do not wilt or run to seed as quickly as any other kind. Pkt. 7c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 40c; lb. 75c.

MONSTROUS VIROFLAY—Strong, quick grower, immense yielder, the largest spinach; the plants sometimes measure 2 feet in diameter with leaves 10 inches long and 8 inches wide at the base. Leaves handsome in appearance and deservedly popular. Pkt. 5c; oz. 8c; 2 oz. 12c; ¼ lb. 20c; ½ lb. 30c; lb. 45c.

PRICKLY WINTER—Very hardy and productive; slow to run to seed. For fall and spring sowing. Pkt. 5c; oz. 8c; 2 oz. 12c; ¼ lb. 18c; ½ lb. 28c; lb. 40c.

NEW ZEALAND—An exceptionally fine variety available for use during the hottest months of the year. Quite different from any other Spinach, being of branching habit. Stems and leaves are thick, fleshy, tender and succulent; in color and flavor fully equal to the best Spinach. Very productive, sends out fresh growth after being cut continuously until frost. Should be in every garden. Large pkt. 7c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 55c; lb. 95c.

SAVOY LEAVED—The earliest Spinach; extremely hardy; an excellent shipper. Leaves numerous, succulent, curled, blistered and of glossy dark green color. Pkt. 5c; oz. 8c; 2 oz. 12c; ¼ lb. 20c; ½ lb. 30c; lb. 50c.

IMPROVED ROUND SUMMER BROAD-LEAF—Excellent for early spring sowing. Leaves large, thick and fleshy. Pkt. 5c; oz. 8c; 2 oz. 12c; ¼ lb. 20c; ½ lb. 30c; lb. 45c.

VICTORIA—Large, exceedingly thick; dark green leaf, which is somewhat savoyed, slow to run to seed. Pkt. 5c; oz. 8c; 2 oz. 12c; ¼ lb. 20c; ½ lb. 30c; lb. 50c.

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

Buckbee's New Long Season.

PRINCESS JULIANA—Leaves are of good size, dark green, very crimped and thick. The flavor is excellent. Keeps in splendid condition for a long time. Pkt. 5c; oz. 8c; 2 oz. 12c; ¼ lb. 20c; ½ lb. 35c; lb. 60c.

Lucullus Swiss Chard.

New Zealand.

SORREL

LARGE-LEAVED GARDEN—The best garden variety, having large pale green leaves of fine quality. Pkt. 7c; oz. 20c; 2 oz. 35c; ¼ lb. 60c.

SWISS CHARD or SUMMER SPINACH

LUCULLUS—This grand new and distinct variety is a great acquisition. The stalks are as thick and broad as Rhubarb. The plants grow to a height of from 2 to 2½ feet, and stalks are from 10 to 12 inches long and 1½ inches broad. Pkt. 7c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25.

LARGE RIBBED WHITE—Also called Silver Beet and Sea Kale Beet—The leaves are used for greens the same as Spinach or beet tops; they are equal in quality and easier to prepare than Spinach, and far superior to beets. Nothing in the garden requires less care, and yet it yields a constant crop from July to winter and can be used all summer when Spinach is not available. Pkt. 6c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 55c; lb. 95c.

Buckbee's ^{NEW} BEEFSTEAK TOMATO

Trade Mark Registered—By H. W. Buckbee, Et Al.

BUCKBEE'S BEEFSTEAK

The King of All Main Crop Tomatoes

NOTHING in the way of a Tomato Creation has ever achieved in so short a time, the tremendously excellent reputation that has come to BUCKBEE'S BEEFSTEAK. Growers from every section of the wide world have sent in unsolicited praise, and the tests to which they have subjected it leave no room for doubt that it has all the qualities required in a Tomato. Its important features are:—Earliness, Large Size, Perfect Shape, Solidity, Handsome Color (which is rich red), Productiveness, Everbearing, Fine Flavor, Best Keeper, Splendid Shipper.

Without question—the **King of All Tomatoes**—and unqualifiedly Superior to any other variety grown, for market, for family use or canning. It is a sturdy healthy grower and is practically Everbearing, yielding enormous quantities of tomatoes always smooth and handsome until killed by frost. For a main crop there is no variety that can equal Buckbee's Beefsteak, and it is particularly desirable for large growers and shippers as it stands rough handling well, while its beautiful bright red color and handsome shape makes it very valuable as a market sort. It never fails to please every one, the amateur as well as the market gardener.

We supply over 150,000 of our customers with Buckbee's Beefsteak Tomato Seed annually. This speaks for itself, and substantiates our claim that Buckbee's Beefsteak is the "King of All Tomatoes," and the most extensively planted of any variety.

THE WORLD'S ONE UNBEATABLE TOMATO

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities
We control the entire seed supply and offer the choicest "Full of Life" Seed of our own growing at the following reasonable prices. Send to Buckbee for the true "Beefsteak." Pkt. 15c; 2 pkts. 25c; ½ oz. 35c; oz. 60c; 2 oz. \$1.00; ¼ lb. \$1.85; ½ lb. \$3.45; 1 lb. \$6.50, postpaid.

TOMATO—COOPER'S SPECIAL SELF PRUNING

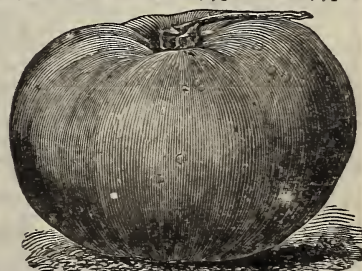

The Only Tomato of Its Kind Ever Grown

The growth of this plant is unique and different from any other. While the plant is still small, it sends out side branches, without being pruned or pinched. At every joint of these branches smooth and solid fruits are borne in clusters. In shape, the Tomato is an almost perfect globe of bright pinkish red color over its entire surface. Ripens medium early and lasts well on the market. Pkt. 10c; oz. 40c; 2 oz. 70c; ¼ lb. \$1.35.

TOMATO—BUCKBEE'S NEW MARGLOBE

The Improved Wilt Resistant Tomato

The wilt resistant varieties of vegetables are much to be preferred to the unimproved strains and in the Marglobe Tomato we believe we have the best of its class. Of beautiful scarlet color, the solid round fruits are very attractive. Flavor and texture are the best, and the plants bear abundantly. Over 100 Tomatoes of good size have been counted upon a single plant. Pkt. 10c; ½ oz. 30c; oz. 50c; 2 oz. 85c; ¼ lb. \$1.50.

Buckbee's New Marglobe.

THE EARLIEST SCARLET TOMATOES

BUCKBEE'S EARLIEST MARKET

The Earliest Large Smooth, Scarlet Tomato in Existence.
Indispensable to the Market Gardener.
A Great Money-Making Tomato.

Buckbee's Earliest Market.

This variety bears fruit which in size, shape, color, solidity and quality compares favorably with the noted later kinds, and by repeated trials at Rockford Seed Farms and elsewhere has demonstrated that it ripens up a larger portion of its crop the earliest of any variety. It is, without question, the earliest good, large scarlet Tomato. Gardeners and Tomato fanciers will readily see the advantage obtained over their competitors by growing Buckbee's Earliest Market. This is the variety which will give them the opportunity to be first on the market with a large crop of beautiful large fruits, selling readily at good prices.

Compared with the well-known Earliana, Earliest Market is about a week earlier, the fruits are fully as large, smoother, have no hard core, while Earliana is often rough and has large seed cavities. Furthermore, Earliest Market is much more prolific. An excellent kind also for the home garden, and if you have not given this wonderful variety a trial, be sure to include it in your order for 1928. Pkt. 10c; oz. 40c; 2 oz. 75c; ¼ lb. \$1.40; ½ lb. \$2.50; lb. \$4.50.

MANSFIELD TREE OR MAMMOTH PRIZE

This wonderful variety grows from 10 to 15 feet in height, and will begin to ripen by July 4th and bear until killed by frost. Flesh firm and solid, almost seedless and of the most delicious flavor. Pkt. 8c; oz. 35c; 2 oz. 65c; ¼ lb. \$1.25.

CHALK'S EARLY JEWEL

One of the largest, smoothest, best flavored extra early bright red Tomatoes. Within a week to ten days as early as Spark's Earliana, it is even a heavier cropper, with Tomatoes of a larger size and sweeter flavor. Pkt. 8c; oz. 30c; 2 oz. 50c; ¼ lb. 90c; ½ lb. \$1.65; lb. \$3.00.

BUCKBEE'S NEW 50-DAY TOMATO

The Largest Fruited, the Smoothest, the Finest in Quality of all Extra Early Scarlet Tomatoes.

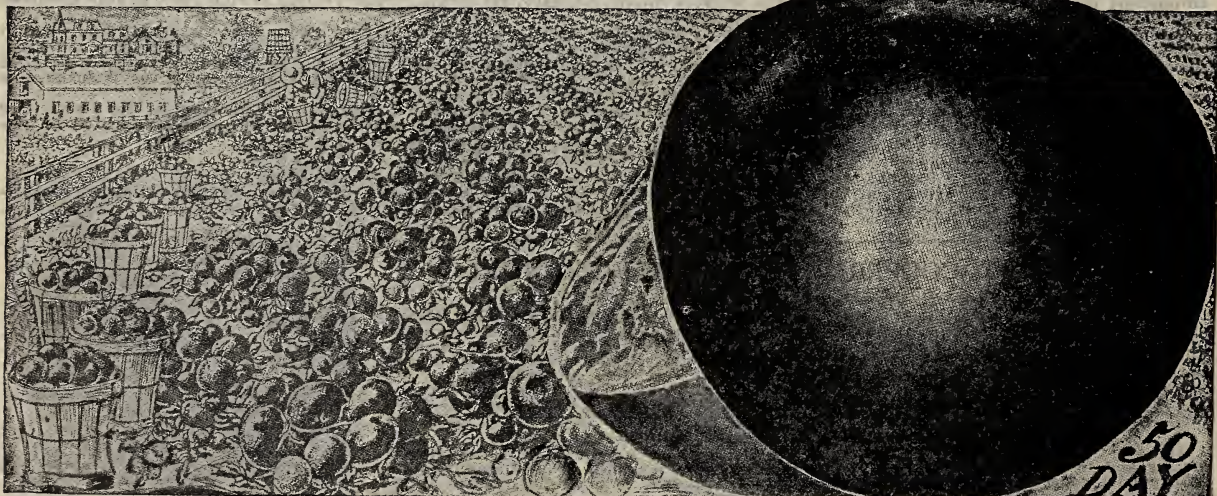

Originated on our Rockford Seed Farms. Called 50-Day Tomato because it produces large, ripe fruits on strong plants in 50 days from time they are set in the open ground.

The vines are short, very vigorous, enormously productive and ripen a very much larger crop at the early part of the fruiting season than any other extra early variety. The fruits are globular, always entirely free from cripples, wrinkled or cracked fruits, and weigh on an average about 5 oz. each, although many fruits as heavy as 6½ oz. each and over have been found in our fields. The color of the fruits is a beautiful bright scarlet. They ripen evenly, well up to the stem, have no hard core, small seed-cells, and are practically all heavy, solid meat of mild and most delicious sweet flavor. The skin is thin, but very tough, making it a splendid long-shipping variety.

Compared with Earliana, 50-Day is a much heavier cropper and its fruits of much larger size, smoother, of better quality, containing less seed and more meat. They are of better appearance and therefore better sellers; furthermore, they ripen practically as early. Fifty-Day will soon replace Earliana, and it should also be planted in place of second early sorts like Bonny Best and Chalk's Jewel, being earlier, more productive and producing fruits fully equal in size, beautiful appearance and of better quality; only Buckbee's Earliest Market is a few days earlier than 50-Day, but has somewhat smaller fruit. Price, pkt. 10c; oz. 50c; 2 oz. 90c; ¼ lb. \$1.50; ½ lb. \$2.60; lb. \$4.75.

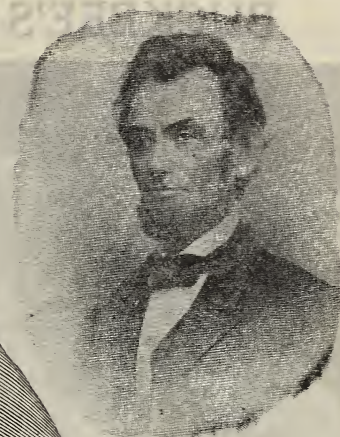

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities.

Buckbee's New 50-Day Tomato.

BUCKBEE'S NEW TOMATO ABRAHAM LINCOLN

The Giant of all Tomatoes

BUCKBEE'S ABRAHAM LINCOLN
The World-Beating Tomato

BUCKBEE'S NEW TOMATO—ABRAHAM LINCOLN—This world-beating Tomato was originated on Buckbee's Rockford Seed Farms and named in honor of Illinois' greatest son—Abraham Lincoln. This Giant of All Tomatoes was introduced by us in 1923 and is the largest Tomato ever grown. We have had 9 tomatoes in a single cluster with a total weight of 7 pounds; the average weight is about a pound and we have grown many weighing nearly 3 pounds. Beautiful dark red, attractive fruits, heavy, large, sweet, solid and meaty with very few seeds. For so large a tomato it is remarkably smooth and free from cracks and seams.

BUCKBEE'S NEW TOMATO—ABRAHAM LINCOLN—usually bears fruit in clusters of from four to six; the individual fruit, 5 to 7 inches in diameter, runs remarkably uniform in size and shape, being almost round, solid and weighs about one pound each, or heavier than any other tomato grown; the surface is very smooth and seldom cracks; the color, a rich blood-crimson, also permeates the flesh to the very heart; it ripens thoroughly, coloring up clear to the stem.

BUCKBEE'S NEW TOMATO—ABRAHAM LINCOLN—possesses one crowning merit, the phenomenal solidity of the flesh. Even the seeds, which are small and few, are embedded in flesh of meaty firmness.

BUCKBEE'S NEW TOMATO—ABRAHAM LINCOLN—has superlative merit; it is a sturdy, healthy grower with distinctive bronzy-green foliage; it ripens its first fruits immediately following those of the early sorts and from that time until frost it is practically ever-bearing, yielding enormous quantities of tomatoes, no other variety approaching it in productiveness.

BUCKBEE'S NEW TOMATO—ABRAHAM LINCOLN—on account of its solid character, splendid quality, rich red color of the flesh, and its appetizing appearance, is absolutely unsurpassed for slicing, salads and table use generally, while it is equally superior for baking, boiling and canning—the solidity of flesh and minimum of juice make thickening unnecessary.

BUCKBEE'S NEW TOMATO—ABRAHAM LINCOLN—as a market variety, has already become very popular; its general merit and handsome appearance can not but attract buyers, and it is so solid that it "holds up" well when shipped, even though it does not have the thick, tough skin heretofore considered the most important requisite in a shipping tomato. Seed of Buckbee's New Tomato Abraham Lincoln can only be obtained from the originator, H. W. Buckbee, Rockford Seed Farms. Buckbee's "Full of Life" Seeds are bred for disease resistant qualities. Pkt. of 200 seeds 20c; 3 pkts. 50c; ¼ oz. \$1.25; ½ oz. \$2.00; 1 oz. \$3.50. Postpaid.

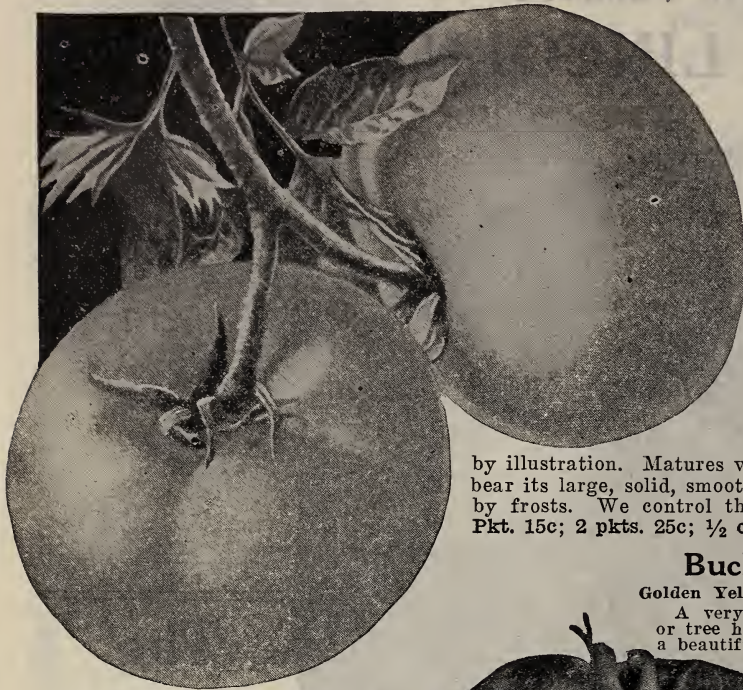

I had the best results from your Full of Life seed last year. I had Abraham Lincoln Tomatoes that weighed 3 pounds.

R. W. EWING, Imperial, Pa.

I received first prize for the Abraham Lincoln Tomatoes this year. They averaged better than two pounds apiece.

J. B. WEBB, Millville, N. J.

BUCKBEE'S "Full of Life" TREE TOMATOES

Buckbee's Hearts of Fire.

Buckbee's Early Prosperity

Wonderful New Tomato of Great Value.

Prosperity is a Tomato of sterling worth, one that is bound to please. It is the earliest of the Tree Tomatoes, with large perfect fruits; a splendid keeper, an enormous yielder and fine shipper. Color bright scarlet red. Invaluable for the home garden, market garden or for shipping purposes. The vines are dwarf but vigorous and productive. Although an intermediate or rather late maturing variety, the fruits are of good color, being an attractive bright red, exceedingly smooth and very solid. It is a desirable sort for the home garden. We consider this the best dwarf large-fruited Tomato. Pkt. 8c; oz. 45c; 2 oz. 80c; ¼ lb. \$1.50.

Buckbee's Early Prosperity.

Buckbee's New Tree Tomato

Firm, Solid, Thick Flesh, Large Meaty Center. This grand Tomato owes its popularity to its stiff, vigorous, upright growth, with fruit well above the soil, and to the earliness with which it reaches its maturity. In color the fruit is purplish pink, form always round and symmetrical and of medium size. Buckbee's New Tree Tomato is immensely productive, clusters of four to six fruits being produced in abundance along the stem. All of the fruits grow to a marketable size. The table qualities are the best as this is a good slicing variety, the seed cells being surrounded by rich, heavy flesh. This feature also makes it desirable for canning. As a shipper it stands up remarkably well, arriving at its destination in fully as good condition as when it left the field. This wonderful Tomato leaves nothing more to be desired, as it is mild, pleasant and of delicious flavor. Being a strong, robust grower it has a broad foliage which prevents sunburn in hot sections. Pkt. 10c; oz. 45c; 2 oz. 80c; ¼ lb. \$1.50; ½ lb. \$2.75; 1 lb. \$5.00.

Buckbee's "FULL OF LIFE" Tomatoes Are Favorites in Every Part of the Country.

Your "FULL OF LIFE" Tomatoes are wonderful.—Wm. Krok, Paxinos, Pa.

I was much pleased with your seed, the results were all good, especially your Tomatoes.—J. H. Carter, Eatonton, Ga.

My Tomatoes last year were complimented very highly. They were grown from Buckbee's "FULL OF LIFE" Seeds.—Mrs. A. D. Caryl, Boyceville, Wis.

Buckbee's New Tree Tomato is the best I ever planted.—J. D. Cronk, Los Angeles, Calif.

Buckbee's New Hearts of Fire

This Grand New Tomato Is as Nearly Perfect as Any We Have Ever Seen. Fruits Are of Uniform Size, Heavy, Solid, Attractive, Sweet, Smooth, and of Unequalled Flavor.

This is our newest Tomato and was painted from life and shown in colors on the front cover of our Catalog last year. It is surely a wonder Tomato, and can be used for market, canning or home garden. The vines are strong growers, but not rampant enough to decrease the yield of the fruits. On the contrary this New Tomato is one of the heaviest yielders we have. The fruits are large, often weighing a pound or more and are perfectly smooth, and seldom crack. Color is a rich, bright crimson and penetrates clear through the fruit. There are few seeds, making nearly solid flesh. Shape is well shown by illustration. Matures very early for so large a variety and continues to bear its large, solid, smooth, finely shaped fruits until the plants are killed by frosts. We control the entire stock of this newest of all Tomatoes. Pkt. 15c; 2 pkts. 25c; ½ oz. 35c; oz. 60c; 2 oz. \$1.00; ¼ lb. \$1.85.

Buckbee's World's Fair

Golden Yellow Variety; Solid and Attractive.

A very choice, dwarf-growing yellow Tomato of upright or tree habit. Very early and a heavy yielder. The fruit is a beautiful, golden yellow color, of medium size, good shape, round and solid, and contains very few seeds. Flavor is delicious; very sweet and mild. A wonderful table variety and when sliced with red or purple sorts is very attractive. Pkt. 10c; oz. 55c; 2 oz. \$1.00; ¼ lb. \$1.85.

Buckbee's Dwarf Ponderosa

A true Dwarf Ponderosa. The fruits are glossy purplish-red, with solid, meaty, bright red flesh; no core and but few seeds. They are fully as large as those of the Tall Ponderosa. Plants grow about 2 feet high, stocky and branching, bearing Tomatoes in great clusters from July until frost. This enormous but erect growing variety is one of the most important advances made in Tomatoes, especially adapted to the home gardens. The original plant was discovered in a large field of Ponderosa. Pkt. 10c; oz. 50c; 2 oz. 95c; ¼ lb. \$1.75.

Buckbee's New Tree.

BUCKBEE'S "Full of Life" TOMATOES—Scarlet Varieties

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

NEW EARLIANA—Buckbee's Pedigreed Strain

An Extremely Early, Smooth, Bright Red Tomato of Good Size and Flavor.

Is among the very first ready for the market, and not only remarkable for its earliness, but for its very large size, handsome shape and bright color. The vines are small but vigorous and very productive, bearing the fruits in clusters near the base of the plant. The fruits grow about 3 inches in diameter, have solid thick flesh of splendid quality and are excellent shippers. Send to Buckbee for the earliest strain. Pkt. 8c; oz. 30c; 2 oz. 50c; ¼ lb. 90c; ½ lb. \$1.65; lb. \$3.00.

BUCKBEE'S BONNY BEST

Plants Are Very Vigorous, of Robust Growth and Fruit Continuously Throughout the Season.

One of the very best early Tomatoes yet introduced; within a week as early as Earliana, but a much heavier cropper, producing Tomatoes of much larger size, more attractive in shape and color. The fruits are very smooth, round, very deep, solidly meaty, with only a few small seed cells; of bright deep scarlet color and of excellent quality. Very desirable for the home garden and one of the best for market gardeners whose trade demands extra fine fruits. As a canning sort it yields from 12 to 15 tons to the acre, grading as No. 1. Pkt. 8c; oz. 30c; 2 oz. 55c; ¼ lb. \$1.05; ½ lb. \$1.90; lb. \$3.50.

New Earliana.

BUCKBEE'S NEW EARLY BANQUET

The Earliest and Finest Very Large Scarlet Tomato. The Most Valuable Early Variety Introduced in the Last 30 Years.

As large and more productive and earlier than Stone, the king of all main crop tomatoes for the canner and market gardener.

This new variety which we introduced in 1918 has all the good qualities of the old Stone, it has the same large solid, smooth fruits, and its immense productiveness but it far excels it in earliness, beginning to fruit about 2 weeks earlier, hence, lengthening the bearing season.

The fruits are brilliant, bright-red often weigh a pound and a pound and a half each and are borne in large clusters averaging six and more to the cluster; all fruits are invariably of marketable size and have flesh of the richest, brightest red color, which makes them especially suitable for canning and catsup making. Price, pkt. 10c; oz. 40c; 2 oz. 75c; ¼ lb. \$1.40; ½ lb. \$2.50; lb. \$4.50.

Buckbee's New Early Banquet.

Buckbee Seeds

57 Years of
Constant Service.

NEW JOHN BAER—PEDIGREED STRAIN

Fruits Are Large, Smooth, Firm and Solid, and Nearly Round. Extra Early and Continues for a Long Time.

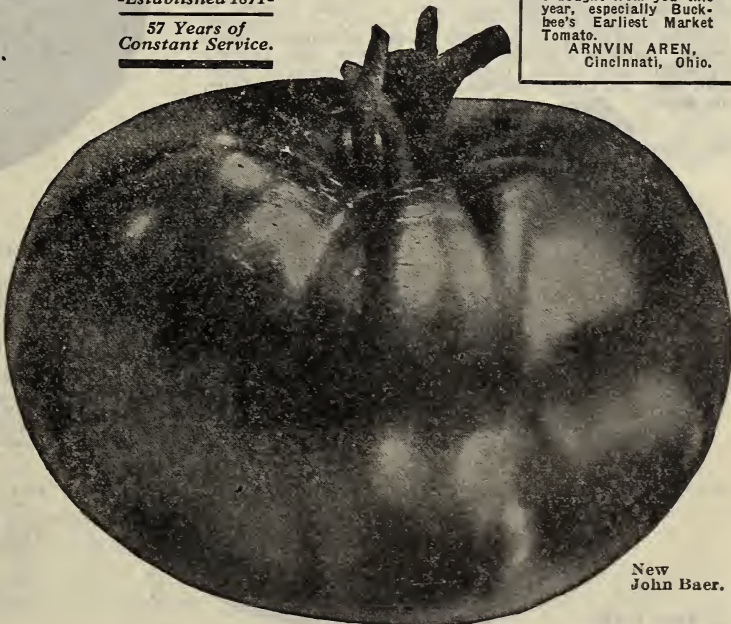

An extra early Tomato, large, smooth, bright scarlet fruits of excellent quality. Short, vigorous vines, enormously productive. Fruits larger, smoother, with less seeds than those of Earliana, but somewhat later. For early crops the New John Baer Tomato is planted exclusively in many sections supplying large city markets. Plants are compact in growth, with short, close-jointed branches, setting fruits very freely in the center. So freely are the fruits set that one plant usually will produce ½ to ¾ of a bushel of uniform Tomatoes in a season. Most valuable for the market gardener and very desirable for home use. Pkt. 8c; oz. 35c; 2 oz. 65c; ¼ lb. \$1.20; ½ lb. \$2.10; lb. \$3.75.

THE NEW STONE

Buckbee's Improved Strain. Large and Solid; Smooth and Uniform in Growth.

A standard main crop variety of red Tomatoes. Late, enormously productive with very large, very deep solid and very smooth fruits of splendid shape and finest quality. Unsurpassed for slicing and canning. The vines are large, vigorous and very productive. Buckbee's Improved Strain of this old and valuable variety is the finest on the market, being larger, smoother, more uniform in size and shape and of brighter color than that offered by others. Pkt. 7c; oz. 25c; 2 oz. 45c; ¼ lb. 80c; ½ lb. \$1.45; lb. \$2.75.

I am more than pleased with everything I bought from you this year, especially Buckbee's Earliest Market Tomato.
ARNVIN AREN,
Cincinnati, Ohio.

New John Baer.

BUCKBEE'S "FULL OF LIFE" TOMATOES

Livingston's
Globe.

LIVINGSTON'S GLOBE

True Globe Shape; Heavy Cropper; Quality Unequalled. A very beautiful second early variety. The fruits are of large size, specimens weighing over one pound have been grown from our seed, and they retain a marketable size throughout the season. Always smooth, have firm flesh and very few seeds. They will ripen evenly without any green core. The color of the skin is a fine glossy rose, tinged with purple. The Globe is exceedingly productive, the plants being literally loaded with fruit. In quality there can be nothing more desirable, flesh being mild, pleasant and of delicious flavor. Pkt. 10c; oz. 40c; 2 oz. 75c; ¼ lb. \$1.45; ½ lb. \$2.60; lb. \$4.75.

HENDERSON'S PONDEROSA or No. 400

Shape Perfect, Size Massive, Extra Prolific, Early and Late, Finest Quality.

Monster Tomatoes, the largest of all Tomatoes, often weighing 2 to 3 pounds each. The fruits are oblong in form, deep through of rich, bright solid meat, exceptionally free from seed and unsurpassed in sweet delicious flavor; used raw or cooked; a single Tomato is enough for a meal. The vines are healthy and vigorous, medium early, and bear large crops continuously until frost. Buckbee's strain is exceptionally fine, bearing smoother and larger fruits than are generally seen. Pkt. 10c; oz. 50c; 2 oz. 90c; ¼ lb. \$1.70; ½ lb. \$3.00; lb. \$5.50.

June Pink.

PINK OR PURPLE TOMATOES

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities.

BUCKBEE'S NEW EARLY JUNE PINK

The Earliest Pink in Cultivation.

The earliest of the pink fruited Tomatoes, similar to the popular scarlet-fruited Earliana in growth of vine, shape and size of fruit and time of maturing. This is of exceptional value to market gardeners, who want an early, pink-fruited Tomato. The vines are compact and branch freely, bearing their handsome, good-sized deep pink fruits in large clusters continuously throughout the season until frost. It is very popular as a market and shipping variety and most desirable for the home garden. Our seed is superior to that commonly offered by others and will produce fruits earlier, larger, smoother, of better shape and color. Pkt. 8c; oz. 40c; 2 oz. 75c; ¼ lb. \$1.40; ½ lb. \$2.50; lb. \$4.50.

LIVINGSTON'S BEAUTY

Large, Smooth Fruit of Purplish-Pink Color.

We have been perfecting this to a larger, smoother fruit than the original stock, and think we have made it one of the smoothest and best of the large purple sorts. Fruit large, uniform, very smooth; color purplish pink, flesh light pink, excellent flavor. The vines are large, vigorous, not subject to rust or blight and bear enormous crops until killed by frost. Pkt. 8c; oz. 30c; 2 oz. 55c; ¼ lb. \$1.00; ½ lb. \$1.80; lb. \$3.25.

Ponderosa.

WILT RESISTANT TOMATOES

Buckbee's Improved Varieties Are Grown From U. S. Government Pedigreed Seed.

We, as well as the entire country, are indebted to the United States Department of Agriculture for their endeavors to bring to perfection Tomatoes which are Wilt Proof and Disease Resistant. The following varieties have been grown on our own farm from Government Pedigreed Seed:

MARGLOBE—See illustration, description and prices on page 89. Pkt. 10c; ½ oz. 30c; oz. 50c.

MARVANA—Vine similar to Earliana. Fruits smooth and medium size. Pkt. 15c; ½ oz. 35c; oz. 65c.

MARVELOSA—Pink fruited, sets in clusters. Fruits run from Globe shape to flat. Main crop and good size. Pkt. 15c; ½ oz. 35c; oz. 65c.

COLUMBIA—Practically the same as Greater Baltimore but positively Wilt Resistant. Pkt. 10c; ½ oz. 25c; oz. 45c.

NORTON—Resembles Stone in every way, but it resists Wilt to a remarkable degree. Pkt. 10c; ½ oz. 25c; oz. 45c.

THE BURBANK—Fruits medium size, scarlet fruits and very early. Usually sets in clusters. Pkt. 15c; ½ oz. 40c; oz. 75c.

BUCKBEE'S "FULL OF LIFE" YELLOW TOMATOES

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

New
Golden
Ponderosa.

NEW GOLDEN PONDEROSA

A splendid novelty. Equals its famous parent, the Red Ponderosa, in every respect but color. It possesses its large size, heavy meat and luscious quality, and in addition is of a striking rich golden yellow color, making a novel and most attractive table effect, especially when served sliced with a red variety. This is the largest of the yellow varieties in cultivation. The fruits are very uniform in shape and size, contain but little core and few seeds, and are a solid mass of succulent meat. Their skin is thin and they ripen the first fruit quite early, continuing to bear until frost. Pkt. 10c; oz. 55c; 2 oz. \$1.00; ¼ lb. \$1.85.

See also
Buckbee's
World's
Fair
on
page 92

BUCKBEE'S GOLDEN PRIZE

New golden yellow sort. Flesh thick and of extra quality. Produces enormous crops of quite large fruits. Even if you should be prejudiced against a yellow sort, this will please you. Pkt. 8c; oz. 40c; 2 oz. 75c; ¼ lb. \$1.40; ½ lb. \$2.50; lb. \$4.50.

DWARF GOLDEN CHAMPION

A fine tree tomato of rich golden color. Good sized fruit and solid meat. Pkt. 8c; oz. 40c; 2 oz. 75c; ¼ lb. \$1.40; ½ lb. \$2.50; lb. \$4.50.

Yellow Pear.

CHILDS' RESPLENDENT—THE NOVELTY TOMATO

Fruit of all colors, green, white, lemon, pink, orange, yellow to deep ruby-red, borne on the same plant in wonderful abundance. Showy and attractive beyond description. Plant dwarf, stout, upright with novel foliage. Fruit large with more solid flesh and less seed cavity than any other. Pkt. 10c; oz. 50c; 2 oz. 95c; ¼ lb. \$1.75.

MIXED TOMATO SEED

For the benefit of many customers who would like to try all kinds, we offer this mixture of many sorts. Pkt. 7c; oz. 25c; 2 oz. 40c; ¼ lb. 75c.

BUCKBEE'S SNOWBALL

The New White Tomato

A grand new variety of recent introduction, which always gives the best of satisfaction. Color is pearly white inside, skin nearly the same shade, flavor unexcelled, flesh firm and solid. Almost a continual bearer, coming into fruit early and yielding throughout the season an abundance of fine Tomatoes which are 1½ inches in diameter, round and smooth. No better variety can be found for table, pickling or canning purposes. Pkt. 10c; 3 for 25c; ½ oz. 40c; oz. 75c.

Child's Resplendent.

Buckbee's Snowball.

SMALL FRUITED TOMATOES

STRAWBERRY HUSK OR WINTER CHERRY—The fruit has a pleasant strawberry-like flavor and is much relished raw, but generally used for preserves, for which it is excellent. The small yellow fruits are enclosed in a husk, and when ripe are half an inch in diameter. Easy to grow, do well on any dry soil. Plants of low sturdy spreading growth; immensely productive. Pkt. 10c; oz. 50c.

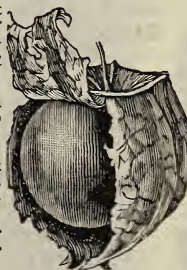

MAMMOTH PURPLE GROUND CHERRY—Large fruits 1¼ to 2½ inches in diameter. The flesh is green, the color of the skin is green, changing to a purple. When made into preserves has the appearance of Green Gages. Pkt. 10c; oz. 50c.

BUCKBEE'S GOLDEN FIG—The illustration shows its exact shape and habit of producing fruit in numerous clusters. It is wonderfully productive, yielding double that of other sorts. Makes pickles and preserves of finest quality. Pkt. 10c; oz. 50c.

NEW ROSE PEACH—A most delicious and handsome Tomato with appetizing, fruity flavor not met with in any other variety. Pkt. 10c; oz. 50c.

RED PLUM—Fine plum shape. Dark red color. Pkt. 10c; oz. 50c.

YELLOW PEAR—Solid flesh, of excellent flavor. True small pear-shaped. Pkt. 10c; oz. 50c.

Strawberry
Husk

Golden Fig Tomato.

Strawberries from Seed BRAZILIAN EVERBEARING

It will begin to bear fruit in about four months after seed is sown and continues to produce fruit until very late in the fall. Seeds sown in April will give ripe berries in July. The berries are not as large as the standard varieties, but are of superior quality and have the rich wild Strawberry flavor. The plant is ever-bearing in the true sense of the word, producing fruit all summer, and comes perfectly true from seed. It also makes a beautiful pot plant, will grow well in the house, and even fruit during the winter. Perfectly hardy everywhere and easy to grow. A packet of seed should produce 40 to 50 plants. Pkt. 15c; 2 pkts. 25c.

BUCKBEE'S BEST TABLE TURNIPS

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities.

BUCKBEE'S EXTRA EARLY CARDINAL

A Beautiful Scarlet Turnip of Excellent Quality

Very early variety, of magnificent shape, handsome appearance and wonderful keeping qualities. Outside skin brilliant cardinal red color, resembling a radish; the flesh is white, tender, crisp, of splendid table quality. It keeps well. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 65c; lb. \$1.25.

BUCKBEE'S EXTRA EARLY CAMEO

A grand acquisition from the land of the Czar, where it is more largely grown than any other. Color is a beautiful pearl white. By all means include it in your order. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.00.

BUCKBEE'S EXTRA EARLY PURPLE TOP MILAN

The very earliest Turnip grown. The tops of this variety grow very small and are distinctly strap-leaved, growing very erect and compact. The roots are small and flat. Turnip-shaped; skin purple on top of the root, clear white below. Flesh white, of mild sweet flavor. Pkt. 8c; oz. 12c; 2 oz. 20c; ¼ lb. 35c; ½ lb. 60c; lb. \$1.00.

BUCKBEE'S NEW GOLDEN GLOBE

A distinct variety, one of the most delicately flavored of the yellow fleshed turnips. The tops are small. The roots are medium sized, round, very smooth and with deeper yellow skin. The flesh is firm, crisp and of most excellent quality. Pkt. 8c; oz. 12c; 2 oz. 18c; ¼ lb. 28c; ½ lb. 45c; lb. 75c.

BUCKBEE'S RED OR PURPLE TOP STRAP LEAF

There is probably a larger amount of seed of this variety sown annually than any other turnip. As a market variety, without doubt the peer of all. Has single tap root and a bright purple top. Matures 8 or 9 weeks from sowing. Pkt. 7c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 40c; lb. 65c.

BUCKBEE'S EARLY SNOWBALL or SIX WEEKS

The earliest round variety. Roots of medium size, smooth, very beautiful and showy. Skin and flesh snow white. Very mild and sweet. Pkt. 8c; oz. 12c; 2 oz. 18c; ¼ lb. 28c; ½ lb. 45c; lb. 80c.

Buckbee's Extra Early Cardinal.

Buckbee's Extra Early Cameo.

Extra Early Purple Top Milan.

Buckbee's Early Snowball.

BUCKBEE'S BEST TABLE TURNIPS—Cont'd.

Buckbee's "Full of Life" Seeds Are Bred for Disease Resistant Qualities

Cow Horn

Sometimes called Long White. The roots are long, carrot-like, of cylindrical form but ending in a point and slightly crooked, they are 12 to 15 inches long by 2½ inches in diameter and grow partly above the ground. The color is pure white with a little shade of green on top. Well flavored and of rapid growth. Fine for Fall and early Winter use. Very valuable also as a soil enricher; can be sown broadcast in Fall on stubble ground, will grow on poor, wornout soils, and if plowed under will enrich it as much as a crop of cover. Pkt. 6c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 40c; lb. 65c.

Buckbee's New Purple Top White Globe

A globular variety, very even in shape and of beautiful appearance. The flesh is white, of excellent quality and desirable for table and stock. Immensely productive, much more so than any flat variety. This variety is a good keeper and a fine market sort. Pkt. 7c; oz. 12c; 2 oz. 18c; ¼ lb. 30c; ½ lb. 45c; lb. 75c.

New White Egg (See Illustration Page 96)

This is certainly one of the very choicest and finest varieties; producing beautiful egg-shaped roots with thin white skin. They are always firm, solid and of sweet flavor. A most profitable market sort. Pkt. 7c; oz. 10c; 2 oz. 18c; ¼ lb. 28c; ½ lb. 45c; lb. 75c.

Improved Early Flat White Dutch

Excellent early garden variety and very much used. The roots are of medium size, very flat and the color white. Very early, sweet and tender. Pkt. 5c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 40c; lb. 70c.

Yellow Aberdeen

A turnip of high merit. Very hardy, very productive; medium sized roots; late maturing. Unequaled for its long keeping qualities. The flesh is yellow, tender, sugary and very solid. Pkt. 7c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 40c; lb. 65c.

Southern Seven Top

Cultivated extensively and with profit in the South for the tops, which are used and are most excellent for greens. It is very hardy, will grow all winter, but will not produce a good root. In many sections of the South it is also a favorite green feed for stock, and its use as a pasture crop like rape is quite general. Pkt. 6c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 38c; lb. 60c.

THE BEST RUTA BAGAS

For feeding stock in fall and winter there is nothing superior to Turnips and Ruta Bagas. If sown the first of August Ruta Bagas make an excellent pasture for sheep during the fall months, and the root will furnish a rich food for them all winter. All kinds of stock relish them and fatten rapidly when Ruta Bagas are fed in combination with hay.

Buckbee's Giant

This is the finest of all Ruta Bagas, and a variety that should be sown in preference to all others. Prize Winner Everywhere. This magnificent Ruta Baga, which is more largely grown than any other, is the most profitable to grow of all Swede Turnips. It is the largest of all, growing to much greater size than the American Purple Top variety, which is so much used in this country; it out-yields all other sorts; a crop of a thousand bushes and over per acre under careful cultivation, being a frequent

occurrence; it is the most hardy of all Ruta Bagas, withstanding cold and drouth better than any other sorts. Bulbs are somewhat oval or slightly oblong in shape; purplish red above and bright yellow below the ground. They are quite smooth with but a small tap root and have a small top and very short neck and remain sound and good indefinitely. Flesh is of a beautiful yellow color, always sweet, tender, juicy and nutritious. Prices: Pkt. 10c; oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 70c; lb. \$1.00.

New Monarch or Elephant

Produces large, tankard shaped roots, with small necks, relatively small tops; skin dark purple above ground, yellow below. Flesh rich yellow, fine grained; of the best quality. Easy to harvest. Pkt. 7c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 40c; lb. 70c.

Improved Purple Top Yellow

Very hardy, productive and nutritious. A large, purple top yellow variety. Shape slightly oblong. Produces heavy weight per acre. Sweet and good keeper. Pkt. 7c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 40c; lb. 75c.

Buckbee's Mammoth White Russian

Grows very large with single tap root, small top, short neck. Strong constitution; certain cropper. Will stand severest weather. Flesh white, hard, sweet, of better flavor than most yellow sorts. Fine for table and stock. Keeps sound till late Spring. Pkt. 7c; oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 40c; lb. 65c.

I have ordered my seeds of Buckbee for 38 years. Never got a packet of poor seeds.

MRS. KATE WHATTEY,
Topeka, Kan.

Buckbee's Giant Ruta Baga.

**WONDERBERRY PLANT,
THREE MONTHS FROM SEED.**

The Sunberry or Improved Wonderberry

THIS IS WITHOUT QUESTION LUTHER BURBANK'S GREATEST PRODUCTION; A LUSCIOUS BERRY THAT MAY BE GROWN AND RIPENED FROM SEED IN ANY SOIL OR CLIMATE IN THREE MONTHS.

Fruit more like a great, rich, luscious blueberry than anything else. Beautiful color, fine flavor and unsurpassed for eating raw, cooked, canned or preserved in any form. It is easily the greatest garden fruit ever introduced. Easiest plant in the world to grow. Succeeding anywhere and yielding great masses of rich fruit all Summer and Fall. **THE QUALITY** is sweet and delicious when fully ripe. Like the grape, it should have time to ripen well after coloring in full sun. Skin, which may seem a little tough in a raw state, cooks tender. Seeds small, one-quarter the size of Tomato seed, and cook soft, and are not noticeable. We offer this desirable garden delicacy in two distinct colors.

Burbank's Improved Wonderberry (the Original Blue Black Color), pkt. 12c; 2 pkts. 20c.

Burbank's Perfected Sunberry (the New Golden Color), pkt. 15c; 2 pkts. 25c.

PRICE OF PLANTS. We can supply nicely started plants, 3 for 25c; 95c per doz., postpaid.

(Be Sure to State Whether You Wish Wonderberry or Sunberry Plants.)

I planted your Wonderberry Seeds last summer and had wonderful success. They cannot be equalled for pies and preserves.
CHAS. W. BAKER,
Monroe Center, Ill.

BUCKBEE'S "FULL OF LIFE" TOBACCO

Buckbee's "Full of Life" Tobacco Is Bred for Highest Quality

BEATS ALL OR LACKS—A heavy, dark type and makes a splendid mahogany. Good texture for dark wrappers and fillers. Pkt. 8c; oz. 40c.

BIG HAVANA—An Americanized Havana used for cigar purposes; sometimes used as a manufacturing sort. Large, long leaf; very early, making two crops in the South from one planting. Pkt. 8c; oz. 40c.

BLUE PRYOR—A large, long and broad leaf. Makes a rich waxy tobacco for black wrappers, strips and fillers. Pkt. 8c; oz. 40c.

BRADLEY BROAD LEAF—A popular variety for several types export, manufacturing and cigars. A good reliable variety and succeeds where yellow tobacco can be grown. Pkt. 8c; oz. 40c.

BRAZILIAN—Makes excellent cigars and delightful aromatic pipe smoking tobacco. Pkt. 8c; oz. 45c.

Improved White Burley—Buckbee's Seed Is the Best Obtainable.

BUCKBEE'S GENUINE HAVANA—Vuelta De Abajo Strain. Our seed is guaranteed Cuban grown first crop seed. This is absolutely the finest, silkiest and most delightfully flavored Havana Tobacco we have ever handled. This seed is raised by our own grower in Havana, Cuba, and seed taken from the finest plants only. Every tobacco grower knows that Cuban-grown seed is superior to that raised at home, so if you want the very finest Cigar variety, send to Buckbee for this superior variety. Pkt. 10c; oz. 60c.

COMSTOCK SPANISH—Sometimes called Zimmer's Spanish. The standard variety for cigar leaf. More extensively grown in this country than any other kind for this purpose. Most popular kind in Wisconsin. The leaf is good sized and is suitable for wrappers and fillers. We have the finest strain in the country. Pkt. 8c; oz. 45c.

GENERAL GRANT—One of the finest, earliest and most popular kinds for cigars. Matures as far north as Canada. Leaves large. Pkt. 8c; oz. 50c.

IMPROVED GOLD LEAF—The best bright tobacco on the market. It is fast replacing all other varieties. Leaves long, broad and of very fine texture. Pkt. 8c; oz. 45c.

IMPROVED HAVANA—The finest Cuban stock, imported from the famous Vuelta Valley. Pkt. 8c; oz. 45c.

IMPROVED LONG LEAF GOOCH—For cutters and wrappers. Has long leaf of fine texture and makes fine, bright tobacco. Pkt. 8c; oz. 40c.

IMPROVED SWEET ORONOKO—Makes the finest fillers known. Cures a rich red; long and narrow leaf, tough and waxy. Pkt. 8c; oz. 40c.

IMPROVED WHITE BURLEY—This variety is especially valuable to manufacturers, either for cut or plug tobacco. Often used for wrappers. Leaf large, broad; cures a very desirable color. Pkt. 10c; oz. 40c.

ONE SUCKER—A dark manufacturing sort; good breadth, long leaf and good, rich quality. Pkt. 8c; oz. 40c.

TENNESSEE RED—Excellent for dark strips. Pkt. 8c; oz. 40c.

YELLOW MAMMOTH—A new western variety of the export type. Large yielder that demands top prices. Pkt. 8c; oz. 45c.

YELLOW PRYOR—Makes a fine wrapper, cutter, filler or smoker. Pkt. 8c; oz. 40c.

We can highly recommend the Improved White Burley Tobacco we received of you. The leaves were 18 to 24 inches wide and 28 to 30 inches long. It was very fine and large. We have just sold 2,000 pounds of the crop for \$375.00.

CHAS. D. HERRING, Canaan, Ind.

BUCKBEE'S "FULL OF LIFE" CLOVERS

For Today's Prices—See Special Price List Enclosed in This Catalog.

Buckbee's "Full of Life" Alfalfa. See the Wonderful Growth.

BUCKBEE'S HARDY NORTHERN ALFALFA

We have handled this strain for many years. This seed comes from very old, very long established fields on dry non-irrigated land which lived through the severest winters. An extremely frost and drought-resistant strain. Postpaid, 3 lbs. 95c.

LISCOM ALFALFA OR CANADIAN VARIEGATED

A wonderful variety for the cold Northern states. Being a cross between the extremely hardy yellow flowered and the American purple flowered varieties. Postpaid, 3 lbs. \$1.25.

BUCKBEE'S "FULL OF LIFE" GRIMM ALFALFA

No other Alfalfa has a record of hardiness, drought-resistance and productiveness like Grimm. Our Grimm Alfalfa seed is grown in the extreme North on dry land. Postpaid, 3 lbs. \$1.45.

Medium Red Clover.

An annual clover for the South; matures in May. A most valuable Winter grazing crop, growing luxuriantly all through the Winter. Postpaid, 3 lbs. 95c.

CRIMSON CLOVER

Valuable for pasture, soiling, hay, but especially for plowing under to restore wornout soils. Crimson Clover forms upright branching plants 2 to 3 feet high. Postpaid, 3 lbs. \$1.15.

JAPAN CLOVER OR LESPEDEZA

A valuable perennial Clover for the South. Stands excessive drought and is particularly suitable for wornout soils, waste lands and woodland pasture, growing well in the shade. Postpaid, 3 lbs. 95c.

MAMMOTH RED OR SAPLING CLOVER

Mammoth Red Clover is quite distinct from Medium, being larger, of coarser and more robust growth, and two to three weeks later. Postpaid, 3 lbs. \$1.40.

MEDIUM RED OR JUNE CLOVER

The most valuable and universally grown Clover throughout the country. It is a dependable variety for pasture and meadow. It lives 2 years, grows 2 to 4 feet high, makes 2 crops each year. The first one is generally cut when in blossom for hay; the last crop may be harvested for seed, cut for hay or plowed under, to add fertility to the soil. Postpaid, 3 lbs. \$1.35.

BUCKBEE'S "FULL OF LIFE" WHITE CLOVER FOR LAWNS

A low growing Clover, spreads rapidly and is very hardy; round, white fragrant heads, which make excellent pasturage for bees. Postpaid, lb. 60c; 3 lbs. \$1.65.

WHITE BOKHARA, SWEET OR BEE CLOVER

The white flowering Sweet Clover is biennial and if not allowed to re-seed, it will die out the second year. Grows 8 to 9 feet high. Postpaid, 3 lbs. 70c.

YELLOW SWEET CLOVER

This is a biennial variety like the white; it does not grow quite so tall, only about 4 to 5 feet high, the stalks and branches are, however, more slender, making a fine hay. Postpaid, 3 lbs. 80c.

For Today's Prices—See Special Price List Enclosed in This Catalog.

TWO WONDERFUL NEW CLOVERS

GRUNDY COUNTY WHITE SWEET CLOVER

The finest Clover in the world is grown in Grundy County, Illinois, and it was there that this grand Clover originated. This is the hardiest of the perennial Sweet Clovers, and can be grown in any part of the United States. As the leaves are very fine it makes wonderful hay. The plant is dwarfer than the original variety and is easily handled. Postpaid, 3 lbs. 75c.

ALBOTREE—THE NEW YELLOW SWEET

Grown by Department of Agriculture at Madison, shows it to be earlier, more tender, a better yielder and much more desirable than the other perennial Yellow Sweet Clovers. Plants have small stems and leaves and is eaten without waste. Postpaid, 3 lbs. \$1.15.

HUBAM—THE NEW ANNUAL WHITE SWEET CLOVER

The most wonderful forage plant ever grown in the world. This remarkable Clover can be grown from seed and a crop of hay or seed matured in one season's time. Valuable for hay, forage, green manuring and for restoring life to wornout soils. Postpaid, 3 lbs. \$1.20.

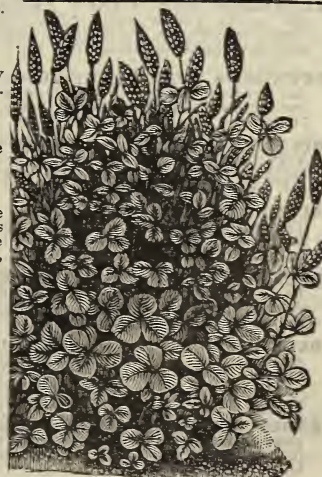

ALSIKE OR SWEDISH CLOVER

Alsike is a hybrid of the Red and White Clover. It grows 2 to 3 feet high. The stems are thinner than those of Red Clover, and the leaves are more numerous, making a hay of finest texture, which is eaten without waste by stock. It is a perennial and one of the hardiest of all clovers. Postpaid, 3 lbs. \$1.35.

ALSIKE AND TIMOTHY MIXED

Those desiring to sow Alsike and Timothy together can save money by buying the seed in mixture. This, we believe, is the cheapest Clover and Grass Seed Mixture you can buy. Our mixture contains about one-fourth Alsike, the balance is pure Timothy. Postpaid, 3 lbs. 85c.

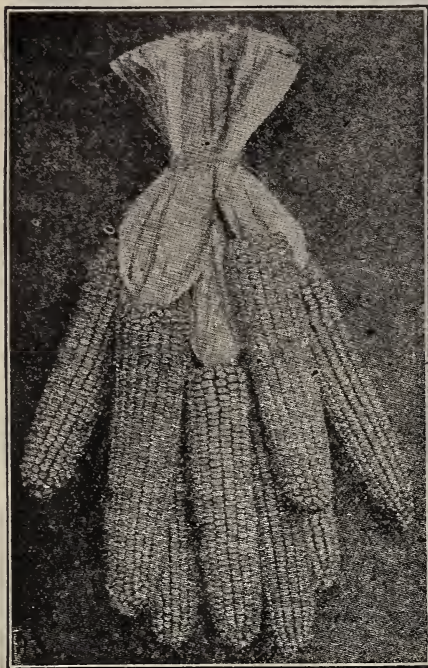

Ask for our Free, Illustrated and Descriptive Field Seed Catalog.

Crimson Clover.

BUCKBEE'S "Full of Life" SEED CORN

For Today's Prices—See Special Price List Enclosed in This Catalog.

Buckbee's Early Prosperity.

In offering the following varieties of Field Corn we desire to say that they are the Buckbee "Full of Life" Brand and can be relied on. CAREFULLY HARVESTED, HAND-SORTED, FIRE DRIED, PEDIGREED STOCK SEED

BUCKBEE'S EXTRA EARLY FLINT CORN

BUCKBEE'S EARLY NORTHER FLINT—The greatest yielding flint corn. Ears 10 to 15 inches long, of rich, yellow color. Enormously productive. Matures exceedingly early, from 85 to 90 days being a fair average. The ears average two to a stalk, growing well up so as to readily admit being cut by the harvester. Postpaid, 3 lbs. 75c.

EXTRA EARLY KING PHILIP RED FLINT—Earliest and best variety of red flint corn. Ripens within 80 days from time of planting. Ears 8-rowed, 10 to 12 inches long; stalks 7 feet high, very leafy; good yielder.

LONGFELLOW YELLOW FLINT—Ripens in 90 to 95 days; 8-rowed with ears 12 to 15 inches in length and about 1½ inches in diameter. Small cob, large kernel and very broad.

NORTH DAKOTA WHITE FLINT—A well-established variety, with uniform characteristics, including extra early maturing and medium size, both of stalks and ear.

NORTH DAKOTA YELLOW FLINT (Gehu)—The earliest corn grown; matures in 70 to 75 days. Stalks about 7 feet high; ears about 8 inches long, growing 1½ feet above the ground. Postpaid, 3 lbs. 75c.

SANFORD'S WHITE FLINT—Matures in about 100 days. Ears are smooth, of symmetrical shape and covered with rows of very large, white, flinty kernels.

BUCKBEE'S IMPROVED INDIAN SQUAW CORN—An extremely early variety, maturing in 75 days. The kernels are of different colors, red, blue, yellow and white giving the ears a curiously beautiful mottled appearance. The ears grow from 8 to 12 inches in length and are of symmetrical form. Postpaid, 3 lbs. 95c.

Ask for our Free, Illustrated and Descriptive Field Seed Catalog.

Price of any of the above varieties of Flint Corn, except where noted, postpaid, 3 lbs. 65c.

BUCKBEE'S SELECTED VARIETIES FOR FODDER AND SILO

BUCKBEE'S GOLIATH FODDER CORN

The World-Beating Fodder and Ensilage Producer, Surpasses Any Other Fodder Corn on Earth in Yield and Feeding Value.

A great variety which we have been developing for years. Grows rapidly, is early, short jointed, tall, and produces an overwhelming abundance of leaves and rich, juicy, sugary stalks, with a strong tendency to mature several ears. The ears when fully grown are from 10 to 12 inches long and have very deep kernels of pearly white color. Postpaid, 3 lbs. 65c.

SWEET FODDER CORN

One of the most valuable fodder plants in existence. The stalks are sweet, juicy, rich, tender and very nutritious, and the leaves are numerous and large. Postpaid, 3 lbs. 65c.

WHITE COB ENSILAGE CORN

A pure white corn with a white cob, of tall growth, short joints and leafy, giving an abundance of fodder; sweet and tender. Postpaid, 3 lbs. 55c.

RED COB ENSILAGE CORN

A pure white corn; sweet, tender and juicy. This seed is white and grows on a red cob, thus giving it the name. Postpaid, 3 lbs. 60c.

BUCKBEE'S UNEQUALLED "FULL OF LIFE" DENT FIELD CORN

Price of any of the following 14 varieties of Dent Corn, postpaid, 3 lbs. 65c.

BUCKBEE'S NEW EARLY PROSPERITY—Best 90-day early yellow dent corn. Prolific, hardy and vigorous. Stalks grow to a height of 7 to 8 feet, and set the ears about 3½ to 4 feet from ground.

BUCKBEE'S NEW EARLY ILLINOIS—The best 90-day white dent corn. A fitting companion to Buckbee's New Early Prosperity, being a beautiful White Dent.

BUCKBEE'S GREAT WESTERN YELLOW DENT—Very uniform in size and shape, with sixteen to eighteen rows of deep, pure golden yellow kernels set on small-sized cob.

BUCKBEE'S GREAT WESTERN WHITE DENT—The stalks generally bear two good ears each, and frequently three are found. All ears are uniform and well filled out.

BUCKBEE'S EARLY GOLD MINE—One of the best Early Yellow Dents. Large well filled ears. Will usually produce a crop in 90 days and has always matured in Northern Iowa.

BUCKBEE'S IMPROVED RED HACKBERRY—The earliest and hardest Dent Corn grown; the corn for the North. Ears are 7 to 10 inches long and have 10 to 14 rows of large red kernels with a yellow cap.

EARLY WHITE CAP YELLOW DENT—A very strong grower with heavy fodder and large ears. Matures in 90 days. The grain has a white cap and yellow body. Heavy yielder.

MINNESOTA No. 13 or WISCONSIN No. 8—This is the earliest Yellow Dent Corn grown. Ears average 8 inches in length with 16 to 20 rows of rich yellow kernels.

MINNESOTA WHITE DENT—This is the earliest White Dent grown. The stalks are 6½ to 7 feet high. Ears are 8 to 9 inches long; large, deep, white grains.

MURDOCK EARLY YELLOW DENT—Stalks 8 feet high; ears are 8 to 9 inches long, 16 to 20 rowed and have very deep, large grains.

PERFECTED BOONE COUNTY WHITE—The most popular and the heaviest cropping White Corn known. Ears are 9 to 12 inches in length and contain 18 to 24 rows of exceptionally deep kernels of pure white color.

REID'S IMPROVED YELLOW DENT—Reid's Yellow Dent is the main Corn crop of the cornbelt. The stalks are 9 to 12 feet high. The ears 9 to 11 inches long. The cob is red and small. The ears are remarkably uniform in shape, size and color.

SILVER KING OR WISCONSIN No. 7—The ears are 8 to 9 inches long, very uniform in size and type; the kernels are of good size. Pure snow white in color.

THOROUGHbred LEAMING—Deep golden color; ears 9 to 12 inches long. Red cob, medium in size.

Improved Indian Squaw.

For Today's Prices—See Special Price List Enclosed in This Catalog.

BUCKBEE'S "FULL OF LIFE" GRASS SEEDS

For Today's Prices—See Special Price List Enclosed in This Catalog.

Are of the HIGHEST GRADE obtainable, both as respects purity and high germination; they are pure and clean, free from noxious weeds and foreign seeds and are plump, heavy and well ripened, so as to insure a good stand and a big crop.

Bromus Inermis.

BUCKBEE'S FAMOUS LAWN GRASS SEEDS

Buckbee's Famous "Full of Life" Lawn Grass Seed produces rich, luxuriant lawns of fine, dense turf in any part of the country. See page 7 of this Catalog for complete descriptions.

Buckbee's World's Fair Lawn Grass Seed

This wonderful Lawn Grass is made up of a very evenly balanced combination of grasses that grow and flourish everywhere. Owing to the different varieties contained in this mixture, you can be sure of a rich green lawn the entire season. Postpaid, ½ lb. 30c; 1 lb. 50c; 3 lbs. \$1.35.

Velvet Green Lawn Grass Seed

A good mixture and one that always gives satisfaction, although of course it is not equal to our World's Fair. Postpaid, ½ lb. 25c; 1 lb. 40c; 3 lbs. \$1.05.

Shady Place Lawn Grass Seed

The only satisfactory grass we have ever found to grow under trees, in partially shady places and other similar spots. Plant it this year and have a uniform lawn. Postpaid, ½ lb. 35c; 1 lb. 55c; 3 lbs. \$1.45.

Bermuda Grass or Southern Blue Grass

A most valuable grass for our Southern states, both for pasture and lawns. It requires heat and moisture to start it. As it cannot endure frost, it is of no value North of Virginia. Sow at the rate of 5 pounds to the acre. Postpaid, 3 lbs. \$1.65.

Bromus Inermis

Bromus Inermis reaches a height of from 4 to 5 feet, producing an abundance of leaves, and yields on good soil about 4 tons of cured hay per acre, which has about the same feeding value as Timothy. Much sown now for pasture with White Sweet Clover, using 10 lbs. each per acre. Postpaid, 3 lbs. 85c.

Buckbee's Perennial Rye Grass

Invaluable for permanent pastures. It produces an abundance of remarkably fine foliage, tillers out close to the ground and soon forms a compact sward. After being cut it grows up in a very short time and remains bright and green throughout the season; it consequently is well adapted for lawn mixtures. It is also a good variety for hay if cut when in blossom. Postpaid, 3 lbs. 85c.

Johnson Grass

When carefully handled one of the most satisfactory hay crops for the Southern farmer, yielding even during hot and dry seasons three to four cuttings of one and a half to two tons each per acre on good soil. To keep it within bounds the seed should never be allowed to ripen. Postpaid, 3 lbs. 80c.

Kentucky Blue Grass

One of the most widely distributed and valuable native grasses. It is a true perennial, lasting indefinitely and improving every year. It forms a close turf, starts very early in the Spring and lasts until frost. It remains small the first year, but becomes fully established the second year. It is especially valuable as a pasture grass, and is also one of the very best grasses for the lawn. Postpaid, 1 lb. 40c; 3 lbs. \$1.15.

Meadow Fescue or English Blue Grass

Of all grasses Meadow Fescue is the surest crop. It comes up quickly and in three or four weeks after sowing it will be about 4 inches high and cover the ground perfectly. It lives longer than most other kinds of grasses, and although it produces a good crop of hay or pasture the first year, it does not reach the highest stage of growth until 2 or 3 years, and for this reason it is best adapted for permanent pastures and meadows. Postpaid, 3 lbs. \$1.10.

Orchard Grass

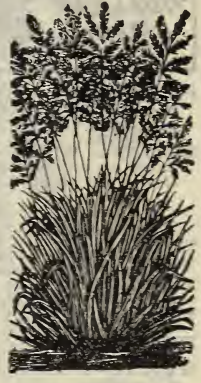

A valuable grass for pasture or hay land, and on account of its earliness especially valuable for a permanent pasture. It furnishes green grass very early in the Spring and until late in the Fall. When closely cropped it grows up very quickly and is ready for grazing again in ten to twelve days. It is succulent and nutritious, furnishing excellent pasture or hay. Postpaid, 3 lbs. \$1.00.

Buckbee's Rye Grass.

Orchard Grass.

Kentucky Blue.

Red Top—Solid Seed

A very hardy native grass and probably the most perennial variety we have. Red Top accommodates itself to a variety of soils, even to quite dry situations, but succeeds best on moist land, where it attains a height of 2 to 2½ feet. After being once established, it thickens and improves year by year, taking possession of the land and gradually supplanting other grasses, but it is easily eradicated in case it is desired to put the land in cultivated crops. Postpaid, 1 lb. 35c; 3 lbs. 95c.

Tall Meadow Oat Grass

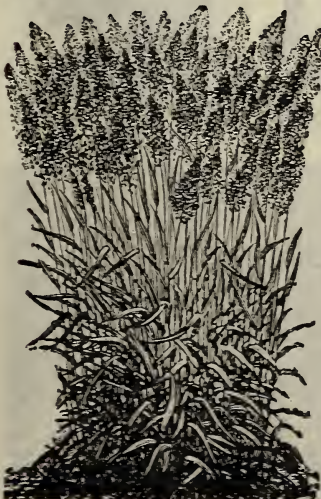

A hardy grass of rapid growth, luxuriant and reaching a height of 4½ feet. Makes excellent hay on sandy loams, but is particularly suited to rich soils and clay formations. It has a wonderful capacity for enduring severe heat, drought and cold. It can usually be cut twice a year; in the South it does much better than Timothy. Postpaid, 3 lbs. \$1.35.

Timothy

Timothy is the most popular and most important of all hay grasses and is adapted to a wider range of conditions than any other variety of grass. It is the one grass that is always sure to grow, and without doubt it is the hardiest of all our grasses; no other kind will stand the extremes of heat and cold better than this one; no other variety equals it in average yields, excels it in feeding value. Buckbee's "FULL OF LIFE" Brand will stand the test of all Pure Seed Laws and has a purity higher than 98 per cent and a vitality of more than 95 per cent. It is pure, bright seed, very little hulled. Postpaid, 3 lbs. 60c.

Thousand-Headed Kale

We are listing this with our grasses, although it is not really a grass, nor is it a grain, being similar to and now frequently used in place of rape, as it yields a heavier crop, which is estimated at about 10,000 lbs. per acre in one season. Thousand-Headed Kale attains a height of 3 to 4 feet; the stem is covered with rosettes of leaves. It grows well on almost any kind of soil, and is hardy. All farm animals are fond of it, but it is of especial value for feeding hogs and sheep. Sow same as rape; broadcasting requires 1½ lbs. per acre. Postpaid, 1 lb. 85c.

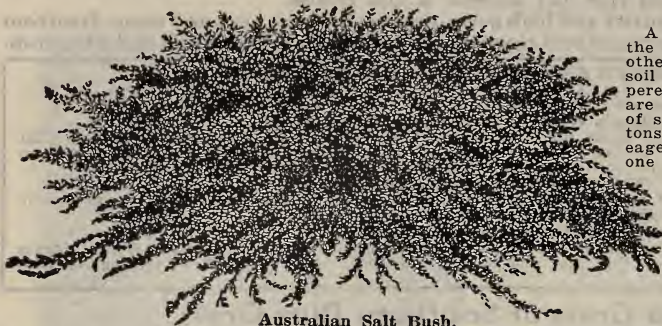

Red Top.

For Today's Prices—See Special Price List Enclosed in This Catalog.

BUCKBEE'S "FULL OF LIFE" FARM SEEDS

For Today's Prices—See Special Price List Enclosed in This Catalog.

Australian Salt Bush.

AUSTRALIAN SALT BUSH

A valuable forage plant that seems to take up from the soil the salty substance which is so detrimental to the growth of other plants, and after 3 or 4 crops of it have been grown the soil is capable of producing any other crop. The plant is a perennial in the South, but not hardy in the North. The plants are of spreading habit, branching freely; they make a thick mat of stems and foliage 3 to 4 feet in diameter, yielding about 20 tons of green forage per acre. This is very nutritious and eagerly eaten by all live stock. One pound of seed will seed one acre. Postpaid, oz. 15c; ¼ lb. 35c; lb. 95c.

BARLEY

SUCCESS BEARLESS—This is the earliest barley known. It is six-rowed and beardless. Has strong straw and heavy, well-filled heads. Postpaid, 3 lbs. 65c.

Giant Beggar Weed.

WISCONSIN PEDIGREE BEARDED—The greatest of all six-rowed bearded varieties. The heads are unusually large and long and are completely filled out with very plump grain, which is bright and white. Postpaid, 3 lbs. 50c.

NEW WHITE HULLESS—This barley is hullless and beardless. The kernels shell out without the hulls and are very pretty, plump, of oval shape and pure white. Postpaid, 3 lbs. 75c.

Ask for free, illustrated and descriptive Field Seed Catalog.

FIELD BEANS

BUCKBEE'S ELECTRIC TREE—The earliest, heaviest cropping white field bean and the best for baking; 2 feet high, branching out in all directions, bearing its pods so high that they seldom touch the ground. Postpaid, ½ lb. 18c; lb. 30c; 3 lbs. 80c.

IMPROVED WHITE NAVY BEANS—The common White Field Beans. We have selected a stock of this variety which ripens uniformly. Postpaid, ½ lb. 15c; lb. 25c; 3 lbs. 65c.

NEW
HULLESS
BARLEY.

PINTO BEANS—Pinto Beans are very hardy and have done very well without irrigation on high altitudes. The dried Beans are larger than Navies and are brown striped in color; in flavor they are much superior to any other field bean. Postpaid, lb. 25c; 3 lbs. 70c.

MONTANA WHITE—Genuine Northwestern grown. Earlier, larger and of superior flavor to any other Field Bean. Plant grows erect, holds the beans off the ground. Beans are of good size and cook nicely. Postpaid, lb. 30c; 3 lbs. 80c.

SOY BEANS

Soy beans are used with great profit as soil renovators, and are especially valuable on sandy soils. It always pays to inoculate. We offer artificial soil inoculation for Soys on page 176.

EVANS' EARLY—The earliest and best variety for states of a short season. Northern-grown seed, postpaid, 3 lbs. 70c.

EARLY BROWN or OHIO 9035—Will mature in 115 to 120 days; 2 to 3 feet high. Postpaid, 3 lbs. 55c.

EBONY or BLACK BEAUTY—Matures in 110 to 115 days, well suited for all parts of the cornbelt. Postpaid, 3 lbs. 60c.

ITO SAN or EARLY YELLOW—One of the earliest and best; 2 feet high. Postpaid, 3 lbs. 55c.

MANCHU—A favorite everywhere, medium size, yellow with a darker scar. Postpaid, 3 lbs. 60c.

VELVET BEANS

100-DAY VELVET BEANS—The earliest and quickest-growing of all Velvet Beans, well adapted for districts further north than Velvet Beans ordinarily have been grown. Postpaid, ½ lb. 15c; lb. 25c; 3 lbs. 60c.

BROOM CORN

Broom Corn is planted only for its seed heads or brush used for the making of brooms. The seed makes as good feed as corn, but the crop of it is not very large.

BUCKBEE'S SUPERIOR EVERGREEN—This is the most popular and most productive variety in the market. Stalks 3 to 10 feet high with long, straight brush, well fibred and of bright green color. Postpaid, lb. 25c; 3 lbs. 60c.

OKLAHOMA DWARF—Grows about 5 feet high, with straight, smooth brush, principally used for making whisks and brushes. Very early. Postpaid, lb. 25c; 3 lbs. 60c.

BUCKWHEAT

BUCKBEE'S GIANT JAPANESE—Entirely distinct from all other varieties. The seed is rich dark brown in color and larger than Silver Hull. As much as 60 to 80 bushels to the acre have been harvested of this variety, making it very profitable to raise. More than a week earlier than Silver Hull. Postpaid, 3 lbs. 55c.

IMPROVED SILVER HULLED—This valuable variety is early and remains longer in bloom than other sorts. The grain is of a beautiful light gray color and has a thin husk. Postpaid, 3 lbs. 50c.

FLAX SEED

NO. 25 or PRIMOST—This is a pure bred flax, selected from a variety which came from the U. S. Department of Agriculture. It is about 10 days earlier than common flax and is wilt-resistant to a considerable extent. This is no doubt the champion, best yielding variety of Flax. Postpaid, 3 lbs. 65c.

GIANT BEGGAR WEED or FLORIDA CLOVER

An annual leguminous plant, from 3 to 8 feet high, with abundant foliage; excellent for pasture hay. The feed is much relished by stock and is highly nutritious. Will mature in 80 days. Postpaid, oz. 10c; ¼ lb. 35c; lb. 85c.

JAPANESE BROOM CORN

NATURAL SIZE

Evans Early Soy Beans.

For Today's Prices—See Special Price List Enclosed in This Catalog.

BUCKBEE'S "FULL OF LIFE" FARM SEEDS

For Today's Prices—See Special Price List Enclosed in This Catalog.

BUCKBEE'S "FULL OF LIFE" COW PEAS

Cow Peas grow on almost all soils and thrive on land too poor for clover. They are drought-resistant, stand the heat of the southern summer and are largely grown in the South, but the early varieties listed here are also of great value for all Northern states.

IMPROVED WHITEPOORWILL—A favorite in the South and Middle West. Very productive. Postpaid, 3 lbs. 55c.

NEW ERA—Upright, remarkably prolific. Yields two crops in the South. Postpaid, 3 lbs. 55c.

PROLIFIC BLACK EYE—One of the earliest; will mature seed in about 60 days. Postpaid, 3 lbs. 60c.

BUCKBEE'S NORTHERN GROWN FIELD PEAS

For the Northern states there is no crop of greater value than Field Peas. They yield a profitable crop, no matter for what purpose it is grown—for pasture, soilage, hay, grain or fertilizer.

BUCKBEE'S NEW EARLY SNOWFLAKE—By far the best Field Pea. Immensely productive. Postpaid, 3 lbs. 75c.

BANGALIA—The vines are very heavy and the Peas are somewhat wrinkled, and a beautiful light green color. Postpaid, 3 lbs. 65c.

IMPROVED WHITE CANADA FIELD—A well-known standard variety. Postpaid, 3 lbs. 55c.

BUCKBEE'S "FULL OF LIFE" MILLET

BUCKBEE'S CALIFORNIA BEAUTY—The most remarkable leafy, bushy, vigorous growing Millet in the world. Yields as high as 15 tons of hay or more to the acre. Postpaid, 3 lbs. 65c.

HOG OR BROOD-CORN MILLET—It is a very early variety, ripening in 50 to 60 days from time of sowing. The seed ripens while the fodder is yet green, hence it can be cut and used for both hay and seed with best success; it yields from 60 to 70 bushels of seed per acre besides the fodder hay. The Millet does not grow very tall and is therefore not much planted for hay, but its enormous quantity of seed makes good feed for swine and other stock. It also makes fine feed for poultry and young chicks. Postpaid, 3 lbs. 55c.

HUNGARIAN—A luxuriant, vigorous growing and very leafy Millet which is relished by all farm stock; the hay is not so coarse as Millet, but the yield is nevertheless very large. Postpaid, 3 lbs. 55c.

JAPANESE MILLET—Also called Billion Dollar Grass. Entirely distinct from any other Millet, grows 6 to 8 feet high and produces an enormous crop. The seed of this Millet makes an excellent food for poultry and hogs. Postpaid, 3 lbs. 60c.

KURSK OR SIBERIAN—Resembles Liberty Millet in manner of growth and productiveness but is about 2 weeks earlier and the seed is orange-red. It stools quite heavily, is very leafy and bushy and a heavy yielder of both hay and seed. Postpaid, 3 lbs. 60c.

LIBERTY OR GOLDEN—One of the best varieties for hay, being sweet, palatable, and milk producing. The hay seems coarse, but is very tender, and all stock are exceedingly fond of it. Postpaid, 3 lbs. 55c.

NEW WHITE WONDER—The most striking feature of White Wonder Millet is the size of the heads, which will run from eight to eighteen inches. The yield is extremely heavy, being fully half again as heavy as that of other Millets. Postpaid, 3 lbs. 60c.

PEARL MILLET OR PENCILARIA—Pearl Millet is of exceptional value for sections subject to protracted drouth where natural grasses dry up, as it will keep on growing and furnish a good crop in the driest season. Postpaid, 3 lbs. 80c.

Ask for free illustrated and descriptive Field Seed Catalog.

GRAIN FOR FORAGE OR SILO

BUCKBEE'S EARLY KAFFIR CORN—Plants attain the height of from 5 to 8 feet, growing upright, and keep green, brittle and juicy for a long time. Postpaid, lb. 20c; 3 lbs. 50c.

FETERITA—The earliest and most drought-resisting grain Sorghum; 7 to 8 feet high and a large head, well filled with bluish-white seed. Postpaid, lb. 20c; 3 lbs. 55c.

GREAT BRAZILIAN FLOUR CORN—One of the greatest novelties ever introduced. This corn is inclined to stool, and one grain will usually produce more than one stalk. Each stalk bears 2 or 3 ears, 9 to 12 inches in length, and beautifully white. Postpaid, lb. 35c; 3 lbs. 95c.

WONDERFUL MILO MAIZE—Admirably adapted to dry-land farming. The grains are the largest of all Sorghums. Postpaid, lb. 20c; 3 lbs. 55c.

Snowflake Field Peas.

Buckbee's Giant Avalanche Oats.

BUCKBEE'S "FULL OF LIFE" OATS

BUCKBEE'S GIANT AVALANCH—The world's most wonderful oats. The heaviest yielding, strongest growing, and most satisfactory white oat ever grown. Postpaid, 3 lbs. 80c.

BUCKBEE'S FAMOUS QUAKER OATS—The grains of Quaker Oats are short, very plump and heavy and white. Postpaid, 3 lbs. 60c.

BUCKBEE'S ILLINOIS—An early variety, has a well-branched head and long but plump pure white grains with a thin hull. Postpaid, 3 lbs. 55c.

WHITE KHERSON (Iowa No. 103)—White Kher-son has strong, stiff, short straw, branching heads with very numerous small but exceptionally heavy berries. Postpaid, 3 lbs. 50c.

IOWAR—Iowa's greatest offering. Brought out by the Iowa Experiment Station, who claim it is better than Kher-son. Postpaid, 3 lbs. 55c.

REGENERATED SWEDISH OATS—Very plump, heavy and of bright color; pure, clean, and entirely free from weeds and other grains. They are late. Postpaid, 3 lbs. 50c.

EARLY BLACK PROLIFIC TARTARIAN—The grain is short and plump and of the best quality. The straw is stiff, the heads are long and the grain yield is heavy. Postpaid, 3 lbs. 60c.

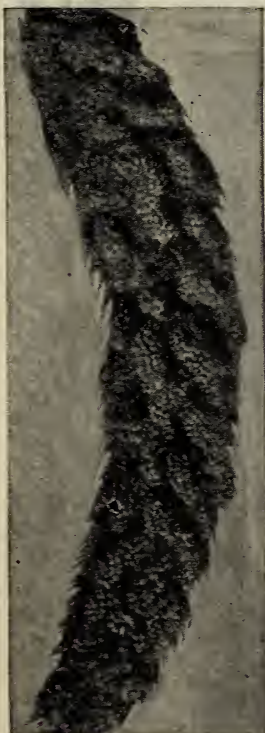

BUCKBEE'S WINTER OATS

Winter Oats are of the greatest value for the states south of the Missouri line. They are grown there for Fall and Spring pasture and for grain.

TEXAS RED RUST-PROOF—A very heavy berry, short, strong, stiff straw and does not lodge easily. Postpaid, 3 lbs. 60c.

WYTER TURK—Sometimes called Virginia Gray. The grain is of a dark gray color, with a distinct stripe and weighs heavier than the ordinary Oat. Postpaid, 3 lbs. 70c.

NEW APPLER—This variety spreads and stools out enormously; very popular in the South. Postpaid, 3 lbs. 65c.

California Beauty Millet.

BUCKBEE'S "FULL OF LIFE" FARM SEEDS

For Today's Prices—See Special Price List Enclosed in This Catalog.

Buckbee's Dwarf Bonanza Rape.

Buckbee's Sand Vetch.

BUCKBEE'S "FULL OF LIFE" GRAIN

The following are too well known to require any extended description:

BIRD SEED—A splendid mixture of fresh sweet seeds. Postpaid, 3 lbs. 60c.

CANARY—Best Sicily grown. Largely used for bird seed. Postpaid, 3 lbs. 65c.

HEMP—Re-cleaned and very fine. Postpaid, 3 lbs. 60c.

RAPE—Buckbee's Dwarf Bonanza—Twice as productive and hardy as the older sorts. Indispensable for raising sheep and hogs and is much relished by all stock. Postpaid, 3 lbs. 75c.

RAPE—DWARF ESSEX—A well-known variety. Fine imported seed. Postpaid, 3 lbs. 60c.

RYE—MAMMOTH SPRING—Entirely distinct from winter Rye and much used as a catch crop. Postpaid, 3 lbs. 50c.

RYE—GIANT WINTER—A heavy cropper with stiff straw. Large heads and plump, heavy grain. Postpaid, 3 lbs. 50c.

RYE—NEW ROSEN WINTER—The finest Rye ever grown. Much heavier yields of finer grain than the ordinary winter Rye. Postpaid, 3 lbs. 55c.

SPELTS—SPRING—Closely related to wheat; the kernels, however, adhere to the husks when threshed. Strong, stiff straw practically rust-proof. Postpaid, 3 lbs. 50c.

SPELTS—NEW WINTER—Beardless and white. Heavier yield than Spring Spelts, and furnishes fall pasturage. Postpaid, 3 lbs. 70c.

SUDAN GRASS—Today's most popular forage crop. Grows rapidly and should be cut when quite young to obtain the best results. Hay is relished by all stock. Postpaid, 3 lbs. 50c.

SUGAR CANE—BUCKBEE'S NEW HONEY SYRUP—Strictly northern grown for sugar content. Very early and exceedingly juicy and sweet. The only variety for syrup. Postpaid, 3 lbs. 75c.

SUGAR CANE—EARLY AMBER—Makes fair syrup; often grown for fodder. Postpaid, 3 lbs. 55c.

SUGAR CANE—EARLY ORANGE—Large, strong and vigorous grower. Postpaid, 3 lbs. 55c.

SUNFLOWER—MAMMOTH RUSSIAN—The largest of the sunflower; single heads often measuring 15 to 18 inches in diameter. Postpaid, oz. 5c; lb. 25c; 3 lbs. 60c.

WHEAT—NEW MARQUIS (Spring)—The heaviest yielding wheat grown. Heads are bald and heavy, very plump and of dark red color. Postpaid, 3 lbs. 50c.

WHEAT—MACARONI or DURUM—Unexcelled for milling purposes. Grain large, hard and glossy. Heads are bearded. Postpaid, 3 lbs. 50c.

WHEAT—EGYPTIAN or SHALLU—More like Sorghum than wheat. Makes excellent feed for horses and cattle. Postpaid, 3 lbs. 65c.

WHEAT—NEW ILLINOIS DISEASE RESISTANT 10-100—The newest and best. Recommended by Illinois Department of Agriculture. Bright, heavy grain. Good size, heavy yielder. Bearded and immensely hardy. Postpaid, 3 lbs. 65c.

WHEAT—BUCKBEE'S RED TURKEY (WINTER)—A bearded variety and the hardest known. Heads are long and well filled. Postpaid, 3 lbs. 50c.

WHEAT—HARVEST KING (WINTER)—A dark amber colored beardless variety. One of the most productive. Postpaid, 3 lbs. 50c.

GRASS AND CLOVER MIXTURES

Sow 1 to 2 Bushels per Acre

All authorities agree that for pasture and hay best results are obtained from the use of grass seed in mixture. The reasons are obvious. First, a number of species will insure a much denser growth than the same number of seeds of one or two species and prove less exhausting to the soil, since they live to a great extent on different constituents; second, seasons that affect some grasses adversely are favorable to other sorts. So that with mixtures failure is practically impossible. The seed used in these mixtures is of the finest quality obtainable.

SPRING VETCH

An annual, sown in Spring only; does not do as well in the North as Sand Vetches. Sow alone 50 pounds per acre, or 40 pounds Vetches and 1 bushel of Oats. Postpaid, 3 lbs. 65c.

BUCKBEE'S GREAT SAND VETCH

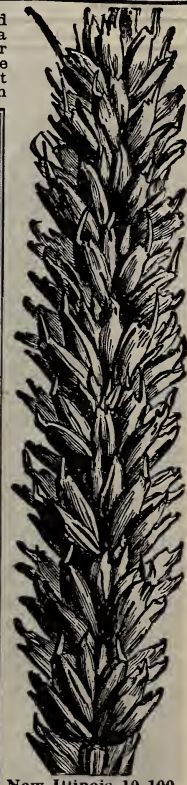

The Sand Vetch, also called Winter Vetch or Hairy Vetch, is an annual plant, similar in growth to a Pea Vine, but more slender, more branching and leafy; it will grow from 6 to 10 feet tall. Sand Vetch is of great value for pasture and hay, and the fodder, either green or dried, is much relished by all stock; it is very rich, nutritious, containing even more protein than Alfalfa. It is cut for hay when pods are forming; the average yield of hay is from 3½ to 4 tons per acre. Postpaid, 3 lbs. 85c.

BUCKBEE'S SPECIAL HOG PASTURE MIXTURE

Especially prepared for quick results and a full crop. This mixture is composed of the following annual varieties: Field Peas, Soia Beans, Vetches, Cowpeas, Crimson Clover, Rape, Sugar Cane, Japanese Millet, Turnips, Rutabagas, Spelts, Rye and other grains and forage plants, all in the right proportion. This mixture will provide an abundant pasture within six weeks from day of sowing the seed, continuing green and bountiful until destroyed by frost; almost all of these varieties will come up again as fast as they are eaten down and will furnish 4 to 5 times as much forage as can be obtained from any clover-grass mixture, and this food is succulent and nutritious and much relished by hogs; it will keep them healthy and strong and they will gain in weight easily and quickly. This mixture will prove a most profitable investment for every farmer, not only for feeding hogs but also all other farm stock. It is usually sown about corn planting time, but can also be sown as a catch crop any time during the season until August. Use 100 pounds for 2 acres. Price, 10 lbs. 85c; 25 lbs. \$1.90; 50 lbs. \$3.25; 100 lbs. \$5.50, by express or freight not prepaid.

Sudan Grass.

New Illinois 10-100. Wheat.

Buckbee's "Full of Life" Flower Seeds

ASTERS IMPROVED DAYBREAK

Sturdy, upright, bushy plants, 15 inches high, producing in midsummer masses of flowers unequalled by any other Aster, not less than 50 blooms appearing on a plant.

Daybreak Shell Pink. Pkt. 10c; $\frac{1}{4}$ oz. 30c.
Daybreak Snow White. Pkt. 10c; $\frac{1}{4}$ oz. 30c.
Daybreak Blue. Pkt. 8c; $\frac{1}{4}$ oz. 30c.
Daybreak Rose. Pkt. 8c; $\frac{1}{4}$ oz. 30c.
Daybreak Salmon. Pkt. 10c; $\frac{1}{4}$ oz. 30c.
Daybreak Lavender. Pkt. 8c; $\frac{1}{4}$ oz. 30c.
Daybreak Mixed Colors. Pkt. 8c; $\frac{1}{4}$ oz. 30c.

NEW GIANT QUILLED

The flowers are produced on long, thin, wiry stems, very large, perfectly double, with long needle or quill shaped petals. Choice Mixed. Pkt. 8c; $\frac{1}{4}$ oz. 15c.

NEW JAPANESE OR TASSEL

Entirely distinct and novel. Plants of pyramidal growth about 18 inches high, bearing on long stems from 40 to 50 flowers, averaging 5 inches across, composed of wavy and twisted needle-shaped petals. The color is of a soft flesh pink and rose, the two colors mixed. Pkt. 10c; $\frac{1}{4}$ oz. 35c.

FIRE KING

The most brilliant Aster ever produced and the nearest approach to scarlet yet obtained, very compact, about 10 inches high, with large, beautifully incurved flowers. Pkt. 8c; $\frac{1}{4}$ oz. 30c.

SNOWBALL

A most profuse bloomer, a single plant often producing as many as 25 to 30 pure snow-white flowers, globular in form and of good size. Ten inches high. Pkt. 8c; $\frac{1}{4}$ oz. 30c.

BUCKBEE'S NEW GIANT COMET

Or Mammoth Ostrich Plume.

Grand American Asters, a magnificent strain of Comet or Ostrich Plume Asters, finer and larger than Crego and Asternum. The plants grow 18 to 24 inches in height, branching freely, each plant bearing from 20 to 30 magnificent flowers from 4 to 6 inches in diameter, composed of long, curled, twisted petals, forming loose, fluffy globular heads. The whole flower has a distinctly feathery effect, greatly resembling that of the fine Japanese Chrysanthemum. We offer the following separate colors:

Pure White. Pkt. 8c; $\frac{1}{4}$ oz. 25c.
Purple. Pkt. 8c; $\frac{1}{4}$ oz. 25c.
Clear Carmine. Pkt. 8c; $\frac{1}{4}$ oz. 25c.
Bright Rose. Pkt. 8c; $\frac{1}{4}$ oz. 25c.
Lilac. Pkt. 8c; $\frac{1}{4}$ oz. 25c.
Finest Mixed, all the desirable colors: Pkt. 7c; $\frac{1}{4}$ oz. 20c; oz. \$1.50.

New Giant Comet Aster.

Improved Daybreak Aster.

New Sensation Aster.

BUCKBEE'S WONDERFUL SUNSHINE ASTERS

Very Attractive Novelty. True Anemone Flowered Type as Beautiful as the Anemone Flowered Chrysanthemum.

Although very rare and beautiful, our new Sunshine Aster is as easy to grow as an ordinary flower. The most of the flowers have a raised center or cushion, with outside petals of a contrasting shade or color. Many petals are twisted and quilled, some are perfectly straight. We have 4 distinct colors besides the mixture.

LAVENDER SUNSHINE—Pkt. 18c.

PURPLE SUNSHINE—Pkt. 18c.

PINK SUNSHINE—Pkt. 18c.

WHITE SUNSHINE—Pkt. 18c.

MIXED SUNSHINE—Pkt. 15c.

NEW SENSATION ASTER

Deep Ox-Blood Red. Nothing like it ever before seen in an Aster.

This is the reddest of all red asters, the color being a rich garnet or ox-blood red which glistens in the sunshine like a live coal. The plants are of free-branching habit, about 18 inches high; the very double flowers average $3\frac{1}{4}$ inches across, are borne freely on stems a foot long from early in August till the close of September. Pkt. 10c; $\frac{1}{4}$ oz. 40c.

NEW ROYAL

The flowers measure from $3\frac{1}{4}$ to 4 inches across, are of perfect form, exceedingly double, are carried on long, strong stems and are unsurpassed as cut flowers. Plants 24 inches high. Mixed Colors: Pkt. 8c; $\frac{1}{4}$ oz. 25c; oz. \$1.50.

PAEONY FLOWERED PERFECTION ASTERS.

Popular and Satisfying

One of the most beautiful, exquisite in form and deservedly popular of all Asters. Flowers very double with incurved petals, 18 inches high.

Finest Mixed: Pkt. 7c; $\frac{1}{4}$ oz. 25c.

BUCKBEE'S NEW SINGLE ASTERS

Beautiful single varieties and worthy of a place in every garden. Plants are strong and vigorous. Flowers nearly three inches in diameter. Most of the flowers have attractive yellow centers. All Colors, Mixed. Pkt. 7c; $\frac{1}{4}$ oz. 25c.

New Sunshine Aster.

The King Aster.

THE KING ASTER

A magnificent American Aster distinct from all other varieties. Strong, sturdy plants, 18 inches high, bearing on long stems massive, double flowers 5 inches across, the petals of which are long, narrow and folded lengthwise, which gives them the appearance of being quilled. The flowers are of great substance and last longer than any other Aster. They bloom from August to October.

White King. Pkt. 10c; $\frac{1}{8}$ oz. 35c.

Pink King. Pkt. 10c; $\frac{1}{8}$ oz. 35c.

Crimson King. Pkt. 8c; $\frac{1}{8}$ oz. 35c.

Lavender King. Pkt. 8c; $\frac{1}{8}$ oz. 35c.

35c.

Violet King. Pkt. 8c; $\frac{1}{8}$ oz. 35c.

King Mixed Colors. Pkt. 8c; $\frac{1}{8}$ oz. 35c.

Buckbee's Mammoth Wonder.

BUCKBEE'S NEW ASTER

CALIFORNIA GIANTS

Enormous Flowers on Long Strong Stems. Beautifully Curled Petals Completely Covering the Center of the Flower. Colors Bright and Varied.

California Giants is our newest Aster, and one of the finest. The most important feature of this new race of Asters is that the plants are non-lateral—that is the flower is always borne on the end of a long strong stem without the objectional buds and small flowers on the same stem. Every flower is perfect and complete in itself. The individual petals are wide and curled so that each blossom is a solid ball of tightly folded and curled petals which completely hide the yellow centers so common with some varieties. The type is well fixed and all flowers will come true. We offer Mixed colors only, but in our mixture will be found about six different colors ranging from purple to clear white. When you see the California Giants Asters in full bloom you will surely agree that you have never seen their equal. Pkt. 12c; $\frac{1}{8}$ oz. 65c.

ASTERS—Continued

BUCKBEE'S NEW UPRIGHT MAMMOTH WONDER

A most wonderful achievement in Asters; a magnificent new, mid-season flowering class with immense, fluffy flowers of the finest type, full double to the very center. These Asters are continuous and most prolific bloomers from Summer until checked by frost. The colors are very beautiful, clear and rich. The plants grow tall, compact and upright, sending the flower stems directly upward from the ground, and these stems are strong and firm, 2 feet or more in length.

We offer five colors of Mammoth Wonder Asters:

Snowdrift, pure white. Pkt. 10c; $\frac{1}{8}$ oz. 45c.

Red Fire, scarlet. Pkt. 10c; $\frac{1}{8}$ oz. 45c.

Blue Beard, dark blue. Pkt. 10c; $\frac{1}{8}$ oz. 45c.

Dove, lavender. Pkt. 10c; $\frac{1}{8}$ oz. 45c.

Bride, rose pink. Pkt. 10c; $\frac{1}{8}$ oz. 45c.

Mixed, all colors: Postpaid pkt. 10c; $\frac{1}{8}$ oz. 40c.

BUCKBEE'S PERENNIAL ASTERS

Absolutely Hardy. Will Live Forever.

Single Fall blooming hardy plants, with bright, beautiful flowers; if sown early will bloom the first year. Mixed. Pkt. 10c; $\frac{1}{8}$ oz. 35c.

NEW EVERLASTING ASTER

A Beautiful Flower for Winter Bouquets.

Something entirely new. The plant is grown the same as any other Asters and blooms from July to September. Pick the flowers when three-quarters open and hang them up with the heads down until dried. Mixed colors. Pkt. 10c; $\frac{1}{8}$ oz. 40c.

BUCKBEE'S SUPERB MIXTURE OF GIANT ASTERS

Absolutely Unexcelled.

Producing beautiful flowers, gigantic in size, gorgeous in colors, perfect in form. This mixture includes the cream of all the Asters on this and the preceding page, together with many other sorts of the most beautiful forms and brilliant colors. Especially selected from the finest large-sized, double flowering types and the most critical flower lover will be pleased and astonished at the wide range of colors and varieties, and we know it will give satisfaction. Pkt. 10c; $\frac{1}{8}$ oz. 40c; oz. \$1.75.

BUCKBEE'S FINE MIXED ASTERS

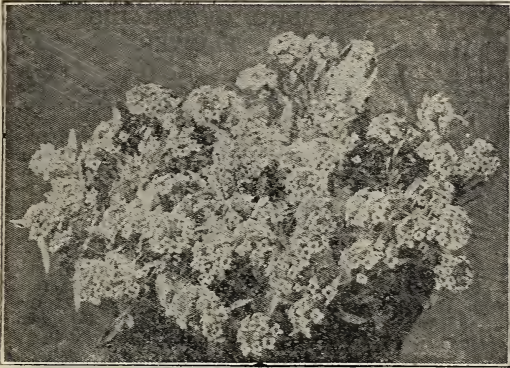

A splendid collection of the leading types of Asters in choice mixture. We have made the price so low that you cannot pass it by. Pkt. 7c; $\frac{1}{8}$ oz. 20c; oz. 75c.

SEE PAGE 125

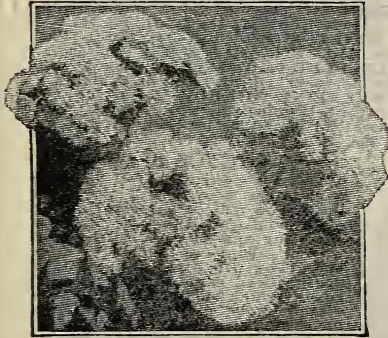

for the wonderful Honor Asters; the largest, showiest, most beautiful aster ever grown.

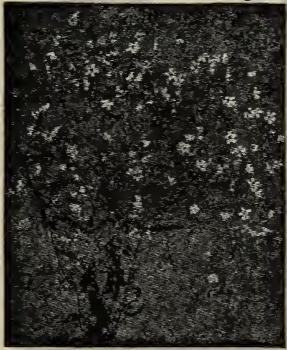

California Giant Aster.

Alyssum—Carpet of Snow.

Ageratum.

Baby's Breath.

BUCKBEE'S SUPERB DOUBLE MIXED—The most perfect in form and largest double-flowered Balsam yet developed. Unrivalled for diversity of rich and delicate colors; flowers often two inches across and borne in wonderful profusion. We offer a very choice selection of numerous hybrid sorts and a most careful blending of the finest colors in a painstaking mixture. Pkt. 8c; $\frac{1}{4}$ oz. 35c.

GOOD MIXED—This mixture is comprised of the standard sorts and will give good results. Pkt. 6c; $\frac{1}{4}$ oz. 20c; oz. 60c.

BALSAM APPLE

A beautiful climbing plant with queer-shaped fruits, which, if preserved in alcohol, make a most useful liniment. Foliage gracefully cut and, although tender annual, the vines run 10 feet or more during the season. Pkt. 8c; $\frac{1}{4}$ oz. 15c.

BEANS

SCARLET RUNNER—A Favorite Old-Fashioned Climber. Both ornamental and useful. It grows rapidly to a height of 10 to 12 feet and is covered from July till frost with clusters of beautiful scarlet flowers. Pkt. 5c; $\frac{1}{4}$ lb. 15c.

BLACK-EYED-SUSAN

Very elegant, slender-growing climbers, rapidly covering wire trellises, also useful for vases in the garden or house. Attractive also if grown simply trailing on the ground. Colors are white, light yellow, deep orange, and of each color there is a variety with white eye and also with black eye—the latter often called "Black-eyed-Susan." All colors mixed. Pkt. 7c; $\frac{1}{4}$ oz. 20c.

BUTTERFLY FLOWERS

SCHIZANTHUS or **POOR MAN'S ORCHID**—Showy annuals; very decorative for garden beds and unsurpassed for pots for the house. They form compact plants $1\frac{1}{2}$ to 2 feet high, with finely cut foliage, and when in bloom are literally covered with beautiful, orchid-like flowers and all delicately fringed and curiously marked with crimson, lilac, purple and yellow blotches. Finest Mixed. Pkt. 6c; $\frac{1}{4}$ oz. 15c.

ABUTILON

Frequently called "Flowering Maple" or "Chinese Bell Flower." Blooms quickly; easily grown. Pleases everyone. New Fancy California Seedlings, Mixed. Pkt. 10c; $\frac{1}{4}$ oz. 60c.

ACROCLINIUM

A pretty annual "Everlasting" bearing lovely white or rosy pink flowers, which, when cut in the bud state, can be dried and used in winter bouquets. Pkt. 6c; $\frac{1}{4}$ oz. 15c.

AGERATUM

One of the best for bedding. The plants start readily, grow rapidly and soon come into bloom and flower uninterruptedly throughout the season. **BLUE PERFECTION**—Deep amethyst blue. Pkt. 7c; $\frac{1}{4}$ oz. 15c. **FINEST MIXED**—Pkt. 6c; $\frac{1}{4}$ oz. 10c.

ALYSSUM

LITTLE GEM—Has always been a favorite. Grows about 4 inches high. Flowers so dense as to completely fill the flower-bed. Fragrance is exquisite. Pkt. 8c; $\frac{1}{4}$ oz. 25c.

CARPET OF SNOW—Grows only 3 inches high, and covers the ground like snow. For borders of beds, boxes, etc., it cannot be equalled. Pkt. 10c; $\frac{1}{4}$ oz. 20c.

SWEET—Pure white, free bloomer. Pkt. 6c; $\frac{1}{4}$ oz. 10c.

SAXATILE COMPACTUM (Basket of Gold)—Showy, deep, pure yellow flowers. One foot high; fine for edging. Hardy Perennial. Pkt. 10c; $\frac{1}{4}$ oz. 20c.

AMBROSIA

A hardy annual, exceedingly fragrant. It is as desirable as the Rose Geranium as a plant with fragrant foliage and for making into bouquets and other floral work. Pkt. 8c; $\frac{1}{4}$ oz. 20c.

ANCHUSA

The Heavenly Blue Flower.

A hardy annual of more than ordinary beauty. It grows about two feet high, branching freely and bearing a profusion of the most lovely flowers similar in all respects to the Forget-Me-Not, though the blossoms are much larger and of finer color. It is always taken for a beautiful large flowering Forget-Me-Not, and for bouquets and cut flowers it is indeed superior to it. It blooms early and continues all Summer. Pkt. 6c; $\frac{1}{4}$ oz. 15c.

BABY BLUE EYES

Easily grown and a very hardy annual. One of the daintiest and prettiest little blue flowers ever grown. Fine for bordering a garden or flower bed. Flowers are cup shaped, a delightful shade of blue, and very pretty. For best results seed should be sown out of doors in the spring, where they are intended to grow. Pkt. 8c; $\frac{1}{4}$ oz. 25c.

BABY'S BREATH (Gypsophila)

ELEGANS, ALBA, GRANDIFLORA—An annual that should be in every garden, for it thrives everywhere and furnishes the loveliest material for all kinds of bouquets. Pure white flowers. Pkt. 6c; $\frac{1}{4}$ oz. 10c.

PANICULATA—One of the favorite hardy perennials; white flowers; fine for bouquets; two feet high. Pkt. 8c; $\frac{1}{4}$ oz. 15c.

BALLOON VINE

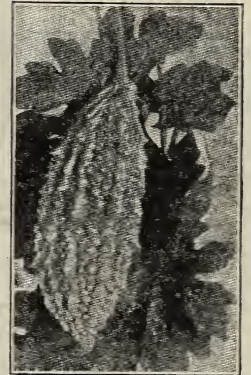

A rapid and graceful climber; tender annual; 6 feet high. The flowers resemble small balloons. Pkt. 6c; $\frac{1}{2}$ oz. 15c.

BALSAM (Lady Slipper)

A favorite garden flower producing its brilliantly colored flowers from early summer until frost. Plants strong growers and sure bloomers. About two feet high; flowers extremely double.

Balloon Vine.

Balsam Apple.

Balsam, Buckbee's Superb Double.

Bachelor's Button.

CHINESE WOOL FLOWER

A unique form of the Feathered Cockscomb. The plants grow 2 to 3 feet high, branching freely. Each branch terminates in a large ball-shaped flowerhead of rich color, looking as if made of some silky-wool material. Very effective in beds and borders and valuable for cutting. The flowers may also be cut and dried, retaining their bright coloring for a long period.

Chinese Wool Flower—Rose. Pkt. 10c; $\frac{1}{4}$ oz. 40c.

Chinese Wool Flower—Pink. Pkt. 12c; $\frac{1}{4}$ oz. 50c.

Chinese Wool Flower—Yellow. Pkt. 12c; $\frac{1}{4}$ oz. 50c.

CALLIOPSIS OR COREOPSIS

ANNUAL MIXED—Very handsome and showy plants of the easiest culture; flowers in nearly every shade of yellow, orange, crimson, red, brown. Single and Double Mixed. Pkt. 6c; $\frac{1}{4}$ oz. 15c.

LANCEOLATA GRANDIFLORA—One of the finest hardy perennials; blooms the first year from seed and produces on long stems rich bright yellow flowers, 2 or 3 inches across. Pkt. 7c; $\frac{1}{4}$ oz. 25c.

CALIFORNIA SUNBEAMS—The newest and best. All the shades of yellow and orange, and many with distinct eye. Large Pkt. 8c; $\frac{1}{4}$ oz. 25c.

CANNA

Easily grown from seeds and bloom the first Summer if sown before April. One of the most popular of bedding plants.

CROZY'S NEW DWARF—Mixed. Immense flowers in brilliant colors. Pkt. 8c; $\frac{1}{4}$ oz. 15c.

COMMON TALL MIXED—A splendid assortment of exceptionally fine varieties. Pkt. 6c; $\frac{1}{4}$ oz. 10c.

CANARY BIRD FLOWER

Beautiful climber, the charming little canary-colored blossom bears a fancied resemblance to a bird with its wings half extended. The plant has a luxuriant, rambling character, and if seeds are planted by the side of arbor or trellis will run about 20 feet and will blossom from July until frost. Tender annual. Pkt. 6c; $\frac{1}{2}$ oz. 15c; oz. 25c.

CENTAUREA (New Marguerite)

The most fragrant and longest keeping cut flower. The flowers are the size of a medium Carnation, freely produced on long stems; colors mostly pure white and sweet scented. From Spring sown seed they commence to flower in July. Pkt. 7c; $\frac{1}{4}$ oz. 15c.

CENTAUREA (Dusty Miller)

Silver foliage plants used for edgings, etc.

CANDIDISSIMA—Broadly cut, silvery leaves. Pkt. 12c; $\frac{1}{4}$ oz. 25c.

GYMNOCARPA—Fine-cut, silvery leaves. Pkt. 10c; $\frac{1}{4}$ oz. 20c.

COBAEA SCANDENS—CLIMBER

Although it does grandly outside, it is also a splendid house climber, and will do well running over windows, in the house and will reward the grower with abundance of beautiful, large bell-shaped flowers, green at first, but rapidly changing to a beautiful deep violet blue. Plant seed edgewise. Pkt. 7c; $\frac{1}{4}$ oz. 15c.

Bird of Paradise.

BIRD OF PARADISE FLOWER

This striking and attractive flower has become widely popular. The blossoms are of a rich golden yellow, about $2\frac{1}{2}$ inches in diameter, produced in large trusses, the most striking feature being the long, incurving stamens and pistils of a beautiful bright crimson color. Seed should be soaked in warm water and started indoors or under glass in a light sandy soil. A sunny situation is required in dry warm soil. Plants should be carefully hardened by gradual exposure to fresh air before going into the open ground. If the seed is started early it will bloom the first year. Pkt. 12c.

BACHELOR'S BUTTON

BLUE EMPEROR—Single, dark blue, much in demand for cut flowers. Pkt. 7c; $\frac{1}{4}$ oz. 10c.

SINGLE MIXED—Blue, white, rose, etc. Pkt. 5c; $\frac{1}{4}$ oz. 15c.

DOUBLE BLUE—Largely grown by florists for boutonnières. Pkt. 8c; $\frac{1}{4}$ oz. 15c.

DOUBLE FINE MIXED—Flowers are 80 per cent double and semi-double, with beautiful bright colors. Pkt. 7c; $\frac{1}{4}$ oz. 20c.

CACTUS SEED

There is a great deal of pleasure derived in growing Cactus from seed. You will be surprised at the odd looks of the Cactus just sprouting and this is also the only way to secure new and rare varieties. The seed may be sown in finely sifted sand in flat pans or boxes, which should be kept moderately moist and covered with a piece of glass. Seeds will come up in three to four weeks. Choice Mixed. Pkt. 10c.

Chinese Wool Flower.

Cactus from Seed.

Calliopsis or Coreopsis.

Canary Bird Flower.

Canterbury Bells.

CANTERBURY BELLS

Desirable Perennials—Easily Grown

Well-known popular perennials, producing bell-shaped flowers of many colors; bloom very freely throughout the summer.

SINGLE MIXED—All colors; Pkt. 6c; $\frac{1}{4}$ oz. 15c.

DOUBLE MIXED—All colors; Pkt. 8c; $\frac{1}{4}$ oz. 25c.

CUP AND SAUCER (CALYCAN-THEMA)—The finest of the Canterbury Bells. Mixed Colors; Pkt. 10c; $\frac{1}{4}$ oz. 30c.

CALENDULA

Exceptionally Attractive Garden Flower.

NEW GLOWING GOLD—The newest and best Calendula. Flowers grown in our trial grounds last Summer were fully 3 inches in diameter and every one was perfectly double. The color is the brightest golden yellow. For cut flowers it cannot be equalled. It has a long season of bloom, lasting until severe frost. Pkt. 10c; $\frac{1}{4}$ oz. 50c.

DOUBLE MIXED—Flowers extra large and very double; petals slightly imbricated, while those of the center are incurved. Colors: White, Bright Golden Yellow and Orange. It blooms profusely all Summer and Fall. Pkt. 6c; $\frac{1}{4}$ oz. 10c.

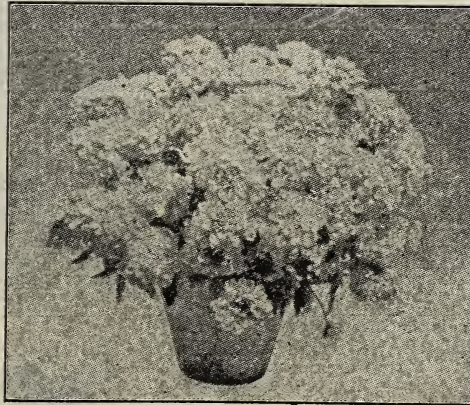

Calendula—New Glowing Gold.

BUCKBEE'S COCKSCOMBS OR CELOSIAS

DWARF MIXED—This is the best dwarf growing Cockscomb; plants about 8 inches high, heads 10 to 12 inches across. Many fine colors mixed. Pkt. 8c; $\frac{1}{4}$ oz. 25c.

OSTRICH PLUME—A new Cockscomb which bears feathery plumes of bloom, more like ostrich feathers or pampas grass than anything else. Plumes are 1 to 2 feet in length, and of all colors from sulphur yellow to deep rich crimson. All Colors Mixed. Pkt. 7c; $\frac{1}{8}$ oz. 15c.

Candytuft—Hyacinth Flowered.

CANDYTUFT

Easily Grown and Desirable Border Plant.

GIANT HYACINTH FLOWERED—Most desirable for cut-flower purposes, producing a very large elongated head of quite large, pure white florets. The immense broad heads frequently measure six inches in length. Pkt. 8c; $\frac{1}{4}$ oz. 25c.

ALL COLORS, MIXED—Pkt. 6c; $\frac{1}{2}$ oz. 15c.

PERENNIAL (Sempervirens)—Unequaled for cemetery work, being perfectly hardy. White flowers. Pkt. 10c; $\frac{1}{4}$ oz. 50c.

CYNOGLOSSUM, AZURE BLUE

The Wonderful New Chinese Forget-Me-Not

A rare gem for your garden. Forms perfect bushes 18 inches high and is just one mass of lovely brilliant blue forget-me-not-like flowers from May until frost. You can cut with 18-inch stems. No other annual will bloom as quickly from seed. Your garden will not be complete without this wonderful flower. Pkt. 15c; $\frac{1}{4}$ oz. 35c.

Cynoglossum.

BUCKBEE'S BEAUTIFUL NEW CINERARIAS

An Unequaled House Plant

For spring decoration in the conservatory or winter garden. The rich and vivid colors range through all shades of light and bright blue to royal plum-purple, and from shining crimson to deep maroon. Most of the varieties have a well developed white eye, while the flowers are sharply margined with some high contrasting color. Easily raised from seed; the seed is sown in July. The secret of growing well is to grow fast, never allowing them to receive a check. Flowers 2 inches across. Large Flowering, Finest Mixed, Pkt. 10c.

Buckbee's "Full of Life" Seeds are the best we ever got anywhere.

Mrs. O. F. Muenzenmeyer,
Los Angeles, Calif.

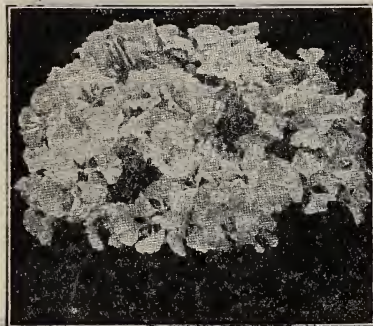

Buckbee's Dwarf Cockscomb.

Buckbee's Cineraria.

Coleus—Extra Fine Hybrids.

Clarkia.

Dolichos.

DIGITALIS (Fox Glove)

The Giant Shirley.

This new Giant Shirley is an unusually attractive variety of the *Gloxinia* flowered type, often growing 6 feet tall, with flower stalks 3 feet long. The flowers are large, beautifully spotted on white and rose, and some even as dark colored as maroon and chocolate.

Pkt. 10c; $\frac{1}{2}$ oz. 35c.**DIGITALIS (Fox Glove)**

Mammoth Flowered Mixed.

Handsome and highly ornamental hardy perennial plants of stately growth, succeeding under almost all conditions, and with but little attention will give a wealth of flowers during the summer. If the spikes are cut out as soon as they commence to fade, new shoots will keep up a profusion of flowers for a long time. Pkt. 7c; $\frac{1}{2}$ oz. 15c.

DOLICHOS—THE MARVELOUS HYACINTH BEAN

A showy annual climber, grows luxuriantly about 10 feet high, branching out well from the bottom, and is clothed with dense, insect-proof foliage. The Sweet-Pea-like white and purple blossoms are borne in long, Wistaria-like clusters, often a foot in length, which are followed by exceedingly ornamental seed pods.

DAYLIGHT—Snow white flowers all Summer. Pkt. 7c; $\frac{1}{2}$ oz. 15c.

DARKNESS—Violet purple flowers. Very fine. Pkt. 7c; $\frac{1}{2}$ oz. 15c.

FINE MIXED—Many beautiful colors. Pkt. 6c; $\frac{1}{2}$ oz. 15c.

CLARKIA DOUBLE

This pretty and easily grown annual has been much improved in recent years, and the colors in this mixture are now seen as cut flowers in most of the large cities. They do well either in sun or shade, growing 2 to 2½ feet high, with leafy racemes of double flowers, which all open in water when cut.

Beautiful, hardy annuals with rose, white and purple flowers in delicate shades. Double mixed. Pkt. 7c; $\frac{1}{2}$ oz. 15c.

CLEOME OR GIANT SPIDER PLANT

In our trial grounds this proved to be the finest *Cleome* we have ever seen. The plants attain a height of 3½ feet, well branched, each branch terminated by a large head of bright rosy-crimson flowers. It makes a striking subject for large beds or for interspersing in the shrubby border, and is used extensively in many of the public parks. Seeds should be sown in the open ground as soon as the weather is warm and settled and the plants given sufficient room to develop their full beauty. Flowers are of peculiar and interesting shape, suggesting spiders. The long, curving stamens give the flower its name. It is a plant that is in bloom every day of the season. Pkt. 8c; $\frac{1}{2}$ oz. 25c.

COLEUS HYBRIDUS

One of the best known and most universally admired ornamental foliage plants, in an endless variety of colors and shadings, indispensable for ribbon and carpet bedding, or as single specimens. *Coleus* seed germinate easily, and success is assured as with ordinary annuals.

The leaves are handsomely crimped, toothed and frilled and color combinations remarkably rich, comprising all the reds, metallic greens and yellow, in shades from the most delicate to nearly black.

EXTRA FINE MIXED HYBRIDS—Finest and showiest varieties. Pkt. 12c.

FINE MIXED. Pkt. 10c.

COLUMBINE OR AQUILEGIA

One of the best of the early Summer perennials. Curious flowers, extremely graceful, and borne in great quantities high above the foliage, which itself is very beautiful and attractive. The plants are of strong, thrifty growth, and perfectly hardy. The long-spurred flowers of large size vary in color through charming tones of cream, pink, lavender, blue, white, red, etc., hardly any two being exactly alike. Extra fine for cutting. Double and single; all colors. Prize Mixture. Pkt. 8c; $\frac{1}{2}$ oz. 15c.

BURBANK'S ORNAMENTAL RAINBOW CORN

A highly ornamental plant. The stalks, including tassel, grow 5 to 5½ feet tall, and are clothed with many variously variegated leaves 3 inches wide and 2 feet long. The leaves (both on main stalk and suckers) are all superbly striped with broad bands of crimson, yellow, rose, white and bronze. Nothing like it for decorative purposes, either for garden or for cutting. It is as easily grown as common field corn. Pkt. 10c.

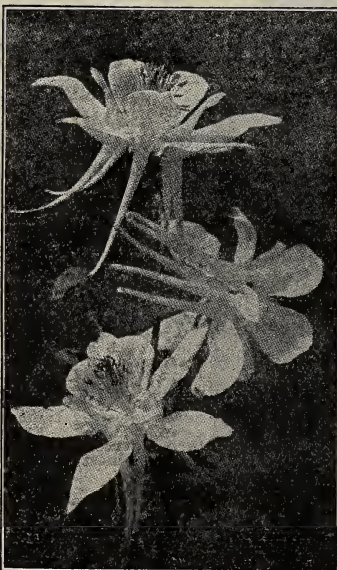

CYPRESS VINE

A most beautiful climber with delicate dark green feathery foliage, and an abundance of bright, star-shaped rose, scarlet and white blossoms. Tender annual. All colors, mixed. Pkt. 8c; $\frac{1}{2}$ oz. 15c.

DATURA

CORNUCOPIA (Horn of Plenty)—Very hardy and beautiful. Flowers are trumpet-shaped, measuring 8 to 10 inches in length

and 5 to 7 inches across the mouth and form three distinct flowers growing each within the other. Very fragrant. Pkt. 7c; $\frac{1}{2}$ oz. 20c.

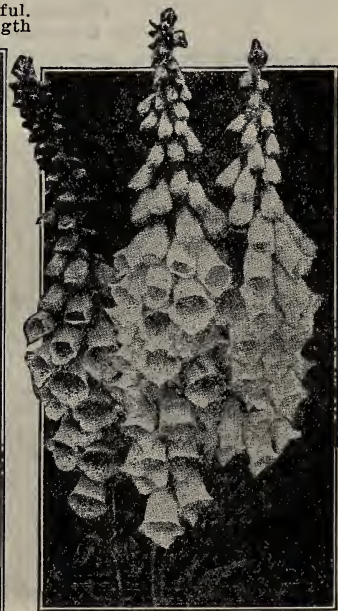

Columbine or Aquilegia.

Cleome or Spider Plant.

Cypress Vine.

Digitalis—Fox Glove.

Dianthus Pinks—Rockford Favorite Mixed.

Snow on the Mountain Euphorbia.

BLUE DAISY

A beautiful bedding plant and an excellent indoor bloomer. The flowers are the very counterpart of the Paris Daisy, but sky blue with a yellow disc. Of easy growth. Produces flowers all the year. Pkt. 8c; $\frac{1}{4}$ oz. 35c.

AFRICAN DAISY (Dimorphoteca)

AURANTIACA—Rare and extremely showy annual from South Africa; a great favorite on account of its easy culture and its beautiful flowers. The single Daisy-like blossoms, $2\frac{1}{2}$ to 2 $\frac{3}{4}$ inches in diameter, are of terra cotta orange color, with a dark colored disc surrounded by a black zone. Pkt. 8c; $\frac{1}{4}$ oz. 20c.
AURANTIACA HYBRIDS—Brilliant flowers in great diversity of colors, mostly shades of white, yellow and red. Pkt. 10c; $\frac{1}{4}$ oz. 25c.

EUPHORBIA

SNOW ON THE MOUNTAIN—Attractive foliage, veined and margined with white; 2 feet. Pkt. 10c; $\frac{1}{4}$ oz. 15c.
MEXICAN FIRE PLANT—2 to 3 feet high, a bush-like form, with smooth, glossy-green leaves, which in Summer turn an orange-scarlet. Pkt. 8c; $\frac{1}{4}$ oz. 20c.

Fairy Rose.

EVERLASTING FLOWERS

Easily grown. When dried are excellent for winter bouquets, as they never fade. Choicest Mixed. Pkt. 7c; $\frac{1}{4}$ oz. 15c.

FAIRY OR BABY ROSE

Roses from Seed the First Year.

The plants bloom in three months after sowing, so that seed sown in February in the house may be had in bloom in June in open ground, where they continue to bloom throughout the season, single, semi-double and double flowers. Seed comes in small berries, which should be separated before planting. Pkt. 10c; $\frac{1}{4}$ oz. 35c.

HEN AND CHICKENS

A curious and beautiful plant. Nothing like it has ever been seen. Can be used most effectively for borders of flower beds. Plants grow from 4 to 6 inches high, throwing up odd-shaped flower stalks. Leaves are thick and fleshy and of bluish green color. Mixed varieties. Pkt. of about 40 seeds, 10c.

I have used your "Full of Life" Seeds for several years and like them fine, and have never found any that could compare with them.

B. H. SMALL, Harper, Oregon.

DIANTHUS PINKS

Dianthus Pinks are one of the most useful and desirable plants, and for beauty and variety of colors and markings cannot be surpassed. A bed of these in a flower garden will make a grand display at a small cost. Plants from seed grow and bloom very quickly.

ROCKFORD FAVORITE MIXED—Comprises over 50 of the choicest Chinese and Japanese varieties, and includes, besides the standard sorts, all the new and brightest colors in spotted, striped and handsomely fringed varieties of late introduction, both single and double. This magnificent mixture contains the cream of the Dianthus family, and unexpected results may be obtained by planting a package. We cannot recommend this mixture too highly. Pkt. 8c; $\frac{1}{4}$ oz. 30c.

DOUBLE ROYAL PINKS—The flowers range in color from blood-red to pure white, and are beautifully frilled and fringed. The enormous blooms are especially adapted for cutting, the stems being long. Mixed colors. Pkt. 7c; $\frac{1}{4}$ oz. 25c.

MIXED CHINA OR INDIA PINKS—Our mixture includes all the best colors and shades. Double mixed. Pkt. 6c; $\frac{1}{4}$ oz. 15c.

DOUBLE FIREBALL—A beautiful, very dwarf and compact growing pink, only 10 to 15 inches in height. Flowers are perfectly double and color a rich velvety blood red. Effective for garden beds or pot culture and as cut flowers. Pkt. 8c. $\frac{1}{4}$ oz. 30c.

DOUBLE SNOWBALL—This dwarf Dianthus belongs with Double Fireball, and is equally beautiful, differing only in being pure white instead of red. It has all the sterling qualities of that sort, and is equally hardy and desirable. Pkt. 8c; $\frac{1}{4}$ oz. 25c.

FRINGED AND RUFFLED—(Laciniatus Mirabilis)—Petals are deeply cut into fine strips of thread-like fringes for about half their length, and are twisted in all directions, presenting a novel aspect. In color they vary greatly, having all shades from pure white to deep purplish-red with red and rose zones. Single mixed colors. Pkt. 7c; $\frac{1}{4}$ oz. 25c.

HARDY GRASS PINKS

(Pheasant's Eye Pink)—Single—The old reliable favorite. Fringed edge, white flowers with dark centers. Delightfully clove scented. Pkt. 7c; $\frac{1}{4}$ oz. 20c.

DOUBLE CLOVE PINKS

(Plumaris flore pleno)—Double and semi-double varieties. Good range of colors, having a strong clove fragrance. Pkt. 8c; $\frac{1}{4}$ oz. 35c.

DOUBLE DAISY

Daisies are easily grown from Spring sown seed and come into flower in a very short time.

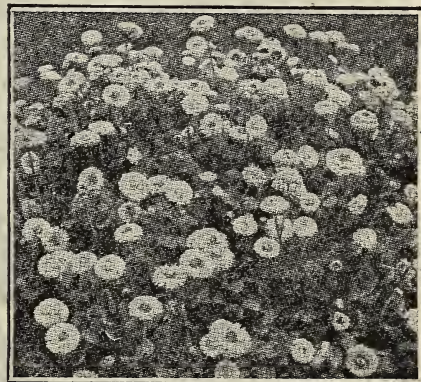

MAMMOTH OR GIANT MIXED

—Finest offered. Pkt. 7c; $\frac{1}{4}$ oz. 40c.

IMPERIAL DOUBLE—Good mixture. Pkt. 6c; $\frac{1}{4}$ oz. 35c.

ALASKA OR SHASTA DAISY

A perfectly hardy perennial, with flowers 4 inches in diameter, pure white, with small golden yellow centers. Pkt. 8c; $\frac{1}{4}$ oz. 30c.

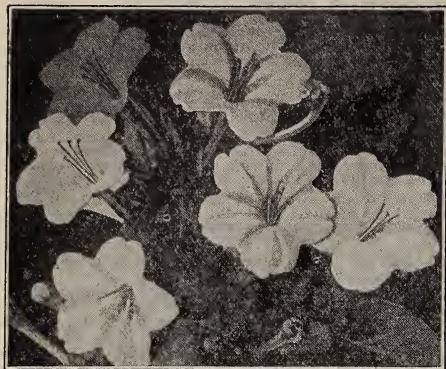

Daisy Giant Mixed.

African Daisy.

Hen and Chickens.

Four O'Clock.

FORGET-ME-NOT (Myosotis)

QUICKBLOOMING—This type may be treated as annuals and be sown at any time of the year, beginning to flower in from 8 to 10 weeks' time. The plants are of round, bushy form, 5 to 7 inches high, and when fully grown are perfectly covered with clusters of exquisite flowers. Valuable for winter flowering in pots, as well as for garden beds and edgings. Pkt. 8c; ¼ oz. 35c.

SEMPERFLORENS—A hardy perennial. Large, clear blue flowers in pretty sprays. Everblooming, in flower from May until frost. Pkt. 10c; ¼ oz. 45c.

FUCHSIAS (Lady's Eardrops.)

Fuchsias are as easily grown from seed as from cuttings and from seed many new varieties are obtained. They will flower freely the first year in the open ground, while the plants can be taken in the house in winter where they will flower still more freely. Choicest Double and Single mixed. Pkt. 15c.

GERANIUMS

They will bloom from seed in four to five months, and will frequently reward the cultivator with charming new varieties; in fact, propagation by seed is the only sure way to obtain new varieties.

CALIFORNIA GIANTS—Seed saved from the finest double, semi-double and single varieties of the most gorgeous and brilliant colors; all shades of scarlet and crimson, rose, pink, salmon, cream veined, pink, bluish, snowy white, and all new auriole types. Pkt. 10c.

ZONALE—Mixed—A superb strain. Pkt. 7c.

LADY WASHINGTON—These are the well known richly colored show Pelargoniums. Our mixture includes all the best varieties. Pkt. 15c.

The seeds I received last year were just grand.

MRS. LIZZIE WARREN,
Winston-Salem, N. C.

Gaillardia.

Geranium
California
Giant.

Beautiful hardy annuals of compact growth, about 1 foot high, bearing freely large flowers, 3 to 4 inches across, of delicate colors and shades that glisten in the sunshine like silk. Fine for bedding and for pots. They do best on rather poor soil and in a not too sunny location. Pkt. 6c; ¼ oz. 20c.

GAILLARDIAS

ANNUAL VARIETIES—Greatly admired for their fine forms and rich blending of colors, the gay colored flowers being abundantly produced from July until frost, while they thrive anywhere. Single and double mixed. Pkt. 6c; ¼ oz. 20c.

PERENNIAL—Grandiflora Hybrids—One of the showiest hardy plants. Growing about 2 feet high and succeeding in any soil in a sunny position, beginning to flower in June, then continuing the entire season. The flowers are of gorgeous coloring. The center is dark red brown, while the petals are marked with rings of brilliant crimson, orange and vermillion, and often a combination of all in one flower. Excellent for cutting. Pkt. 6c; ¼ oz. 20c.

GOURDS**Ornamental**

Tender annual climbers of rapid growth, vines often growing 20 to 30 feet long. They have luxuriant foliage and are immune from insects. Fruits curiously shaped in various colors and peculiarly marked. Forms may be wonderfully varied by tying strings around the young fruit or by enclosing same in a carved mold while growing. Many of these fruits keep for years, being very hard shelled. Mixed. Pkt. 6c; oz. 20c.

**FEVERFEW**

WHITE GEM—A fine, old-fashioned bedding plant; also suitable for pot culture. It grows about 18 inches high with numerous branching flower stems which are literally covered with very double, pure white flowers an inch in diameter. Pkt. 7c; ¼ oz. 20c.

GOLDEN FLEECE—Especially adapted for edging, as the foliage is beautifully serrated. Flowers very double, of a rich golden color. Pkt. 6c; ¼ oz. 15c.

FOUR O'CLOCK

(Marvel of Peru)

Well known free flowering hardy annual. No flower makes a prettier border than the old-fashioned Four O'Clock; does well everywhere. Give each plant from 12 to 18 inches of space so that they may expand and display the large convolvulus-like flowers to advantage. Colors white, yellow, crimson, striped, etc. It is one of the most brilliant and showy plants that can be grown. These beautiful flowers can be grown in any soil and will stand much neglect. Does well in sun or partial shade. Finest mixed colors. Pkt. 10c; oz. 20c.

Fuchsia.

FLAX

Buckbee's Scarlet

There are so few scarlet colored annual flowers that our New Scarlet Flax will be appreciated by everyone. It is most easily grown and is a hardy annual and one of the most effective and showy bedding plants, with fine foliage, delicate stem and large, brilliant scarlet crimson flowers produced all season. One foot high. Pkt. 6c; ¼ oz. 15c.

GEUM

(Mrs. Bradshaw.)

A very showy, hardy perennial, 2 ft. high. Blooms from June till frost. Flowers deep orange-scarlet, 2 inches in diameter, semi-double, resembling fine large Carnations. Blooms first season if sown early. Pkt. 8c; ¼ oz. 30c.

GIANT GHOST FLOWERS

Is often called Wedding Bells. Blooms always. Fine for house culture and outdoors. The flowers are drooping, bell-shaped, over a foot long, 9 inches wide, of creamy white color and very fragrant. Pkt. 8c; ¼ oz. 25c.

COMPHRENA

GLOBE AMARANTH—Valued for its handsome globular heads. A desirable everlasting for dried winter bouquets; also well adapted for beds. Pkt. 6c; ¼ oz. 15c.

GODETIA—Lady Satin Rose

Beautiful hardy annuals of compact growth, about 1 foot high, bearing freely large flowers, 3 to 4 inches across, of delicate colors and shades that glisten in the sunshine like silk. Fine for bedding and for pots. They do best on rather poor soil and in a not too sunny location. Pkt. 6c; ¼ oz. 20c.

GLOXINIA

Lovely Summer-blooming pot plants. They flower profusely and have gorgeous colors. Many are magnificently spotted and mottled. Easily grown. Blooms in four to five months from time seed is sown. Hybrida finest mixed. Pkt. 10c.

ICE PLANT

Handsome and curious trailing plants for hanging baskets, or vases and the garden, the foliage appearing as though covered with ice crystals. This is one of the most beautiful and effective basket plants that can be grown. Dwarf annual trailer 6 inches high. Pkt. 6c; 1/4 oz. 15c.

HELIOTROPE

CHOICEST MIXED—Our new selected Heliotrope is a universal favorite on account of its delightful fragrance and duration of bloom, flowering equally well as bedding plants in Summer, or as pot plants in the house during the Winter. Seed sown in the Spring makes fine plants for bedding out, and are as easily grown as Verbenas. The colors of the blossoms range from white through all shades of violet to the deepest purple. Pkt. 8c; 1/4 oz. 35c.

REGAL—A new variety of dwarf Heliotrope. Compact growth and immense flower heads. All shades mixed. Pkt. 10c.
For **HELIOTROPE PLANTS** see page 152.

HOLLYHOCK**Unequaled Double Strains**

Nothing is more beautiful than a background of stately double Hollyhocks. Our named colors can be depended upon to come true, while our mixtures we believe are the finest in the land.

DOUBLE WHITE—Clear, pure white. Pkt. 8c; 1/4 oz. 30c.

DOUBLE ROSE—Rich solid color. Pkt. 8c; 1/4 oz. 30c.

DOUBLE SCARLET—Intense blood red. Pkt. 8c; 1/4 oz. 30c.

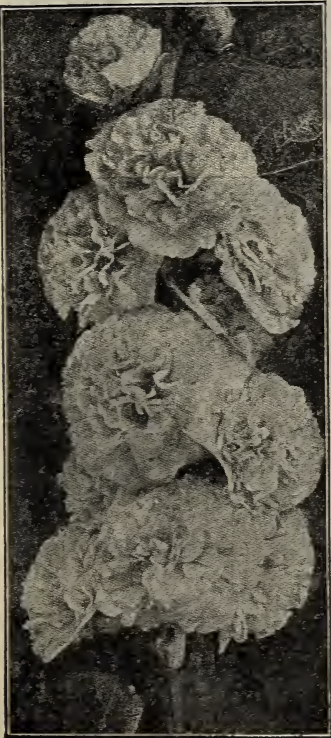

DOUBLE LEMON—True lemon yellow. Pkt. 8c; 1/4 oz. 30c.

PRIZE DOUBLE MIXED—Perennial—The perfect doubleness and large size of this magnificent flower will please the most critical. The seed has been saved from our own unrivaled collection of plants. All colors mixed. Pkt. 7c; 1/4 oz. 25c.

DOUBLE ALLEGHENY—Perennial—Rich colors, fringed petals. Pkt. 6c; 1/4 oz. 20c.

NEW ANNUAL EVERBLOOMING—

The perennial varieties do not bloom until the second year, if grown from seed; these annual kinds, however, bloom the first year. They are continuously covered till frost with large flowers—some semi-double, but mostly densely double with fringed petals, and all are unusually large. Double mixed. Pkt. 8c; 1/4 oz. 20c.
For **HOLLYHOCK PLANTS** see page 167.

Hollyhock—Double.

Heliotrope—Regal.

Hibiscus—Giant Rainbow.

NEW SINGLE HOLLYHOCK
Finest Mixed Colors.

Many prefer the single varieties of this flower so the past season we have grown a splendid mixture of colors ranging from the maroons down to clear white. These plants grow much more freely than the doubles, and certainly present a handsome appearance with their artistic blooms, many of which are deeply frilled and ruffled. Pkt. 5c; 1/4 oz. 15c.

LANTANA

Well known shrubby plants with clusters of Verbena-like flowers and producing their pink, yellow, orange and white heads in great abundance. They have an agreeable aromatic perfume. Hybrida finest mixed. Pkt. 8c; 1/4 oz. 15c.

LINARIA, KENILWORTH IVY

A very pretty hardy perennial trailing plant for covering rock work, and very useful for hanging baskets. The flowers are small but pretty. It is easily grown from seed. Pkt. 8c; 1/4 oz. 25c.

Gloxinia.

HIBISCUS**NEW GIANT FLOWERING RAINBOW**

BOW—The most striking introduction of hardy plants for many years. Grows about 6 feet high, producing huge blossoms in many shades of pink, rose, brick red and also white. They bloom from July until frost. Perfectly hardy and grow anywhere. If sown early will bloom the first season. Mixed colors. Pkt. 10c; 1/4 oz. 25c.

For **Hibiscus Plants** see pages 152-166.

HUMULUS**(Japanese Hop)**

JAPONICUS—One of the most rapid climbers grown. Seed can be sown in the open ground in Spring and the plant will attain enormous dimensions very quickly. The foliage is luxuriant and it is one of the best plants for covering verandas and trellises. Heat, drought and insects do not trouble it. Pkt. 6c; 1/4 oz. 10c.

NEW LEOPARD LEAVED—Beautifully variegated white, green and pale yellow. Highly ornamental. Will grow anywhere. Pkt. 7c; 1/4 oz. 15c.

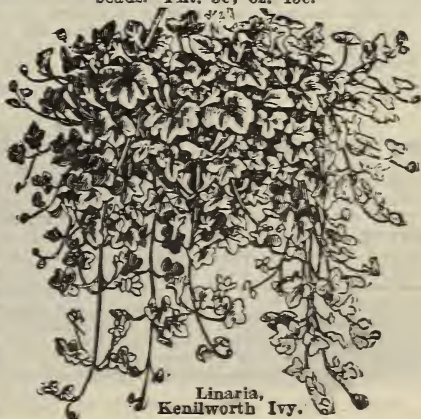

HYACINTH BEAN OR DOLICHES

See Illustration Page 110.

This grand climber is most desirable both for its beautiful flowers and dense growth of foliage, producing abundant clustered spikes of purple and white flowers, followed by beautiful seed pods; blooms early and freely. Fine Mixed. Pkt. 6c; 1/2 oz. 16c.

JOB'S TEARS**The Ornamental Bead Plant**

Curious ornamental grass with broad cornlike leaves and hard, beadlike seeds. Valuable for winter bouquets with everlasting flowers, and also for basket making. The seed is strung and worn around the neck as an ornament, and by teething babies to chew the beads. Pkt. 5c; 1/2 oz. 15c.

Linaria,
Kenilworth Ivy.

New Lace Flower.

Lupins or Sun Dials.

Monkey Flower

MIMULUS TIGRINUS—Tender little plants about one foot high, producing in great profusion very showy, large, Gloxinia-like flowers, brilliantly colored, blotched and striped in every conceivable manner and ranging in colors through white, yellow, rose, crimson and maroon. Excellent for house culture, baskets and vases, and also have a brilliant effect in beds and borders. They thrive in shady and moist situation. **Mixed.** Pkt. 10c.

Moonflower

NEW CROSS-BRED OR HYBRID VARIETY—Of great value for the North, as it is in full bloom one month before the White Seeded. Will grow 30 to 40 feet in a single season. Its flowers are 4 to 6 inches across, very numerous, are open every evening and on cloudy days. Pkt. 8c; ½ oz. 25c.

WHITE SEED—This is the variety most generally grown, being larger in flower and of sweeter odor than the Black Seeded variety. Pkt. 7c; ½ oz. 20c.

I want to say that I am one of your satisfied customers; I have been buying seeds from you for many years, and have found you to be the most reliable seed firm that I ever dealt with. I can always depend on what you say in your catalog and I have always found everything just as you recommended it to be.

HERBERT L. DRAKE,
Barrington, Ky.

New Lace Flower

Unique Annual of Dainty Alice Blue Shading.

This pretty and interesting annual has come into prominence again. It blooms most profusely from July until November; plants grow about 18 inches high and have as many as fifty flowers open at one time. The exquisite pale lavender blossoms of dainty formation are excellent for cutting. The flowers resemble the delicacy of Queen Ann's lace. They are also grown extensively for early spring flowering in cool greenhouses where they are used in assorted bouquets. A bed of New Lace Flower is unusually attractive and gives a touch of color no other garden flower can equal. Pkt. 10c; ½ oz. 40c.

Lobelia

FINEST MIXED—A beautiful dwarf-growing plant with delicate little blue and white flowers for borders and vases. About 6 inches high. They are among the few plants that will grow in a shady situation. Pkt. 7c; ½ oz. 25c.

CRYSTAL PALACE COMPACTA—Dark blue flowers, dark foliage, compact, erect growth. Pkt. 8c; ½ oz. 40c.

Lupins or Sun Dials

ANNUAL SORTS MIXED—Free-flowering, easily grown varieties, with long, beautiful spikes of various colored pea-shaped flowers and graceful, seven-fingered foliage. Valuable for mixed borders, beds and for cutting. Two feet high. Pkt. 6c; ¼ oz. 10c.

PERENNIAL SORTS MIXED—Hardy perennials which should have a place in every garden. The long spikes of pea-shaped flowers are produced in a great variety of colors. They bloom in May and June. Three feet high. Pkt. 7c; ¼ oz. 15c.

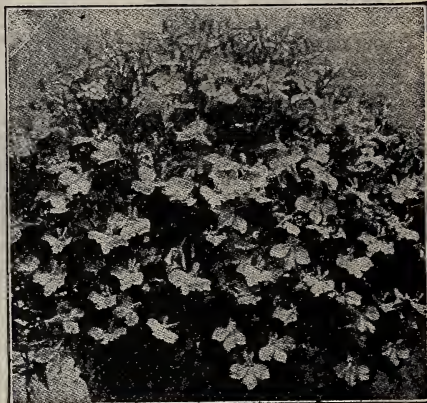

Mathiola

(Evening Scented Stock)

The wonderful perfume annual. An old-fashioned hardy annual which has no beauty to recommend it, the flowers being of a dull purplish-lilac color but which deserves being grown in every garden for the exquisite perfume exhaled profusely in the evening and after showers. One foot high. Pkt. 7c; ½ oz. 15c.

BUCKBEE'S FLORAL WONDER

The five flowers illustrated on this page are unusually attractive and should be in every garden. We offer 1 packet each of Lace Flower, Annual Lupins, Lobelia, Monkey Flower and White Moonflower for only 33 cents, postpaid.

Lobelia, Crystal Palace Compacta.

Monkey Flower.

Moonflower—New Cross Bred.

MARIGOLD

NEW MINIATURE—A very dwarf, compact, bushy plant, covered the entire season with small flowers of the brightest golden yellow. Pkt. 8c; ¼ oz. 20c.

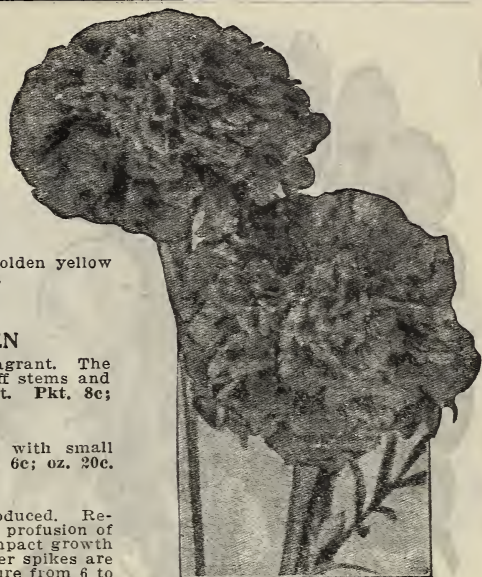

ELDORADO—The flowers are from 3 to 4 inches in diameter, imbricated and perfectly double. They embrace four shades of color—the lightest primrose, lemon, golden yellow and deep orange. Pkt. 7c; ¼ oz. 15c.

TALL AFRICAN, DOUBLE MIXED—Very early, profuse bloomers. Pkt. 6c; ¼ oz. 10c.

DWARF AFRICAN, DOUBLE MIXED—Pride of the Garden—Compact bushes, 15 inches high with immense double, yellow and orange flowers. Pkt. 6c; ¼ oz. 10c.

FRENCH DOUBLE MIXED—A class of showy and extremely effective plants. Fine double flowers of rich and beautiful colors. Pkt. 6c; ¼ oz. 10c.

LEGION OF HONOR—A beautiful single dwarf bushy variety, bearing rich, golden yellow flowers with garnet blotches in the center of each petal. Pkt. 6c; ¼ oz. 10c.

Marigold—New Miniature

MIGNONETTE IMPROVED GOLDEN QUEEN

Golden-yellow flowers; very sweet and fragrant. The large flowers are borne on erect, strong, stiff stems and retain their fragrance long after being cut. Pkt. 8c; ¼ oz. 25c.

SWEET

The old favorite Sweet Mignonette with small spikes, but very sweetly scented. Pkt. 6c; oz. 20c.

NEW RED GOLIATH

The grandest Mignonette ever introduced. Remarkable for color, size, fragrance and profusion of bloom. The plants are of strong yet compact growth with rich green foliage. The giant flower spikes are borne on erect, strong stalks and measure from 6 to 8 inches in length, by 2½ inches in diameter. The individual florets are of an immense size, forming a graceful as well as compact spike which is of a fire-red shade, surpassing all other varieties in brilliancy of color. The fragrance is rich and powerful and the keeping qualities are remarkable, the flowers remaining fresh in water for 8 to 10 days. Pkt. 10c; ¼ oz. 25c.

BUCKBEE'S ROCKFORD FINEST MIXED

The finest Mignonette Mixture ever blended. It includes all the well-known sorts, together with many new Hybrids. No garden is complete without this mixture. Sow in early Spring and again in July to keep up a succession of flowers till frost. When grown under favorable conditions spikes will not only be of remarkable size, but deliciously fragrant. The individual florets are of immense size, forming a graceful as well as compact spike. Of extraordinary keeping qualities, retaining their grace and fragrance until every bud opens. Pkt. 10c; ½ oz. 20c; oz. 35c.

BUCKBEE'S NEWEST BRILLIANT COLORED MORNING GLORIES

NEW IMPERIAL OR GIANT JAPANESE

The flowers are of gigantic size and the colorings and markings beyond description ranging from snow-white to black purple, with all the possible intermediate shades, such as pink, rose, fiery red, copper red, carmine, crimson, pale blue, deep blue, royal purple, maroon, bronze, indigo, slate, brown, cherry and ash gray. Others are edged with white, having throats of one of the above colors; there is also an endless number of flowers spotted, marbled, striped, flaked and splashed. Choicest mixed. Pkt. 7c; oz. 15c; 2 oz. 25c; ¼ lb. 35c.

IMPROVED TALL OR CLIMBING

Most popular climber in cultivation. Of rapid growth. Our seed is selected from the best varieties only, and is a great improvement over the old sorts. Select mixed. Pkt. 5c; oz. 10c; 2 oz. 15c; ¼ lb. 25c.

DWARF MORNING GLORY

The wonder of the age as a Winter house-blooming variety. Flowers richly colored. Mixed. Pkt. 6c; oz. 20c.

BUCKBEE'S NEW DOUBLE—CLIMBING

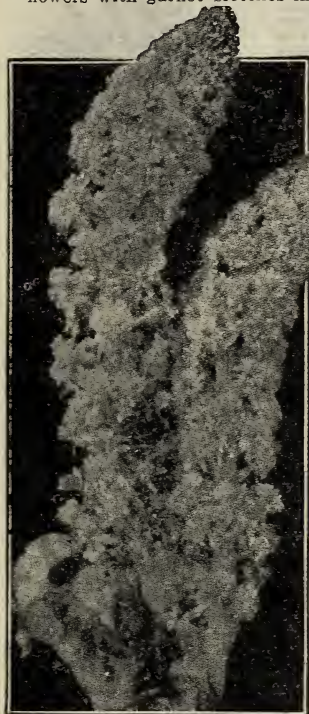

This Double Morning Glory will be greeted as a welcome addition to this class of plants. It is of rapid growth, producing its large double flowers very freely. They are of beautiful form and coloring. Mixed. Pkt. 10c; ½ oz. 25c.

NEW ROCHESTER

A beautiful blue Ipomea with flowers 4 inches in diameter. Throats deep purple, shading to lighter with a wide, white band around the edge. Pkt. 10c; ½ oz. 25c.

NEW BRAZILIAN

The flowers are produced in large clusters and are of a lovely rose color. The vine grows very rapidly, quickly covering a large space. Pkt. 10c; ½ oz. 30c.

Mignonette—Golden Queen.

Your Red Goliath Mignonette was just wonderful. Every seed seemed to grow. Some of the blossoms were as large as a milk bottle.

MRS. JAMES WILSON,
Kalamazoo, Mich.

New Double Morning Glory.

New Imperial, or Giant Japanese Morning Glory.

NASTURTIUMS

TALL SELECTED MIXED—This mixture is a most beautiful assortment of rich and brilliant colors and is surpassed only by Buckbee's Giant Flowering Mixtures. See page 129. Pkt. 5c; oz. 10c; ¼ lb. 30c; lb. 95c.

NEW "IVY-LEAVED" TALL MIXED—The plants are of running growth but have the same foliage and flowers as the Dwarf Ivy-Leaved varieties. Pkt. 6c; ½ oz. 12c.

NEW "IVY-LEAVED" DWARF MIXED—A new class, with thick, green lobed leaves resembling those of the English Ivy. The flowers, which are borne in the greatest abundance throughout the season, are of medium size and peculiarly cut and fringed, giving them an airy butterfly effect. Pkt. 6c; ½ oz. 15c.

NEW TALL VARIEGATED LEAVED—The leaves are so beautifully variegated with yellow, white and green that the plants would be worthy of culture for the foliage alone. The flowers are of the same size, form and colors as the regular tall Nasturtiums. Pkt. 6c; ½ oz. 12c.

NEW DWARF VARIEGATED LEAVED—The very best of the variegated leaved Nasturtiums. The leaves are marked with white, green and yellow and contrast nicely with the large showy flowers which are of all colors. Pkt. 6c; ½ oz. 15c.

DWARF FINE MIXED—A first-class mixture from selected colors that harmonizes beautifully. Pkt. 5c; oz. 10c; ¼ lb. 35c; lb. \$1.00.

LILLIPUT OR MINIATURE MIXED—Very beautiful varieties smaller in growth, leaf and flower than the other dwarf sorts, forming dwarf compact bushes, 8 to 10 inches high, fairly hidden throughout the season by flowers of a great variety of brilliant colors. Pkt. 5c; oz. 25c.

NIGELLA

(Love in a Mist)

MISS JEKYL, MIXED—A popular old-fashioned flower. The flowers are produced in large clusters with finely cut foliage surrounding the curious looking flowers and seed pods. Mixed. Pkt. 6c; ¼ oz. 15c.

MISS JEKYL, BLUE—An improved large flowering variety of the above with double cornflower blue blossoms. Pkt. 8c; ¼ oz. 20c.

MISS JEKYL, WHITE—A counterpart of the blue with pure white flowers. Pkt. 7c; ¼ oz. 20c.

BUCKBEE'S PLANT FOOD—MIX IT WITH THE SOIL AROUND THE PLANTS

A dressing made expressly for plants grown in the house, garden or conservatory; clean and producing early and abundant blossoms, healthy, luxuriant plants. One package is enough for 30 plants for 3 months. Pkt. 25c, postpaid.

NICOTIANA

(Sweet Scented Tobacco Plant)

AFFINIS—Handsome and well-known hardy annuals that grow easily from seed, forming compact bushes about 3 feet high which are in continuous bloom throughout the season. Their blooms are tube-shaped, pure white, very sweet-scented and desirable as cut flowers. Pkt. 7c; ½ oz. 15c.

AFFINIS HYBRIDS—Similar to the Affinis, but the flowers are larger. Colors, white, purple, red, salmon, pink, violet, etc. Very showy; bloom profusely all Summer and Fall. Mixed colors. Pkt. 8c; ½ oz. 20c.

ORNAMENTAL GRASSES

The ornamental grasses serve the double purpose of rendering the mixed flower-bed or border attractive during the summer and for the use of the spikes or panicles in a dried state in winter bouquets.

These are of the easiest culture, the seed may be sown where they are intended to bloom as soon as danger from frost is passed. Mixed colors. Pkt. 6c; ½ oz. 15c.

Nasturtiums.

Variegated Leaved Nasturtium.

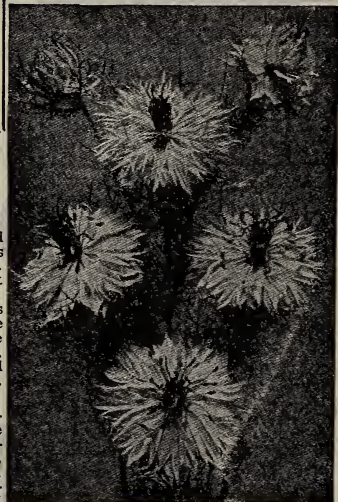

Nicotiana (Sweet-Scented Tobacco Plant).

Ornamental Grasses.

Ivy-Leaved Nasturtium.

Nigella—Love-in-a-Mist.

BUCKBEE'S "FULL OF LIFE" PANSIES

BUCKBEE'S MAMMOTH JUBILEE MIXTURE

Pansies are universal favorites with young and old and, aside from their great beauty, we all treasure them as the symbol of modest worth and true affection. Our new Fiftieth Anniversary selection of new and wonderful varieties contains shades and markings never before seen in a Pansy. All are large size, and many are exquisitely curled. Be sure to have a fine bed of our Mammoth Jubilee this year. The smallest yard must have its Pansies. Strong, vigorous plants, shaded from the hot afternoon sun. In such a bed one may gather great, velvety Pansies by the handfuls. Pansies are now produced in an almost infinite variety of colors and markings. Their brilliancy of shading, extended season of blooming and long keeping characteristics make them general favorites. Pkt. 15c; 2 pkts. 25c; $\frac{1}{4}$ oz. 95c.

Buckbee's Mammoth Sunrise Mixture

This splendid mixture is a blended combination of mammoth flowering Pansies. It contains all colors and will prove a delightful surprise in regard to the great size and rich and varied colorings of its flowers. Very popular. We have been interested in the bringing forward of advanced types of large varieties in this country as well as in Europe, and our stocks are the very best obtainable. We spare neither pains nor expense to satisfy the most critical trade. Poor Pansy seed is dear at any price. Ours is saved with great care and is the best. Pkt. 10c; $\frac{1}{4}$ oz. 75c.

BUCKBEE'S SWEET SCENTED MIXTURE

The Perfume of the Violet. The Beauty of the Pansy. This new class is the result of crossing the Pansy with the Sweet Violet. The resulting hybrids, in addition to retaining the delightful Violet perfume, produce the most beautiful Pansy-like blossoms, 2 to 2 $\frac{1}{2}$ inches across, of great substance and of an endless variety of colors. Mixed. Pkt. 8c; $\frac{1}{4}$ oz. 40c.

ORCHID—FLOWERED

All the delicate shades and tints of the orchids may be found in these charmingly pretty favorites. Rose, orange, pink, lilac, terra cotta, chamois and other exquisite shades. Orchid-flowered Pansies are not as large as some of our giant strains, but they will appeal by their exquisite coloring and the elegant shape of their flowers. Pkt. 8c; $\frac{1}{4}$ oz. 65c.

Buckbee's Sweet Scented.

Buckbee's Mammoth Jubilee.

MADAME PERRET OR PHENOMENAL

A superb new strain; large flowers and beautiful colors, blossoms ranging through all the shades of red, from a pink to a fine, deep purple, with an intermediate bright red, edged with white. The face of the flower in some cases is regular in color, while in others it is lined and striped. The extraordinary size of the flowers, which reach as much as 3 to 3 $\frac{1}{2}$ inches in diameter, makes it a novelty of the first rank. Mixed, Pkt. 8c; $\frac{1}{4}$ oz. 50c.

NEW WINTER BLOOMING

A new race of Pansies, so hardy and vigorous that they will bloom right up to the edge of Winter, and in fairly mild climates all Winter through. Beautiful colors, good sized flowers and profuse bloomers. Pkt. 8c; $\frac{1}{4}$ oz. 60c.

GIANT FLOWERING PANSIES IN SEPARATE COLORS

They Are the Largest and Most Beautiful Pansies in Cultivation.

- GIANT BEACONSFIELD**—This is a great favorite on account of the rich combination of purple and lavender, shading to white towards the top. Pkt. 8c; $\frac{1}{4}$ oz. 55c.
- GIANT BLACK PRINCE**—The rich, glossy black has a peculiar soft, velvety appearance, the magnificent large flowers are of fine circular form. It flowers so profusely that a bed of the Black Prince makes a sight not often equaled. Pkt. 8c; $\frac{1}{4}$ oz. 75c.
- GIANT BRIDESMAID**—Rosy-white, with darker blotches. Pkt. 8c; $\frac{1}{4}$ oz. 75c.
- GIANT EMPEROR WILLIAM**—Rich deep blue. Pkt. 8c; $\frac{1}{4}$ oz. 55c.
- GIANT SNOW QUEEN**—The largest pure white Pansy without blotches. Edge of petal is frilled. Pkt. 8c; $\frac{1}{4}$ oz. 65c.
- GIANT VOLCANO**—The best red Pansy. Each petal is marked with a very large dark blotch. Pkt. 10c; $\frac{1}{4}$ oz. 80c.
- GIANT YELLOW PRINCE**—Pure golden yellow, sometimes with the three lower petals marked with purplish or red blotches and hair lines. Pkt. 8c; $\frac{1}{4}$ oz. 75c.

BUCKBEE'S BEDDING PANSIES IN SEPARATE COLORS

These are very early and free flowering, and of good size.

- EMPEROR FREDERICK**—Velvety brown, shaded into a narrow band of deep golden yellow, which borders each petal. Pkt. 6c; $\frac{1}{4}$ oz. 50c.
- EMPEROR WILLIAM**—The flowers are of the true ultramarine blue color, with well defined violet purple eye. Pkt. 6c; $\frac{1}{4}$ oz. 50c.

FAUST or KING OF THE BLACKS—Almost coal-black. Pkt. 6c; $\frac{1}{4}$ oz. 50c.

LORD BEACONSFIELD—Deep purple-violet, shading to white on the upper petals. Pkt. 6c; $\frac{1}{4}$ oz. 50c.

NEW RED MIXED—A mixture of all the best red and fiery shades which have been produced up to date. Pkt. 6c; $\frac{1}{4}$ oz. 50c.

PEACOCK—Upper petals ultramarine blue; lower, deep claret with white margin. Pkt. 6c; $\frac{1}{4}$ oz. 50c.

YELLOW GEM—Pure yellow, without edge. Pkt. 6c; $\frac{1}{4}$ oz. 50c.

BUCKBEE'S WORLD'S FAIR PRIZE MIXED

This mixture was awarded Grand Prize Medal at the World's Fair. It is an exceedingly fine mixture, producing flowers of rare beauty in both colorings and markings. Pkt. 8c; $\frac{1}{4}$ oz. 40c.

IMPERIAL SPLENDID MIXED

Much used for bedding. The flowers, while not giants, are very large, of fine form and of a wonderful variety of colors, this mixture embracing over fifty varieties. Pkt. 7c; $\frac{1}{4}$ oz. 30c.

Buckbee's Mammoth Sunrise.

Buckbee's Single Petunia

BUCKBEE'S "FULL OF LIFE" POPPIES

Although the Poppy may be termed by some an old-fashioned flower, it is as indispensable today as it was in our Grandmother's garden. Innumerable flowers of the brightest and most varied colors with their graceful, feathery foliage makes this one of the most desirable of our easily grown annuals.

BURBANK'S SANTA ROSA GIANT SHIRLEY POPPY

A great advance in single-flowering annual Poppies. The flowers are immense, often measuring 3 to 4 inches across, the petals are fluted and crinkled and in the sunlight appear like rumpled satin. Bloom in continuous succession for weeks. Flowers white, white-veined pink, white-splashed crimson, rose banded with white, salmon, carmine, blush, scarlet, and many splashed, striped, spotted and edged, etc. Pkt. 8c; ¼ oz. 15c.

NEW FLANDERS POPPY

Direct from the Fields of France. This is the flower that is talked of the world over. Color is intense scarlet red. Blooms all Summer, and is wonderfully beautiful. Single flowers on long stems. Pkt. 7c; ¼ oz. 15c.

YELLOW TULIP POPPY

The plants grow into a shrubby bush and produce their large cup-shaped flowers 3 inches across on stems 12 inches long. The color is of clear, bright yellow; the petals are broad and crinkled, like crushed satin. The cut blooms keep in water two weeks. Pkt. 8c; ¼ oz. 25c.

PAEONY FLOWERED POPPY

Large, showy, double, globular flowers. Fine Mixed. Pkt. 5c; ¼ oz. 20c.

ICELAND POPPY

Hardy perennials, bloom the first year from seed. Brilliant flowers. Mixed Colors. Pkt. 8c; ¼ oz. 20c.

POPPY PLANTS—See Page 167

BUCKBEE'S NEW BLUE SHIRLEY POPPY

An Unusual Color in This Beautiful Flower—Now Offered for the First Time. The new Blue Shirley Poppy is of a color never before seen in this most desirable flower. The blossoms are of good size, on hairy slender stems and are of such a light, silky texture that they give a touch of beauty to the garden that can be equaled by no other flower. Shirley Poppies are always admired with their graceful foliage and wonderful shapes and colors and this new and unusual color will be appreciated by all who see it. Pkt. 15c; 2 pkts. 25c.

BUCKBEE'S "FULL OF LIFE" PETUNIAS

BUCKBEE'S NEW DOUBLE FANCY FRINGED

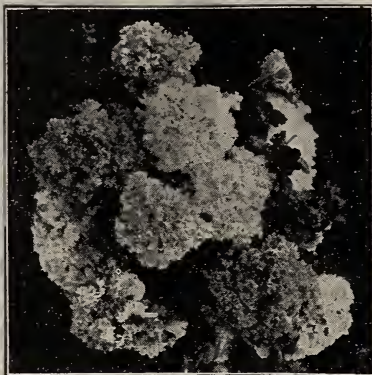

A mixture of the best large flowering and Fringed Double Petunias. It embraces a wide range of colors and shows finer combinations than we have heretofore found in any double Petunias, including delicate mauve, porcelain blue, white, garnet and velvet shades. This carefully hybridized seed will yield a larger percentage of double flowers than any other Petunia in cultivation. Mixed. Pkt. 18c.

HYBRIDA—Single Mixed

A splendid mixture, embracing all colors, including striped and blotched varieties. Are excellent for bedding or massing, remaining in bloom the entire summer. Pkt. 5c; ¼ oz. 25c.

DWARF—Single Mixed

Neat, compact growing, erect bushes about 8 inches high, covered with multitude of flowers all season. Valuable for edging and pots. Pkt. 10c; ¼ oz. 40c.

Double Fancy Fringed Petunia.

BUCKBEE'S WONDERFUL SINGLE PETUNIAS

ROSY MORN

One of the prettiest soft carmine-pink with white throat. Very fine for beds or porch boxes. Pkt. 8c; ¼ oz. 45c.

HOWARDS STAR

Color is an old rose with well defined white star-like stripes. Pkt. 8c; ¼ oz. 40c.

BABY BLUE

A beautiful companion for Rosy Morn. Color soft delicate blue with a white throat. Pkt. 8c; ¼ oz. 45c.

SNOWBALL

Dwarf and compact plant. Blooms profusely the entire season. Flowers pure satiny white. Pkt. 8c; ¼ oz. 40c.

STRIPED

Flowers not quite as large as above, but all are beautifully striped and blotched. Pkt. 8c; ¼ oz. 40c.

BUCKBEE'S NEW CALIFORNIA POPPIES

Bright Colored Showy Annuals

GOLDEN WEST—A superb variety with large flowers of deep yellow with orange center. Will bloom lavishly over a long season in any sunny situation and in almost any kind of soil. Plants grow about 2 feet high. Pkt. 8c; ¼ oz. 18c.

BUCKBEE'S FANCY MIXED—Very showy, free flowering hardy annuals. Sow the seed any time during the Spring, the earlier the better, letting them remain where planted as they do not do well transplanted. Will bloom throughout a long season. Splendid for bedding. Flowers come in varied and striking colors. Pkt. 10c; ¼ oz. 20c.

Giant Shirley Poppy.

Buckbee's Fancy California Poppy.

BUCKBEE'S BEAUTIFUL "FULL OF LIFE" PHLOX

FINEST MIXED

A Bed of Annual Phlox in Full Bloom Shows Beautiful Colors Seen in No Other Flower.

Contains many varieties, carefully mixed together. Invaluable for bedding and cut-flower purposes. Unequaled in the magnificent display of their many and brilliantly colored flowers. The plants are hardy bush-like annuals with many broad flat-topped clusters of nearly round flowers. They are of easiest culture and bloom profusely through a long season. Especially attractive in masses or ribbon beds of contrasted colors; useful as window-garden plants and very desirable for combining in mixed bouquets. Pkt. 6c; $\frac{1}{4}$ oz. 15c.

Am wondering if I am not one of your oldest customers as I gave you my first order in 1903 and have not missed more than one year since in giving you my seed orders. A few times I have split the order but have always been better pleased with my Buckbee Seeds. Chrysanthemums grow wonderfully here. I have about 20 different ones and had them open beautifully till the 15th of December outdoors.

MRS. J. H. DOWNS, Saragosa, Texas

Buckbee's Finest Mixed Phlox.

BUCKBEE'S STARRED AND FRINGED

The Sensation in Phlox. The Shapes and Forms Are Truly Wonderful.

In the fringed flowers the petals are fimbriate, three-toothed, of a great variety of magnificent velvety colors with a bright eye in the center and a white border. In the Starred Phloxes the central teeth of the petals are five or six times as large as the lateral ones, and projecting beyond them like little spines, give the flowers a distinctly star-like form. All colors mixed. Pkt. 7c; $\frac{1}{4}$ oz. 25c.

HARDY OR PERENNIAL

Perennial Phlox Seed Is Slow to Germinate But Produces Beautiful Flowers.

No class of Hardy Perennials is of more importance than the Phlox which succeed under almost any conditions and flower from the end of June until late in the Fall and while they will continue in good condition and flower freely for many years without attention, still they are much improved by liberal cultivation. There are quite a number of different varieties. Our select assortment contains the very cream of the Phlox family. The great rich heads of flower masses are simply magnificent. The most admired sorts and the best bloomers. Mixed. Pkt. 15c; $\frac{1}{4}$ oz. 45c.

For Perennial Phlox Plants See Inside Back Cover.

Starred and Fringed Phlox.

New Double Phlox.

BUCKBEE'S NEW DOUBLE FLOWERING PHLOX

Very Unusual in Form But as Easily Grown as Any.

Double Phlox are most desirable annuals for cut flowers, lasting longer than single ones. We have secured a particularly fine strain from France, which has a large percentage of pure white and cream color and is perfectly double and semi-double. The white is especially valuable as a cut flower. The semi-double flowers are fully as desirable as the doubles; in fact,

many claim they are even prettier. This Phlox is not rivaled among garden flowers in brilliancy of bloom. They are strong growing, healthy plants, with pretty foliage, and belong in every garden, being one of the most brilliant and at the same time one of the earliest and most satisfactory plants which can be readily grown from seed. The fine blooms, produced in large trusses, furnish a grand display in the garden and are very effective for table decoration. We are sure our customers will be greatly pleased with them. Select Mixed. Pkt. 10c; $\frac{1}{4}$ oz. 40c.

A Complete Flower Garden for \$1.58, Postpaid

21 Full Size Packages Easily Grown Annuals Worth \$2.23 for Only \$1.58 Postpaid.

Everyone will want to plant a Flower Garden this year. This collection has been carefully arranged and contains all the colors from Darkest Purple and Scarlet to Light Pink and White. Alyssum, Aster, Columbian Climber, Cynoglossum, Cosmos, Dahlias, Four O'Clocks, Hyacinth Bean, Larkspur, Mignonette, Marigolds, Nasturtium, Portulaca, Poppy, Ricinus, Snapdragon, Sweet Pea, Rainbow Flower, Velvet Flower, Verbena, Zinnia:

Could you make a better selection? Order today and have a fine garden.

Hardy or Perennial Phlox.

Primula Sinensis or Chinese Primrose.

RHODANTHE

(Swan River Everlasting)

A charming annual; succeeds in a light rich soil and a warm sheltered situation; valuable for pot culture; flowers everlasting; mixed colors. Pkt. 8c; 1/4 oz. 15c.

RUDBECKIA

Showy Annual of Easy Culture; 18 inches in height. The flowers are produced singly on long, stiff stems and have a diameter of 2 to 3 inches. Large rounded purplish cone in center, with narrow petals around the base of cone. Petals are a deep orange-yellow, heavily marked with brownish red on inner portion. Pkt. 7c; 1/4 oz. 15c.

BUCKBEE'S BEAUTIFUL AND BRILLIANT DAISY COLLECTION

Six Superb New Varieties for Only 42c Postpaid.

AFRICAN GOLDEN DAISY—A large single flower 2 1/2 inches in diameter, of Terra Cotta Orange color. Pkt. 8c.

SHASTA DAISY—ALASKA—Twice the size of any other White Daisy. Perfectly hardy. Pkt. 8c.

BLUE DAISY—A real novelty—always in bloom. Sky Blue with Yellow Disc. Pkt. 8c.

NANMOTH DOUBLE MIXED—All the best Double sorts. Hardy and easily grown. Pkt. 7c.

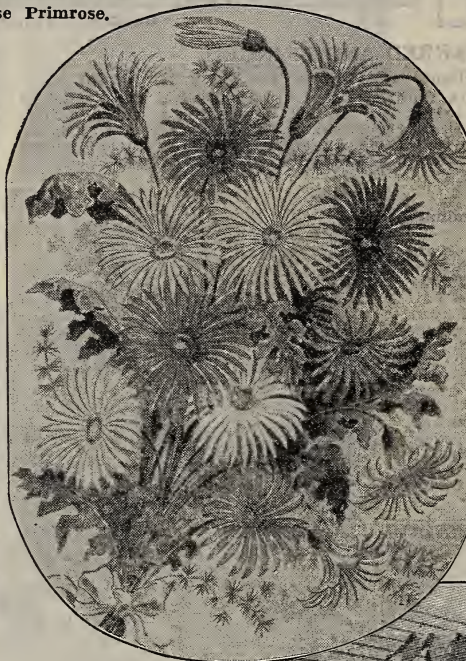

PAINTED DAISY—Delicate and exquisite colors. Graceful foliage. All shades and colors. Pkt. 10c.

SCARLET TRANSVAAL DAISY—The newest and best. See illustration. Many fine colors—the Scarlet in particular. Pkt. 15c.

Catalog value 56 cents—all for 42c, postpaid.

Rudbeckia.

Scarlet Transvaal Daisy.

Established 1871

57 Years of Continuous Service

All your Seeds are fine. The Dwarf Morning Glories are receiving a great deal of admiration, and your Zinnias and Calendulas are gorgeous.

Mrs. Wm. R. Evans, Randolph, Wis.

PRIMULA SINENSIS OR CHINESE PRIMROSE

A Beautiful Plant for Winter and Spring. Brilliant Colors and Unusual Shades.

One of our most beautiful and indispensable plants for Winter or Spring blooming in the house or conservatory. Unequaled as Winter bloomers—easily grown.

BUCKBEE'S SUPERB MIXED—An elegant mixture embracing all the best large-flowering varieties, and also including the fringed sorts. Pkt. 10c.

FINEST DOUBLE MIXED—A splendid strain of the finest large-flowering fringed varieties. Our mixture includes the most brilliant colors. Pkt. 18c.

RICINUS OR CASTOR OIL BEAN

Enormous, Ornamental Shrubbery. Easily Grown from Seed. Stately and Dignified.

Tall majestic plants for lawns or driveways; with broad, beautifully lobed, palm-like leaves of glossy green, brown or bronzed metallic hue and long spikes of scarlet, or of green, prickly seed pods. Makes a rapid, vigorous growth in rich soil. Sow seed outdoors after danger from frost is over, preferably in light rich soil, or for earlier blooms start indoors and transplant. For best development each plant should have at least four feet each way. Its rich, luxuriant growth makes it very attractive. Tender annual; six to fifteen feet high.

CRIMSON SPIRE—A beautiful novelty both in foliage and flower. Plant does not grow as tall as the ordinary Ricinus; usually about 4 feet high. Leaves deeply serrated with prominent red ribs, giving the plant a unique appearance. Spikes of flowers or seed pods of brightest red color. Pkt. of 10 seeds 10c; 1/2 oz. 16c.

ZANZIBARIENSIS GIANT MIXED—From seeds sown in the open ground in May the plants are in full foliage early in July, and attain a height of 12 to 14 feet. The enormous leaves, beautifully lobed, measure 2 1/2 to nearly 4 feet across. Pkt. 8c; oz. 15c.

GOOD MIXED—Many choice varieties. Pkt. 6c; oz. 10c.

SCARLET TRANSVAAL DAISY

A Wonderful New Flower of Great Beauty.

A new and distinct Daisy which can be grown out of doors in the summer or in pots in the house during the winter. The flower stems are 2 feet long, and are very graceful, bearing a large daisy-like blossom, which is 3 to 4 inches across. The flower petals have a velvety texture peculiar to itself. The flowers themselves are large and beautiful. There are many new shades in this rare hybrid mixture, the beautiful crimson in particular. Pkt. about 20 seeds, 15c.

Ricinus—Zanzibariensis Giant Mixed.

SALVIA OR SCARLET SAGE

AMERICA or GLOBES OF FIRE—The original Scarlet Sage with beautiful long spikes of bright scarlet color. It is a standard bedding plant and keeps the garden bright with color until frost. Pkt. 8c; $\frac{1}{4}$ oz. 40c.

SCARLET DRAGON—The Most Magnificent Summer and Autumn Flowering Bedding Plants—The old Salvia Splendens or Scarlet Sage has long been a favorite and our customers can partially appreciate the superiority of this new variety when we state that the flowers are nearly double the size, closely crowding the immense long spikes that often measure 6 inches across. Full-grown plants in bloom form compact bushes 3 feet high and bloom from ground to summit. We know of nothing that can equal the gorgeous effect of a row or bed of these fine Salvias when in full bloom; the waving masses of glistening scarlet against green surroundings of lawn or foliage is matchless. Grows very easily from the seed. Pkt. 10c; $\frac{1}{4}$ oz. 45c.

SALVIA PLANTS—Our plants will be in splendid condition for shipment in May. 3 for 30c; doz. \$1.10, postpaid. By express at buyer's expense, \$7.00 per 100.

SENSITIVE PLANT

An interesting and curious plant with globular heads of pink flowers. It affords much amusement by its sensitive character—even when touched slightly, the leaves instantly close and droop for a short time. Pkt. 7c; $\frac{1}{4}$ oz. 15c.

SMILAX

One of the most desirable window vines on account of its charming, glossy green, elegant and graceful foliage, and will grow several feet high the first season. Pkt. 8c; $\frac{1}{4}$ oz. 20c.

STOKESIA OR CORN-FLOWER ASTER

A beautiful hardy perennial plant no garden should be without. Blooms in July from Spring-sown seed and continues till frost. Plants 2 feet high, bearing 20 to 30 blossoms 4 to 5 inches across in shades of blue, pink, purple, yellow and also in white. Mixed Colors. Pkt. 10c; $\frac{1}{4}$ oz. 25c.

SWEET ROCKET

Hardy perennials, bearing purple or white flowers. Plants 2 to 3 feet high. Flowers fragrant. Fine Mixed. Pkt. 6c; $\frac{1}{4}$ oz. 15c.

BUCKBEE'S BEAUTIFUL STOCKS

Regal Garden Favorites—Very Attractive and Useful

NEW ORANGE STOCKS—This new Stock is different from any we have ever grown, not only in color, which is a rich golden orange color, but in style of flower, which is loose in form and very distinct and beautiful. Pkt. 10c; $\frac{1}{4}$ oz. 30c.

PRINCESS ALICE PERPETUAL—Cut and Come Again—A pure white double variety, delightfully fragrant. Pkt. 8c; $\frac{1}{4}$ oz. 35c.

LARGE FLOWERING GLOBE PYRAMIDAL—Spike and flowers very large. Flowers are produced in great profusion. Grand Mixture. Pkt. 8c; $\frac{1}{4}$ oz. 35c.

BUCKBEE'S GIANT FLOWERING BEAUTY STOCKS—A magnificent new strain of early flowering winter stocks, very double, deliciously fragrant flowers. Mixed Colors. Pkt. 10c; $\frac{1}{4}$ oz. 45c.

DWARF—Large Flowering. Ten Weeks—Fine Mixed—A very popular strain. Pkt. 7c; $\frac{1}{4}$ oz. 25c.

Sunflower—Chrysanthemum Flowered.

Stokesia—Cornflower Aster.

Sweet William (Double).

Salvia—Scarlet Dragon.

Stocks—Giant Flowering Beauty.

I commenced to use your seeds 23 years ago. I won a \$25.00 premium at the Jackson County Fair last year on my exhibit grown from your seeds.

MRS. J. A. INMAN, Medford, Oregon.

SUNFLOWERS

BUCKBEE'S NEW CHRYSANTHEMUM FLOWERED—Fine, perfectly double golden flowers, resembling Japanese Chrysanthemums. Height 6 feet. Pkt. 10c; $\frac{1}{4}$ oz. 25c.

NEW DOUBLE MULTIFLORA—The plant is pyramidal in shape and the handsome, double flowers are produced at base of each leaf. Pkt. 6c; $\frac{1}{4}$ oz. 20c.

RED SUNFLOWER—A unique and gorgeous novelty. The plants grow 7 to 9 feet and produce large flowers from 5 inches to a foot in diameter. The color also varies greatly, but the majority of flowers have a more or less wide red circle around the purplish black center, and the tips of the petals are golden yellow. Pkt. 8c; $\frac{1}{4}$ oz. 20c.

FINEST MIXED—For background or screen to hide unsightly places. Pkt. 5c; $\frac{1}{4}$ oz. 15c.

SWEET WILLIAM

PERENNIAL FINE SINGLE MIXED—Various beautiful shades and markings. Pkt. 6c; $\frac{1}{4}$ oz. 15c.

PERENNIAL FINE DOUBLE MIXED—A splendid strain. All colors. Pkt. 8c; $\frac{1}{4}$ oz. 25c.

VINCA

Ornamental free flowering house or bedding plants. Flower the first season. Glossy green foliage; handsome circular red and white flowers about 1½ inches across. Will flower in the garden all season. Mixed. Pkt. 8c; $\frac{1}{4}$ oz. 20c.

GIANT HYBRID SWEET PEAS

Fine Colors—Large Flowers—Long Stems

SELECT LIST OF NAMED GIANT HYBRID SWEET PEAS

WHITE
DOROTHY ECKFORD—Grand pure white, shell-shaped flowers of extra large size; borne three on a stem.

PRIMROSE
HON. MRS. E. KENYON—Beautiful primrose yellow.

ORANGE
MISS WILLMOTT—Brilliant orange-pink; very large.

PINK
PRIMA DONNA—Exquisite clear light pink.

JANET SCOTT—A grand deep rich pink.

SCARLET
KING EDWARD VII—The finest crimson-scarlet.
QUEEN ALEXANDRA—Intense pure scarlet.

LAVENDER
FLORA NORTON—Clear bright blue.
LADY GRISEL HAMILTON—A grand pale lavender.

BLUE AND PURPLE
MRS. WALTER WRIGHT—Beautiful mauve.

BLUE AND PURPLE
LORD NELSON—Rich, deep navy-blue.

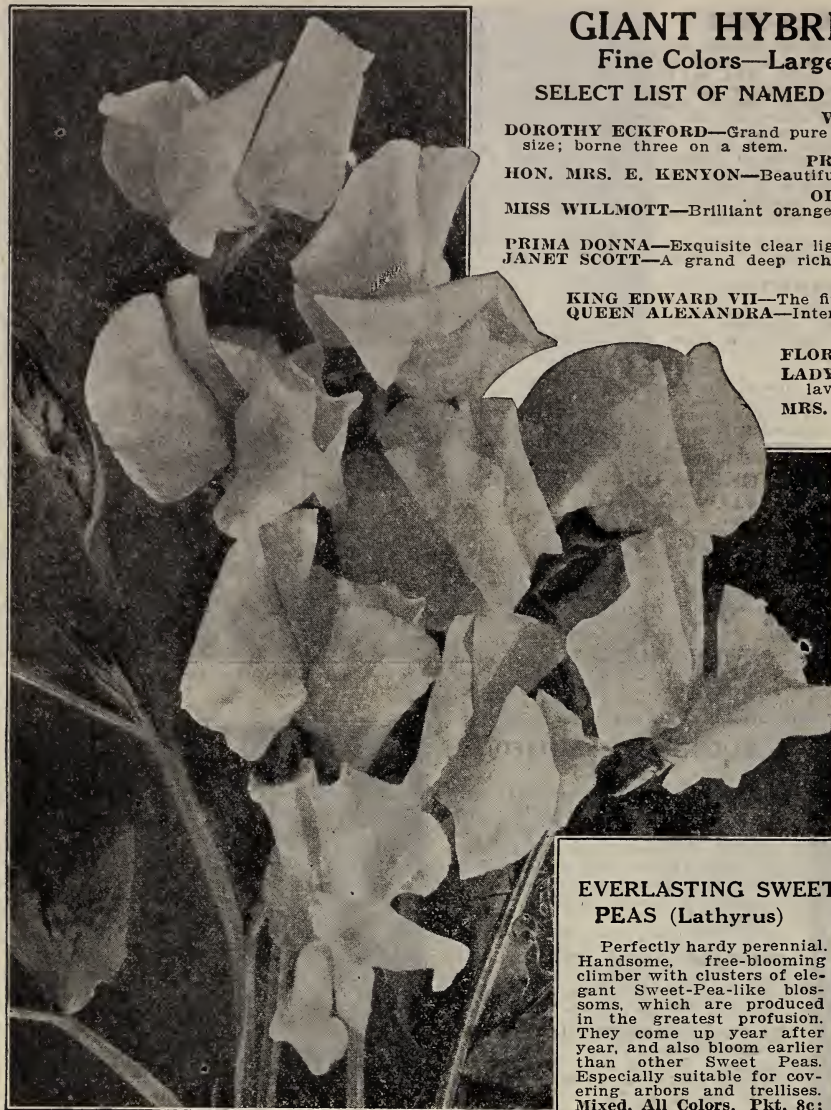

MAROON
BLACK KNIGHT—Very deep maroon, shaded black.

OTHELLO—Rich clear maroon.

STRIPED OR MOTTLED
AMERICA—Striped blood-red on white.
BLANCHE FERRY—The popular pink and white.

HELEN PIERCE—White, mottled, bright blue.

PRICES—For any of the above varieties: Pkt. 6c; ½ oz. 15c; 2 oz. 25c; ¼ lb. 45c, postpaid.

Buckbee's Pedigreed Gilt Edge Sweet Peas.

BUCKBEE'S PEDIGREED GILT EDGE MIXTURE SWEET PEAS

Best Colors, Largest Size, Very Fragrant.

This mixture is carefully blended by ourselves from all the finest colors in the right proportion for the most beautiful show and without question it cannot be surpassed for gorgeousness of colors and brilliancy of effect, embracing every known good sort to date in the large-flowering, new and best standard varieties. Pkt. 6c; ½ oz. 15c; 2 oz. 25c; ¼ lb. 40c; ½ lb. 75c; lb. \$1.25, postpaid.

FINE MIXED SWEET PEAS

A cheap mixture, but a real good one, and will please those who do not care for the fancy new varieties of late introduction. Pkt. 5c; ½ oz. 10c; 2 oz. 15c; ¼ lb. 25c; ½ lb. 45c; lb. 85c, postpaid.

EARLY FLOWERING SPENCER SWEET PEAS

The finest and largest. See painting from nature on Page 132.

Cupid or Dwarf Sweet Pea.

EVERLASTING SWEET PEAS (Lathyrus)

Perfectly hardy perennial. Handsome, free-blooming climber with clusters of elegant Sweet-Pea-like blossoms, which are produced in the greatest profusion. They come up year after year, and also bloom earlier than other Sweet Peas. Especially suitable for covering arbors and trellises. Mixed, All Colors. Pkt. 8c; ¼ oz. 25c.

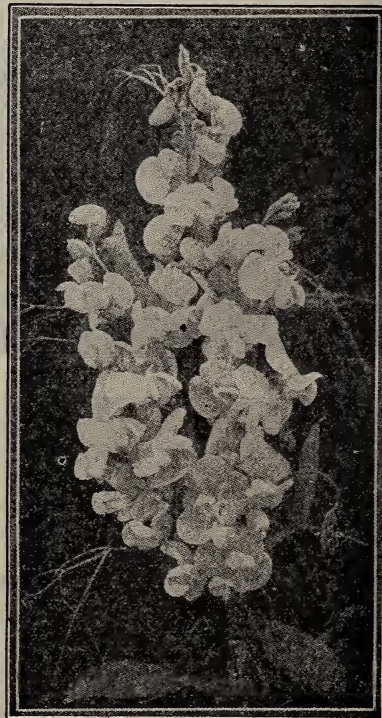

CUPID OR DWARF SWEET PEAS

In Fine Mixture.

These little beauties only grow 5 to 6 inches high, and excite wonder wherever seen; are very fragrant; bear full-sized flowers of fine substance, two or three on each stem; are profuse bloomers; excellent for beds, borders and pot culture. As they cover the ground so closely they are not so likely to suffer from drought as the tall sorts. Our mixture includes all the desirable colors and shades. Pkt. 8c; ½ oz. 18c; 2 oz. 30c; ¼ lb. 55c.

I had your plants last Spring and they are wonderful. The flowers are just beautiful and we are pleased with all the seed I get from Buckbee's. My Gladioli can't be beat. Everybody asks me where I got the bulbs. They never saw any as pretty as those in my garden. Am taking some to the community fair this year.

MISS KATE KARL,
Tomahawk, Wis.

Everlasting Sweet Peas.

Buckbee's Orchid Flowered or Giant Waved Spencer Sweet Peas

A wonderful type, quite distinct from the old sorts, with beautifully formed huge, open and upright standards and immense wings, the flowers measuring from 2 to 2½ inches across. Both standards and wings are daintily waved. A very large percentage of these varieties bear four or more of these immense flowers to the stem, making them unsurpassed as cut flowers. The following are the best of the new and old sorts:

AURORA—Salmon Rose, striped and flaked on white ground; very large.

CONSTANCE HINTON—The best black-seeded white.

DOBBIE'S CREAM—The largest and finest primrose-yellow.

DORIS—Scorching fire-red; does not burn in sunlight.

ELFRIDA PEARSON—The finest and largest light pink.

GEO. HERBERT—The largest and finest pure lavender.

HAWLMARKS MAROON—Giant wavy flowers, rich, glossy, deep maroon.

HERCULES—A lovely soft rosy pink, immense flowers.

ILLUMINATOR—Glowing orange, the nearest approach to real yellow yet seen; very large and beautiful.

IRISH BELLE—Apricot pink on buff ground.

JACK CORNWELL—Clear silvery blue, the best blue Spencer.

KING EDWARD SPENCER—Large deep crimson.

KING WHITE—New, hailed as the King of the Whites. Immense blooms, faultlessly frilled and waved.

MARGARET ATLEE—The best rich pink.

ORCHID—Soft lavender-blue; flowers of enormous size.

PICTURE—Rose-pink, wings white; an Improved Blanche Ferry.

PRESIDENT—Magnificent glowing scarlet, surpassing all in its class.

ROSABELLE—The largest deep rose.

ROYAL PURPLE—Immense flowers, rich royal purple.

ROYAL SCOT—Rich bright scarlet; surpassing all other scarlets in color, size, form and profusion of bloom.

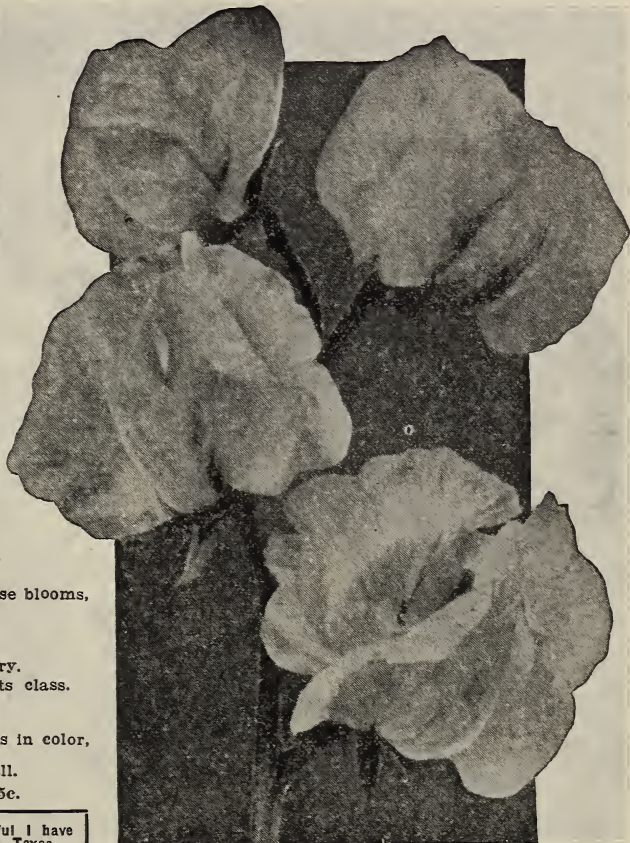

TANGERINE—Fiery orange-scarlet, most striking color of all.

Price for any of the above named varieties: Pkt. 8c; oz. 25c.

Your Grand Mixture of Giant Spencer Sweet Peas are the most beautiful I have ever planted.
MRS. SHELE TIREY, Waxahachie, Texas.

Buckbee's New Double Sweet Peas.

Buckbee's Orchid Flowered Mary Pickford.

BUCKBEE'S GRAND MIXTURE

Of Giant Waved SPENCER or Orchid Flowered SWEET PEAS This grand mixture is composed exclusively of Spencer Hybrids in proper proportion for most brilliant effect. It contains some most superb seedlings that have not yet been introduced. New and exquisite colors and shades, such as apricot, lavender, light and dark blue, several shades of pinks and scarlets from light shades to deep rose; also striped and mottled varieties, with purple and deep maroons, all of the waved and fluted Spencer type. Without exception this is the very finest mixture it is possible to make. Grow them liberally and they will make the finest display of Sweet Peas ever seen in your neighborhood. Pkt. 7c; oz. 20c; 2 oz. 35c; ¼ lb. 60c, postpaid.

BUCKBEE'S NEW DOUBLE FLOWERING SWEET PEAS

In Fine Mixture.

The so-called Double Sweet Peas are not a double flower in the true sense. Instead of one standard they have two or three, giving ruffled and fluted effects. Very showy and beautiful. Under favorable conditions they will produce a large percentage of double flowers. Usually the double and single flowers are borne about half-and-half. They are regular tall-growing Sweet Peas. One mixture includes every desirable shade and color. Pkt. 10c; oz. 25c; 2 oz. 35c; ¼ lb. 60c.

MARY PICKFORD SWEET PEAS

Named in Honor of America's Sweetheart

Hundreds of seedsmen from United States and Canada were present at Hollywood on June 10, 1925, when Mary Pickford was presented with a basket of these extremely beautiful Sweet Peas, which had been named for her. This Sweet Pea is well named as it has both grace and beauty, and has no rival. The color is a dainty cream pink with a slight suffusion of salmon, making a beautiful color combination. Flowers are large and often borne four to a stem, making it the finest Sweet Pea we have ever offered. Pkt. 15c.

Jack Cornwall.

Doris.

Hercules.

Dobbie's Cream.

Buckbee's Giant Flowered Zinnias.

WONDROUS WEATHER PLANT

This beautiful plant has, during the last few years created a great sensation. If the leaves stand upright, the sky will be cloudless; if they stand out straight, changeable weather is indicated; when the leaves hang straight downward, water may be expected to fall in torrents. A local storm is indicated by the curling together of the leaves. Bears clusters of bright yellow flowers, followed by pods with brilliant red seeds used for making beads, etc. Seeds should be soaked in luke warm water before planting. Pkt. 10c; $\frac{1}{4}$ oz. 35c.

BUCKBEE'S WONDERFUL ZINNIAS**NEW MEXICAN ZINNIA**

Very Dwarf—Very Small—Very Double.

This is the daintiest, prettiest Zinnia ever grown. Only about 12 to 15 inches high, bearing a profusion of small double flowers of unusual colorings. Pkt. 10c; $\frac{1}{4}$ oz. 20c.

NEW VICTORY QUILLED ZINNIA

Attractive Petals so Tightly Curled as to Resemble Quills.

It is distinct from all other Zinnias by the shape of its petals which are tubular at the base and expand toward the tip, displaying a rich variety of color. On the reverse side of the petals the color runs into a softer tint, making a beautiful combination. All colors, mixed. Pkt. 10c; $\frac{1}{4}$ oz. 40c.

NEW PICOTEE ZINNIA

A remarkable and beautiful new type of Zinnia developed in California. The flowers are always of the largest size, measuring 4 to 6 inches in diameter. The blooms come in many bright colors—pink, light and rich yellow, orange, etc., and all are tipped rich mahogany brown on the end of each petal. Pkt. 10c; $\frac{1}{4}$ oz. 30c.

RED RIDING HOOD ZINNIA

Of very dwarf and compact growth, only about 12 inches high. Covered the entire season with little button-like, very double flowers of brightest scarlet. These flowers are only an inch in diameter. Cannot be excelled as a border plant. Pkt. 10c; $\frac{1}{4}$ oz. 20c.

MAMMOTH ZEBRA—Large perfectly double flowers, as evenly imbricated as a camelia. Flowers variously striped and mottled; presenting all colors and shades. The finest strain of striped or Zebra Zinnias in cultivation. Pkt. 7c; $\frac{1}{4}$ oz. 25c.

LILLIPUT MIXED—Half the height of ordinary Zinnias. Blossoms small, double and of very brilliant colors. Pkt. 6c; $\frac{1}{4}$ oz. 25c.

BUCKBEE'S SUPERIOR DOUBLE MIXED—The grandest mixture of double flowers. Large size, brilliant colors. Pkt. 6c; $\frac{1}{4}$ oz. 20c.

BUCKBEE'S NEW GIANT FLOWERED—A superb new class of Zinnias, giant in size, measuring 4 to 5 inches across and perfectly double flowers, of richest, most varied colors and shades. Plants grow 3 feet high. There is much satisfaction in a bed of Zinnias with their twisted and recurved petaled flowers in many bright colors, and when nearly every other flower has been killed by frost this plant is still in full bloom. Few flowers are more easily grown or bloom more abundantly throughout the season, and the wide range of color is no less remarkable than their unusual depth and richness.

GIANT FLOWERED—SEPARATE COLORS—Crimson, orange, white, pink. Each, pkt. 10c; $\frac{1}{4}$ oz. 30c.
GIANT FLOWERED, CHOICEST MIXED COLORS. Pkt. 8c; $\frac{1}{4}$ oz. 25c.

LEMON VERBENA

Fragrant plant, easily grown from seed. Pkt. 10c; $\frac{1}{4}$ oz. 35c.

VERBENA ODORATA

Sweet Scented

Very sweet scented. Flowers pure white. Pkt. 8c; $\frac{1}{4}$ oz. 30c.

VERBENA CHOICEST PRIZE MIXED

From a most superb collection of named varieties. Very large in flower and corymbs, and of the richest and most brilliant colors. Pkt. 6c; $\frac{1}{4}$ oz. 20c.

VIOLET

The true hardy Violet. This should be in every garden, on account of its fragrance and early appearance. Succeeds best in a shady, sheltered place, and can be easily increased by dividing the roots. Finest Mixed. Pkt. 10c; $\frac{1}{4}$ oz. 40c.

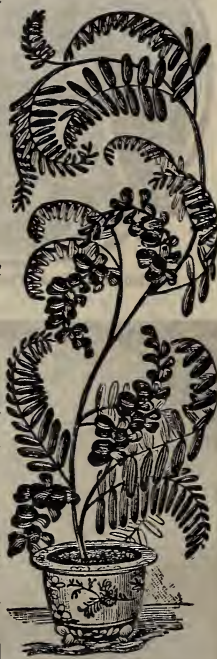

WALL FLOWER

SINGLE PARISIAN—This annual variety will flower throughout the Summer and Fall from seed sown in Spring. Pkt. 8c; $\frac{1}{4}$ oz. 15c.

DOUBLE MIXED—Spikes of deliciously fragrant flowers, combining many shades and colors, chocolate and orange-purple predominating. Half hardy perennial. Pkt. 10c.

WILD FLOWER GARDEN

A mixture of many varieties of beautiful, easy-growing flowers, producing a constant and varied bloom the whole season, and is especially suited for those who wish only a few seeds each of the leading varieties. In no other manner can so many seeds be obtained at such a small cost. Pkt. 5c; oz. 15c; $\frac{1}{4}$ lb. 45c.

Weather Plant.

Buckbee's "Full of Life" Flower Seeds

BUCKBEE'S PURE HONOR ASTERS

An Entirely New Race of Magnificent Asters

These are wonderful new Asters introduced by us. The blooms average from $3\frac{1}{2}$ to $4\frac{1}{2}$ inches in diameter, produced on long, single stems and about 90 per cent of them have no laterals. They are of a branching variety. Seed stock is limited, however. No garden is complete without this Honor Class and all lovers of Asters should include some or all of the following colors: **PURE HONOR WHITE**—There is no other white Aster that will retain its pure white color longer than the Pure Honor. The stems are long and strong, making it desirable for cutting. In bloom all summer. Packet about 75 seeds 15c.

PURPLE HONOR—This is identical to the above in size and form while the color is a deep rich purple and, used in combination with the above, makes a most pleasing contrast. Packet about 75 seeds 15c.

MERITORIOUS PINK—The very finest of all. Flowers are even larger than the above, borne on long, strong stems. Fine for cut flowers. Color a beautiful flesh pink. Packet about 75 seeds 15c.

MIXED HONOR—This comprises some of the above and many other splendid varieties blended in generous proportion. You will want nothing better in a mixture than this. You will be well repaid in satisfaction and pleasure. Packet about 75 seeds 12c.

Eusebe M. Rebello, New Bedford, Miss.—"Your Seeds of last year were the most wonderful for big flowers. All my neighbors thought they were grand."

Buckbee's Pure Honor Asters.

QUEEN OF THE MARKET ASTERS

Truly a Pleasing First Early Aster

The best early Aster, coming into bloom about two weeks earlier than almost any other kind. The flowers are very double, good-sized, and borne on long stems one foot high.

WhitePkt. 8c; $\frac{1}{4}$ oz. 25c
ScarletPkt. 8c; $\frac{1}{4}$ oz. 25c

POWDER PUFF

The New Rose Aster

Entirely distinct from any other Aster, and so superior to others, that it should be in every garden. In size it is two-thirds as large as Honor, and the head is so unusually solid and fine as to never show any center, and so of course very little seed can be found. The color (Rose Pink) lasts well either on the plant, or in water. Pkt. about 75 seeds 15c.

American Beauty Asters.

BUCKBEE'S NEW AMERICAN BEAUTY ASTERS

The Aristocrats of the Aster Family

When we first offered the American Beauty in 1918 we had an immense flower of a most pleasing color. This has been perfected so that now we have a flower 4 to 5 inches in diameter. In 1920 we listed for the first time New Purple American Beauty and later the New Lavender and September Pink—three varieties that are now in even greater demand than the original Carmine American Beauty. All four colors come true from seed and are of the same mammoth size as the original. We grow these wonderful Asters on our own farm and select the seed from the finest flowers only.

BUCKBEE'S RADIANT BRANCHING ASTERS

Truly Radiant in Color, Form, Grace and Beauty

The flowers are the most beautifully formed of all the large Asters and quite different in many respects from any known Aster. The plants are very vigorous and profuse bloomers. The flowers are unusually large, 5 to 6 inches in diameter, very double and borne on long stiff stems. The petals are of good substance, consequently flowers remain a long time in perfect condition. These magnificent blossoms being gracefully poised on strong, well-leaved stems 15 to 18 inches long are very desirable as cut flowers for vases in home decoration.

We offer the following separate colors: Pure White, Dark Blue, Rose Pink, Lavender, Crimson, Mixed. Pkt. 10c; $\frac{1}{4}$ oz. 40c.

BUCKBEE'S GIANT CREGO ASTERS

Pleasing, Stately, Handsome and Vigorous

Crego Asters are truly grand Asters and are of American origin. The flowers are immense, from four to five and often six inches across. The plants are of luxuriant branching growth, attain a height of two feet, each plant bearing from twenty to thirty magnificent flowers on very long strong stems which are borne in great profusion during August and September.

We offer the following separate colors: White, Purple, Scarlet, Rose, Lavender, Mixed. Pkt. 8c; $\frac{1}{4}$ oz. 30c.

BUCKBEE'S CANARY BIRD ASTER

The Only Aster Ever Grown of a True Sulphur Yellow Color

This wonderful Aster is no longer an untried novelty, having been grown by thousands of our customers, and is one of the finest we have ever offered. It is a robust, long stemmed, large flowering variety of exquisite beauty. Petals are broad and have the same color from base to tip. The flowers themselves are enormous and so double as to show no centers. Plants are branching, showing dozens of flowers at a time, and continuously in bloom until late fall. Its greatest value lies in its unusual color, which lasts well on the plant, or when cut. Pkt. 12c; $\frac{1}{4}$ oz. 60c.

Buckbee's Canary Bird Asters.

Buckbee's Giant Frost Proof Burning Bush.

BUCKBEE'S NEW GIANT FROSTPROOF BURNING BUSH

Strikingly Handsome
For Late Summer and
Fall Show

A new grand foliage plant for the garden. May also be used as a pot plant for Christmas and New Year decoration. This differs from the common variety of Burning Bush as it is more than twice the size and remains in splendid condition until after the new year, while the old variety dies early in the Fall. The pyramidal bushes may be grown singly or in the form of a hedge. In the early Fall the whole bush becomes a flaming red—whence the name Burning Bush. The beauty of the plant is in its trim shape and brilliant coloring, which is often the only touch of color in otherwise empty garden. Pkt. 10c; ¼ oz. 25c.

Giant Flowering Marguerite Carnation.

CARNATIONS

Buckbee's Famous Carnations Are World Renowned

GIANT-FLOWERING MARGUERITE—These lovely fragrant Carnations produce fine double flowers which often measure 3 inches across. The variety of color includes white, blush, deep pink, salmon, carmine, scarlet, dark crimson, maroon and many beautifully variegated flowers. Most of them have handsomely fringed petals, and are delightfully fragrant. One great merit of these Carnations is that they commence to flower in about three months from time seed is planted. Plants raised from seed bloom more profusely than propagated plants and are preferred. Seed planted in the Spring will bloom in August until frost; sow in summer for winter flowering plants. Desirable alike for pot culture and garden use. All colors mixed. Pkt. 10c; ¼ oz. 35c.

MARGUERITE CARNATIONS MIXED—Ordinary strain. Pkt. 8c; ¼ oz. 25c.

BUCKBEE'S EVERBLOOMING CARNATIONS—This is the famous Carnation that is grown so extensively by Florists for Cut Flowers. Our seed is saved from our wonderful collection of Carnation Plants grown in our celebrated Forest City Greenhouses at Rockford, and is obtained by hand fertilization of the best and most varied colored flowers. **Mixed Colors:** Pkt. 12c.

BURBANK'S MOLTEN FIRE

An Unusually Brilliant Foliage Plant—Nothing Like It Has
Ever Been Seen—Our Seed Is Grown in the Famous
Burbank Gardens

Nothing can compare with this new hardy annual for abundance and brilliancy of color. About August 1st you will have a bushy plant about two feet high with broad, bronzy-crimson, coleus-like leaves, of a clear, glistening, fiery, rose crimson, increasing in size and abundance until the whole plant is illuminated with huge tufts of flaming fire which can be seen for half a mile. These retain their brilliance for three months or more. Very easily grown. Pkt. 15c; ½ pkt. 25c, postpaid.

CHINESE LANTERN PLANT

Wonderfully Fascinating and Beautiful

A very showy, hardy, perennial plant; forms dense bushes about 2 feet high; it blooms early and produces freely the first season balloon-like husks, 2 to 3 inches across, much like a husk tomato; inside of these husks the fruit develops. These husks are green first, then gradually change to orange-scarlet; at that period of growth they strangely resemble miniature lighted Chinese lanterns, hence the name. Dried branches covered with these lanterns are used with splendid effect as parlor ornaments for fall and winter decorations. Pkt. 8c; ¼ oz. 30c.

BUCKBEE'S RAINBOW BOUQUET FLOWER

Delightfully Sweet Scented,
Exquisitely Beautiful,
Charming and Graceful

This striking and attractive flower is one of the finest you can grow for cut flowers and bouquets. Beautiful and deliciously sweet scented flowers are borne on long strong stems and are particularly striking, lasting for several days after cutting. The most satisfactory way is to plant seed every two weeks from May until July and you should have blossoms continuously from early summer to late fall. All colors from purple to white, including rose, lavender, etc., make a veritable rainbow of color. Flowers are well shown by illustration. Pkt. 10c; ¼ oz. 25c.

Buckbee's Rainbow Bouquet Flower.

Burbank's Molten Fire.

Columbian Climber.

COLUMBIAN CLIMBER

Remarkably Beautiful.
Quick Growing, Free
Blooming Annual
Climber

The most superb of all Annual Climbers and used almost exclusively for decorating the pillars, etc., at the World's Columbian Exposition, where its graceful habit won the admiration of all who saw it. It is a splendid, rapid grower, of easy culture, always a dense mass of a rich exquisite green, showing no open spaces. Accompanying the luxurious foliage are large purple flowers of marvelous beauty. There are so few climbers that can be grown easily from seed and so few blue flowers of any kind that our Columbian Climber is especially desirable for use in all gardens. It is rarely troubled by insects and heat and drought do not seem to affect it in the least. Pkt. 12c; 1/4 oz. 30c.

New Double Anemone Flowered Cosmos.

CHRYSANTHEMUMS

Wonderful Prize Winning Varieties. Easily Grown from Seed. Flowers of Every Color. Unequalled for Bouquets. Most Desirable for House Plants and Flower Beds

BUCKBEE'S LARGE FLOWERING CHOICEST MIXED—Best suited for pot culture and cut flowers. These are the famous Chrysanthemums that are grown so extensively by florists for cut flowers. Our seed is saved from our own collection of plants; of the best and most varied colored flowers. The practice of raising these flowers from seed is now largely adopted by growers. From a sowing made in February fine plants may be grown which will furnish a magnificent display during the Autumn and Winter months. Buckbee's Choicest Mixture, Pkt. 12c.

FRENCH MARGUERITES—Annual. The plants grow 18 inches high and produce beautiful large flowers of many bright colors. Single and Double Mixed. Pkt. 7c; 1/4 oz. 15c.

BABY GOLDEN GLOW—Annual. Two feet high; flowers early and profusely. Bright yellow double blossoms. Flowers are desirable for bouquets and last well in water. Pkt. 8c; 1/4 oz. 20c.

SNOWBALL—Annual. Two feet high. Flowers beautiful snow white, very double. Very beautiful to use for cut flowers, or in the garden. Pkt. 8c; 1/4 oz. 15c.

Magnificent, Free Blooming, Easily Grown Annual. Flowers Wonderfully Colored. Very Desirable for Late Summer and Fall Effects

GIANTS OF CALIFORNIA—This strain is noted both for beauty and the gigantic size of its flowers, which measure 4 to 5 inches across. The colors are very varied and beautiful. Choicest mixed. Pkt. 10c; 1/4 oz. 20c.

NEW EARLY FLOWERING—Grace, daintiness and brilliancy are the characteristics of this pretty flower, with its yellow heart, encircled with broad, daisy-like petals, carried on long slender stems, rising from a cloud of feathery foliage. Blooms from July to November. Superb mixed. Pkt. 10c; 1/4 oz. 25c.

KLONDYKE—Gorgeous golden-yellow flowers on long stems, and measure from 2 1/2 to 3 1/2 inches across. Later than the above varieties, so seed should be planted early in a warm sunny place. Foliage graceful and attractive, making this one of the most desirable of the Cosmos. Pkt. 10c; 1/4 oz. 30c.

NEW DOUBLE ANEMONE FLOWERED—The flowers vary considerably in their degree of doubleness, some are absolutely double, others have a frill or collar surrounding the double disc, and others again are single, but all are very large and beautiful and are produced in great profusion in fall. (See illustration.) Mixed colors. Pkt. 12c; 1/4 oz. 35c.

PAINTED DAISIES

The Most Gaily Colored
Flowers Grown

HYBRIDUM GRANDIFLORUM SINGLE

Large, bright and showy, daisy-like flowers ranging in colors from white, light pink to deep red with bright yellow centers, blooms in spring and again in the fall. The flowers are invaluable for cut flowers, being borne on long stems and lasting a long time. The foliage is most elegant in its finely cut, fern-like form and fresh deep green color. Nothing surpasses these flowers for profusion of bloom during the season and being so easily grown they ought to have a place in every garden whether large or small; height 2 feet. Hardy perennial. Pkt. 10c; 1/4 oz. 40c.

HYBRIDUM DOUBLE—Hardy perennial; large double beautiful flowers resembling a refined China Aster. Height 1 1/2 ft. Pkt. 15c.

Buckbee's Large Flowering Chrysanthemums.

Painted Daisies.

Cardinal Climber.

CARDINAL CLIMBER

The Most Beautiful and Brilliant Annual Climber

A strong and rapid grower attaining in good soil and in a sunny situation a height of 30 feet or more; it has beautiful fern-like, laciniated, rich green foliage, and from mid-summer till frost is literally covered with clusters of tubular flowers, 1½ inches across, of a dazzling scarlet color. No other flower is as graceful and beautiful climber as this wonderful plant. If started outdoors, seed must not be sown until the weather is settled and warm; otherwise the seed is liable to rot. File or cut a small notch in each seed and soak in lukewarm water overnight to hasten germination. Pkt. 10c; ¼ oz. 35c.

Everlasting Helichrysums.

DAHLIAS

Buckbee's World Beating Collection of Stately Dahlias Have a National Prize Winning Reputation

The Dahlia still holds its place as king of all the outdoor Autumn flowers, and they may be grown to the greatest perfection from seed, blooming beautifully the first Summer. Anyone can have a magnificent display of these regal beauties at very small cost. They continue to bloom profusely until frost, when the bulbs may be taken up, stored where they will not freeze, then set out again the following Spring. This may be continued year after year with success.

BUCKBEE'S DOUBLE LARGEST FLOWERING MIXED—A superb mixture of the finest double varieties of the largest size and finest colorings. Pkt. 12c; ¼ oz. 45c.

DOUBLE CACTUS FLOWERING MIXED—The most beautiful in cultivation. They are unequalled for rich and varied colors and perfection of form. Pkt. 10c; ¼ oz. 40c.

DOUBLE FINE MIXED—A satisfactory mixture, and a goodly proportion of the flowers will be double. Pkt. 8c; ¼ oz. 35c.

SINGLE NOVELTY MIXED—Brilliant flowers running through a wide range of striking colors. Pkt. 7c; ¼ oz. 20c.

For Dahlia Plants see Pages 130-131.

EVERLASTING HELICHRYSUMS

"The Famous Straw Flower"

The Dried Flowers Make Fine Winter Bouquets

Cut the flowers with as long stems as possible, when about half open, strip the foliage from the stems, and tie together in loose bunches. Then hang them up with the heads down, in a cool, dark, dry place until thoroughly dried and cured. They will retain their vivid colors and last nicely all winter.

FIREBALL—The brightest of them all. Work splendidly in any bouquet. Pkt. 10c; ¼ oz. 25c.

SNOWBALL—A pleasing contrast to the above, being a pure white color. Pkt. 10c; ¼ oz. 25c.

VIOLET BALL—A beautiful color, and the darkest of the Helichrysums. Pkt. 10c; ¼ oz. 25c.

PINK BALL—Very soft, delicate color. This is the daintiest and one of the best. Pkt. 10c; ¼ oz. 25c.

GOLDEN BALL—Intense golden yellow. This bright color never fails to attract the admiration of all. Pkt. 10c; ¼ oz. 25c.

FINEST MIXED—Pkt. 8c; ¼ oz. 20c.

Dahlia—Buckbee's Largest Flowering.

CYCLAMEN

THE BEAUTIFUL PERSIAN VIOLET

Buckbee's Mixture of Cyclamens Contains Many Wonderful Colors

Charming plants, with beautiful foliage and richly colored fragrant flowers. Universal favorites for Winter and Spring blooming. The Giant varieties have large leaves and stout flower stalks, throwing their flowers well above the foliage. Seed may be sown at any time during the Spring or Autumn.

BUCKBEE'S LARGE FLOWERED MIXED. Pkt. 15c.

PERSICUM—Splendid Mixed. Pkt. 12c.

Buckbee's Large Flowered Cyclamen.

Larkspur or Delphinium.

DELPHINIUM—PERENNIAL

BUCKBEE'S GOLD MEDAL HYBRIDS (Hardy Perennial)—Produce beautiful spikes of immense flowers, semi-double and double, from 2 to 3 feet in length. The colors are very beautiful, ranging from pure white through all the shades of lavender and blue, to deep purple. Mixed colors. Pkt. 15c; ¼ oz. 45c.

CARDINAL—True cardinal red color. One of the finest of the perennial Delphiniums. Pkt. 10c; ¼ oz. 45c.

CHINESE BLUE BUTTERFLY—A pleasing blue perennial with the graceful foliage of the annuals. Pkt. 8c; ¼ oz. 20c.

LARKSPUR OR ANNUAL DELPHINIUM

NEW EXQUISITE—Beautiful soft, apple blossom pink color. The finest of the annual Larkspurs. Make a wonderful show in the garden and lasts nicely when cut for bouquets. Pkt. 10c; ¼ oz. 30c.

DWARF DOUBLE GIANT MIXED (Annual)—Our strain of Giant Larkspur is a vast improvement over the old varieties, more flowers being double and all of them much larger and finer colors. They make handsome beds and borders and are of exceptional value for cutting purposes. Sown in the open ground early in Spring, plants will be in bloom at the beginning of July. Pkt. 7c; ¼ oz. 15c.

Buckbee's Beautiful Portulaca.

MARIGOLD

Buckbee's Improved Varieties of Marigolds Are of Large Size and Strikingly Effective

LEMON BALL—The extra large flowers are perfectly rounded—of nearly ball-like form; the color is a clear canary-yellow. The brightness of coloring and perfection of form make them resemble large double yellow Dahlias, only produced so much more abundantly and for a longer season. Pkt. 10c; ¼ oz. 20c.

ORANGE BALL—The flowers are perfectly double, forming a complete sphere. This variety is absolutely invaluable towards an effective garden display. Very fine for cut flower purposes; arranged with other flowers the effect is very striking. Pkt. 10c; ¼ oz. 20c.

Marigold—Lemon Ball and Orange Ball.

BUCKBEE'S TALL GIANT FLOWERING MIXED NASTURTIUM

A wonderful diversity of rich colors and new and striking combinations are found in this unequalled mixture. A row in full bloom is truly gorgeous beyond description, containing as it does every shade and tint of yellow, rose, scarlet, carmine, orange, lemon, bronze, violet, purple maroon, ruby, cream and pink, both in solid colors and mottled and striped in many showy and exquisite ways. Pkt. 10c; oz. 20c; ¼ lb. 70c; lb. \$2.25.

BUCKBEE'S DWARF GIANT FLOWERING MIXED NASTURTIUM

These grand new bedding Nasturtiums are extremely brilliant and gorgeous. Being very productive, there is always a great abundance of the most magnificently hued flowers of immense size. The colors are very intense and make a wide contrast not to be found in common mixtures. The plants are suitable for edging, growing quickly and forming a compact, bushy border for beds and along walks. The flowers are very sweet-scented and are very desirable for cut flowers. The foliage shades from light green to a deep blue-green. Pkt. 10c; oz. 25c; ¼ lb. 80c; lb. \$2.50.

BUCKBEE'S NEW LARGE FLOWERED SPENCER NASTURTIUMS

The most wonderful Nasturtium ever offered. A very effective type with peculiar waved emerald green leaves, making a symmetrical dwarf bush of perfectly round formation. The flowers come in many bright colors. Pkt. 10c; oz. 25c.

PORTULACA OR MOSS ROSE

This charming annual is unrivaled for brilliancy.

DOUBLE MIXED—Nothing is prettier for beds, edging, rock work, etc. Colors of most brilliant shades, including white, yellow, salmon and carmine. Seed saved from perfect double flowers, resulting in a gorgeous mass of color. Pkt. 10c; ¼ oz. 40c.

SINGLE MIXED—Too much cannot be said in favor of these wonderful single varieties; many consider them more beautiful than the double. Colors are varied, bright and cheery. Easy to grow. Plant seed out of doors early and your flower garden will be a riot of color from early summer until fall. Pkt. 7c; ¼ oz. 15c.

Nasturtium—Buckbee's Giant Flowering.

PETUNIAS

BUCKBEE'S FAMOUS
GIANTS OF CALIFORNIA

Our Petunias Are World
Renowned

A California strain of great beauty, size and luxuriance. This is a mixture of the best large flowering and fringed Petunias, the flowers often measuring 5 to 6 inches across. The variety of colors, markings, veinings and blotches distinguish them from all others. The seed is carefully selected from especially fine plants. The flowers are usually ruffled and fringed on the edges and present a most wonderful appearance. This is without question the largest, prettiest and most wonderful Petunia ever grown. Equally desirable in pots in the house or grown in beds out of doors. Seed is very fine and care must be used not to plant the seed too deep. Pkt. 15c.

Pansy—Buckbee's Giant Masterpiece.

BUCKBEE'S GIANT MASTERPIECE PANSY

Magnificent and Strikingly Attractive

This magnificent Pansy comes nearer to being a double Pansy than anything ever introduced under that name; the border of every petal being conspicuously crimped and curled in such a fashion as to make the flowers appear double. The color combinations are very odd and contain some choice tints not found in any other strain of Pansies. Pkt. 15c; 2 for 25c; ½ oz. \$1.00.

BUCKBEE'S GIANT FLOWERING MIXED PANSY

The Very Best Pansy Mixture Ever Offered

In this magnificent mixture of giant flowering Pansies the colorings are wonderfully rich and varied; every shade and tint of rose, canary-yellow, black, white, cream, lavender, garnet, sky-blue and orange are produced in endless variations and striking combinations while others have silvery grounds, heavily blotched at the base of each petal with a dark, rich shade. The enormous flowers are of thick, velvety texture, perfect form, and borne on long stems well above the foliage. The compact, rounded plants are of sturdy habit and deep rooted so that they bear the gigantic flowers profusely and continuously. Pkt. 12c; ½ oz. 75c; oz. \$5.50.

STEELE'S NEW MASTODON PANSY

The American Wonder Pansy

The largest Pansy ever grown. Nothing like it ever seen before. Flowers come in every known color and show shades never seen in any other strains. Blooms very early and continuously. Pkt. about 50 seeds 15c.

Poppy—Buckbee's Giant Double Mixed.

POPPIES

(Buckbee's Giant Grandest
Double Mixed)

The Best in Annual
Poppies.

A dazzling assortment of double Poppies in many brilliant color combinations as well as the daintiest and most delicate tints. Useful as cut flowers if gathered in the early morning while still moist with dew. Pkt. 10c; ½ oz. 20c; oz. 35c.

POPPIES

BUCKBEE'S
ORIENTAL HYBRIDS

The Best in Perennial
Poppies.

Hardy perennials with enormous flowers in endless variety of gorgeous colorings and markings. These flowers attracted more attention on our Rockford Seed Farms last summer than any other plant. Enormous flowers, some of them 8 inches across in the most wonderful colors. Assorted colors. Pkt. 10c; ½ oz. 30c.

Petunia—Giants of California.

BUCKBEE'S MAMMOTH PRIZE MIXED PHLOX

The Most Satisfactory and Attractive Phloxes Ever Offered

Their long duration in bloom, combined with their almost unequaled richness and color, renders these Phlox of invaluable service in the flower garden. The color ranges in every conceivable shade. The flowers are twice the size of common Phlox, of great substance and beautiful form. The plants are of stout branching habit, always erect. BUCKBEE'S MAMMOTH PRIZE. Grandest of all Phlox, in finest mixture. Pkt. 10c; ½ oz. 35c.

NEW DWARF, LARGE FLOWERING PHLOX

Showy and Effective

A lovely strain with immense flowers. The plants grow erect, only 6 to 8 inches high. For bedding alone, or as borders in beds with taller varieties, it is one of the most brilliantly effective annual flowers. A choice flower of countless shades.

Dwarf Mixed—Many beautiful colors. Pkt. 10c; ½ oz. 30c.

For other Phlox Seed See Page 121.

For Phlox Plants see Page 155 and Inside Back Cover.

Phlox—Buckbee's Mammoth Prize Mixed.

Red Hot Poker Plant.

RED HOT POKER PLANT

**A Stately and Dignified
Perennial of Rare
Grace and Beauty**

Raising this plant from seed is interesting and easily done. If seed is sown early indoors and plants set out in early Spring they will bloom in July or August. The scarlet and yellow flower spikes are attractive either in the hardy border or vases. Surpasses the finest Cannas for attractiveness and brilliancy; blooms incessantly from August until November. Plant shows from 6 to 10 grand flower stalks all the time, each holding at a height of 3 feet a great cluster of flame colored flowers. Our seed is saved from many choice hybrid varieties. Pkt. 10c; ¼ oz. 35c.

Sweet Scented Scabiosa.

BUCKBEE'S FAMOUS SNAPDRAGONS

**Delightfully Sweet Scented Flowers, Always in Bloom—Colors
Bright and Attractive**

Snapdragon now rivals the Sweet Pea in popularity, and it is one of the most valuable flowers which can readily be grown from seed, whether intended for cutting or for show in the garden. Buckbee's Greatly Improved Snap Dragon or Antirrhinum are in a class by themselves. Equally valuable for outdoor bedding purposes and for cut flowers.

FIRE KING—Deepest cardinal red. Pkt. 10c; ¼ oz. 35c.

YELLOW BEAUTY—Bright orange yellow. Pkt. 10c; ¼ oz. 35c.

SILVER PINK—One of the best. Pkt. 10c; ¼ oz. 35c.

QUEEN VICTORIA—White shaded cream. Pkt. 10c; ¼ oz. 35c.

Special Offer—1 packet each of the four Snapdragons listed above for 36c.

BUCKBEE'S GIANT MIXED—The flowers of this new type are double the size of older sorts, are more closely set on the stems and the colors most clear and brilliant. Pkt. 10c; ¼ oz. 30c.

TOM THUMB—Eight inches high. Finest mixed, all colors. Pkt. 8c; ¼ oz. 25c.

Buckbee's Famous Snapdragons.

SWEET SCENTED SCABIOSA

**Buckbee's New and Greatly Improved Varieties of Fascinating
Attractiveness and Delightful Beauty**

This is one of the most attractive of old fashioned flowers. No garden is complete without a bed of fragrant Scabiosa. Their ease of culture and the long flowering season warrants their presence in every garden. The flowers are produced in great abundance and borne on long stems, making them very attractive and useful for cutting purposes.

BLACK KNIGHT—Deep velvety purple. Pkt. 10c; ¼ oz. 20c.

FIERY SCARLET—Rich vermillion red. Pkt. 10c; ¼ oz. 20c.

APPLE BLOSSOM—Delicate shell pink. Pkt. 10c; ¼ oz. 20c.

SNOWBALL—Purest white. Pkt. 10c; ¼ oz. 20c.

DWARF DOUBLE LARGE FLOWERING MIXED—Pkt. 8c; ¼ oz. 15c.

BUCKBEE'S TALL DOUBLE LARGE FLOWERING MIXED—Pkt. 8c; ¼ oz. 25c.

CAUCASIA (Blue Bonnet)—Hardy perennial, 3 feet high. Flowers lilac-blue on long stem; fine for cutting. Pkt. 10c; ¼ oz. 45c.

Superb Velvet Flower.

BUCKBEE'S SUPERB VELVET FLOWER

**Most Attractive, Free
Blossoming, Easily Grown
Annuals—Every Flower
Makes a Perfect Picture**

Very showy bedding or border plants with richly colored, erect, funnel-shaped flowers. The flowers are very beautifully marbled and penciled purple, scarlet, crimson, yellow, buff, blue and almost black. Bloom from August to October. Each one richly veined with gold. Our new velvet flower forms one long leading stem about 30 inches high from which branch out near the top many side shoots, each bearing a large flower, thus forming a veritable bouquet of the most beautiful flowers. A bed of velvet flowers in full bloom is strikingly beautiful. Mixed Colors. Pkt. 10c; ¼ oz. 35c.

Sweet Peas—Early Flowering Spencer.

SWEET WILLIAM

Buckbee's

Hardy Everblooming

The Floral Wonder. Blooms in 50 days from sowing of seed—Flowers all Summer and Fall—Last for Years

The old favorite Sweet William, as all know, does not flower until the second year, from seed, but this new hybrid strain begins to bloom in 50 to 60 days from seed sown in Spring and continues to flower all Summer and Fall. It is entirely hardy and will last for years. The plants are about one foot high, are neater and prettier than the old variety and bloom long after they are gone. The flowers are very fragrant and similar to the old Sweet William in size and form. Some of them have smooth edges and others are deeply fringed. All Colors Mixed. Pkt. 10c; ¼ oz. 35c.

Hardy Everblooming Sweet William.

BUCKBEE'S NEW EARLY FLOWERING GIANT SPENCER SWEET PEAS

A New Race Five to Six Weeks Earlier Than the Regular Spencer Sweet Peas

The plants are very vigorous growers, profuse and continuous bloomers. They come into flower five to six weeks earlier than the other Spencers and if grown outdoors and the flowers are kept picked, will bloom in the Northern states until late summer. The flowers are of immense size.

CANARY BIRD—Exquisite light cream-pink.

COLUMBIA—A soft shade of pale pink.

GLITTERS—Rich bright crimson.

PRINCESS—A rich pleasing mauve-lavender.

SNOWSTORM—The best pure white early Spencer.

TORCH—Deep orange-scarlet or flame color.

ZVOLENEK'S ROSE—Deep rose-pink.

YARRAWA—The new famous early blooming Australian variety. Commences flowering two weeks before any other large flowering sort and continues weeks after other Sweet Peas. Large, waved, rose-pink flowers.

EARLY FLOWERING GIANT SPENCER MIXED—Made up especially for our customers from the above and many other new varieties.

Any of the above Early Flowering Spencers: Pkt. 10c; ¼ oz. 25c.

BUCKBEE'S MAMMOTH WORLD BEATING DAHLIA FLOWERED ZINNIAS

Quality—Nothing But Quality

There is no flower can equal the Zinnia for effect and lasting quality and in our new Dahlia Flowered Zinnias we have a strain that must be grown to be appreciated. Colors that are found in no other flower. Long strong stems and in bloom continuously until frost.

EXQUISITE—One of the most attractive offered; the flowers closely resemble a Dahlia in form and size. Color is light rose with deeper rose center. Pkt. 15c.

MONARCH—A meritorious variety. Plants very vigorous. The best red shade. Pkt. 15c.

ORIOLE—An immense orange and gold bicolor changing slightly as it ages but always magnificent. Pkt. 15c.

POLAR BEAR—Best large pure white ever seen in a Zinnia. Truly Dahlia flowered. Pkt. 15c.

MIXED COLORS—Nothing like it ever seen in a Zinnia. Flowers mammoth in size and in appearance more like a Dahlia than a Zinnia. Colors range from dark purple to white. Pkt. 12c; 3 pkts. 30c; ¼ oz. 55c.

Verbena—Buckbee's Giant Cosmopolitan.

BUCKBEE'S GIANT COSMOPOLITAN MIXED VERBENAS

This selection and mixture embraces all the choice and most desirable colors in the Giant Flowering Verbenas. The shades are mostly very delicate and dainty. Many of the individual forets are nearly as large as a silver half dollar. Pkt. 10c; ¼ oz. 35c.

MAMMOTH VERBENAS IN SEPARATE COLORS

There is a growing call for flower beds of one color, so we have grown the following to meet the demand:

Blue King

Purple

Scarlet Defiance

Burbanks' Pink May-flower

Italian Striped

Pure White

Yellow

Any of the above colors, pkt. 10c; ¼ oz. 35c.

Zinnia—Buckbee's Mammoth Dahlia Flowered.

BUCKBEE'S "Full of Life" SUMMER FLOWERING BULBS

bloom. Remember, the Bulbs offered are large, sound and solid with live center shoots and are far superior to the small Bulbs frequently offered.

Cinnamon Vine.

Japanese Air Plant

Unique—Fairy-Like, Dainty and Delightful

This charming, decorative, curious and wonderful Air Plant requires no water or soil to thrive, but lives on air and will keep fresh and green and fluffy for an indefinite period. Very ornamental and suitable for all occasions, presenting at all times a fresh, green, feathery, attractive appearance. The plants can be hung or placed in any receptacle desired. Nothing is prettier for home decoration or more acceptable for a gift. 25c each, 3 for 70c, postpaid.

Crown of Thorns

The Great Biblical Plant

On the Wild Rocky Hills of Judea this emblematic plant is found. Very peculiar, thorny, with a few bright green leaves and an abundance of light rose blossoms. Easy to grow; can be trained to assume any desired shape. Fine plants, 30c each; 3 for 85c, postpaid.

Crown of Thorns.

Buckbee's New Hardy Wistaria

Tuberous Rooted

A valuable and desirable tuberous-rooted twiner, resembling Wistaria in form of leaf and flower, but smaller. Grows to a height of 8 to 10 feet. Dies to the ground each Winter, but the tuberous root is perfectly hardy. The numerous clusters of deep purple, pea-shaped blossoms have a strong, delicious violet fragrance. A valuable vine for trellis or rock work. Plant two or three bulbs near together to produce a mass of vines and flowers. 15c each; 3 for 40c; doz. \$1.35, postpaid.

Cinnamon Vine

Beautiful Foliage, Dainty Flowers, Exquisite Perfume

Hardy climber with dark green foliage, and late in the season bearing a profusion of small white flowers of a delicious cinnamon fragrance. Perfectly hardy everywhere, the vines dying down to the ground each Autumn, but growing very rapidly in early Spring, soon covering any trellis or arbor. Where you wish to hide unsightly places we would suggest planting the Cinnamon Vine. Every tuber sure to grow. Plant any time in Spring. Please order at once. Price of bulbs, 10c each; 3 for 25c; doz. 95c, postpaid.

Cyclamen

(New Giant Flowered Persian Violet)

Most beautiful of all pot plants, giving the richest profusion of elegant flowers; foliage decidedly handsome, being variegated with different shades of green, helping to show off the richly-colored flowers. In fact, a plant in bloom resembles a tastily arranged vase of flowers and beautiful foliage. Price of choice bulbs, 30c each; 3 for 85c, postpaid.

New Giant Flowered Cyclamen.

Elephant's Ear—Caladium

A very effective plant for setting out on the lawn either singly or in beds, and massed in combination with Cannas it is superb. Caladiums will grow in any garden soil, but if given lots of moisture and rich soil they will grow to an enormous size, 5 to 6 feet high. It is invaluable for a tropical effect. Bulbs are safely stored over winter in dry sand.

Good Size Bulbs. A very satisfactory size to plant. Always makes a splendid growth. Each 15c; doz. \$1.50, postpaid.

TUBEROUS—ROOTED WISTARIA

Larger Bulbs. This is an extra large size, and is one we recommend for best results. Each 25c; doz. \$2.50, postpaid.

Mammoth Size Bulbs. A mammoth bulb that will make the arrest plants you have ever grown. Each 45c; 3 for \$1.25, postpaid.

Elephant's Ear—Caladium.

New Canna—Apollo.

NEW CANNA—BRUTUS

A Wonderful Red Canna with Large Handsome Foliage—Very Large and Beautiful.

This unusual flower is about 7 inches across when open and so fine that few varieties can compare with it. Color is rich, glowing, bright, crimson red. The flowers are well rounded, very attractive, and produced on strong erect stalks well above the glossy foliage which is large and about 4 feet high. This Canna is a Giant, and very scarce and beautiful. It should have its place in every garden, as the bright and striking colors show up to advantage with other flowers as well as alone by itself. Price each 30c; doz. \$3.00, postpaid.

NEW CANNA—HAMLET

See Illustration. This Is One of the Finest Pink Cannas Grown Today. In the many acres of Cannas that we grow, it is hard to find a color that will show up with the Pink, and, in all the Pinks we have never seen one that can equal the "Hamlet." The flowers are of large size, borne on heavy trusses, and bloom continuously. Color is a glowing pink, very bright and clear. It is a profuse bloomer and one of the best varieties for bedding. The foliage is large, attractive and unusually heavy; usually grows 3½ feet high. Price 45c each; doz. \$4.50, postpaid.

NEW CANNA—OTHELLO

Large Yellow Flowers Which Are Beautifully Spotted and Marked with Red.

This is an Orchid Flowered Canna with very heavy and dark foliage. Flowers will average 5 to 7 inches in diameter, while the individual petals are 3 to 3½ inches in diameter. Color is a deep, rich yellow, softly spotted and blotched with red. Some plants will occasionally give a scarlet or striped flower, which is an improvement rather than a defect. You will find this a very showy variety with its yellow and scarlet and yellow flowers held well above the heavy green foliage. Price 25c each; doz. \$2.50, postpaid.

NEW CANNA—ROMEO

Pure White—Large Size—Free Bloomer—Beautiful Form and Extremely Attractive.

There are very few White Cannas that make an attractive looking plant as the flowers are usually small, and of a faded creamy white color. In the New Romeo, however, you will find a flower fully equal to the best pinks and reds. The heads of bloom are very large, often 7 to 9 inches in diameter, and the color is a pure clear white, stems are long and strong and hold the flowers well above the foliage, which is rich and luxuriant. Singly or planted with other colors, you will find it very ornamental. Price each 40c; doz. \$4.00, postpaid.

BUCKBEE'S LARGE FLOWERED CANNAS

Cannas are about the showiest of any flowers that we know of. They bloom from early Summer until killed by frosts and will do well in any location or any kind of soil.

NEW CANNA—APOLLO

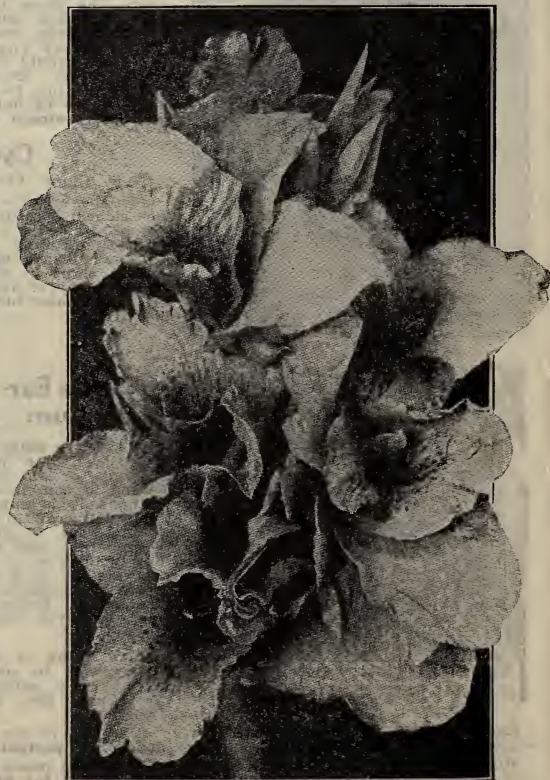

Extra Early Flowers Which Are Showy and Conspicuous; Easily Grown—One of the Best.

We consider this the best Canna we have. At all events it is unusually attractive at all stages of its growth. Foliage is tall and the large leaves are clean and glossy. The plants are crowned with immensely large flowers which are fully 6 to 8 inches across. The color is brilliant yellow, beautifully blotched and spotted with scarlet. Flowers are always produced on massive stems, set well above the foliage. Price each 50c; doz. \$5.00, postpaid.

NEW CANNA—ATLAS

Deep Rose Pink Color. Blooms Early and Remains Until After Severe Frosts.

This handsome new variety of our own introduction stands out distinct among others of this color. The color is a deep, warm Rose Pink which holds its color through any kind of weather, whether it is hot or cold, wet or dry. The large full petaled trusses are borne freely on heavy stalks and make a wonderful show throughout the Summer and Fall. Usually grows 3½ to 4 feet high and every plant will bloom continuously. Grown in beds or clumps, the New Atlas Canna is wonderfully beautiful, while single specimens are also very attractive. Price each 35c; doz. \$3.50, postpaid.

New Canna—Hamlet.

The plants I got from you were received in good condition and are all growing splendidly. I am well pleased with them.

MRS. C. N. RESCHAR, Jeffersonville, Ind.

BUCKBEE'S LARGE FLOWERED CANNAS

Cannas are very effective when planted in masses of one variety, setting the plants almost 2 feet apart. They are also very showy when planted in mixed borders.

NEW CANNA—HERCULES

A Wonderful New Variety of Largest Size and Beautiful Form. This is the Best Orange Flowered Canna Grown.

This is a splendid plant blooming throughout the summer and fall. The flowers are pure golden yellow color—a color which contrasts nicely with the attractive dark-leaved foliage. The plants grow upright and are usually five feet tall. The flowers are produced in large clusters, well above the foliage. When grown with a clear scarlet, such as Vulcan, the New Hercules will present a wonderful appearance. This is a color which will show anywhere and should be planted in your border, in clumps or singly by themselves. In any location they will prove very attractive. Price each 50c; doz. \$5.00, postpaid.

NEW CANNA—ADONIS

Strong Grower—Free Bloomer—Deep Rose Pink Color.

A clear glossy rose-pink flower freely produced. The color is clear rose-pink, not having any suggestion of Salmon. Plants are dwarf and compact and throw off many flower stalks, which are covered with flowers from spring until fall. Blooms are of medium size, good substance, and last well. Price each 45c; doz. \$4.50, postpaid.

New Canna—Hercules.

NEW CANNA—BACCHUS

A Beautiful Variety with an Abundance of Foliage and Flowers.

This new Canna grows 4½ feet high and is a truly magnificent flower. Flowers are large, often reaching a size of 8 inches in diameter, while the individual petals are 2½ to 3 inches across. Color is a rich creamy-white, generally a solid color, but occasionally somewhat dotted with pink spots. Price each 35c; doz. \$3.50, postpaid.

NEW CANNA—CAESAR

A Wonderfully Strong Growing and Free Blooming Plant.

This is an ideal bedding variety of Canna, which possesses the desirable qualities of compact bushy growth, free and continuous blooming and grace. Flower heads are well extended above the foliage, and very uniform in spread. Color is the richest shade of orange yellow, marked and spotted with brownish red. Price each 25c; doz. \$2.50, postpaid.

NEW CANNA—PHAROAH

A Clear Golden Yellow-Splashed and Streaked with Crimson.

Plants are free growers, usually about 4½ to 5 feet high. Leaves are large and long and very decorative. The flowers are always carried well above the foliage, showing them off to best advantage. In color the flower is a rich clear golden yellow splashed and streaked with crimson. This combination of bright colors make a most attractive flower. Price each 30c; doz. \$3.00, postpaid.

NEW CANNA—VULCAN

Rich, Dazzling Red, Which Does Not Burn, But Lasts the Entire Summer.

This is entirely new; a splendid plant, blooming throughout the summer and fall. Flowers are bright, rich, dazzling ox-blood red. A color which contrasts nicely with the dark green of the leaves. Height is about 6 feet. The entire plant and flower is very beautiful. Price each 40c; doz. \$4.00, postpaid.

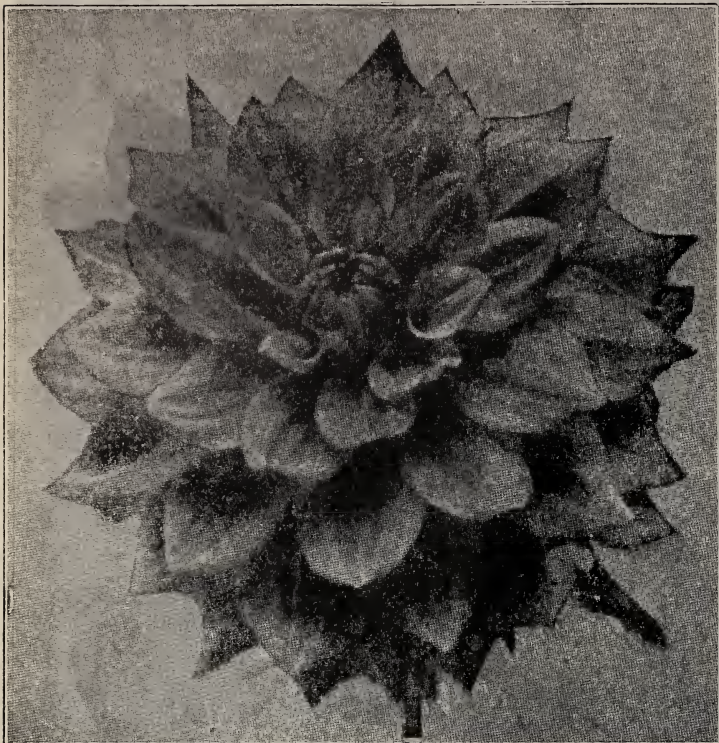

New Canna—Adonis.

MIXED LARGE FLOWERING CANNAS

Every season we mix a splendid assortment of new and standard Cannas for those of our customers who wish several varieties, without the expense of ordering named sorts, which we offer (our selection) at the very low price of 15c each; \$1.50 per dozen, postpaid.

BUCKBEE'S WONDERFUL DAHLIAS

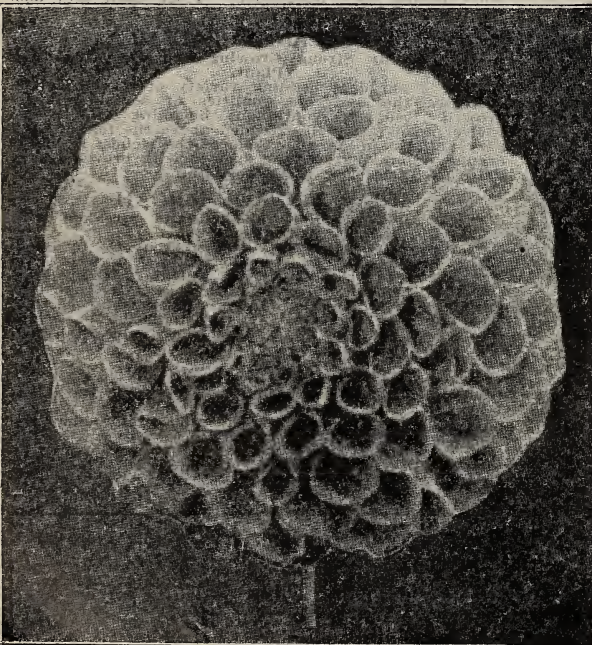

Beautiful Orange Scarlet—Large Flower—Strong Grower.

New Dahlia—Incomparable

Beautiful Orange Scarlet—Large Flower—Strong Grower.

This is a beautiful Dahlia of large size, and unequaled for decorative effects, either for the garden, or as cut flowers. The stems are unusually long and hold the flowers well above the plants. The color is pure old gold with oftentimes a reddish glow in the center of the flower. Price 75c each.

New Dahlia—Ball of Gold.

We offer a wonderful assortment of this popular flower. Nothing but the most desirable varieties are listed—those which show, grow and thrive everywhere.

New Dahlia Majestic.

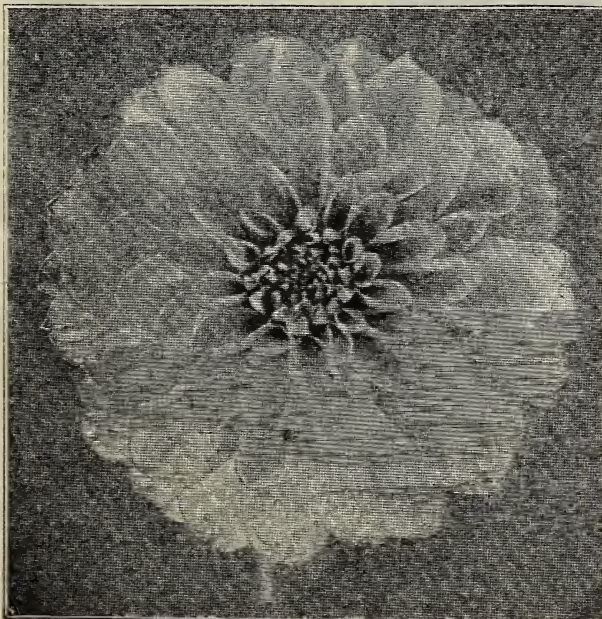

New Dahlia Majestic

Wonderful Decorative Dahlia of Glowing Rose Pink Color

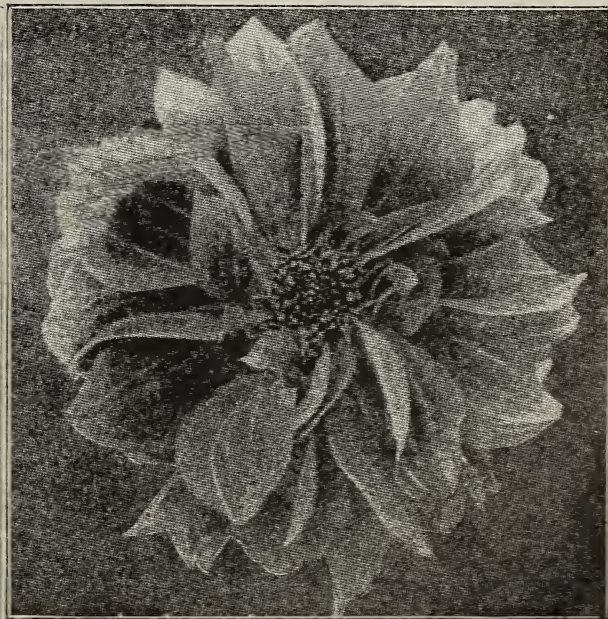

A remarkably distinct Dahlia in every way, coming into bloom early and producing 100 per cent perfect flowers to the end of the season. The form is absolutely perfect and entirely distinct and the color is a pleasing shade of glowing rose pink which does not vary during the entire season. The habit of growth is dwarf, but heavy, vigorous and spreading and very free flowering. Price 75c each.

Grand Double Dahlias In Mixture

When the purchaser is not particular about knowing the names, but desires fine colors only, we offer this superb assortment, including many of last season's high priced novelties, our selection of varieties. You will get your money's worth for the price we ask. Price 20c each, \$2.00 per doz., postpaid.

New Dahlia—Winsome.

New Dahlia—Fascination.

Every Dahlia grew and all bloomed but two. They were simply grand. One was violet rose in color and measured 8 inches. I would not take \$10.00 for my bulbs.

MRS. WM. B. McQUOWN, Grampian, Penna.

GLADIOLUS

The Gladioli deserves a place in every garden, large or small, being of easiest possible culture. They make grand beds and the bulbs can be planted any time during Spring and early Summer.

Conquest.

Liberty.

Victory.

Buckbee's Famous New Gladioli

The following are the very finest and most distinct varieties grown. You will find the best colors and the best and largest flowers. We grew over 3,000,000 Gladioli on our Rockford Seed Farms last Summer.

CONQUEST—THE PEERLESS WHITE

This beautiful Gladiolus is the finest white we grow and is planted every year by thousands of our customers throughout the land. It comes into bloom medium early and lasts longer than most varieties. Stem is strong, and the flower stalk is long and attractive. Select Bulbs 20c each; 3 for 55c; doz. \$1.95, postpaid.

LIBERTY—AN UNRIVALED BLUE

This is a new shade of blue and one which is unusually attractive. Not a dark blue nor yet a light blue. The color appears to be a combination of lavender, heliotrope and blue, all blended into one. Flower stem is long and strong, and every bud will open after cutting and placing in water. Select Bulbs 20c each; 3 for 55c; doz. \$1.95, postpaid.

VICTORY—THE QUEEN OF THE REDS

The finest of the reds, being a rich dazzling scarlet color; the buds, all of which open into large and beautiful flowers, are carried on long strong stems. These three new Gladioli, Conquest, Liberty and Victory, make a wonderfully showy bed wherever grown. Select Bulbs 20c each; 3 for 55c; doz. \$1.95, postpaid.

MEADOW LARK

A New Color—The Most Wonderful Gladiolus Ever Grown

This Gladiolus which is our newest introduction is a most unusual flower. It blooms extremely early and lasts a long time after being cut. The color cannot be described as it is a combination of pinkish mauve, magenta and old rose, all blended together into one grand new color. Our supply is very limited so cannot offer more than twelve bulbs to any one person. See illustration below. Select Bulbs 25c each; 3 for 70c; doz. \$2.55, postpaid.

SPECIAL OFFER OF NEW INTRODUCTIONS

In order that all may try these four wonderful and unequalled new Gladioli, we will make the following exceptional bargain offer of the four varieties illustrated on this page—Conquest, Liberty, Victory, and Meadow Lark.

1 Select Bulb, each of the 4, separately labeled, 75c, postpaid.
3 Select Bulbs, each of the 4, separately labeled, \$2.05, postpaid.
12 Select Bulbs, each of the 4, separately labeled, \$7.80, postpaid.

Buckbee's Dazzling Collection of Gladioli

The following fifteen varieties have been grown on our Rockford Seed Farms and are beautiful and distinct varieties. Price Fine Bulbs, 15c each; doz. \$1.50; 50 for \$5.75, postpaid.

ALOHA—Resembles America, but is of a much deeper pink. Long, straight spikes with very large flowers.

ATLANTIS—Velvety crimson-maroon, shaded black, the richest color of all.

BUTTERFLY—Extra early, enormous, wide open flowers, white flushed pink.

CHATEAU THIERRY—Immense, wide-open flowers of rich, dazzling scarlet, marked with white on the lower portion.

FLAME—The finest yellow shade ever grown.

FLORA—Magnificent large flowers and spikes. Canary-yellow with a pink stripe in throat.

HEREDA—Magenta shading to pink in throat. A wonderful flower.

LAVENDER GEM—Light violet, with pansy markings and orchid shadings.

LILY WHITE—The best large snow-white with a rose blotch, white flushed pink.

MARSHAL FOCH—Immense lily-like flowers of a brilliant salmon-pink, marked with glowing blood-red blotches in the throat. One of the finest varieties yet introduced.

NEW IVORY—A new white, without markings. Very fine flower.

POLAR BEAR—Beautiful white—more or less ruffled. Large flower.

SONOMA—Very large flowers, soft cream yellow, slightly tinged rosy-carmine in the throat.

SUNSET—Beautiful soft flesh pink, orchid-like in its coloring, magnificent large flowers.

WISTARIA—Lavender blue with orchid markings, a tall, vigorous grower.

New Gladiolus—Meadow Lark.

BUCKBEE'S GIANT ORCHID FLOWERING GLADIOLI

Flowers Size of Tea Plates.

This new race of extraordinary beautiful Gladiolus represents the perfection of this genus since its introduction. The flowers have reached enormous dimensions, often 5 to 7 inches across, far surpassing any others and much resembling Orchids of the brightest hues. Mixed, 15c each; \$1.50 per doz., postpaid.

GLADIOLI IN MIXTURE

We are pleased to offer the following very special bargains in new Seedling Gladioli grown on our Rockford Seed Farms:

White and Light Seedlings, such as delicate shades of pink, rose, yellow, etc. Valuable for cutting. 60c doz., postpaid.

Scarlet and Red Seedlings, blood reds, garnets, amaranths, and similar rich shades in great diversity. 60c doz., postpaid.

Yellow and Orange Seedlings, sulphur, primrose, yellow, different tints of orange and salmon. 55c doz., postpaid.

Pink and Rose Seedlings. This mixture contains numberless varieties in different forms, tints and shades of rose and pink. 55c doz., postpaid.

Blue and Purple Seedlings—These colors are always showy and beautiful. Flowers good size and last well. 85 doz., postpaid.

BUCKBEE'S FAMOUS ROCKFORD MIXED GLADIOLI

Gorgeous Colors and Marvelous Markings

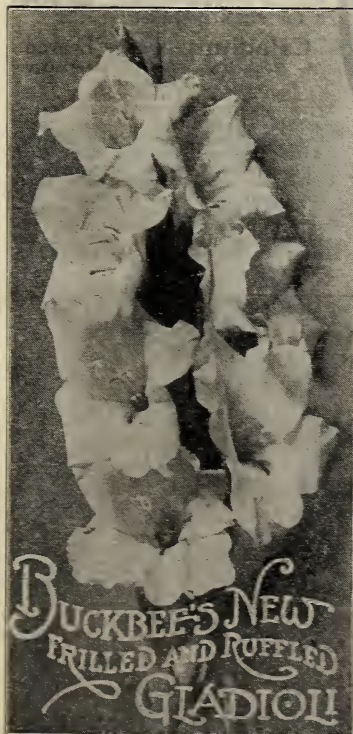

We call special attention to our Famous Rockford Mixed Gladioli which have been constantly improved year after year by discarding all undesirable flowers and developing new shades and combinations of colors. This mixture contains all splendid flowering bulbs that will make a grand show, and at such a low price that every one can afford a bed of this most popular bulb. Price, postpaid, 3 for 15c; 50c per doz.; 50 for \$1.50; 100 for \$2.75. By express, not prepaid, \$3.25 per 100.

PRIMULINUS "SUNBEAM" HYBRID GLADIOLI

The flowers are gracefully arranged on very slender, very tall and strong spikes, medium sized and somewhat hooded in form. The range of colors is remarkable, running mostly in shades of yellow, orange, pink and crimson. All colors. Mixed. Large bulbs (sure to bloom), 7c each; 60c doz.; 100 for \$3.50.

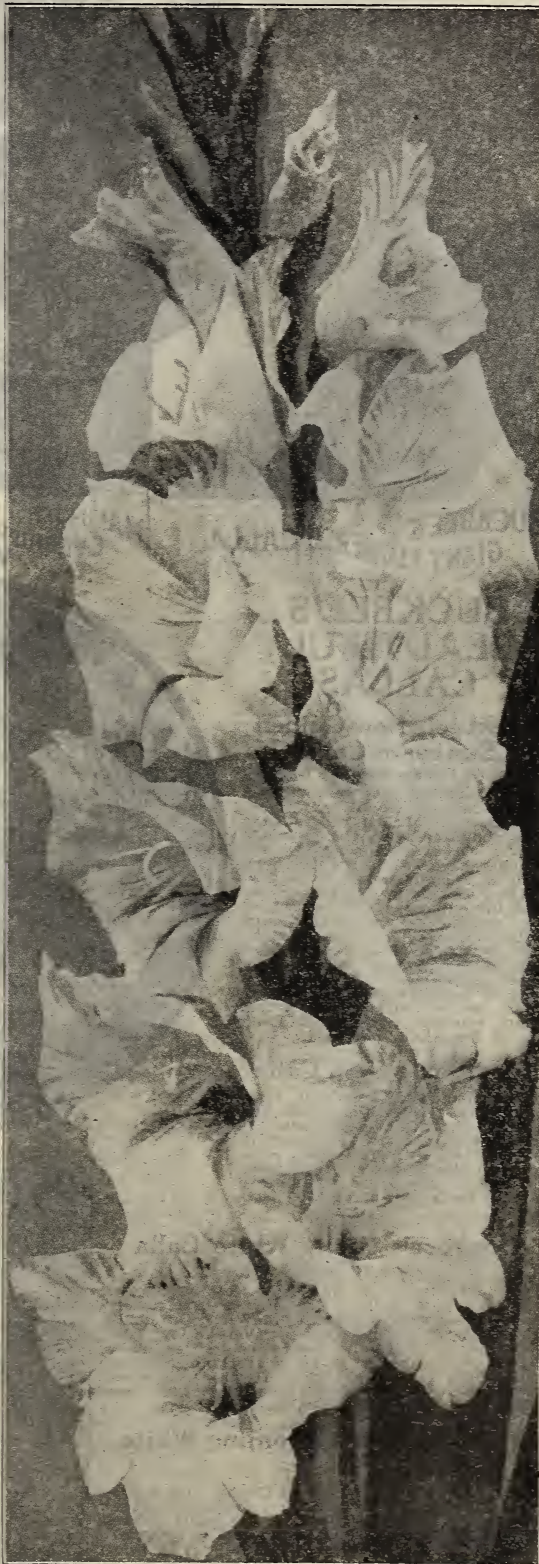

BUCKBEE'S NEW FRILLED AND RUFFLED GLADIOLI

A new class of Gladioli. The flowers of this type are very large, widely expanded and of round form; the edges of the petals are beautifully frilled and ruffled and the coloring is very rich and beautiful. The flowers are produced on tall imposing spikes. Many colors mixed. Price, each 12c; doz., \$1.25. Postpaid.

Primulinus Sunbeam.

GLADIOLUS

Buckbee's Giant Orchid Flowered Gladioli.

BUCKBEE'S GIANT FLOWERED CALLA

BUCKBEE'S BEAUTIFUL CALLAS

Buckbee's New Golden Sunbeam Calla

Easy to Grow—Sure to Bloom

This beautiful new yellow Calla is without an equal anywhere. Thousands of our customers have been delighted with the exquisite blooms. Many plants bloom when 6 inches high, while a full grown plant is a sight never to be forgotten. The bulbs are strong and send up numerous flowers, which are golden yellow with black center. The color is one of the most beautiful shades of yellow seen among flowers and the jet black center lends to the blossoms a peculiar charm. Leaves differ, some being solid green, others spotted with white. Each 35c; 3 for \$1.00, postpaid.

True Little Gem Calla

This new and beautiful miniature Calla is the best of all and makes a beautiful pot plant. It is, indeed, a beauty, completely enveloped in its regal white blossoms, through the entire season. As easily grown as the other Callas. Each 20c; 3 for 55c, postpaid.

Buckbee's Giant White Calla

Or Lily of the Nile

A most wonderful variety. Nothing like it ever seen in a Calla. Not only is it a novelty but a wonderfully beautiful flower. Our bulbs are imported from Africa, where they grow out of doors. Highly decorative garden Calla, blooms often grow 12 to 16 inches long, are pure white with colored foliage. It also has sweet fragrance and everblooming qualities. Fine large bulbs 30c each; 3 for 85c, postpaid.

Mammoth Everblooming White Calla

One of the grandest of all Callas. Its foliage alone makes it desirable as a decorative plant. Add to this its profusion of superb white flowers, yielded throughout the season, and you have a plant you may well be proud of. Our select stock is adapted for pot culture everywhere; can also be set out of doors in summer. Strong bulbs, each 25c; 3 for 70c, postpaid.

Wonderful Magic Lily

(New and Beautiful)

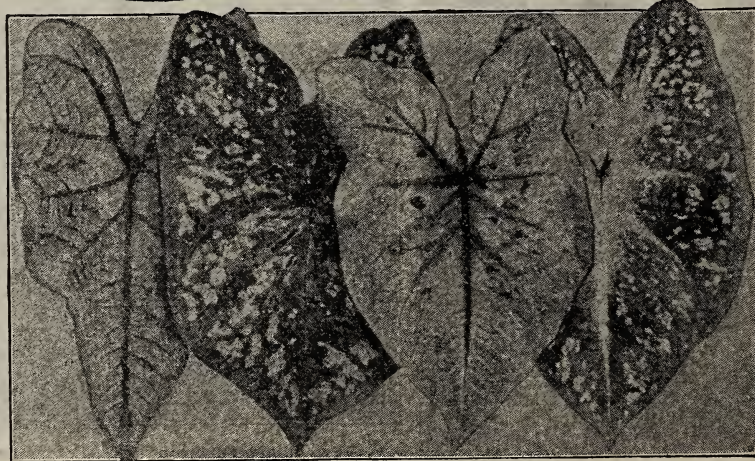

The flowers are of very large size, of snowy whiteness, and are exceedingly fragrant. It is the most wonderful plant we have ever seen, having a peculiar grandeur, which one can appreciate at sight, but cannot describe. Bulbs are large and strong and begin to flower in two or three weeks after planting, sending up tall flower stems, which bear several of its magnificent blossoms. As a pot plant it is grand and as a garden bulb treated like a Gladiolus it is one of the choicest of all flowers. It will more than please you for it is superior to the Bermuda Easter Lily as a flowering bulb, 40c each; 3 for \$1.15, postpaid.

Caladium—Fancy Leaved

A Beautiful Showy, Decorative Plant

This is one of the most decorative plants. Their leaves, handsomer than Begonias, are spotted, marbled, veined and striped with white, pink and dark red. These bulbs, though comparatively rare, are easily grown, and their handsome foliage is much admired. Bulbs should be started into growth in a warm place. Selected varieties, 35c each; 2 for 65c; 5 for \$1.55; 10 for \$2.95, postpaid.

Wonderful
Magic Lily.

Buckbee's Fancy Leaved Caladiums.

BUCKBEE'S BEST HARDY LILIES

ALL STRICTLY FIRST SIZE BULBS—The following are the most desirable and the most popular varieties of Lilies for general cultivation. They are hardy, needing little protection, will grow and flower without special treatment.

The Red
Banded
Lily.

Olive Banded Lily.

The Gold Banded Lily.

BUCKBEE'S BIG THREE HARDY JAPANESE LILIES

These three beautiful flowers should be in every garden. They are easy to grow, will live forever and grow larger and prettier each year.

THE GOLD BANDED LILY

(*Lilium Auratum*)

This is justly entitled to the name often given it—the Queen of Lilies. The immense blooms measuring nearly a foot in width when fully expanded are produced in the greatest profusion and are deliciously fragrant. The large white petals are thickly spotted with chocolate-crimson, and have a bright golden-yellow band through the center of each. Blooms from July to September. Large Bulbs. Each 39c; 2 for 77c, postpaid.

THE OLIVE BANDED LILY

(*Speciosum Album*)

Pure white flowers with a band of olive green through the center of each petal. They are of great substance and very fragrant. One of the best for general culture; blooms in August and September. Mammoth Bulbs. Each 38c; 2 for 75c, postpaid.

THE RED BANDED LILY

(*Speciosum Rubrum*)

No words can overstate the brilliant beauty of these famous Japanese Lilies. The six broad white or pink petals are thickly dotted with rose or crimson spots, and the graceful form and brilliant color make them very effective and desirable. Especially thrifty and hardy. One of the best for garden culture; blooms in August and September. Large Bulbs. Each 37c; 2 for 73c, postpaid.

SPECIAL OFFER JAPANESE LILIES

In order that all may try the 3 wonderful Japanese Hardy Lilies described above, we will send one fine bulb each of our Gold Banded Lily, Olive Banded Lily and Red Banded Lily for 99c, postpaid.

Leopard Lily.

NEW LEOPARD LILY

Very Bright and Showy

An elegant and very beautiful lily from California, rich scarlet and yellow flowers, spotted with purplish brown. Splendid bulbs, 30c each; 3 for 85c, postpaid.

BUCKBEES LARGE FLOWERED TIGER LILY

Stately and Dignified

A grand lily, sometimes 6 feet high, with large pyramids of orange-red flowers spotted with black, often as many as 20 flowers are counted on one plant. Very hardy. Splendid Bulbs. Each 25c; 3 for 70c, postpaid.

NEW DOUBLE TIGER LILY

An Unusually Graceful Flower

This is a plant of stately habit, growing from 4 to 6 feet high, bearing an immense number of double bright orange-red flowers, spotted with black. Blooms in August. Splendid Bulbs. Each 25c; 3 for 70c, postpaid.

LILIUM UMBELLATUM

Large and Brilliant Flowers

One of the very best classes of the hardy garden Lilies; strong, sturdy habit, growing from 2 to 3 feet high, having large, showy flowers held upright and in clusters at the summit. They are of easy culture, flowering in June and July. Splendid bulbs. Each 30c; 3 for 85c, postpaid.

Buckbee's Large Flowered Tiger Lily.

BUCKBEE'S BEAUTIFUL BULBS

CLIMBING MIGNONETTE

One of the most satisfactory flowering climbers we have ever had. A rapid growing vine, covering a large space in a short time. Fleshy, heart-shaped leaves of a light green, and in late summer numerous racemes of feathered flowers of powerful and delicious fragrance. A very beautiful and popular vine. 15c each; 3 for 40c; 12 for \$1.25, postpaid.

GIANT SUMMER HYACINTHS

A species of Hyacinth which blooms during August, September and October, if planted in spring. The bulbs are large, round and solid, and throw up large flower-stems 3 to 5 feet high, with gigantic spikes of thimble-shaped white blossoms. A bed of a dozen or more bulbs produces a grand effect. For a cemetery nothing can be more beautiful or appropriate and nothing thrives better in any situation. Strong bulbs sure to bloom, producing 2, 3 and even 4 flower-stems. 15c each; 3 for 40c; doz. \$1.35, postpaid.

MAMMOTH FLOWERING LILY OF THE VALLEY

The sweetest, the loveliest spring blooming plant, producing delightfully fragrant, pure white, bell-shaped blossoms. Will thrive anywhere. Large flowering. 6 for 40c; doz. 75c, postpaid.

NEW CLIMBING LILY OF THE VALLEY

A beautiful new plant of climbing or trailing habit. It has beautiful heart shaped leaves and branches freely, growing in most fine symmetrical form. It is in bloom all the time, the pendulous blossoms appearing at the axils of the leaves and are bell-shaped, pure white, and about the size, form and color of Lily-of-the-Valley. Fine Plants, 25c each; 3 for 70c, postpaid.

MEXICAN STAR FLOWER

The flowers are pure waxy white, 2 inches in diameter, star-shaped and usually in pairs on long slender stems. It is beautiful, especially for cutting, as it lasts a long time in water. Too much praise cannot be bestowed upon this lovely flower. It pleases everyone and should be grown largely. The blossoms frequently last two weeks when cut and placed in vases of water. It is a perfect gem. 10c each; 12 for 95c, postpaid.

New Tango Flower.

NEW TANGO FLOWER

Fragrance of the South

This exquisite flower is found on the high table-lands or mesas of Central Mexico and Peru. Its pure and chaste sweetness, delightful and subtle fragrance are indescribable. The bulbs can be planted as soon as danger of frost is over, and will bloom in four to six weeks. Each bulb as it grows in the ground will form bulblets, each of which send up a flower stalk, thus keeping up one mass of blooms from early summer till frost cuts them down. The flowers appear from ten to twenty to each stalk, are snowy white, star-like, petals thick, like wax, filling their surroundings with exquisite fragrance. Select Bulbs. Each 20c; 3 for 50c; doz. \$1.75, postpaid.

OXALIS

Mexican Star Flower.

SUMMER FLOWERING OXALIS

No bulb is so valuable for edging the borders of walks or flower beds as the beautiful flowering Oxalis.

DIEPPI—Pure white; very fine. Doz. 25c; 25 for 45c; 100 for \$1.75, postpaid.

LASANDRIA—Fine rosy-pink, beautiful cut foliage. Doz. 25c; 25 for 45c; 100 for \$1.75, postpaid.

SHAMROCK—Lovely cloverlike foliage and pink blossom. Doz. 25c; 25 for 45c; 100 for \$1.75, postpaid.

MIXED COLORS—A splendid assortment, all the above as well as other new Oxalis carefully mixed together. 25 for 30c; 100 for 95c, postpaid.

Climbing Lily of the Valley.

Climbing Mignonette.

Lily of the Valley.

Giant Summer Hyacinths.

Resurrection Plant

Most Unique Novelty. A Marvel of Plant Life.

This peculiar plant is found among the pines and cedars of Palestine. It is a ball of tightly folded leaflets, dry and apparently dead. But a transformation takes place once it is dropped into a bowl of water, for in a short time there is a great, loose, expanded rosette of fine fern-like leaves, both odd and beautiful. This can be repeated many times, the plant curling tightly together when dry, expanding when soaked. 15c each; 3 for 40c, postpaid.

Buckbee's Brilliant Jerusalem Lilies

Large Bright Colored Flowers of Rare Beauty.

A very showy plant growing from 2 to 3 feet high, succeeding in any soil or location. The foliage is rich green and richly perfumed. Each bulb should give several fine spikes of flowers, each spike containing several fine flowers. The slender foliage works in very nicely in bouquets of cut flowers. Each 15c; 3 for 40c; doz. \$1.50, postpaid.

Monstrous Tuberose.

Tuberose

BUCKBEE'S MONSTROUS FLOWERING.

A most delightfully fragrant and beautiful summer-flowering bulb. Plants are of dwarf, stocky growth, producing flower-spikes 2 feet high covered $\frac{2}{3}$ of their length with perfectly double flowers 2 inches across, which are glistening white and deliciously fragrant. For early flowers start in February or March in Greenhouse or hot bed, planting at intervals as late as August. For flowering in open border, plant about the middle of May. Our select strain of bulbs has no equal and will produce the best and sweetest scented flowers ever seen. Bulbs of good size, each 10c; 3 for 25c; per doz. 75c, postpaid.

Mammoth Bulbs, blooms enormous in size and very double and fragrant, each 15c; 3 for 35c; per doz. \$1.25, postpaid.

Jerusalem Lilies.

A GREAT CURIOSITY
THE MARVELOUS
RESURRECTION
PLANT.

Tuberos-rooted Moonflower.

Hardy Tuberos-rooted Moon Flower

(Ipomoea Pandurata)

They will stand any extremes of weather until frost kills the vine to the ground. Each year it springs up stronger than before until it becomes a large, luxuriant vine, covered the entire season with hundreds of large waxy flowers of a rich creamy-white, with a throat of violet purple. It will grow in any soil, no matter how poor, and its blossoms remain open all day, unlike other Ipomoeas. It is perfectly hardy in any climate. Splendid bulbs. 35c each; 3 for \$1.00, postpaid.

Fairy Lilies (Zephyranthes)

Pretty flowers, similar to the Amaryllis, but of miniature growth. The best way is to plant several bulbs in a box or flower-pot. They can also be planted in the open ground in the spring and fall and treated the same as Gladioli. All colors mixed. Each 10c; doz. 95c, postpaid.

Armstrong's Everblooming Tuberose

This variety blooms year after year and produces single pure white flowers of a fragrance similar to that of the "Jasmine." It makes a splendid cut flower and should be in every one's garden. Each 8c; 4 for 30c; doz. 85c, postpaid.

PLANT DEPARTMENT

Our Mammoth Greenhouses Contain Over 250,000 Square Feet of Glass Devoted to Growing Millions of Buckbee's Famous "Full of Life" Plants.

TWO WONDERFUL FERNS

Buckbee's Lace Fern

Graceful Bright Leaves, of Delicate Form and Unusual Beauty.

Buckbee's Lace Fern may be grown either as a pot plant or in window boxes and has the advantage of being more graceful, and having finer leaves than the most delicate fern. The individual fronds or leaves grow from 6 to 8 inches in width, and when cut and put in water, retain their shape and color for weeks.

The bright green foliage of very delicate texture falls gracefully, giving it a style and air that cannot be surpassed. No finer decorative plant has ever been introduced. As a house plant it is deservedly popular as it will thrive under almost all conditions.

Strong, young plants, 20c to 30c each, postpaid. Larger plants, \$1.00 to \$1.50 each, by express, not prepaid.

Buckbee's Feather Fern

Charming Emerald Green Foliage, Which Is Dense, Graceful and Drooping.

The plants are of rapid growth and grow freely the year around, producing sprays 4 to 5 feet long in the greatest profusion.

Unsurpassed for window boxes or hanging baskets, in vases, or even as specimen plants. Grown in suspended pots it makes a pretty decoration and desirable house plant. When the sprays or foliage is used for cut flower work, or in bouquets, it retains its freshness for a long time. We have a splendid stock of choice young plants, which we are offering at the following low prices.

Strong young plants, 20c to 30c each, postpaid. Larger plants, \$1.00 to \$1.50 each, by express not prepaid.

Rex or Painted Leaf Begonia.

Rex or Painted Leaf Begonias

Rex Begonias are the most beautiful and desirable of decorative foliage plants for house and conservatory culture; they are strong, bushy growers and their grand ornamental leaves are exceedingly beautiful and always greatly admired. The leaves are extra large and colorings magnificent. These plants are grown for the great beauty of the foliage, as they make unequalled pot plants. Our collection contains many new and wonderful color combinations and will be sure to please all. Fine Young Plants, 35c each; 3 for 95c, postpaid.

Australian Silk Tree

A fine plant for the house, being of rapid growth with finely cut foliage. The young fernlike leaves are of a light brown color, the tips being covered with a soft down, closely resembling raw silk, hence the name "Silk Oak." In its native place it grows large and has bright, orange-colored flowers. 25c each; 3 for 70c, postpaid.

Artillery Plant

Graceful frondlike leaves. When in flower, produces a snappy sound when water is thrown on the leaves. A thin, smoky vapor will also arise when the leaves are sprinkled. Altogether a very attractive novelty, besides being an ornamental house plant. Each, 20c; 3 for 55c, postpaid.

Australian Silk Tree.

The Wonder Bedding Plant Acalypha

Brighter and More Attractive Than Coleus.

AUTUMN TINTS—A most wonderful plant, surpassing the finest Coleus or Begonia in the rich color of the leaves, which are beautifully marked, being oddly and capriciously variegated in blocks, splashes, streaks, or spots, or all, in uncertain proportions. Colors range through combination of light to very dark greens, pale red to maroon, pale yellow to bronze. Its most important feature is its wonderful qualification for bedding, as it will stand bedding out like a Coleus; in fact, in the sunniest place it produces the highest coloring. 25c each; 3 for 70c, postpaid.

Be Sure to Include the Following in Your Order
Brazilian Plum Plant. See Page 157.
Comet Plant. See Page 164.
Cigar Plant. See Page 164.
Fire Cracker Plant. See Page 164.

A WONDERFUL NOVELTY HOUSE PLANT

Buckbee's New Watermelon Begonia

A Most Beautiful Ornamental Plant from the Golden West.

Excellent for display on the dinner table or in the window. The leaves are distinctly variegated white and green, thick and waxy-like and have the appearance of being powdered with frosted silver. The dry, hot air of the house does not affect its beautiful fresh foliage in the least. Price, 25c each; 3 for 70c, postpaid.

The Wonder Bedding Plant Acalypha.

See Page 153 for Flowering Begonias. Illustrated in Colors.

Chinese Paper Plant

A magnificent pot plant, with splendid Camellia-like deep shining green foliage. Commences to bloom when small and continues throughout the year. When older it is literally covered with blossoms of a dazzling rosy crimson, with deep golden yellow anthers. Each, 25c; 3 for 70c, postpaid.

BUCKBEE'S PRIZE WINNING CARNATIONS

Buckbee's Forest City Greenhouses at Rockford undoubtedly contain the finest array of Carnations to be found in the United States. Repeated Blue Ribbon winners at all the largest National Exhibits. Our famous varieties will please you.

ARMISTICE—A favorite everywhere; one of the finest white Carnations, produces large flowers constantly throughout the season. 25c each.

ARCTIC—A grand novelty. Large full flowers of the purest glistening white; very early and very floriferous. Undoubtedly the finest white; has been awarded the American Carnation Society's Gold Medal and many prizes. 25c each.

BELLE WASHBURN—Bright scarlet flowers of an enormous size. This new carnation has taken several prizes at the latest shows. It is a strong grower indoor as well as out. It is an early and continuous producer. 20c each.

BETTY LOU—The flowers are deep rose pink, unusually large and delightfully fragrant, and carried on long, strong stems. Vigorous bloomer. 35c each.

ELDORA—Fancy variegated carnation. Color, creamy white penciled with bright red. A vigorous grower and very free flowering. Flowers very large. 25c each.

FRANCES BUCKBEE—Brilliant crimson maroon. A big advance over all others of this color. The plant is a free and easy grower, and always in bloom. A gem in every way. 20c each.

GOLDEN GLOW—Clear golden yellow. The finest yellow carnation in cultivation. A clean free grower and an abundant producer. 25c each.

HARVESTER—Flowers snow-white, very fragrant, perfect in form, large in size, borne on long wiry stems early and continuously throughout the season. 25c each.

JEWEL—Light salmon pink; a lovely color. Very free flowering. Very fragrant. 30c each.

LADDIE—A pure, intense, glowing, deep pink; flowers $3\frac{1}{2}$ inches across and over; keeps well when cut; an early and continuous bloomer. 30c each.

MAINE SUNSHINE—Strong grower and free-flowering; long stem; flowers three inches in diameter and a deep golden yellow. 25c each.

MATCHLESS PINK—New. Color glowing cerise with scarlet shading. 30c each.

MATCHLESS RED—The most brilliant scarlet. Stiff stemmed, early and very free flowering. 30c each.

MATCHLESS WHITE—The most lasting carnation when cut. Beautiful, extra large pure white flowers, wonderfully fragrant. Blooms early and continuously. 20c each.

MAY BUCKBEE—An exquisite shade of satin pink; has a fine stem. Strong calyx and is the freest bloomer we have. 20c each.

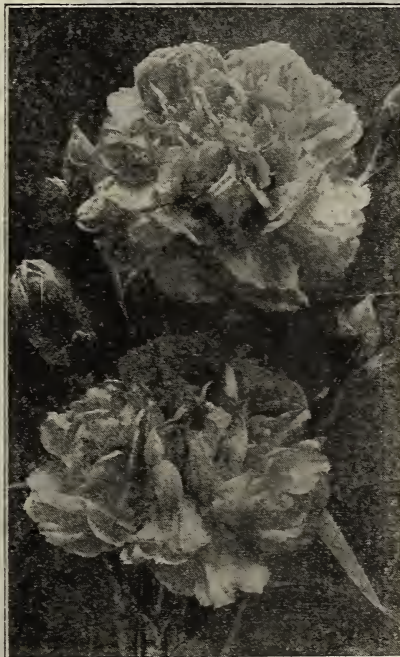

MOTHER GORE—Light salmon pink, endures bright sunlight without fading. The calyx does not burst which is a great improvement over any other light pink carnation. 20c each.

ROSALIND—A new flaked carnation; the lower part of the petals deep pink blending to a lighter shade around the edge. 20c each.

SPECTRUM—A splendid new carnation. One of the finest scarlet varieties; large flowers produced on long stems in greatest profusion. 25c each.

TOPSY—One of the most desirable crimson carnations. Favorite everywhere. In bloom all season. 25c each.

TREADOR—Unusually attractive. Flowers rich yellow striped with red; strong bloomer, good stems and a rich fragrance. Wonderful novelty. 35c each.

Carnation—Golden Glow.

BUCKBEE'S NEW AND BEAUTIFUL DAISIES

One Plant Each of the Four Daisies Listed Below for Only 66 cents, Postpaid.

MOTHER'S FAVORITE—The finest daisy ever grown. It is a continuous bloomer with flowers of glistening white, frequently measuring 5 inches across. The center is a mass of closely arranged fringed florets, surrounded by broad shining petals. 25c each; 3 for 70c.

BLUE DAISY (Agatheae Celestis)—The flowers are daisy-shaped, of a delicate light blue with a yellow disc. Flowers all the year round. 15c each; 3 for 40c, postpaid.

PARIS DAISY—These plants are the favorites of all as they are of the easiest culture and make beautiful cut flowers. They are equally valuable as potted plants, blooming throughout the winter. 15c each; 3 for 40c, postpaid.

YELLOW DAISY (Etoile d'or)—The New Yellow Paris Daisy; a rich golden color. 20c each; 3 for 55c, postpaid.

Chinese Paper Plant.

Carnation—Buckbee's Royal Blue.

New Novelty Carnation

BUCKBEE'S ROYAL BLUE

The greatest novelty in carnations. The flower is best described by the words—bluish, purplish-crimson, rich, deep and intense, the blue shade being at all times very pronounced, with ox-blood shadings. Flowers very perfect, measuring $3\frac{1}{2}$ inches across when well grown; long, strong stems. A healthy and vigorous grower, very fragrant and a free bloomer. It is the richest and most startling color in the carnation family. Price 35c each; or 3 for 95c, postpaid.

New Double Daisy—Mother's Favorite.

CHRYSANTHEMUMS BUCKBEE'S GRAND PRIZE WINNERS

New Chrysanthemum—Grace Coolidge.

Sweepstakes Collection

The Set of Six Mid-Season Varieties only \$1.65, postpaid.

Mid-season varieties all of which produce mammoth flowers of the purest and richest colors about November 1st.

GIGANTIC—Color very unique chamois-buff; when first opening the petals are very closely incurved, forming a perfect ball of 24 inches in circumference. Each 40c, postpaid.

SNOW WHITE—Color purest possible white. One of the world's most noted raisers of new Chrysanthemums calls this his greatest achievement. 30c each.

MRS. FANNIE E. BUTLER—Very distinct variety; color blood red, with a gold reverse. Its marvelous bright color makes it eagerly sought for in making collections. 30c each.

KATHERINE TWIGG—An immense reflexed white with long drooping petals showing a tinge of pink. True Japanese style. 25c each.

CORNETA—Rose pink with a silver reverse to its petals. An enormous flower. 25c each.

WM. H. WAITE—Color deep warm bronze so brilliant as to seem almost shading to scarlet in some of the flowers. 30c each.

Australian Giant Flowering Collection

The set of Four Mammoth Varieties only 70c, postpaid.

WHITE TURNER—One of the best white Chrysanthemums ever introduced. Makes a perfect ball of purest possible white. Each 20c, postpaid.

YELLOW POCKETT—Golden yellow sport of Louisa Pockett. The largest Chrysanthemum in cultivation. Each 25c, postpaid.

YELLOW TURNER—A monster golden yellow, unsurpassed in size and color, one of the largest. 20c each, postpaid.

PINK TURNER—Clear lavender; it is absolutely identical with the White and Yellow Turner as to size and growth. One of the largest of the Chrysanthemums. Each 20c, postpaid.

Buckbee's All American Collection of Chrysanthemums

GRACE COOLIDGE—A beautiful light pink incurved flower—of largest size—originated at the Agricultural Department Greenhouses, Washington, D. C. Named in honor of Mrs. Coolidge.

MRS. WOODROW WILSON—Comes into flower the early part of October. Pure white. It is tremendous in size, every bud producing a good flower.

MRS. JOHN FOSTER—The nearest approach to a purple chrysanthemum. One of the very best chrysanthemums.

SECRETARY MEREDITH—A large yellow incurved variety, free and easy growing, producing solid double flowers.

DISTINCTION—Bright rose pink full double flowers at all times. A beautiful bright double pink variety easy to grow.

CONGRESSMAN JOHN T. BUCKBEE—Originated at the greenhouses on our Rockford Seed Farms and named in honor of the President of the H. W. Buckbee, Inc. A wonderful variety bright golden bronze of the largest size.

Price 50c each, postpaid; the set of 6, \$2.50.

Capitol Collection

Originated at the Greenhouses of the United States Department of Agriculture, Washington, D. C.

CORPORAL J. FRED PIPER—Immense yellow on the type of incurved flowers. Stem and foliage ideal. 40c each, postpaid.

SERGEANT W. E. YOUNG—An enormous bronze flower, larger and heavier than any other bronze Chrysanthemum. 35c each, postpaid.

PRIVATE JAMES GRESHAM—Crimson, of the very largest size. The petals of the flower are so arranged that the brilliant color is shown to perfection. 35c each, postpaid.

PRIVATE MERLIE HAY—Chestnut red or deep bronze. Very attractive flower of the largest size and splendid growth. 35c each, postpaid.

GENERAL ALLENBY—A rich golden yellow with long reflexing and drooping petals, one of the best of the true Japanese type. 35c each, postpaid.

This splendid collection of Five New Varieties only \$1.49, postpaid.

See the wonderful Chrysanthemums painted from Life on Page 154 of the book.

New Chrysanthemum—Congressman John T. Buckbee.

BUCKBEE'S GRAND PRIZE WINNERS**CHRYSANTHEMUMS****Buckbee's Famous Ostrich Plume Collection**

The Set of Four New Varieties for Only
\$1.33, Postpaid

GEISHA GIRL—Pure white Ostrich Plume, every petal covered with a fine feathery growth resembling an Ostrich Plume. Each 40c.

MIKADO—A combination of colors, salmon, rose, pink and bronze, all being blended together, making an extremely beautiful flower. Each 35c.

CHERRY BLOSSOM—One of the best of the Ostrich Plumes, each petal being rose pink in color, covered with silvery hairs. Each 35c.

FAN TAN—A pure yellow, something very unusual in an Ostrich Plume sort. The golden yellow hairs are very pronounced. Each 35c.

Buckbee's Early Collection

The Set of These Three Earliest Large Flowering Varieties Only 48c, Postpaid

The Three Earliest Large Flowering Varieties

EARLY FROST—The earliest large pure white known. Flowers $5\frac{1}{2}$ inches across have been cut July 25th. Indispensable for the cut-flower trade. Each 20c.

GOLDEN GLOW—Flowers $5\frac{1}{2}$ inches across, bright yellow. In bloom the middle of August. The very earliest large yellow. Each 20c.

UNAKA—Lavender-pink flowers, of large size and great depth; incurved, broad petals. In bloom October 1st. Each 20c.

I must write you a note of appreciation for the Chrysanthemums ordered from you last spring, as they are far beyond my expectation; simply a mass of grandeur.

J. H. LAWRENCE, Toccoa, Georgia.

Ostrich Plume Chrysanthemum—Geisha Girl.

Buckbee's New Hardy Chrysanthemum—Glory of Seven Oaks

Perpetual Variety; Gorgeous Yellow Color; Blooms All Summer

Perpetual blooming. Blooms profusely bedded out from June to December. Perfectly hardy in the open ground. Flowers 4 to 5 inches across on stems 2 to 3 feet. Begins blooming in thumb pots. Flowers of the brightest golden yellow, double to the very center and of large size and borne in clusters of 3 to 6 on strong upright stems. Each 30c; 3 for 85c.

Hardy Chrysanthemum—Glory of Seven Oaks.

Buckbee's All Star Collection of Pompon Chrysanthemums

GOLDEN STAR—Yellow, strong upright growth—very free, producing fine sprays of golden star-like blossoms.

BLAZING STAR—Brilliant crimson red, one of the very best pompons, producing sprays freely.

NORTHERN STAR—Pure white. A fine snow white pompon, easy to grow and very productive.

MORNING STAR—A new color in pompons, bronze and gold overlaid with red, a beautiful variety.

EASTERN STAR—A beautiful shell pink, strong grower and very free flowering.

25c each, postpaid. Set of 5 for \$1.15, postpaid.

For further beautiful Baby Pompon Chrysanthemums see descriptions and painting from life on page 154.

Buckbee's Caprice Collection

Any of This Collection 20c Each. The Set of Six Caprices for 98c, Postpaid

Early flowering Chrysanthemums especially adapted to grow for pot plants, very large double flowers.

BRUTUS—Golden bronze.

BUTLER'S CAPRICE—Deep pink.

KATHLEEN THOMPSON—Crimson.

LADY LYDIA—Pure white.

PURPLE CAPRICE—Purple.

YELLOW CAPRICE—Yellow.

Buckbee's Holiday Collection

The Set of Four Varieties Only 58c, Postpaid.

The latest giant flowered varieties producing their flowers from Thanksgiving to Christmas.

TOWANTIC—A phenomenal variety. Enormous alike in stem, foliage and flower. Color pure white for Thanksgiving. Each 20c.

GOLDEN KING—A very popular deep golden yellow for Thanksgiving. Each 15c.

PINK DELIGHT—A new variety of the brightest possible pink color. Large flowers and one of the best growers. Each 20c.

BLACK HAWK—The last of the large flowered dark red Chrysanthemums to bloom. Each 15c.

BUCKBEE'S FULL OF LIFE FERNS

BUCKBEE'S NEW BRANCHING FERN

An Astounding Novelty. Ends of Each Leaf Branching Into Many New Leaves

A few years ago we saw a single plant growing in Florida and at last were able to purchase it, and have been developing this beautiful and unusual fern since then; we now have a plant which, when quite small, resembles an ordinary fern, although the leaves are prettier and of more glossy green color; as the plant becomes larger, each leaf sends out two or three finger-like leaves from the tip end. Easy to grow, unusual and attractive. Select young plants, 35c each; 3 for 95c, postpaid.

Newport Parlor Fern.

NEWPORT PARLOR FERN

Resembles the Boston in some respects, but grows more erect, has shorter, narrower fronds and makes three times as many of them. Thrives nicely in parlor or living room, requires very little attention. Fine young plants 25c to 35c each, postpaid. Larger plants \$1.00, \$2.00 and \$3.00 each, by express not prepaid.

NEW ROOSEVELT FERN

In general characteristics it resembles the Boston Fern, but it produces many more fronds, making it a bushier and handsomer plant. Fine young plants, 25c, 35c and 45c each, postpaid. Larger plants, \$1.00, \$2.00 and \$3.00 each, by express.

New Roosevelt Fern.

Ostrich Plume Fern.

BOSTON FERN

This is one of the old stand-bys, and still one of the best. Its long, graceful, drooping fronds often attain a length of five or six feet in a single year. Fine young plants 20c, 30c and 40c each, postpaid. Larger plants \$1.00, \$1.50 and \$2.00 each, by express, not prepaid.

MAIDEN HAIR FERN

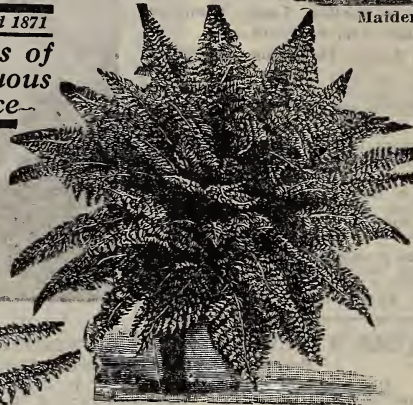

Always in great demand for table and house decoration, will thrive nicely in parlor or living room, and grow more beautiful each year. Price 25c each, or 3 for 70c, postpaid.

Maiden Hair Fern.

Established 1871

57 Years of
Continuous
Service

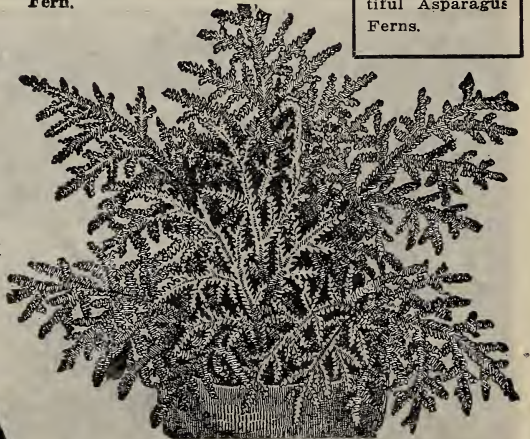

New Crested Fern.

THE NEW CRESTED FERN

Rather a dwarf in growth, but graceful, very compact, dense and feathery. Each frond or branch has a double row of perfect little fronds set at right angles to the mid-rib, and so thick they seem almost crowded. It is a healthy, vigorous grower. Fine young plants 25c, 35c and 45c each, postpaid. Larger plants \$1.00, \$2.00 and \$3.00 each, by express, not prepaid.

See page 144 for the two Beautiful Asparagus Ferns.

Moss Fern.

MOSS FERN

A new upright growing Moss with numerous feathery stems branching from the base and forming a dense tuft. Well grown plants attain a height of twelve to fifteen inches. Always fresh and green. Easily grown. 25c, 35c and 45c each, postpaid.

THE OSTRICH PLUME FERN

A strong, vigorous grower, but the fronds are heavy and feathery, and arch over in a most graceful manner, showing two shades of green and producing a lovely mossy effect, which adds greatly to its beauty. Fine young plants 30c, 40c and 50c each, postpaid. Larger plants \$1.00, \$2.00 and \$3.00 each, by express, not prepaid.

FERNS FOR FERN DISHES

We have grown a large quantity of small ferns suitable for fern dishes. Assorted varieties. Each 20c; 3 for 55c, postpaid.

QUALITY
NOTHING BUT
QUALITY

Little Beauty Fuchsia.

LITTLE BEAUTY

The Greatest Novelty in Fuchsias.

The loveliest-flowering, dwarf-growing Fuchsia known. It is a superb and handsome little beauty, branching like a tree and covered with enormous perfectly formed flowers. Sepals bright scarlet, with rich violet-purple corollas. Vigorous growing, free flowering, beautiful habit. A most charming window plant, remarkable for its constant profusion of exquisitely beautiful flowers, and really one of the most desirable Fuchsias in cultivation. 25c each; 3 for 70c, postpaid.

SPLENDID FREE-BLOOMING FUCHSIAS

THE VERY BEST AND NEWEST VARIETIES, EASILY GROWN—SURE TO BLOOM

Liberty Bell.

Carmeliata.

LIBERTY BELL—The largest flowering Fuchsia in cultivation. The plant is a tall grower, branching like a tree; the leaves are dark, glossy green, with veins of dark crimson, giving the foliage a rich ornamental appearance. The flowers are of enormous size, a single flower measuring $3\frac{1}{2}$ inches across; sepals bright scarlet, with rich, violet purple corollas, very double. 25c each; 3 for 70c, postpaid.

SPECIOSA—(The True Winter Blooming Fuchsia.)—This lovely Fuchsia with greatest profusion during Winter, is scarcely ever without flowers from September till June; the flowers are large and of the most graceful form; color, rich carmine and rose; a most charming window plant, remarkable for its bright glossy green leaves and constant profusion of exquisitely beautiful flowers. 20c each, 3 for 55c, postpaid.

TROPHÉE—(Double)—Violet blue corolla; very dark rich red sepals, waxy luster. Plant of fine form, easy to grow, continually in bloom. Positively one of the grandest varieties ever offered. 20c each, 3 for 55c, postpaid.

LOVELY—Large semi-double flowers; color rosy mauve with rich scarlet sepals. Exquisite. 20c each, 3 for 55c, postpaid.

HANGING BASKET FUCHSIA—In this new variety we have a plant that not only makes an attractive flower in the vase or basket, but one that has the unusual and heretofore unheard of habit of letting many of its branches droop over the edge of the basket, furnishing a mass of green leaves and brilliant flowers of lavender and white color. Fine young plants 25c each; 3 for 70c, postpaid.

CARMELIATA—Undoubtedly the finest Double White Fuchsia ever sent out; makes a neat compact plant, branches freely and is covered nearly all the time with exquisite large flowers, having brilliant deep scarlet sepals and a corolla of pure snowy whiteness. 25c each; 3 for 70c, postpaid.

BLACK PRINCE—This is, without question, the very finest Fuchsia grown for the amateur to cultivate. It makes a shapely bush, is robust in growth, free from disease and insects, and is probably the freest in blooming. Blossoms of a beautiful waxy-carmine or pink color. Certainly a plant for easy culture. 20c each, 3 for 55c, postpaid.

TRAILING QUEEN—This Fuchsia is an entirely new departure, different from other large-flowering varieties in its habit of growth, as it is a trailing vine. The young plants, as they commence growth, creep out to the edge of the pot, and then go trailing downward. It continues growing and branching in this way until the vines are a solid wavy mass of the most elegant foliage and perfect flowers. The flowers are borne in large, drooping clusters; very large, long, graceful; sepals scarlet, corolla purple. 25c each; 3 for 70c, postpaid.

F-3 The entire collection of nine splendid

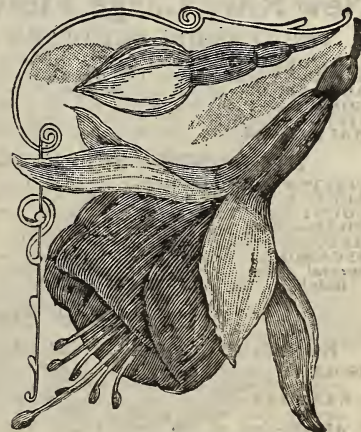

Fuchsias described on this page for only \$1.83, postpaid.

Trophée Fuchsia.

Trailing Queen Fuchsia

Lovely Fuchsia.

Buckbee's American Beauty Geranium.

GERANIUMS

BUCKBEE'S NEW AMERICAN BEAUTY GERANIUM

Exceptionally Beautiful Double Flowers,
Resembling the Famous American
Beauty Rose in Color

The only Geranium of its color, nothing like it ever seen before. The plants are compact, medium tall, of stately shape; lustrous green foliage with a brownish circle. The flower heads are gigantic and the individual blooms measure $2\frac{1}{2}$ inches across; often as many as eight spikes have fully opened, several half-open flowers and more are in buds. It surpasses all other Geraniums in brilliancy of color, in size of its blossoms and trusses and in constancy and profusion of blooms. Fine, strong plants 35c each; 3 for 95c, postpaid.

Rosalda Geranium.

I have always found Buckbee's to be perfectly reliable, especially in the quality and size of the plants. My mother ordered a Latania Palm thirteen years ago and today it is over ten feet high with fifteen huge leaves.

MRS. WM. E. BOOTH, Martinsville, Mo.

The Sidar Geranium.

BUCKBEE'S BEAUTIFUL GERANIUMS

Pansy Geranium.

The Pansy Geranium

A Grand House Plant of easiest growth, dwarf habit, and literally covered with flowers all the time, and as it requires little or no attention it is invaluable as a window plant. The coloring and markings of the flowers are most extraordinary—light pink, white, dark purple, black, etc., almost rivaling the Pansy in uniqueness of coloring. It is this combination of coloring which obtained for it the popular name of Pansy Geranium. Strong, young plants, 35c each; 3 for \$1.00, postpaid.

Sweet-Scented Geraniums

20c each; 3 for 55c. The set of 6 for only 96c, postpaid.

LARGE LEAF ROSE—Indispensable in the formation of bouquets.

SCARLET UNIQUE—Rose-scented. Flowers scarlet.

DR. LIVINGSTON—Sweet-scented skeleton leaf.

NUTMEG—Highly scented. Very valuable.

OAK LEAVED—One of the most fragrant sorts.

LEMON—Lemon scented. A grand variety.

Variegated or Silver Leaved Geraniums

Very pretty for bedding and edgings, but particularly valuable for pots and window culture.

HAPPY THOUGHT—Foliage beautiful green and yellow; magenta flowers. 30c each.

MAD. SALLEROL—Foliage green, edged white. 20c each.

SILVER LEAVED S. A. NUTT—Remarkably beautiful variegated foliage, the green and white about evenly apportioned; flowers of the same character and color as the famous S. A. Nutt. 30c.

MRS. PARKER—Double pink flowers, leaves silver, margined white. 35c each.

MRS. POLLOCK—Leaves bronze-crimson edged yellow; red flowers. 30c each.

WM. LANGGUTH—Pretty scarlet flowers, silver leaf. 35c each.

THE SET FOR ONLY \$1.59, POSTPAID.

Strawberry Geranium.

The Strawberry Geranium

One of the handsomest plants imaginable, a gem of many colors, exceedingly rare and beautiful. Leaves nearly round, and striped freely with silver bands; blooms white, of great beauty and borne in spikes nearly 12 inches high; of easiest growth. Adapted for hanging baskets, vases, etc. Will stand neglect and mistreatment. 25c each; 3 for 70c, postpaid.

Ivy Leaf Geraniums

These are among the prettiest flowers we have; they are of exquisite colors and borne in large clusters all the year round; the plants are of graceful, trailing growth, with bright, glossy ivy-shaped leaves; fine for pots, window boxes, vases, etc.; also for bedding.

ALLIANCE—Blush-white, upper petals feathered deep pink. 25c each.

RYCROFT'S SURPRISE—Charming clear rose-pink. 30c each.

JOAN D'ARC—A beautiful pure white. 25c each.

ACHIEVEMENT—Rose with white eye. 25c each.

CAESAR FRANK—Soft, rich crimson. 25c each.

SOUVENIR De CHAS. TURNER—Pink and maroon. 25c each.

THE SET OF SIX FOR ONLY \$1.39 POSTPAID.

Ivy Leaf Geranium.
Rycroft's Surprise.

Pelargoniums Lady Washington Geranium

Some of the most beautiful of our Summer and Fall flowering plants; they offer a rich and varied assortment of colors; easily grown.

EASTER GREETINGS—A New Everblooming Variety. Flowers large and free; bright amaranth red, each petal marked with a large black blotch. This variety is distinct from the rest, and remarkable on account of its long blooming season, producing its prime crop very early in spring and continuing throughout the Summer and Fall. 35c each; 3 for 95c.

ORIOLE—Intense rich crimson, single flowers of extra size. 30c each; 3 for 85c.

SPLENDOR—Fine large flowers. Petals rose pink, with a dark blotch on each. Very beautiful. 30c each; 3 for 85c.

ROMANCE—Bright pure pink; 3 inches across; petals heavily ruffled, giving a double appearance. 35c each; 3 for 95c.

The Set of 4 for only \$1.19, postpaid.

Pelargonium—Easter Greetings.

NEW AND BEAUTIFUL FRENCH HYDRANGEAS

New French Hydrangea—La Emperor.

These new varieties are the showiest and most desirable decorative plants ever offered.

Grand low growing bushy shrubs; used for decorating lawns and porches during Summer; they bear enormous heads of flowers; not being entirely hardy are usually kept in tubs or boxes, set out in Summer and taken to cellar over Winter.

LA EMPEROR—Without any question this is the best of the highly decorative French Hydrangeas. Dwarf, free flowering and early. Large compact trusses of silvery rose flowers which are very attractive. 40c each.

LA FRANCE—Large trusses of well formed flowers, rose amber turning to bright pink; this is a favorite wherever shown. 35c each.

EXQUISITE—An exceptionally beautiful Hydrangea. Heads of bloom are unusually large, and of rich, deep blue color. Easy to grow and sure to bloom. 30c each.

MARECHAL FOCH—Very deep carmine; a color never before seen in a Hydrangea; this is one of the most effective in our collection. 35c each.

LE MARNE—Large flower of pale blue color; has become a general favorite the past few years. 30c each.

LA PEARL—The most popular white; very free flowering and of large size and fine form. 30c each.

Special Offer G3 One each of the 6 **HYDRANGEAS**. Fine, strong, young plants, for only \$1.77, postpaid.

HELIOTROPES

These are universal favorites on account of their delightful fragrance. Flower equally well as bedding plants in Summer, or as pot plants during Winter.

MAD. DE BLONAY—Very beautiful. Pure white and sweet scented. Flower large and well formed. Splendid bloomer. 20c each; 3 for 55c.

CENTEFLEUR—Strong, stocky growth, heavily corrugated dark foliage; immense clusters of beautiful rich purple flowers. 20c each; 3 for 55c.

HIBISCUS

ORANGE BEAUTY—Large, double, orange-colored flowers. Very novel and attractive. 25c each; 3 for 70c, postpaid.

BRILLIANT QUEEN—This is a truly surprising house plant, the flowers are so immense and yet so beautiful that you can scarcely believe that they are not artificial in some way. It is a rapid, erect grower, with bright glossy green leaves, beautiful double flowers of a bright vermilion-scarlet; very handsome flowers. 30c each; 3 for 85c, postpaid.

APPLE BLOSSOM—Immense double flowers like Roses, 4 to 5 inches in diameter. Color rich bright pink, with deep crimson center; likes heat and moisture and begins to bloom very quickly. 25c each, 3 for 70c.

The set of three New Hibiscus only 63c postpaid.

IVY

ENGLISH IVY—Queen Victoria—This is a hardy true evergreen climbing vine, with dark glossy green leaves. Much used for covering walls of churches, etc., and for cemetery work; also one of the very best plants for house culture. 20c each, 3 for 55c, postpaid.

PARLOR OR ORIENTAL IVY—A quick growing trailing plant of delicate green foliage; fine for hanging baskets, etc. 20c each; 3 for 55c, postpaid.

VARIEGATED GROUND IVY—(Glechoma)—A graceful and beautiful half hardy perennial creeping plant, which quickly and densely carpets the ground; equally attractive for vases or hanging baskets. The charming foliage is bright green and pure white, and emits a refreshing fragrance. 25c each; 3 for 70c, postpaid.

NEW STAR JASMINE—Sweet Scented

Almost continuously in bloom. A valuable house plant in the North, especially during the Winter, but perfectly hardy in the South; flowers star shaped, pure white and very fragrant. The idol of poets, and one of the sweetest flowers. Easily grown; even small plants bear a profusion of bloom; small glossy evergreen foliage. 25c each; 3 for 70c, postpaid.

NIGHT BLOOMING JASMINE—Evening Scented

An interesting tender shrub of easy cultivation, with waxy dark green leaves and open panicles of tubular, creamy white flowers. Although entirely inodorous during the day, they fill the whole garden with fragrance at night. Grows rapidly. Blooms nearly all the year. 25c each; 3 for 70c, postpaid.

NEW JASMINE—Golden Beauty

Something entirely different in a Jasmine, having attractive, large, bright yellow flowers, which are produced in profusion throughout the winter. There are so few yellow flowers, especially during the winter months, that this new variety will be wanted by all. Very sweet scented. 25c each; 3 for 70c, postpaid.

The set of 3 beautiful Jasmines, only 65c, postpaid.

Queen Victoria Ivy.

Night Blooming Jasmine.

Hibiscus Brilliant Queen.

New Speckled Beauty Begonia.

BUCKBEE'S FINEST FLOWERING BEGONIAS

The Flowering Begonias are among our most beautiful and satisfactory flowers for house culture and bedding. They grow nicely, make neat, handsome plants, bloom constantly, and their pretty, wax-like flowers and glossy, bright colored leaves and stems are always greatly admired.

BUCKBEE'S NEW SPECKLED BEAUTY—The finest flowering Begonia ever grown. Leaves are pure bronze color, oblong in shape with silver markings. Blooms easily. Large trusses of snow white flowers. Each 30c.

ALBA PICTA—Elegant, slender, glossy, green leaves; thickly spotted; silvery white flowers. Each 20c.

NEW BEEFSTEAK—Thick round leaves of deep green with red on the reverse side. Each 30c.

OTTO HACKER—A strong, vigorous grower, of fine upright habit, with large shining deep green leaves. Flowers bright coral red borne in immense clusters. Each 30c.

ROBUSTA—The stem and underside of the leaf are Indian red; the upper side glossy olive green. Petals are white with pink stripe; golden anthers; the buds are coral red. Each 20c.

RUBRA—Dark glossy green leaves, combined with its free flowering habit, makes it one of the very best plants for house decoration. The flowers are a scarlet rose color. Each 25c.

THURSTONI—This Begonia has bright red foliage and veining underneath the leaves, and bright green shading to red in the younger growth on top. The flowers are a beautiful rosy-white. Each 25c.

SPECIAL OFFER—The above set of seven Buckbee's Flowering Begonias for only \$1.61, postpaid.

BUCKBEE'S CHRISTMAS CACTUS

The Beautiful Decorative Christmas Plant

Scarlet Flowers and Green Foliage. Easy to Grow and Sure to Bloom, A Wonderfully Attractive Novelty

This wonderful plant of our own introduction blossoms very early and is usually in wonderful shape for Christmas and the holidays. It is a very unusual appearing plant as will be seen by the illustration. It is an early flowering crimson scarlet variety, with long drooping flowers, borne in great profusion. Stems branching and hanging in bunches. It grows and blooms with the greatest ease, requires absolutely no care, living for months without water, increasing in value yearly. Fine plants, 30c each; 3 for 85c, postpaid.

Buckbee's Christmas Cactus.

BUCKBEE'S NEW BABY'S BREATH FERN

The Daintiest Fern Ever Grown. Strong Vigorous Grower and Unequaled as a House Plant

This is the only fern that is equally beautiful when small and when it has reached its full growth. The leaves are extremely fluffy, giving a ruffled appearance, while the individual fronds are so dainty and delicate as to suggest its name "Baby's Breath"; still it is as hardy and vigorous and as easy to grow as any house fern we have. Choice young plants 35c each; 3 for 95c, postpaid.

Mrs. B. Kalinowsky, Lott, Texas.—"The Fern I ordered from you two years ago is a beauty of my home now. My other plants are doing nicely."

NEW ASSYRIAN LEOPARD PLANT

The Iron Clad House Plant. Rigid Sword-Like Leaves of Green Barred with Creamy White

This wonderful novelty which originated in Asshur (Assyria) is a beautiful decorative plant which will stand any amount of neglect and should be grown for positions where other plants do not thrive. It will grow where nothing else does, in a sunless window, a dark hall, a cool bedroom, or stand on the mantle in a heated sitting room. It will stand gas and dust, and will go for months without a drop of water, yet remain as thrifty as ever. Singularly beautiful, as well as easily grown. Erect, rigid, sword-like leaves which are thick and fleshy, a dark green color, with clouded bars of white. Fine plants, postpaid, 35c each; 3 for 95c. Larger plants, by express, not prepaid, \$1.00 to \$1.50 each.

Buckbee's Scarlet Fountain Plant.

BUCKBEE'S SCARLET FOUNTAIN PLANT

Unique and Attractive. Dainty Foliage and Blood Red Flowers. A Charming Basket or Vase Plant

A novel and beautiful plant, suitable either for bedding or pot culture. Has long, wiry, leafless stems; drooping and bearing quantities of long tubular flowers of the most vivid scarlet color. Especially adapted for hanging baskets, vases, window boxes, etc., where a delicate and graceful effect is sought. It is literally covered with brilliant coral-red buds and scarlet flowers, the full size being $\frac{1}{4}$ to $\frac{3}{4}$ inch long. The great drooping masses of bloom are like a fountain of coral, scarlet and green. Price 30c each; 3 for 85c, postpaid.

Assyrian Leopard Plant.

Buckbee's Fiery Cross Chrysanthemum.

BUCKBEE'S FIERY CROSS — THE NEW RED CHRYSANTHEMUM

Our Own Introduction. The Unusual
Color is Well Shown by the
Above Illustration

This new flower was originated in our own Greenhouses and is one of the most promising varieties we have ever had. An exceptionally strong and sturdy grower with long and stout stems having leaves clear to the flower, a most desirable feature, as the foliage adds greatly to the beauty. Color is the deepest and richest crimson red we have ever seen in a large Chrysanthemum. Petals are broad and thick, tightly folded and overlapped, making a large ball of beautiful appearance. Extra select plants, 60c each, postpaid.

Mrs. Joe Stodola, Sr., Lucas, Kans.
—The Fiery Cross Chrysanthemum I
ordered certainly was a success. It
surely had large, beautiful flowers.

BUCKBEE'S GRAND PRIZE COLLECTION

The World's Newest and Largest
Exhibition Varieties.

SPECIAL OFFER—The Following Set
of Buckbee's Six Grand Prize Vari-
eties Only \$2.52, Postpaid.

Of the many Chrysanthemums which we grow the following varieties are the finest, largest and most easily grown. These famous varieties can be seen in full bloom in our Greenhouses in October and early November and we wish all could come and see them.

GOLDEN CHAMPION—Finest exhibition golden bronze ever raised; color deepest glowing orange. This is a variety that has been grown 45 inches in circumference. Stem and foliage perfect. 50c each, postpaid.

MRS. CHAS. W. JOHNSON—This is the largest white Chrysanthemum. It won the silver sweepstakes cup at the International Flower Show, Cleveland, Ohio, and the Chrysanthemum Society of America Silver cup at New York. Has been awarded more points of perfection by the Chrysanthemum Society judges than any other Chrysanthemum. 50c each, postpaid.

MRS. DAVID LLOYD GEORGE—Extremely large flowers which are often 9 inches across. Color is a rich, bright crimson with gold tips and gold reverse. Plant is a strong, healthy grower with foliage right up to the flower. 50c each, postpaid.

GOLDEN OCTOBER—A monster yellow flower unsurpassed both in size and color. Very dwarf, robust grower and one of the largest flowers in the collection. 50c each, postpaid.

CINCINNATI—An enormous deep pink variety larger than any other pink grown. Every bud produces a perfect flower of deep pink color. We feel sure Cincinnati will please every lover of Chrysanthemums. 50c each, postpaid.

SUBLIME—An odd colored flower of the largest size. Ground color white; petals are lined with a brilliant pink stripe. A dwarf beautiful grower, splendidly adapted for large specimen plants. 50c each, postpaid.

BUCKBEE'S WONDERFUL PRIZE WINNING CHRYSANTHEMUMS

Unequaled for Size. Unequaled for Beauty. Unequaled for Lasting Qualities

For over 50 years Buckbee's Chrysanthemums have been exhibited each year in all the leading flower shows in the country and have never failed to carry off many prizes and high honors. Over 15,000 people viewed our wonderful collection in bloom in our Forest City Greenhouses when we threw our doors open to Rockford and vicinity November 12th and 13th, 1927. Wonderfully long and strong stems; mammoth flowers; exceptionally beautiful colors; and all of the plants listed below are from the exceptionally desirable prize winners.

BUCKBEE'S NEW HARDY GARDEN COLLECTION

(See Painting from Nature)

Early Hardy Outdoor Chrysanthemums. The Glory of the
Fall Garden

These are all very early varieties with full double good sized flowers, selected for their earliness and hardness. They begin to bloom the last of August and being frost resisting will continue to flower profusely until very hard frost, often well into November, giving color, life and beauty to an otherwise empty garden. They are also root hardy and will stand the winters most anywhere if given some protection.

AUTUMN BEAUTY—All shades of autumn color are found in the flowers of this variety.

MARIE ANTOINETTE—Brilliant carmine shaded with scarlet.

EXCELSIOR—Fiery orange with reverse and edge of petals tipped gold.

HENRI VINCENT—A beautiful pink, very early and free flowering.

JACK FROST—Snow white in color, perfect in shape, very free.

WOLVERINE—Yellow, early and continuous bloomer.

HARVEST HOME—One of the most unique colored varieties, being yellow overlaid with brilliant orange crimson.

QUEEN OF WHITES—Free flowering early white.

JULIA MILLER—Deep chestnut, shaded crimson, coming into flower very early.

WHITE POP CORN—Creamy white with rose pink shadings.

Any of the above varieties, 30c each.
The set of ten kinds for only \$2.69, postpaid.

BUCKBEE'S NEW BABY OR POMPON CHRYSANTHEMUMS

These beautiful varieties have perfectly double flowers of rare beauty. Very desirable for home culture and extremely valuable for outdoor planting. Bloom from late summer to late fall. In most localities will live outdoors over winter if nicely protected.

LUCILLE KNOBLE—Bright yellow. Everybody's favorite. 25c each.

GOLDEN WEDDING—Bright yellow. Clear and desirable. 25c each.

HILDA CANNING—Reddish brown, an unusual color. 25c each.

LITTLE TOT—Deep bright rose. Very pretty. 25c each.

MARIANO—Pure white. Lasts well when cut. 25c each.

FLORA—The brightest and best of the red Pompons. 25c each.

The set of these six Pompons for only \$1.36, postpaid.

Buckbee's Hardy Garden Chrysanthemums.

Buckbee's New Baby Pompon Chrysanthemums.

Buckbee's Baby Rambler Rose.

BUCKBEE'S BEAUTIFUL HARDY MOSS ROSES

**Unusually Attractive.
Very Sweet Scented**

A class of Roses which are much admired. The beauty of the flower consists of the delicate mossy covering which surrounds the bud, and which gives the opening flower a unique appearance. They are strong, vigorous growers, perfectly hardy.

HENRY MARTIN—Rich, deep, rosy red.

MOUSSELINE—Large clusters of snow white flowers, delightfully perfumed.

PRINCESS ADELAIDE—Rich glossy pink, finely mossed.

Price, any of the above Moss Roses, strong plants, postpaid, 25c each; 3 for 70c; large 2-year-old plants, 65c each.

SPECIAL OFFER—One each of these three beautiful Moss Roses, in strong one-year-old plants, postpaid, for only 70c, or one each of the three large two-year-old plants for \$1.81.

Buckbee's Moss Rose.

BUCKBEE'S HARDY DWARF BABY RAMBLER ROSES

Equally Beautiful for Pots or Out of Doors

A new class of perfectly hardy dwarf Roses bearing the same mammoth clusters of delightful flowers so much admired on the climbing Rambler roses. Unequaled for pot culture for winter flowers in the house as well as out of doors. Mrs. Jno. Brock, Sparksville, Ind., writes—"The dwarf Crimson Rambler Rose you sent me early this spring has 54 beautiful Roses and I have one of your little Fairy Roses with 66 Roses in bloom."

RED FLAME—(The Scarlet Baby Rambler)—A dwarf bush form of Crimson Rambler; is fully covered with large clusters of rich crimson red flowers throughout the season. Each 30c postpaid.

PINK DELIGHT—(The Pink Baby Rambler)—Flowers cerise pink measuring two inches across, with a double row of twisted petals; center chrome yellow. Each 25c postpaid.

WHITE PEARL—(The White Baby Rambler)—Very attractive double pure white flowers. Each 25c postpaid.

NEW HARDY CLIMBING BABY RAMBLER—Very attractive; continuous show of bright colored bloom, clusters fully as large as those of dwarf Baby Rambler. Each 25c postpaid. Large two-year-old roses of any of the above Baby Ramblers 65c each.

SPECIAL OFFER—The set of four Baby Ramblers only 94c postpaid; or one each of the four large two-year-old plants \$2.34.

Buckbee's La France Rose.

BUCKBEE'S UNEXCELLED LA FRANCE ROSES

The Queen of All Roses

A beautiful class of Roses which should be grown everywhere. The buds are large, beautifully formed and the open flower exceedingly handsome, with a delightful fragrance. In continuous bloom all summer and late into the Fall until stopped by frost.

PINK LA FRANCE—An exquisite shade of silver pink tinged with crimson.

RED LA FRANCE—Brilliant Rose Pink, handsomely shaded.

STRIPED LA FRANCE—Distinctly striped with pearl-white and satin-rose.

WHITE LA FRANCE—Silvery white with the faintest tinge of blush.

Any of the La France Roses, Fine Plants, 25c each; the set of 4 for 87c postpaid. Large two-year-old plants, 60c each, or set of four two-year-old plants, \$2.16.

BUCKBEE'S EVERBLOOMING COCHET ROSES

Beautiful Buds and Exquisite Large Flowers

A wonderful class of Roses, with the vigor of an oak. Blooms every month as freely as any greenhouse variety. Claimed by many to be perfectly hardy, but we recommend protection during the winter.

PINK MAMAN COCHET—Flowers of enormous size, very full and of great depth and substance. Color clear, rich, pink, changing to silvery-rose. Deliciously sweet; a vigorous grower; flowers the whole season. Each 25c postpaid.

RED MAMAN COCHET—One of the most magnificent perfectly double flowers of a bright rosy red color, produced in wonderful profusion all season. Each 25c postpaid.

WHITE MAMAN COCHET—A sport of Pink Maman Cochet and identical with it except in color, which is pure snow white. The finest bedding tea rose in existence. Each 25c postpaid.

YELLOW MAMAN COCHET—One of the finest everblooming yellow Roses. Gracefully molded buds, magnificent, large, very double and sweet flowers of deep sulphur yellow color. Each 30c postpaid.

Large two-year-old plants of any of the above Cochet Roses for 55c each.

SPECIAL OFFER—The set of four Everblooming Cochet Roses only 93c, postpaid; or one each of the four large two-year-old plants for \$1.98.

Buckbee's Cochet Rose.

BUCKBEE'S
INDIAN CURRANT
CHIEF BLACKHAWK

BUCKBEE'S INDIAN CURRANT CHIEF BLACKHAWK

A Beautiful Shrub for All Locations

A wonderful ornamental shrub 3 to 4 feet high whose greatest charm lies in the cluster of bright red fruits. Foliage is small and dark. Flowers are small and are usually in bloom in June or July followed by large clusters of bright red fruits.

Fine young Plants, 35c each; 3 for 95c, postpaid.

Extra size Plants 55c each, postpaid.

BUCKBEE'S NEW CLIMBING BUTTERFLY BUSH

Everblooming—Fragrant—Hardy—Attractive

A Show Plant For Every Garden

A climbing form of the Beautiful Butterfly Bush. The individual flowers are small, and similar to the Lilac, but are borne in such quantities on a single stem that the flowering portion or blossom is often 8 inches long. In bloom all summer, and exceptionally fragrant. Foliage is bright green and flowers exquisite orange yellow.

Fine young Plants 45c each; 3 for \$1.25, postpaid.

Extra size Plants 75c each, postpaid.

BUCKBEE'S NEW BRIDAL WREATH OCEAN SPRAY

The Prettiest and Daintiest of the Spireas

Small and exceedingly dainty pure white flowers are borne in clusters the entire length of the stem. This is one of our most popular shrubs. Ocean Spray grows in compact form, flowers early, foliage beautiful entire growing season.

Fine young Plants 35c each; 3 for 95c, postpaid.

Extra size Plants 60c each, postpaid.

NEW BRIDAL WREATH
OCEAN SPRAY

BUCKBEE'S NEW WEIGELIA CORAL BEAUTY

Beautiful Bell Shaped Flowers of Dark Rose Color

This shrub is best adapted for medium or back rows, as they often grow 6 to 8 feet tall. The flowers are bell shaped, and are borne the entire length of each branch. Usually in bloom from May to July.

Fine young Plants 40c each; 3 for \$1.15, postpaid.
Extra size Plants 70c each, postpaid.

NEW
CLIMBING
BUTTERFLY
BUSH

BUCKBEE'S NEW SNOWBALL INCOMPARABLE

A Wonderful Attractive Tree-Shrub 6 to 8 Feet in Height

A grand and stately shrub, which blossoms in late spring. The flowers are perfect balls of snow and completely cover the trees. Usually in full bloom for over a month. This is the finest of all the Snowballs.

Fine young Plants 40c each; 3 for \$1.15, postpaid.

Extra size Plants 70c each, postpaid.

BUCKBEE'S NEW HYDRANGEA ESKIMO BEAUTY

Perfectly Hardy; Wonderful Bloomer; Unusually Attractive

Too much cannot be said in favor of this beautiful flowering shrub. Large pure white flowers nearly cover the bush and last all summer until touched by frost. Very hardy, thrives nicely in shady or sunny locations.

Fine young Plants 35c each; 3 for 95c, postpaid.

Extra size Plants 55c each, postpaid.

NEW SNOWBALL INCOMPARABLE

NEW HYDRANGEA ESKIMO BEAUTY

NEW WEIGELIA
CORAL BEAUTY

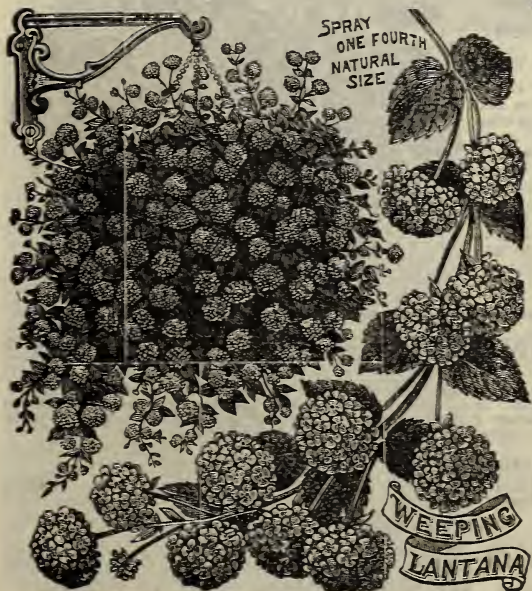

Manettia Vine

One of the handsomest little vines, easily and quickly grown and blooms continuously. Adapted for hanging baskets, pot culture, vases or bedding. The flower is of the shape and about four times the size shown on bottom of our illustration, and of brilliant scarlet, tipped with clear golden yellow, making it most wonderfully attractive. Each 20c; 3 for 55c, postpaid.

Weeping Lantana

MRS. McKINLEY—A fine plant, of graceful, drooping habit, producing flowers at each leaf-joint. The flowers are a brilliant rosy lilac, borne in elegant clusters, and hundreds of them are in bloom all the time and literally cover the entire plant. One of the best varieties for hanging baskets. Each 25c, or 3 for 70c, postpaid.

Buckbee's New Regale Lily

Perfectly Hardy; Beautiful; Easy to Grow.

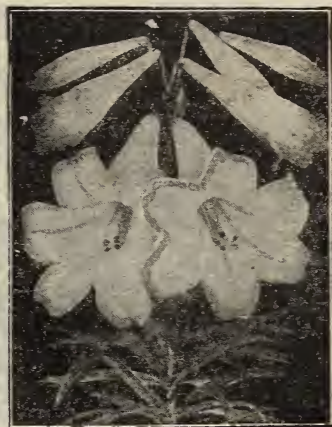

A new hardy garden lily that can be grown in any part of the country. The lilies produce large, handsome, white, fragrant flowers year after year in the greatest abundance. This white flower is exceptionally beautiful, having a faint tinge of primrose-yellow in the throat while the outside of the petals are a deep rose. Most deliciously fragrant. Height 3 to 5 feet. Perfectly hardy everywhere, and the most desirable new flower offered for many years. It is sure to be the most popular lily in the country. Each 35c; 3 for 95c; 6 for \$1.75, postpaid. Larger size 45c each; 3 for \$1.35.

Brazilian Plume Plant

A native of Brazil, of the easiest possible culture, and does well in all kinds of soil, and in any situation. It is a strong, rapid grower and throws long shoots, each of which is tipped with the beautiful pink, plume-like flowers, the ends of every petal drooping in a most charming manner. It is a grand pot plant, commencing to flower when the plants are very small, and blooming profusely for several months out of the year. Each 25c; 3 for 70c, postpaid.

Brazilian Plume Plant.

New Regale Lily.

Oleanders

Very attractive plants that can be grown in almost any soil or situation and kept growing all the year or rested in the cellar. The dark green willow-like foliage is very neat and pleasing.

ORANGE KING—Large and very beautiful, strong grower, very double and a wonderful Salmon yellow color. Each 40c; 3 for \$1.15, postpaid.

LILLIAN HENDERSON, White—Magnificent, large, snow-white double blossoms. Fully as fragrant as a rose and much prettier. Each 30c; 3 for 85c, postpaid.

ROSY MORN, Pink—Large blossoms, rosy pink. A truly magnificent plant, the contrast of foliage and the delicate color of the flowers being so very striking. Each 35c; 3 for 95c, postpaid.

NEW VARIEGATED—Leaves bordered with creamy white. Flowers pink and very double. A magnificent plant; the contrast of foliage and flowers being very striking. Each 50c; 3 for \$1.45, postpaid.

SPECIAL OFFER G1. The full set, one each of the Four Varieties of Oleanders for \$1.37, postpaid.

The seeds I received from Buckbee's last spring were certainly good. We were well pleased with all of them.
MRS. H. E. SCHAFER
Bedford, Ohio.

Everblooming Flowering Lantanas or Honolulu Verbenas

Showy plants that are in bloom continually from spring until frost. Flowers are small, bright eyed, and very beautiful.

AURORA—Large flowered; dark and light shades of pink with yellow center. Each 20c, postpaid.

PERFECTION—Rich velvety crimson-wine color with a varying center of blood orange. Each 20c, postpaid.

RADIATION—Brilliant scarlet with orange-yellow center. Each 20c, postpaid.

SNOWSTORM—Pure white, good size and very attractive. The best and surest blooming white. Each 20c, postpaid.

SPECIAL OFFER D6—One select plant of each of these four everblooming Lantanas for only 74c, postpaid.

Oleander—Rosy Morn.

BUCKBEE'S ORNAMENTAL FRUITS FOR POT CULTURE

**SURINAM
DWARF
CHERRY**

Surinam Dwarf Cherry

An Ornamental Plant as Well as a Tasty Fruit.

Ornamental as well as useful, both in flower and fruit. The fruits are rich bright red in color and of most delicious flavor. Being of dwarf growth, it makes a most desirable pot plant. Strong plants, each 45c; 2 for 85c, postpaid.

Strawberry Guava

Delicious Flavor; Very Sweet and Spicy.

Another luscious tropical fruit and charming house plant, rivaling the famous Otaheite Orange in beauty. Like the orange, it bears both flowers and fruit at the same time. The flowers are pure white and delightfully fragrant. The fruit is large, nearly the size of a walnut, of a beautiful reddish color, and of delicious, sweet and spicy flavor. The plant begins to bloom and bear fruit while quite small. Strong plants, each 45c; 2 for 85c, postpaid.

Strawberry Guava.

PLEASE NOTE—Quarantine laws prohibit shipping Orange and Lemon Plants to Mississippi, Florida, California or Texas. Please do not ask us to.

SPECIAL OFFER A-1

FOR ONLY \$1.66.

We will send by mail, postpaid, one each of the five rare tropical Fruits illustrated on this page. Strong Selected Plants. Safe Arrival Guaranteed.

**American
Wonder
Everbearing
Lemon**

Buckbee's New Everbearing Ponderosa Lemon

Large Juicy Fruits. Easy to Grow.

A Lemon that can be as easily grown in a pot as a Geranium and which produces fruit weighing from one to three pounds each. These enormous fruits are borne on plants one to two feet high growing in pots. It is everbearing and its fruit is delicious for lemonade and culinary purposes. Will thrive in any good soil, either indoors or out. Select, postpaid, 25c to 35c each. Extra large plants, by express, \$1.50 to \$2.50 each.

**SMYRNA
FIG**

Smyrna Fig

Sweet, Tender and of Fine Quality.

A dwarf variety imported from the far East, of compact, hardy growth, making little wood. As a pot or tub plant it is extremely valuable either indoors or outside. It will winter safely in an ordinary cellar, or it can be allowed to harden off with a few frosts in the early Fall and then brought indoors for growing during the Winter. The fruit is of medium size, very sweet and almost seedless. Strong plants, each 45c; 2 for 85c, postpaid.

Otaheite Orange

Beautiful, Graceful and Fragrant.

An extra fine pot plant, with glossy leaves, the true fragrant Orange blooms and abundant little bright Oranges that will hang on the little bush like balls of gold for six months after they are ripe. Nice young thrifty plants, postpaid, 25c to 35c each. Extra large plants, by express, \$1.50 each.

Otaheite Orange.

Los Angeles.

BUCKBEE'S EVERBLOOMING MONTHLY ROSES

AMERICAN LEGION—This wonderful new Rose is named in honor of the World's War heroes. Beautiful, glowing, crimson-scarlet color. Large, full, well-shaped flowers sweetly scented. Constant bloomer. 30c each; 3 for 85c, postpaid. Large two-year-old plants, 65c each.

CONSTANCE—A free flowering variety, producing beautiful long orange-yellow buds of perfect form, as they develop they open to a full globular flower of golden-yellow and as now grown by us it is one of the best yellow garden roses. 25c each; 3 for 70c, postpaid. Large two-year-old plants, 60c each.

CRUSADER—Deep, imperial pink, of perfect form and highly perfumed. The largest of all the Hybrid Tea Roses, producing its flowers very freely through a long season. A good bedding rose. 25c each; 3 for 70c, postpaid. Large two-year-old plants, 60c each.

MARY PICKFORD—Waxy white flowers, shaded light pink, very double and of extra large size. This is one of the best white bedding roses which will surely please you in every particular. 25c each; 3 for 70c, postpaid. Large two-year-old plants, 60c each.

MRS. WM. C. EGAN—An extremely vigorous strong healthy grower with long pointed buds that develop into flowers of good shape. In color it is two-tone pink, the interior a deep flesh color with a golden line at the base of the petals. 25c each; 3 for 70c, postpaid. Large two-year-old plants, 60c each.

New Rose—Padre.

NEW ROSE PADRE

The Finest New Rose. Splendid Color; Beautiful and Exceedingly Sweet

This is one of the finest bedding roses of recent introduction. Our illustration, while doing justice to its beautiful form, does not, of course convey its novel coloring in which it is entirely different from any other rose, this being a brilliant coppery-red flushed with yellow at the base, a color combination that appeals to everyone. It is of vigorous habit. The beautiful, long buds are borne on long, stiff stems and are splendid for cutting as well as for garden decoration. 30c each; 3 for 85c, postpaid. Large two-year-old plants, 65c each.

My neighbor had a Rose Bush from you which was fine size, so I am ordering also.

MRS. MAUDE LINHOSS,
North River, Va.

PINK RADIANCE—An ideal bedding rose of American origin that continues to produce its large flowers throughout the most unfavorable hot summer weather. Color a brilliant carmine-pink with yellow shadings at the base of the petals. 25c each; 3 for 70c, postpaid. Large two-year-old plants, 60c each.

RED LETTER DAY—Brilliant glowing crimson scarlet. Flowers very large, well formed and very fragrant. A splendid garden rose. 25c each; 3 for 70c, postpaid. Large two-year-old plants, 60c each.

TEMPLER—Splendidly shaped buds, opening to well-formed, double flowers of a bright red. Sweetly scented. A strong vigorous grower and very free flowering, making it a fine variety for bedding purposes. 25c each; 3 for 70c, postpaid. Large two-year-old plants, 60c each.

WHITE OPHELIA—A variety that has made such a record for itself that qualifies it to be classed with the best, a rose that is admired by everyone. Flowers are a glistening white, held on long stiff stems. 25c each; 3 for 70c, postpaid. Large two-year-old plants, 60c each.

American Legion.

BUCKBEE'S

Wondrously Beautiful

ROSE COLLECTIONS

Famous Baby Doll Roses

VIOLET SCENTED BABY DOLL—A strong, dwarf grower and a truly wonderful bloomer, producing cluster after cluster of the finest formed flowers. In form they are perfectly full and double and deliciously sweet. The color effect is beautiful—ivory-white, shading toward the center to silvery rose. Hardy everywhere.

IDEAL BABY DOLL—This popular miniature Bouquet Rose is very free flowering, coming in sprays of three to five buds. Flowers are very double, dark velvety crimson in color, and last a long time.

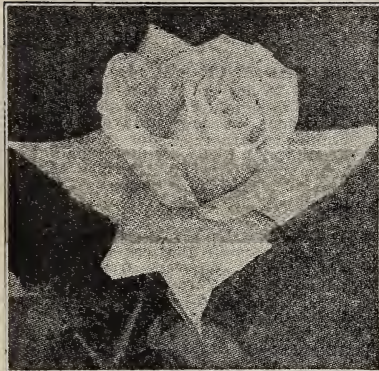

WHITE BABY DOLL—The Genuine Pure White. Identical in every way with Ideal Baby Doll except in color, which is ivory-white. Free blooming and hardy.

YELLOW BABY DOLL—Everybody's Rose. The flowers are very double and are produced in immense clusters; buds exceedingly dainty. A strong upright, bushy grower. Color, white on beautiful light yellow ground; center, chrome yellow.

Any of the Baby Doll Roses, 24c each; the set of 4 for 83c. Large two-year-old plants, 55c each; the set of 4 two-year-old plants, \$1.95.

THEO. ROOSEVELT—Creamy-white flowers with rose shading, of large size and elegant form. A Rose of exceeding beauty. 30c each; 3 for 85c. Large two-year-old plants, 65c each.

Buckbee's
Illinois
Rose.

BUCKBEE'S ILLINOIS ROSE

The Hardest, Prettiest and Most Charming Rose Ever Grown.
The Only Native Climbing Rose of America

This wonderful Rose is the only native climbing rose in America and it is perfectly hardy in nearly every state in the Union, regardless of climate and location. The Illinois Rose is the most ideal climber to use on porches or trellises. Besides being used as a climber, it can be kept trimmed into a beautiful hedge. The blossoms are single and borne in abundance during July after other Roses have ceased to bloom. The color of this rose is a most beautiful shade of pink. The stems on the plant turn red in Winter and this, together with the clusters of crimson fruits, make an attractive winter decoration. You should give this Rose a trial in your garden the coming season. Fine strong plants, 30c each; 3 for 85c, postpaid. Large two-year-old plants, 65c each.

The Rose I ordered from you is wonderful. It has covered the entire end of the porch and has hundreds of wonderful blossoms.

MRS. C. D. CARTER, Russellville, Ala.

BUCKBEE'S BEST HARDY OUTDOOR ROSES

Vigorous Summer Blooming Roses, Noted for Delightful Fragrance; Flowers Large and Lasting; Colors Intense and Striking

General Pershing Rose.

JUBILEE—An intensely fragrant cherry-red rose of great merit. Strong plants, postpaid, 25c each; 3 for 70c. Large two-year-old plants, 65c each.

NEW PINK AMERICAN BEAUTY—Light rose pink of large size and beautiful form, a fitting companion for the well-known Red American Beauty. Delightfully fragrant. Strong plants, postpaid, 30c each; 3 for 85c. Large two-year-old plants, 70c each.

NEW WHITE AMERICAN BEAUTY OR FRAU KARL DRUSCHKI—The best hardy white rose which should be in every garden. It has long buds which open into immense double flowers. Strong plants, postpaid, 30c each; 3 for 85c. Large two-year-old plants, 70c each.

PAUL NEYRON—The largest rose in cultivation. Bright, shining pink, clear and beautiful. The flowers are borne on long, smooth, thornless stems. Strong plants, postpaid, 25c each; 3 for 70c. Large two-year-old plants, 60c each.

PRINCE CAMILLE DE ROHAN—Often called the Black Rose. Large, handsome fragrant flowers of crimson maroon, shading to almost black. One of the finest hardy roses ever grown and should be included in your order. Strong plants, postpaid, 25c each; 3 for 70c. Large two-year-old plants, 60c each.

White American Beauty Rose.

AMERICAN BEAUTY—The national rose of America. The largest, sweetest and best of all of our hardy roses. The flowers are of an immense size and of a rich rosy crimson color, borne on long stiff stems which make it fine for cutting as well as for garden display. They are also deliciously fragrant. Strong plants, postpaid, 30c each; 3 for 85c. Large two-year-old plants, 70c each.

CLIO—The paeony flowered rose. Flowers are large, flesh color shaded in the center to rosy-pink. It is one of the finest roses of its color and no collection is complete without this fine sort. Strong plants, postpaid, 30c each; 3 for 85c. Large two-year-old plants, 65c each.

GENERAL JACQUEMINOT—This variety is famous the world over as the most magnificent hardy crimson rose in existence. You can get nothing else exactly this color. Strong plants, postpaid, 25c each; 3 for 70c. Large two-year-old plants, 60c each.

GENERAL PERSHING—This rose is a soft pink of the largest size and exceedingly fragrant. This is the finest Hardy Rose in our collection and is beautiful beyond description. Flowers are very beautiful and bloom nearly all summer. Strong plants, postpaid, 35c each; 3 for 95c. Large two-year-old plants, 70c each.

GLOIRE LYONNAISE—Free flowering variety of a beautiful light yellow, making a fine display when in bloom. Strong plants, postpaid, 25c each; 3 for 70c. Large two-year-old plants, 65c each.

HIS MAJESTY—The crimson Frau Karl Druschki. Large and beautiful flower of deep crimson, shaded deep vermilion crimson towards the edges. Strong plants, postpaid, 30c each; 3 for 85c. Large 2-year-old plants, 65c each.

Gloire Lyonnaise Rose.

BUCKBEE'S IRONCLAD HARDY ROSE COLLECTION

Fragrant Summer Blooming Outdoor Roses

Any of the following five fine varieties 24c each; the set of five for \$1.06, postpaid. Large 2-year-old plants 60c each or the entire set of five for \$2.68.

ANNA DE DIESEBACH—The famous "Glory of Paris." The color of this desirable rose is bright, deep, clear pink and it is of very large size. It has a fine bud which opens into a large double flower.

J. B. CLARK—This is an excellent rose. The color of the flower is a most brilliant crimson, shaded scarlet, and the blooms are large and beautifully formed. The buds open well in all weathers and the flower is very sweetly scented. Don't fail to try this rose.

MARSHALL P. WILDER—This is a glorious rose. The bright brilliant red flower which is produced on this bush is of the largest size and best form. This full, double, and very fragrant rose should have a place in every garden.

SNOW QUEEN—This grand Rose has become renowned as the very highest type of its class and the best snow-white Rose ever introduced. Its magnificent flowers are nothing less than glorious—immense in size and produced with great freedom. The color is a marvelous white without a tinge of yellow or any other shade.

CAPT. CHRISTY—This is a good strong grower and always does well. The flowers are double, of immense size, and are beautifully formed. The color is peachblow pink; brilliant and showy and intensely fragrant. This rose is a free bloomer and very popular.

BUCKBEE'S NEW EVERBLOOMING CLIMBING ROSES

THESE NEW ROSES DO NICELY OUT OF DOORS DURING THE SUMMER
BUT MUST BE PROTECTED DURING THE WINTER MONTHS

TENDER CLIMBERS

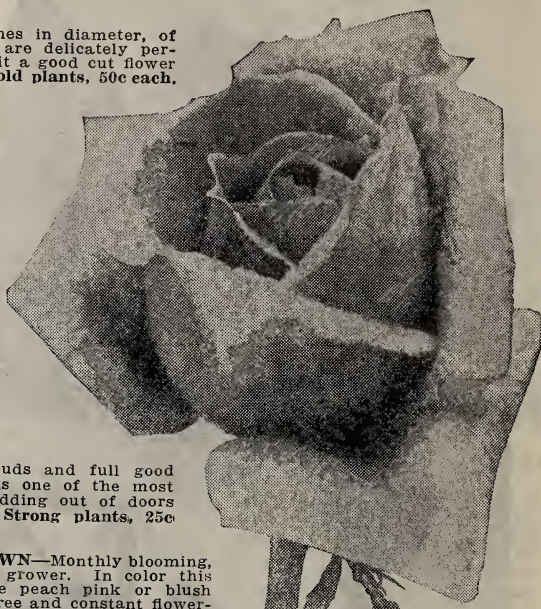

DR. W. VAN FLEET—The open flowers of this climber are four inches in diameter, of a delicate shade of flesh pink deepening to rosy flesh. Flowers are delicately perfumed and have strong stems from 12 to 18 inches long which makes it a good cut flower variety. Strong plants, 25c each; 3 for 70c, postpaid. Large two-year-old plants, 50c each.

MARECHAL NEIL—There is an unlimited demand for this wonderful rose which produces a mass of fragrant, golden-yellow flowers. Its magnificent buds have been admired the world over. It is a rapid grower, making shoots 20 feet high in a single season. This is hardy in the Southern states but has to have winter protection in the North. Strong plants, 30c each; 3 for 85c. Large two-year-old plants, 65c each.

KAISERIN AUGUSTA VICTORIA—Very free flowering climbing form of this most popular rose. A most wonderful shade of creamy white. The buds, which are produced in abundance, are very large, full and beautifully pointed. The foliage is attractive and very disease resistant and the plant a sturdy grower. Strong plants, 25c each; 3 for 70c, postpaid. Large two-year-old plants, 55c each.

WHITE COCHET—This is one of the finest of the climbing roses, producing large, full, beautiful, blush-white flowers and it is especially free flowering. The plants are strong and vigorous growers with good foliage and producing abundance of flowers through the season. You would be well pleased with it. Strong plants, 25c each; 3 for 70c. Large two-year-old plants, 60c each.

METEOR—This is the finest clear crimson rose with long, pointed buds and full good sized flowers. A crimson rose is always in good demand and this is one of the most delightfully colored and as free a bloomer as any. It is fine for bedding out of doors in the summer, also for a house plant during the winter months. Strong plants, 25c each; 3 for 70c, postpaid. Large two-year-old plants, 55c each.

Marechal Neil.

Lady Ashtown.

LADY ASHTOWN—Monthly blooming, very strong grower. In color this is a delicate peach pink or blush pink, very free and constant flowering, with long pointed buds of rare beauty. The flowers are superb when open, extra large and perfectly double. It is also a magnificent rose for the summer garden. Strong plants, 30c each; 3 for 85c, postpaid. Large two-year-old plants, 65c each.

REINE MARIE HENRIETTA—The flowers of this grand climber are deep cherry red, a most attractive color. The blooms are large, full and very double. The plants are very vigorous, producing an abundance of good foliage and lovely flowers throughout the season. This variety is an addition to any garden. Strong plants, 25c each; 3 for 70c, postpaid. Large two-year-old plants, 60c each.

Marie Henrietta.

WHITE GAINSBORO—Vigorous as an oak, being hardy everywhere. Pure paper white color, large flowers and full to the center. Free and perpetual bloomer. It is the most perfect white climbing rose for open ground culture; it may also be trimmed to bush form. Strong plants, 25c each; 3 for 70c, postpaid. Large two-year-old plants, 60c each.

BUCKBEE'S HARDY MEMORIAL ROSE COLLECTION

One Each of the Five Hardy Memorial Roses, 95c, Postpaid,
or One Each of the Five Large Two-Year-Old, \$2.47.

Sometimes called the Wichuriana Roses, but appropriately classed as "Memorials" because everywhere acknowledged to be the most suitable and satisfactory roses for cemetery planting. They will climb when trained, or if let alone creep along the ground as closely as an ivy and make a dense mat of shiny dark green foliage, which will remain green on the plants nearly all winter.

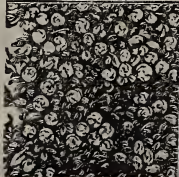

SNOW WREATH—The Famous Pure White Cemetery Rose. Hardy as grass, will grow in sun or shade, poor ground or rich. Makes a beautiful display of blossoms, very large, often 5 to 6 inches around, pure satiny white with bright golden center. 25c each; 3 for 70c. Large two-year-old plants, 60c each.

SHOWER OF GOLD—Elegant single flowers, 3 inches in diameter, pale yellow, very fragrant. 20c each; 3 for 55c. Large two-year-old plants, 60c each.

HIAWATHA—Deep crimson with white eye; single; very free bloomer and showy. One of the best. 20c each; 3 for 55c. Large two-year-old plants, 55c each.

ROSARIE—Snowball Memorial Rose. Perfectly double, pure white and very fragrant. 20c each; 3 for 55c. Large two-year-old plants, 55c each.

UNIVERSAL FAVORITE—Bright rich pink, with orange red stamens. Flowers single, of good size and very fragrant. 20c each; 3 for 55c. Large two-year-old plants, 55c each.

Snow Wreath Cemetery Rose.

The Rose Bushes we ordered last year were more than satisfactory.
MISS MARIE WOODMAN, Ashland, N. H.

THE BEST HARDY CLIMBING ROSES

HARDY CLIMBERS

CLIMBING AMERICAN BEAUTY—Same size and same dark rosy-crimson color and exquisite fragrance as American Beauty, but blooms more profusely, not only in spring but throughout the season. Strong plants, 30c each; 3 for 85c, postpaid. Large two-year-old plants, 65c each.

CLIMBING PINK AMERICAN BEAUTY—Of strong climbing habit with large, heavy, dark green foliage; immune to disease. The flowers are from 3¼ to 4 inches in diameter; borne singly and in clusters; in color a most refreshing bright wild-rose pink. Beautiful as a post or pillar rose. Strong plants, 25c each; 3 for 70c, postpaid. Large two-year-old plants, 65c each.

CLIMBING WHITE AMERICAN BEAUTY—Beautiful semi-double flowers 4½ inches and over in diameter; pure white in color, petals of great substance, beautifully cupped. The yellow stamens in the center add to its attractiveness. Strong plants, 25c each; 3 for 70c, postpaid. Large two-year-old plants, 65c each.

PAUL'S SCARLET CLIMBER—The vivid scarlet flowers are of medium size, semi-double, very freely produced in clusters of from three to twenty flowers each, the plants being literally covered with flowers from top to bottom. It is of strong climbing habit and perfectly hardy. Strong plants, 25c each; 3 for 70c, postpaid. Large two-year-old plants, 60c each.

BLUE RAMBLER—This new climbing Rose surpasses all others of recent introduction in having a pure blue color. The flowers appear in large clusters after the manner of the Crimson Rambler and are semi-double and of medium size. Upon first opening the color is partly bright red and partly bright rose, turning soon to a steel blue. Strong plants, 30c each; 3 for 85c, postpaid. Large two-year-old plants, 65c each.

MARY WALLACE—Makes a fine, strong, self-supporting rose six to eight feet high, with large, glossy foliage, resistant to all diseases. Blooms with great freedom in spring and bears a considerable number of fine buds in summer and fall. Flowers well formed, semi-double, bright, clear rose pink with salmon base to the petals, generally exceeding four inches in diameter. Strong plants, 30c each; 3 for 85c, postpaid. Large two-year-old plants, 65c each.

FLOWER OF FAIRFIELD (The New Everblooming Scarlet Rambler)—Flower of Fairfield commences flowering in the spring or early summer and produces repeated crops of bloom until late in the autumn. Young plants bloom very profusely the first year after planting. Very effective for covering walls, trellises or arches, and is equally attractive for table decoration or other uses as cut flowers. Strong plants, 30c each; 3 for 85c, postpaid. Large two-year-old plants, 60c each.

GLITTERING GOLD—Bright yellow changing to canary-yellow; produced in pyramidal clusters of 50 or more blooms. Strong plants, 25c each; 3 for 70c, postpaid. Large two-year-old plants, 60c each.

TAUSENDSCHON or 1000 BEAUTIES—Entirely distinct, rapid growing and almost thornless. Flowers are very large, fully 3 inches across and show every shade from pure white to deep pink. Strong plants, 25c each; 3 for 70c, postpaid. Large two-year-old plants, 55c each.

DOROTHY PERKINS—Soft delicate pink, flowering profusely in large clusters, very fragrant and lasting. A grand rose in every way and one of the most popular varieties. Strong plants, 25c each; 3 for 70c, postpaid. Large two-year-old plants, 55c each.

GARDENIA—Buds bright yellow; cream color when open. Very fragrant and free flowering. This is the hardy Marechal Niel. Strong plants, 20c each; 3 for 50c, postpaid. Large two-year-old plants, 50c each.

SILVER MOON—Different from all other climbing roses, with beautiful double flowers over 4 inches in diameter; pure white in color, petals of great substance, beautifully cupped, forming a Clematis-like flower of rich fragrance. Strong plants, 25c each; 3 for 70c, postpaid. Large two-year-old plants, 60c each.

BUCKBEE'S RAMBLER ROSE COLLECTION

Beautiful Perfectly Hardy Roses That Will Live Forever
Any of the following Rambler Roses, 20c each, or the entire set of 4 for 71c, postpaid.

Large two-year-old plants, 50c each, or the entire set of 4 for \$1.79.

CRIMSON RAMBLER—Absolutely hardy, vigorous grower, prolific bloomer, producing a gorgeous mass of crimson blossoms which remain on the plant a long time. Often grows 12 to 15 feet in a single season.

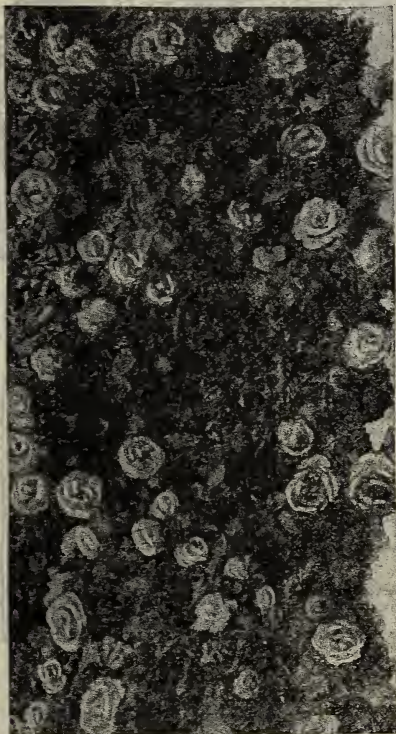

WHITE RAMBLER—Flowers of the White Rambler have the charm of being sweetly scented. Color a pure white, without a blemish. They remain on the bush from three to five weeks and a well-established plant is a creation of resplendent beauty.

PINK RAMBLER—We believe this Rose to be the very best hardy, climbing Rose yet introduced. Color is a beautiful cherry-pink; foliage a beautiful glossy green. Trusses containing nearly 100 buds and blossoms have been counted on a single specimen.

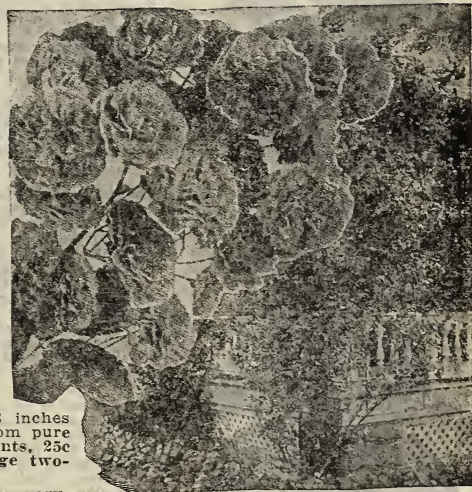

YELLOW RAMBLER—Large clusters of medium sized full double flowers of a saffron yellow, deepening to golden yellow in the center.

Flower of Fairfield.

Mary Wallace.

Blue Rambler.

Climbing American Beauty.

DECORATIVE PLANTS FOR THE HOME PALMS

JAPANESE FAN PALM—One of the hardest of the Fan Palms. Foliage dark green; the segments of the fan-shaped leaves deeply cut, the edges covered with tooth-like spines. Very desirable for lawn decorations. Fine plants, 35c each, postpaid.

KENTIA BELMOREANA—Exceedingly popular parlor Palm. Decidedly rugged under all kinds of treatment. Fine plants, 40c each, postpaid. Large specimen plants, \$5.00 to \$7.50 each, by express, not prepaid.

KENTIA FOSTERIANA—Without exception the most hardy Palm in its class. Quite graceful and scarcely has an equal for table decorations. Fine plants, 40c each, postpaid.

LATANIA BORONICA—This is one of the very best Palms for house culture, so hardy as to thrive in any ordinary living room, in spite of heat, cold, dust or draught. Has elegant fan-shaped leaves, rich dark green, beautifully fringed. Grows easily, needs no petting or coaxing. Fine plants, 40c each, postpaid.

PHOENIX CANARIENSIS—Beautiful and strong-growing Palm with glossy, dark green foliage. Sure to please and easily grown. Fine plants, 60c each, postpaid.

SEAFORTHIA ELEGANS—A magnificent plant for jardineres or center of tropical bed. Most graceful, leaves of rare formation. Fine plants, 45c each, postpaid.

Cigar Plant

Bushy plants of neat habit about 15 inches high, bearing great numbers of narrow, tubular flowers, bright scarlet, with purple and white tips. Bright and attractive, always in bloom. These plants thrive beautifully in hanging baskets, vases, etc. 20c each; 3 for 55c, postpaid.

New Comet Plant

The most unique flowering plant of the century. Fluffy, trailing, tail-like blossoms, soft crimson scarlet, 20 to 30 inches long on specimen plants. Fine plants, 30c each; 3 for 85c, postpaid.

Fire Cracker Plant

Bushy plants of neat habit about 15 inches high, bearing great numbers of narrow, tubular flowers, bright scarlet, with purple and white tips. Bright and attractive, always in bloom. 20c each; 3 for 55c, postpaid.

India Rubber Plant

The Indian Rubber Tree is well known as one of the finest plants for the table and window decoration. It has large, thick olive green leaves and graceful polished stems. Will stand much more neglect than most plants. By express, not prepaid, fine plants, 75c, \$1.00, \$1.50 and \$2.00 each.

Lemon Verbena

A universal favorite and invaluable for its pale green fragrant leaves, so graceful when mixed with bouquets. They will retain their fragrance for years when dried. As a plant for the garden or for pots it is equally valuable. 20c each; 3 for 55c, postpaid.

Royal Purple Plant

The leaves are beautifully variegated, with a deep metallic purple, shaded with dark rose and margined light green. It is particularly fine for beds and borders and is entirely distinct from any other bedding plant. Grown as a pot plant in the house and it is very bright and effective. 25c each; 3 for 70c, postpaid.

Shower of Gold (Genista)

A beautiful yellow flowering plant that grows and flowers freely with ordinary care, literally covering the plant with its rich golden-yellow blooms when well grown. A very popular plant for Easter decorations, at which time it is usually a mass of bloom. 25c each; 3 for 70c, postpaid.

Swan Flower (Swainsonia)

ALBA—This is a very beautiful plant, both for flower bed and house culture; flowers are pure, snowy white, and borne in pretty sprays all over the plant. 25c each; 3 for 70c, postpaid.

ROSEA—Same as Alba except in color, which is bright, rich, rosy, red. Very choice and rare. 30c each; 3 for 85c, postpaid.

Umbrella Palm

A very decorative palm. Hardy, useful and beautiful window plant for all seasons, always fresh, green and attractive. Invaluable as an aquatic plant. Stems 2 to 3 feet high, surmounted by whorls of leaves. Price, 20c each, or 3 for 55c, postpaid.

Sweet Violets

ROYALTY—The new double Violet. Beautiful azure blue, of rare fragrance. 25c each, 3 for 70c.

THE CALIFORNIA—Flowers single, of immense size; color, clear violet purple. The fragrance is delightful. 20c each; 3 for 55c.

GOVERNOR HERRICK—Rich, dark purple; single flowers of lovely fragrance. 20c each; 3 for 55c.

IMPROVED MARIE LOUISE—One of the finest double blue Violets grown. Very fragrant and a continual bloomer. 20c each; 3 for 55c.

THE BRIDE—A grand pure white variety. Flowers are double and immense in size, extra early and deliciously fragrant. 25c each; 3 for 70c.

HARDY VIOLETS—See page 167.

Wandering Jew

MULTICOLOR—Fine variegated leaves, striped crimson, green and silver. A very rapid grower and excellent for hanging baskets, vases, window boxes, etc. Highly ornamental. 20c each; 3 for 55c, postpaid.

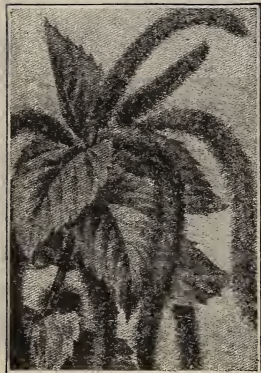

Kentia Palm.

India Rubber Plant

Royal Purple Plant.

New Comet Plant.

Swan Flower.

Shower of Gold.

Wandering Jew.

New Double Violet—Royalty.

BUCKBEE'S BEAUTIFUL WATER LILIES

Easy to Grow and the Most Beautiful Flower in the World

The most artistic and satisfactory decoration for a yard or home is a pond of Water Lilies which ordinarily are in bloom every day from July until frost. They are easy to grow and can be handled in almost any kind of a pool. In a natural pond Water Lilies generally grow in water one to two feet deep so this is about the depth you should plan in preparing your pool. While a concrete pool is the most ornamental, an ordinary vinegar barrel would make an ideal basin for a beginner in starting a water garden. Saw the barrel in two, digging a hole in the ground and sinking so that only one inch stands above the ground. Put in about four inches of very rich dirt in the bottom, a very thin layer of manure and then another four inches of rich dirt. One Water Lily bulb to a barrel will be sufficient. Place bulb just below the soil and then blanket with an inch of very fine soil or gravel to hold down the soil and keep the water clean.

The following twelve varieties are among the most satisfactory:

- CHRYSANTHA**—Leaves of moderate size; flower beautiful rosy yellow with orange stamens. Each \$1.50, postpaid.
- ADORATION**—Fragrant flowers are pure white, quite large in size. Blooms very freely. Each \$1.50, postpaid.
- AURORA**—Flowers of good size; beautiful dark red when fully opened. Each \$3.50, postpaid.
- DAUBEN (Tropical)**—An excellent variety with pale blue flowers. Plants mature rapidly. Each, \$1.50, postpaid.
- DENTATA (Night-blooming)**—Pure white, blooms somewhat flatter than the usual varieties. Ordinarily 8 to 12 inches across. Each \$1.50, postpaid.

Chrysantha.

NOTICE: Water Lilies are shipped direct from our growing Station and will not be sent out with other plants. We cannot ship before May.

Gloriana.

GLORIOSA—One of the very best. The fragrant blossoms are often 6 to 7 inches across, perfect in form and rather double. Flowers are a beautiful bright carmine. Each \$5.50, postpaid.

GLADSTONE—Flowers 6 to 8 inches in diameter. Pure white in color with yellow stamens. Each \$2.00, postpaid.

MARLIACEA CHROMATELLA—Medium-sized flowers of bright yellow with stamens somewhat deeper in color. Each \$2.50, postpaid.

PENNSYLVANIA (Tropical)—Deep blue flowers often a foot high and produced freely. Sepals marked with purple lines and dots. Each \$3.00, postpaid.

PINK OPAL—One of the newest varieties. Buds are almost round and open into beautiful deep pink flowers. Each \$2.50, postpaid.

W. B. SHAW—This variety produces blooms almost continuously. Flowers rich rose-color. Each \$2.00, postpaid.

TUBEROSA CARNEA—Adapted to tub culture or naturalizing in ponds. Fragrant flowers of light flesh-pink. Each \$1.50, postpaid.

BUCKBEE'S HARDY ORCHIDS AND LADY SLIPPERS

These Beautiful Hardy Flowers Rival the Expensive Greenhouse Orchids and Can Be Grown Out-of-Doors in Any State in the Union.

BUCKBEE'S DELICATA (Lavender-pink Orchid)—Grows 1 to 1½ feet high with grass-like foliage. Pink-purple flowers. Very showy and succeeds in all locations. 85c each; 3 for \$2.25, postpaid.

BUCKBEE'S ENCHANTRESS (Pink Lady Slipper)—Height 6 to 15 inches with thick clusters of leaves flat on ground. Large purple upright flowers in early spring. 85c each; 3 for \$2.25, postpaid.

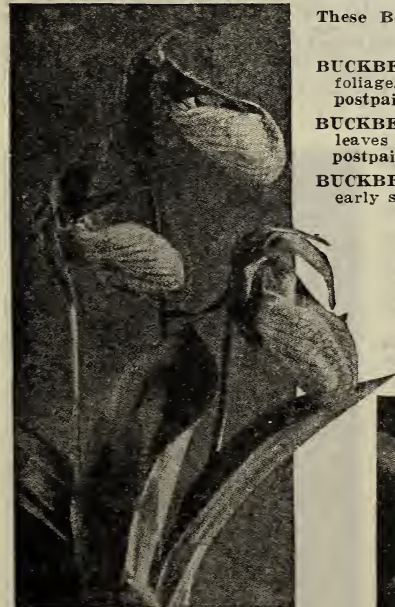

BUCKBEE'S CINDERELLA (Yellow Lady Slipper)—Height 9 to 18 inches. Fragrant flowers in early spring. 85c each; 3 for \$2.25, postpaid.

BUCKBEE'S BUTTERCUP (Golden Lady Slipper)—Height 12 to 20 inches with bright yellow flowers. 85c each; 3 for \$2.25, postpaid.

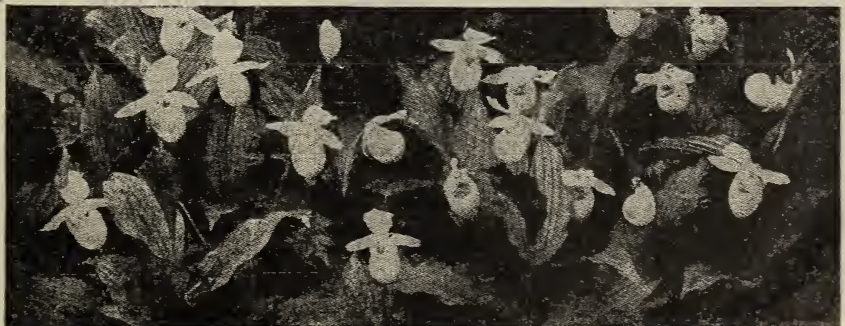

BUCKBEE'S SENSATION (Showy Lady Slipper)—Extra-strong grower ranging from 1 to 2½ feet in height. White to rose-color flowers in June and July. \$1.25 each; 3 for \$3.50, postpaid.

BUCKBEE'S DISTINCTION (Showy Orchid)—Height 6 to 12 inches with showy pink-purple flowers in early spring. 85c each; 3 for \$2.25, postpaid.

Orchids and Lady Slippers are shipped direct from our growing station and will not be sent out with other plants.

Buckbee's Lady Slipper.

Buckbee's Wonderful Hardy Native Orchids.

SPECIAL OFFER

One fine plant each of the 6 Hardy Orchids and Lady Slippers listed on this page for only \$4.41, postpaid.

BUCKBEE'S CHOICE
"FULL OF LIFE"

HARDY PERENNIAL PLANTS

Lady in White.

DAISY SHASTA (Alaska)—The very best daisy. These new Hybrids of Shasta Daisy give us flowers of different forms and a large range in shape from fully double to single; and in color from pure white to pale lemon yellow—some solid color, some prettily variegated with yellow discs. The plants are very free flowering and in bloom throughout a long season, making as effective a field show and as profitable a cut flower as any hardy perennial grown. Each 20c; 3 for 55c; doz. \$1.95, postpaid.

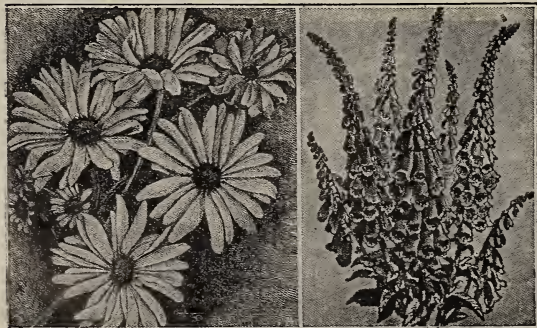

FOX GLOVE (Digitalis)—Buckbee's New Gloxiana Flowered Hybrids are a great improvement over the old-fashioned Fox Gloves usually seen. The strong flower stalks—often 4 to 6 feet high—always give an appearance of strength wherever planted. Mixed colors. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

GAILLARDIA GRANDIFLORA—One of the showiest and most effective hardy plants, about 2 feet high, and continuous bloomers from June till cut down by the frost. The flowers are of gorgeous coloring; the center is of dark red-brown, with petals marked with rings of brilliant crimson, orange and vermillion. Excellent for cutting. Each 20c; 3 for 55c; doz. \$2.00, postpaid.

HARDY CLIMBING SWEET PEA (Lathyrus)—These beautiful climbing vines are perfectly hardy and increase in beauty every year. Being of climbing habit, some provision must be made that they may have support to hold them off the ground. The flowers grow in clusters and are considered by many to be prettier than the regular Sweet Peas. Not fragrant like ordinary Sweet Peas, but are raised for their great beauty. Each 20c; 3 for 55c; doz. \$1.95, postpaid.

NEW GIANT RAINBOW HIBISCUS—The most notable and striking introduction of hardy perennial plants for many years. Plants 6 feet high, with huge blossoms 10 to 12 inches across, in white and all shades of pink, rose and scarlet. These flowers remain open all day, whereas other Mallows close about noon, and they are producers from July till frost. Singly, in groups by themselves or mingled with shrubbery of any kind, and in any kind of soil, they are delightfully beautiful, and give the very best of satisfaction. Each 30c; 3 for 85c; doz. \$3.00, postpaid.

HIBISCUS (Crimson Eye)—Noble, shrub-like plants, 3 to 4 feet high. Large fine green foliage and flowers of immense size, pure white, with large spot of deep velvety crimson in the center. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

Shasta Daisy.

Fox Glove.

The old-fashioned hardy garden flowers are very popular, and deservedly so. No feature of the garden can be more satisfactory than a good assortment of these hardy plants, producing from early Spring to late in the Fall a continuous succession of charming flowers, which are equally valuable for garden ornamentation and cutting purposes. No class of plants will yield better or more pleasing results for the money invested. They require very little care or attention, are perfectly hardy and yield a rich harvest of bloom.

LADY IN WHITE (The Famous Cemetery Plant)—There are so few flowers that do well in a cemetery that the Lady in White will be welcomed by everyone. Sun or shade make little difference to it, and it is very beautiful. It is also one of the very best white-flowering plants for the garden. The flowers are borne in the greatest profusion the entire Summer on strong stems. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

LADY IN PINK—Identical to the above Lady in White except that the flowers are pink. This also makes an ideal cemetery plant. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

AQUILEGIA (Columbine)—Buckbee's new long-spurred varieties are of many good and varied colors. Grows about two feet high. With their airy grace they make a wonderful showing in the Perennial border. Their strong stems make this a desirable flower for cutting. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

CUSHION PINK—Attractive, dwarf plants for low edgings, forming rosettes of narrow evergreen leaves on the ground, from which they send up stiff, wiry stems with dense heads of flowers; bloom all season. Pink and white flowers. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

JAPANESE BELL FLOWER (Platycodon)—Neat, branching bushes, 2 to 3 feet high, with 10 to 12 stalks covered with large bell-shaped flowers from July till September. Blue and white flowers. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

BABY'S BREATH (Gypsophila Paniculata)—A beautiful old-fashioned plant possessing a grace not found in any other perennial. Beautiful pure white flowers. Plants grow 2 to 3 feet in height and about the same in diameter. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

BLEEDING HEART—An ornament to any garden. Delightfully beautiful spring flowering plants, bearing a profusion of sprays, of rosy-red, heart-shaped flowers. Each 45c; 3 for \$1.25, postpaid.

BUCKBEE'S NEW POWDER PUFF (Improved Stokesia)—A most charming and beautiful native plant. Grows from 18 to 24 inches high, bearing freely from early in July until October its handsome Powder Puff-like blossoms, which measure from 4 to 5 inches across. It is of the easiest culture, succeeding in any open, sunny position, and not only is it desirable as a single plant in the hardy border, but it can also be used with fine effect in masses or beds of any size. Mixed colors, blue, purple, pink, yellow and white. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

CANTERBURY BELLS (Campanula Medium)—Beautiful large bell-shaped flowers in blue, rose and white colors. The Medium is the most satisfactory of the Campanulas. It grows 3 feet high on good soil and blooms for a long time, if flowers are cut immediately upon fading and if planted in a half-shady place. Mixed colors. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

CENTAUREA MONTANA—The only perennial cornflower or Bachelor's Button, a beautiful easily grown plant about 2 feet high, bearing large violet-blue flowers from July to September. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

COREOPSIS (Lanceolata Grandiflora)—One of the most popular hardy plants. The flowers are of a rich golden yellow and invaluable for cutting; continues in bloom the entire Summer and Fall. Each 20c; 3 for 55c; doz. \$2.00, postpaid.

Coreopsis.

Gaillardia.

GOLDEN GLOW

Rays of Gold (Rudbeckia)—It is a question whether any other hardy perennial has ever met with greater popularity than this. It is a strong robust grower of 5 to 6 feet, and produces masses of double golden yellow cactus dahlia-like flowers from July to September. The Golden Glow is indispensable for the hardy perennial border; also makes a most attractive plant when grown alone—see illustration next page. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

HARDY PERENNIAL PLANTS—Continued

HOLLYHOCK (Buckbee's New Hybrids)—Few hardy plants combine as many good qualities as the Hollyhock. The flowers form perfect rosettes of the most lovely shades of color. It requires a rich, deep soil, well drained, and will repay in quantity and elegance of bloom any extra care. A slight protection during the winter will be beneficial. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

JAPANESE IRIS—These magnificent Iris are among the most beautiful of our Summer-flowering plants, and are becoming more popular every season. They commence blooming about the middle of June and continue for five or six weeks. Many of these flowers measure from 10 to 12 inches in diameter, and rival the Orchids in their rich colorings and markings. Choicest New Hybrid Varieties, each 35c; 3 for 95c; doz. \$3.50, postpaid.

LARKSPUR OR DELPHINIUM (Gold Medal Hybrids)—These flowers are being used with telling effect in our parks and public grounds. They are one of the few hardy blue flowers of any note. By cutting off the flowers as soon as faded, a second and third crop will succeed. Each 30c; 3 for 85c; doz. \$2.95, postpaid.

PERENNIAL FORGET-ME-NOT (Myosotis)—Azure blue flowers, hardly ever out of flower, useful in shady spots. Each 20c; 3 for 55c; doz. \$1.95, postpaid.

PAINTED DAISIES (Pyrethrum)—This grand old-fashioned hardy perennial is easy to grow in any good garden soil where there is good drainage and full exposure to the sun. Their main season of blooming is in June. The fine, fernlike foliage of the plants is attractive at all times. The plants which we offer embrace all the colors from deep red through the various shades of rose to pure white. These can be supplied in mixed colors only. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

PURPLE FEATHER FLOWER—Native perennial, 3 to 4 feet high, forming dense bushes and bearing all Summer showy spikes of pretty, tubular flowers of delicate pink color, resembling a large heather. Each 30c; 3 for 85c; doz. \$3.00, postpaid.

PANSIES—Giant Flowered. We have over 100,000 Pansy Plants this Spring. Fine large flowers, the best and most attractive colors, and all grown from our most improved varieties. See Page 158. Doz. 50c, postpaid.

PINKS, HARDY GARDEN—Often called Sweet May or Scotch Pinks. Our plants are grown from the very choicest double varieties. Flowers are clove scented and blossom profusely all summer. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

PHLOX—DWARF—The true Alpine or Moss Phlox which is so desirable for rockeries or borders. Blooms very early in the Spring, and the flowers often entirely cover the foliage. Mixed colors. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

POPPY, ORIENTAL—Nothing can equal these Poppies during their period of flowering for a gorgeous display of a rich, brilliant coloring. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

ROSE OF PALESTINE—Dwarf, charming plants with large heads of dark rose flowers appearing continuously from Spring till frost. Suitable for edging and for rock gardens. Each 20c; 3 for 50c; doz. \$1.95, postpaid.

Hollyhock.

SCARLET PLUME PLANT—Showy plants 2 to 3 feet high, with aromatic foliage and beautiful flowers of brilliant scarlet; in bloom from July to September. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

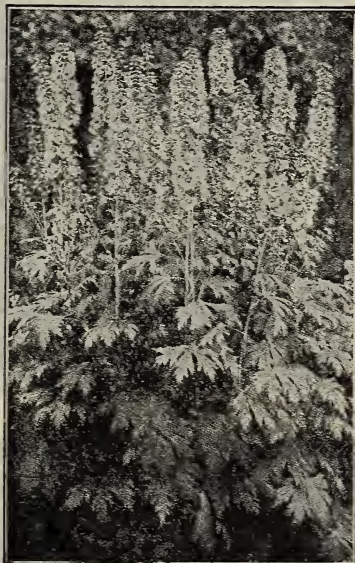

SEDUM—Often called Stone Crop. Another fine rock plant; also useful in the hardy border. Rich and bright colors. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

SIBERIAN WALLFLOWER—Something entirely new in perennials. Gorgeous orange flowers and showy dark green foliage. About 15 inches high. Blossoms very early in the Spring. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

SNOW IN SUMMER—A low growing plant with silvery foliage and white flowers. Blossoms in June. Fine also for rockeries and the cemetery. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

SUNFLOWER—BUCKBEE'S NEW HARDY—Large very double, golden yellow flowers in great profusion in July and August. Resembles a beautiful double yellow Dahlia in full bloom. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

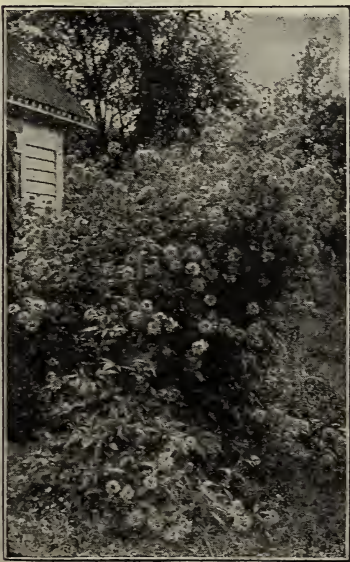

SWEET WILLIAM (Dianthus Barbatus)—Beautiful old-fashioned favorite border plant. The stock we offer has been grown from a select strain; varied colors. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

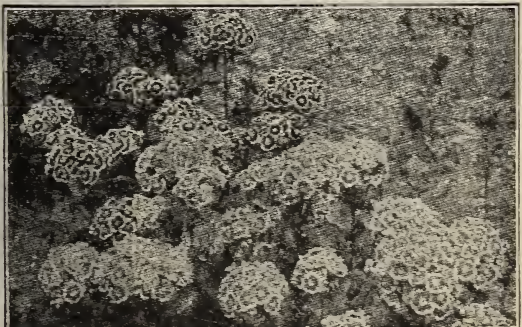

Larkspur.

TRITOMA OR TORCH LILY (Red Hot Poker Plant)—Surpasses the finest Cannas for attractiveness and brilliancy; blooms incessantly from August until November. Plants show from six to ten grand flower stalks all the time, each holding at a height of 3 feet a great cluster of flame colored flowers. Buckbee's New Hybrid varieties, each 30c; 3 for 85c; doz. \$2.95, postpaid.

VIOLET, NEW HARDY ENGLISH—This Violet is entirely hardy; of a deep Violet purple color and most deliciously fragrant. Will grow and bloom in any garden and in any situation. Nothing is more appropriate for cemetery plots than the Hardy English Violet. Each 25c; 3 for 70c; doz. \$2.50, postpaid.

Golden Glow (See Page 166).

Sweet William.

BUCKBEE'S HARDY ORNAMENTAL SHRUBS

No flowering plants are more worthy of cultivation than shrubs, and none can be cultivated more easily.

BUSH HONEYSUCKLE

TARTARICA (Tartarian Honeysuckle)—Flowers are of pink color, borne in great profusion in late spring. Fruits are red and very showy.

Fine Young Plants, 30c each; 3 for 85c, postpaid.

Extra Size Plants, 60c each, postpaid.

GRANDIFLORA—Large bright red flowers striped with white.

Fine Young Plants, 35c each; 3 for 95c, postpaid.

Extra Size Plants, 65c each, postpaid.

HARDY BUTTERFLY BUSH or SUMMER LILAC

VEITCHI—A pretty shrub of spreading habit, growing 4½ feet high and flowering freely the first season. The long tapering flower-spikes, often 12 to 15 inches long, are covered densely with lilac-like violet-mauve colored blooms from June till frost. Delightfully fragrant. During the Summer this plant is a Mecca for butterflies, and for this reason it is named the "Butterfly Bush." Fine Young Plants 25c each; 3 for 70c, postpaid.

Extra Size Plants, 55c each, postpaid.

ASIATICA—New white Butterfly Bush, with pure white fragrant flower-spikes, larger and finer than the above variety. Not quite hardy in the North. It is a glorious pot plant for winter blooming.

Fine Young Plants, 30c each; 3 for 85c, postpaid.

Extra Size Plants, 60c each, postpaid.

DEUTZIA LEMOINEI

Magnificent, broad, dense heads of very full, pure snowy-white flowers, produced in profusion.

Fine Young Plants, 30c each; 3 for 85c, postpaid.

Extra Size Plants, 60c each, postpaid.

GOLDEN BELLS

A splendid old shrub with dark, shining foliage with bright golden-yellow flowers, which are borne in great profusion.

Fine Young Plants, 35c each; 3 for 95c, postpaid.

Extra Size Plants, 60c each, postpaid.

GOLDEN ELDER

One of the best yellow foliage shrubs. Bears small fragrant white flowers in early Summer, followed by clusters of black berries.

Fine Young Plants, 35c each; 3 for 95c, postpaid.

Extra Size Plants, 75c each, postpaid.

INDIAN CURRANT, OR CORAL BERRY

A useful shrub for covering banks and dry spots, growing from 3 to 4 feet high. It is spreading in habit and its long slender branches bend gracefully towards the ground. In Autumn it is covered with red currant-like fruit.

Fine Young Plants, 30c each; 3 for 85c, postpaid.

Extra Size Plants, 50c each, postpaid.

NEW INDIAN CURRANT

Chief Blackhawk.

See Painting from Nature on page 152.

Fine Young Plants, 35c each; 3 for 95c, postpaid.

Extra Size Plants, 55c each, postpaid.

PERSIAN TREE LILAC

Popular Favorites for Their Beauty and Perfume.

A neat, handsome little tree, growing 7 to 8 feet high, with slender branches and long, narrow foliage. The flowers grow in immense clusters, delightfully and deliciously sweet and fragrant.

PERSIAN BLUE—Fine Young Plants, 45c each; 3 for \$1.25, postpaid.

Extra Size Plants, 65c each, postpaid.

PERSIAN WHITE—Fine Young Plants,

45c each; 3 for \$1.25, postpaid.

Extra Size Plants 65c each, postpaid.

BUCKBEE'S WONDERFUL HYDRANGEAS

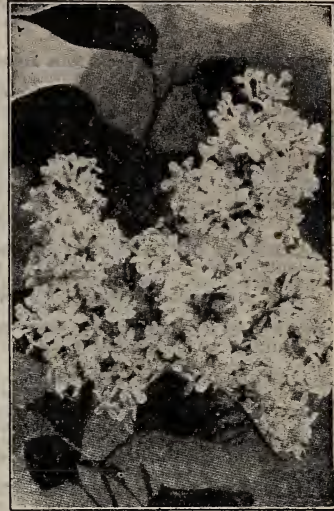

HYDRANGEA—PANICULATA GRANDIFLORA

Unsurpassed for the lawn, hedge, or cemetery, 5 to 7 feet; hardy in all localities, the flowers are massive, cone-shaped, sometimes 10 inches in length and changing from the original pure white to pink, and coppery red. Fine plants, postpaid, 25c each; doz. \$2.50. Larger plants, by express, not prepaid, 35c each; doz. \$3.50. Extra large plants, 60c each; doz. \$6.00.

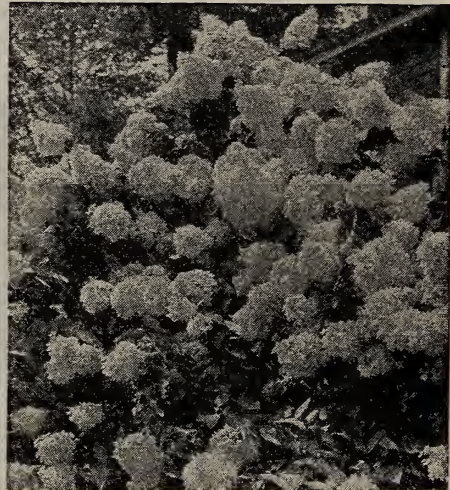

NEW HYDRANGEA "HILLS OF SNOW"

One of the Most Magnificent Everblooming Hardy Shrubs

Immense snow-white panicles of blooms, literally covering the bush, absolutely hardy, standing 20 degrees below zero without injury. Its long season from early June, through September, renders it doubly valuable as there is no shrub so grandly decorative. Strong plants, postpaid, 30c each; 3 for 85c; doz. \$3.00. Larger plants, by express, 50c each; 3 for \$1.45; doz. \$4.95. Extra large plants, by express, not prepaid, 75c each; 3 for \$2.00; doz. \$7.50.

New Persian Lilac.

Hydrangea paniculata grandiflora.

New Hydrangea—Hills of Snow.

Butterfly Bush.

Fine Young Plants, 35c each; 3 for 95c, postpaid.

Extra Size Plants, 55c each, postpaid.

Buckbee's Hardy Ornamental Shrubs—Cont'd

Shrubs to Arkansas cannot be mailed but must go by express.

SPIREA

BRIDAL WREATH—This lovely shrub is always popular, and justly so, because of its real beauty; bears large spirals of densely crowded pure white flowers, each blossom like a miniature rose the entire length of the branches—and they appear by the million—hence the common title of "Bridal Wreath." A beautiful floral wreath is made at once by bending and tying the ends of the branch together.

Fine young plants, 25c each; 3 for 70c, postpaid.

Extra size plants, 50c each, postpaid.

ANTHONY WATERER—A perpetual bloomer. Makes a dwarf bush 18 to 24 inches high, covered from Spring until late in the Fall with large heads of lovely crimson flowers, borne in dense clusters and has a peculiar feathery appearance, which is beautiful.

Fine young plants, 35c each; 3 for 95c, postpaid.

Extra size plants, 60c each, postpaid.

OCEAN SPRAY—See painting from nature on page 156.

Fine young plants, 35c each; 3 for 95c, postpaid.

Extra size plants, 60c each, postpaid.

SNOWBERRY The White Indian Currant.

A well-known dwarf shrub with small pink flowers and large white berries that hang on the plant the greater part of the winter.

Fine young plants, 30c each; 3 for 85c, postpaid.

Extra size plants, 60c each, postpaid.

SWEET SCENTED SHRUB

CALYCANTHUS—Of spreading growth, bearing throughout the summer great numbers of double, dull brownish purple flowers of exquisite strawberry-like fragrance. The wood and leaves are also sweet scented which causes it to be known as Sweet Scented and Strawberry Shrub.

Fine young plants, 35c each; 3 for 95c, postpaid.

Extra size plants, 75c each, postpaid.

FEATHER TREE OR TAMARIX

Beautiful shrubs with feathery asparagus-like foliage and pinkish white blossoms in June and July. The delicate bloom completely covers the bush and is beautiful beyond description.

Fine young plants, 30c each; 3 for 85c, postpaid.

Extra size plants, 60c each, postpaid.

Sweet Scented Shrub.

Snowberry.

THE NEW HARDY JAPANESE SNOWBALL

This Japanese variety of the old-fashioned Snowball is one of the grandest and most striking of all hardy shrubs. It forms an erect, compact plant, 6 to 8 feet in height, blooms in June and for a long time the plants are filled with hundreds of big snowy balls that glisten with ethereal whiteness like gems in the sunlight.

Fine young plants, 35c each; 3 for 95c, postpaid.

Extra size plants, 60c each, postpaid.

SNOWBALL INCOMPARABLE

See painting from nature, page 156.

Fine young plants, 40c each; 3 for \$1.15, postpaid.

Extra size plants, 60c each, postpaid.

WEIGELIA

EVA RATHKE—A remarkably free bloomer, flowering continuously throughout the Summer and Autumn; of an entirely distinct color, being a rich, ruby-carmine, borne in clusters all along the branches. One of the finest all-around flowering shrubs.

Fine young plants, 35c each; 3 for 95c, postpaid.

Extra size plants, 60c each, postpaid.

ROSEA—One of the most useful dwarf shrubs with beautiful foliage; the flowers are delicate rose-pink. When in its double beauty of bloom and foliage it is without a peer.

Fine young plants, 30c each; 3 for 85c, postpaid.

Extra size plants, 55c each, postpaid.

BUCKBEE'S CORAL BEAUTY—See painting from nature, page 156.

Fine young plants, 40c each; 3 for \$1.15, postpaid.

Extra size plants, 70c each, postpaid.

Weigelia, Eva Rathke.

Double Syringa or Mock Orange.

DOUBLE SYRINGA OR MOCK ORANGE

Something entirely new. Not the old-fashioned Single Mock Orange, but a perfectly double ivory white flower, deliciously fragrant and completely covered with flowers. This is a very showy and desirable shrub. Plants are very scarce and we cannot sell more than three to any one person.

Fine young plants, 45c each; 3 for \$1.25, postpaid.

Extra size plants, 75c each, postpaid.

SWEET PEPPER BUSH

CLETHRA ALNIFOLIA—A low-growing shrub with dense, pale green foliage, covered with spikes of delightfully fragrant white flowers, produced from July to October, when flowers are of such value. A hedge of it fully equals the wonderful Jessamine hedges of the South, both in beauty and fragrance.

Fine young plants, 45c each; 3 for \$1.30, postpaid.

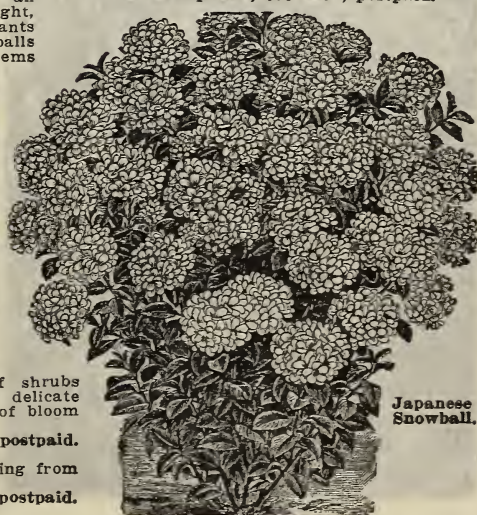

Extra size plants, 75c each, postpaid.

ROSE OF SHARON

The Rose of Sharon or Altheas is one of the finest of our tall hardy shrubs. The flowers bloom from August to October, at a time when so few shrubs are in flower. Mixed Colors.

Fine young plants, 30c each; 3 for 85c, postpaid.

Extra size plants, 60c each, postpaid.

Japanese Snowball.

Ampelopsis.

Bitter Sweet (Celastrus Scandens)

A native vine with good foliage; yellow flowers in June, and bright, ornamental orange and scarlet berries throughout Fall and Winter. It is very hardy; grows in sunny or shaded places, and is not surpassed as a vine for covering trellis-work, trees, rocks or walls. Each 30c; 3 for 85c, postpaid. Larger size 60c each.

Beautiful Honeysuckles.

Honeysuckles

Favorite vines of strong, rapid growth in any soil or location. They are well adapted for all trellis-work, for climbing over arbors, for training to posts and along fences. They are beautiful when used for ground-cover to ramble in a wild and natural way. The vines take root where they touch the ground, and this habit makes them suitable also for retaining purposes on slopes and banks. They withstand shade and make a ground cover in places where grass will not grow.

HALLEANA (Hall's Japan)—For real home vines there is nothing prettier than Honeysuckles, and Halleana is considered by many the sweetest and most beautiful of all. It is a strong, rapid grower, perfectly hardy. Blooms constantly and profusely from June to November. Flowers are pure white, changing to yellow and of peculiarly delicious fragrance. Fine for trellises or pillars. Foliage bright, glossy green; makes dense shade. Strong plants, 25c each; or 3 for 70c, postpaid.

GOLDEN LEAVES—Marvelously effective. It bears innumerable sprays of the most perfect little leaves, that are covered with a network of gold and green, often marked with pink also. A strong grower with white blossoms. A unique vine. Strong plants, 25c each, or 3 for 70c, postpaid.

SPECIAL OFFER G7—One fine plant each of the two Honeysuckles for only 43c, postpaid.

Mountain Beauty Vine

A beautiful new Climbing Vine, not quite hardy here, but especially recommended for the South and Pacific coast; it is a vigorous climber, suitable for covering porches, verandas, etc.; has handsome foliage and is covered for months at a time with splendid clusters of rose-pink flowers of the most exquisite color; leaves heart-shaped. Price, fine strong plants, 30c each, or 3 for 85c, postpaid.

Chinese Wistaria.

Hardy Ornamental Climbers**Ampelopsis**

VEITCHII (Boston or Japan Ivy)—The fashionable and most hardy wall climber of the day. Clings tightly to rock, brick, etc., and it is a wall of living green the Summer through, turning in Autumn to a flaming crimson, when it is certainly gorgeous. It stands the dust and dry air of cities admirably. Strong plants, 30c each; 3 for 85c, postpaid.

ENGLEMAN'S IVY (Englemanii)—A desirable variety with clinging tendrils by which it will climb walls or trees and cling as close as the Boston Ivy. The foliage resembles Quincefolia, but is much more dense. Strong plants, each 30c; 3 for 85c, postpaid.

AMERICAN IVY (Quincefolia)—Sometimes called Virginia Creeper. A native vine of rapid growth, with large, luxuriant foliage, which in the Autumn takes on the most gorgeous coloring. Strong plants, each 35c; 3 for 95c, postpaid.

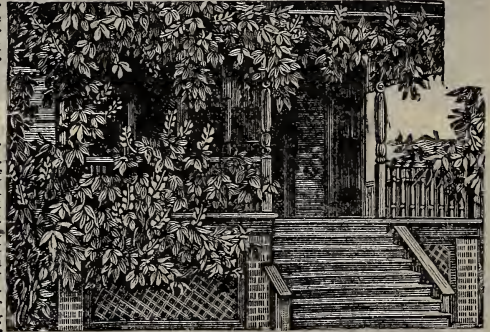

For Clematis,
another
Beautiful
Climber, see
Page 171

Chinese Matrimony Vine.

Chinese Matrimony Vine

A vigorous, hardy climbing plant. It covers a great amount of space in a short time, and every new growth is at once covered with bright purple flowers, which are succeeded by brilliant scarlet berries nearly an inch long. It will grow and thrive in any situation, either shade or bright sunlight. Strong plants, each 25c; 3 for 70c, postpaid.

Wonderful Kudzu Vine.

The Wonderful Hardy Japanese Kudzu Vine

(Pueraria thunbergiana, "Jack-and-the-Bean Stalk" Vine)
The most remarkable and rapid growing of all hardy vines, often making a growth of fifty to seventy-five feet in one season and flourishes where nothing else will grow; will last for 25 years or more. In the North the plant dies to the ground in Winter, coming up again from the roots in the Spring. It has clusters of delightfully fragrant purple flowers all Summer and Autumn. The large, beautiful, deep green leaves afford a dense shade, making it invaluable for covering porches, arbors, fences, old trees, etc. Price strong 1-year-old roots, 25c each, or 12 for \$2.50. Large 2-year-old plants, each 45c; 12 for \$4.50, postpaid.

Trumpet Creeper

A familiar high and rapid growing vine, with rich green foliage and large, showy, trumpet-shaped scarlet flowers. Very desirable for covering summer-houses, training over arbors, and to climb over trees, rocks and rustic bridges. Trumpet Creepers will grow in almost any soil and are very hardy. Strong 2-year-old plants, each 30c; 3 for 85c, postpaid.

Chinese Wistaria

One of the most elegant and rapid growing hardy climbing plants; attains an immense size, growing at the rate of 15 to 20 feet in a single season. Bears an abundance of long, pendulous clusters of purple-lilac flowers in May and June and again in Autumn. Price, large 2-year-old plants, 35c each; 3 for 95c, postpaid.

BUCKBEE'S BEAUTIFUL HARDY CLEMATIS

Wonderful Climber—Beautiful Flowers—Perfectly Hardy—The Most Attractive Flower Ever Grown

Buckbee's White Beauty

A Beautiful Climber Covered All Fall With Innumerable Small White Flowers.

Without question this is one of the most beautiful of our hardy flowering vines. The flowers are pure white, three-fourths of an inch in diameter, star-shaped, and are borne in great panicles or clusters of bloom, fairly covering the plant. These clusters are carried on long, slender stems, and stand out boldly from between the glossy-green leaves. The fragrance of the flowers is delicious, resembling the English Hawthorn blossoms. It begins to bloom in August, at a time when most other hardy climbers are out of bloom—an inestimable advantage. It is a strong, rapid grower, quickly reaching a height of from 15 to 20 feet and spreading out when trained to wires or strings. It is perfectly hardy in all sections of the country, and it is, in our opinion, the most valuable among hardy climbing vines. A grand porch climber. Strong roots, 45c each; 3 for \$1.25. Larger roots, 65c each; 3 for \$1.85, postpaid.

Henryii—The Large Flowered White

Very Unusual—As Large as the Largest, and Pure White.

The newest and one of the best of all the Clematis. We have always had large flowered varieties, but not in Whites. The vine is a strong grower, and is covered throughout the season with fine, large, creamy white flowers. The very best of the white varieties; a perpetual bloomer. Fine 2-year-old field grown roots, 95c each, postpaid.

Clematis—Jackmanii.

Buckbee Seeds
Established 1871.

37 Years of
Constant Service.

Improved Jackmanii

Rich, Velvety, Purple Flowers—In Bloom All Summer.

A perfect beauty; 5,000 blossoms have been counted on a single specimen plant. Jackmanii is of rapid growth, early, abundant and continuous bloomer. Perfectly hardy and adapted to all kinds of culture. In flower from middle of June to middle of October. The blossoms are of large size, intense royal velvety-purple when in full bloom, varying through all the exquisite shades of violet; 6 inches across, richly veined and handsomely shaded. The most striking and picturesque variety known. Fine 2-year-old field grown roots, 95c each, postpaid.

Standishe

Lavender Blue—An Unusual Color in This Beautiful Flower.

One of the most striking beauties ever offered. In color it is a most exquisite lavender-blue of large size, often measuring 6 inches across. Thousands of flowers may be grown on a single plant. Every year's growth adds to its beauty. It is a perpetual bloomer. Fine 2-year-old field grown roots, 90c each, postpaid.

Mad. Edouard Andre

Very Attractive—Bright Red—In Bloom for a Long Time.

An entirely distinct, and most novel variety, and the nearest approach to a red ever sent out. Thousands of flowers produced on a single specimen plant. Fine 2-year-old field grown roots, 95c each, postpaid.

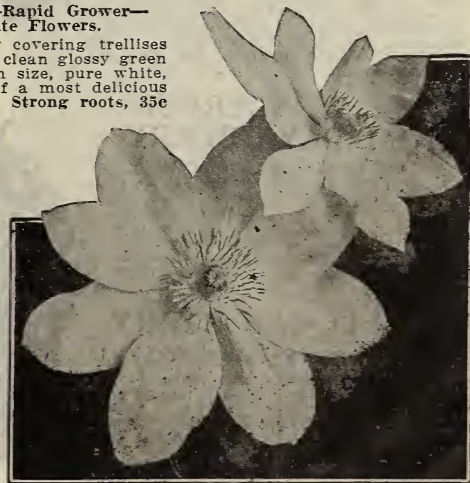

Paniculata—Sweet Scented

Fragrant and Beautiful—Rapid Grower—Charming Small White Flowers.

Of rapid growth, quickly covering trellises and arbors with handsome, clean glossy green foliage. Flowers of medium size, pure white, borne in immense sheets; of a most delicious and penetrating fragrance. Strong roots, 35c each; 3 for 95c, postpaid.

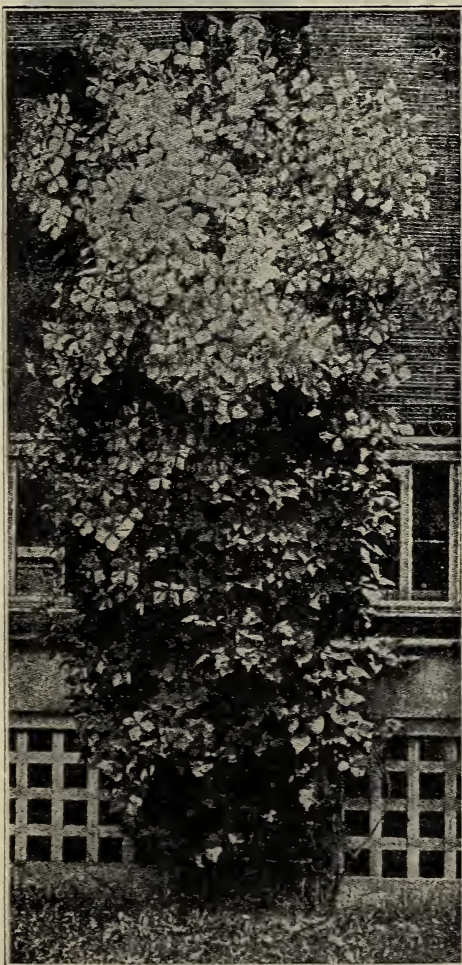

CLEMATIS

The Clematis we offer this season are exceptionally fine, strong 2-year-old plants. We are growing varieties we know will succeed best in our climate. Many failures in the growing of Clematis are the result of too shallow planting. The crown of the roots should be set at least 3 inches below the surface of the soil. On account of the brittleness of the bark on Clematis, it cracks very easily, which, however, does not harm it in the least.

Clematis—Henryii.

Clematis—White Beauty.

BUCKBEE'S SELECT LIST OF SMALL FRUITS

Four Generations
on the same soil.

BUCKBEE'S NEW THORNTLESS BLACKBERRY

The Finest Flavored, Heaviest Cropping, Best Appearing
Berry Ever Grown—Easily Harvested—Sure to Please

This new variety is the peer of all the Mammoth Blackberries and produces a berry superior to any other, on vines which are absolutely free from thorns. The canes start to grow early in the spring, making thick, straight stalks about 5 feet high when they begin the trailing habit, at which time they should be trellised. It is a prolific grower, the canes reaching from 10 to 20 feet in a season and can be pruned to suit. It is not an evergreen, but some leaves usually stay on all winter. It is enormously productive—in fact, plants have been known to produce over 10 pounds of fruit at one picking. The size is immense, berries usually measure 3 inches in length and are as large as a man's thumb. It is practically free from seeds and the core is very small and firm. Prices, strong plants, each 30c; 3 for 80c; doz. \$2.75, postpaid.

The new Logan Berry is as nearly thornless as this class of fruit can be. Thorns are not large but more like rough spines.

Owing to quarantine restrictions we cannot ship fruits and plants to Canada or Arkansas.

Phenomenal Berry.

BLACKBERRIES

BUCKBEE'S NEW MAMMOTH. The Giant of All—Enormously large, from 2 to 2½ inches long. For cooking purposes fulfills all the desired qualities of other Blackberries, and as a fresh fruit is generally preferable, owing to large size and having more pulp and less core. Price, strong plants, each 25c; 3 for 60c; doz. \$1.75, postpaid.

IMPROVED ELDORADO—A very vigorous growing, perfectly hardy variety. Fruit very large, borne in clusters which ripen very evenly; quality unsurpassed and an excellent shipper. Price, strong 2-year-old plants, 3 for 30c; doz. 85c, postpaid.

Buckbee's New Mammoth Blackberry.

DEWBERRY

AUSTIN'S IMPROVED—The berries are much larger than those of any other Dewberry or Blackberry. It requires no trellises or stakes. The fruit is jet black and of superior flavor. For productiveness it outvalues all other Dewberries. Price, strong 2-year-old plants, 3 for 35c; doz. 90c, postpaid.

THE WONDERFUL HIMALAYA BERRY

The Greatest Wonder of All

Ripening after all other berries are gone and extending the berry season several weeks. It is a vigorous grower and should be grown on trellis, as the vines will grow from 30 to 40 feet in one year. The berries are large, black and borne in clusters. Price, strong plants, each 25c; 3 for 60c; doz. \$1.75, postpaid.

NEW LOGAN BERRY (Blackberry-Raspberry)

This Thornless Blackberry-Raspberry is an exceedingly strong grower, making the growth of 10 feet in one season. The fruit is as large as the largest size Blackberry, of the same form and shape, and the color, when fully ripe, is a dark bright red. It is excellent for the table. The fruit ripens before Raspberries and Blackberries. Price, 25c each; 3 for 60c; doz. \$1.75, postpaid.

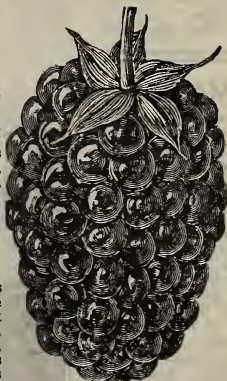

New Logan Berry.

BURBANK'S HYBRID BERRY "PHENOMENAL"

Burbank's Latest Berry Triumph—Largest Berry Known

The color and flavor are those of the Raspberry, while in size and shape it is more like the Dewberry. The berries grow in clusters from five to ten, and single berries have measured 3 inches. The color is a bright crimson. They are of delicious flavor. Price, strong plants, each 25c; 3 for 65c; doz. \$1.95, postpaid.

Dewberry.

Wonderful Himalaya Berry.

BUCKBEE'S SELECT LIST OF SMALL FRUITS

Everlasting La France Raspberry.

RASPBERRIES

THE BEST RED VARIETIES

NEW EVERBEARING LA FRANCE. Bears Fruit for Four Months—it is the first Red Raspberry to give ripe fruit, and continues to produce berries without intermission until October. The berries are surpassing in quality—rich, sugary, with full Raspberry flavor. They are of exceedingly meaty, firm texture, and keep in good condition for a very long time after being gathered. La France is very hardy, an excellent shipper and wonderfully prolific. Fine, strong, transplanted plants, 25c each; 3 for 60c; doz. \$1.75, postpaid.

NEW EMPIRE. The hardiest Raspberry; a strong, vigorous grower; fruit bright red, very sweet and juicy. Earlier and with larger berries than most others. Fine strong transplanted plants. Price, 20c each; 3 for 50c; doz. \$1.50, postpaid.

COLUMBIAN.—Reddish, purple or dark blue color, rich flavor, very large size. An excellent shipper, and the best for canning and drying. Late. Fine strong transplanted plants, 3 for 35c; doz. 90c, postpaid.

THE BEST YELLOW VARIETY

BUCKBEE'S GOLDEN CUP.—A beautiful, large golden yellow berry of unequalled quality. Of delicious flavor and very attractive served alone or with other raspberries. Fine, strong, transplanted plants, 25c each; 3 for 60c; doz. \$1.25, postpaid.

THE BEST BLACK VARIETIES

BUCKBEE'S BLACK KING.—The best and largest Black Raspberry. Fruit is of large size, wonderful flavor, splendid appearance and very sweet. Fine, strong, transplanted plants, 20c each; 3 for 50c; doz. \$1.50, postpaid.

CUMBERLAND.—A large Black Raspberry, averaging $\frac{3}{4}$ inch in diameter. Good and firm and one of the hardiest varieties grown. A strong, vigorous grower and wonderfully productive. Mid-season. Fine, strong, transplanted plants, 3 for 35c; doz. 90c, postpaid.

Improved Russian Mulberry.

Owing to quarantine restrictions we cannot ship fruits or plants to Canada or Arkansas.

IMPROVED RUSSIAN MULBERRY

An ornamental, hardy, fruit-bearing tree. Suitable for all sections of this country. Makes a beautiful tree for the lawn. Fruit larger than blackberries and of delicious flavor. It is a very rapid grower and is perfectly hardy. Commences to bear when two years old, and is very prolific. Price, 15c each; 3 for 40c; doz. \$1.25, postpaid.

Strawberry Raspberry.

GRAPES

Our Grapes Are All Strong, Three-Year-Old Plants

CAMPBELL'S EARLY.—The berries are large, often an inch or more in diameter, glossy black with a purple bloom, sweet and juicy, with few seeds. Strong plants, 25c each; 3 for 70c; doz. \$2.50, postpaid.

WHITE DIAMOND.—Valuable for all sections of the United States. Best white, healthy and perfectly hardy. Strong plants, 25c each; 3 for 70c; doz. \$2.50, postpaid.

MOORE'S EARLY.—One of the best early ripening varieties. The bunch is large, round and with a black-blue bloom. In quality surpassing the Concord. Strong plants, 25c each; 3 for 70c; doz. \$2.50.

CONCORD.—The well-known standard black-blue variety. It succeeds wherever Grapes are grown. Strong plants, 20c each; 3 for 55c; doz. \$2.00, postpaid.

BRIGHTON.—The Best Red Grape. Sweet and delicious. Strong plants, 30c each; 3 for 85c; doz. \$3.00.

SPECIAL OFFER E3 The set of 5 choice Grapes **ONLY \$1.08**
one of each variety, by mail, postpaid,

We Cannot Send Grapes to California

Campbell's Early Grapes.

THE STRAWBERRY RASPBERRY

(Tree Strawberry)—Bush from 18 inches to 2 feet in height, entirely hardy and impervious to heat and drought. Berries are larger than the largest Strawberries, bright, shining scarlet, with an exquisite bloom. **MAKES DELICIOUS JELLY. JAMS AND TARTS,** having a delicious flavor entirely different from any other fruit. An immense yielder, producing regularly and abundantly. It bears the first season and gets stronger and larger each year. All lovers of fruit should give it a trial. It will both surprise and please you. Price, 25c each; 3 for 70c; doz. \$2.50, postpaid.

Buckbee's "Full of Life" Strawberry Plants

STRAWBERRY PLANT ORDERS

will be shipped direct from our Strawberry Farms and cannot be shipped with other goods. Send your orders in early and they will be filled in rotation just as early in the spring as possible.

WHEN WE SHIP STRAWBERRY PLANTS—In this locality Field Grown Strawberry plants are ready for shipment in April. We can also make fall shipments if desired. We ship Strawberry Plants during the months of March, April, May, October and November only. Be sure to state exact date you want your plants shipped when ordering. Otherwise we will use our best judgment.

Our plants are suited to all soils and climates. One hundred Plants will supply an ordinary family with fresh fruit all season.

Set out **BUCKBEE'S "Full of Life" STRAWBERRY PLANTS.**

Start Right! Get the Best. **ORDER EARLY.**

NOTICE—All varieties marked (S) are Staminate Perfect Flowering and Bi-Sexual varieties. All varieties marked (P) are Pistillate and destitute of Stamens. Therefore when planting varieties marked (P) it will be necessary to have every third row a Perfect Flowering or (S) variety to properly fertilize the bed; much finer fruit will be obtained by so doing.

For example—If your order calls for 200 Great Ruby (P) you should also have 100 Great Northern (S) to properly fertilize the bed. Plant the first two rows with Great Ruby (P) and the third row with Great Northern (S) and so on; or you can use any other (P) and (S) varieties in the same manner.

MONEY IN STRAWBERRIES

A Strawberry Bed is a safe and sure investment. Greatest of all Money Makers, \$600.00 profit per acre. Only one expense—the cost of plants, which is merely nominal—lasts for years.

EVERBEARING OR FALL-BEARING STRAWBERRY

A dish of luscious strawberries in the fall is a luxury which everyone who owns a garden could enjoy. Plant at least twenty-five plants, but if you can spare the room plant 100 or more. Keep all blooms picked off in the spring and do not allow the plants to bear regular crops in June, thus conserving their strength for the fall crop.

WE WARRANT all shipments of Strawberry Plants to reach purchaser's hands in good growing condition and when so accepted no orders will be duplicated or replaced for any cause.

New Mastodon.

The Great New Mastodon Strawberries

The Most Wonderful Everbearing Strawberry Ever Grown. The Yield Is Amazingly Enormous. The Quality Is Unequaled.

Our Genuine Plants are grown from propagating stock secured direct from the originator, so you may be sure of getting the same strain and type which produced the record yield of 6,000 quarts per acre. Unlike other Everbearers, the plants of Mastodon are large, vigorous and heavily crowned as well as deep rooted. This is why they are able to yield such enormous crops of wonderful fruit. Regardless of your experience in the past, you will find our Mastodon Strawberry to be a true Everbearer and the best you have ever seen. Price, Selected Plants, postpaid, by mail, 12 for \$1.25; 25 for \$2.25; 50 for \$4.00; 100 for \$7.50.

NITRAGIN

THE ORIGINAL SOIL INOCULATOR

Alfalfa, clover, soy beans, vetches, peas, beans, cow peas, peanuts and other legumes should always be inoculated with Nitragin. The lack of necessary bacteria in the soil is often the cause of poor legume crop—a weak start—or a total failure.

The reasons for inoculation are that plants so treated take nitrogen from the air to supply the plant, hastens the growth, increases the crop, improves its quality and enriches the soil.

$\frac{1}{4}$ bu. size inoculates 15 lbs. seed. **By express 40c;**
by mail 45c.

Garden size is for Peas, Sweet Peas, and Beans only, including Lima (3 in 1). **Price, by express 20c; by mail 22c.**

BUCKBEE'S NEW PAEONY MASTERPIECE

BUCKBEE'S RAINBOW FLOWERS OR HARDY IRIS

THE MOST WONDERFUL COLOR-
INGS OF ANY PLANT GROWN
EXCEPT THE ORCHID

These Iris are all sun lovers and delight in a sunny situation. They are all deliciously fragrant, large and handsome, more or less beautifully mottled and veined. Their beauty at first sight rivals that of the Orchid, but, on closer examination, have no hesitation in saying they yield points of interest not to be found in the whole of the Orchid family. Those who have not used these Iris for surrounding lakes and ponds, or cultivated them in the flower borders, shrubberies, woodland walks, and wild gardens should do so. If planted around ponds or lakes they should be placed well above the water level.

BEETHOVEN — This is a fine waxy white, and nearly the same color throughout. The flowers are borne with large clusters on a stem and many flower stalks to each plant. 25c each; 3 for 71c, postpaid.

DAPHNE — The upright petals or standards are slate blue, an unusual color in this flower. Falls are lavender, beautifully mottled with purple. 25c each; 3 for 71c, postpaid.

DOROTHEA — One of the most beautiful of its class. The flowers are a pure white with a broad and irregular border of clear blue, and are borne on strong stems which are often more than 2 feet in height. 25c each; 3 for 71c, postpaid.

ELDORADO — An extremely large flower for an Iris. Standards or upright petals are a fine creamy yellow. The falls are purple on yellow, blotched and striped with a margin of cream. 25c each; 3 for 71c, postpaid.

IVANHOE — A combination of colors which is hard to beat. The uprights are primrose yellow, while the falls are lilac and primrose. Many petals come in lemon yellow with purple edge. 25c each; 3 for 71c, postpaid.

RED CLOUD — This is the very darkest colored of all the Iris, and claimed by many to be the finest. The upright or standing petals are purplish lilac, while the drooping petals are deep velvet black, making a very striking flower. 25c each; 3 for 71c, postpaid.

EXCELSIOR MIXED ALL COLORS — A splendid assortment of over 20 of the best varieties. Many are so scarce that we cannot list them separately. 3 for 70c; 6 for \$1.30; 12 for \$2.50, postpaid.

BUCKBEE'S NEW PHLOX HARMONY

BUCKBEE'S HARDY PHLOX

The Great New Everbearing Mastodon Strawberry

The Most Wonderful Everbearing Strawberry Ever Grown. The Yield Is Amazingly Enormous. The Quality Is Unequaled.

Our Genuine Plants are grown from propagating stock secured direct from the Introducer, so you may be sure of getting the same strain and type which produced the record yield of 6,000 quarts per acre. Unlike other Everbearers, the plants of Mastodon are large, vigorous and heavily crowned as well as deep rooted. This is why they are able to yield such enormous crops of wonderful fruit. Regardless of your experience in the past, you will find our Mastodon Strawberry to be a true Everbearer and the best you have ever seen. *Price, Selected Plants, postpaid, by mail, 12 for \$1.25; 25 for \$2.25; 50 for \$4.00; 100 for \$7.50.*

New Everbearing La France Raspberry

Bears Fruit Continuously for Four Months

This is the first Red Raspberry to give ripe fruit, and continues to produce berries without intermission until October. The berries are surpassing in quality—rich, sugary, with full Raspberry flavor. They are of exceedingly meaty, firm texture, and keep in good condition for a very long time after being gathered. La France is very hardy, an excellent shipper and wonderfully prolific. *Fine, strong, transplanted plants, 25c each; 3 for 60c; doz. \$1.75, postpaid.*
